## The Caloric Fireless Stoves

LET US DEMONSTRATE THE VALUE OF THESE FIRELESS WORKERS—WILL ADD YEARS TO THE BUSY WIFE—COME AND SEE!

## THE SANTA FE WILL OPERATE A DEMONSTRATION TRAIN FOR FARMERS

Large Corps of Lecturers Will Accompany Display.

Agricultural College Will Co-operate in Movement.

One of the most interesting announcements made recently to the people of New Mexico is that of J. D. Tinsley, agricultural demonstrator of the Santa Fe railroad, that the big railroad system has determined to operate a thoroughly equipped agricultural demonstration train to every point on its lines in New Mexico, during January next. The train will carry absolutely complete equipment for agricultural demonstration work and will be the equal of any train of the kind that has been used in the United States. The Santa Fe will bear all the expense of the enterprise, but will have the active co-operation of the New Mexico agricultural college, which will furnish all exhibits, as well as ten or more lecturers from the college staff.

The announcement of this train is significant. It means that the Santa Fe system has come to realize thoroughly the importance of agriculture in the new state and that it is prepared to expend large sums of money in aiding the farmers along its lines and in encouraging farm development. Similar trains have been operated in the older agricultural states with most beneficial results to the farmers and upon the general development of the territory served. This train will, in effect, carry our agricultural college direct to the farmer, and at a season when, with no crops to tend, he can give his entire attention to the lectures and exhibits offered him. Every farmer in New Mexico who can do so should arrange to meet the train when it reaches his district.

The train will consist of six cars. Car No. 1 will be a 40 foot automobile car, fitted out as a traveling stable, and will carry specimens of dairy and beef cattle. Car No. 2 will be a forty foot flat car, to be used for exhibiting the live stock. Car No. 3 will be a forty foot automobile car carrying hogs, poultry and dairy equipment. Car No. 4 will be a seventy foot baggage car fitted out as an exhibit room and carrying all equipment necessary in lecture and demonstration work. Car No. 5 will be a coach fitted out as a lecture room. Car No. 6 will be a Santa Fe business car for the use of the members of the lecture force accompanying the train.

The train will be in charge of J. D. Tinsley, agricultural demonstrator of the Santa Fe, and the lecture staff will include president W. E. Garrison of the agricultural college, Director Luther Foster of the experiment station at Mesilla Park, and eight or more department heads, who will be in a position to discuss and advise with the farmers upon every subject of farming which may be brought up. In addition to the lectures ample opportunity

will be given to the farmers and others to meet the experts, ask them questions and get advice upon questions that may confront them. The train will be in every sense a traveling school.

The exact date for running the train has not been decided on as yet, but probably the start will be made on or about January 15th. The train equipment will be completed in the Albuquerque shops and will be run solid to Mesilla Park where the agricultural and live stock equipment will be installed. Thence the train will run to La Tuna on the Texas border, where the first stop will be made. Stops of an hour or so will be made at every station, and in the larger towns night meetings will be held. The train will be on the road seven to eighteen days, and will be in active service fifteen days since Sundays will not be used.

The first day the train will run from La Tuna to Rincon, second day Rincon to Deming then to San Marcial. Third day San Marcial to Albuquerque, with night meeting at Albuquerque. Fourth day Albuquerque to Las Vegas via Santa Fe. Fifth day Las Vegas to Springer. Sixth day Springer to Raton. Seventh day Raton to Las Vegas with night meeting at Las Vegas. Eighth day Las Vegas to Albuquerque. Ninth day Albuquerque to Vaughn. Tenth day Vaughn to Taiban. Eleventh day Taiban to Clovis via Texico. Twelfth day Clovis to Roswell with night meeting at Roswell. Thirteenth day Roswell to Carlsbad. Fourteenth day Carlsbad to Malaga to Loving, thus covering every point on the Santa Fe system in New Mexico. Ample notice will be given of the exact time of arrival at each station so that all farmers and others may be able to attend.

A most important feature of the campaign will be the preliminary organization of children's industrial clubs, along the lines of the corn-growing clubs in other states. This is regarded as one of the essential objects of the enterprise, and in order that it may be successful, teachers in all schools are urged to have the pupils under them present at every stopping place.

Further details of the operation of the train will be given out from time to time and the detailed running schedule will be announced not less than two weeks in advance of the starting of the train so that all may have sufficient notice.

### Han-Sell

The whistler and magician will be at the opera house the 22nd. He whistles soprano and sings bass at the same time. Whistles both soprano and alto at the same time. The only known person who can do this.

The New York press association of New York city says the following: "Mr. Fred E. Han-Sell appeared before the New York press club at the annual new years social and entertainment. It was the unanimous opinion of all the leading journalists that he is the finest whistler who ever appeared in this city. A. B. DEPRESSE, (for committee)."

## A MILITARY COMPANY WILL BE ORGANIZED IN THE TOWN OF PORTALES

T. J. Molinari is Captain and Recruiting Officer.

About Forty Prominent Business Men Enlisted.

Capt. T. J. Molinari last Saturday received the enlistment blanks for organizing the military company and began at once to sign the members of the proposed company. At this time he has some thirty-five or forty of the representative business and professional men of the town enlisted, and there is no question about securing the required number. J. B. Priddy will be the first lieutenant, and A. B. Seay will be second, both these gentlemen have had a large military experience, having served in the Spanish American war as well as filling the same offices to which they now have the appointments in the state militia of other states.

This movement should receive the encouragement of every citizen of the town for the reason that it will be a real asset to our wealth as well as one of the best advertisements to be found anywhere. Capt. Molinari has been notified to secure suitable barracks and to have the lockers and store room prepared so that shipment of the equipment can be made before the holidays. Following is a copy of the letter from Adjutant General Brooks, which is self explanatory:

Capt. T. J. Molinari, Portales, New Mexico,

Dear Sir: I want to commence shipping your property as soon as possible. When it arrives you should have a store room ready for it. A store room about 12x12 would be large enough, and should be in your armory and be made perfectly secure. Of course any windows which are in the store room should be protected by iron bars or a grating of No. 9 wire. This is very necessary because the government holds us responsible that all government property is stored in a secure store room. You are authorized to pay \$25 per month for a suitable drill hall and store room combined, the bills to be sent to this office each month for settlement. I have everything in the store room which is necessary to equip your company and would like to make these shipments before the Christmas holidays. Send me in your enlistment papers as soon as the men are enlisted, together with measurements for clothing. I am mailing you two copies of drill regulations today for use of your lieutenants. I will commission your lieutenants on your recommendations.

Sincerely your friend,  
A. S. Brooks.

A meeting has been called for Monday night to be held at the commercial club rooms, to which every one who is interested in this movement is earnestly urged to attend. The enlistment roll is open to all male persons over twenty-one and under forty-five years of age. There is not any expense attached to

this organization and no unreasonable requirements. Why not complete the enlistment at once to the end that active operations may begin as soon as possible, it is more than probable that in the event that the organization is perfected in time that orders will be received to attend the inauguration festivities the first of the year. Boost the military company.

### That Normal

Among the important matters which will confront the first legislature of our new and promising state, probably the most important insofar as the eastern portion of New Mexico is concerned, will be the location of the new normal school to be established in one of the counties of Union, Quay, Curry, Roosevelt, Chaves or Eddy. The selection of a location for this institution will, in all probability, be called up for consideration early in the first session of the legislature. The various counties named will present their claims for the school, showing to the legislative body all the attractions which they have to offer and make an endeavor to secure it. All things entering into, and constituting, the merits and demerits of the various counties as locations for institutions of this nature will be considered. The permanence of the town seeking the school, and resources which guarantee their future growth, the moral tone of those communities and their location relative to other state institutions of learning; in fact, all the conditions which go to warrant the school's development into one of the class this institution is intended to become. If we but view the matter from all view points and study all phases of the question, we readily see that in our county of Roosevelt we have the logical point for the location of this school. Portales, in the center of the tier of counties entitled to the normal, with its natural advantages, its health giving climate, with its large bodies of fertile land rapidly becoming irrigated which insure its stability and bright future, is unquestionably the town which offers the greatest inducements for the establishment of this new school. The moral life of the community is beyond question, the citizenship of the entire county is such as ever stands for advancement in all things intellectual, cultured and elevating and is of that character which will bring out the best in student life by the association of the student body with the people of the county.

All that is needed to secure this normal school for our county and town is that a proper showing be made of the advantages we possess. It will be the desire of the legislature to select a location which will be for the good of the school and best advancement of the intellectual life of the state, and we have all that is to be desired, if we only bring the question to the attention of the legislative body in the proper manner. The citizenship of the county, by means of work in unison, may secure this, and it will be to the mutual good of the county and school that it be located in our midst. Efforts are now being made to present the matter to the body of men who will settle the question of its location, and the co-operation of all will do much to insure our obtaining it. P. E. CARTER

## PEOPLE MUST GET BUSY IF THEY EXPECT TO GET A BEET SUGAR PLANT

Should Get a Hustle and Secure the Contracts.

Nothing to be Made by Laying Down on Project.

The beet sugar proposition is getting along nicely, but not nearly as fast as it should, considering its importance to the farming interests of the Pecos valley. It does look to the ordinary observer as though our people were standing in their own light when they allow an opportunity like this one to pass, simply for lack of a little hard cooperation on the part of our citizens. There is not another town in the territory which would not take to this proposition with all the avidity with which a starving man would grasp an old maid at the dead hour of midnight.

Instead of speculating as to whether this company or that company can build the sugar mill we should get busy and get the land signed up and put under the test, this is not only the shortest and best way to go about it. It looks as though these sugar mill people were being held here for an unreasonable length of time to allow our folks to make up their mind as to their responsibility, and while we are sitting around doing nothing to hurry matters up a little, some other locality is liable to step up and proffer the requisite acreage and walk off with the grapes and we will be left to hold the sack. In answer to a letter written by Judge W. E. Lindsey, Senator Curtis replied as follows:

Washington, D. C., Nov. 29, '11  
Dear Mr. Lindsey: I have your letter of November 20th, and note what you say in regard to the American Sugar Manufacturing and Refining company. I was one of the organizers of this company, but not having time to give it my personal attention, and fearing that there might be some legislation upon which I might be called to vote that would affect the sugar industry, I thought it best to withdraw from the company. I now have no interest in it whatever. I do know the members of the company who live at Topoka. They are all honorable and upright men, and went into the company in good faith. I am satisfied if they can secure proper contracts they will do everything possible to give Portales a sugar mill.

With kind regards, I am,  
Very truly,  
Charles Curtis.

Also the Albuquerque Journal gives some interesting statistics in reference to the test of sugar beets raised in New Mexico, as follows:

The department of agriculture has just printed a synopsis of analyses of sugar beets made by the chief of the sugar laboratory the past five years. A page and a half are given to analyses of sugar beets from New Mexico which demonstrates the necessity of care in selecting speci-

mens for that purpose. While a few of the specimens made a remarkably good showing as to sugar contents, average weight and purity, others again fall far below specimens sent from states like Nevada. The beet with the highest sugar contents was sent from La Cueva, Mora county, 22.3 per cent; Stanley, southern Santa Fe county, sent a beet with 21.9 per cent sugar contents; the beet with the lowest sugar contents was sent from Artesia, 9.5 per cent. The highest degree of purity is ascribed to a specimen Elida, Roosevelt County, 95.1 per cent, while Las Vegas and Stanley also sent specimens having more than ninety per cent of purity. New Mexico's average from all specimens received in 1910, was 16 per cent for sugar contents; 77 for purity and seventeen ounces for average weight.

### Womans Club

The women's club met Wednesday afternoon, as usual. There was a pretty good attendance considering the weather. Mr. Hansell entertained with his wonderful whistling, after which he was secured to give an entertainment Friday night, December the 22nd. After some other business matters had been attended to, Mrs. Rosella Culbertson demonstrated the making of recipe, Snow Flake Fudge, the recipe is here given: two cups of brown sugar, one cup white, one-half cup sweet milk, one-half cup water, a piece of butter size of walnut, one cup nuts broken up fine, white of one egg. Next Wednesday Mrs. Oldham will lead in our literary program. We will meet at 2:30 o'clock because of the short days and the entertainment by Mr. Homer T. Wilson at night.

### Is Yours Written Here.

The secretary of the commercial club reports the following members as being in good standing: W. I. Lullart, T. J. Lomax, J. B. Priddy, C. P. Mitchell, Jeff Hightower, W. E. Lindsey, W. W. Van Winkle, T. J. Molinari, A. D. Wallace, W. S. Barry, R. M. Sanders, C. O. Leach, C. V. Harris, Roy Connally, W. B. Reid, G. M. Williamson, S. A. Morrison, J. P. Deen, Fred Crosby, G. L. Reese, H. B. Ryther, G. V. Johnson, Cos Howard, R. A. Larson.

There is really not one good reason why every business man in the city should not find his name in this list. Let's hope that by the time the secretary makes his next report there will not be one name of any business man in the town missing.

### Candy Sale.

There will be a sale of fresh, home-made candies at Mrs. A. B. Seay's Saturday afternoon at three o'clock. This will be under the auspices of the Woman's Missionary society of the M. E. church and a nice prize will be given for the best box of candy. All the girls and young ladies of the town are invited to enter this contest. The prize may be seen at Mrs. Seay's building.

### Entertainment Course

The next number of the entertainment course comes Wednesday night the 20th. Homer T. Wilson, in his famous lecture, "The Ungrateful Queen." All who have heard Homer T. Wilson say that this number should be worth the price of the course.

# The First National Bank

Portales, New Mexico

Capital and Surplus, \$75,000.00

At last New Mexico has been admitted into the union. No longer do we live under a territorial form of government. Our growth, our advantages, our splendid civilization have at last overcome the scruples of the government at Washington and from here out we must rely exclusively on our own resources. Now that is just exactly what the First National Bank has been doing for the past number of years. We have always had this time in view and consequently the increased demands upon our facilities consequent and incident upon the new order of things, finds us fully prepared and willing to enter upon and do our full share toward the advancement and prosperity of the best country the sun ever shone upon.

### MRS. HUMPHREY ENTERTAINS AT DINNER.

Mrs. Inda Humphrey entertained the following with a real old fashioned dinner at her home last Tuesday, Mrs. Flocum, Mrs. Hopper, Mrs. Luikart, Mrs. Miller, Mrs. S. F. Culbertson, Mrs. Green, Mrs. Alldredge, Mrs. Horney, and Mr. Poore. Mr. Poore is an ex-superintendent of the public schools here and at present at Carlsbad. The others are, excepting Mrs. Alldredge and Mrs. Horney, the elderly ladies of Portales.

### FAREWELL TO MRS. WOLLARD.

The ladies of the Baptist Aid society assisted by the ladies of all the other aid societies of the town and by the members of the Womans club entertained the ladies of the town at the commercial club rooms Friday, December 8th, in honor of Mrs. Dr. Wollard, who leaves Tuesday for her future home in Raton New Mexico.

The hours were from 3 to 5. The receiving line consisted of the officers of the society, including Mesdames Alldredge, Wollard, Boucher, Isaac Corhn, Wolfarth and Humphrey. The mingling of old and new friends of every station in life proved to Mrs. Wollard very conclusively that she would be missed when she is gone, by more than a few people.

Mr. and Mrs. Wollard are esteemed people of our community and not only is Mrs. Wollard a member of the Baptist Aid society but a member of the Rebekahs, Womans club, Mothers club, and all other organizations which go to the upbuilding of the community and too much praise cannot be given her by those who know her best.

The members of the Womans Home Missionary society with a few visitors met at the home of Mrs. Dr. Wollard Thursday evening at 8 o'clock. The meeting

was in the form of a farewell reception to Mrs. Wollard, who leaves Tuesday for Raton, her future home.

Since this was a regular meeting of the society, the business was attended to first and then a short program was rendered as follows:

Duet, Misses McManaway and Chesher.

Reading, Miss Edith Connally.

Life of our first missionary Mrs. Jack Gaither.

Duet, Misses McManaway and Bruce.

Our Missions in Africa, Mrs. Mears.

### FAREWELL TO W. S. CUNNINGHAM

The members of the Baraca Phileathea class gave a farewell reception Thursday evening in honor of its departing President, Mr. W. S. Cunningham, who leaves Saturday morning for Albuquerque N. M.

The program committee, consisting of Misses Martin, Reese, Chesher and Mrs. Roy Connally, and Mr. George Monroe had the reception in charge and certainly made a success of it, at the home of one of the members, Lon Blankenship.

About 8 o'clock, after all the guests had assembled the game of progressive hearts was started. This game certainly took like "wild fire". There was so much hilarity that you could hardly hear your self think. The game lasted for something over an hour and when scores were compared Morris Bramlett held the largest number, nine, this showing him not to have lost a game. He was awarded a box of hearts for his superiority and the girls said it was "awful" for him to take only candy hearts when the other kind were so plentiful and willing to be taken.

All were then given slips of paper, numbered and with the name of some popular song on it. We were told to draw a picture representing the song. Eight minutes were given and then the "portraits" were taken from us and we were given pieces of blank paper in exchange. The pictures

were taken and pinned on the wall and each one was then told to guess the names of the songs and write them down on the blank held by them, fifteen minutes were given them to complete their guesses. Miss Sara Monroe was the winner in the contest, guessing fourteen out of eighteen pictures. She was given an appropriate reward in the form of a song book.

I am about to forget that during all this time candy to the hearts and also to the other parts of the body's contentment was served.

All were then given samples of the girl's dresses and told to hunt the girl whose dress matched the sample, talked to her five minutes and then after the girl left the room, write a four minute description of her. These descriptions were as you may imagine very flattering, but of course they could not have been too much that way because the class is given up to have the prettiest girls and the ugliest boys in town. Mr. Cunningham in a decidedly artistic piece of verse, cried the charms of Miss Chesher and was awarded the prize, a beautiful little doll dressed in the Phileathea Baraca colors, purple and gold.

Each boy was then handed one of the written descriptions and told to hunt the one about whom it was written. As soon as all were seated the chairman of the committee, Miss Martin, assisted by Mrs. Blankenship, served chocolate with whipped cream and cake, after this course came oranges and every one, even if they had no supper, should have been satisfied.

The affair was a decided success, in fact every one present declared it to be the success of the year in every way. After expressing their best wishes to Mrs. Blankenship and congratulating Miss Martin on her capability of managing the social affairs of the class, all adjourned about 12 o'clock.

Those present were, Misses Cornie Smith, Eliza Smith, Cora Smith, Sara Monroe, Grace Foglesong, Carrie Reese, Willie Leahy, Nettie Chesher, Mabel Martin, Messers Lon Blankenship, Morris Bramlett, Dwight Reynolds, Ira Sweaza, Lyle Day, W. S. Cunningham and Reagan Connally. All were members.

### SURPRISE ON PHILEATHEA-BARACA PRESIDENT

Quite a little crowd gathered at the home of Inda Humphrey Friday night for a little send off to his nephew, W. S. Cunningham, who leaves for Albuquerque Saturday. Games and other social diversions passed away the time until ten o'clock and all then took their departure wishing Mr. Cunningham the best of luck on his journey. Those present were Inda Humphrey and family, Harry Humphrey and wife, Mrs. Horney, Gertrude Horney, A. J. Goodwin, W. S. Cunningham, Georgia Stewart, Grace Foglesong, Carrie Reese, Nettie Chesher, Dwight Reynolds, Lee Carter, and Reagan Connally.

### Ends Winter's Troubles

To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins prove this. But such troubles fly before Bucklen's Arnica salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, bruises, eczema and sprains. Only 25¢ at all druggists.

### Entertainment

Homer T. Wilson, will appear in the Woman's club entertainment course next Wednesday night, the 20th. This number is worth the price of the whole entertainment course. Everyone in Portales should hear him.

The Womans club will appreciate your patronage at the Cozy theater Friday night, December 22d. There will be a good show, too.

DEMOCRATIC IN POLITICS

## Throwing Fits.

The Raton Range, the leading Republican newspaper of northern New Mexico, is not very enthusiastic in its support of Delegate "Lick'em" for United States senator from New Mexico. It even has the courage to admit the truth about the position of our delegate in reference to statehood. The Range speaks its mind after this fashion:

In its frantic attempts to boost the candidacy of "Bull" Andrews for the senate, the New Mexican throws a new fit every day.

If the people of New Mexico wish to reward "Bull" for services (he claims to have) rendered it would not be necessary for him to hire a band—even a newspaper band—or spend his good coin to secure the reward. If they do not see it that way, all the tooting and outlay will not secure any laurel crown as a piece de grace for the toga.

The last convulsion of Paul is about the most foolish bit of newspaper slush ever printed in New Mexico. In order to give "Bull" something to do whereby he can build up his fallen fortunes, Paul tries to throw a scare into New Mexico on the dangers of a new election, defend statehood and all sorts of hallow'en hobgoblins, which he negatively answers in his own screed. Talks of possibilities and then says they are not possible.

To make the scare more effective the New Mexican suggests or implies, that if "Bull" does not get busy and have Flood and Owen cast into some (political) dungeon, they will come down here and bust our election wide open. He also intimates that if "Bull" does not get down on his hands and knees, and beg the president not to, that he will withhold his signature from the statehood proclamation. Oh, rats!

Having set up these windmills as doughty warriors to be conquered, Paul has vested Don Quixote Andrews with spear and armor and bids him go forth to "save" New Mexico.

Now if "Bull" will kindly go to Boston, New York or Old Point Comfort and forget us—even as we are willing to forget him—all will be well with us. He nearly prevented our getting statehood once or twice—did all he could to block it, and we all will be much obliged if he will just quit pestering. The more Bull and Paul say and write on this subject, the more harm they will do New Mexico.—Santa Fe Eagle.

## Democracy Champion.

Clark, the ready debater, the champion of Democracy's representatives in congress, thoroughly abreast of the times, has made a wonderful impression on the country. Around such men we believe the hosts would rally with a unanimity that would rout the dissatisfied and disgruntled followers of the waning dynasty of the Republican party, in whom they have lost confidence.—Sentinel, Amsterdam, N. Y.

The Democrats of New Mexico have been without proper organization for a number of years up to the late campaign. During that campaign every effort was made to perfect the organization and, considering the short time in which the work had to be done the result was very satisfactory. After the close of the campaign, the idea of maintaining headquarters permanently at the state capital was conceived by Karl W. Greene, assistant secretary of the state committee, and it was adopted. The Democratic state central committee will be kept in touch with the leading Democrats all over the state so that it will not be necessary in the campaign next year to commence the work of organization all over. The Democrats of New Mexico have never been in as good shape for winning a great victory as they are now and the organization will be more complete at the beginning of the presidential campaign than it is now.—Santa Fe Eagle.

Chicago gets the national Republican convention, and it is fitting that the party of Lorimer should meet in the city of Lorimer—El Paso Times.

## Clark for Reform.

Champ Clark stands as the embodied spirit of the Democratic congress. He represents in his own person its manhood, its fidelity, its courage and progressiveness. He is one of the men who, in the last three years, by their loyalty to public duty and their well-balanced wisdom have done so much to commend the Democratic party to the confidence of the country. He comes bearing the Democratic message of reform and progress, and he comes, furthermore, as one qualified, by reason of his experience, his great ability, his simple earnestness and innate love of righteousness, to bear the Democratic banner next year in the event the national convention of his party should entrust him to that exalted duty.—Leader, Williamsport, Md.

## Han-Sell

Han-Sell, the one man show will give a performance at the Cozy theater on Friday night, the 22nd, the price of admission will be 50c for adults and 25c for children. This entertainment will be given under the auspices of the Womans club. Mr. Han-Sell is said to be something of a marvel in the way of an entertainer and a thoroughly good time is promised all who attend. Mrs. C. E. Mason, chairman of the Roswell Civic league has the following to say of this entertainer: "To whom it may concern—Mr. Han-Sell gave his 'Old Man and New' to a large audience here under the management of the civic department. The entire program is good but his whistling alone is worth the price of admission. Mrs. C. E. Mason, Chairman Civic Department, Roswell, N. M."

## Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at all druggists.

Mr. and Mrs. S. Birdwell and family of Kenna were in Portales last week the guests of Mr. Birdwell's parents, Mr. and Mrs. B. F. Birdwell.

WANTED—Six or eight day boarders. Mrs. W. H. G. Smith.

## Notice to Teachers.

Contributed.

Remember that the annual meeting of the Pecos Valley Teachers association convenes in Clovis, December 22-23, 1911. There are numerous things to come before the body which pertain to the welfare and up-building of the county and state schools and since votes will be taken on a number of propositions submitted to the association, Roosevelt county must have a strong turnout.

To the rural trustees we will say that your teacher cannot be competent unless he or she does attend these professional meetings where modern thoughts and ideas are being exchanged.

If you have a little extra money in your treasury send your teacher and pay his or her expenses. Possibly one vote will mean better or worse schools for the county, so if you are for good schools send your teachers to all the associations, county, Pecos valley, state and national.

Teachers are not the only people who attend these associations but trustees and all others who are interested in good school work are always to be found there. Accordingly, let Roosevelt county be the banner county of the state in school work as well as everything else.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

When you have a bilious attack give Chamberlain's Tablets a trial. For sale by all dealers.

## Do You Want a Sugar Factory?

Do you want a sugar factory in this valley? If you do, why do you not come to Portales or go to Melrose and sign the contracts to secure the factory while there is yet time to get it this year? Time is passing quickly and there is only a very short time left in which to sign these contracts in order to insure a sugar factory here. My wife and I, with Mr. Will Faggard and Judge Compton, have been in the country almost every day, through the storm, snow and mud, interviewing the farmers and getting the contracts signed and have met with very good success; but this is a slow process and we have found a good many of the farmers away from their homes and it makes it a hard proposition to go from house to house three or four times before seeing the farmer. If the men themselves would come in town and sign up the contracts, then we would go out to their homes and get the signatures of their wives. We think it is almost too much to ask us to go from farm to farm three or four times before being able to get the contracts signed because of the absence of the farmers. We again urge you to come into town and sign the contracts without waiting for a personal solicitation, and if you can not bring your wife with you, then come alone and sign the contracts and we will go and get your wife's signature. Or, if you come into town and find our office closed because of our being in the country among the farmers, then go to the Carter Abstract Office, on the second floor of the court house and Miss Carter will fix the contracts for you and acknowledge your signature, without any charge to you.

### Minco.

Minco Sunday school is progressing nicely.

Judge G. L. Reese was a pleasant caller at Minco last week.

E. A. Herndon is hauling out lumber to build an addition to his house.

Messrs. Anderson, Pruett and French have been threshing their maize this week.

The Odd Fellows meet at Minco every Saturday night and extend a welcome to all visiting members.

E. A. Herndon and E. P. Shields recently returned from Oklahoma where they have been engaged as traveling salesmen.

Every one in this vicinity feels very much encouraged over the prospects for a good crop for the coming year, due to the fine seasons we have had lately.

Messrs. Arnold and Slow purchased the threshing outfit this week, so it looks as if there were still some money left in our section of New Mexico.

George W. Cottrell returned home the other day from Texas where he had been for the past three months. Mr. Cottrell says New Mexico looks good to him yet.

W. F. Shields returned home last Friday from Oklahoma where he has been traveling for a Kansas City wholesale house. Mr. Shields still thinks New Mexico is the place.

Mr. B. L. Garner, of Arkansas recently purchased a relinquishment about five miles south of Minco and has moved his family on the claim. Mr. Garner seems to be very favorably impressed with our country.

### Saved His Wife's Life.

"My wife would have been in her grave to-day," writes O. H. Brown, of Muscatine, Ala., "if I had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infalible for coughs and colds, it's the most reliable remedy on earth for desperate lung trouble, hemorrhages, la-grippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

Saturday, December 16--For Two Weeks Only--Closing Saturday Night, December 30

For the last two weeks of this year we intend to sacrifice price for the purpose of reducing our large stock. The first of January is always the signal date for us to begin buying Spring Goods. Our shelves and counters are now loaded to their capacity with Winter Goods. We must unload. What will be our loss will be your gain. From Saturday, December 16, until Saturday Night, December 30, we are going to forget there is any such thing as cost attached to our goods. We don't often put on "sales" and when we do, you can bet there will be something doing. We want to invite every one to attend, at least, one day of this Big Holiday Sale. Come early and often and bring some one with you. Make our store your headquarters. "It's No Trouble to Show Goods."
