PLANS AND SPECIFICATIONS ACCEPTED FOR WATER, SEWER AND LIGHT SYSTEM

The engineers of the Barnes & McDonnell people of Kansas City, Missouri visited Portales last week, presenting to the town board the plans and specifications for water, sewer and light plant to be installed in Portales during the coming spring. The plans and specifications presented were accepted by the town board and January 26th, 1910, was set for a day when the successful bidder would be awarded the contract for the installation of this plant which will require some months. The town board had it stipulated that the contractor, no matter who he might be, was obligated to use all honest labor possible. This will mean employment to perhaps one hundred men for some months, besides it will do for Portales what has been so much needed for the past two years' the launching of some new, public enterprises. The power plant in this instance will be located in the neighborhood of the Portales Lumber Company's yard on lots one, two and three in block number five, formerly owned by Messrs. Lindsay and Oldham. The house will be ninety-six and one half feet long, thirty four feet and two inches in width and will be constructed of brick and finished with marble-dash concrete.
The plans and specifications are on exhibit in Chairman W. E. Lindsay's office; and indicate that, apart from the power house of the Portales Irrigation Company, it will be the handsomest building to be erected in Portales in some years.

BEN SMITH BECOMES SUPERINTENDENT

At last a happy solution of the school problems has come to pass. By the aid of the town board arrangements were quickly made last week whereby the necessary funds are available for the continuance of our public schools. This was the first step out of the difficulty. The second came in the selection of Mr. Ben Smith, formerly cashier of Portales Bank and Trust Company, to fill the unexpired term of Professor W. A. Poore, resigned. Mr. Ben Smith is known to every one in and out of Portales as a man of ability and clean Christian manhood and experience as a pedagogue. He is loved and honored of the whole community, and we believe he can and will make good as superintendent of public schools of Portales. Congratulations to the trustees of the town and of the school upon the outlook for the school.

BUYS PLACE BACK.

After selling his beautiful home and five-acre block and traveling over much of the far west, investing in Yuma Valley, Arizona, then making a trip over the south plains of the Panhandle

section of Texas, Mr. Jno. R. Hopper comes back, buys back his old home—which he had sold to Mr. Dudley Hardy—and settles down, with what, in his judgment, is the best proposition for the man of moderate means in all this section.

FAREWELL PARTY TO POORE

Last Saturday night Miss Vera Humphrey gave a farewell party to Professor Poore, who goes to be superintendent at Clovis. The party was given at the Baptist pastor's home and was attended by a great host of school boys and girls, who along with all the people in Portales, regret to lose Professor W. A. Poore. Professor Poore has grown on the people of Portales every day he has lived here; and no one has excelled him as superintendent of our public school. The young people at the party enjoyed games, refreshments and a general good time.

A PERSONAL WORD FROM THE EDITOR.

It is perhaps due the public that we should refer to some very misleading statements which have gone the rounds in Portales. Without any intention, we feel sure, a wrong impression has gone a broad with reference to our part in the land deal between Dr. Walton and the Messrs. Howard's. For the benefit of some who have misunderstood this matter, it is but just to say that Mr. Coe Howard never requested us to cut out or delay Dr. Walton's paper. He did say that we would likely save Dr. Walton an additional law-suit by not sending the paper, gotten out as extra editions, containing the special write-up of the closing of this irrigation proposition. As we had the best authority for believing that both Mr. Hawkins and Mr. Howard expected to hold Dr. Walton to his contract on sale and that if the Doctor got this special write up before making deed, he would withdraw the land from market in which case both Mr. Hawkins and Mr. Howard would bring suit, we felt justified in telephoning that Dr. Walton's paper be cut out. On reflecting over the matter however, we decided that it was none of our business and accordingly this extra edition, containing the special write-up about which Mr. Coe Howard had spoken, was also mailed to Dr. Walton's address. Let it be understood that we were not under any obligations to get out this extra edition and after it was out, we were under no obligations to mail it to any of our subscribers, except those we chose to mail it to.

From this and the fact that we own one-sixteen share in the Holloway Townsite Co., in which Coe Howard also owns a sixteenth, some people have gathered the notion that we were subsrosa a party to the Joe Howard & Sons Land Co. Now the fact is, there is not even a shadow of truth in this supposition and if there were it would be a matter between us and the Joe Howard & Sons Land Company. It is a fact that this land firm advertizes with us extensively and that they sell a great deal of land and under the circumstances, we would feel clearly justifiable in "putting them next" on any proposition we might hear of. Unhappily, however our business takes us away from opportunities of this kind and we have not been able, so far as we know, to send them a buyer. Without knowing that this firm had the agency for the Huffine place, we did sell eighty acres of this place to Mr. Detweiler in the presence of Coe Howard and after doing so, arose to hunt a land man who had told us he had the agency of the land. Coe Howard thereupon informed us that he had the agency for this land. Was it right for us to insist on hunting up the other agent and turning this sale to him? The other agent thought so and felt aggrieved because we did not do it. But we dont think so and dont believe that anybody else thinks so.

OUR REWARD.

The facts, not one cent from the sale of any land in this community has ever come to us in any way; though we believe we have given as much labor to the coming of the better day now dawning in Portales as anyone in the town. Our reward is to see these poor struggling people gain an independence, in which case we have no fears about ourselves.

BANK MERGER IN PORTALES.

Monday night the most important business change that has happened in Portales in some time was consummated in the purchase of the stock of the Citizens National Bank. The purchasers were The First National Bank and The Portales Bank & Trust Co. In this way the entire \$50,000 stock of The Citizens National Bank changed hands. Mr. Stone, the president of The Citizens National Bank retires to his first love—the ranch,—while G. M. Williamson, vice president, becomes president of The Portales Bank & Trust Co., J. A. Fairly retiring. S. A. Morrison of The Citizens National Bank becomes cashier of The Portales Bank & Trust Co., Ben Smith becoming superintendent of public schools, while Arthur Jones formerly assistant cashier in The Citizens National Bank takes a similar position in The First National Bank.

Thus The Citizens National Bank has merged into the other two banks, some expense is saved while an equal capitol and volume of business is done. It is not known what plans Mr. Fairly has in view, but it is hoped that whatever line he chooses to engage in he will remain in Portales.

DAUGHTERS OF THE CONFEDERACY RECEPTION

Mrs. W. I. Luika entertained the Daughters of the Confederacy in honor of her father, Mr. Wm. Mitchell, most agreeably Tuesday evening. Besides the guest of honor, Mr. Mitchell, there were present of the Old Guard Judge H. F. Jones, Judge C. L. Carter, Dr. Montgomery and W. L. Heck. The Chapter was out in full force, the husbands of the ladies accompanying and in addition to the guests, a number of the members of the Chapter were present. The refreshments were deliciously decorated and served by the ladies.

was assisted in entertaining by Mrs. H. F. Jones, president of the Chapter, Mrs. T. E. Mears, Mrs. Jeff Hightower, Mrs. M. Servis and Miss Shay. Delicious refreshments were served and the party dispersed about midnight, voting Mrs. Luika the best party giver of the season. The next meeting of the Daughters was announced for Tuesday afternoon, January 17th, at the residence of Mrs. H. F. Jones.

PORTALES vs CARLSBAD.

THREE INTERESTING GAMES OF BASKET BALL PLAYED MONDAY, TUESDAY AND WEDNESDAY.

Portales High School basket ball players were the welcome guests of the Carlsbad teams Monday, Tuesday and Wednesday of this week. Three games were played to decide the championship of the territory, and Carlsbad won two.

The score stood 16 to 18 for Monday's game in favor of Portales, while each of the succeeding games resulted in a score of 10 to 18 in favor of Carlsbad.

From the first, the Carlsbad team found that they did not have a walkover.

The Portales centre, Hugh McDermott, although outmatched in height and weight, played well, and is recognized by Carlsbad as a star player.

Sam Osborne and Claud Standridge were the Portales goal-men and did credit to themselves and the team as they several times eluded their guards.

Earle Williams (the girls know him) and Cleave Humble were the guards. They played well and kept our boys busy.

Robert Ezell was Carlsbad's centre and took the ball most of the time.

Oppie Wallace and Bryan Mudgett were forwards. They played

SURPRISE WEDDINGS.

Last Thursday afternoon at four o'clock at the bride's home, on west side of town, Miss Etta Wilson was married to Mr. Chester Smith of Roswell. The wedding was decidedly a surprise to the people of Portales. Miss Wilson came here with the family from Pueblo, Colorado, some five months ago. It was a sort of love at first sight proposition with the beautiful blonde bride and the handsome young brunette bridegroom. Only the sisters and small brothers of the bride, besides the officiating minister, E. P. Alldredge, was present. The happy couple spent a day or two in Portales before going to their home in Roswell.

BUY LOTS FOR HOME.

Wednesday, Mr. Dudley Hardy purchased of W. W. Humble the three lots just west of the J. B. Priddy place, for the purpose of erecting a home. The plans and specifications for a beautiful eight-roomed modern bungalow residence have been received and passed upon. The contract will be let Monday morning and the work begun immediately and it will be ready for occupancy by the first of March. Thus Portales grows.

Attorney C. M. Compton, Jr. went to Clovis on business Thursday.

TAKE NOTICE!

All livery and merchandise going out on the Vaughan Auto Line in the future will be cash. All doctor drives will be cash in 10 days; other drives cash upon arrival from drive, owing to the fact that we have to pay cash for our supplies. We are always glad to accommodate the public when it is possible to do so, but it costs us to do the work. So we have found that it don't pay us to carry the extra supplies for livery work, aside from our land business, and wait so long for our money. We hope we may be able to meet your wants and assure you we will be pleased to answer your needs.

Very respectfully yours,

We have rented a half of the Hardy Hardware building on the south side of the square, and will conduct our business there until we can rebuild on our old location. Our buyer went east and bought our new stock some ten days ago, and the new goods are arriving on every west bound train, and in the next week or ten days our stock will again be complete. We wish to thank the people of Portales and surrounding country for their liberal patronage in the past and solicit your trade in the future. We feel that Portales and Roosevelt county is just entering on the new year of 1910 with much promise of prosperity. NEWS OF WEEK IN BRIEF

LYNCHINGS OF THE YEAR.

Washington, D. C. Dec. 21.—Lynchings in 1909 have numbered seventy, the highest number recorded since 1904. The victims numbered eleven whites and fifty-nine negroes. The lynchings occurred in twelve states and one territory—New Mexico. As in previous years, crimes are alleged crimes against white women and murders caused most of these summary executions. One case, occurring in Cairo, Ill., combined both causes and resulted in the placing of the city under military control for several days. The Cairo lynchings were the only cases of the kind that occurred north of the Ohio river during the year. Several double lynchings occurred at various points in the South, and Oklahoma furnished a quadruple lynching, with four cattlemen as the victims.

In the following record the word "lynching" has been held to apply only to the summary punishment inflicted by a mob or by any number of citizens on a person alleged to have committed a crime. By states the seventy lynching cases here recorded are classified as follows:

| | |
|----------------|----|
| Georgia | 11 |
| Texas | 10 |
| Florida | 8 |
| Louisiana | 7 |
| Mississippi | 7 |
| Alabama | 6 |
| Oklahoma | 5 |

WOMEN WHO GIVE MILLIONS.

Although cold figures are repulsive in the matter of heart and charity, a table would show that almost a dozen women—each in her own way—have each given a million dollars or more to the up lift of humanity.

| | |
|-----------------------|--------------|
| Mrs. Leland Stanford | \$33,000,000 |
| Mrs. Russell Sage | \$25,000,000 |
| Mrs. Thomas F. Ryan | \$5,000,000 |
| Mrs. A. A. Anderson | \$1,750,000 |
| Mrs. W. K. Vanderbilt | \$1,000,000 |
| Mrs. F. C. Penfield | \$1,000,000 |
| Miss Helen Gould | \$1,000,000 |
| Miss Mary J. Winthrop | \$2,000,000 |
| Miss Eliza O. Jones | \$2,000,000 |
| Miss Anna T. James | \$1,000,000 |
| Miss Grace H. Dodge | \$1,000,000 |

There is a secret in giving millions; they can be given in such way that the good will behind them is thought of rather than the mere dollars and cents. A woman's heart holds the key. Men send gifts, women bring them. Helen Gould meets at church services with the sailors, or talks to lone watchmen on her railroads; Mrs. Sage asks the workmen on the streets what his family has to eat; Mrs. Vanderbilt goes among the suffering in her hospital, scattering flowers and cheer; Miss Dodge meets the strange girl at the station and starts her out in safety. The man philanthropist pushes the bundle of letters over to his private secretary. —Van Nordan Magazine.

ONE HUNDRED THIRTY FIVE THOUSAND DOLLARS FOR BAPTIST CAUSE IN TEXAS.

Dallas, Texas, December, 16.—The State Mission Board of the Baptist general convention of Texas, after two days of close application to business, has completed its labors and finally adjourned. The object of this, the first regular meeting of the board after the convention, was to lay out the appropriation necessary for the successful prosecution of it. The convention authorized the board to raise \$135,000, and to use such part of the amount as might be required to assist weak churches and in needy missionary fields. —Amarillo Daily.

BALLINGER-PINCHOT MESS TO BE PROBED BY THE SENATE.

Washington, Dec. 21.—The senate today practically decided upon an inquiry into the Ballinger-Pinchot controversy by adopt-

ing a resolution introduced by Senator Flint of California, calling for all papers bearing upon the case. Senator Jones of Washington stated if no one else should propose a resolution of inquiry he would do so after the holidays.

BAKERY IN CLOVIS IS DESTROYED BY FIRE.

Clovis, N. M., Jan. 1.—At 4:30 p. m. Friday fire was discovered in the Miller bakery, a small frame building located on North Main street in an isolated place. The fire department responded promptly, but such headway had been gained that it was not possible for them to render aid. Miller reports there was no fire in the bakery in the afternoon, and he has a strong belief that it was set on fire by some business enemies. The building was totally destroyed and only a small portion of the fixtures were saved. There was small insurance.

GAYNOR SWORN IN AS MAYOR TODAY.

New York, Jan. 1.—William J. Gaynor, who was elected by the people last November, was today sworn into office as mayor of New York City to succeed George B. McClellan. The induction was accompanied by simple ceremonies which took place in the council chamber of the city hall in the presence of the board of aldermen and other officials and interested spectators.

CLOVIS VISITED BY ONE MORE BIG FIRE.

Clovis, N. M., Dec. 29.—Fire at midnight, last night, partly destroyed the stock of general merchandise owned by The Clovis Supply company and located on the lower floor of the Owen building, on West Grand Avenue. The value of the stock was estimated at about \$15,000 and was covered by fifty per cent insurance. The entire stock was damaged by water and all the grocery and millinery department was completely destroyed. The building was damaged to the extent of about \$2,500, covered by insurance. The origin of the fire is not known. Some think it was caused by the explosion of a lamp and others believe incendiaries were at work.

ROCK ISLAND GETS NEW MEXICO CENTRAL.

Albuquerque, N. M., Dec. 31.—That the New Mexico Central railway properties are included in the recent deal by which the Rock Island absorbed the Lehigh Valley to gain entrance into Jersey City and New York, and the Wabash, to connect its Chicago lines with the Lehigh Valley at Buffalo, is the latest report to reach this city. Col. W. S. Hopewell of the Central, who has been in Chicago and the east for some time past will probably arrive home tonight. The story which has preceded him is to the effect that the big Rock Island deal includes a close traffic agreement with the Denver and Rio Grande by one of the provisions of which the roads will jointly take over the New Mexican Central for \$1,850,000 and the Hagan coal fields of the New Mexico Fuel and Iron company for an additional half million. It is said the line to Hagan will be immediately resumed and completed in six months' vigorous construction to be inaugurated January 15. The deal is said furthermore to involve the building of a connection between Moriarty and Santa Rosa and the continuation of the Hagan line to a connection with the Santa Fe at Algodones.

TURKISH CABINET RESIGNS—HILMI PASHA NOT PROGRESSIVE ENOUGH FOR YOUNG TURKS

Constantinople, Dec. 28.—The whole Turkish cabinet resigned tonight, following the resignation of Hilmi Pasha, grand vizier, who withdrew from the ministry early in the day.

The immediate cause of Pasha's resignation is not known, but recently attempts have been made in the chamber to overturn the ministry.

It is believed that the committee of union and progress decided upon a change in the ministry because they regard the accusations against the former grand vizier, Kiamil Pasha, unjust.

Hilmi Pasha was appointed grand vizier by the sultan on the resignation of Kiamil Pasha on February 14, and the new cabinet was constituted May 5.

Soon after its formation the chamber of deputies and the senate, with scarcely a dissenting voice, voted conference in the ministry after the government's policy was explained. This policy included economy to meet the financial deficit and the eradication of the causes that led to the Adana outbreak.

The committee of union and progress, which was the moving

spirit in the overthrow of Sultan Abdul Hamid, has since the change in administration, obtained a firm grip on the governmental machinery and there have been rumors since the early part of September that the cabinet would resign or be forced from office.

More recently the committee demanded the resignation of the minister of public works and this demand was complied with. There has been much active opposition in the chamber as to the grand vizier, whose program did not satisfy the wishes of the Young Turks.

POSTMASTER BOLTON ATTEMPTS TO END LIFE.

Albuquerque, N. M., Jan. 4.—Postmaster John T. Bolton of Carlsbad, N. M., attempted suicide last night, shooting himself in the head. There is a chance for recovery.

INTENSE COLD IN MIDDLE STATES.

Cincinnati, Dec. 30.—For the first time in seven years the Ohio river here is frozen over today except for a small space in the local harbor, which tugs are endeavoring to keep open.

More than a million dollars worth of property is jeopardized by freezing of the river. It was three degrees below zero this morning.

Nashville, Dec. 30.—For the first time since 1893 the Cumberland river at this point is covered with a thin coating of ice. It was six above zero this morning.

Philadelphia, Dec. 30.—A cold wave from the west has reached here and destroyed all hope of a speedy clearing away of the blockade caused by the Christmas ice. The Schuylkill river here is frozen. Severe weather is reported all over the state.

Louisville, Dec. 30.—Fast in the grasp of the coldest weather in years, Louisville, with several million bushels of Pittsburg coal almost at its back door, faces a threatened coal shortage.

Even Florida is shivering, it being twenty above at Jacksonville, while Tampa, across the state and 200 miles south, reports 28 above and a killing frost.

New York, Dec. 30.—New Yorkers awoke this morning to find the coldest day of the winter upon them. Many persons were overcome by cold and municipal lodging houses are crowded with persons seeking shelter.

Pittsburg, Dec. 30.—Coming of zero weather in Pittsburg and throughout western Pennsylvania has temporarily postponed, here and along the Ohio river in West Virginia and Ohio, destructive floods.

PORTALES
 THE HOME OF GOOD GOODS

Owing to our loss by fire on the morning of December 15th, we have been, practically, out of business for about three weeks. We have been in business for about twenty-two years and this is our first fire, and we hope and trust that it will be our last one. While this fire has caused us a severe loss, we are not to be deterred from opening up again as soon as we can get the goods here. In fact, we are already open for business. We have rented a half of the Hardy Hardware building on the south side of the square, and will conduct our business there until we can rebuild on our old location. Our buyer went east and bought our new stock some ten days ago, and the new goods are arriving on every west bound train, and in the next week or ten days our stock will again be complete. We wish to thank the people of Portales and surrounding country for their liberal patronage in the past and solicit your trade in the future. We feel that Portales and Roosevelt county is just entering on the new year of 1910 with much promise of prosperity. As we said above, our new goods are arriving daily, and we invite you, one and all, to call and see us. Hardy Building, South Side of the Square.

NEWS OF WEEK IN BRIEF

LYNCHINGS OF THE YEAR.

Washington, D. C. Dec. 21.—Lynchings in 1909 have numbered seventy, the highest number recorded since 1901. The victims numbered eleven whites and fifty-nine negroes. The lynchings occurred in twelve states and one territory—New Mexico. As in previous years, crimes are alleged against white women and murders caused most of these summary executions. One case, occurring in Cairo, Ill., combined both causes and resulted in the placing of the city under military control for several days. The Cairo lynchings were the only cases of the kind that occurred north of the Ohio river during the year. Several double lynchings occurred at various points in the South, and Oklahoma furnished a quadruple lynching, with four cattlemen as the victims.

In the following record the word "lynching" has been held to apply only to the summary punishment inflicted by a mob or by any number of citizens on a person alleged to have committed a crime. By states the seventy lynching cases here recorded are classified as follows:

| | |
|----------------|----|
| Georgia | 11 |
| Texas | 10 |
| Florida | 7 |
| Louisiana | 7 |
| Mississippi | 7 |
| Alabama | 6 |
| Oklahoma | 5 |
| Kentucky | 4 |
| South Carolina | 3 |
| Arkansas | 3 |
| Illinois | 2 |
| New Mexico | 2 |
| Missouri | 1 |
| West Virginia | 1 |

WOMEN WHO GIVE MILLIONS.

Although cold figures are repulsive in the matter of heart and charity, a table would show that almost a dozen women—each in her own way—have each given a million dollars or more to the uplift of humanity.

| | |
|-----------------------|--------------|
| Mrs. Leland Stanford | \$33,000,000 |
| Mrs. Russell Sage | \$25,000,000 |
| Mrs. Thomas F. Ryan | \$5,000,000 |
| Mrs. A. A. Anderson | \$1,750,000 |
| Mrs. W. K. Vanderbilt | \$1,000,000 |
| Mrs. F. C. Penfield | \$1,000,000 |
| Miss Helen Gould | \$10,000,000 |
| Miss Mary J. Winthrop | \$2,000,000 |
| Miss Eliza O. Ropes | \$2,000,000 |
| Miss Anna T. Jeanes | \$1,000,000 |
| Miss Grace H. Dodge | \$1,000,000 |

There is a secret in giving millions; they can be given in such way that the good will behind them is thought of rather than the mere dollars and cents. A woman's heart holds the key. Men send gifts, women bring them. Helen Gould meets at church services with the sailors, or talks to lone watchmen on her railroads; Mrs. Sage asks the workmen on the streets what his family has to eat; Mrs. Vanderbilt goes among the suffering in her hospital, scattering flowers and cheer; Miss Dodge meets the strange girl at the station and starts her out in safety. The man philanthropist pushes the bundle of letters over to his private secretary. —Van Nordan Magazine.

ONE HUNDRED THIRTY FIVE THOUSAND DOLLARS FOR BAPTIST CAUSE IN TEXAS.

Dallas, Texas, December, 16.—The State Mission Board of the Baptist general convention of Texas, after two days of close application to business, has completed its labors and finally adjourned. The object of this, the first regular meeting of the board after the convention, was to lay out the appropriation necessary for the successful prosecution of it. The convention authorized the board to raise \$135,000, and to use such part of the amount as might be required to assist weak churches and in needy missionary fields. —Amarillo Daily.

BALLINGER-PINCHOT MESS TO BE PROBED BY THE SENATE.

Washington, Dec. 21.—The senate today practically decided upon an inquiry into the Ballinger-Pinchot controversy by adopt-

ing a resolution introduced by Senator Flint of California, calling for all papers bearing upon the case. Senator Jones of Washington stated if no one else should propose a resolution of inquiry he would do so after the holidays.

BAKERY IN CLOVIS IS DESTROYED BY FIRE.

Clovis, N. M., Jan. 1.—At 4:30 p. m. Friday fire was discovered in the Miller bakery, a small frame building located on North Main street in an isolated place. The fire department responded promptly, but such headway had been gained that it was not possible for them to render aid. Miller reports there was no fire in the bakery in the afternoon, and he has a strong belief that it was set on fire by some business enemies. The building was totally destroyed and only a small portion of the fixtures were saved. There was small insurance.

GAYNOR SWORN IN AS MAYOR TODAY.

New York, Jan. 1.—William J. Gaynor, who was elected by the people last November, was today sworn into office as mayor of New York City to succeed George B. McClellan. The induction was accompanied by simple ceremonies which took place in the council chamber of the city hall in the presence of the board of aldermen and other officials and interested spectators.

CLOVIS VISITED BY ONE MORE BIG FIRE.

Clovis, N. M., Dec. 29.—Fire at midnight, last night, partly destroyed the stock of general merchandise owned by The Clovis Supply company and located on the lower floor of the Owen building, on West Grand Avenue. The value of the stock was estimated at about \$15,000 and was covered by fifty per cent insurance. The entire stock was damaged by water and all the grocery and millinery department was completely destroyed. The building was damaged to the extent of about \$2,500, covered by insurance. The origin of the fire is not known. Some think it was caused by the explosion of a lamp and others believe incendiaries were at work.

ROCK ISLAND GETS NEW MEXICO CENTRAL.

Albuquerque, N. M., Dec. 31.—That the New Mexico Central railway properties are included in the recent deal by which the Rock Island absorbed the Lehigh Valley to gain entrance into Jersey City and New York, and the Wabash, to connect its Chicago lines with the Lehigh Valley at Buffalo, is the latest report to reach this city. Col. W. S. Hopewell of the Central, who has been in Chicago and the east for some time past will probably arrive home tonight. The story which has preceded him is to the effect that the big Rock Island deal includes a close traffic agreement with the Denver and Rio Grande by one of the provisions of which the roads will jointly take over the New Mexican Central for \$1,850,000 and the Hagan coal fields of the New Mexico Fuel and Iron company for an additional half million. It is said the line to Hagan will be immediately resumed and completed in six months' vigorous construction to be inaugurated January 15. The deal is said furthermore to involve the building of a connection between Moriarty and Santa Rosa and the continuation of the Hagan line to a connection with the Santa Fe at Algodones.

TURKISH CABINET RESIGNS—HILMI PASHA NOT PROGRESSIVE ENOUGH FOR YOUNG TURKS

Constantinople, Dec. 28.—The whole Turkish cabinet resigned tonight, following the resignation of Hilmi Pasha, grand vizier, who withdrew from the ministry early in the day.

The immediate cause of Pasha's resignation is not known, but recently attempts have been made in the chamber to overturn the ministry.

It is believed that the committee of union and progress decided upon a change in the ministry because they regard the accusations against the former grand vizier, Kiamil Pasha, unjust.

Hilmi Pasha was appointed grand vizier by the sultan on the resignation of Kiamil Pasha on February 14, and the new cabinet was constituted May 5.

Soon after its formation the chamber of deputies and the senate, with scarcely a dissenting voice, voted conference in the ministry after the government's policy was explained. This policy included economy to meet the financial deficit and the eradication of the causes that led to the Adana outbreak.

The committee of union and progress, which was the moving

spirit in the overthrow of Sultan Abdul Hamid, has since the change in administration, obtained a firm grip on the governmental machinery and there have been rumors since the early part of September that the cabinet would resign or be forced from office.

More recently the committee demanded the resignation of the minister of public works and this demand was complied with. There has been much active opposition in the chamber as to the grand vizier, whose program did not satisfy the wishes of the Young Turks.

POSTMASTER BOLTON ATTEMPTS TO END LIFE.

Albuquerque, N. M., Jan. 4.—Postmaster John T. Bolton of Carlsbad, N. M., attempted suicide last night, shooting himself in the head. There is a chance for recovery.

INTENSE COLD IN MIDDLE STATES.

Cincinnati, Dec. 30.—For the first time in seven years the Ohio river here is frozen over today except for a small space in the local harbor, which tugs are endeavoring to keep open.

More than a million dollars worth of property is jeopardized by freezing of the river. It was three degrees below zero this morning.

Nashville, Dec. 30.—For the first time since 1893 the Cumberland river at this point is covered with a thin coating of ice. It was six above zero this morning.

Philadelphia, Dec. 30.—A cold wave from the west has reached here and destroyed all hope of a speedy clearing away of the blockade caused by the Christmas ice. The Schuylkill river here is frozen. Severe weather is reported all over the state.

Louisville, Dec. 30.—Fast in the grasp of the coldest weather in years, Louisville, with several million bushels of Pittsburg coal almost at its back door, faces a threatened coal shortage.

Even Florida is shivering, it being twenty above at Jacksonville, while Tampa, across the state and 200 miles south, reports 28 above and a killing frost.

New York, Dec. 30.—New Yorkers awoke this morning to find the coldest day of the winter upon them. Many persons were overcome by cold and municipal lodging houses are crowded with persons seeking shelter.

Pittsburg, Dec. 30.—Coming of zero weather in Pittsburg and throughout western Pennsylvania has temporarily postponed, here and along the Ohio river in West Virginia and Ohio, destructive floods.
