Miss Paine's Experience.

"I want to thank you for what you have done for me, and recommend Lydia E. Pinkham's Vegetable Compound to all girls whose work keeps them standing on their feet in the store. The doctor said I must stop work : he did not seem to realize that a girl cannot afford to stop working. My back ached, my appetite was poor, I could not sleep, and menstruation was scanty and very painful. One day when suffering I commenced to take Lydia E. Pinkham's Vegetable Compound, and found that it helped me. I continued its use, and soon found that my menstrual periods were free from pain and natural; everyone is surprised at the change in me, and I am well, and cannot be too President Roosevelt was telling a grateful for what you have done for me." - MISS JANET PAINE, 530 West friend about his mail, which averages 500 or 600 letters a day. Dr. Caldwell's Syrup Pepsin

Mrs. Mary O. Hahn. No. 253 Michigan Ave.. Chicago, 111., writes: "For two years I have been troubled with bilioueness caused by inactivity of the liver. I had dizzy spelle at times, pains across my back and a tired, heavy feeling, with loss of appetite and nervouaness. Our family physician prescribed some liver tablets which certainly did not help me in the least. I took Apoliharis and other mineral waters, but my complexion becames more yellow and my general health worse. Reading one of your little bookiets, I decided to give Dr. Caldwell's Syrup Pepsin a trial and am so giad I did. One hottle did more for me than ten dollars' worth of other remedies. I knew at once I had the right remedy. I kept taking it for several weeks, when I considered myself completely cured. My skin is white and smooth as a baby's and I feel in excellent health and spirite, thanks to your remedy."

The intertribal fighting in Algeria respecting palm trees involves property of considerable value. There are in the cases about 1,500,000 palm trees, of which about three-fourths be

long to the Mabites, or aboriginal inhabitants, and the other fourth to the Arabs, who have taken to the sword with a view to short methods of inverting the proportions. Their deprivations have caused damage to the extent of \$100,000, besides the bloodshed resulting from the Mzabites defending their property.

He's Got the Grit, at Least. Congressman "Nick" Longsworth who succeeds Gen. Shattuck from Cincinnati, is a millionaire who went into politics because he likes the game, making his way to Washington through the ward, city and state hury-burly. Now he has his eye on the senate. Mr. Longworth is a tall man amazingly bald-headed and a golfer of note. He once won a bet of \$500 by driving a golf ball from the hills back of Cincinnati through the city, across the bridge that spans the Ohio river and into Kentucky in a certain specified number of strokes.
