OFFICIAL ORGAN OF ROOSEVELT COUNTY, NEW MEXICO

Volume Fourteen

PORTALES, NEW MEXICO, THURSDAY MARCH 30, 1916.

Number 15

George Beatty Leaves

G. H. Beatty, one of the old timers of the town and county left Tuesday morning for Los Palomas, N. M. Mr. Beatty is one of the kind of men that you only meet once in a life time and though he is hard to get acquainted with, he is one of the warmest, truest friends that a man ever had. His life has been an example and a model to young and old alike since he has been in Portales and to the town or community that gets him as a permanent resident we only have this to offer; you have the finest citizen that you have ever had in your ranks and one that you will be proud of as long as he remains with you, come what may. We bid him Godspeed on his journey and wish him to know that at any time the 'old town' will be glad to welcome him home.

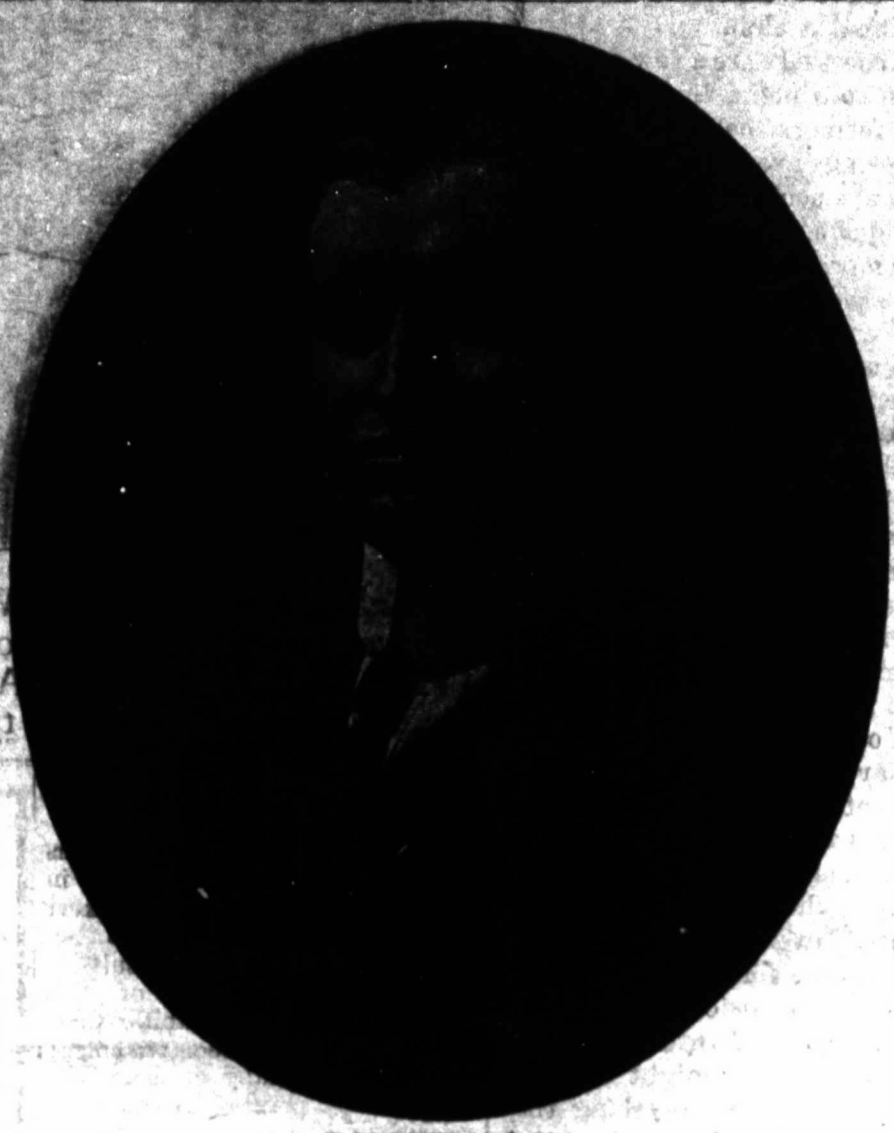

Nally Buys Quarter.

John Nally this week purchased through Joe Howard a choice quarter section of land about fourteen miles south of town. The land was owned by T. D. Woolard.

Nominate Ticket.

One of the largest mass meetings that was ever held in the town of Portales for a similar purpose was held at the court house Tuesday afternoon. The idea back of the meeting was to nominate four aldermen and a mayor to be elected April 4th. Everything went off smoothly and a body of about one hundred and fifty representative citizens unananimously agreed on the following nominees, J. P. Deen, mayor, G. M. Williamson, Chas. Goodloe, C. O. Leach and P. E. Jordan aldermen. In our opinion a better ticket could not have been nominated and these level headed business men will no doubt carry out the present policies in so far as possible of the old board and thus give to the citizens a government that we are all proud of. The old board has the special thanks of this paper and the citizens of the town for their efficient work and as we have stated in these columns before we would have been perfectly satisfied to have them placed back in their old jobs.

Good Straw Hats at Harris'.

ROBERT C. DOW

Honorable Robert C. Dow, of Eddy county, is announced in this issue of the Herald-Times as a candidate for the office of District Attorney for the Fifth Judicial District.

Mr. Dow is a matured product of Eddy county and of New Mexico. He was born here, raised here and married here.

Mr. Dow is a man who with every opportunity has made good first as a cowboy, as a farmer and at many other kinds of honest labor, and those men with whom he has toiled side by side are all his friends.

He was graduated with honor at the New Mexico Military Institute and completed his Law course at Washington and Lee University at Lexington, Va. with such training it is unnecessary to speak of his knowledge of men and conditions here, nor of his thoroughness as a student nor of his application as a worker nor of his ability as a lawyer.

It has been Mr. Dow's good fortune to have been engaged continuously for the past four years in extremely important litigation which not only enhanced his reputation but added immensely to his experience. He has been associated in the practice of Law with his brother Hiram M. Dow, of Roswell, and Judge J. W. Armstrong of Carlsbad. Mr. Dow is not without experience in public affairs having

made an able servant of the people in the New Mexico State Legislature, and being at this time City Attorney of Carlsbad, and also by appointment of the Governor of New Mexico a member of the Carlsbad Armory Board of Control.

He hails from a county that has always been Roosevelt County's friend in politics. He is Eddy County's Candidate and will unquestionably have her solid support. Both of his opponents are from Chaves county, a county that has insisted on furnishing all of the District Officers of this district, to date. It is said that he will come near carrying even the home county of Mr. Scott and Mr. Gilbert.

He is not a politician but a clean young man who has made good at everything he has undertaken to do, and this, aside from the question of fairness to other counties, is giving him a strong following from the business men and farmers and the substantial citizens of Chaves county.

Being a New Mexico product and a tried and true Democrat his life is an open book which everyone may read. He is a Christian gentleman and has stood for every movement for the uplift of his town, his county and his state, and if elected to this office will enforce the laws without fear or favor.

Smoker For Beatty

The Knights of Pythias gave an informal smoker to G. H. Beatty, one of their cherished members and brother, Monday night. There were some twenty or twenty-five members present and speeches in honor of the departing brother were made by several members. Mr. Beatty has been a leader in the work of the newly established lodge and will be greatly missed by the members.

Report Good Rains

Farmers and stockmen coming in from the west and from the south and east report good rains in their communities last week when we received a shower. They state that farming is beginning in earnest and that grass is coming in "a-whooping"

Replant Trees.

The Irrigation company is preparing to celebrate Arbor day again this year by replanting all of the trees that have died on the boulevard from here to Bethel and they ask and should we predict will receive the hearty co-operation of the citizens of Portales on that day in an effort to replace all dead and poor trees with good ones. Arbor day will be the 31st of this month. Turn out and help.

Webb Buys Saxon Six

J. R. Webb, father of the Webb sisters who run the Travelers Inn, this week purchased a Saxon Six from the local agency. A great number of people are investing their money in this car and we believe that they are making no mistake.

Ships More Hogs

Will Faggard this week shipped another car of hogs from the county. This makes about the eleventh car of hogs that Will has shipped this spring and much credit is due him for keeping this business up to the point that he has kept it to. Those eleven cars mean more than that many thousands of dollars in the hands of the farmers and therefore the business men of Roosevelt county and the industry should and must be encouraged in every way possible.

Long Buys Drug Store

Professor J. S. Long, superintendent of the Portales school for the past three years, has bought the Portales Drug company from Egbert Wood and will from here on manage same. Doctor Camp will still remain as the pharmacist and O'Dwyer Dunaway will be chief assistant.

Easter Windows

Several of the merchants of the city are showing their easter stocks and telling the world in general that such a time is about to roll around again. The 28th day of April will be Easter Sunday and these Easter windows and showings are none too soon.

Running Freight Line

J. L. Gilliam, one of our old timers, has gone into the freight business between Texico and Portales and from all appearances is doing a good business. This gives us two railroad lines into Portales and we hope will mean a reduction in railroad rates in the near future.

Homer Wilkerson Back.

Homer Wilkerson, the genial Waples-Platter man who was injured by being thrown from his car near Canyon, Texas along the first of the year was back on his old job this week. His many Portales friends are glad to see him out and on the old "best" again.

Phillips Buys Calves

J. A. Phillips, the well known stockman of the Delphos community lately purchased nineteen head of registered white faces from Mr. Terry. These cows brought \$127.50 per head but Phillips believes they are more than worth the money and other cattlemen who have looked at them express the same belief. This makes Mr. Phillips 42-head of registered stuff.

Sells Barber Shop

W. A. Stephenson, owner of the barber shop on the corner across from the Portales Bank and Trust company this week sold the same to S. T. Huddleston of Brady, Texas. Mr. Huddleston arrived last Saturday with his family and will become one of our permanent citizens. Mr. Stephenson will leave some time this week for Texas points.

Benson-Portales Basket Ball

The Benson basket ball team will play the Portales high school team at the Armory Thursday night, March 30th. The Benson team is the champion team of the teams west of town and a good game is expected.

Arbor And Bird Day

Governor McDonald has set aside Friday, March 31st and Friday, April 14th as Arbor and Bird days and mails a special request that something substantial be done along the line of preserving our trees and birds on these days.

Receives Car Of Steers

Keene Brothers this week received a car of steers from the Mexican border. These gentlemen have brought many cars of cattle into the county and are helping in a substantial way to develop the stock industry here.

Breaks Leg

A Mr. Hensley, a resident of the county and living south of Elida fell into the cellar that is being dug near and under the new Nash boarding house Monday night and received a broken leg. It was at night and Mr. Hensley being an old man did not notice where he was stepping.

To Build Skating Rink

It is understood that Mr. Hardy will at once move the old warehouse back of the Hardy Hardware company's building and face it on the Railroad avenue, just across the street from the new Nash boarding house that is nearing completion. Mr. Hardy will put a maple floor in the building after remodeling it otherwise and rent same as a skating rink.

At the Cozy.

The program to be rendered Friday night, April 7, 1916, entitled "Dramatization of Evangeline," by the Sixth Grade pupils of the Portales Public Schools promises to be one of the best ever played by local talent. The proceeds to go for buying equipment for school. Admission 15 and 25c.

Candidates For Town Clerk

Since the position of town clerk pays a small salary the mass meeting did not nominate anyone for the office but leave it open to all who care to enter the race. So far W. H. Braley, the present clerk, and Bascom Howard are candidates. We hope they both win.

Cream Outlook Good

The report has been circulated over the town and county that the prospects for a good cream year are much in evidence and that from all appearances the highest prices that have ever been paid to the producers of cream this summer.

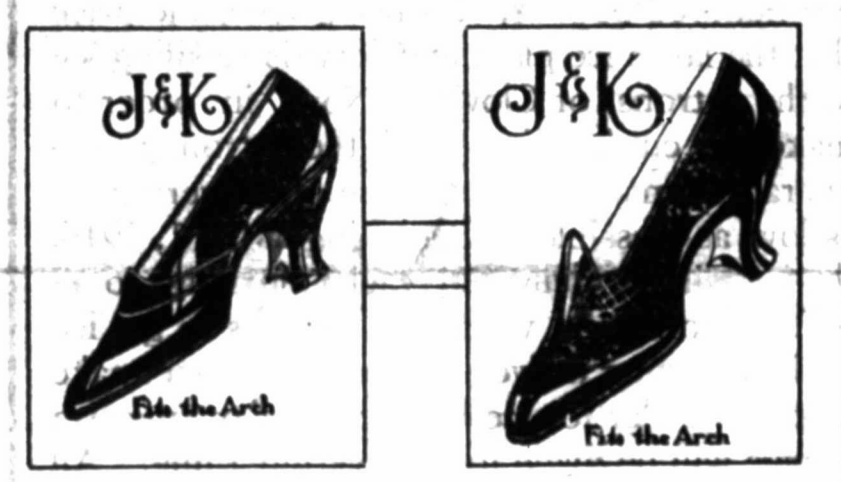

Connally Buys Cattle

Roy Connally, last week purchased twenty-one head of grade and registered white face heifers from some party near Ft. Sumner. The cattle were driven to Portales and arrived Saturday. It is one of the best bunches of stuff that has been bought into the county.

W. C. T. U.

The W. C. T. U. will meet at the Presbyterian church next Monday afternoon, at 2 o'clock. All members are requested to be present as officers will be elected.

DECREASE IN STOCKS

GRAINS ON NEW MEXICO FARMS SMALLER THAN YEAR AGO.

Department of Agriculture Figures Show Stocks on Hand March 1 and Prevailing Prices.

Santa Fe.—A summary of the March crop report for the state of New Mexico, as compiled by the Bureau of Crop Estimates and transmitted through the Weather Bureau, United States Department of Agriculture, Washington, is as follows:

Wheat on farms: Estimated stocks on farms March 1 of this year 323,000 bushels, compared with 286,000 a year ago and 151,000 two years ago. Prices on March 1 to producers, \$1.08 per bushel, compared with \$1.12 a year ago and 92 cents two years ago.

Corn on farms: Estimated stocks on farms March 1, this year, 652,000 bushels, compared with 772,000 a year ago and 282,000 two years ago. Price March 1 to producers, 91 cents per bushel, compared with \$1 a year ago and 77 cents two years ago.

Corn of merchantable quality: The percentage of the 1915 crop which was of merchantable quality is estimated at 85 per cent, compared with 75 per cent of the 1914 crop and 75 per cent of the 1913 crop.

Oats on farms: Estimated stocks on farms March 1 this year, 518,000 bushels, compared with 494,000 a year ago and 200,000 two years ago. Price March 1 to producers, 55 cents per bushel, compared with 60 cents a year ago and 34 cents two years ago.

Barley on farms: Estimated stocks on farms March 1 this year, 40,000 bushels, compared with 51,000 a year ago and 19,000 two years ago. Price March 1 to producers, 58 cents per bushel, compared with 75 cents a year ago and 75 cents two years ago.

El Paso Chosen by Cattlemen.

Albuquerque.—Abner Wilson of Clifton, Ariz., was chosen president, and William Ammonett of El Paso secretary, at the final session of the Panhandle & Southwestern Stockmen's Association. El Paso was chosen for the 1917 convention. Other officers chosen were: First vice president, Thomas Love, El Paso; second vice president, Thomas F. Moody, of the Panhandle section; treasurer, John Wyatt, El Paso. The president-elect appointed J. F. Primm, El Paso; R. L. Johnson, Wilcox, Ariz.; H. H. Bravley, Las Vegas, N. M.; and A. V. McQuidy, Canadian, Tex., members of the executive committee. Eight thousand dollars was raised to pay off the association's debt of \$2,000 and provide a surplus for its activities.

Villa Victim Was Government Agent.

Albuquerque.—Charles DeWitt Miller, one of the victims of the Villa raid on Columbus, N. M., whose charred body was found in the ruins of the Commercial hotel, was formerly territorial engineer of New Mexico and is prominently connected throughout the state. For several years past he has lived in Tularosa and has been connected with the United States and office. It is supposed that he was in Columbus on business for the land of ice at the time that he came to his death.

Judge Dye Passes Away.

Santa Fe.—News has been received of the death in Roswell of Judge James M. Dye, one of the best known attorneys in the state and a candidate for the Democratic nomination for the Supreme Bench at the last election. Death was due to asthma of long standing. Judge Dye was 52 years of age.

Prairie Fire Wipes Out Homes.

Albuquerque, N. M.—Prairie fires north of Nara Vista, Quay county, and between Melrose and Clovis, Curry county, destroyed thousands of acres of fine range, many stacks of winter feed put up by ranches and a number of small ranches and homesteaders' homes. Many homesteaders suffered heavy losses. To fight the larger fire a special train with aid from Dalhart, Tex., was rushed to Nara Vista. This fire burned for a distance of over forty miles.

Charges of Perjury Quashed.

Clifton.—The indictments against Judge O. T. Toombs and Carl Eklund, charging subordination or perjury in connection with the testimony of Benjamin J. Harlan in the case against Robert T. Mansker, deposed sheriff of Union county, have been quashed.

Dragged to Death.

Roy.—Jose Herrera, a resident of Mosquero, who has recently been in the employ of Isidro Montoya, was thrown from a buggy by a runaway team and dragged to death under the buggy.

Republicans Will Meet April 25.

Santa Fe.—The Republican State Convention for the selection of delegates to the National Convention will be held in Albuquerque on April 25. The convention for the nomination of candidates for state offices will be held in Santa Fe at a date to be fixed at the April 25 convention. The basis of convention representation is to be the vote for B. C. Hernandez for Congressman at large last election, upon which basis there will be 265 delegates.

The Farmer And His Club

Why not a Farmer's Club in this town? Or call it an Agricultural Club if the name pleases you any better.

About every class of people on earth have their clubs, except the farmer. He is the backbone of the nation, he feeds the whole world, he is the one man of this earth without whom we could not exist and yet he is a man without a club.

True, there are a few organizations to which a limited number of farmers belong, but their meetings are of rare occurrence and are usually devoted to long winded speeches and papers that are more tiresome than instructive to the average man.

We offer our farmer friends a suggestion, for what they consider it worth.

A few of you should get together and form the nucleus of such a club. Then issue an invitation to all farmers of the community to come into its membership. Send this invitation out over your own signatures. Our columns are open to you for this purpose.

You might fix dues of 50c or a dollar a year, purely for the purpose of defraying incidental expenses and hall rent.

Just make it a club, pure and simple, where you all drop in on stated evenings or Saturday afternoons for visiting and informal discussion of anything that may be of interest.

Each member might make it a point to relate anything that comes to his knowledge that would be of practical benefit to his brothers of the farm. In this way a vast fund of information would be accumulated by each individual, and collectively it would be of tremendous material advantage to the community.

A Farmers' Club—or an Agricultural Club, if you please, should be formed in this community. Its possibilities are unlimited.

THE BATTLE CRY OF PEACE

"A Call to Arms Against War," which is believed to be the most noteworthy achievement in the history of motion pictures will be shown at the COSY THEATER, Wednesday, April 5th. Matinee at 3 p. m., admission, children, 25c, adults, 50c. At night the admission will be 50c to everyone.

We Need A Man

The reason why so many of us fail to achieve greater success in life is because we do not exert the necessary will power to accomplish more definite results.

Look over the people of this town. Study their habits, their speech, and their accomplishments. You will find many of them who undoubtedly possess an enormous reserve of will power. Their every word and action indicates as much. But there is a perceptible disposition to hesitate which prevents the bringing of that reserve force actively into play. The natural result is that they are only moderately successful when they should be rising to great heights.

In this our people are in no respect different from those of other places and other climes. It is a trait of human nature and will survive until the end of the human race.

Occasionally we read or hear of some great man who began life in an humble way. If you could look down deep into the soul of that man you would see that he is just a human being like the rest of us, with this exception. He has fought and conquered the retarder, hesitancy, and has brought into full action the will power that lies dormant in a majority of people. His normal mind perceives an opportunity and his will and determination force him to grasp it. The result is success. The world hears of him while the rest of us live and die in the peaceful obscurity of our own little circles.

There are those among us who have in them the making of men and women of national note, but hesitancy dogs their steps. Their acute minds see the opportunities ahead of them, but hesitancy whispers of them to wait, and while they are waiting opportunity marches on. It pauses for no man.

Thistown is overflowing with brains, but most of them are lying dormant, working only as necessity requires.

As a community we need an awakening. We need a revival of will power and of determination. We need a big boat that will lift hesitation and procrastination into eternal oblivion and forgetfulness. We need action.

Derano Doings.

There is not much farming going on in this vicinity on account of dry weather.

Mr. Ed Douthit and Stanley Elliott took dinner at the Porter home Sunday.

Mr. and Mrs. S. A. Fry visited J. A. W. Bell's sheep camp the first of the week to see the sheep.

Miss Alma Haga is working for Mrs. S. A. Elliott this week.

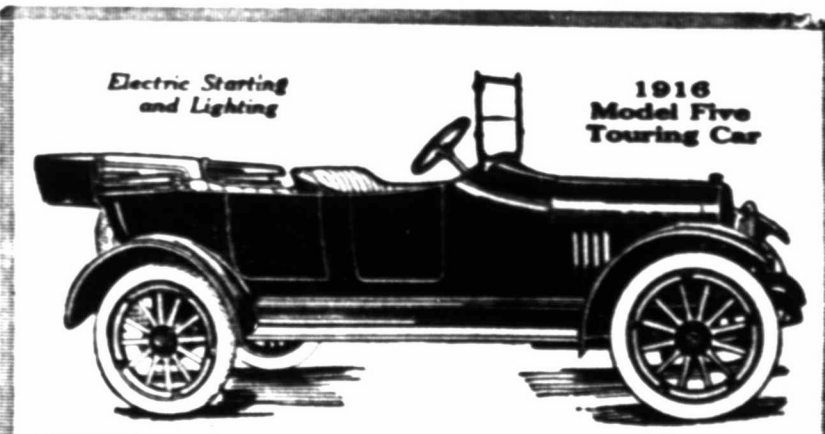

Willie Richmon is working at the Arnold ranch north of Tolar. Thos. Hendley's son was very ill Saturday night they took him to Taiban Sunday to the Doctor but he is better now.

Mr. John Hally visited at Diamond Tais' ranch Sunday.

Notice to Citizens of Portales

The manager of the Roosevelt County Creamery has made arrangements with the Leach Coal Company to deliver ice to the patrons of Portales for one year, beginning April 1, 1916, and has decided to cut the price of ice to 65c per hundred pounds, this being the same price that the large ice plant at Clovis is retailing ice to the patrons of Clovis. Now, in order to make this cut in price, I ask the patrons to cooperate in making the expense of delivering ice as low as possible. Beginning May 1, 1916, the ice will be delivered each morning to all parts of town and we ask all patrons to get ice at the morning delivery. Should anyone make a special order for ice later in the day an extra charge will be made for delivering same. All orders for ice needed before May 1st, 1916, should be telephoned to the Leach Coal Co., and prompt delivery will be made any time in the day. We will do our best to give you good ice and good service and ask your patronage in making our ice plant a success.

Yours truly,

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky. "It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

CHEAP MIXTURE FOR VERMIN

Formula Given by Pennsylvania State College—Should Be Kept on Hand the Year Round.

While there are many ready-prepared lice mixtures on the market, none are more effective than a mixture recommended by Pennsylvania State college. It may be made at home and is cheap.

The formula is: Two and one-half pounds of plaster or paris, three-quarters of a pint of gasoline, one-fourth of a pint of crude carbolic acid. When the ingredients are mixed, one will have an effective lice powder that costs less than five cents a pound. The mixture should be worked through a fine sieve, to break up lumps and to get in such form that it will sift readily.

When it is first mixed it will be too wet to sift, but the gasoline will soon evaporate. The active principle in driving away the lice is the carbolic acid. To use the homemade preparation, which should be kept on hand the year around, one sifts it over the birds the same as any other lice powder.

RUNNER EXCELS AS FORAGER

Utility Fowl, Noted for Its Egg Production, is Often Termed Leg-horn of the Duck Family.

The Runner is a breed of small utility duck noted for its egg production and is often termed the Leghorn of the duck family. These ducks have been credited with records of more than 200 eggs each in flocks of ten, and 192 eggs each in flocks of 100

Young Runner Ducks.

The "Runners" are active in their habits, are good foragers, and on an extensive run are able to find a large proportion of their food. They are nonsitters, are hardy and easily reared, but do not stand confinement well.

Their flesh is of a deep yellow color and is of fine quality, but their small size is rather against them for market purposes, except for broilers.

PULLETS FOR WINTER LAYERS

Advisable to Select Those That Have Grown Rapidly—Men in Action Needs Lots of Room.

In selecting pullets for this winter's layers, it is advisable to choose those birds that have grown rapidly and well and those that show quality, as indicated by a soft, pliable skin over the breast bone and abdominal cavity. In addition to these two considerations, quality is further indicated by the texture of the head parts. The comb and wattles should not only be well developed but should have a nice, smooth, velvety texture. A fourth consideration in selecting the prospective layer is that of capacity. A hen in action needs lots of room, that is to say, room for the digestive and reproductive organs. Such capacity is indicated by good width between the pelvic bones and also good width between these and the rear end of the keel.

Ration for Chicks.

A simple grain mixture in corn, wheat, and oats, a little more corn as the weather gets colder and less during the summer days. A little buck-wheat and sunflower seed added to this mixture during fall and winter months is beneficial. Green foods, such as alfalfa, cabbage, sprouted oats or mangels should be fed freely. Fresh green cut heme or beef scraps and charcoal should also be supplied at all seasons of the year.

Litter for Duck Houses.

The best litter for duck houses is shavings, although sawdust will serve. Either is better than straw, which quickly becomes damp. It is necessary to have plenty of clean litter in the feeding houses both to keep the floor dry and to protect the eggs, which are not laid in nests, but dropped anywhere the ducks happen to be.

As the Editor Sees It

Now get a tight grip on yourself while we dish up a few more editorial thinklets. Of course we will not presume to pass upon the wisdom of our remarks, for, as you know, great minds do not always follow the same channel, and yours may be wandering around in search of richer food for intellectual consumption.

First off, we are going to speak gently of yourself a subject, doubtless, of some slight interest to you. We know you, and your friends know you, but do you know yourself? Are you fully acquainted with your possibilities, and your limitations? But let's eliminate the limitations and deal only in possibilities. You are a valuable asset to this town and this community, because you have brains, energy and perseverance, and are capable of doing much for the place we all call home. Perhaps, though you are not making the best use of your qualifications. Possibly diffidence keeps you in the background when you should be in your rightful place well up toward the front and talking and working for the advance-

ment of this town and community. We suggest that you step lively, and get to the head of the column, and make yourself a leader. The more leaders we have the less followers there will be, and when we all get to be leaders there will be no limit to the splendid things we can accomplish. Yes, we think you can do it, and others think so, and now we want to see you both think and do.

Of course we have all heard of "killing the goose that lays the golden egg." We think too much of our splendid farmer friends to liken them to the awkward feathery tribe, but they surely are the people with the golden egg. And isn't it just possible that we of the town are the "geese" in that we fail to take measures to connect up with the eggs of gold? Isn't it possible that we are neglecting the interests of the farmer to the extent that he in time becomes indifferent to us and sends his baskets of precious metals to other points in payment for his necessities? Again we suggest a broader spirit of reciprocity. We suggest that measures be taken to see that our farmer friends are afforded every facility for the prompt and profitable marketing of their every product right in this town. It does not require any great amount of intelligence for a person to see the financial significance of such a course. And don't neglect the wife and daughter of the farmer when they, too, come to town. It should not be necessary for them to spend hours on their feet waiting for the farmer to transact his business before returning. A comfortable waiting room should be provided in the heart of town, where they can while away the tedious hours of waiting by reading, writing or visiting with one another. Let it be a general meeting place for all who come to town. When we do this we will find more of the farmer's golden eggs rolling into this town. Let's combine business sagacity and neighborliness to our common good.

Now come to life and give us an answer to this question, "What are the two things most urgently needed for the commercial advancement of this town?" Of course not every person will think the same, but we want to know what YOU think. There are many improvements and conveniences needed things that will be of practical cash value to us and we would like to tell the people what you think, what everybody thinks along this line. And you would enjoy reading those suggestions yourself. Now suppose you just sit right down and write out, in a few words, what you consider the two things most essential to the future welfare of our town and our people. Do it today, and hand or mail it to us. We want to publish each suggestion, with the name of the writer attached. That will be one step in getting somewhere, and the next step will be a little easier. We don't want to stand still while other towns march by and leave us in their dust. You are just as much entitled to voice your opinions as others are theirs, and we want to publish it. Now watch the next issue of the paper and see how many of our citizens are sufficiently interested in the future of this town to catalogue its needs. Don't let yours be the missing name. The invitation is open to all.

Now take a tighter grip on yourself and talk these things over with your neighbors. Talk is often cheap and valuable at one and the same time. And it's time to talk and act.

There is a Real Difference

Cream of tartar, derived from grapes, is used in Dr. Price's Cream Baking Powder because it is the best and most healthful ingredient known for the purpose.

Phosphate and alum, which are derived from mineral sources, are used in some baking powders, instead of cream of tartar, because they are cheaper.

If you have been induced to use baking powders made from alum or phosphate, use Dr. Price's Cream Baking Powder instead. You will be pleased with the results and the difference in the quality of the food.

Baptist Notes.

Last Sunday was a splendid day at the Baptist church. Fine attendance in Sunday school and good audiences in the preaching services. We were glad to welcome a new member into the church, there were two at the prayer meeting. No christain should stay out of the church, in doing so we rob ourselves and the church.

Subject for next Sunday morning, "Our Debt to a Lost World" Subject for the evening service, "Our First Duty." The church will celebrate communion at the morning service. We especially urge members of the church to be present in the morning. All friends and strangers will be accorded a welcome.

W. E. Dawn, Pastor.

Methodist Church.

Dr. Moore, our divisional Sunday School secretary for Southern California, Arizona and New Mexico filled our pulpit Sunday morning and evening. He preached two very helpful sermons to two splendid congregations and addressed the officers and teachers of the Sunday school in the afternoon. It is needless for me to say that we have received new inspiration through the faithful work of this splendid and efficient Sunday school worker.

We appreciate your presence last Sunday and especially the presence of so many young people. Come worship with us next Sunday. You are always welcome and we try to make our services helpful especially to the young as well as to the older people.

A. C. Bell.

Presbyterian Church

Rev. J. W. Winder, Synodical missionary for New Mexico, will preach at the Presbyterian church at 11 a. m. Sunday, April 2nd.

At a congregational meeting held on Wednesday of last week, new officers of the church were elected and these will be installed by Dr. Winder at the morning service. Letters for membership have been presented and these applicants will be received into the church at this service.

At the meeting of Presbytery to be held in Roswell next week, a pastor will be supplied for Portales and the regular work of the church will be resumed.

You are cordially invited to the services on next Sunday.

To Teachers and Directors.

All necessary notices for holding school district elections have been sent out and this office hopes that every law regarding same will be complied with. I am also asking that the teachers be prompt in sending in their term reports as positively according to law the last month's money for the teacher's work will not be paid until the term report is filed in the county superintendent's office. Truly yours,

T. J. Molinari.

One of the names that has met with special approval and commendation as a Republican delegate to the Chicago convention is Capt. T. J. Molinari, of Portales.

He has been always true to the principles of the party and has asked nothing. He has the confidence and the most cordial respect of the host of friends who are his in this state, and they are more than ready to offer him at this time the honor which he would accept and which those who know him best would be only too glad to extend to him.

Captain Molinari would be a safe man to be in the party councils at this time when the best judgment of the delegates will be demanded, and a man chosen who will appeal to the voters of the country. He is trustworthy and patriotic and clean.

The sentiment for him has developed strongly and will continue to grow as the time for the selection of delegates comes nearer.—State Record.

The above is a nice compliment to our friend and fellow townsman, but there is no use in wasting all this fine talent and money on this useless trip.

They Look Bad.

When you walk along the street and see the gutters strewn with refuse, it looks bad.

When you see empty bottles decorating the dark corners, that looks bad—and suspicious.

When you see papers blowing around over town it indicates that people are thoughtless and careless. It is bad.

When you see broken glass around under foot it is pure negligence, and is both bad and dangerous.

When you see kitchen garbage dumped into the back yard or tossed over the fence, it looks bad and smells worse.

When you see vacant property littered with debris of every nature, it, too, looks bad—is offensive to the mind as well as to the eye.

When you see a back yard littered with the accumulations of months and of years, it looks worse than bad.

When you see a front yard down at the heels and going to seed, you wonder—but, then, we'll let you finish the sentence. Just how bad are we, anyway?

THESE LOOK GOOD.

Paved streets kept clean and in repair.

Business houses and residences kept neatly painted.

Roads graded and no "duck ponds" allowed to form.

Front yards with concrete walks, flower beds, and vacant spots seeded and frequently mown.

Back yards so clean they compel admiration.

School yards sanitary and with adequate playgrounds for children.

Store windows with neat displays of goods and a spirit of thrift in evidence.

Churches well filled on Sundays.

No street corner loafers and bums.

A strong spirit of civic pride.

Everybody hustling for himself and boosting for this town.

These are good signs—push them along.

There are two classes of people in every town. The first never loses an opportunity to better their own condition in all legitimate ways and at the same time advance the interests of the community as a whole. The other class—well, they are just the other class, and that's all.

Health, wealth and cussedness are modern triplets.

Get your Straw Hats at Harris'.

Even one fleeting smile is worth a whole year of grouch.

Fact, brother, experience is a good teacher—when it teaches.

Great men are always great—til they come down with a thud.

Get your Straw Hats at Harris'.

And yet another week of those golden dreams has passed into nothingness.

Some war, you bet. But the old world still shuffles along at its time honored jog.

Elbert Terry went to Kansas City with car of cattle Saturday.

The optimist breeds golden opportunities. The pessimist is the father of misery.

Yep! We are a confirmed advocate of preparedness—for the Sunday dinner.

Then, too, preparedness against the virgile tongue of the gossip would be welcome deliverance to many a lacerated soul.

W. R. Yelverton, representing the Buick car and T. M. Yelverton representing the Studebaker, were visitors in the city from Clovis the first of the week. Dr. Chapman accompanied them.

W. R. McCollum fell from the Nash building under construction on Colorado street. His arm is out of place and it was not learned whether he was otherwise injured or not.

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites!

Forget you ever tried to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking all you want without a comeback—that's P. A.!

Golden Wedding.

We have a number of occasions we celebrate, but few ever celebrate their golden wedding. Mr. and Mrs. Andrew Tusha, of our town, Elida, N. M., had that pleasure on March 11th. Mr. Tusha will be 80 his next birthday and his wife will be 70 years of age. He was a pioneer in Iowa and his wife was the first white child born in Madison county of that state. In 1906 they tore up their home in Iowa and moved to New Mexico and settled in Elida—a new frontier state, and since they have made this their home. They live in a neat comfortable home in the west part of town and in their quiet honest lives have won to themselves the respect of all and many close friends.

Their friends planned to have a surprise. James Anthony came in a car and took them over to their daughter's Mrs. Ed Allen who happened to be stopping in some cars, Mr. Allen being for-man of a company in the Santa Fe. But Grandpa Tusha got restless and said, "Mary, hadn't I better go home I must feed my chickens before dark." They turned in about 4:30 to find the yard covered with people and the house full. But upon entering they found a great table set laden with every thing conceivable good things to eat. When these women set in to put up a dinner, no ladies in any land can put them to shame. It was right there on the table, as fine as one ever looked upon.

There were present of the family, Mr. Tusha and family, Mrs. Edward Allen, her husband and children, two grandson-in-laws, Claud Trim and Andy Sticker and their families—four great-grand children. Among the citizens there are too many to undertake to mention them, but in all there were about 75 who took dinner there.

A spirit of good fellowship prevailed and they gladly did honor to their host and hostess. Long may our aged parents live with us and gladly will we do them honor, and not evil, all the days of their lives.

A Guest

From Clovis.

Clovis, New Mexico,
March 28, 1916.

Editor Herald-Times:— I am just writing to say to you that your paper is certainly about it as an advertising medium and business getter.

As you know I placed a small two or three line ad in your paper announcing the fact that I had several hundred head of Hereford and Durham cows for sale, which ran two times. As a direct result of that little ad I have sold several thousand dollars worth of my cattle and have several more prospective buyers, and am still getting inquiries.

Delighted? Well, I should say so, and I am enclosing another ad which you may run two times. I know that one has anything to sell that's worth the money and will tell people about it through the Herald-Times he will SURE get results.

Arbor and Bird Days.

Santa Fe—Governor William McDonald has issued the following proclamation:

"For several years the nation has been interested in the conservation of our natural resources and we have paid special attention to the planting and protection of trees. We have now discovered the necessity of preserving all song and insect-eating birds. It is said that if all the insect-eating birds were destroyed, this whole continent would in three years become uninhabitable by reason of the myriads of insects. We should bring back the birds to protect our grains, plants and trees. And, while we are impressed with the economic value of these things, we bear in mind also their esthetic value. The beauty of shade and forest trees and the sweetness of wild birds' songs please our senses and increase vastly our enjoyment in living.

"Special days for the consideration of these interests are necessary as in our rush of daily affairs there is little time to think carefully of many claims upon our attention. The days selected in New Mexico should be observed by schools and communities, not in idleness, but in practical measures to insure the ends we are seeking, and in such exercises as shall inculcate permanently in our minds the habits of thinking that shall lead to these ends. The actual planting of trees may be done on the days designated or at such other convenient times as may best conform to local climatic conditions.

"Therefore, under the Acts of the state legislature passed, to encourage the planting of forest trees for the benefit and adornment of public and private grounds, places and ways; and to encourage the protection of birds, I, William C. McDonald, governor of the state of New Mexico, do hereby designate Friday, March 31st, and Friday, April 14, as Arbor and Bird Days."

Sheriff's Slayer Doomed to Die.

Santa Fe, N. M.—J. O. Starr is to be hanged and C. Schmidt will serve a life term in the penitentiary for the killing of Sheriff Dwight B. Stephens of Luna county, according to the sentence pronounced by Judge E. L. Medler at Las Cruces, after the conviction of the men by a jury. Francisco Acosta was found not guilty of participation in the killing. The three men were charged with killing Sheriff Stephens near Rincon, Feb. 20, while pursued by a posse, following their escape from the Luna county jail at Deming.

Farmers to Kill Grasshoppers.

Raton.—Farmers in all parts of Colfax county, who expect to destroy grasshopper eggs by discing are being urged to begin the campaign against the pests immediately, as the eggs must be exposed to drying out and freezing conditions for some time in order for the work to be effective. This work is in line with the pledges given by the farmers last year to cooperate in eradicating grasshoppers.

Pioneer Dies at Ripe Old Age.

Santa Fe—Major Rufus J. Palen, for 44 years a resident of the territory and state, for 22 years president of the First National Bank and one of the leading citizens and business men of New Mexico, died of pneumonia at the age of 73. He had a distinguished military and business career.

Former Governor Thornton Dead.

Santa Fe—William T. Thornton, governor of New Mexico from 1893 to 1897 and who also served in the territorial legislature and as mayor of Santa Fe, died here at the age of 73. He had been a resident of Santa Fe since 1877, his native state being Missouri. He served in the Confederate Army during the Civil War.

Falling Gun Kills Woman.

Socorro—While assisting in doing the laundry work for the Socorro hospital at the home of Mrs. Gertrude Valanzuela, Mrs. Rosa Rivera, aged 30, was shot and instantly killed by the discharge of a revolver that fell from a sewing machine on which it had been lying.

Monument for Mexican Raid Hero.

Albuquerque—A fund for a monument to José Porreya, Carranzista consul at Columbus, has been started. Perreya gave his life to save American women from the Villa raiders. More than \$100 was subscribed upon the announcement of the plan.

Good Seed Should Be Selected.

Raton—V. L. Martineau, Colfax county agent, is warning the farmers in that county against the use of light seed oats. Proper care in the selection of seed is a big factor in successful farming.

Petition in Bankruptcy.

Santa Fe—A petition in bankruptcy was filed in the United States District clerk's office by William F. Hubbard, a painter of Roswell. His assets are \$20.00; liabilities, \$650.25.
