## As the Editor Sees It.

**GOOD SCHOOLS**—As the world advances education becomes more and more an absolute necessity in social and commercial life. Without it but slight success in either will be achieved. We need a whole souled campaign in the interest of our schools, for in the efficiency of our educational system lies to a great extent the future of our children and our children's children.

**GOOD CHURCHES**—We need spiritual as well as mental development, for without it we can not hope to attain that degree of manhood and womanhood which our expanding intellects demand. Good churches and more churches are needed, and we need to view that from within instead of from without. "Go to church Easter."

**GOOD HOUSES**—The most brilliant of minds are dulled and blunted by dismal surroundings. Good homes and attractive homes are excellent food for the mind. Clean up, paint up, and keep the home up. It costs pennies and breeds dollars.

**GOOD BARNs**—Not all of your attention should be given to the home, for your faithful horse and cow should come into their own. They speak not, complain not, are paid not, yet are a source of revenue which you greatly prize. Humanity bids you give them a home that is a home, one worthy to be their home.

**GOOD STORES**—Great mercantile successes are never achieved from dismal and unattractive surroundings. Bats, owls and a few others seek the darkness, but all others bask in the sunshine of life. Neatness, tidiness, brightness, happiness, all are attractive to one whose soul is the same—and humans, like the butterfly, seek the bright spots of existence. Be wise.

**GOOD SHOPS**—Even the shop may be in keeping with the mind and the energy of the man. It may not be as spotless as other places, but it may show a spirit of thrift and perseverance which breathes of success in after life. Good shops bring good results and make better towns. But as is the man, so is the shop.

**GOOD ROADS**—No other thing is quite so essential to the success and development of a community as good roads. No other element of success is so easy to attain where all of the people have the will and the determination to do. Good roads mean everything to us, collectively and individually, and we need good roads and better roads, and we should go after them and get them.

**GOOD FARMS**—Good roads are productive of good farms, and prosperous farmers are the foundation and framework of every community. Without good roads the farmer is retarded and handicapped, his earning capacity is reduced, his opportunity for improvement and expansion is lessened, his working capital is impaired, his profits are eliminated and his future is cloudy and obscure. But good roads make good farms, and we want every farm in this community to be even better than good. Build up the roads, AND THE FARMS!

**GOOD BUSINESS**—We can have it, if we pay proper attention to our schools, and our churches, and our houses, and

barns, and stores, and shops, and roads and farms, and all the thousand and one other elements that have a place in the prosperous commercial center. We want it, and we can get it if we go after it with the spirit and determination to succeed, but we must go as a community unit and not as one or two isolated individuals. Who volunteers for better business?

**GOOD PEOPLE**—But the success of all depends wholly upon the mental, moral and physical calibre of the people. If they are "good people," other things will be proportionately good. Our people are good people, but we could be even better than we are, and our successes would enhance in proportion to our qualities and our efforts. Good people are desirable, but better ones are prizes in the sea of life. Let's all be prizes.

**GOOD BYE**—Some day we'll talk again.

## Christian Meeting

H. M. Barnett, a well known and highly recommended evangelist, will begin a series of meetings for the Christian church of Portales Sunday, April the 16th. It is understood that a large tent will be erected by the church and the meetings held in this.

## Pruning Court House Lawn

W. C. Carroll has been pruning trees in the court house lawn and otherwise getting ready for spring. Our lawn is a thing of beauty when the trees are in full leaf and the grass is green. Mr. Carroll is an artist at this and has made a wonderful improvement in the appearance around the court house.

## Get Proceeds

The high school basket ball team this week received a percentage of the proceeds of the Portales Drug company's fountain on Tuesday. The boys are planning to go to Albuquerque to the state meet and are using this means of raising money to defray their expenses.

## Marriages

Among the marriage licenses issued this week might be mentioned the following: Seth A. Wyche and Jessie Blackwell of Roswell, Floyd Wilson and Mamie Guinn of Judson, Albert Burns and Bessie Delaney of New Hope, W. W. Marrs and Mrs. Maggie Barger of Longs. Best wishes to them all.

## School Elections

Last week was a week of school elections over the entire county in the rural districts. So far as we have been able to learn no trouble occurred and no one fought for the honor of the school board positions with their generous pay.

## Sells Peacock Place

Bascom Howard this week sold the J. W. Peacock home, known to old timers as the Cox place in the west part of town, to W. W. Bracken, a merchant from Valley View, New Mexico. It is understood that the price was a good one.

Jim Swagerty and family were business visitors in Portales Tuesday.

## When Payne Wrote "Home, Sweet Home"

It is said when John Howard Payne wrote "Home, Sweet Home," he himself was a homeless wanderer in the streets. It took a man who had no home to make the spirit of home immortal.

The reason why we of today do not appreciate a home more is that it is too easy to have one. The place that our grandfathers called home was little more than a shelter. They knew no comforts such as we have. They had few luxuries, but the thing that they called home had been fought for, and so it was dear to them.

Today anyone can have a home almost for the asking. He can fill it with big, comfortable furniture that will give him as much comfort as used to belong only to royalty. He can have beautiful draperies in his windows and fine pictures on his walls. He can have a piano, or a talking machine. He can have rugs that are copies of the patterns in palaces. And he can do all this on the most moderate, the most ordinary of salaries or wages.

Day by day this paper is filled with advertising that offers every facility for the furnishing of the home. Not only can the man with ready cash furnish his home on a moderate basis, but even the man without cash can have all the comforts and luxuries he desires through a system of credit on home furnishings which has now become almost national in its scope.

This is the season when new homes are springing up on every hand and the season when old homes are being remodeled and refurnished for another year. Therefore it is the season for home-furnishing opportunities which every live advertising merchant is offering at this time.

Do not hold these home-making opportunities too lightly. Give these advertisers a hearing. What they are saying is real, and what they are doing is making history. There has never been a time in the history of the world when comfort and luxury were as widespread amongst the people as they are today.

Look over this advertising today. See if you cannot add the comfort of a home to the pleasure of your life, or see if you cannot put more luxury and more material happiness into the home you have.

Think of what you need most about your home and then look for the advertising of those things in this paper today.

## Miss Knoles Entertains.

Last Friday night Miss Mary Lee Knoles gave the elderly spinners and Grandmothers a party. The entertainment was very informal and proved to be one of the most highly enjoyed functions given in our city for a long time.

The features of the evening were dancing, leap frog, shoot the buffalo, drilling a well, post office, and bronco riding. But the climax of the evening arrived when the mock-wedding was performed. The minister, Rev. Clifford Deen, being sick, the ceremony was said by Rev. Clarence Keen. To the strains of Yankee-Doodle and Here comes the Bride, the bridal party entered and knelt before the minister. The license properly written and duly issued was read to the guests. The bride suddenly fainted but after recovering the couple were pronounced man and wife. A delicious supper was then served which lasted the remainder of the evening. At a late hour the guests departed thanking their hostess for such a delightful time and hoping to soon repeat the stunt. Those present were: Misses Gladys Stone, Ruby Braley, Vera Merrill, Edith Shapcott, Thelma Pearce, Janice Wyly and Eddy Lee Hall, also Messes Sylvania Norris, Vassar Smith, O'Dwyer Dunaway, Archie Williams, Clarence Keen, Goodywin Humphrey and Bryan J. Moore.

## Candidate Meeting

The candidates of the county will parade Wednesday night at Red Lake and Friday night at Upton. We suggest that they treat the people a little bit more courteous and go in smaller bunches.

## Farmers and Dudelets.

"On, he's just a farmer out here in the country."

We stood on a street corner the other day and heard that remark passed by one of the "brilliant" young masculine striplings of our town as he "bummed" the makings from a friend.

The farmer, to be sure, was just a farmer "out here in the country." He wore overalls and drove his wagon into town, but at home his automobile rested snugly in the garage. He owns one of the most valuable farms in this whole section of the state. His home life is ideal and his wife and children have everything they desire. His simple word is as good as his check, and his check would be honored for a sum that would stagger you.

He is a man, a real man, a man whom other men acknowledge to be a man among men, even if he is "just a farmer out here in the country."

But what of the stripling, what of the dudelet?

He is just one of that numerous class who always knows everything and never do anything, who amount to nothing and amount to less. He is just a dudelet, and it is doubtful if he ever attains to the "dignity" of being a real dude.

Yes, he is "just a farmer out here in the country," but he is our friend, he is everybody's friend, and time may prove him to be the "friend in need" of the poor, vapid, brainless dudelet.

We need a thousand more just like him—this man who is "just a farmer out here in the country" and whom we are proud to know as our friend.

Poor, deluded dudelet! May he never be worse!

## John R. Joyce Killed

Word was received here this week of the sudden ending of the life of the Pecos Valley capitalist and member of the Joyce-Pruit mercantile company, with a chain of stores from Portales on down in the valley. Mr. Joyce's home was in Carlsbad and he had purchased a new car in Patrick, South Carolina, and had started on a trip to Pinehurst, North Carolina, when his car turned turtle and pinned him underneath. Little details have been received other than that Mr. Joyce met death when the car turned turtle. The body will be taken to the old family home at Chapel Hill, Tennessee, for interment.

## Stores Robbed.

C. V. Harris' store and the White House Grocery store were broken into last night, both through the back window. Both stores report that they only missed some pennies which were left in the cash drawer.

The Eiland store was robbed about ten days ago and the Elida clothing store owned by Courtney and Herbert, was robbed one day last week of about \$400 worth of clothing. These store robberies are becoming a common thing and it is to be hoped that the guilty party or parties will be caught.

Sheriff Deen left Wednesday for Mineral Wells, Texas, where he goes for his health and will likely be there for three or four weeks.

## Special Edition

The Herald-Times has made arrangements with a man who has had considerable experience along this line of work to issue a big special edition. It is the intention of the management to make this issue one of the very best that has ever been issued in this part of the state and to that end no amount of expense or work will be spared. The aim is to make it one great big boost for Portales and Roosevelt county, and to do this we kindly ask the cooperation of every man, woman and kid in the county. The edition will be issued about the first of June, and in the meantime, we ask you to watch for the announcements which will be made from time to time and kindly let us have your support in this matter.

## Candidates Frolic.

The following candidates made a tour of the northwestern part of the county last Friday and Saturday, some of them speaking at Sunshine school house and all of them billed to speak at Perry, but failing to make connections on account of the storm Friday night: Messrs. Ballow, Compton, Howard, Sanderfer, Terry, Owens, Bryant, Pearce, and Miss Sallie Bryant.

## Install Candy Refrigerator.

Deen-Neer this week have installed one of the latest and most up-to-date candy refrigerators. It is an addition to the fixtures of the company that will be appreciated by all buyers of candy during the summer time. Chocolates will be kept for the most fastidious and just to suit their fancy.

## Methodist Church.

We had a large attendance at our church last Sunday. Three were received into the church at night.

We will have Rev. S. E. Allison with us next Sunday he will preach for us at eleven and at night and hold our Third Quarterly Conference at 8 o'clock p.m. We want to urge our people to come out and hear Bro. Allison. We also extend an invitation to the general public to come and worship with us.

A. C. Bell.

## Baptist Notes.

Our Sunday School last Sunday was fine in both attendance and interest. Our teachers are doing some good work.

Next Sunday, Rev. L. O. Vermillion, one of our state evangelists will be with us.

We hope that all of our members will be present.

Everyone is cordially invited to worship with us.

W. E. Daws, Pastor.

## FOOD PRICES BOOSTED

U. S. TROOPS GET SUPPLIES FROM MEXICANS.

Eggs That Cost 10 Cents a Dozen When Expedition Started Go to 50 Cents When Americans Pay.

Columbus, N. M.—The American dollar rapidly is finding a place in the hands of the people of northern Chihuahua, according to soldiers and civilians arriving at the border from Gen. J. J. Pershing's headquarters. It was pointed out that the people of the districts through which the American troops passed at first were coldly friendly, but as they found that the Americans did not commandeer their livestock and food supplies as have Mexican armies passing through the same district, their courtesy and friendliness increased.

The price, too, increased as the inhabitants found that the Americans had money and were willing to spend it to satisfy their wants. An example cited was that eggs were readily purchased for 10 cents a dozen by the first troops passing through La Ascension, but now the price has reached 50 cents a dozen and showed signs of raising higher.

The arrivals said that the word that the Americans desired produce and would pay for it, passed rapidly from town to town and that farmers had their wagons drawn up in the main streets of La Ascension, Colonia Diaz and Casas Grandes by the time the second detachment of troops reached those places.

Lieut. H. A. Dargue of the aero-plane corps left here on the first trip from Columbus to Casas Grandes in the recently established aero dispatch line.

Villa Lieutenant Died in Hospital.

Deming—Elias Miras, the Villa lieutenant who was shot through the head during the raid on Columbus on March 9, died at the court house. Of the wounded prisoners who were brought here after the raid, only Juan Sanchez and Jesus Pailz now survive. They are expected to recover.

Indian Girl's Dead Body Found.

Gallup—The dead body of an Indian girl, about 18 years of age, was found about ten miles east of Gallup, near the road. The girl had been assaulted and then beaten to death by being struck on the head with a stone.

New Bank at Mills.

Santa Fe—The Citizens State Bank of Mills with a paid up capital of \$25,000, filed articles of incorporation with the State Corporation Commission.

Silver City Gets Third Bank.

Silver City—A third bank, the Union Exchange, will open in Silver City about May 1.

Santa Fe Cashier Dead.

Santa Fe—E. S. Hindsley, for the past five years cashier at the Santa Fe station here, is dead. He had returned from a visit to his former home in Topeka, and expected to resume his duties.

Capital Stock Increased.

Santa Fe—An amendment filed with the State Corporation Commission by the Silver City Savings Bank increases the capital stock of that institution from \$15,000 to \$25,000.

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.
