# PORTALES A UNIQUE TRADING CENTER!

### Has the Largest Undisputed Trade Area, the Densest Population, the Best Soil and Climate, With a 10,000 Acre Irrigation Plant Being Installed; Also A Practically Unlimited Scope of Dry Farming Area.

There are five reasons why Portales is now and will continue to be a unique trading center:

- 1.—The vast densely populated farming area round about Portales. Shut in from Clovis on the north by a natural barrier of sandhills, the merchants of Portales have an undisputed trade area reaching 45 miles to the west, 40 miles to the east and 100 miles to the south, in one of the most densely populated farming areas in the United States. If one stands on the point of the mesa 120 miles west of Portales and looks eastward, with field glasses, he will see 45 or 50 miles down Portales Valley where the water is never over 30 feet deep and where the farm houses are so thick that it seems one continuous village.
2. Besides being the county seat town, Portales has the banks, the business houses, the schools to draw trade to this city. Indeed on all these lines as well as in population, Portales leads the county.
3. The geographical position of Portales renders it unique as a trading center. There are impassible sandhills between Portales and Clovis and practically the same sort of barrier between Portales and Elida, 25 miles distant. There are no towns to the west or to the east of Portales under 65 miles distant, so that in this area, one of the most densely settled in all the south-west, Portales is and for years will be without competition.
4. Portales is in the center of Portales Valley where a 10,000 acre irrigation project is being installed (and will be in operation by the coming May) and where there are at least 90,000 acres more of the best and smoothest land where there is an inexhaustible supply of water at a depth of 8 to 30 feet. The plant now being installed will cost \$350,000, is bought and will be paid for and owned by the farmers in seven years. It will be increased to 25,000 acres within the next year. It is therefore impossible to estimate what this feature alone will add to the unique advantages of Portales as a trading center.

5. From 30 miles westward from Portales to Lubbock, Texas, 100 miles to the east, is a rich, shallow water valley, thickly settled which within five years will be in one vast pumping irrigation plant, stretching out for 130 miles in length and an average six miles in width.

which within five years will be in one vast pumping irrigation plant, stretching out for 130 miles in length and an average six miles in width.

Possibilities did you say? Yes, the soil is here. The climate is here. The farmers are here. And in the last few months they have discovered that they are working a soil a few feet underneath which flows an underground river, the headwaters of the Brazos River. One well showed capacity to deliver 1400 gallons per minute when pumped with 6 inch centrifugal pump.

And best of all, the real merchants of the country are realizing the possibilities. Warren Foshee & Co., who suffered a great loss recently are already in the task of rebuilding on a much larger scale. C. V. Harris & Co. have enlarged their stock several times and are doing an immense business. And now comes the greatest drygoods merchants ever in Eastern New Mexico, the Joyce, Fruit Co. with headquarters at Roswell and with large branch stores at Artesia, Carlsbad, Hope, Hagerman etc. They have purchased a 100 feet front on one of the best corners in Portales fronting on square and have their plans and specifications for a modern wholesale and retail store to cover this lot. Meantime they have purchased the Blankenship Woodcock stock and will conduct business there until their new house is ready. Come to Portales!

### The Joyce-Fruit Co. Launch.

This week witnessed the launching of the Joyce-Fruit Co. of Roswell in a large mercantile enterprise in Portales. This mercantile company represents perhaps more capital, more enterprise and more real business capacity than any mercantile company in eastern New Mexico. Beginning far back in 1893, when Mr. J. A. Walker, now of Brownwood, Texas, and Mr. A. Pruitt then of Colorado, Texas, came to Carlsbad, New Mexico, and bought out the mercantile business of Pennebaker, Joyce & Co. and R. H. Pierce, the business was carried on in this name till 1895 when Walker & Pruitt formed a partnership with J. R. Joyce, Chas. F. Joyce and J. F. Joyce at Roswell, New Mexico, under the present firm name of Joyce-Fruit & Co., absorbing the Walker & Pruitt interests at Carlsbad and also the business of Jno. R. Joyce & Co. of Roswell. In 1896 another forward step was made, when the Joyce-Fruit Co. bought the large wholesale and retail business of Jaffa-Prager & Co. In 1897 they secured an interest in the Pecos Mercantile Company. In 1903 the business was incorporated under the name of the Joyce-Fruit Co. In 1904 the company established a business at Artesia. In 1906 the company established a business at Hagerman. In 1909 the company put in a store at Hope. For some two or three weeks the company has been negotiating for suitable location in Portales. Last week they secured 100x150 feet fronting the court house square next to the Portales Bank & Trust Company. Later, this week, the company purchased the remainder of the stock of Blankenship & Woodcock Mercantile Co. The work of invoicing this stock is going on as we go to press. The plans

for the new building are drawn. The stock being purchased will be replenished from the company's wholesale house at Roswell and business on a large scale will be begun within a week or such matter. They will carry a full line of dry goods, groceries, hardware and implements in all such quantities as will supply the demands. It will perhaps be of interest to our readers to know that the capital and surplus of this company now amounts to \$800,000. They maintain an office in New York City with a resident buyer. The company is composed of Jno. R. Joyce, president; J. Frank Joyce, vice president; A. Pruitt, secretary and treasurer; Chas. F. Joyce, Olin H. Ragsdale, Clarence Bell, E. E. Hoagsland. Mr. A. T. Monroe will be local manager at Portales and will move his family here sometime in the summer.

### Pumping Water For Irrigation

Some weeks ago, the Brand received a letter from Earl Warren who lived at Hereford until recently but now resides at San Marcel, N. M. in which he encouraged the pump irrigation project about to be undertaken at Hereford. In answer to the letter, the Brand propounded a lot of questions which Mr. Warren answers. His letter will be source of valuable information.

Dear Sir: In answer to your questions, will say that our wells are fifty feet deep and we raise the water 26 feet. It requires quite a lot of power to raise a stream of water 6 inches in diameter 26 feet. We burn about 164 gallons of gasoline during 12 hours. (By actual test.) It costs us 17 cents per gallon. We count \$3.00 for gasoline and \$3.00 for

an engineer which makes a run of 12 hours cost us \$6.00. We pump 989 gallons per minute. But could pump more if our wells would afford the water. We have to use two wells at the same time to get 989 gallons. We have two groups of wells and each group consists of two wells. We will water 90 to 100 acres in all. We construct our ditches 1 and a half feet wide in the bottom with a bank as high as necessary. We make them on top of the ground, don't dig a ditch and give the ditch bank a one to one slope.

We are watering 4 acres each 12 hours but our land is new and rough, lots of high and low places, and it takes lots of water to get over it, and it is not the same kind of land you have there. The amount of gasoline used depends on how far you raise the water, how it is fed to the engine, the size of engine and the grade of gasoline used. We use Naptha when we can get it. (When I speak of gasoline I mean Naptha.)

Our pumping plant cost us around \$1700.00. We shipped it from California. Wish I could be on the ground with those that intend installing a plant. Hoping this will suffice, I remain, Very truly, Earl Warren. —Hereford Brand.

### MOVING IN AMONG US

Mr. J. B. Vernon formerly of Johnson, Arkansas, arrived in Portales Thursday. As was stated in these columns recently, Mr. Vernon traded his home in Johnson, Arkansas, for property in Roosevelt county and has now brought his family and moved on his place near Inez, New Mexico. We welcome the coming of this good man and his family and wish we had many more like them. Mr. Vernon was accompanied by a Mr. Greathouse.

## WHAT THE GOVERNOR STANDS FOR.

In his inaugural address, Gov. Wm. J. Mills outlined the policies of his administration as follows:  
Law enforcement, "honestly, vigorously and without fear or favor."  
Uniformity of valuation for similar kinds and classes of property everywhere in the territory and a lowering of the rate.  
Improvement of the Public School system so that no state in the union will present superior advantages for public school education than does New Mexico.  
The building of the best public highways on a definite, uniform and permanent plan.  
The framing of a constitution on broad general lines as outlined by President Taft and as insisted upon by all the statehood bosses in Congress.  
The safe guarding of our public lands by rigid stipulations of our constitutional law.  
The placing of a strict constitutional limitation upon the percent which can be levied upon taxable property according to law, as a safeguard for investors as well as for protection for the property holder.

## STATEHOOD MILL GRINDS.

Washington, March 5.—In an effort to get the statehood bill ready for report, the senate committee on territories is in session today going over both the Hamilton and Beverage bills. National Republican Committeeman, H. O. Bursum of New Mexico, who is in New York, was called by wire by the chairman of the committee today to discuss the elimination of certain concessions which the senate committee did not see fit to grant. The action in sending the wire leads to the belief that Bursum's contentions for both territories will be granted.

## HELPING TO DEFEAT STATEHOOD.

Every intelligent man in New Mexico is fully advised of the fact that there is one condition and only one of obtaining statehood for New Mexico, viz. That the constitution to be drawn shall be a broad, general law, absolutely free from the splendid reform measures which characterize the Oklahoma constitution. Of course this is to be deplored; but it is a fact nevertheless and one that will not budge. To agitate for an Oklahoma like constitution therefore is to agitate against statehood. To help to create a demand for that kind of a constitution is to help to defeat statehood. And what is the meaning of the sending of the committee of the Central Democratic committee to Washington with a handsome bundle of protests? Their points of protest are all well taken. But doesn't every one know that Congress and the president are going to reserve the right to pass upon the New Mexico constitution? Will the protests of the Democratic committee change this demand on iota? What possible effect can these protests have except to help the enemies of statehood defeat the measure outright?  
Now, since a broad general law is absolute requirement in the constitution of New Mexico and there is not a ghost of a chance that we shall ever get statehood without strict compliance with this condition, and since a constitution of this kind is as far for us as for another and does not at all prevent amendments to the constitution including all the reforms which democrats stand for, why do democrats feel called upon to agitate for something they

know is impossible, especially when such agitation is adding strength to the all but victorious opponents of statehood? And what is the use in sending deputations to Washington to protest against interference on the part of the federal government? Will these protests change the attitude of Washington authorities in this matter? Will it not on the contrary make the champions of statehood at Washington less insistent in their demands and will it not add strength to the opposition to statehood? Why help to defeat statehood because it doesn't come in the manner we would prefer? Is not statehood on the basis of a broad, general law as a constitution even with the demand for the approval of congress and the president a thousand-fold more acceptable than remaining as a territory where we have practically no voice in the government we are supposed to be a part of and where the federal government appoints all our main officers? Let's have statehood.

## THE DALLAS ORGIE OF CRIME.

March 3rd, 1910 will remain the foulest day in the history of the fair city of Dallas, Texas, because on this day one of the most unspeakably horrible crimes was avenged by one of the most horrible outrages of mob violence ever witnessed in that state. As a matter of justice to the criminal personally, no inhuman brute, white or black or blue or green, past 50 years old, who would outrage a girl baby not three years old, is entitled to a trial in a court of justice; he is even too dirty and beastialized to be decently mobbed. But this, alas, is but one side of the case! How can patriotic, law-abiding citizens who condemn such brutality in the negro forget that in tolerating such a mob as that—as did the sheriff and police forces of Dallas—or joining in with it, as did several thousand citizens, that they were committing an outrage on the laws of the country, on the honor and the authority of the courts and on the fair name of Texas and Dallas, yea on all government and civilization, which although not so culpable as the crime of the brute, is never the less even more lastingly ruinous to the state. The reports indicate that the officers did not even attempt to enforce order and the dispersing of the mob; but rather, like a lot of children, contented themselves by tying a cordon of ropes and chains across the door way and playing a game of push with a crowd of fifty men!

## STATE LINE CITY WINS.

After one of the hardest fought battles in the history of the struggle between Texico and Farwell on the one side and Clovis on the other, the 23rd of February witnessed a complete victory for Texico Farwell. The Santa Fe is to extend passenger depot at Texico across on Texas side; also to build a first class freight depot on Farwell side. Then, most important of all, the Santa Fe is to enter Farwell and Texico with the Clovis-Texico cut off line which is now under construction. Congratulations to the state line city!

## COMMERCIAL CLUB MEETING

GATHERING AT THE COURT HOUSE FRIDAY EVENING WAS FILLED WITH OPTIMISM, INSPIRATION AND GOOD FEELING.

One of the most inspirational meetings ever held by the Commercial Club of Portales, was held at the court house at the court house last Friday evening from 7:30 to 9:30 p. m. The guest speaker was Attorney J. M. Moran, who has been a resident of Portales for some time. He spoke of the progress of the state line city and the future of the territory. He also spoke of the importance of the Commercial Club and the need for a strong and united organization. The meeting was held in the court house and was attended by a large number of the members of the club and their families. The speaker was well received and his address was highly appreciated. The meeting was a success and it is hoped that it will be a stimulus to the club and to the community.

# NEWS OF WEEK IN BRIEF

## INSURRECTION CRUSHED

Bluefields, Nicaragua, March 3.—The insurrectionary movement headed by Gen. Estrada against the Nicaraguan government has been practically crushed. The insurgent campaign in the west has petered out and nothing is left to the insurgents but a guerilla warfare, encouraged by the desperate hope that the United States may yet intervene in a wish to put an end to the disturbed condition of the republic. It is now admitted, however, that Gen. Chamorro's campaign was a failure.  
The destructive blow fell at Tisma February 22 when Gen. Chamorro's forces were defeated and scattered with a loss of 800 killed and wounded. Chamorra himself barely escaped and with a couple of hundred men fled to San Vicente, where Gen. Mens was entrenched.

Chamorro estimates the enemy's loss at 1000 and explains his own defeat by the exhaustion of his supplies of cartridges.

EX-GOVERNOR VARDAMAN was on the 22d, finally defeated for United States senator, Leroy Percy winning out over the long dead lock in the Mississippi legislature.

Pittsburg, Pa.—Live hogs sold here today at the stock yards for \$10.05 per hundredweight, having crossed the Civil War line yesterday. Prices are still expected to soar, according to local buyers and sellers, on account of the few hogs on the market.

A FEARFUL AVALANCHE at Wellington, Washington, swept two trains, depot and water tank off of high ledge into a canyon 150 feet deep, 100 or more were killed or maimed for life.

THE SENATE last week authorized the issuance of \$30,000,000 bonds for completion of the irrigation projects already begun by the reclamation service.

## PROPOSED ORDINANCE NO. 29.

AN ORDINANCE REGULATING THE ERECTION AND CONSTRUCTION OF AWNINGS TO BUILDINGS IN THE FIRE LIMITS IN THE TOWN OF PORTALES, NEW MEXICO, AND FOR OTHER PURPOSES.  
Be it ordained by the Board of Trustees of the Town of Portales, New Mexico.

Section 1. That all persons hereafter building, constructing, attaching or erecting awnings to houses and buildings erected in the fire limits in the Town of Portales, New Mexico, shall build, construct, attach or erect the same of the kind of material and in the manner following: The material for all awnings shall be steel, sheet iron or other fire proof metal; all awnings shall be attached to building front by hinge or double staple in such manner as will permit the awning to lower against the front of building and shall be supported from above by chain or iron rod supports from eye beam or related form of front in building to outer margin of awning, the said chain or rod supports to be detachable at point of connection with outer margin of awning so that the awning may be lowered for the purpose of protecting the front of the building from the effects of any fire that may occur in said building, any adjoining building or other building; that no part of the said awning or support shall be of combustible material; that all such awnings shall be by hinge or staple attached to buildings not less than 9 nor more than 10 feet above the grade established for side walks for said town and immediately in front of said building.

Section 2. Any person who shall place, swing, build, erect, construct or hang awnings over any side walks in said town or any part thereof in violation of Section 1 hereof, shall be punished by a fine of not less than Five Dollars or more than Twenty-five Dollars or imprisonment in the town or county jail for not less than Five days or more than Twenty-five days, or both such fine and imprisonment in the discretion of the court trying this case.

Read first and second time and ordered published.

**NEW LAW AFFECTS ALL HOMESTEADERS**

The provisions of the law passed by congress on January 28th last, and which affected in an important way all homesteaders in New Mexico, have been made public and are as follows:

This law, which is applicable only in the states of North Dakota, South Dakota, Idaho, Minnesota, Montana, Nebraska, Colorado, Wyoming and New Mexico, provides:

(a) All homestead entrymen or settlers are granted a leave of absence for three months beginning January 28, 1910.

(b) All homestead entrymen who made application to enter after June 1, 1909, are allowed until May 15, 1910, to establish residence on their claims.

(c) All declarants who made soldier's declaration to enter after June 1, 1909, are given until May 15, 1910, to establish residence on the land.

(d) It is especially provided that the law will not be held to defeat the adverse claim of anyone making entry over a soldier's declaratory statement, who prior to January 28, 1910, had established a bona fide residence on the land entered.

(e) It is also especially provided in this law that the period of commutation or of actual residence under the homestead law, shall not be shortened. Entrymen who have taken advantage of this extension cannot submit commutation proof until they have maintained substantially continuous residence for 14 months from the date residence was established; and to make five year proof on a homestead entry, entrymen cannot claim credit for constructive residence for more than the usual six months prior to the date actual residence was established. This means that any entrymen who takes advantage of the three months' leave of absence granted under this

law cannot claim credit for residence during the time they are absent under such leave, the period of their absence being eliminated from consideration in cases of both final and commutation proof.

While the instructions received by the local land office in regard to this law do not contain a complete interpretation of the law, the register and receiver are of the opinion and will hold that no contest affidavits against a homestead entryman where the charge is abandonment can be brought or filed during the period beginning January 28, 1910, and ending October 28, 1910, which covers nine months. As a contest cannot be brought against a homestead entryman who is absent from his claim under a leave of absence, or until six months after the expiration of the leave of absence, this will make it October 28, 1910, before any new contests against homestead entrymen can be brought in the Territory of New Mexico on a charge of abandonment.

**MEETING OF MOTHERS AND TEACHERS CLUB**

The last meeting of The Mothers and Teachers Club was, without a doubt the most enjoyable one this organization has held. More members were in attendance and a number of visitors from several school entertainments happening on the same day, swelled the audience until the room was comfortably full.

The president, Mrs. W. O. Oldham, started the meeting off in her usual happy style and then Mrs. Jeff Hightower gave an interesting talk on, "Improvement of school property," considering especially the beautifying of the school grounds: this elicited much of an interesting discussion, ending in a laughable suggestion that Prof. Ben Smith put all the boys to work, setting the example himself. Mrs. Culberson, our superintendent, came to his rescue, bringing things back to the practical point of view, and Mrs. Linda Humphrey closed this part of the program with the wise suggestion that all interested should make a special holiday of Arbor day,—the Mothers Club, furnishing dinner on the grounds; the teachers and scholars, a suitable entertainment and the citizens generally, whatever they could with horses, ploughs, harrows, tree-planting,—one good days work of cheer in leveling and beautifying the school campus.

Mrs. Jackson read a very interesting paper on school work, based on a personal experience, and Brother Joe Hedgepeth talked very entertainingly for half an hour on what the combined influence of "The Mother's Club" and "The Father's Club" had meant in his own experience and the rest of the program for lack of time, was postponed to the next meeting, Tuesday, Feb.

The following is the program in full:

- Why women should vote, Mrs. W. O. Oldham.
- Why women should not vote, Mrs. Dr. Patterson.
- Reading, Mrs. T. J. Molinari.
- Athletics from teachers standpoint, Miss Hutchison.
- Athletics from mothers standpoint, Mrs. Dunlap.
- General discussion of plans for Arbor Day celebration.

**A SONG FOR TODAY OPPORTUNITY.**

They do me wrong who say I come no more  
When once I knock and fail to find you in.  
For every day I stand outside your door,  
And bid you wake, and rise to fight and win.  
Wait not for precious chances passed away,  
Weep not for golden ages on the wane!  
Each night I burn the records of the day;  
At sunrise every soul is born again.  
Laugh like a boy at splendors that have sped,  
To vanish joys be blind and deaf and dumb;  
My judgment seal the dead past with its dead,  
But never binds a movement yet to come.  
Though deep in mire wring not you hands and weep,  
I lend my arm to all who say "I can,"  
No shamfaced outcast ever sank so deep  
But yet might rise and be again a man.  
Art thou a mourner? Rouse thee from thy spell;  
Art thou a sinner? Sins may be forgiven,  
Each morning gives thee wings to flee from hell,  
Each night a star to guide thy feet to heaven:  
Walter Malone.

AN ORDINANCE PROVIDING FOR THE BUILDING OF SIDEWALKS IN THE TOWN OF PORTALES, NEW MEXICO, FOR THE GIVING OF NOTICE TO PROPERTY OWNERS IN SAID TOWN TO BUILD, REBUILD AND REPAIR SIDEWALKS AND FOR OTHER PURPOSES.

Be it ordained by the Board of Trustees of the Town of Portales, New Mexico.

Section 1. That notice be, and the same is hereby given to the owners and persons in charge of property hereinafter described, to build cement sidewalks in the town of Portales, New Mexico, as follows, to-wit:

On both sides of Main street beginning at the right-of-way of the P. V. & N. E. Ry., at the corners of Blocks 9 and 14, upon Main street, where said blocks abut on said right-of-way, to the southwest corner of Lot No. 6, in Block No. 12, and the S. E. corner of Lot No. 12, in Block No. 17, in said town, including all property in Blocks 9, 10, 11 and 12 and Blocks 14, 15, 16 and 17, abutting upon Main street, upon both sides of State street, to-wit: Beginning at the N. E. corner of Block No. 17, extending south-west to the N. W. corner of said Block, including all of said block where the same abuts upon State street, and also from the S. E. corner of Block 16 to S. W. corner of said block, adjacent to and abutting upon State street; on both sides of Colorado street from the S. E. corner of Block 22 to the N. E. corner, of Block 22 and from the S. W. corner of Block 16 to the N. W. corner of Block 16, including all of said Blocks, adjacent to, and abutting upon Colorado street; on both sides of Liberty street from the S. W. corner of Block 15 to the S. E. corner of Block 15 and from the N. W. corner of Block 16 to the N. E. corner of Block 16, wherever said street touches said blocks, within sixty days from the publication of this ordinance and in accordance with the specifications laid down in Ordinance No. 17 of the Town of Portales, New Mexico, in Sections One to Five inclusive of said ordinance, except that all said sidewalks shall be 12 feet wide.

Section 2. That all side walks heretofore constructed, either of brick, plank, or other materials, upon either side of any of said streets or abutting upon any of said property described in Section 1 of this ordinance, be and the same are hereby condemned, and notice is hereby given to owners or persons in charge of any lot, block or property upon which any of said sidewalks abut, to remove and to build cement side walks within sixty days from the publication of this ordinance and in accordance with the specifications laid down in said Ordinance No. 17 of the Town of Portales, New Mexico, except as herein above stated.

Section 3. The Town Clerk shall at once issue, and the City Marshal shall serve notice upon such of the owners and persons in charge of the lots and parts of lots abutting and adjoining the said proposed sidewalks, to build the same as herein ordered, by delivering to each of said persons a true copy of said Sections One to Five inclusive of Ordinance No. 17, in said town, and if such owner is a non-resident and has no agent residing in the town of Portales, then by posting in a conspicuous place upon the premises a copy of said notice, and then said marshal shall make return in writing showing how he has served said notices.

This ordinance shall take effect from and after its passage and due publication.

Passed and approved this the first day of March A. D. 1910.  
W. E. LINDSEY,  
Chairman of the Board.

Attest:—H. B. RYHER, Clerk.

**Notice of Pendency of Action**

IN THE DISTRICT COURT, ROOSEVELT COUNTY.

The Citizens National Bank of Portales, New Mexico, Plaintiff,  
vs.  
Thomas C. White Jr., et al, Defendants.

The defendant, Thomas C. White Sr., will take notice that a suit has been filed against him and the defendants, Thos. C. White Jr. and W. C. White, and Thos. C. White Jr. as garnishee, in the Roosevelt County District Court of the 6th Judicial District, styled and numbered on the docket of said court as above, the plaintiff in said action, the Citizens National Bank, having filed with its complaint in said cause an affidavit that the whereabouts of the defendant, Thomas C. White Sr. is unknown to it so that process could be had on him, and process by publication having been ordered thereon by the clerk of said court.

The nature and objects of said suit is to enforce the collection of a promissory note, executed and delivered to plaintiff by Thomas C. White Jr. & Co. a firm composed of Thomas C. White Sr. and Thomas C. White Jr. doing business at Portales, N. M., the same being of date April 16, 1909, due six months from date with interest now due thereon from Jan. 16, 1910, at the rate of twelve per cent per annum with ten per cent on the amount due as attorney's fees, the same being secured by a mortgage of even date therewith on M. 1-2 Lot No. 11 in Bk. No. 15 in the town of Portales; W. M. and 2nd mortgage on S. 1-2 S. W. 1-4 Sec. 11 and N. 1-2 of N. W. 1-4 of Sec. 20, all in Twp. 1 S. R. 04 E. S. M. P. M. Roosevelt Co. N. M. and for an attachment against all the property of defendant, Thos. C. White Jr. and Thos. C. White Sr. in said county and Territory which has been done and for a garnishment against the said defendant Thos. C. White Jr. it being alleged that he is indebted to defendant, Thos. C. White Sr. in the sum of \$1500.00 with ten per cent interest thereon from Feb. 11, 1908 until paid and that same is unpaid, and that the mortgage securing same be foreclosed for the use and benefit of this plaintiff, that the money and effects of the said Thos. C. White Sr. has been garnished in the hands of said Thos. C. White Jr. and for all costs of this action and for cancellation of deed executed to W. C. White by N. F. Wollard, et al.

The defendant is further notified that unless he appears and pleads or answers in said cause by April 15th, 1910, judgment will be taken against him by default and the plaintiff be given the relief demanded in its complaint.

### CHURCH NEWS

H. P. Carson of Rochester, New York, has written to Joe Howard, Sons of Portales, advising them that he was ready to cooperate with the people of Portales in putting in a canning and pickling industry of any size desired whenever our people were ready to get busy on such an enterprise. Mr. Carson has canning factories all the way from New York to Tennessee. Who will take the lead in Portales in launching this much needed enterprise? It only needs a leader who will work it up. Let us confer further with Mr. Carson. Also let us hear from the farmers and business men of Portales what you are willing to do about it.

### DELEGATES ELECTED

At the meeting in the courthouse last Saturday the following were named as Portales' delegates to the county convention: J. E. Morrison, Joe Lang, Munroe Honea, C. M. Compton Sr., A. E. Seay and Sam J. Nixon.

### ATTORNEY COURT.

Among those attending court at Portales this week are, Uncle Joe Lang, of Bethel Community; Tom J. Davis of Spur, Texas, O. M. Clavenger, Upton, N. M.; Attorney Jim Hall and wife of Elida; Attorney W. W. Gatewood of Roswell; W. H. Gates of Tolar.

### IN MEMORIAM.

Died at Tolan, N. M. March 3 and laid to rest in Portales cemetery March 4th. Mrs. Rebecca Boren, wife of Richard Boren, deceased, in the 60th year of her age. She was born in Henry county Tenn., joined the M. E. Church South in her 14th year and remained a member until her death.

It was the writer's great pleasure to know this noble woman. She was generous to a fault with her neighbors—her land was ever held out to the poor and needy. She was in sympathy with all suffering and ever ready to relieve as she was able. Her many trials and afflictions were borne with perfect Christian resignation and we feel assured that all is well with her.

She leaves a son and two daughters in New Mexico and several daughters in Texas. She lived with her son, Richard Boren, who ever loved and protected her with a perfect devotion. Funeral services were conducted by Revs. J. E. Young and Benton. Mrs. Bess Boren.

### ROOSEVELT CO. TEACHERS' ASSOCIATION.

This association is called to meet in Portales, Roosevelt county, N. M. on the 26 and 27 of April, by order of Terr. Supt., J. E. Clark. Every teacher in Roosevelt county is expected to be present on this occasion, as subjects of importance to teachers and to their success will be discussed, as well as all subjects vital to an educational crusade in New Mexico. Hon. H. E. Pattengill, and influential and leading educator of the United States, will be present to assist in making the occasion a help and inspiration to teachers, parents, school officers and citizens in general of our county. All who are interested in the great cause of education are cordially invited to be present and participate in this great educational rally.

Respectfully Submitted, Mrs. S. F. Culbertson, County Superintendent.

### GRAND JURY REPORT.

County of Roosevelt, Territory of New Mexico. To the Honorable William H. Pope, Judge of the Fifth Judicial District.

We, the Grand Jury for this March Term of the District Court, one thousand nine hundred and ten, in and for the County of Roosevelt, beg to submit the following report:

We have carefully examined all matters presented to us and have found true bills in all cases where the evidence so warranted.

We have visited all the County Offices, and as far as we could determine they are being conducted in an acceptable manner.

We recommend that an additional steel cage be installed in the jail, the present cage not being large enough to accommodate over seven or eight prisoners.

Having finished all business presented to us, we respectfully ask to be discharged.

### THE GRAND JURORS.

By T. J. MOLINARI, Foreman. Portales, New Mexico, March Nine, One thousand nine hundred and ten.

### AMBUSSÉ IRRIGATION PLANT

The Melrose irrigation plant which includes 10,000 acres seems practically certain. The writer was at a big booster meeting Saturday 26th of February.

The Western Construction Co. are managing the affair splendidly. They are affiliated with a land company who will purchase 2800 acres of the shallow water land around Melrose. Citizens of Melrose who do not own land themselves, have bought some 1200 to 1500 acres and all the rest of the acreage is more than subscribed. The Western Construction company stand ready to begin an official test of the water supply so soon as sufficient acreage is actually "signed" to make absolutely sure of the plant. They hope to get this part of the problem signed by the end of this week, at which time several wells will be ready to test. So that if present plans are carried out, the Melrose people should get the first 5000 acre plant installed by mid-summer.

Mr. J. B. Priddy is confined to his home this week on account of being sick.

**PROF. AND MRS. BAILEY ENTERTAIN.**  
Thursday evening at their boarding place, the Easter home, Mr. and Mrs. F. H. Bailey extended their hospitality to the city school teachers and a few friends, entertaining with a "Leangt taypr" which, being interpreted, is "tangled party."  
Being graciously met and warmly welcomed by Mr. and Mrs. Bailey, guests were ushered upstairs where wraps were removed and from thence to the parlor when the "tangled" program began. Each one was given a letter on a card to which a pencil was attached, with instructions to get from the other guests their letters and that from the whole was to be formed a sentence consisting of three words. After several minutes of "tangling," little exclamations of despair and a few hints from the host and hostess, a wise one discovered that the twenty letters made "Welcome tangle parties." Several other unique "tangle" entertaining features were carried out affording much pleasure to the guests. Partners to the refreshment table were found by matching the names of flowers, the gentlemen having the "tangled" form. This particular "tangle" party was composed of Misses Franzain, Hutchison, Fairar, Anderson, Stone, Brandon, Jones, Finnie, Kuykendall, Leahy, Smith and Mrs. Corn; Messrs. Flick, Cardwell, Smith, Tharp, May and Corn.

**Meeting U. D. C.**  
The regular meeting of U. D. C. was held at the home of Mrs. J. B. Sledge Tuesday afternoon of last week. A large number was in attendance and a most interesting meeting was held. The hostess served coffee, whipped cream, sandwiches, olives and margarites as refreshments. Mrs. Servis entertains the Chapter on March 15th.

**CARTER NEWS.**  
Carter neighborhood has been enjoying a wonderful revival of religion. Rev. C. D. Spillman of Elida has been holding a series of meetings at Carter school house. There were about sixteen conversions and every body revived.  
Quite a crowd journeyed to Mr. Hesque's Sunday to see Rev. Stroud baptize the six additions to his church.  
J. S. Maples and Rev. Wagoner spent Wednesday night with Rev. Fortner.  
Prayer meeting at Carter school house every Wednesday night. Our Sunday school is being reorganized. Everybody come next Sunday and get started right.  
J. B. Walker has not yet succeeded in getting any water. He has moved his drill to another location and is still drilling. Ed Mitchell and E. E. Massey have new wells and J. S. Fraser is drilling.  
Everybody in this neighborhood is well, happy and hopeful for a good crop the coming season. Several families have moved to Portales to work while they are waiting for moisture to plant their crops. They will be back soon and raise the biggest crop ever seen in New Mexico, if they do their part.  
Miss Lula Walker returned last week from a visit to friends and relatives at Clovis.  
Mr. and Mrs. Pendergraft and family leave today for their new home in Foraker, Oklahoma.  
A. W. Stokes has onions growing nicely in his garden. He put them out in November and got the benefit of snows for moisture. This warm weather has brought them up and he feels better to see something growing.

**WHAT THE KIDNEYS DO.**  
**THEIR UNCEASING WORK KEEPS US STRONG AND HEALTHY.**  
All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.  
Fritz Sena, 1205 Twelfth St., East Las Vegas, N. Mex., says: "Experience has proven to me that Doan's Kidney Pills fulfill the claims made for them. For several weeks I suffered constantly from backache and in the morning when I got up, I had acute pains across my kidneys. Exercise brought some relief, but it did not entirely rid me of the trouble. The kidney secretions pained in passage and at times were discolored. Hearing so much said in praise of Doan's Kidney Pills, I procured a supply and commenced their use. After I had taken a few doses, I noticed a marked improvement and before I had finished the contents of the box, I was completely cured. I have been entirely free from kidney complaint since."  
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.  
Coe Howard returned from Roswell Wednesday where he made a business trip.

**MORE LAND TO BE OPENED.**  
Petitions are being circulated and signed praying the Secretary of the Interior to open certain homestead lands which were surveyed a year ago, to immediate entry. These lands were surveyed by Lee S. Miller and lie in townships 3, 4 and 5 south, Range 37 east in Roosevelt and Chaves counties. These lands are already being settled upon, as they are among the choice lands of this part of New Mexico, and it is expected that these petitions will bring about immediate action on the part of the Secretary of Interior. Copies of the petition may be found at Inez, Redland, Givins, and Boyd's store. Every one interested and every one living in any of these communities is asked to examine and sign the petition at once.  
Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle and curative properties. Sold by all dealers.

**Visit Portales.**  
E. H. McKanna and family of 1502 West South Ave., Emporia, Kan., visited their niece, Mrs. Bascom Howard of this city a few days since. Mr. McKanna was much interested in Portales Valley and considered the orchards raised here by the dry farming method nothing short of remarkable, and now that the irrigation plant is going in, he expects great things of our town and county. He wants to keep up with all the forward steps in our progress, hence called and arranged to have the Herald come to his address.  
**BAPTIST CHURCH SERVICES.**  
Regular services at the Baptist Church Sunday. Pastor E. P. Aldredge will preach morning and evening.

**MURDER OR SUICIDE AT CLOVIS.**  
The lifeless body of Edward J. McGannon was cut down at Hick's cement works in the eastern part of the city Monday night (Feb. 28) and the remains moved to Heberer's undertaking parlors.  
The authorities were first notified of the occurrence by Lester Hicks, the proprietor of the cement works, and a cousin of the deceased. The officers arrived on the scene to discover the man hanging limp from the end of the rope, with a slip knot about his neck and fastened to one of the beams overhanging.  
The first supposition was that it was suicide but as deceased would have been able to stand erect and thus leave several inches of slack rope, the theory was advanced that it might have been murder and the body placed in that position in order to shield the crime. There was no evidence of a struggle, the soft dirt at his feet remaining as his feet were placed, his cap was on his head and his arms hung limp by his side. If he was strangled it would have been an easy matter for him to stand erect and avoid tension on the rope. Such are the facts in the case.  
Lester Hick's, his cousin, and with whom he was "batching," first notified the officers of his discovery, and he was subsequently arrested and held under \$1,000.00 bond for his appearance before the coroner's inquest which after two days of deliberation returned a verdict of suicide, releasing Hicks.
