HUGE IRRIGATION PLANT

FIGURES SUBMITTED TO WATER 16,000 ACRES—PRIVATE CORPORATION TO HANDLE PROPOSITION IN CASE GOVERNMENT PROJECT FAILS OR DELAYS

Mr. J. A. Fairly has received an estimate from Burns & McDonnell, hydraulic engineers of Kansas City, Missouri, with other valuable suggestions which the Herald is glad to submit to our readers. The letter is as follows:

Kansas City, Mo., June 9, '09.
 Mr. J. A. Fairly,
 Portales, New Mexico.

Dear Sir:—From what we have been able to learn of the matter, it occurs to us that this project is entirely feasible and would be a meritorious one that would appeal very readily to the people of the country.

We have estimated just roughly of course, as best we can in the absence of actual surveys, that the work can be installed ready for distribution of power to the entire one hundred sixty thousand acre tract at approximately the following figures:

Steam plant	\$2,500,000
Chimney, water house and other buildings	500,000
Steam turbine and generator sets	1,000,000
Condenser and cooling water	500,000
Switch board	500,000
Overhauling machinery & cranes	500,000
Pole line and complete system of wiring for distribution	4,000,000
Total	10,000,000

These figures are based on a basis of pumping machinery of sufficient capacity to pump water

to irrigate to a depth of four inches every month over a tract of one hundred sixty thousand acres. The largest item of cost is the pole line and distribution system. We have assumed that it would be necessary for one well to be located at the highest point of each forty acre tract. The above estimate would be sufficient to deliver the current complete to each individual consumer except that an estimate is included in the above for the individual transformers and motors which each farmer would thus be called upon to supply for himself. It would seem to us that with the climate and other favorable conditions that you have for agriculture, the entire tract would really stand a charge of four or five dollars per acre per year for irrigation. If so, this would work out as a very good investment and it appears to us as an attractive one from a financial standpoint.

The above information is just of a general nature and we believe that the details could be worked out in such a way as to make it possible to finance the undertaking.

We would like to discuss this matter more fully with you on our next trip to Portales.

Very truly,
BURNS & McDONNELL
 Mr. J. A. Fairly, Investigator, Proposed Government Project
 Under date of June 7th, Mr. T.

J. Mollinari writes Mr. W. O. Oldham from Washington, where Mr. Mollinari had gone to investigate our chances to secure the \$300,000 power plant for irrigation for the Portales community. Mr. Mollinari writes that he was able to clear up a very serious misunderstanding which the authorities had received from the report of a geological survey made here in 1903, and also to present the claims of our shallow water district round about Portales as to secure the definite promise of Mr. Newell, chief of Reclamation Service, also of the chief of the Geological Department to recommend the appropriation. Mr. Mollinari says, however that the bill can not be considered before the winter session of Congress and that in the meantime it is very necessary that EVERY FARMER IN THIS SHALLOW WATER DISTRICT SUBMIT TO MR. FAIRLY A DIAGRAM OF HIS LAND, giving description by numbers, together with depth of his well and the number of gallons that can be pumped by steam or electrical power. From these several descriptions IT IS PROPOSED THAT WE DRAW A MAP OF THE WHOLE VALLEY and submit it as soon as possible to Mr. Newell.

Meantime Mr. Mollinari has gone on to New York City, where he is elisting eastern capitalists in the matter, so that in case the Government project is turned down or delayed, we can secure a much larger plant by means of a private corporation.

T. E. Landers makes a specialty of pressing ladies skirts.

Still More Rain.
 After the splendid rainfall of Friday night and the second shower which fell early Monday morning, we were scarcely expecting a third blessing so early. Nevertheless it came—came from the south, about seven o'clock Monday evening; came in a flood that covered the entire town in one vast sheet of water. The clouds appear leaden and sullen still and the probabilities are of still more rain, though a splendid season has already fallen.

A new restaurant and cold drink stand has been opened in the old Stag saloon building. Mr. Olson and Joe Addington are the proprietors. It is reported also that Mrs. Olson will furnish the upstairs and keep roomers and boarders.

Bond Reduced

The hearing of H. A. Irwin and wife, Lelia Irwin, was finished before Judge Wm. H. Pope in district court at 9:30 last night and the defendants were ordered held for the investigation of the first grand jury of the new county of Curry and their bond was fixed at \$1000.00 apiece, which will be easily furnished according to a statement of the attorneys for the defense. The new bond comes as a big reduction, since the prisoners had been ordered held by the justice of peace under a bond of \$5,000.

The trial was a habeas corpus procedure, brought in the so called Black Hand case from Clovis, by which Mrs. Irwin and husband hoped either to be discharged from the charge entirely or to secure the reduction in bond which was granted.

The hearing last night was attended by a good sized crowd in spite of the war weather. There were several women in the audience. Mrs. Irwin was on the stand much of the evening, and gave a cool and straightforward account of the whole transaction. She showed some emotion during the cross questioning and later in the evening when Judge Pope gave his decision, could no longer refrain from tears. She

created no scene, however, and did not give herself up to sobbing until court was adjourned and nearly all the attendants had left the court room. She was almost carried by her husband to the Grand Central hotel where they have been stopping with an officer always present, during their stay in Roswell.

The following is an exact copy of one of the letters that was introduced as evidence in the case, with miss-spelling and improper capitalization the same as in the original and shows the nature of the proposition:

"D. K. . . . J. S. Fitzhugh Use Your Affluence to give Irwin . . . Wire Freedom at once. Will give you to June 15. Fail it means Death for Convicting They are Innocent. Do This You Will Never Be Annoyed Again fail to do so your days are Numbered."

"BLACK HAND"

It develops that Mrs. Irwin has been connected with the courts before, but not in the place of defendant. She is none other than pretty Lelia Flannery, formerly of Dennison, Texas, who was for some time court stenographer under Judge Townsend at Ardmore and later deputy clerk of Johnson county, Oklahoma. She is an accomplished young woman and is also a school

teacher. She is 26 years old. Her husband, who is under arrest with her, is H. A. Irwin and they were married at Wichita Falls, Texas, October 9, last year. He is a son of W. I. Irwin, a wealthy and highly respected citizen of Sulphur Springs, Tex. No evidence has come out so far to connect Irwin with the case, but it is conceded by everyone that, in the nature of things generally, if Mrs. Irwin is guilty, he must be in the plot.—Roswell Daily Record.

Jail Breakers Caught

Monday night a few of the jail boys decided that the air was fresher outside and, by means of some improvised tools, had about succeeded in making a way of escape when Charley Duncan unexpectedly called out to them and asked if they hadn't better postpone further operations. Four men were on the point of making good their escape.

Mrs. Sterling Moody reports that a cyclone struck Eldorado, Texas, recently, destroying four houses, but not hurting any one seriously.

Elk City Property For Trade.

We offer for trade 77 lots (residence) in Elk City, Oklahoma, each 25x140 in northwest portion, a very desirable and popular residence district, located in from 7 to 12 blocks from business center. There is \$1500 against 33 of these lots, the others free from incumbrance. Elk City has population of over 5000, has four large two-story brick school buildings, a business college, eight churches, five cotton gins, five lumber yards, one cotton seed oil mill, ice plant and cold storage, flouring mill, packing plant, creamery, canning factory, electric lights, water works, sewerage and is now street paving. Located in Beckham county, on main line of the Rock Island railroad with work now begun on a new railway that is to build through the town, the Colorado, Texas & Mexico Railway. The value of the above lots ranges from \$75 to \$200 each. Call and see me or write W. O. Dunlap, Portales, New Mexico.

The Portales Plan.

Much interest attaches to the movement that is on foot for the establishment of a central power station at Portales for the dissemination of electric energy to be used in pumping for irrigation. It is especially worthy of note from the fact that if the government can not see its way clear to install the works, a number of individuals have signified their intention of doing so just as soon as it becomes apparent that Uncle Sam is not going to take hold of the scheme. Of course it would be preferable all around to have the government do it, as the experiment would have a deep significance to this phase of the reclamation service, which has infinite possibilities beyond that attainable by the principle of irrigation from streams. In all likelihood no other portion of the southwest offers such favorable conditions for a test of the plan. All over the rich Portales valley, there is an underlying sheet of the finest kind of water at from eight to forty feet, and the soil is royal in its richness. There are no engineering obstacles in the transmission of power, and seemingly no reason why the plan should not be a success from the start, the pessimistic conclusions of The Tenderfoot to the contrary notwithstanding.

The truth of the matter is that the Portales country has reached that point where the work must be done, either by the government or by private capital. The land is so rich and productive that there is an enormous waste every time a dry year comes along and the crops fail. Portales valley will this year lose more than enough to install the system in short crops, and while this may not occur again for years, it is quite possible that it may occur again in 1910. The risk is too great to be longer taken. It is not good business to take it, when a nominal investment will make that land produce an average of \$100 per acre in orchards, and as much or more in diversified crops under careful tillage. Even supposing that the installation of the work placed a lien of \$25 an acre on every foot of land involved, it would be well spent, and would add many times that sum to the basic values. It would change \$30 to \$50 land, and make Portales one of the leading cities of the southwest, simply because no other city has such a remarkable body of contiguous agricultural land.

The people of Portales seem to be wise to these facts, and it certainly is well that they are. They have come to the parting of the ways, and if they have the wisdom we think they have, they will keep up steam on this power proposition. There are millions in it, while on the other hand is the stagnation of uncertainty, the instability of rain dependence and the perpetuation of primitive conditions of chance in place of highly productive certainty. No wonder the intelligence of the Portales country sees the point.—Register-Tribune.

WATER VALLEY
Rain at last! Friday evening a fine rain fell in the Water Valley district, for which we are thankful.

One of our young ladies used face powder and she kept it on the dresser. Her beau came to see her one evening and her little brother thought he would play a prank on his sister, so he mixed some quinine with the face powder. He was driven from the room but he says he knows something must have happened as the gent came out to the kitchen for a drink of water and said his lips tasted bitter, so he thought he was even.

Chas. Phipps and Jake Walsh visited Harry Worth Saturday.

Miss Maude Helsby visited with Susan Worth Saturday.

A number of Water Valley folks attended the ice cream party given at the home of Judge Maxwell Wednesday evening.

Mr. Duke is harrowing his land getting it in shape for broom corn and maize.

Jim Burch bought him an alarm clock some time ago as he wanted to rise early, but he says that now it can't even disturb his sleep.

Miss Susan Worth gave a birthday party on the 11th, but few came on account of the storm; had a good time anyway. Cake and lemonade were served as refreshments.

Miss Lois Berry called on Miss Cranford Thursday.

J. F. Berry visited his son at Clovis this week.

Misses Lela Walsh and Francis Briscoe departed for Portales Friday.

Ike Briscoe and Hugh Walsh left for Clovis Saturday.

Harry Worth took Clarence Young and family to Elida Thursday.

Luther Demoy was struck by lightning Friday night; it also shocked his wife and both were unconscious for some time. Mr. Demoy is in pretty bad shape but we hope he will soon recover.

The debate Saturday night was pretty hard, as no one had time to study as the subject was given out at the meeting. The subject chosen was: "Resolved that the Pen is Mightier than the Sword." The affirmative was awarded the decision.

The subject for next meeting is "Resolved that the Mind of a Lady is Capable of Stronger Culture than that of a Man."

Some of the Macy boys visited the Literary Saturday night and helped on the program. Their help was appreciated.

Mr. Samuel Worth returned from Portales Tuesday.

Susan Worth visited with Zelma Rosson Wednesday.

You will enjoy the satisfaction of high class service if you get your barber work done by Smith and Kirby in their new shop second door from Ed J. Neer's.

LONGS
C. A. Rector made several trips to town this week.

Fr. Foster and Mr. Jackson have made application to prove up.

S. P. Barker has purchased a house and will remove same to his claim six miles south.

Jim Jones has sold his claim to Mr. Darwin and will probably leave here.

Boss Dawson gave a party last week. He intended to have ice cream but the ice man, Mr. Lane, did not remember to bring the ice, so cake and peaches were served instead.

Mr. and Mrs. Talley of Texas are visiting his parents, and expect to remain here for several weeks.

J. H. Young took a bunch of horses to Portales this week.
Mr. Kimmons made a trip to

Portales one day this week.
A dance was to have been given at Wesley Rogers' last Friday night, but on account of the storm they did not have it.

Andrew Gilbreth went to Causey this week to see about filing on his claim.

The Bronco mail hack was delayed a couple of hours the other day on account of a sick horse.

There is now a telephone established in the store at Longs. A few connections are made and we understand it gives complete satisfaction. We only wish there were more of these subscribers.

ALFALFA QUEEN.

TO CONSUMPTIVES.
Edward A. Wilson's Preparation of Hypophosphites and Biopretin from the original formula is the Sovereign Remedy for Consumption, Asthma, Bronchitis, Catarrh, La Grippe, Coughs, Colds and all Throat and Lung Maladies.

DORA
Most all farmers in this section of the country are waiting for rain to bring their crops up. It looks very threatening at present.

S. L. Davie, one of our jolly bachelors, skipped off to Wichita, Kansas, last week and brought back his better half in the person of Mrs. S. L. Davie. We welcome Mrs. Davie in our midst and wish the twain a long and prosperous life, and their pathway strewn with many flowers.

The Dora ball boys matched three games the past week and won two of them.

Dora and Star school house crossed bats last Friday. The score stood 8 to 9 in favor of Dora.

After the midnight hour of June 13th a large crowd congregated for the chivalrie of S. L. Davie and bride. The crowd was given a hearty welcome by the host and hostess and after congratulations, treats came in order and a most pleasant time was spent by all present.

Mr. Kaune being at the chivalrie it took some time for him and his wife to get home and get to sleep, but at about 2 p. m., a great noise began around Mr. Kaune's house which lasted for about 30 minutes before they became conscious of it. Mr. Kaune said he thought he was immune from a chivalrie as it had been over a year since he was married, but Dora says none of them are passed up in these diggings. Bachelors, get married and come to Dora and we will receive you hospitably.

We are glad to report a good crowd at church Sunday.

G. C. Bradfield had business in Portales three days the past week. He has been boosting the Dora base ball boys too violently and his throat had to be treated.

J. A. Bricker has been moving C. L. Monhollen from Portales to Elida the past week.

Will Shoey of Dora bought Mr. Adams' relinquishment and is now comfortably located in his new quarters near Mr. Wilkerson's store southwest of Dora, but will still get his mail at Dora, for Dora, he says by his actions, looks good to him.

Quite a crowd went to the Holliness meeting at Richland while in progress and all report a fine time.

D. R. Murphy, who is located in 5 south, and who has been working from Sayre, Oklahoma, on the Rock Island west, has been putting in some improvements on his place the past month. He left for Sayre, Oklahoma, on the 7th.

Calvin and Will Rogers and R. J. Bradfield leave for Oklahoma by wagon June 15th.

G. C. B.

National Monthly
A Democratic Magazine for Men and Women
PRICE, ONE DOLLAR A YEAR
NORMAN E. MACK, Editor and Publisher, Buffalo, N. Y.

THOMAS JEFFERSON.

ONE of the largest and handsomest illustrated magazines published in the United States. Each issue contains a mass of valuable information for Democrats in every locality, and articles by well known leading Democrats throughout the country. The NATIONAL MONTHLY will keep every Democrat thoroughly posted upon all the leading issues of the day. It will also contain a mass of Democratic news and current comment from the leading Democratic newspapers throughout the United States. In addition to the political features above mentioned every issue contains a large amount of interesting fiction and good reading for the entire family, thus making it a doubly welcome visitor in every home.

One of the thousands of letters received commending the NATIONAL MONTHLY:

Hits the Nail Right on the Head

MON.-NORMAN E. MACK,
Buffalo, N. Y.

Dear Sir:—I herewith enclose you my check and ask my name to be enrolled as a regular subscriber to your National Monthly. I have just finished examining the first number. It is a publication of stupendous merit, and it will exert a great influence for good in our country. It ranks with the best magazines that are printed in all respects, and its genuine Democracy gives it distinctive superiority. It will succeed where the Democracy is not dead, but very much alive. It will help save the country from capitalist greed on the one hand and from the dangers of socialism and anarchism on the other. I am heart and soul with you in your new enterprise. Yours truly,
FRED J. KERN,
Mayor of the City of Belleville, Ill.

Subscriptions received at this office and liberal clubbing terms are offered by this paper.

YOU WILL BE ASTONISHED to study our superb models at the wonderfully low prices we make in all sizes. We sell the best grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost. **BICYCLE DEALERS,** you can sell our bicycles under your own name plates at double our prices. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second hand bicycles, but you may have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$8 or \$10. Descriptive bargain lists mailed free.

COASTER-BRAKES. We can sell our bicycles under your own name plates at double our prices. Orders filled the day received.

\$8.50 HEDGETHORN PUNCTURE-PROOF \$4.80 SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY \$4

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 with order \$8.50.

NO MORE TROUBLE FROM PUNCTURES
NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use. **EMPLOYED** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than ordinary tires, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to introduce them.

WE WILL ALLOW A CASH DISCOUNT OF 10 PER CENT (thereby making the price \$4.65 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. You can be sure in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We want you to send us a trial order at once, because this remarkable tire offers you a chance to see for yourself that you will be so well pleased that when you send a bicycle you will give us your order.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgethorn Puncture-Proof tires on approval and trial. The special introductory price quoted above, outside for our big Tires and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices. But write us a postal today. **DO NOT THINK OF BUYING A BICYCLE DO NOT WAIT** or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write us NOW.

J. L. MEAD CYCLE COMPANY, CHICAGO, ILL.

Roosevelt County Herald.

A Democratic newspaper devoted to the moral, intellectual and material advancement of Roosevelt county and Portales, New Mexico

Published every Friday at Portales New Mexico by
The Herald Printing Company

O. N. McBRIDE, Editor.
E. P. ALLDREDGE, Manager.

Subscription \$1 Per Year

Entered at the Postoffice at Portales N. M. as Second Class mail matter.

A Little Herald Talk

The Herald has no room to complain about anything. Our work has been very gratifying in its results so far. The many complimentary things said about the paper by our friends have been enough to turn one's head and we don't deny having the "big head." We are doing our level best to give the public a good news medium.

Our subscription list is growing more rapidly than we could have expected. In fact we have received 100 new subscribers every month since we began in March. More people are reading the Herald every week, and as this is a Democrat county, we have set our hearts on publishing a paper that Democrats and others will read, up to the thousands in numbers.

We have added several installments of job and ad type in the office and are now better prepared to care for that department than ever before. Only a few days ago we added a lot of typewriter type so that we can now handle circular letters and other such work.

TOWN AND COMMUNITY GROWING.

A town could hardly have a better outlook for future growth than Portales has today. It will be a crime not to take advantage of these opportunities. The people are waking up to them and will no doubt use them. We have voted the bonds, and will construct the light, sewer, and water systems, build a number of new first class business houses, a canning and pickling plant, and otherwise look after the commercial side of our fortunes. While all this is being done the Herald will be trying to help along.

PAPER-GROWING IN FAVOR.

We want to urge our friends to help us make The Herald a better paper, a more newsy paper, to bring or phone us news items about yourself and your friends, to tell us about any sort of job printing you may want done and give us a chance to figure with you, to be free to call our attention to any oversights we may make or to any subjects you think the public should be informed about, and, above all, do not fail to give us the benefit of your judgment of how the Herald may be improved, from time to time.

NEAREST DISCRIMINATION.

Nevertheless, any Democratic paper in New Mexico is put at a great disadvantage for the reason that they are denied the right to even compete for the publication of the proof notices. Then, when a man hands in his proof notice to the Republican paper, he naturally wants to read the paper, for a while at least, and in this way many loyal Democrats become subscribers and supporters of Republican papers. Not only so, but having all the Republican voters as subscribers and many of the Democrats, they can go to the merchant and get his advertising. Thus the Democratic editor finds himself left high and dry, while many of his Democratic friends CARRY EVEN THEIR CONTEST NOTICES TO THE REPUBLICAN PAPER, when as a matter of fact we can print your legal notices and your con-

test notices as good as any paper.

WE'RE DEPENDING ON YOU.
But we do not begin to believe that the great Democratic hosts of Roosevelt county are willing to make it impossible to publish a good live Democratic paper, just because we can not get a share of the Republican pie. And therefore we are looking to you; counting on you and believe you will not fall us.

HOW YOU CAN HELP US.
There are several ways you can help us make a better paper:

1.—Let us enroll you as a subscriber to our paper. This will help us to get the advertising we need in order to be able to publish the paper to the best advantage.

5.—Send us in a list of names of your neighbors who do not read the Herald and we will be glad to mail them sample copies of the paper.

3.—IN FILING CONTESTS AND IN PUBLISHING CONTEST NOTICES REMEMBER THAT WE CAN SERVE YOU AS WELL AS THE REPUBLICAN PAPERS, though we are not allowed to publish the "proof notices"—these are Republican plea strictly.

4.—Write us any item of news

Notice of Sale of School Bonds.

School District No. 114 Roosevelt County, New Mexico.

I, the undersigned Treasurer and Ex-officio Collector of Roosevelt county, Territory of New Mexico, do hereby give notice; That on Wednesday, the 7th day of July, A. D. 1909, at the hour from ten to eleven o'clock a. m. of said day at the door of the Roosevelt county court house, nearest to main street in the town of Portales, in said county and territory, I will sell to the highest bidder for cash the coupon bond of School District No. 114, Roosevelt county, New Mexico, in the amount of \$500. The said bond to be dated July 2d, 1909, redeemable after twenty years from its date and due thirty years from its date with interest thereon at the rate of six per cent per annum, payable semi-annually on the 2d day of July and January each year. The said bond having attached thereto 60 coupons each representing the semi-annual interest thereon. The right is reserved to reject any and all bids. Witness my hand this 8th day of June, A. D., 1909, at Portales, New Mexico. B. J. REAGAN, Treasurer and Ex-officio Collector, Roosevelt Co., N. M.

Broom Corn Growing

Mr. A. J. Lundegreen of Amarillo, after experimenting with it for four years makes some magnificent claims for the growing of broom corn all over the plains country.

1,500 ACRES NEXT YEAR.
"This year I am planting between four and five hundred acres, and to show those interested that I am not weak-kneed about the proposition after a try-out of four years, I will say that I intend to plant fifteen hundred acres next year. The dwarf variety is the kind to plant, and it is as easy of cultivation as kafir corn, maize or sorghum. It is not difficult to harvest and the seed, of which there will be a yield of twenty to twenty-five pounds, make fine feed and may be used in connection with the broomcorn fodder which I always save. The livestock not only eat the seed, but the fodder, and keep in fine shape on it without the addition of other feed. I keep seventy-five cows and operate my dairy industry without the introduction of any other grain or roughness. The seed is crushed in order that the best results may be obtained from the feeding.

TIMELY SUGGESTION.

"I consider this suggestion about the planting of broomcorn timely just now. Any time this month will do for the planting. In fact I have planted as late as July 20, did it last year and was rewarded with an excellent yield. From the time of planting to that of harvest is about eighty to ninety days. If there are those who care to make a start in the growing of broomcorn and have not the seed, they may come to my factory and receive them at 3 cents per pound. If they do not feel able to pay for them at this time, they may pay me when the crop is harvested. One bushel of the seed will plant twenty acres. I think this should place the seed in the hands of all who care for it.

WAREHOUSE EMPTY.

"As an additional reason for the immediate planting of this valuable crop, I would offer the fact that practically all of the ware houses of the country are empty and five years will be required for the filling. The fact that I have been offered the sum of 9 1/2 cents per pound for my present supply indicates the great demand for stock upon which to operate factories. Forty tons will be required for operating my factory at capacity from now until September 1. The sum of \$7,200 is the price for my stock at the figures offered.—Daily Panhandle.

A New Photographer.

Mr. C. M. Setser, formerly of Oklahoma, has leased the photograph gallery owned and operated formerly by Mrs. J. L. Whiteman, which is located just in the rear of the Times office. Mr. Setser has had twelve years experience and guarantees satisfaction in all his work. He makes a specialty of out-of-door photography. Give him a trial. 22tf

NOTICE OF SUIT.

In the District Court, Roosevelt County, New Mexico.

Cora Anderson, plaintiff,
vs.
No. 502
W. W. Anderson, defendant.

To the defendant, W. W. Anderson, in the above suit:

You will take notice that a suit has been filed against you in the District Court for the Fifth Judicial District of the Territory of New Mexico, for the county of Roosevelt, in which Cora Anderson is plaintiff and W. W. Anderson is defendant, and numbered 502 on the docket of said Court.

The general objects of said suit are as follows:

The plaintiff asks for an absolute divorce from you, on the ground of abandonment; that she may be restored to the status of a single person; that she may be restored to her maiden name, Cora Smith; and for such other and further relief as the nature of the case may require and the court shall direct.

You are further notified that if you fail to appear and plead or answer in this cause on or before the 24th day of July, 1909, judgement by default will be rendered against you in this suit and the allegations in plaintiff's complaint will be taken as confessed, and the plaintiff will apply to the Court for the relief demanded in the complaint.

Reese, Carter & Reese are the attorneys for the plaintiff and their business address is Portales, New Mexico.

Witness my hand and the seal of said court, this 27th day of May, 1909.
S. L. ROBERTS, Clerk.
LAWRENCE CARTER, Deputy.

THE RAINY SEASON IS ON

Heavy Downpours Over All the Plains Country of Eastern New Mexico

Friday night, June 11, the drought was broken by a heavy down pour of rain which apparently extended over all the plains country of eastern New Mexico. Somelocalities received a larger share of the blessing than others; but the rain was general. And before the roads had hardly time to dry, another splendid shower fell early Monday morning following, putting life and energy into every phase of industry. The cattleman heaved a sigh of relief, lifted up his head and laughed. The farmer hastened out to the fields to watch the tender plants send forth their shoots. The banker glanced over his loans and took a fresh cigar. The merchant bought a 50ct steak and sat down to eat a square meal with the appetite of a rail splitter. And the mighty plains country meantime drank in the nectar of the skies, quenched its thirst and put on the beautiful garments of summer. Things are getting better.

Exchange.

Wanted to exchange Amarillo property for property in Clovis, Portales or Lubbock, Texas.

Lots 1, 2, 3, 4, 5, 6, in block 48 and lots 1, 2, 7, 8, 9, 10, 11, in block 47 Tartar addition to Amarillo, Texas. The above 14 lots are unincumbered and lie on North Pierce and Buchanan streets just nine blocks north of Ft Worth and Denver depot—three blocks north of new Baptist church and north ward school. Rev. Jenkins recently sold a lot in 48 at \$500. I offer the 14 at \$500 each.

On South Polk and Taylor streets lots 16, 17, 18, also 7, 8, 9, 10, in block 11 Hand subdivision of Eakle addition.

I offer these at \$750 each. They lie between 21st and 22nd streets.

Susan G. Gullede,
Amarillo, Texas

Don't forget that our phone No. is still 58. Call us up. We will deliver Groceries, Coal Grain and Hay any where in the city limits.

Osborn & Son.

(Smith) Where did you get your new suit?

(Jones) This is my old suit. T. E. Landers cleaned and pressed it for me.

Summer Tours and Conventions.

Los Angeles and San Francisco. Sell May 20th, to 31st, 1909. Final return limit October 31, 1909. Fare for round trip \$63.95.

Notice of Suit

In the District Court, Roosevelt County, New Mexico.

Emma Ethel Brummett, Plaintiff (No. 500) vs. William L. Brummett, Defendant (No. 500) To the defendant, William L. Brummett in the above suit:

You will take notice that a suit has been filed against you in the District Court for the Fifth Judicial District of the Territory of New Mexico, for the County of Roosevelt, in which Emma Ethel Brummett is plaintiff and William L. Brummett is defendant, and numbered 500 on the docket of said court.

That the general objects of said suit are as follows: The dissolution of the bonds of matrimony now existing between plaintiff and defendant, for the custody of their child, Anna Marie Brummett, and for such other relief further relief as the nature of the cause may require and as the court shall direct.

You are further notified that if you fail to appear and answer or plead in this cause on or before the 16th day of July, 1909, judgment by default will be rendered against you in this suit and the allegations in plaintiff's complaint will be taken as confessed, and the plaintiff will apply to the court for the relief demanded in this complaint.

Reese, Carter & Reese are the attorneys for the plaintiff and their business address is Portales New Mexico.

WITNESS my hand and the official seal of said court this 18th day of May, 1909.

Outsiders Aroused

(Advertisement)

People outside of Portales are being aroused over the attempt to drive Dr. S. L. Boone out of business in Portales. The following letter is self explanatory.

Lockney, Tex., June 11, '09
Dr. S. L. Boone
Portales, New Mexico

Dear Doctor:

I am in receipt of the Roosevelt County Herald of June 4th, wherein there is an article that excites my interest. It is in reference to a medical society trying to make it a criminal offense for you to cure patients without the use of drugs. I cannot imagine why any practitioner of medicine should place any obstructions in your way to prevent you from applying a system of healing that they are not capable of using. If the M. D.'s, after graduating from a medical college would learn Oste-

opathy, Massage and Physical Culture and then take a course in Mental Healing they would be in shape to compete with you without the aid of the courts.

The time is now past when a physician can sit by the bedside of a patient suffering from a chronic disease and look wise, take out his prescription blank and write a prescription. He must take off his coat and get busy employing some of the methods you are applying as an adjunct.

I sincerely hope that you will not be troubled in the future. I have on many occasions heard you highly complimented on your success with chronic patients. I truly approve of the methods you use and assert that the physician who does not use Therapeutic suggestion with Massage, Osteopathy, Coldpacks and other Hydropathic methods fails in the cure of disease.

With best wishes for your con-

tinuous success, I am truly yours,
J. W. CARROL, M. D.

Woman's Club

Woman's Club met at Mrs. Culberson's office. The regular lesson was postponed until next week. Mrs. Dean of Oklahoma City gave a reading from the latter scene of Shakespeare's "Macbeth," also a humorous one—"Tales of Scandal of Lady Teasel and Sir Peter," which was appreciated and enjoyed by the Club. Mrs. G. M. Williamson, Secretary.

A car of Red Star Flour will be received at Will Smith's grocery.

I am now prepared to negotiate loans on deeded farms in Roosevelt county. T. J. Molinari, Portales, N. M.

Get your seed potatoes from M. J. Faggard & Co. They are selling the Tennessee Triumph.

Lyceum Course for Portales

The Woman's Club have signed with the Dixie Bureau for a Lyceum course for next fall and winter. The course consists of musicales, magic and mirth, clay modeler and cartoonist. The bringing of such talent to the town is highly commendable, and should not only be patronized, but encouraged. The Woman's Club are aware of their debt of gratitude to the citizens of Portales for their liberal support, both moral and financial, of all the enterprises championed by their organization. Therefore, as a slight testimonial of their appreciation of kindness, the Club is making this effort to give its friends some worthy entertainment for the autumn and winter evenings. Hoping to keep a happy unison of heart beats for the peace and prosperity of Portales, we are

Respectfully,
THE WOMAN'S CLUB.

Heading Off Prohibition.

Good people have the right to enjoy the discomfiture of the liquor interests. That there is trembling and panic in the camp of the brewers and distillers there is no sort of doubt. They are aware of the growing prohibition sentiment, and are suffering the keenest distress. Every day they are being more and more circumscribed by the enactment of prohibitory laws. Something must be done. Prohibition must be headed off. But the enemies of prohibition have found that they lose more than they gain by a straight-out fight against prohibition. Expediency requires that they shall change their tactics. Accordingly they are proposing a new policy. This new program was outlined the other day by Rudolph J. Shaefer, president of the New York Brewer's Association. The plan is to favor reform in the liquor selling business. People generally will not be deceived by such pretensions. Even if the organized liquor interests should lend hand in eliminating some of the grosser and deadlier features of the business, their motives will be clearly understood. There is abundant proof of the fact they would not favor any reforms in the business but for the hope that by this means they might, may be, save their business from utter ruin. And again if they were to undertake this reform business with all sincerity they would have a hopeless task. The business is too hopelessly bad to be capable of reform. It is the manifest and inherent and universal depravity of the business that has waked the people up to the fact that it is impossible to regulate it. There can not be found one saloon in a thousand that will pay decent respect to reasonable laws of regulation.

Prohibition has gained too much headway to be headed off by the puny and pretentious efforts at reform by the liquor power.—Word and Way.

Wanted: To rent or to sell—a neat, well built, three room house, recently painted and papered throughout and free from bugs and infections. Will sell on small cash payments, almost like rent. Or will rent cheap. See J. A. FAIRLY.

Osborn & Son have just received a car of Chandler lump, the best grade of Colorado coal. 2t

Notice of Suit.

In the District Court, Roosevelt County, N. Mex.

Maud B. Tanton, Plaintiff,

vs.

Asa D. Tanton, Defendant.

To the defendant, Asa D. Tanton, in the above suit.

You will take notice that a suit has been filed against you in the District Court for the Fifth Judicial District of the Territory of New Mexico, for the County of Roosevelt, in which Maud B. Tanton is plaintiff and Asa D. Tanton is defendant, and numbered 492 on the docket of said Court. That the general object of said suit is as follows:

A suit for divorce on the grounds of non support and cruel treatment, and that she be restored to the status of a single person and her former name, and that she be granted by law the right of possession of Frederick C. Tanton, a child born to them in 1905, and for cost of suit and such other and further relief as the nature of the cause may require and as the Court shall direct.

You are further notified that if you fail to appear and answer and plead in this cause on or before the 9th day of August, 1909, judgment by default will be rendered against you in this suit and the allegations in the plaintiff's complaint will be taken as confessed.

Compton & Compton are the attorneys for plaintiff and their business address is Portales, N. M.

Witness my hand, and the seal of said Court this 9th day of June, 1909.

Wholesale and Retail Dealers in

GENERAL MERCHANDISE

Including Groceries, Dry Goods, Notions, Implements, Vehicles, Ranch Supplies, Eclipse Mills, Pumps, Pipe and Casing.

The Tenth Year of This Mammoth Business

The second store of any kind established in Portales and the First General Store in this Part of New Mexico.

Beginning in a small room the place of business was soon doubled in size; then a side room built on; then, three years ago, the hugh ware house and fenced enclosure covering some acres of ground was found to be a necessity.

From this small beginning the business has grown into a Thirty Thousand Dollar Stock Company with a Quarter Million Dollar Business Annually.

This Great Store has been and is a REAL BENEFACTOR to the entire country, by reason of the fact that from the first it has furnished the poor people with supplies and carried them when but for this fact, Hundreds and Thousands would have been compelled to abandon their claims and their cattle and left the country. Largely as a result of this policy of helpfulness and of the splendid and capable management of the business, this house now gathers trade one hundred miles to the west, one hundred miles to the south and at least seventy-five miles to the east.

They invite you to visit their great store and make it your headquarters when in the city.

Shelf hardware, farm implements and windmill pipe and casing are going at especially low prices; also a few Garland stoves, to make room for a new car.

W. A. STUART

You can find me again this Spring in the same old breeding pen, back of the blacksmith shop, opposite C. W. Morris' feed and grain store.

I am in the business to stay. I have for this Spring's work the well known Registered Black Percheron, Starlight, which has stood at this stand part of two seasons. I have also the black Jack, Frank, known as the Burk Jack, which made the season at this stand last year. I have also a four-year-old Mammoth Jack, black, with white points, which stands 15 hands and 1 inch high, well shaped, good bone, and good individual. Also one 4-year-old harness horse of the Wilkes and Hamiltonian breed, which is a blood bay, 15 hands high, and a good individual.

My prices are cheap and my terms are fair and easy. Call and see my stock and get my prices and terms. No trouble to show stock; no trouble to give prices and terms. No business transacted on Sunday.

Breeding hours 10:30 a. m. and 3:00 p. m.

W. A. STUART

Passed Away

Thursday morning at twenty minutes of eight o'clock, Mrs. Elizabeth Smart Twigg passed from earth to the beyond, from a life of suffering and care to a life of refreshing and restful labor in the upper and better kingdom.

Born in 1867, in Christian county, Mo., Mrs. Twigg was one of a family of four children born to Mr. and Mrs. J. L. Smart, formerly of Billings, Missouri, but who have resided with Mr. and Mrs. Twigg much of the time for the past year and have been in constant watchcare over their daughter during her last illness. Mrs. Twigg was reared in a Christian home on the farm and educated at the common schools of the neighborhood. It was not until she was 26 years old however that she became married to Mr. Wm. Twigg, whom we have known as neighbor, citizen, brother Odd Fellow, and Christian man these two and one-half years of their residence in Portales. In these 14 years of married life, Mrs. Twigg has become the mother of five precious girls from whom she is now separated, until one by one, they too shall pass to their reward. Meantime Mrs. Twigg has been a great sufferer, having been rendered helpless for a long period in childhood by inflammatory rheumatism, and having been a prey to gripple, pleurisy and later on to the white plague which after a ceaseless attack of some three years finally conquered its victim.

In all the joy and all the sorrow and suffering which have overtaken her patient and loving life, however, no one who knew her could ever question for a moment that she was upheld by the grace and love and help of God. When a mere child she united with the church, only to discover in a few years that in reality she knew not God. The thought troubled her day and night and though she would have no one know it, she was unable to hide the great anxiety of her heart. A protracted meeting came on in the community. She attended day and night and sought with all her heart to know God and be done with sin. But it appeared that her efforts were in vain; and she finally reached the end of all her efforts; surrendered herself wholly and unreservedly to God's will and was saved in a moment. A peace that passed all understanding came in her life and abided with her to the end. She knew she was going to die, and was not only resigned, ready and waiting for her release, but called her loved ones about her, also her pastor; told them of her going; spoke her farewell message to them and folded her arms in rest and passed to her eternal reward. A sweet, happy, and blessed mother; a noble, self-sacrificing wife; a devoted, persevering, self-possessed Christian; the friend of all, the enemy of none, the whole town and community suffers and sorrows with Mr. Wm. Twigg and his dear little girls in their loss and ours.

The funeral services were conducted by Pastor E. P. Alldredge, from the Baptist church, at 4 o'clock in the afternoon of June 17th. The Odd Fellows taking charge of the body and placing it to rest in the Portales cemetery.

TAFT GROWS DEMOCRATIC

Asks for 2 Per Cent Tax on Corporations, Also Income Tax, Amendment to Constitution, Etc.

Wednesday, June 16, President Taft brought on a new crisis in the politics of the United States, by adopting outright the Democratic principles of an income tax and a direct tax on corporations; and he is insistent upon the income tax to the point of asking for a constitutional amendment. The following is the text of the epoch-making message to Congress:

"With my inaugural address I called attention to the necessity of the revision of the tariff this session and stated the principles upon which I thought the revision should be effected. I referred to the increasing deficit and pointed to the obligation of the framers of the bill to arrange for a duty for an adequate income. "The decision in the income tax cases takes from the government the power which it was supposed the government had. It is undoubtedly power the government ought to have. I therefore recommend that both houses of congress by two-thirds vote propose an amendment to the constitution conferring the power to levy an income tax, upon the national government, with apportionment among the states, according to population. This is much the better course than to re-enact the law once declared unconstitutional, for congress to suppose the court will reverse itself and to enact legislation on such an assumption is not to increase confidence in the stability of the courts.

"It is said that the difficulty and the delay in getting the consent of three-fourths of the states will destroy all chance of adopting the amendment. While none can speak with certainty on this point, I believe the majority of the people favor vesting the national government with the power to levy an income tax. The second condition in the Pollock case left the power in the national government to levy an excise tax. I therefore recommend an amendment to the tariff bill imposing on all corporations and joint stock companies for profit, except certain banks, otherwise taxed, an excise tax, measured by two per cent of the net income of such corporations. If enforced such a tax will bring in a revenue of not less than twenty-five million dollars."

Don't buy a cream separator without being sure you KNOW what you are doing.

Making a mistake in buying a cream separator means a great deal—it means waste of time and butterfat twice a day, every day in the year. If you get the wrong machine—until you "scrap" the machine itself.

More than 15,000 users who had made such a mistake replaced their "mistaken" machines with DE LAVAL separators during the year 1908.

They had probably wasted Five Million Dollars worth of investment, labor and butter meanwhile.

If you feel inclined to buy some other make of separator by all means do so, if you can find any apparently good reason for it.

BUT why not TRY a DE LAVAL machine beside the other machine for ONE WEEK before you actually contract to buy it? Simply SEE the comparative operation and comparative results and examine the comparative construction.

That's a proposition open to every intending separator buyer. Any DE LAVAL agent will carry it out. WHY not avail yourself of it and KNOW what you are doing before making this very important investment?

Don't let any alluring "catalogue house" literature or clever talking agent wheedle you into buying any other separator without FIRST actually TRYING it along side a DE LAVAL.

In other words, buy your separator intelligently and knowingly and not on blind faith in anybody's representations

A Sure Thing
The surest thing most men are about to put their money on, is a new Spring suit. The old Winter harness is about to be discarded for lighter weight.
It's easy to pick a winner in selecting from the line we handle.
Every pattern a favorite; olive, brown, shadow stripes, fancy checks, fancy serges, pencil stripes, everything that is new and all of the staples—more than enough to satisfy every man's taste. Take this tip: The olive shades and other novelties in our line are the hits of the season.

Don't buy a cream separator without being sure you KNOW what you are doing.

Making a mistake in buying a cream separator means a great deal—it means waste of time and butterfat twice a day, every day in the year. If you get the wrong machine—until you "scrap" the machine itself.

More than 15,000 users who had made such a mistake replaced their "mistaken" machines with DE LAVAL separators during the year 1908.

They had probably wasted Five Million Dollars worth of investment, labor and butter meanwhile.

If you feel inclined to buy some other make of separator by all means do so, if you can find any apparently good reason for it.

BUT why not TRY a DE LAVAL machine beside the other machine for ONE WEEK before you actually contract to buy it? Simply SEE the comparative operation and comparative results and examine the comparative construction.

That's a proposition open to every intending separator buyer. Any DE LAVAL agent will carry it out. WHY not avail yourself of it and KNOW what you are doing before making this very important investment?

Don't let any alluring "catalogue house" literature or clever talking agent wheedle you into buying any other separator without FIRST actually TRYING it along side a DE LAVAL.

In other words, buy your separator intelligently and knowingly and not on blind faith in anybody's representations

 A.D. 1936

Normal Opening

Monday morning, June 14th, promptly at 8:30 o'clock, County Superintendent, Mrs. S. F. Culberson, opened the compulsory term of the Roosevelt County Normal. A large audience, including several citizens of Portales, was present. An instrumental solo by Mrs. Nixon was the opening feature of the splendid program. This was followed by appropriate Bible reading and prayer by Pastor E. P. Alldredge of the Baptist church, after which Mr. Coe Howard delivered the address of welcome, which was a model both as to thought, appropriateness, conciseness and brevity. Following the address of welcome, Professor Day of Kentucky, who will be connected with the public schools of Portales, made a short talk, setting forth the methods of the schools and teachers' institutes in Kentucky. A reading which should be entitled "One of Job's Comforters" by Mrs. Dud Hardy brought down the house. Professor W. T. Conway of Raton, N. M., was then introduced as director of the Normal and made a very pleasant response.

Following these opening exercises, which were very much enjoyed, the following program constituted the Flag Day exercises:

- Song—America.
- Governor Curry's Proclamation of Flag Day Exercises—Read by Professor Russell.
- Reading, "The American Flag"—Professor Carroon of Roswell.
- Song, "The Star Spangled Banner"—Chorus.
- Addresses by Mrs. Culberson and Professor Conway.
- Song—"New Mexico," tune "My Maryland."

Full tailored imported worsted suits worth 25.00—price next ten days 16.00. Blankenship & Woodcock Mercantile Co.

Good Man Leaves Portales

Sunday morning, the 13th, Mr. J. W. Ware followed his stock of goods to the little town of Moriarity, N. M., where he will make his future home. Mr. Ware came here a little more than a year ago from Plainview, Texas, where he had lived, taught school and sold merchandise for many years. Mr. Ware is a man of profound convictions on all moral issues; and a man who is not afraid to declare himself on any point. Not very talkative and always free from trying to assume leadership, he is at the same time one of the most unflinching, uncompromising of men and is ready to stand up for the right no matter the cost. He was a faithful and loyal member of the Baptist church, the teacher of the Bible class, one of the leading spirits in the movement which drove the saloons and their attendant evils from Portales, and withal a good, level headed, sensible business man. Every good institution in Portales will miss this little indomitable man; and every family and social circle will miss his model family. Our best wishes and prayers will go with them. We desire to assure our neighbors at Moriarity that our loss is their gain; and if they do not want to get rid of their saloons and gambling dives they had better get J. W. Ware to move on to the next town.

For home manufactured soda pop and ice cream call phone number 41.

Woman's Home Mission Society

The Woman's Home Mission Society held their regular business meeting at the church, June 10. Mrs. Yates was elected to fill the office of 1st vice president, vacated by Mrs. Hill. The following committees were appointed for the next quarter: Parsonage committee, Mrs. Yates, Mrs. Spahr, Mrs. Nixon, church committee, Mrs. Williams, Mrs. Culberson and Mrs. Oldham, Benevolent and sick and stranger committee, Mrs. Carr, Mrs. Bryan and Miss

Lillian Carr. Our next meeting will be held at the church Thursday, June 24, at 4:00 p. m.

We are having a very interesting Bible study—twelve studies in the life of Paul. We earnestly beg the members to attend these meetings, you will gain much by doing so and we need your hearty cooperation.

Following is the program for our next meeting:

- Bible Study—2nd Chap. Gal.
- Talk on Tithing—Second Vice President.
- News from the Field—Mrs. Carr.

CORRESPONDING SECRETARY

Beale-Culp Nuptials

Monday morning, June the 14th, at the home of the Baptist Pastor, E. P. Alldredge, Mr. L. L. Beale of Amarillo and Miss Beulah Culp of Causey were united in the ties of matrimony. Pastor E. P. Alldredge officiating. The bride was accompanied to Portales by her brother for whom she was keeping house near Causey. She was a handsome bride, handsomely gowned and self possessed; and Mr. Beale is to be congratulated in that, having come to know her while her family lived at Amarillo, he continued his suit until he

gained his coveted prize. Mr. Beale is a rising young business man of Amarillo; and if he succeeds at everything as well as he has in winning a wife, we shall expect great things of him. The Herald wishes the young people all the success which their splendid young manhood and womanhood deserve.

Why not have something cool and refreshing for yourself and your customers? You can have it by calling up Deahl, phone number 41.

Cut Half in Two

Some schools are advertising that they have cut the price of their scholarships half in two during the summer months. Does this mean that during the winter and spring they were charging twice as much as their scholarships were worth, or does it mean that the warm weather affects their generosity to the extent that they can't help but give away all their profits? The school that gives the student his money's worth in the way of modern systems and thorough teaching during the winter months cannot afford to cut tuition just because the weather is warm, for rents, teacher's salaries, and other expenses are just as great in the summer as in the winter. Most of these cut-rate schools consist of a slick tongued talker in the office, a boy in charge of the book-keeping work, and a girl in charge of the shorthand and typewriting; three hot rooms up over a store.

The Tyler Commercial College of Tyler, Texas, owns and occupies two large buildings; both are thoroughly ventilated, cool and comfortable, employs 20 teachers, specialists in the work they handle; it teaches the famous Byrnes Simplified Shorthand and Practical Bookkeeping, gives a course of telegraphy and railroad work that is unequalled in America. With these advantages they can give the student a better course in four months than any other school, teaching other systems with poor teachers can give in six months. This not only means a better training for the student, but better salary after leaving school, and it saves the student two month's board while in school, which at \$12.50 per month would amount to \$25. It puts him out in time to earn two months salary before the student at the cut-rate school would finish his course, which at the lowest salary paid our beginners, \$40 a month, would amount to \$80, or a total saving of \$105. A scholarship in the other school at half rate would only be a saving of \$25 at most; this would leave a net saving by the Tyler Commercial College over the other schools of \$80, besides the fact that the student has a more thorough, practical training and two months experience before the other student is turned out from the school room.

Write for 188 page catalog giving facts and figures and be convinced. Cheap goods are dear at any price; the best is none to good when it comes to obtaining a practical education to be used throughout life. The prestige and national reputation of the Tyler Commercial College are valuable assets and cost you nothing extra.

C. W. Morris & Sons are headquarters for nice home-made hatted.com meal. Fresh stock always on hand 101f

T. E. Landers has just put in a phone—No. 28. Ring him up and let him call for your clothes if they need the attention of a first class tailor. 22tf

Better see Blankenship-Woodcock Mer. Co. before buying your supplies. They'll save you money.

I am now prepared to negotiate loans on decided farms in Roosevelt county. T. J. Millner. Portales, N. M.
