ROAD BOARD GETS BUSY

Orders Improvement On Rogers And the Southeast

HEAVY TRIBUTARY TO PORTALES

Enough Money To Put The Road In First Class Condition

The Roosevelt County Road Board at a meeting held the first of the week at which Chairman Ed Wall and Sec. T. J. Molinari were present, made final arrangements for building the road to the southeastern part of the county otherwise known as the Rogers Road. It was decided by them that the road due south from town was the better one to fix in as much as it would be suitable to a greater number of people.

This will not cause those coming from the southeast to go any greater distance and will save those living west of the road going any farther east than due south of town. The selection of this road was a matter for the board to do and we believe they have investigated carefully before deciding and their decision will be satisfactory to the people.

The board has engaged W. S. Roach, who lives some seven miles northwest of town and who completed the Bethel Boulevard to do the work. Mr. Roach is an experienced and capable road man. The board has had the tools which have been in use at Elida brought up for his use.

Chairman Wall and Secretary Molinari when asked how much money they expected to spend said that enough would be spent to put the road in first class condition. We believe the board has the idea that whatever is done in the way of improvements should be done well and made as permanent as possible.

It is this part that produces practically all the grain that is hauled to Portales and it has been with great difficulty that heavy loads have been hauled over it the last year.

New Parcel Post Ruling.

September 1 several new changes affecting the parcels post.

After that date senders of parcels will be given receipts upon the payment of one cent additional. Larger packages may be sent. The maximum measurement beginning September 1 will be eighty-four inches against the seventy-two now in force. The weight limits, however, will remain the same.

The receipt, which may be had for one cent, will remove any difficulty as to the sender's having sent a package he is trying to trace.

Dr. C. R. Johnson of Gainsville, Texas, accompanied by his family arrived Wednesday to visit his brother Carl. They have been to the Pacific coast and are returning home.

Federation of Woman's Clubs Comes To Portales In October

The greatest body of women in the state of New Mexico will honor Portales with their presence the 5th, 6th and 7th of October.

This gathering must interest every citizen of our city more or less. We will be sized up and if we are found lacking, or if we are found to be progressive, it will soon dawn upon these women.

Last year the meeting was at Silver City, the year before at Santa Fe, the previous year at Albuquerque, and the one previous to that, at Roswell. So you will readily see that Portales is honored, being the first small town to entertain such a body.

In all of these larger towns, the town board worked with the club women in helping to clean up the city and make it a place presentable to such a body. These towns also placed a full fund at the disposal of club women for a suitable and befitting entertainment of not only the club's, but the town's, guests.

Moved Camp

The state road construction camp has been moved from the south end to the north end of the road near the home of Thomas M. Crump. The work on this end has been completed and about seven and one-half miles are in good shape.

We understand Governor McDonald made a trip over the road last week when he was here and expressed himself as being well pleased with the work.

Some Curio

Chas. Hart returned recently from a business trip over western New Mexico and Arizona and brought with him a Mexican saddle, a gift from a friend. It is a curious looking affair and looks as though it could have been taken from one of Salazar's soldiers. Mr. Hart prizes the curio very highly and refused a good sum of money for it.

Starting a Creamery.

Farmers who are interested in starting a creamery should not forget that the first requirement is cows. Money will not run a creamery successfully an hour. See that you get a few more cows than you actually need to start with and then you are sure to make a success.

Mrs. D. A. Ferguson accompanied by her little daughter Pearl left Sunday to visit relatives in Oklahoma, Kansas and Missouri.

ROOSEVELT COUNTY CREAMERY ORGANIZED

About Fifty Cream Producers From Different Parts of The County Assemble At the Court House And Form Company

J. P. NASH, MERCHANT OF FLOYD, WAS DULY ELECTED PRESIDENT

By-Laws Adopted, Building Committee And Directors Elected From Various Parts of the County A Good Start Made

More than fifty progressive farmers and dairymen of Roosevelt county assembled at the court house Monday and organized the Roosevelt County Creamery. All sections were represented except the northwestern part of the county. The stockholders in this company comprise not only most of the largest cream producers in the county, but they represent an exceptionally high class of citizenship. They are men who believe they have not been receiving what they are entitled to for the class of product they produce and for that reason have established a business of their own organized along business lines.

The meeting was called to order shortly after 1 o'clock by J. L. Blunt, who proposed the name of Judge Jas. A. Hall for temporary chairman, and by a vote of those present Mr. Hall was made chairman of the meeting. The roll was then called and about fifty answered to their names.

W. W. Van Winkle of Rogers, County Commissioner S. E. Johnson of Redlake and L. W. Carleton of Portales were selected as a building and purchasing committee. Mr. Van Winkle is particularly well qualified for this work owing to the fact that for several years he was engaged in the lumber business and is otherwise a good business man. The sentiment of the house showed very clearly that a large majority of the stockholders were anxious for his selection. The other members of this committee are good and we think the farmers did wisely to select them.

A committee named by the chairman selected five incorporators and directors as follows: B. B. Greathouse, Inez; J. P. Nash, Floyd; B. A. Pendleton, Elida; H. J. Farnham and F. M. McDermott of Portales who are all prominent citizens of the county and men of high standing in their communities. We think this a fine selection.

Kicked By Horse.

J. M. Grisso one of the prominent farmers of the Carter community was painfully injured Sunday when a three-year-old mare which he was driving kicked him in the face.

Mr. Grisso accompanied by his wife and small boy, had the mare hitched to a buggy and were traveling along the road in the vicinity of their home when from some unknown cause the animal became scared and commenced to kick. It was so sudden that Grisso, who had the lines gripped tightly, was taken unawares and painfully kicked on the upper lip. His wife and child were not injured.

Miss Helen Lindsey left Sunday for a visit in California.

Woman's Club Reception to the Governor and the Normalists

This reception was given in the halls of the public school building last Thursday as the closing of a memorable day in which the governor visited the institute and made addresses both in the morning to the teachers and to the citizens in the afternoon. The evening found a fitting climax in this reception. 150 teachers and about as many citizens, were present. Mrs. S. F. Culberson was the leading spirit and introduced Miss Bryant, president of the club, who spoke of the help that the governor had been in securing better legislation for woman and children in the state, who had signed the bill granting community property interests to women, passed at the last legislature. Miss Bryant also spoke encouraging words to the teachers. The governor was next introduced and responded in his characteristic manner of unaffected good-will to all with much applause from the audience. After which Miss Hutchinson of Las Vegas, instructor in the institute in folk-dancing, physical culture, etc. conducted the May-pole dance with the various members of the institute performing as children. It was an unbounded success and was repeated time and again during the evening, even being called for at the close.

Pineapple sherbet and wafers were served, and the evening closed another successful effort of the Woman's Club to make itself a live factor in the community's social life.

No Organization.

In a recent editorial the Roswell Evening News takes occasion to comment on our somnolency. This article gives Portales credit for having it on most other sections in the fertility of soil, the abundance of pumpage water and the original cost of the land or in other words our natural advantages are the best, but we are failing to make the best of them. The article further recites that it looks as though the present crop of land owners and business men would have to die off, go broke and move away before real intelligence is applied to the situation.

We are in accord with the first statement but not with the last. We do believe, however, that the people of this community are not making the best of their opportunities. The present land owners and business men, particularly the business men, are not making an organized effort. We have no commercial club, we have no organization.

Time and time again such an organization is needed. Many things which present themselves and should be handled through a live commercial club are left to individuals who must take the time from their business. We are far behind other towns in the state in this matter. If we are to make the progress which our conditions and environments warrant we must get organized and meet them.

Survey Finished.

Deputy U. S. surveyor Hall and assistants returned to Santa Fe Sunday after completing the survey of four townships in Chaves county south of Redland. This is a good grass country and we understand much of it has already been settled upon.

COWS AND HEIFERS BEST

Yield Dividends Through The Production of Milk And Butter

NEED CATTLE TO CONSUME FEED

All Feed Produced Is Ultimately Consumed By Human Beings

There were interesting papers read at the Panhandle Bankers Convention at Hereford, Texas, last week. They covered such a practical field that it is hoped they may be printed for general circulation.

"Financing Cattle Paper," by Julian M. Bassett, President of the First National Bank of Crosbyton, was a paper that will interest every line of industry in northwest Texas. After summing up the changed cattle conditions, Mr. Bassett said:

"The cow or the heifers can be handled at less expense to the farmer than the steer herds and yield him dividends through the production of milk and butter and the sustaining of his family which does not exist through the handling of steers or beef cattle.

"It is particularly true of our country that there is an immense amount of waste on the farms such as stalks of kafir corn, milo maize, feterita, wheat straw, oat straw, and the grass that grows around the margins of the fields. If the farmer, who is naturally timid and retiring and who looks upon the banker as lordling it over the situation, was encouraged to make loans for the purchase of cattle at the time he needs them to consume his waste crop, we would add to the production of our country in meat in such a way that we would have a large income from that portion of the farm which is now a waste or detriment to the farmer. And when we come to consider that all the feed that is produced is ultimately or in the end consumed by human beings, either in vegetable or meat foods, we can easily see that the conserving of this cheap product will add greatly to our wealth and produce for us a revenue from which we do not now benefit.

Board of Education Notes

The board of education announces that plans and specifications for proposed public school buildings are now deposited with it, and may be seen at the office of W. E. Lindsey, president of the board.

That these plans are merely projective. Have not been approved or adopted. That the board invites or rather urges the citizens of the school district to examine the said plans and specifications and to submit such suggestions thereon, as may occur to them.

The board is now awaiting a report from the buyer of the bonds, on the abstract of the record of their issue, which abstract went out to said buyer on the morning of Friday, the 23rd instant.

J. B. Sledge has traded his interest in the warehouse to Inda Humphrey and will use the old pool room near the rail road.

SAN JUAN COAL LANDS

SANTA FE ASKS LOWER VALUATION AND RATE.

Assessment at Present Stands at \$113,677.48 for 31,333 Acres Owned by the Road.

Santa Fé, N. M.—W. C. Reid, as solicitor for the Santa Fé in New Mexico, has entered an appeal with the State Tax Commission urging the reduction of assessment on the Santa Fé's coal lands in San Juan county. The assessment at present stands at \$113,677.48 for the 31,333.16 acres of coal lands in the county owned by the road.

The assessment is in the name of the Santa Fé Pacific Railroad Company, the concern holding title to the San Juan county coal reserves of the Santa Fé railroad. The appeal will be taken up with the commission at its next meeting.

The San Juan assessor placed a value of \$15 an acre on 1,640 acres of the Santa Fé land, and of \$3 on the remaining 29,693.16 acres. In his appeal Capt. Reid states that the land is non-productive of coal, that it is far removed from railroads and markets, and that at present its only value is as grazing land. He places a value of only \$1 an acre on the bulk of the land and declares that the value of the 1,640 acres assessed at \$15 an acre is not to exceed 10 per cent greater than that of the rest of the land, and should, therefore, be assessed at not more than \$1.10 an acre.

The valuations placed on the coal lands this year are the same as assessed last year. An appeal to the State Board of Equalization in 1914 was denied by that body.

Tenderfoot Killed Shooting Up Town.

"Shooting up the town" cost Roy G. Wood, business man of Sterling, Ill., his life at Taos, in Taos county. Wood recently arrived at Taos for a visit with relatives. Recently he went fishing with two friends. It is reported that he started drinking and decided to "shoot up the town." Two police officers, one of whom, William Santistvan, is a deputy sheriff, attempted to arrest him. Wood fired at the officers, sending a bullet through Santistvan's right arm, following which he started to run. The officers fired at him, hitting him four times, twice in the shoulder, in the abdomen and in the left leg. Wood died almost immediately. Wood's companions did not mix in the row and were not hurt.

Forest Service Endorses Park.

Santa Fé—Santa Fé citizens who have been working for years to secure the erection by the government of the National Park of the Cliff Dwellings are greatly cheered by the announcement made here by Will C. Barnes, assistant forester, that the great service favors the creation of the park. Mr. Barnes stated that the service was for the park, under certain restrictions, and that it also favored the establishment of a game refuge on the headwaters of the Pecos.

The minimum price of much of the land is \$3 an acre, but for some of the tracts at least \$5 an acre is required. The land will bring approximately \$700,000.

NOTICE OF FORECLOSURE SALE.

Whereas on the 8th day of May, 1915 in cause No. 1078, pending in the District Court of Roosevelt county, New Mexico, wherein Alexander F. Copplin is plaintiff and Ada She is defendant, the plaintiff recovered a judgment and decree upon a promissory note and a mortgage executed and delivered by Richard O. McNeely to the plaintiff on the 2nd day of July, 1909, in the sum of seven hundred twenty-nine dollars and five cents, together with cost of suit, and decree foreclosing said mortgage given for the security of said sums and amounts against the defendant upon the following described real estate to-wit: The southwest quarter of section eight in township two south of range thirty-three east of the New Mexico Meridian, in Roosevelt county, N. M.; that said judgment at the date of said hereinafter mentioned will amount to the sum of \$764.50, and in addition thereto the costs of this suit; and

Whereas, in said decree the undersigned P. E. Jordan was appointed special commissioner and directed by the court to advertise and sell said property according to law and to apply the proceeds to the satisfaction of said judgment and costs;

Therefore by virtue of said judgment and decree, and the power vested in me as such special commissioner, I will on the 23rd day of August, 1915, at the hour of two o'clock, p. m. at the northeast front door of the court house, in the Town of Portales, New Mexico, sell said described property, as public vendue, to the highest bidder, for cash, for the purpose of satisfying said judgment interest, costs of suit, and accruing costs.

Witness my hand this 23rd day of July, 1915.

P. E. Jordan,
Special Commissioner

NOTICE OF FORECLOSURE SALE.

In the District Court of Roosevelt county, N. M.

Jerome P. Smith, plaintiff.

C. P. Lyon & R. E. Brown, defendants. Whereas, on the 3rd day of April, 1915 in the District court of Roosevelt county, N. M. in cause No. 1075, pending therein, wherein Jerome P. Smith is plaintiff and C. P. Lyon and R. E. Brown are defendants, the defendant, R. E. Brown, recovered a judgment upon a promissory note and mortgage executed by defendant, C. P. Lyon to plaintiff, Jerome P. Smith, and sold, assigned and transferred to defendant, R. E. Brown, said note dated October 11th, 1913, and mortgage of even date, and judgment being rendered in favor of said defendant, R. E. Brown, against said Jerome P. Smith and C. P. Lyon, in the sum of \$729.96 with 12 per cent per annum interest thereon from date of judgment until paid, with the additional sum of \$72.09 as attorneys fees with six per cent per annum interest thereon from date of judgment until paid; and that also plaintiff, Jerome P. Smith, in the same action, recovered a judgment against defendant, C. P. Lyon for the sum of \$729.96 with 12 per cent per annum interest thereon from date of judgment until paid, and the additional sum of \$72.09 as attorneys fees with six per cent per annum interest thereon from date of judgment until paid; together with all costs of suit in each judgment, and in the same action a decree of foreclosure was rendered foreclosing the mortgage executed by said C. P. Lyon to secure the said two notes upon which judgment was rendered respectively, and decreeing the judgment in favor of said R. E. Brown to be a first and paramount lien upon said premises and the judgment in favor of said Jerome P. Smith to be a second and inferior lien on the premises described in said mortgage, and subject to the payment of the judgment and lien in favor of said R. E. Brown, on said premises described in said mortgage being the NE 1/4 of the NE 1/4, the SE 1/4 of the NW 1/4, the NE 1/4 of the SE 1/4 and the NE 1/4 of the SW 1/4, of Section 26 in Township one (1) South, Range thirty-six (36) East, N. M. P. M. in Roosevelt county, N. M., and

Whereas, in said decree, the undersigned, Ben Smith, was appointed Special Master, and directed by the court to advertise and sell said premises according to law, and to apply the proceeds to the satisfaction of the judgment in favor of said R. E. Brown, together with all costs of said action, and the remainder, if any, to the satisfaction of the judgment in favor of plaintiff and costs;

Therefore by virtue of said judgment and decree the undersigned will at the hour of two o'clock, p. m. on August 24, 1915, sell at the northeast front door of the courthouse in the town of Portales, N. M. at public auction, to the highest bidder for cash, said property, for the purposes aforesaid, and accruing costs.

Witness my hand this July, 28th, 1915.

ELIDA, NEW MEXICO

The Roosevelt County Creamery

To the Farmers and Business Men tributary to Elida and Portales and the Business Men of Elida and Portales:

If it were possible for me to bring to your individual notice a letter that I have just received from Mr. H. P. Hardt of Kermit, N. M., a letter that I shall always keep because it gives me courage for the further development of this great enterprise, I believe that you would fully realize that the people are determined that this creamery shall be successfully launched and that it shall have a successful career. A creamery in this county can be made a success just as creameries are being successfully operated in the great dairying states of Minnesota, Wisconsin and Iowa.

Can I impress upon your minds that making a success of this creamery is the first step in making of New Mexico a great dairying state? You have more natural advantages in New Mexico for successful dairying than we have in the north. You have pride in your state just as I have pride in the good old state of Iowa, and as I will have pride in New Mexico should I make it my future home, and this I fully expect to do.

Therefore I ask, yes beg, of each of you to join in helping make this creamery a success. The best way is that good old way "United We Stand," and the wrong way is "Divided We Fall." The very first day the creamery opens we should receive every bit of cream that is tributary to Elida and Portales. Do not say to yourself that you will wait two or three months and see with what success we meet. Without cream a creamery cannot succeed.

You may expect our competitors to do and say many things. They want your cream, for they well know a creamery must have cream in order to operate. They want to see you fail. Failure is impossible so long as we all stand together and stick by our creamery.

Our competitors have this week raised the price of butter fat in this county two cents per pound, notwithstanding the fact that the butter market is one cent per pound lower than it has been at any time this summer. Their own actions show that they have not been paying what they should, and that they could have paid at least three cents per pound more, while I know that butter fat is worth even much more than three cents above what they have been paying. Yet their agents will say all manner of mean things about me to my back. But let them talk; I learned many years ago that such a knock is a boost.

Let every subscriber help by paying the amount of his subscription at once. Your building committee must have the cash so that they can begin business. All money on subscriptions should be forwarded at once to Ben Smith at the Portales Bank & Trust Company of Portales. Mr. Smith has been elected as your treasurer.

Everyone boost and leave the hammer at home.

Yours truly,

J. L. BLUNT.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, unless it is cured by the only safe and certain method, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by the Catarrh Cure. Send for circulars, free.

Hogs and Alfalfa.

During the recent farmers' short course at the University of Arizona College of Agriculture, Prof. W. S. Cunningham, assistant animal husbandman, presented figures indicating the results to be expected per acre of alfalfa raised by hogs.

According to information in the Salt River net annual returns alfalfa, yielding 6 tons as hay were not sold as baled hay. The net returns for acre of alfalfa when fed by 12 hogs were \$47.23. The hogs were fed a supplemental ration of grain, but the use of this was determined and deducted. In other words, the returns for the alfalfa alone, marketed as gain in weight of hogs, were more than four times greater than when alfalfa sold as baled hay.

The foregoing figures show a difference in favor of feeding alfalfa to hogs or allowing hogs to graze it off. How in this calculation an item was left out—that in the production of alfalfa the plants are up by the plants and the plant food which from the soil is lost.

It has been determined that this hay and alfalfa stock only 10 per cent of its food or fertilizing value is in the farm; that is, from 10 to 20 per cent of its value of the hay is returned to the soil in the form of urine and manure.

Vinson, biochemist, cultural experiment that the fertilizing value of a ton of barnyard manure worth \$2.50, calculated to price of commercializers. On this basis the hog manure as returned as manure, there were then 5 tons worth \$3 per ton or \$15 added to \$47.23, representing gain per acre of alfalfa sold off by 12 hogs, as \$62.23, which is the net gain when the alfalfa is sold as baled hay.

These statements, says A. Hall, farm advisor for Santa Cruz Counties Agricultural Extension and United States Department of Agriculture, form a strong argument in favor of alfalfa stock. They show the why the farmers who use good systems of crop rotation produce forage and feed crops and raise live stock to consume them are succeeding, while the hay producers who sell their products are meeting with discouragement.

Dip Cattle.

Roswell N. M. —The Cattle Sanitary Board, co-operating with the Federal Bureau of Animal Industry, has issued an order to cattlemen of eastern Chaves county and to the H. O. W. Cattle Company of San Miguel county calling for the dipping of all cattle because of an outbreak of scabies. The dipping in Chaves county will be under the direction of Inspector Richards, of Roswell, and in San Miguel county of Inspector Street, of Tucumcari. The territory covered by the dipping order is described as follows:

"That of Chaves county lying east of the 104th meridian, locally known as the eastern line of the Hagerman pasture, commencing at the Eddy Chaves county line, extending north to the intersection of the Santa Fe railroad, following the railroad to the southern county line of Roosevelt county, following the southern Roosevelt county line to New Mexico Texas boundary—thus south to Texas New Mexico state line to intersection of Eddy and Chaves counties—thence west to 104th meridian. Also that territory in southern San Miguel county included in the northern portion of the Antonio Oriz grant."

Speaks Out In Meeting.

The Roswell Evening News makes the following comment on the article by A. A. Rogers which appeared in our last issue: "A. A. Rogers of Portales is speaking right out in meeting in regard to the dairying proposition, and urging the necessity of the empire builders of the Inland Valley taking care of themselves and declaring independence from the vampires who have been sucking its blood, by building an independent creamery and otherwise declaring independence. Some of Mr Rogers' premises may be a little far fetched, but their intent rings true, and the people of Roosevelt county will be wise if they digest and act upon it. It is only natural for outsiders to exploit them if they can. If there is a way to meet the situation and fool the exploiters, no time should be lost in doing it."

It Is Worth It.

It is a hard proposition to change from city work and become a successful farmer. You know what severe training a farmer would have to go through to succeed as a banker, a manufacturer or as a publisher of a newspaper. It is just as hard for a city man to master farming but it is worth it.

The successful farmer is financially independent. No man can discharge him, he can have more comforts in his home and live better than the city man. His work is constructive work and develops executive ability, forces him to acquire a large fund of practical knowledge and gives him a broad vision of life. It is worth it. —Southwest Trail.

Big State Fair Assured.

Albuquerque, N. M.—Plans for this year's state fair are going ahead rapidly and every indication points to the biggest state exposition ever held in the Southwest here in October. The reorganized fair commission is composed of efficient men and with a liberal fund for holding the fair and exhibits promised from every county in New Mexico prospects could not be any more encouraging than they are at the present time.

A story comes across the water to the effect that Germany and Austria still have 18,000,000 men in reserve. And then there are the babies, too. Even yet it may develop into a respectable sized scrap.

Directors Meeting

The directors of the Roosevelt County Creamery held a very enthusiastic meeting at the court house Wednesday. All members were present and seemed highly pleased with the prospects. Among other things Ben Smith was elected secretary and the articles of incorporation were signed up. They will meet again Saturday.

Revival Meeting at Delphos

Evangelist J. H. Shepard began a revival meeting at Delphos Wednesday night. There is preaching every evening. There will be three services Sunday with dinner on the ground.

Only Real Estate.

In a recent article we stated that Faggards had traded their store property, we did not wish to convey that they had disposed of their stock of goods, it was only the real estate. In fact they are very much in business as you will see by their advertisement elsewhere in this issue.

Mr. Faggard says that at this time he has no intention of quitting business, but his ranch in Texas is an investment and he expects to continue to live here.

From Silver City.

The Pecos Valley delegation of students which attended school at Silver City headed by Prof. J. S. Long returned Sunday. There were some 65 or 70 in attendance from different points between Clovis and Carlsbad according to Prof. Long, who taught psychology and school management, and all made excellent records in their school work.

Finish At Elida.

Tom Taylor and E. M. Billings returned the last of the week from Elida where they finished grading the streets and building a drain ditch. We understand the people of Elida are highly pleased with the work. We have heard several compliments these gentlemen for the good work they done on this job.

Roosevelt County First.

Roosevelt county has again shown her high class of citizenship in the recent statistics compiled, which gave her credit with having less illiterates than any other county in the state.

Butter Maker Here.

C. L. Payne, of Oelwein, Ia., arrived last week and expects to locate in Portales and make butter for the Roosevelt County Creamery. Mr. Payne is a veteran at the business, comes well recommended and has been known personally by Mr. Blunt for several years. He is well pleased with Portales.

Building Committee Meets.

The building committee of the Roosevelt County Creamery met Wednesday. W. W. Van Winkle and L. W. Carleton were present, S. E. Johnson being unable to attend. The committee went over the plans and specifications which they adopted and are now considering the question of a building site. They expect to decide this in the near future.

Entertain the Governor

Judge and Mrs. Jas. A. Hall entertained Gov. Wm. C. McDonald and a party of his local friends in their home at six o'clock dinner last Thursday evening.

Those present besides the governor were Judges G. L. Reese and T. E. Mears, and J. B. Priddy.

Joe Howard this week closed a deal for a fine residence in Bay City, Texas.

ROGERS ANNUAL PICNIC

Tuesday, August 3

For several years we, the people of Rogers, have held our annual picnic. It has become a fixture with us and we are always glad to welcome our neighbors and friends from far and near.

This year we are going to try to make this gathering bigger and better than ever before. Our community and our people have enjoyed a year of great prosperity and the present indications point that this year our crops may be larger and our prosperity greater.

We have every reason to celebrate and make this a memorable occasion and the day one round of pleasure for you. Arrangements have been made for your entertainment. We expect to have the most able speakers in the county to speak to you on live subjects.

TWO BASEBALL GAMES

Portales vs. Rogers

Dora vs. Richland

We wish to join the people of Rogers in welcoming you to our celebration, and as is our custom, our store will be open all day. You are invited to make this store your headquarters. Drop in—we are always glad to see you.
