## Local and Personal

A nice chair for 60 cts at Neer's Furniture Store.

Eddie Tyson left Thursday for his father's ranch.

Tom O'Brien and Jess Plummer, of Denison, Tex., are here prospecting.

"Star Brand Shoes are Better." Sold by Warren Fooshee & Co.

Mrs. Ed. J. Neer went to Carlsbad, Monday, for a weeks visit.

Mrs. E. M. Fitch, of Toledo, Ohio, has been prospecting here this week with a view to investing in land.

Prof. D. A. Parish will open a writing school at the Uncle Jim Williams school house on Monday the 24th.

You can save money by buying Furniture or undertaker's supplies at Neer's Furniture store.

J. L. Morris and W. B. Sears, of Kemp I. T., have been looking at some of the Roosevelt county lands and expect to take homesteads.

Dr. Aronson is here. Those who need his services can find him at the Portales Hotel. Fitting glasses a specialty.

The Womens Home Mission Society will give an "Easter egg supper" the night of the 22, at the M. E. church. Look out for further notice.

Mr. Dent, who has been in Rockwell Tex., for several months returned last week with his mind made up that this is the best country for him.

Warren, Fooshee & Co. are headquarters for Gents and Ladies Furnishings.

Mr. Humble has returned home after an absence of weeks. He is setting out trees and shrubbery of every kind and making one of the most beautiful homes in Roosevelt county.

J. B. Priddy and Editor Ryther went to Artesia the first of the week on a fishing trip. They report a grand time and more fish than they could carry—anyway didn't carry any of them home.

Mr. Raymond Tenney came in from Tena, the first of the week and has gone to work on the telephone exchange here. Mr. White finding he could not look after the telephone business and give the necessary time to his growing real estate business.

Breeding & White closed one splendid deal in city property this week and have others about ready to close. It appears that the real estate business is looking up as we notice many new prospectors almost every day.

Summer Underwear at Warren, Fooshee & Co.

The Dixie Carnival Company stopped in Portales to give a three days show but on the morning of the third day folded their tents and left "seeking pastures green". Judging from the number who attended and the number of people carried by the company they probably left more money in the town than they took away.

See those Easter Ties at Warren, Fooshee & Co's.

The norther on last Saturday made grandma take in her garden.

The marriage license law went into effect yesterday and a license from the Probate Clerk is now required.

Say! Take an hour off and go and see the fine display of new styles in millinery at Breeding & Breeding.

Mr. Carter, the townsite surveyor, is still busy laying off lots in the city.

The TIMES wants good live correspondents at every postoffice in the county. Stationary furnished.

Many strangers are on our streets every day which means business.

Nobby Hats for Easter, at Warren, Fooshee & Co.

Lee Black is being initiated into the mysteries of telegraphy and railroading in general, at the depot.

Henry Williams, of Arch, was in town last Saturday and took advantage of our extremely low clubbing offer.

Loadstone Liniment guaranteed to relieve frost bitten feet, at Neer's Drug Store.

Mrs. Rockefeller and daughter, Miss Grace left Sunday for Emporia, Kan., for a short visit.

We are agents for the genuine Pictos Maitland Coal, the best on the market. Jones & Morrison's Grain Store.

Floyd Ewing and family returned Monday from a visit to Floyd county, Texas. Miss Maude Hamilton, Mrs. Ewing's sister, came with them.

See those Ladies Skirts and shirt Waists at Warren, Fooshee & Co's

Meet me at Jones' Photo Gallery.

George Henderson is now night operator at the depot, the telegraphing now requiring a night man.

Prof. P. B. Johnson of our city, has been appointed agent for the Interstate schools of the Civil Service located at Ft. Worth Texas. He writes that he is very busy getting his office fitted up for business. A most excellent work and one greatly in demand.

In the Spring

Some maiden's fancies turn to thoughts of love, but the majority of them, as well as humanity in general, have a way to lay down and stay down feeling. Simmons' Sarsaparilla is the lifter. It not only takes hold, it lifts up. That way back, weary feeling vanishes like a dream.

Shakespeares Hamlet.

The Rev. E. McQueen Gray will give a lecture with recitations on "The Hamlet of Shakespeare" at the court house in Portales on Saturday, April 29th. General admission 10 cents.

2. Was Christ burdened for the lost? W. A. Riek and D. C. Baker.

3. Is it necessary for a church to be burdened in order that the lost might be saved? J. C. Welch and H. A. Covington.

4. Does the Bible teach that church and pastor must engage in prayer and supplication before they can be insured of a great revival? C. F. Wharton, Dr. J. S. Pearce and W. C. Grant.

Preaching arranged by the committee.

Everybody invited to attend these meetings. Let's pray for a good meeting.

W. C. GRANT } Committee.  
H. A. COVINGTON }

Notice.

As I am called upon to go to Texico the third Sunday to assist in the organization of a Baptist church at that place, I will not be at the Adobe school house on said date, but will be there the fourth Sunday in this month at 3 p. m. Everyone take notice and be governed accordingly.

D. E. BAKER.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that give strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by Pearce & Dobbs.

Roswell Creamery.

H. P. Hobson representing the Roswell Creamery Company was here the first of the week in the interest of the company. The company is making arrangements to buy all the cream they can get and as Portales is in a farm and small stockraiser's country should be able to supply them with several cans each day.

The farmer will have to provide himself with a small separator which will cost about \$75 and one separator will be enough for three or four farmers so the cost will be very little to each man.

The company proposes to manufacture the butter at actual cost and pay the farmer the rest.

This is a business worth trying in this country where there is plenty of grass during the summer months and any amount of feed for the winter. There is always a market for creamery butter while a few pounds of home made butter overstocks the market.

TREES! TREES! TREES!

Plains grown. Write for catalogue. Hereford Nursery, Hereford, Texas.

Portales Springs.

Good morning Mr. Editor.

Our farmers are busy as bees, some breaking land, some planting etc.

We had some good preaching by Bro. Grant, a Baptist minister from Elida. Bro. Grant is an able preacher and we hope to retain him. Come again Bro. Grant.

Messrs. Logan and others have been selling fine native seeds of one kind and another.

Mr. Hoover passed up from the Yellow House ranch with two large loads of hides.

Phelps White passed down on his way to the ranch, last Friday.

Mrs. Smith has moved to the Griffith claim and will reside there in the future.

Prospectors are still coming in. Some claims are changing hands.

Our gardens are showing up nicely. Stock of all kinds are improving, the grass is growing all right.

Mrs. Logan, who has been quite sick is convalescent. Dr. Pearce has been in attendance.

Mr. and Mrs. Green, who live in the Gaines addition were visitors in our neighborhood last Sunday.

Some of our young people are attending the carnival. No use to complain of hard times now.

Bye, will call again soon. D. A. P.

Its Oil Right.

It may not smooth the waters but it surely soothes the pain. Use it on your cuts, burns, bruises, aches and pains. It will make you happy, because it makes you well. Hunt's Lightning Oil.

Bond for Boykin.

After hearing the petition in the habeas corpus proceedings by which it was hoped to secure bond for A. M. Boykin, Judge Pope has decided to grant the prayer. Boykin's bond was put at \$5,000.

We have recently completed new Telephone lines to Yellow House and Slaughter's Ranches in Texas and Hugh Lewis' Ranch. We are also putting in several new Phones in town. Now is your time to get a new phone in your residence as we are to have in a shipment of new ones soon.

E. J. WHITE, Mgr.

A little good advice. If you want to make a piece of money see Breeding & White and invest in some town or country property and treble your money in the next 30 days. The have some bargains.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for grippe" says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds whether it be a child or an adult that is afflicted. It always cures and cures quickly. For sale by Pearce & Dobbs.

Do You Want The Earth

"The Earth" is a new illustrated monthly journal, published by the Santa Fe. Tells the truth about the Great Southwest and California—the truth is good enough. Frequent articles describing your part of the country. Contains letters written by farmers, stockmen and fruit raisers; men who have succeeded and who give the reason why. Strong editorials and interesting miscellany. A very persuasive immigration helper.

Why not have it sent to friends "back east," to do missionary work for the Southwest? Regular subscription price is 25 cents a year; worth double. Send 50 cents (coin or stamps) with names and addresses of five eastern friends; we will mail "The Earth" to them and to you for six months. Write today to "The Earth," 1120 Railway Exchange Building, Chicago, Ill.

Meets on Monday night of each week. Visiting brothers cordially invited to attend. Come once, you'll come again, there is something doing here.

**WILL ADJOURN SINE DIE.**

Principally in Order to Get Increased Per Diem.

April 11.—Shortly after convening yesterday morning the Senate adopted the bill for sine die adjournment at noon next Saturday, April 13, and afterward, clinched the thing by tabling a motion to reconsider the vote by which the resolution was adopted.

Gov. Lanham, it is known, was opposed to having a special session. He thought the legislature should continue the regular session until it had passed the general appropriation bill. But he can not veto the resolution providing for sine die adjournment. It is understood that he will reconvene the legislature in special session immediately after the regular session closes.

There is much speculation as to whether or not he will submit any other matter than the appropriation bill. Some legislators, who are understood to be close to the governor, say they think he will submit the anti-free pass bill and the anti-nepotism bill. Others express the contrary opinion. The anti-nepotism bill passed the senate, and has never been reached in the house. The anti-free pass bill has been twice reached and was postponed the last time until 2:30 p. m., April 15, just two hours and a half later than the time which has been decided upon for quitting.

The status of business at this time indicates that some of the most important measures will fail. The opinion is quite prevalent that the senate will not pass the general election law; in fact, it is probable that that measure may be recommitted.

As soon as the senate adopted the adjournment resolution, the Home Awoke from the lethargy which has rested upon it during the last fortnight and began the "grand rush" to railroad bills through.

Judicial calm gave way to nervousness and excitability. Members were so anxious to get their own pet measures through that when one of the number got the floor to move a suspension of the regular order his motion and his bill were put through in a jiffy. Sometimes the house did not even wait to hear the bills read and measures were put through the contents of which are known only to the ruler of the universe and the author of the bills. In this period of "frenzied legislation" many bills are being whopped through, and the governor will receive a large number of acts of the legislature during the closing week of the regular session than in all of the thirteen preceding weeks.

**New Ship Schedule.**  
Galveston: A cablegram has been received here announcing the sailing of the North German Lloyd steamer Wittkind from Bremen with 600 passengers for Galveston inaugurating the first direct sailing from Bremen to Galveston on the new schedule published by the company, and easily breaks all records for the number of passengers brought to the port on one vessel.

**Meningitis Slowly Subsiding.**  
New York: Like the first plague of cerebro-spinal meningitis, which prevailed here in 1873, the present run of the mysterious disease is dying out. Physicians express the belief that it will have disappeared by May 1. The only explanation obtainable is that a little sunshine and a few days of balmy weather have accomplished that which has baffled the medical fraternity. About 1000 deaths have occurred since its appearance.

**Blue and Gray Reunion.**  
Washington: A two day's greeting of American soldiers and a meet of veterans who opposed each other in battle in the sixties has been arranged to take place here May 11 and 12. Cordial invitations to participate have been sent to every veteran association North and South. The program contemplates more than thirty speeches of greeting and response, with addresses of welcome by Gen. Charles Grosvenor of Ohio.

**Violent Mob in Chicago.**  
Chicago: Scenes of violence marked the first attempt to move freight from the Montgomery Ward building where the teamsters are on a strike. The Police were compelled to use their clubs freely. Three wagons headed by two patrol wagons and accompanied by seventy-five policemen, started for the freight sheds. The caravan was followed by nearly 10,000 persons. Numerous missiles were thrown along the line of march.

**Rush for New Oil Field.**  
Muskegon, I. T.: There is a great rush for the new oil field at Morris, where the flat well was brought in Tuesday, and the little town is crowded with oil prospectors. For the last several days agents have been there trying to secure leases, but the Citizens' Company, which put down the first well, has practically secured leases of all the oil property in the town.

**But Ross Memorial.**  
Waco: The Ross Memorial Association is raising money and pushing the matter of a bronze equestrian statue to L. S. Ross. A game of baseball has been matched between the Waco team and that of Beaumont for April 23. San Jacinto Day, and it is expected to net three or four hundred dollars. The game will be liberally advertised and will draw a large attendance.

**RECORDS ARE SEIZED.**

Six Trunks Full of 'Em in the Hands of the Government.

Chicago, Ill., April 11.—Six mysterious trunks, which are understood to contain a complete set of secret records of the transactions of the alleged beef trust, were suddenly seized by the Federal Government yesterday afternoon as a result of disclosures made to the Federal Grand Jury.

The seizure of the trunks and the efforts of the Government officials to keep the fact secret afforded the most sensational development of the investigation. The trunks were taken from the safety deposit vaults of the National Safe Deposit Company, in the National Bank Building on a subpoena duces tecum issued by Judge Kenesaw M. Landis shortly after 2 o'clock.

District Attorney Harrison instituted the action by which the trunks were seized, after a witness, whose identity is carefully guarded, had started the Grand Jurors with revelations as to former business methods of the packers. He is said to have stated that a double system of bookkeeping had been employed by certain packing firms, one set of books showing the secret relations of the alleged combine and being accessible only to trusted employees, and the other set of books showing figures to which the packers invited the attention of the Government experts who made the investigations for Commissioner Garfield.

**Killed in a Lodge Room.**  
Little Rock, Ark., April 11.—While Ebenezer Runyan was being initiated by the local lodge Knights of Pythias at Fetezenthal, Ark., he was shot and instantly killed. Charles Miller, an officer of the lodge, was officiating at the initiation and it is said used a revolver, which in some mysterious way had been loaded, although it was supposed to contain blank cartridges. The bullet entered Runyan's brain, causing instant death. There is no part of the ceremony in which any sort of fire arms are permitted by the laws of the order and any use of a pistol was without authority and contrary to the stipulated regulations.

**Senator Clark and His Gang.**  
Helena, Mont.: Ex-United States Judge Hunt has set for trial on June 6 the cases against R. M. Cobban and fifty-three others in connection with extensive land frauds. The government alleges that Cobban induced the indicted persons to take up lands and turn them over to him and that he in turn transferred them to Senator W. A. Clark. The government has sued Senator Clark for recovery of the lands.

**College Professor Arrested.**  
Granbury, T. R.: Dunlap was arrested here Sunday charged with setting fire to Jarvis College, at Thorp Springs, which burned on the night of March 20 last. T. R. Dunlap came to Thorp Springs from Ardmore several years ago and was president of the college for four years. He was teaching in the institution at the time of the fire. He is fifty-two years old and a man of family.

**The Odious Boot.**  
If there is one thing in our civilization more odious than butchery it is our footwear. It is an additional crime of flesh eating that it condemns us of the use of its byproducts to cripple, deform, befoul and enfeeble our feet. What would our hands be like if we carried them about in leather boxes? The foot should be as presentable as the hand, as healthy, sun burned and almost as pliable. It needs the purifying effects of the outdoor cold and heat. Instead of allowing it this freedom we shut it up in a stiff, foul, unventilated prison, where its clammy pallor suggests vegetables that sprout in a dark cellar. We bind the toes together and doom them to atrophy until a foot is a thing to weep over. Happy the day when there will be no more leather for boots!—Humane Review.

**OPERATION AVOIDED.**  
**EXPERIENCE OF MISS MERKLEY.**

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with ovarian and womb trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and her hospitals are full of women coming for ovarian or womb operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of ovarian and womb trouble cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—I lost a string, extreme nervousness shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had ovarian trouble and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The operation quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well.

Ovarian and womb troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing down pains, leucorrhoea, do not neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

**Diamonds in Canada.**  
Most of the diamonds fields of the world lie in British territory. People generally will be surprised, however, by the declaration of a Canadian geologist that a new and undiscovered diamond field lies in Canada, somewhere between the great lakes and Hudson bay. Diamonds have been found in Michigan and elsewhere, in the terminal moraines of vanished glaciers. The diamonds were probably carried to the spot by the glaciers and their origin was in a diamond field somewhere in the North, whence they were torn by the ice sheets.

**An Aged Student.**  
William Standifer, a soldier of the Confederacy and 70 years old, is a pupil of the agricultural and mechanical college of Starkville, Miss. He never went to school in his youth, and now that his ten children have all married and set up for themselves thinks it is time for him to get an education. Some one told him that Cato learned Greek at 80, so he decided to enter the college.

**WHO OWNS THE RAILROADS?**  
H. T. Newcomb of the District of Columbia Bar, has compiled statistics showing that 5,174,718 depositors in savings banks of six eastern states are directly interested in the Joint ownership of \$442,254,088 of steam railroad securities, that insurance companies doing business in Massachusetts hold \$845,889,038 of steam railroad stocks and bonds and 74 educational institutions depend on \$47,468,237 invested in similar securities for a portion of their income. Other "secondary" institutions own enough railroad securities to bring such holding up to more than a billion and a half dollars, about one-sixth of the entire capital invested in railroad property. These investments represent the savings of the masses, there being two million holders of life insurance policies in the country, as many more of fire insurance policies, and an even greater number of depositors in banking and trust institutions, where investments are largely in railroad securities.

There may be no cash register at the peary gates, but it is generally believed they've got a deed register there.

**NO TONGUE CAN TELL**  
How I Suffered with Itching and Bleeding Eczema Until Cured by Cuticura.

"No tongue can tell how I suffered for five years with a terribly painful, itching, and bleeding eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first bath, with Cuticura Ointment, and was soon entirely well. (Signed) Mrs. A. Etson, Bellevue, Mich."

**Live Among the Dead.**  
Away up in the northernmost part of Northern China is a town composed entirely of graves. The place is, as a matter of fact, a deserted burial ground, and has been taken possession of by a band of beggars, thieves and outcasts of all descriptions, who eat and sleep well in spite of their strange environments. There are several of these "towns among the tombs" in various parts of the Chinese empire, but the one mentioned is the most extensive.

**Carnegie Ahead of Rockefeller.**  
According to the best data at hand Andrew Carnegie is, up to date, a greater giver than Rockefeller. Carnegie has already given \$100,000,000 to his pit philanthropy, the libraries. Of this sum the United States received \$68,517,472, Scotland \$17,713,750, Holland \$1,750,000, England \$1,254,500, Canada \$1,016,500, Ireland, \$315,000 and Cuba \$252,000. Rockefeller and Carnegie give more than any other two men in the New or Old World.

**How the Africans Eat.**

At eating, the native African negro, having always first washed his hands and rinsed his mouth, sits upon the ground, holds the larger pieces between his teeth while he cuts off a bite with his knife, but does not use both hands to hold food except in gnawing bones. With the usual dishes he lays his right arm over his knees and, reaching into moulds the thick mass into lumps about the size of a walnut, which he throws into his mouth with a jerk without scattering any of the food. To take out vegetables or soup he presses a hollow into the lump and dips with it. Politeness is shown to the host or housewife after eating by snacking loudly enough to be heard.

**A Peculiar Name.**  
Few people have such a peculiar name as Miss Nella L. Allen, a popular school teacher of Saco, Me. Whether spelled forward or backward, the name spells just the same, and it is a very rare happening that such a combination of letters is found.

**In the Spring.**  
Lowndes, Mo., April 10th.—Mrs. H. C. Hartly of this place, says:—  
"For years I was in very bad health. Every spring I would get so low that I was unable to do my own work. I seemed to be worse in the spring than any other time of the year. I was very weak and miserable and had much pain in my back and head. I saw Dodd's Kidney Pills advertised last spring and began treatment of them and they have certainly done me more good than anything I have ever used.  
"It was all right last spring and felt better than I have for over ten years. I am fifty years of age and am stronger to-day than I have been for many years and I give Dodd's Kidney Pills credit for the wonderful improvement."  
The statement of Mrs. Hartly is only one of a great many where Dodd's Kidney Pills have proven themselves to be the very best spring medicine. They are unsurpassed as a tonic and are the only medicine used in thousands of families.

**First Newspaper.**

The first daily newspaper was a manuscript letter written by salaried correspondents and forwarded by them every twenty-four hours from London to the provinces. That was in the days of the early Stuarts. During the Commonwealth these London letters were printed in type and circulated in large numbers. Even so long ago as 1680 the law of libel was such as to be characterized by Judge as making any newspaper publication illegal and tending to provoke a breach of the peace.

When a woman loves a man she loves to make him believe that she doesn't.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 8-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has been printed on every package in large letters and figures "16 oz." Defiance Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

**DYSPEPSIA YIELDS**

**A NINE YEARS' VICTIM FINDS A REMEDY THAT CURES.**

For Two Years Too Weak to Work—A Dozen Doctors Had Tried to Check Disease. Treatment That Succeeded.

All sufferers from weakness or disorders of the digestive organs will read with lively interest the story of the complete recovery of Mrs. Nettie Darvoux from chronic dyspepsia which was thought to be incurable.

"To be ailing for nine years is not a very pleasant experience," said Mrs. Darvoux, when asked for some account of her illness. "For two years I was critically ill and could not attend to my household duties, and at one time I was so weak and miserable that I could not even walk. My trouble was chronic dyspepsia. I became extremely thin and had a sallow complexion. I had no appetite and could not take any food without suffering great distress."  
"Did you have a physician?"  
"Yes, I took medicine from a dozen different doctors, but without getting any benefit whatever."  
"How did you get on the track of a cure?"  
"A book about Dr. Williams' Pink Pills was thrown in our doorway one day. My husband picked it up and read it through carefully. He was so impressed by the statements of those who had been cured by that remedy that he immediately bought three boxes of the pills and insisted on my taking them."  
"Did they help you at once?"  
"I began to feel better the second day after I started to use the pills and by the time I had taken the three boxes I was entirely well. Dr. Williams' Pink Pills can cure even when doctors fail, and they cure thoroughly, for a long time has passed since my restoration to health and I know it is complete and lasting."  
The surest way to make sound digestion is to give strength to the organs concerned. Dr. Williams' Pink Pills give new vigor to the blood. No other remedy yields such radical results.

Mrs. Darvoux lives at No. 497 Sixth street, Detroit, Mich. Dr. Williams' Pink Pills are sold by all druggists in every part of the world. Dyspepsia should send to the Dr. Williams' Medicine Company, Schenectady, N. Y., for a new booklet entitled "What to Eat and How to Eat."

Shipping Mules to Elka. P. Meredith Jones, locating engineer for the Santa Fe Railway Company, who has just returned to his home in Las Vegas states that he has not received any definite advice as to just when the work on the Belen cut off will begin, but that he had received a communication from Chief Engineer James Dunn, of Chicago, that a letter of instructions would be sent him this week. This letter will more than likely contain instructions to commence work at once as during the past week Contractor Milligan, of El Paso, has shipped three hundred mules to Belen. It was also announced in Chicago recently that the Santa Fe would have direct connection with the Gulf of Mexico and its coast lines by the first of next year. This evidently means that the Belen cut-off is to be completed as soon as possible.—New Mexican.

From Libraries to Colleges. From Colliers Weekly. Mr. Andrew Carnegie took advantage of a dinner of the alumni of Stevens Institute on March 27 to make the important announcement that he was gradually transferring his activity from the library business to that of developing small colleges. He explained later that his affection for libraries had not waned, but that the popular hunger for such institutions had been so far advanced that it could no longer absorb the money he felt impelled to devote to public purposes. The demand had fallen off to the beggarly figure of one library a day, requiring a daily expenditure of only \$20,000, and hence it was obviously necessary for Mr. Carnegie to find some new and more adequate outlet for his philanthropic activity. The small college has the advantage of unlimited capacity as an absorbent. Already Mr. Carnegie has received applications from a hundred such institutions, and he has quietly helped fifty-two in the past five years. There are over four hundred colleges in the United States that might fairly be called small and their needs are boundless. Nowhere else in the field of learning can a dollar do so much. At a total cost of about \$3,000,000, distributed \$25,000 here and \$50,000 there, Mr. D. K. Pearson has sent a breeze of cheerfulness and hope throughout the Western educational world. Mr. Carnegie is going to do a similar work on a vaster scale.

Must Quit Politics. Washington, April 2.—Federal employees who are under civil service rules will do well to get rid of political chairmanships or whatever other places of that kind they may hold, as soon as possible. Information comes direct from the White House that all persons holding such places in local or state organizations will at once be asked to resign if they have civil service commissions and there will also be put out a very strong intimation that all federal officeholders had better cut loose from machine jobs. This action, it is understood, has been brought about as a result of some investigation which has been made by Postmaster General Cortelyou, and is in line with that official's own step in resigning the chairmanship of the national committee as soon as he re-entered the cabinet. The new rule is supposed to be a general one, but it is known that it is intended to apply particularly to government employes in the southern states.

New Mexico's Lands Good Investment. The most certain and best investment for idle money is land. The returns are sometimes slow but they are enormous and in all they are certain. While the population of the United States is growing rapidly, the area of land available for settlement is growing less and the total amount of land necessarily remaining stationary. These two indisputable facts are the best conditions upon which any man can bank. Of course land should not be bought at speculative values but when bought at actual value today, it is as certain as that the sun will rise tomorrow that it will be worth more next year. Especially is this the case in New Mexico, which irrigation systems and development water by pumping are bound to increase land values many fold in a few years; while the certain growth of towns will make city real estate values many time what they are today.—Catsbad Argus.

Romance at the Carnival. Unknown to the public there was a romance working among the employees of the Dixie Carnival Company while it was in Roswell last week. Last Thursday afternoon at four o'clock, "Rosame, the Malay Wonder," as he was called and one of the female attaches of the concern, a woman who has been engaged in showing one of the stands in connection with the carnival, were married under the names of Esse Welch and Mary McIntire. Their wedding was held in the office of the officiating magistrate Justice Bailey. The wedding was mentioned in the record Saturday, the parties being described as "unknown people." At the time it was not known who "Rosame" was. The lower limbs had been amputated. In an interview with the Times, it was stated that the bride had been blind since birth. Her father was a poor man and she was brought up in a poor home. She was blind and lame, and was a great favorite with the people. She was married to a man who was a great favorite with the people. She was married to a man who was a great favorite with the people.

About Rheumatism. There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore a bold statement to make, but Chamberlain's Pain Balm which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain and hundreds of the sufferers have testified to permanent cures by its use. CUTS OF ALL KINDS. Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering. As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack. If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects. They contain no morphine, opium, chloral, cocaine or other dangerous drugs. "For a long time I have suffered greatly with spots of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." Mrs. J. A. Smith, 711 S. Michigan St., South Bend, Ind. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will relieve you. If it fails he will return your money. 25 Cents, 50 Cents. Boxes sold in bulk by Miles Medical Co., Elkhart, Ind.
