Rapidly Growing Institution.

Among the different business instiutions of Roosevelt county, the First National Bank, of Portales, has, from ago with a capital stock of \$25,000.00. erection of a school house. From the opening of its doors for the transaction of busines, its depositors and patrons have steadily increased in number until at the present they have on deposit \$160,000.00. Their growth has been the growth of our country, and their prosperity has been our prosperity. They have, at all times, had abundant capital to meet all demands. Their methods have been most liberal, always ready and willing to contribute their time and money to any and all enterprises which had a tendency toward the improvement or betterment of our conditions. Now realizing that Portales has octgrown her infancy and that her business institutions must keep pace with the rapid developement of the country, it has been decided to increase the capital stock of the bank to \$50,000.00. This is a more in the Wednesday. aght direction and shows conclusively that this financial institution fully appreciates the importance of keeping pace with the times. have outstripped the institutions that a few years ago were more than adequate for the transaction of the public business. It also demonstrates that as our resources are more fully developed and as our county continues to grow and prosper, this bank can always be depended upon to expand and increase as the demand may from time to time justify. This is an important improvement and one that will commend itself

to the public.

ABOUT APPENDICITIS. NO KOWTOWING FOR HIM.

Hotel Man Who Was Not to Be Overawed by Dignitaries of State.

They tell this one on former Gov. George Hoadly of Ohio: Once upon a time, in the midst of campaign, Mr. Hoadly was to deliver a speech at a little town in the great and glorious Buckeye State. When he reached the one hotel the town boasted he walked up to the register and wrote his name. The proprietor-headporter-steward-headwaiter-depot - runner was behind the desk in his shirt sleeves, his hat on the back of his head, and a cigar stump held between his teeth. With considerable astonishment and not a little injured dignity Ohio's chief executive pointed to his name, smiled faintly, and said:

"I am George Hoadly." "Yep; I notice," said the rustic without turning a hair. "An' yer room's right there at th' end of th' hall-number 10. Can't miss it." With more hauteur, and almost

A. C. BEDGOOD,

Staple and Fancy Groceries,

made July 1, 1903, for northwest quarter section 28, township2, north range 35 east, by M. M. Hart, contestee, in which it is alleged that "Said M. M. Hart has wholly adandoned said tract; that he has changed his residence therefrom for more than six months from the date of said entry and next prior to the date hereof; that said tract is not settled upon and cultivated by said party as required by law; and that said alleged absence from the said land was not due to his employment in the army, navy, or marine corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain, or during any other war in which the United States may be engaged." Now therefore, said parties are hereby notified to appear, respond and offer evidence touching said allegation at ten o'clock a. m., on June 26, 1906, before W. E. Lindsey, U. S. Commissioner, at his office in Portales, New Mexico, and that final hearing will be held at ten o'clock a. m. on July 3, 1906, before the register and receiver at the United States lend office in Clayton, New Mexico.

The said contestant having, in a proper affidavit, filed May 8, 1906, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.
