BIG CROP - This wheat made 74.6 bushels per acre and is shown being cut by J. G. Davis on his farm one mile north of Dimmitt. On the same farm, Davis had patches that cut 82.4 bushels per acre and 80.2 bushels. The wheat variety was Bison and the yields Davis made may turn out to be record-breaking when the cutting is completed.

Mrs. Gibbs is a four-appliance owner and so, finds time that she can devote to her family. Reddy can help you save time in the same way, working dependably 24 hours a day to freeze your food, wash your dishes, cook your meals and dry your clothes. Give him the chance, he'll not let you down.

says Mrs. Harlan F. Gibbs, OF ROSWELL, NEW MEXICO

"Cheaper by the dozen," says Mrs. Gibbs. To explain her statement, she continues, "By buying in large quantities, I am able to save considerably on our food budget. In addition to dollar savings, I practically have a super market in my freezer, open 24 hours a day. And that means wholesome and delicious food because we have garden-fresh fruits and vegetables all year 'round."

WATCH and WIN!

Be sure to get your demonstration of an electric home freezer, electric dishwasher, electric range or electric clothes dryer (or, all four) at your Reddy Kilowatt dealer and then register for each demonstration. You may win one of the major appliances to be given away.
