DRIVERS MUST GET LICENSES

Austin, Texas, Sept. 15.—This is for the special benefit and relief of all those Texans who've been worried these months about when to renew their drivers' licenses.

Come November 1, all original licenses will expire. The operator who hasn't obtained a renewal by then will be without a license, State Police Director Homer Garrison warned today.

Automatic renewals are granted where the application is made on time, Drivers License Chief J. B. Draper explained. But once an original license has expired, the driver must take an examination in order to obtain a new license. Anyone who drives without a valid license is liable to arrest and fine.

Application forms are available from State Police district headquarters, by mail from the headquarters in Austin, and at most county courthouses, either from sheriffs or tax collectors.

Renewed licenses are good for two years, and cost 50 cents.

County Quota

In an interview Monday Mayor H. W. Golden, Chairman of the Castro County War Savings Committee, requested increased participation in the Fall program for the sale of War Bonds and Stamps. Farmers in the county are particularly urged to invest ten per cent or more in bonds as crop and livestock sales are made.

Few people yet realize there is a war as far as we personally are concerned, said Mayor Golden. We are sad when our loved ones and friends are called upon to go to war, but we are proud that they can go and defend us. We glory in their victories and heroism, but what of our own feats of heroism, our defense of them, what victories are we contributing to in this country? Our part and our defense of our boys will be the furnishing of their every need in war materials, health and morale, and these require a combination of cookies, letters and lead. Your dollars and dimes can help furnish health and war material and at the same time build and strengthen the stability of our own nation.

The government needs your help, and urgently appeals to you to buy War Bonds and Stamps. This way, said Mayor Golden, we get it back—the other alternative is a tax receipt. One method or the other must be followed, — which shall we choose?

Ten per cent may seem large, but consider the price that has been paid by the people in the European countries that have been overrun, by England, by our own boys on the fighting fronts all over the world. Ten per cent of their income would have seemed pitifully small compared to the sacrifices they have made. Think it over and make ten per cent of your sales a minimum.

Mayor Golden explained that farmers making regular weekly or monthly sales could arrange with the buyer of such products to make regular deductions from each sale, and this amount would be turned over to the banker or some other trustee designated by the farmer. When sufficient funds have accumulated, a bond will be purchased in the name of the farmer and delivered to him personally. Forms for this type of regular deduction can be obtained from your local chairman or by writing the War Savings Staff, Austin, Texas.

The War Bond goal for Texas this fall is roughly One Million Dollars a day according to information from Mr. Frank Scofield's office in Austin. Let us get on the right side, the ten per cent side, and show Texas and the nation that Castro County is one hundred per cent behind the war effort and the hundred per cent in front with the War Bond and Stamp Program.

Castro County's War Bond quota for September is \$8,100.00. Up to this time, the quota is approximately one-half filled Mayor Golden, Chairman, informs The News. Last month the sales were \$9,993.75. The quota called for was some less and the fact that Castro County "went over the top" made all feel mighty proud, so let's do this again this month.

DIMITT MECHANICS ENTER LUBBOCK ARMY FLYING SCHOOL SHOPS

Lubbock Army Flying School, Lubbock, Texas, Sept. 15. — Two more Dimmitt mechanics have been enlisted by the Lubbock Army Flying School directly into the U. S. Army Air Forces to become aviation mechanics.

Jacob D. Williams, mechanic, and James O. Ayers, farm mechanic, have volunteered their services and have been sent to Ft. Sill, Okla. for processing. Before they are ready for assignment to duty on the flying line maintaining and repairing the bomber trainer planes used in the training of the future flying officers of the Air Forces, they will be given a brief course in aviation mechanics.

Men with mechanical or radio technical ability or experience interested in enlisting directly into the Air Forces are urged to see Capt. W. B. Marschner or Lt. W. C. Freeman, technical procurement officers respectively for the Lubbock and South Plains Army Flying School.

LIONS CLUB MET TUESDAY

The light attendance at the Lions Club Tuesday noon tells a real story and that is, that many of the members are busy "drilling in the wheat" while this work can properly be done. Of course, there were some present at this meeting who might have preferred to "be out on the job" but they came and enjoyed the association and good meal. All members are urged to attend as regularly as possible; it helps to have you present, and the Lions Club is continually working for the betterment of Dimmitt, Castro County and the surrounding territory.

Those attending the meeting and enjoying the splendid meal prepared and served by the ladies of the Methodist church were T. E. Harrison, Insurance, E. F. Harman, Implements, Bob Boling, Texas-New Mexico Utilities, D. Neumayer, Trucking Contractor, Claude Mixon, M System Grocery and Market, O. Stephens, National Farm Loan, W. R. Simon, Willson and Son Lumber Co., and T. B. O'Bryan, The News.

FLAGG RED CROSS KEEPS REAL BUSY

The Flagg Red Cross meets every Tuesday afternoon and sews for the order. Quilting is the new work being done at this time. Everyone is urged to come and help on this work.

They report an average attendance of 12 to 15 members. They will take subscriptions for The wards the purchase of a sewing machine.

Mrs. Cordye Birdwell of Flagg, orders The News sent to her sister Mrs. Lloyd Hamar, Melrose, New Mexico for a year. She is also a member of the Flagg Red Cross.

The Castro County Fair will be held October 9th, according to the plans made at this time, and already many important matters are receiving attention preparatory to proper displays, showings, etc.

A flower show will be held in connection with the County Fair. Everyone is urged to bring flowers, so that your friends may enjoy your choice blooms, too.

Watch The News for details concerning the flower show. Come and bring along your flowers, thus helping along this flower show, which we hope will prove most interesting.

Watch The News for full details in our next issue, and be making your plans to attend and to bring along your displays. It is hoped that even though times are like they are, from the war standpoint, the Fair will prove a blessing to everybody in Dimmitt, Castro county and surrounding communities. Make your plans to be here on October 9th.

Mr. and Mrs. Bill Graham and Mrs. Perry Graham accompanied their daughters, Misses Dorothy and Jeanette Graham to Waco Sunday where they will attend college. Mr. and Mrs. Graham visited relatives at Temple.

FAIR DATE IS SET OCT. 9TH

Tentative dates have been set for the Castro County Fair for October 9th. Two outstanding authorities have been secured to judge the beef cattle and dairy cattle, according to M. U. May, County Agent of the Texas A. & M. Extension Service.

Mr. E. R. Eudaly, outstanding dairy authority, and A. L. Smith, Beef Cattle Specialist, will be in Dimmitt the day of the Fair and will add much to the valuable information that will be given in addition to their judging of the livestock. Castro County was extremely fortunate in getting these men for the Fair, which will be their first visit to our county.

A Bigger and Better Fair is being planned this year and will be a celebration of a Victory Agricultural Day. Some 40 head of cattle are expected to be entered at the Fair, which means that it will be the largest held in the history of the county.

This year's Fair will again show that Castro county has wonderful crops and livestock which will rank with any county on the Plains.

The Board of Directors of the Fair will meet in the very near future and make complete plans for the Fair which will be a red letter day for Castro county in 1942.

MERCHANTS APPRECIATE SPLENDID CO-OPERATION

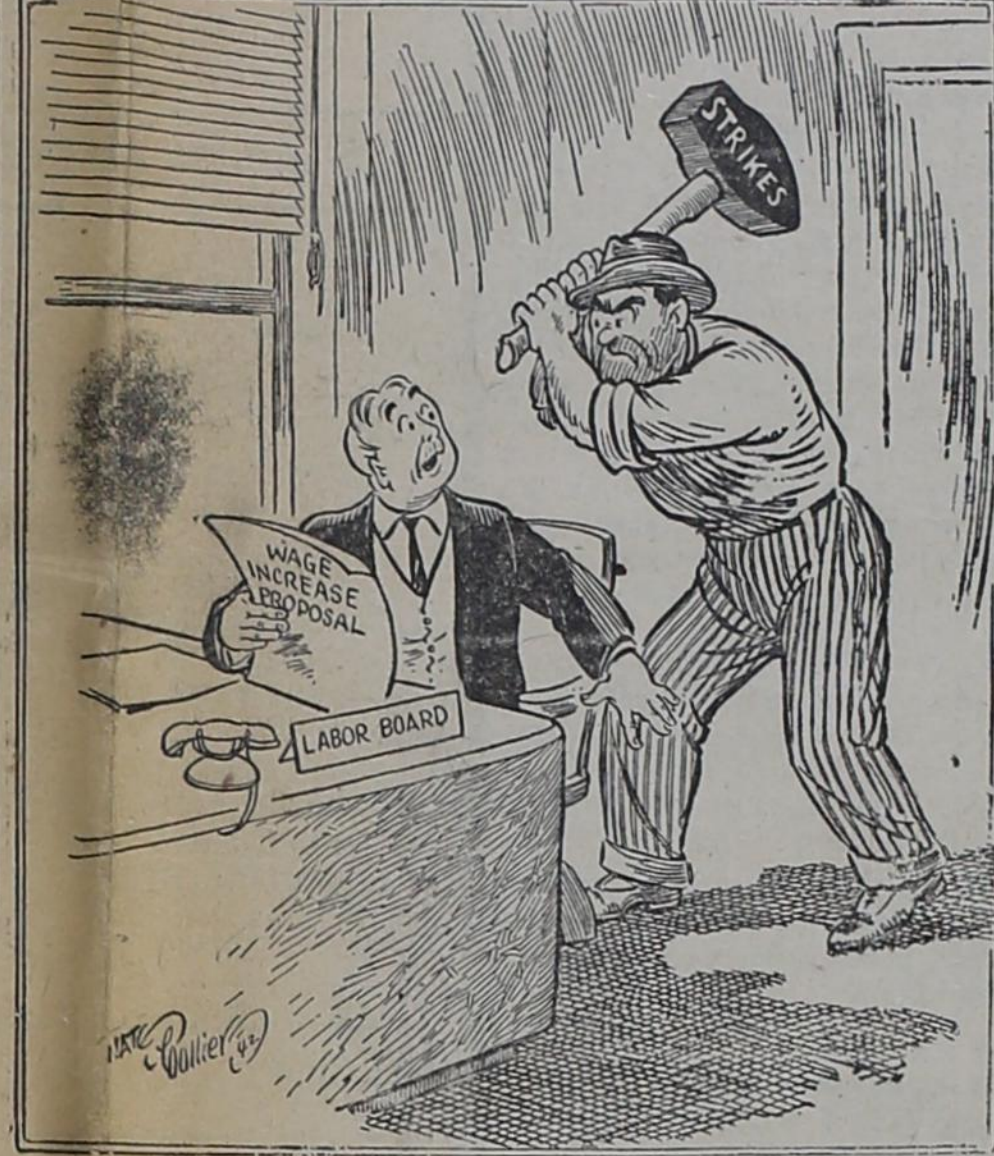

The splendid co-operation given them in the preservation of tires and rubber by the M System Grocery and Market, Wilson Grocery and Griffith Grocery is highly appreciated, and Claude Mixon, of the M System informed The News man Wednesday morning that many had found it really more advantageous, since they personally visit the Store and see many items which they had intended ordering but had overlooked.

The merchants deeply appreciate this splendid co-operation and take this method of thanking all alike, and extend each and all of you a cordial invitation to visit them when down town.

Bob Glenn of San Diego, Calif., is visiting friends in Dimmitt. Bob is in the Navy and is to report back to San Diego Sept. 21 for sailing orders.

LOADED LOGIC

MARRIAGE IS ANNOUNCED

Canyon, Tex., Sept. 12. — Miss Mary Nelle Jennings, daughter of Mrs. R. O. Jennings of Lubbock, became the bride of Floyd Bruce Embree of Petersburg Tuesday afternoon, Sept. 1.

Nuptial vows were spoken in Canyon at the home of the bride's brother, Herschel Jennings. Dr. G. A. Dunn, minister of the Church of Christ of Rising Star, officiated at the single ring ceremony.

The ceremony was attended by Miss Sybil Cole of Lubbock. Dr. Charles W. Jennings, brother of the bride served as best man.

The bride wore a white slipper satin and organza gown. Her fingertip veil was held in place by a tiara of mock orange blossoms. She carried a white Bible with a white gladioli arrangement and a shower of satin streams and matricaria.

After the ceremony, an informal reception was held. The two-tiered wedding cake, which was topped with a miniature bride and bridegroom, and iced punch were served from a lace-covered table.

The table appointments and floor baskets arranged with gold and white gladioli, white asters and bridal lace carried out the bride's chosen colors.

Mrs. Embree's going away suit was of brown sheer wool, with accessories of leather tan. Her corsage was of autumn-tone flowers.

The bride was graduated from Tulia High School and West Texas State College. She taught at Dimmitt last year, and is teaching in the Jasper school system this year.

The bridegroom is a son of Mr. and Mrs. Bruce Embree of Petersburg. He was graduated from Petersburg High School and attended Abilene Christian college. He is minister for the Church of Christ at Jasper where the couple will live.

Present at the ceremony were Mrs. R. O. Jennings, Mr. and Mrs. Bruce Embree and LaRue of Petersburg, La NeJe Terrell of Tulia, Mr. and Mrs. Arthur H. Jennings and Linda of Vigo Park, and Mr. and Mrs. Herschel Jennings, Neal Alvin, Carl and Duke Jennings of Canyon.

WATCH OUT FOR KIDDIES!

Austin, Texas, September 15.—Watch out for those school kids! You'd forgotten about that school crossing during the summer, hadn't you? The kiddies are coming back now, and you'll have to watch out for them.

"Let's be thankful," State Police Director Homer Garrison said today, "that we still have schools to send our children to. Even with the benefit of education, which is now denied many peoples of the world, our kids are growing up into a world that's going to be pretty rough on them. Let's give them a break by not breaking their arms and legs and heads with our automobiles."

Drive carefully,—it pays!

MORGAN DENNIS PLACED THIRD

Morgan Dennis of Castro county placed third in the third annual Special Wheat Milling and Baking Contest sponsored by the Texas Wheat Improvement Association. M. U. May, County Agent of the Texas A. & M. College Extension Service was notified of Mr. Dennis' success this week. Hansford county won 1st and 2nd place, Dallam county 4th, and Potter county 5th.

Mr. Dennis entered a sample of pure turkey wheat grown from certified seed last year. Turkey wheat again stood out in this year's baking contest which shows the quality of bread making. Varieties of wheat are tested for their certain properties making them adaptable for given conditions and definite purposes.

Turkey wheat has played a major role in giving Texas its high reputation in all markets of quality wheat. Tenamrq also placed well in the baking contest and the tenmarq and turkey variety made much superior bread than chieftan, early blackhull, and superhard blackhull, the latter varieties are not recommended for planting for that reason.

Wheat samples from all over Texas were entered in the contest sponsored by the Extension Service of the A. & M. College of Texas and the Texas Wheat Improvement Association.

Mr. Dennis' fine showing in this contest shows that Castro county is one of the best wheat producing counties on the plains as to variety and challenges every Castro county farmer to continue planting the recommended varieties of wheat, which are Kanred, Turkey, and Tenmarq and keep up the good name established with the millers of good flour which will make the best of breads.

RECEIVES APPOINTMENT AS AIR LINE HOSTESS

Judge and Mrs. Posie Cunningham received word today, (Thursday) that their daughter, Miss Laura Jean, has been appointed a hostess at the T. W. A. Airport at Amarillo.

Miss Cunningham has been in Amarillo several weeks attending business college.

We have met Walter Griffith of the Griffith Grocery and Produce and this popular firm has an ad in The News this week. We enjoyed our visit and conversation with him and expect to visit him again.

Mr. and Mrs. Curtis Tate and children were called to Vici, Okla., Saturday by the death of Mrs. Tate's niece. They returned home Monday evening.

J. O. Ayers was another of our rural friends by to pay us a short visit Monday morning. He reported things in his section moving right along.

Rev. Ural S. Sherrill, pastor of the First Methodist church, paid The News force a pleasant call Monday morning. He reported his work moving right along nicely.

Rev. and Mrs. V. B. Temple, Mes. E. F. Harmon, W. A. Wright, T. A. Singer and H. Alldredge attended the annual Tierra Blanca Association meeting at Tulia last Friday.

Mr. and Mrs. Frank Schooler and girls have returned home after visiting Mrs. Schooler's sister and father at Eden.

The News enjoyed a visit with our friend, County Attorney Swain Eukett Monday morning. We have known Judge Burkett many years and also knew his "better half" prior to their marriage, and we feel that already "we are perfectly at home" here with the fine people of Dimmitt and Castro county. Judge and Mrs. Burkett are the proud parents of two fine boys and we rejoice with them in their happiness.

This old world isn't "so big" after all! Sunday while visiting the postoffice, we had the pleasure of meeting our good friend of former years, Sheriff Brown. And, naturally, it is just second nature to desire to get acquainted with the sheriff; it might come in handy if he should ever have occasion "to arrest you!" Well, Sheriff Brown and The News man knew each other back in the "old days," when we liked to play baseball better we did to eat, and of course we enjoyed talking over old times. We know many people of olden days back in our home town and county and spent some time visiting.

Among the principal species of trees planted in Northwest Texas are the Chinese and American Elm, cottonwood, honey and black locust, walnut, soapberry, green ash, bois d'arc, hackberry, ailanthus, mulberry, apricot, Russian olive, plum, sycamore and flowering willow.

COUNTY-WIDE JUNK RALLY

Dear Loyal American: Do you know that it is an absolute necessity that more scrap iron and steel than ever before move into dealer channels between now and winter or it will be impossible for many of our munition factories to continue production at the present rate?

We know that you all realize the tremendous importance of our factories running at top speed, but what we don't apparently realize is the fact that we are all responsible for the moving of this scrap iron and steel. Castro County in the two previous drives, and now we are urging that every Castro Citizen put their shoulder to the wheel and see that all our scrap comes to town immediately. This must be done within the next few weeks before another harvest is started and farmers are entirely too busy in saving another crop.

Talk this over with your neighbors, encourage and help each other in any way possible, and lets make a big showing for Castro County.

We have information from the W. P. A. in Amarillo, Texas, that in the event we have some articles that are too heavy for local moving facilities to handle, they will be glad to come into the county and do such hauling. We suggest that you get in touch with them directly in case you have some old tractors or some such scrap that is impossible for you to move.

Bill Robinson, Dimmitt, Conoco Wholesale Dealer, is the local man handling scrap iron and steel.

R. C. Lay, Manager Dimmitt Conoco Service Station, is also handling scrap iron and steel.

SO SEZ THE EDS

During the past summer our high school lawns have been kept very clean and fresh-looking. Since school has begun it seems to be a rather convenient place to throw our candy wrappers, but it is a hindrance to the beauty of our awns. Let's all make a resolution to find another place to put our wrappers and we will all feel better about it and have a more beautiful lawn. Be sure you're not standing in a flower bed while watching the boys at noon. Remember, co-operation will do a great many things; even make a lovely lawn. Do your part.

CHATTANOOGA CHOO CHOO KNEES

This Story was written by Joyce Sherrill in English 11:
Charles Preston was in his first year at Princeton University. He was a very bashful boy, and when he got scared or excited his knees knocked together so fast that they played "Chattanooga Choo Choo."
He was registering when a young girl touched his arm. He turned around and immediately his knees began to play their favorite song, "Chattanooga Choo Choo." He smiled faintly and grasped the edge of the desk.
"Pardon me," said the girl, "but could you tell me where to find the girls dormitory?"
Charles gulped. "Er—I— couldn't tell you, but may—maybe I could help you find it," he managed to blurt out.
"Oh, thank you," smiled the girl. Quickly Charles finished registering. When he turned and walked off with the girl she introduced herself as Donna McDaniels. Charles introduced himself in his timid way.
It was not long before Charles's "jumpy" knees stopped jumping, but it also was not long before the two found the dormitory.
When Charles was just about to leave Donna he got up the courage to ask:
"May I take you to the opening dance tonight?"
"Oh, Charles, I'd be delighted," cried Donna, "and to think that I'll be with such a handsome boy."
Charles ducked his head and huffed his feet uncertainly. His face was scarlet and he was grinning his biggest.
That night at the dance Charles and Donna sat in a corner drinking punch and eating cookies until he band began to play. They rose and went out onto the floor. It was not long until they were sliding smoothly.
The first dance was the biggest thrill of Charles' life, because it was the first time he had danced with such a pretty girl as Donna and his knees didn't play "Chattanooga Choo Choo."
However, the next number was "Chattanooga Choo Choo." Immediately his knees began to play it also. As he and Donna danced Charles began to laugh.
"My knees can play it almost as well as the band," he laughed.
"I'll say. If anything can play 'Chattanooga Choo Choo' it's certainly your knees," replied Donna, as she began to laugh.

FOOD FOR THE LUNCH ROOM

Canned food for the lunch room is being donated and put up by the different class mothers. The food is being canned at the grade school lunch room. Thursday of last week the seventh grade mothers offered their services to the canning of turnip greens. Again Friday, more greens were canned by the eighth grade mothers.
Many varieties of food will be canned later, as it is available to get them. Each mother will have a chance to help with the canning and her services will be deeply appreciated.
The East Texas timber belt is today capable of yielding 87,000,000 cords of wood pulp, more than six times the total pulpwood requirement for the entire United States in 1930.
Some of the others had heard his remark and in ten minutes the whole room was in an uproar of laughter. All the rest of the evening "Chattanooga Choo Choo" was played for the special benefit of Charles' "Chattanooga Choo Choo" Knees.

BOBBIES GAIN BVICTORY

The Exes vs. Bobcats game turned out with a victory of 20-6 for the Bobbies.
Most of the gain was made by Raymond Mobley carrying the ball around ends and through the line. However, with Rex Sheffy receiving Bill Birdwell's passes, good gains were made. Billie Walker did some nice blocking in the backfield which helped make these gains possible.
The Bobcat line holding the exes held the opponents' score down.
Although the Exes out-weighted the Bobcats 25 lbs per man, the Bobcats were trained and the Exes were not.

NEW STUDENTS WELCOMED

Among the new students of D. H. S. are Marvin and Mary Alice Sherrill, who attended school at Quitaque, Texas last year; Mary Nell Earnest, from Lubbock high school, and Virginia Anderson from Waco, Texas. All of whom are Seniors this year.

HIGH STEPPING!

Last year's senior members of the Dramatic Club were given a party by the four remaining high school members Friday night in Sheffy's backyard.
After everyone had sufficiently "stuffed" barbecued chicken (and trimmings), watermelon was then served.
Another party was given Friday night at the home of Billy Jean Durant. Approximately sixty persons were served watermelon.

QUESTION OF THE WEEK: IS 8:45 TOO EARLY TO TAKE UP SCHOOL?

Billie Jean Durant: Yes, some of the buses cannot get here in pretty weather by that time and what will it be in bad weather?
Helen Caison: Yes, the buses cannot get here by that time and if we are late all year we cannot make a credit in our first period class.
Wilma Ruth Dixon: Yes, it is too early for the ones who live out of town.
Howard Cook: I think it is pretty early to take up. It would be better a little later.
Gene Watson: Yes, if you have some work to do before you come to school it is too early.
Virginia Anderson: No, it isn't too early. You can get out earlier and I had rather have the afternoon off.
N. M. Cruse: I think it is a great improvement because we got out so late last year.
Bill Gladman: No, because we get out earlier.
Joy Cluck: During the winter some of the buses cannot get here that early.
Marvin Sherrill: I think it is alright.
Ora Nell Drake: No, I think it is too early.
G. D. Caison: If the buses can get here on time I think it is o. k.
Mary Alice Sherrill: I think it is o. k., but I could use fifteen minutes more time.
Hazel McMahon: It is o. k. with me to take up at 8:45.
Jim Dyer: The cows kick when I milk before daylight, and I have to when I get here on time.

SWING AND SWAY!

We now have an electric victrola to be used for skating, music, and physical education classes. Not only can it be used for music, but also a loud speaking system for football and basketball games, etc., is provided.
In skating to the rhythm there will be better skaters and skating will be much more interesting and enjoyable.
We are also planning on using the victrola for exercises and folk dances in physical education. It will also be used for music classes to broaden the students' appreciation for music and will help us to learn the time, and rhythm of music.
The victrola was bought from Dee Umberson. It is not ready to use yet, since it was bought second handed and needs some repairs.
The condition of Miss Ruby McLean, who underwent an operation Tuesday is satisfactory. She is at the Northwest Texas hospital in Amarillo.
Treasurer—Ruth Ann Fehr,
Sponsor—Sister Benedict Marie.

WHO'S WHO?

She is new, she is cute and she is sweet sixteen plus ———
She holds an office in the senior class, and is a very ambitious student.
Five feet two,
Eyes of blue,
She made a hit
With Bill Graham.
Woo — Woo!
Guess who?
He's little, but mighty and in his own way, quite a ladies' man. He is a member of the senior class, and has his eye on a certain little blonde. He also is a prominent member of the F. F. A.
Guess who?

A MAN'S A MAN AT 18

Lt. Col. Marvin B. Durette, District Recruiting and Instruction Officer at Lubbock, Texas, stated today that in view of the possibility that all young men may soon be in uniform, it is the belief that the earlier a man gets into the Service, the better his chances for promotion. That explains why 18 and 19 year old men are enlisting now. They know if they get in now, they can be eligible to apply for Officer's Candidate School at the end of three months, and they may be commissioned long before they reach the advanced age of 21.
This paper does not believe a boy should quit high school for any purpose. But if he is 18 or 19 and has graduated, or has quit for some other reason, then it seems to us that he is a man in a man's world — and one that recognizes that a man of 18 is better able to fight in this war than an old timer. That's why the Army is offering him these opportunities and why he should take advantage of the opportunities open to him to rise as high and as fast as his own ability and hard work will take him.
You can enlist at once and pick out any one of the eight combat branches in which you wish to serve. After you pass 20, you will no longer have such a choice.
The Army offers you the privilege and honor of serving your country now when you are needed. More than that, it provides you with an opportunity to learn and develop. The statement that "the U. S. Army builds men" is no idle slogan. It's a solid fact. The Army is in reality one of the world's greatest industrial colleges. And many thousands of young men will come out of this war with training which will be valuable to them all their lives.
You'll find the Army ready to help you learn; for the greater skill you have, the better soldier you will be. Men 18 and 19 can now win commissions in the Army, and if you show that you have intelligence and qualities of leadership, you will have your chance to attend an Officer Candidate School. By doing good work there you may be commissioned a second lieutenant and find yourself in command of some of the men of your age who now decide to wait until they are called for Service.
Army Recruiting Stations are located at Amarillo, Plainview, Pampa, Big Spring, El Paso, Fort Bliss, Lubbock, Odessa and Sweetwater.

"Myrt Sez"

How do you do!
Johnny was given quite a welcome Tuesday nite. Those celebrating were: Johnny, Harriet, Sue, C. C., Juanita, W. A., and Johnny's brother, Hy, who made unsuccessful attempts on finding a girl to go with, (and I thought the town was full of unattached girls.)
Some of these Boy Scouts rings are getting pretty popular with the younger group of girls. Joline Whitlow is taking care of Thomas Earl's, and Leo's has taken a vacation to Ralls. (And it wasn't in a suit case.)
It seems that Nazareth was quite a gathering place for the ex-seniors on Labor Day. Mary Jean, John L., Jeanette, and Harold were enjoying the dancing very much.
Martha Jo and Charles are good at listening in on interesting conversations. Example: Harriet and Eugene Saturday night.
Wilma Ruth had an extra good time Thursday night at the party for the college kids. She was with Lon Booth.
These new girls get around. For instance, Mary Nell Earnest kept up Raymond Mobley's spirits by sitting by him in the study hall. Now she has turned Eugene's head her way and the results are she had a date with him Friday night.
Talk about getting around! Betty June, Anita, Bobby Jean and Mattie Lee were well escorted to the Preview Saturday night. Who were they, girls?
As the midnight show is a good place to find gossip on anyone, we won't forget Virginia Anderson and N. M. Also Wilma Cruse and C. H. James.
What's this?! A New Flame? Might-be Mary Alice and Bill Graham were making a striking couple at the church party Wednesday night.
Well — Dip me in Rubber and call me precious!
So long, till next time.

Manager Claude Mixon, of the local M System Grocery and Market, was by to secure some checking copies of his advertisements Tuesday morning and The News man learned Claude has been partners in business with Mr. Ben Hill, of Vega, Texas in the grocery business for the past 20 years. Mr. Hill was here Tuesday looking after business affairs and helping out in the local store for a while. We learned Claude was picking cotton back of Mr. Hill's store some 20 years ago when Mr. Hill decided he wanted to go to Memphis on business so he "ups and gets Claude" to watch after the store while he was gone, and so Claude has been in the grocery business just exactly that long last month. The M System Grocery and Market carries an ad with The News this issue also; look it up and read their bargains quoted and drive by and make a purchase.—Old Claude will appreciate your business.

Personalities

R. C. ("Choc") Lay, conductor and general manager and owner of the only Conoco Products Retail Station in Dimmitt, has our thanks for special favors shown us this week. Incidentally, "Choc" also "keeps the people cool" by supplying them with pure ice, manufactured by the Plainview Ice Co., and we have enjoyed some fine cool water this week as a special favor from him. He invites you to drive by when you need some of the famous Nth oil and Conoco gas, or pure ice.

Seldom you meet a whole family living in or near the same town or community where they can really enjoy the old family ties. But we met Elza Adams and his little son, David, Sunday night and then had the pleasure of meeting R. C. and Carl, the latter two being in the employ of Homer Hyatt, Texaco Station operator on the southwest corner of the square. Carl, who is just 20, will leave soon for duty in the Army and our best wishes will go with him. These men extended us special favors this week and have our sincere appreciation.

Mrs. W. J. Jordan, city, and her daughter, Mrs. J. B. Alley, who resides about ten miles south of town, were pleasant callers at The News office Tuesday afternoon and had us make a change of address for Pvt. Wesley T. Jordan, Bat. A, 3rd C. A. A., Seattle, Wash. We were glad to have them call and hope Wesley continues to enjoy reading The News.

The News man slipped in on T. J. Tate, the Produce man, and he was actually shelling a mess of fresh Mexican pinto beans and did they make our mouth water! It made us think of our own purple and white limas that cover our entire fence like a honeysuckle vine!

W. A. Youts and little son, W. A., Jr., were pleasant callers at The News office Tuesday evening. They had the address of his son, Lt. Claude D. Youts changed to 606th Ord. Co. (Amm.), Camp Livingston, La. Mr. Youts also reported that his parents, Mr. and Mrs. C. A. Youts, of Shawnee, Okla., are guests in his home for several days.

The Bluebonnet was adopted as the state flower of Texas by legislative action in 1901.

The Castro Motor Company in the thanks of The News for a number for job work. Messrs Clarence Bearden and Joe Thompson have served this section well with Ford service and their many friends know where to go when they want this well-established Ford service. Mr. Bearden is in charge of the business.

The News man had occasion "to look in on" the ever popular Thompson Grocery. Miss M. Thompson and Mrs. Fay Swenson form a happy combination; they know their groceries and ways carry a full and complete line of everything good to eat.

Mrs. Ernest Waggoner of R was a News office caller Wednesday morning, coming in to have their name placed on our growing list of readers, as well as to give us the address of her son, Paul Waggoner, Co. 42-478—U. S. N. T. S., San Diego, Calif., a Quannah Conner, Co. 22, Sec. 148, Navy Pier, Chicago, Ill. t of our soldier boys. W hope each of them enjoys reading The News each week.
