Artificial Silk the Latest.

In Gothenburg, Sweden, or at some place in its neighborhood, will soon be built a large factory for the manufacture of artificial silk for export. A company has receitly been organized there with a capital not to be less than \$160,800 and not to exceed \$482,-400, with the purpose of building a factory and exploiting an invention made by Engineer R. W. Strehlenert. of Djursholm, Sweden, for the manufacture of vegetable silk. Excluding experiments, this industry is new in Sweden, and it is claimed that the silk manufactured from nitro-cellulose by Mr. Strehlenert's method has just as fine an appearance and is just as strong or durable as natural silk, or even stronger. It is further stated that the silk has been tested or tried in Swedish or German cloth (actories and that very favorable reports have been received about it.-Consular Re-

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesonie and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children. whenever a laxative remedy is required.

It is highly important, that the people of this Territory show by their votes next Tuesday that they deserve statehood. A big majority for statehood will mean we want it. The nation and congress will take note of our action.

Lindsey Should be Elected.

Washington E. Lindsey, Re-publican candidate for the House of Representatives from the 19th Representative District, consisting of the counties of Chaves, Eddy, Roosevelt and Lincoln, settled in what is now Roosevelt county before there was a county and is therefore, one of its pioneers. To his work, more than of Roosevert county by the 34th Legislative Assembly, can justly be ascribed. Resolved, that this chapter desires the strengther than the country has lost an honored and esteemed country woman, and whereas, the followers of the Confederacy have cause to mourn the loss of one so closely united to the life of its President, and so bravely endured the hardships of a most trying time, cheering her husband under all circumstances, now therefore be it.

The Record of Delegate

Delegate W. H. Andrews has a record in congress unequalled by any of his predecessors. He only missed one day of the entire sesson, and on account of sickness The doorkeepers of both houses declared he was one of the busiet men in congress, knew beter what was going on and was a Real Estate and Fixth bigger factor in national affairs than many a chairman of an important committee. And this in TION \$1.00 PER YEAR, the face of the fact that he had no vote and is not an orator.

Delegate Andrews introduced 77 bills, presented about 60 petitions, and he secured 416 pensions, more than all his predecessors together. He secured the establishment of 78 postoffices, numerous post routes and a large railway mail service mileage in

gress for the early passage of a pending bill to secure payment of railroad bonds issued by Santa Fe and Grant counties, which with interest aggregate nearly a million dollars.

But this only tells a small part of the work done by delegate Andrews. He has always been at the beck and call of the humblest person from New Mexico; interesting himself personally in every petition. What he has done is a guaranty of what he may confidently be expected to do, his ripe experience, his wide and constantly widening sphere of acquaintance, his standing with departmental heads and with our National Executive vastly enlarging his capacity for future use-
