THIRTY SECOND YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, FEBRUARY 5, 1959 10 PAGES—NUMBER 15

about dimmitt and castro county

by bascom nelson

We were a Farmers Union delegate to Washington last week and it was some of the best time we ever spent.

Our primary purposes in taking the trip were to learn as much about the governmental aspects of the nation's farm program philosophy as possible and to exert our influence as a private citizen and Farmers Union member to produce more workable farm legislation.

There were thirty-seven other Texas people who made the trip. They were typical Farmers Union members from all over the state. They were intelligent, hard-working people who knew their vocations. These people were outstanding in that they were willing to go to considerable effort to be good citizens and to take an actual part in their government. (We might note here that everyone can't make trips to Washington to belabor their congressmen but the United States Postal Department will be only too happy to take your letters to them for you.)

These farmers don't make this trip every year to help raise price supports so their personal bank accounts will permit more luxuries, nor are they going just to vent their displeasure for whatever personal satisfaction they may derive. Every one of these people have a concern for the farm industry and what is happening to it. They know that youngsters by the thousands are leaving the nation's farms for industry and that the family farm is in danger of becoming nonexistent. Unless something is done most of us will live to see the day of corporation farming, the decline of small towns and cities and of one-time farmers trying to find industrial jobs which are already being whittled down by automation.

In short, the American Farm Situation is one of paramount, vital and urgent importance to everyone. The Farmers Union is devoted whole-heartedly to saving the world's oldest profession from being almost starved to death and being changed from the family unit way of life to impersonal corporation enterprises. Their work is not sensational nor highly-publicized but it is a continuing program and Washington knows about it. We were also impressed by the prestige commanded in the nation's capital by the Union.

Farm income is the major concern today. For without adequate income more and more people will leave their farms to try and better their positions elsewhere with a resulting decrease in the number of family type farms. By the laws of economics it would appear on the surface that marginal farmers should be pushed out by larger, more efficient operators and corporate enterprises and that these larger groups then could produce cheaply enough to compete in a world market. This has been a fallacy of the Benson agricultural policy. Small farmers use millions of dollars worth of goods and services they need as farmers but wouldn't need as factory workers. Cut out the small farmer and International Harvester, John Deere, Case, Minneapolis-Moline, Allis-Chalmers, Ford, and Massey-Ferguson wouldn't sell as many farm implements and by the time everyone from the steel companies on down had offered this corresponding loss of income there would be theaddy of all depressions going on.

Despite what everyone tries to say about the present farm program there seems to be a defeatist attitude behind it. This attitude comes from the simple question "What are you going to do about the surplus?" This surplus around the neck of the Department of Agriculture like an avian, sighing their heads down so much they can't look up or around.

At present there are \$5.7 billion in crops stored by the Commodity Credit Corporation. Cost storing these goods runs over billion dollars a year and there apparently no relief in sight. Everytime someone tries to make suggestion about how things might be run he has the surplus gaboo thrown into his lap.

This surplus is the direct result of the Agriculture Benson's angling of a once-workable Democratic party farm program. In a six-year peacetime period of 1948-1952 the Democrats let a surplus of only \$1.1 billion stockpile. Republicans screamed that it was terrible and used it as a major lever to work themselves to office. However, in the six-year period they have been in office surpluses have increased \$4.6 billion to the present \$5.7 billion.

President Eisenhower's attitude of his assistants and cabinet members can do no wrong has Benson in office. Everything that has touched has turned to now the United States is

Mr. Glenn Youts Loses Part of Left Foot Friday

Glenn Youts, Dimmitt insurance salesman, received severe injuries on the left foot Friday night as a result of gunshot wounds received in a freak car mishap about 5 miles south of Dimmitt.

Youts, was returning alone from Lubbock when the accident occurred. His car ran off the highway and struck a culvert, according to investigating officers, but Youts was only slightly injured.

However, officers said the impact discharged a rifle lying on the floorboard of the car. The bullet tore through Youts' left foot, resulting in the amputation of most of the foot.

Youts was discovered about 9 a.m. in the wrecked car by Melvin Summers, but the injured man reportedly was suffering from shock and could not tell exactly how long it had been since the accident occurred.

A Dennis Ambulance brought Youts to the Castro County Hospital where he received emergency treatment. He was later taken by ambulance to the Plainview Foundation Hospital where surgery was performed and he was given three blood transfusions.

So what can be done? We've got the problem and the old rule of thumb "When in wonder, when in doubt, run in circles, scream and shout," won't work here because there's too much at stake.

The simple solution would be to dump our surpluses on anybody who would take it and guarantee not to resell it and then put a production allotment on the farms. This would, or should, keep the domestic market price on high level by keeping supply slightly less than demand. It's hard to be in favor of bushel quotas because it removes initiative to improve, but what else can be done? We've seen that acreage controls won't work. The major difficulty here is disposal of the surplus and it must be done honorably.

A possibility lies in a bill now before the house of representatives by W. R. Poage, Democrat from Texas. This bill would permit the Secretary of agriculture to sell our surplus agricultural commodities to low-income nations for notes bearing not more than 2½ percent interest per year and up to 40 years to pay. There are variations of this theme being discussed now. But it is fairly evident that any program to be worked out must be longrange and it must not hurt the trade of other nations.

Ratcliff Takes Gladman's Place On City Council

The appointment of Glenn Ratcliff to fill the unexpired term of Don Gladman on the Dimmitt City Commission was expected to be confirmed at a regular meeting of the commission Thursday night.

This action by the commission became necessary when Gladman sold his drug business here recently and announced plans to accept a position with a drug firm in Albuquerque, New Mexico. He had been a member of the City Commission for three years.

Mr. Ratcliff is a long-time resident of Dimmitt and is the local Conoco Agent here. This will be his first experience as a city commissioner here and his term will end in April, 1960.

According to Texas statutes, when a commissioner resigns, his successor is appointed by the mayor and remaining commissioners.

Euler Wins Milo Production Award From Seed Firm

J. R. Euler of Summerfield has been presented the 1st. Place Award for Castro County in the 1958 National Sorghum Yield Contest.

This Award presentation was made to Mr. Euler at DeKalb's Annual Yield Banquet held on January 29, 1959 in the Hilton Hotel in Plainview. Euler's winning Official Yield was 8427.84 pounds per acre made with DeKalb Variety F-62a.

Second Place winner was Worth Jones of Hart with an Official Yield of 7612.14 pounds of F-62a variety. Third place winner was Weldon Jones of Hart with an Official Yield of 7413.35 pounds per acre of F-62a variety.

Our Texas State Winner was Joel Stavok of Hansford County with an Official Yield of 11,861.32 pounds per acre.

The National DeKalb Winner was Roger Heim of Modoc, Kansas with an Official Yield of 11,988.99 pounds per acre.

4-H Leaders to Attend Hereford Tractor School

Persons from Castro County attending the 4-H Leaders Tractor Maintenance School in Hereford Tuesday and Wednesday will leave each day at 8:15 a.m. from the County Agent's office in the court house. The school will be held between 9 a.m. and 4 p.m. daily and is open to anyone interested in 4-H leadership work. Anyone caring to go should contact Charles Hotel, Castro County Agent.

Hospital News

Patients in Castro County Hospital:

Generio Sandoval, accl., Dec. 20
Dianna Saenz, accl., Dec. 23
Mrs. Suez Gollehon, Med., Jan. 16
Mrs. Tom Tate, Med., Jan. 30
Norman A. Turner, Surg., Feb. 1
Charles Robinson, Med., Feb. 2
Mrs. Essie Helvey, Med., Feb. 2
Mrs. Wanda Messingale and baby girl, February 3rd.
Ernest Bagwell, Med., Feb. 3
O. D. Skinner, Jr., Med., Feb. 4
Patients dismissed since last report:
Julio Garcia, accl., Jan. 24-31
Jesus Campos, Med., Feb. 1-3
Junior Hughes, Med., Feb. 1-3
Cindy Raines, Med., Feb. 1-4
Homer Newton, Accl., Feb. 3-4

Dimmitt School Superintendent To Retire After 38-year Record

Superintendent R. S. Vestal is retiring as head of Dimmitt Public Schools.

The school board, in regular session Monday night, accepted the retirement plans of Mr. Vestal and have declared that a vacancy in the position of superintendent shall exist at the termination of the present contract on June 30.

When time for his retirement comes, Vestal will end twelve years of service to Dimmitt Schools and a total of 38 years in the teaching-administrative profession.

The school board has not named his successor.

Mr. and Mrs. Vestal will not remain in Dimmitt, but will live on their stock farm near Dublin, Texas.

"My work as superintendent of Dimmitt Schools has been very gratifying," Vestal said this week.

Highway Signs To Be Changed On 51 In Spring

Sometime this spring, Texas highway workers will start erecting U.S. 385 signs on the highway now marked as State Highway 51, Marshall Formby, Texas Highway Commission Chairman, has announced.

Formby, Plainview attorney, spoke at Andrews Thursday (today), to a group of Highway 51 boosters.

A U.S. number recently was assigned to Texas State Highway 51 in Texas, and on connecting roads in Oklahoma, Colorado, Nebraska and South Dakota. The U.S. 385 will extend from the Black Hills of South Dakota to the Big Bend Park in southwest Texas, a distance of 1,259 miles. Almost half of the mileage, or 545 miles, are in Texas. The highway enters Texas north of Dalhart.

Formby said the 1959 Texas highway map should show the highway with its new number. The maps for 1959 in the other states involved should show the new federal number also, he said.

Formby predicted the thousands of tourists who travel the route each year enroute to the oil field area around Odessa, and on to the Big Bend Park.

"People will ride this U.S. highway, Formby said. "They will spend thousands of dollars in the towns along the route. It will be an economic asset to the entire area served by the new U.S. 385."

The chairman said the Highway Department has programmed improvement on 114 miles of the Texas section and will spend nearly two million dollars putting the highway in better condition. He said that there are 33 miles of four-lane construction already in existence in Texas, 25 miles of four-lane construction already in existence now and that 8 additional miles are on the program, already financed. Other improvements, including the addition of more four-lane sections, are in the advance planning stage.

Mrs. Homer Newton Fatally Injured In Accident Tuesday

Funeral services for Mrs. Homer Hargrave Newton, 48, longtime resident of Dimmitt, were set for Thursday at 3 p.m. at the First Methodist Church in Dimmitt.

Mrs. Newton was fatally injured about 7:30 Tuesday night when the pickup in which she and her husband were riding failed to make a corner six miles west of Dimmitt. Mr. and Mrs. Newton were enroute to one of their farms west of Dimmitt when they came upon the "dead end" intersection of farm-to-market road 1292 (hospital road) and 25-mile avenue. This intersection forms a T and the new farm to market road still has some loose gravel on it which causes difficulty in slowing down. Apparently the late-model Newton pickup ran across the 25-mile avenue highway and hit an irrigation ditch causing a severe jolt which in turn caused the fatal injury of Mrs. Newton. A wreck there cost another life, that of Virgil Knight, Hart Negro farm laborer, on November 27 of last year.

Mr. Newton suffered multiple bruises and was in shock following the accident, but was reported in good condition by attending physicians and released Wednesday.

Mr. and Mrs. Newton were discovered by the Roy Meachams who brought them to Castro County Hospital where Mrs. Newton was pronounced dead on arrival.

Officiating at the funeral services is Rev. Darris Egger, pastor of the First Methodist Church. He was assisted by the Rev. Raymond VanZandt, pastor of the Petersburg Methodist Church, and the Rev. Ural S. Sherrill, pastor of the Spade Methodist Church. The Rev. E. Lee Stanford, pastor of the Lockney Methodist Church, conducted graveside rites.

Burial was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Mrs. Newton was born in Robert Lee and moved to Dimmitt in 1928. She was a member of the First Methodist Church, the Dimmitt Garden Club and past worthy matron of the Eastern Star.

Mr. and Mrs. Newton had made a European tour last summer with a group of Panhandle and South Plains residents.

She is survived by her husband; a son, J. C. Newton and a grandson, all of Dimmitt; and a brother, L. M. Hargrave of Wolforth.

Spanish Woman Found Dead at Home Monday

Anavella Garcia, 27, was found dead Monday evening at about 9:30 in her home on the Euleus Waggoner farm about 9 miles south of Dimmitt.

She was found by her husband Jose and Mr. Waggoner after they broke down the door to gain entrance into the house.

Apparently Mrs. Garcia had become ill, had fainted and had vomited which caused her to strangle to death. Investigating officers and attending physicians returned the verdict of death by suffocation.

She was from Harlingen, Texas before coming to Dimmitt. Her body was taken there for services and burial.

JayCee-Ettes Plan Charity Supper

The Dimmitt JayCee-Ettes are planning a Friday the 13th Jinx Supper preceding the Dalhart-Dimmitt basketball game February 13 from 6 to 8 p.m. in the South Grade School Cafeteria.

Adults can buy a meal of chili, salad, pie and coffee or tea for \$1.00. Children's plates are 50 cents.

The JayCee-Ettes have written the Dalhart JayCees and the Dalhart paper in an effort to advertise their supper which is to be their main money making project of the year.

Considerable welfare work is done by this organization. They also support and help with various civic services the city enjoys such as the library. Their contribution to the library last year was \$50 compared to \$10 for this year. This sharp decline demonstrates the demands that have been made on this organization for welfare care, officers of the club said. Clothes can generally be obtained easily enough but food items and shoes for needy children come directly from the JayCee-Ettes treasury. "We are certainly hoping that our jinx supper will go a long way toward replenishing our welfare fund so we can continue this very important work," Eva McClesky, secretary of the organization, said this week.

Hart Man Hits Ammonia Tank

Dalford Davis of Hart, driving a 1952 Plymouth car, skidded and struck a tank filled with anhydrous ammonia Sunday afternoon.

The tank burst from the impact and the liquid spilled, filling a bar-ditch and overflowing onto the highway.

The tank, belonging to Bennett and Smith High Point Fertilizing Co. at Hart, was located beside State Highway 194. Traffic was halted and residents living nearby were evacuated, temporarily.

The liquid gas, though not explosive, is very poisonous and has a pungent odor.

The accident was caused by snow and ice on the highway.

ATTEND SERVICES

Funeral services for Mr. L. H. Rhodes, 58, of Alamo, New Mexico, were held in Alamo Sunday and interment was in a Hereford cemetery on Monday.

Mr. and Mrs. J. C. Gilbreath and Mr. and Mrs. W. W. Gilbreath of Dimmitt attended the services. The Gilbreaths are in-laws of the deceased. Mr. Rhodes served for a number of years as superintendent of schools in Dalhart and Tucuman, New Mexico. He is survived by his wife and four children.

Bobcats to Bid for Championship In Game With Canyon Friday Night

If the high-flying Dimmitt Bobcat basketball team can dump Canyon Friday night they'll be the 1959 winners of Conference 1-AA.

Dimmitt blasted second-place Canyon once before this year with a 75-43 score, but coach Johnny Ethridge's charges are not looking for an easy time, since the school of hard sports knocks taught long ago the basic law that history doesn't always repeat itself.

The Bobbies are in second place and their title hopes depend on whether third-place Tulia is able to defeat first place Friona. Should this occur there would be a playoff of the resulting 3-way tie and the local Bobbies would have a second swing at the championship.

In last week's action, Dimmitt Bobcats ran their season's record to 5-0 by defeating Tulia and the Bobbies dropped the Tulia girls in the Friday night games. This week the Bobcats rolled their record to 6-0 by defeating Friona 65-52 and the girls took their game 51-45 with Ed Dena Boozer high-point with 23. Sandra Thompson and Mickey Peley tied with 18 each. In the boys game, Jimmy Curtis sank 16 and Hal Ratcliff made 15 points.

The games against Olton next Tuesday night have been cancelled.

Nazareth Church To Start Week Mission Sunday

A week's mission will be conducted in Holy Family Parish Sunday, February 8 to Friday, February 13, by Father James F. McLean, a Paulist priest from Austin. The very Rev. Peter Morsch is pastor of the Nazareth parish.

Father McLean is from the Paulist Mission unit of Austin and succeeds Father William Blake-slee, who has been sent to Rome. Father McLean was ordained in 1941 and was engaged in apostolic works in the East and Midwest before coming to Texas. He served in the Navy, was pastor of St. Lawrence's Church in Minneapolis and also served as a member of the Paulist Mission unit of New York City.

Two Boys Sell Stolen Hog

Two Dimmitt youngsters were booked and released on \$1,000 bond Saturday afternoon after being charged with stealing a hog belonging to F. U. Jackson.

The boys were seen in the vicinity of Jackson's pens Saturday morning and when the hog, a sow, was reported missing the sheriff's department had a fairly accurate description of the offenders. They were apprehended returning from Hereford where they had sold the hog for \$34 along with another that legally belonged to one of the boys.

The boys could give no reason for the theft, saying they did not need the money. Jackson did not press charges and it is expected that they will be no-billed when the grand jury meets in several months, county sheriff Jack Cartwright said this week. Theft of any livestock, even a chicken, is considered a felony in Texas, Cartwright stated.

Schedule Set Up By County Agent For Soils Fertility Day February 13th

Castro County farmers will be guests of honor when the Annual Soils Fertility Day program gets under way at the Dimmitt High School auditorium Friday, February 13 at 10 a.m.

Charles Hotel, Castro County Agent, will be master of ceremonies for the 1959 edition of the annual event.

The event is sponsored by the Fort Worth and Denver Railway Company in cooperation with the Texas A&M Agricultural Service.

The Castro County Chamber of Commerce and the Dimmitt Lions Club will be co-hosts at the noon lunch in the high school gymnasium which will be prepared by the ladies of the County Home Demonstration Council.

Purpose of the program is to give farmers the latest in expert information on soil conservation, fertilization and production.

Following is the program which will be carried out during the day:

PROGRAM ANNUAL CASTRO COUNTY SOIL FERTILITY DAY
High School Auditorium
Friday, February 13, 1959

10:00 A.M. Introductions
10:05 A.M. Welcome by Joe Cowen, Mayor of Dimmitt
10:10 A.M. Robert C. Cherry, Agriculture Policy, Extension Economist, Texas A. & M. College, College Station, Texas
11:00 A.M. Jack Barton, Soils and Fertilizers, Agronomist Extension Service, College Station, Texas
11:45 A.M. Adjourn for lunch
12:00 Noon Lunch in High School Gym, Sponsored by Castro County Chamber of Commerce and Dimmitt Lions Club
1:15 P.M. G. M. Watkins, Plant Disease, Dean of Agriculture, A. & M. College, College Station Texas
2:00 P.M. Jerry Satola, Research Points the Way, Public Relations Department, Armour and Company
2:45 P.M. Adjourn

Plan A Cotton Support Price Set at \$30.40 for 1959 Crop

Castro County ASC office announced this week that the price support for cotton for the 1959 plan A would be \$30.40 for 7/8-inch middling grade. Plan B support is \$24.70 per hundred.

Plan A is 80 percent of parity and plan B is 65 percent, Charlie Hill, ASC secretary said. Notices of the support levels were mailed out Wednesday and farmers have until March 16 to send in the notice of whether the plan to follow the A or B cotton plan this year. The notice can be either mailed or brought in person. If no report is sent in the farmer will automatically be placed in the Plan A category.

Farmers qualify for the Plan A program by planting only their allotment as in past years. The plan B permits exceeding the cotton allotment by 40 percent but the price is supported at only 65 percent of parity. "Of course we can't tell, but we're really not expecting more than 15 percent of Castro County farmers to participate in the B plan," Hill said this week.

WASHINGTON NEWSLETTER

The President sent the Congress last week another farm message. It was in keeping with former farm messages he has sent to the Congress in that it gave a blanket endorsement to the policies of Ezra Taft Benson, the Secretary of Agriculture. In fact, the President used the memorandum submitted to him by Secretary Benson as a part of his message. The message actually had two primary points. The first point being the extensive criticism by the President of the present plight in which the farmer finds himself. The second point is that the President underwrites the practices of the Department of Agriculture under Mr. Benson who have placed the American farmer in his present position. The President seems to forget that Mr. Benson has been in office for seven years and has had full control and operation of the Department of Agriculture. He has put over his recommendations and has refused to accept the recommendations of Congress on numerous occasions. In fact, when the Congress undertook to force the will of Congress on the Secretary of Agriculture, the President vetoed the bill. It will be remembered that Mr. Benson set up the soil bank and took great pride in claiming to be its author; yet, like many of his recommendations, he is now trying to sever all connection with his name and the soil bank. He has had full control and operation, insofar as the soil bank is concerned, since the Department of Agriculture has been concerned for the seven years referred to, and the President has stood by him and given him every power he sought. Under the circumstances, it is interesting to note that under the stewardship of Mr. Ezra Taft Benson, the costs of the farm programs did increase from 200 million dollars in 1952 to 1 billion 936 million dollars in 1956, according to the Agricultural Statistics published by the Department of Agriculture. This publication was under the stewardship of Mr. Benson.

HART NEWS

By Mrs. G. G. Martin, Mr. and Mrs. Miles Cox were surprised with a 25th wedding anniversary Friday night at 7:30. The guests presented the Coxes with silver dollars. The hostesses were Mesdames E. I. McClain, Stewart Newsum, C. R. Jones, Sam Swopes, J. J. Newsum, Bill Rich, John Rice, M. E. Phillips, E. E. Davis, Hubert Maples, C. B. Landers and H. E. Loman.

Attending the Folk Street Methodist Church meeting in Amarillo were Rev. L. P. Wood, Mr. and Mrs. Paul Armstrong, Mrs. E. H. Sowden, Mrs. Bill Swindie, Mrs. E. R. Brooks, Mrs. Bill Bell and Mrs. Earl Jones.

Mr. and Mrs. C. B. Landers attended the funeral of Mrs. Lanier's niece, Mrs. Ruby Keys Crouch, Tuesday last week.

Mr. and Mrs. W. M. Hochstein attended the wedding of Patricia Wilson in Dimmitt Friday night.

Mr. and Mrs. W. M. Hochstein and Miss Jo Sanders attended the wedding of Mildred Conard and Cyril Brukman in Nazareth Thursday night.

Mr. and Mrs. Cecil English of Norfolk, Va., are the proud parents of a son, born January 31, Mrs. English is the former Joan Youngblood, daughter of Mr. and Mrs. Earnest Martin.

Deputy Sheriff Granville Martin was in Hart collecting Poll Taxes Friday and Saturday last week. Almost 90 people paid their poll tax to him. He was lodged at the Hart bank. The people of Hart have to drive to Dimmitt to pay their poll tax. This courtesy was through Sheriff Jack Cartwright.

The Home Demonstration social was held in the home of Mr. and Mrs. Bud Hill Friday night. Co-hostesses were Mrs. Cleave McClain, Mrs. Mary Yales, Billy Geneva Davis, Sybil Stringer, Geneva Schaeffer and the hostess, Janice Bell Bradford.

The next meeting will be in the home of Mildred Bradford the 6th of February.

Mr. and Mrs. Miles Cox and Mrs. T. B. Cox were in Lubbock Friday and Thursday. Mrs. Miles Cox had minor surgery Tuesday. Mother Dinwiddie is reported to not be feeling very well. She has been in the Plainview hospital for some four months, following a stroke.

Mr. and Mrs. J. C. Jackson are the parents of a 7 lb. and 9 oz. boy, Gary Lynn.

Mr. and Mrs. Owen Hankins had as dinner guest Sunday, Mr. and Mrs. J. P. Armstrong, Mr. and Mrs. Edward Armstrong and Mrs. Alyene Lilley. The dinner was to honor Mrs. Armstrong's 70th birthday.

Mrs. Mozelle Lilley, of Sunny-side, visited Mr. and Mrs. J. P. Armstrong Monday.

Mr. J. P. Armstrong and Mr. Owen Hankins attended the funeral Monday, of Mr. Isaac Walden in Plainview.

Charles (Sonny) Armstrong, of the U.S. Navy, is leaving Japan February 4th to sail back to the United States. He will arrive February 16th at Long Beach, California.

Delford Davis slid into the line leading to a tank of anhydrous ammonia Sunday morning, bursting the line and 12,000 gallons of gas was lost. The tank was located at the Hi-Point Elevator at the west edge of the city. Several people had to leave their home over night.

Traffic was stopped on the east edge of town by Deputy Sheriff Granville Martin and on the west edge by Sheriff Jack Cartwright. Traffic was permitted to drive on through the gas after being warned and advised to turn off the heater of the cars so as not to carry more gas into the car than possible. The cost was estimated at \$3,000.

VOLUME XXII

Senate Inaugurates Color Day

The Student Senate met Monday at 11:30 in the English Room. Plans were discussed for courtney week February 2 to 6 and Color Day February 6.

Color Day is to be held Friday, a special day that is new in our school. On this day everyone wears his "crustiest" and "clashiest." Anyone who wears over two matching colors will be fined a nickel for each color. This means only one color scheme as purple, orange, green, pink, and etc. will be allowed.

At 11:45 on Friday the classes will meet to select 2 members of their class wearing the "oddest" color combinations. An assembly will be held in the afternoon when the faculty will select the boy and girl wearing the brightest colors. Also at this time balloting will be held to select the Courtney King and Queen.

FHA ELECTS OFFICERS FOR NEXT YEAR

The monthly meeting of the Future Homemakers was held on Thursday night, January 29. The opening was led by Linda, our President.

The purpose of the meeting was to elect the officers for the coming year. They were chosen from the candidates that were selected by the nominating committee.

Our new officers are as follows: President, Mona Dell Hunter; Vice President, Wynema Fuller; Secretary, Mary Schreder; Treasurer, Charlene Vaughan; Historian, Carol Cowart; Parliamentarian, Paty Woodrell; Reporter, Earlene Taylor; Song Leader, Pat Norris; and Pianist, Annabel Taylor.

We are especially proud of our new president. She has worked very hard the last two years as treasurer, and her trip last year to the FHA state meeting has given her even more experience. Plans for the banquet were discussed and all appearances everyone is working hard to make this year's Best Beau Banquet a huge success.

Stem parent: "Janie, did I not tell you I wouldn't allow you to go out with a perfect stranger?"

31 BOBCATS RECEIVE FOOTBALL LETTERS

Thirty-one Bobcat football players and two managers were recognized in a special awards assembly last Tuesday morning. Twenty-five freshmen players and their managers won the reserve letter.

Coches Covington, assisted by Coaches Fuquay and Ehrhardt, presented awards to these seniors: Norman Nelson, Myles Sadler, Gordon Thumash, Don Warren, Ben Holcomb, and Mike Bailey. Winners of letters who will return next year are James Collins, Hal Ratcliff, Jimmy Curtis, Jerry Hyatt, Jack Ragland, Romiro Garza, Joe Burkett, Carl Lee Kemp, Junior Pesino, Stanley Nelson, Carlos Barnes, Junior Coffey, Wiestt — Mike McRee, Niesst — Merle Thomas, Friendliest — Gordon Thumash, Meanest — Gordon Smithson, Car — Carl Kemp, Most Talented — Gary Simms, Most Athletic — Hal Ratcliff, I. Q. — Elmer Hershey, Westberry.

BOBBIES, BOBCATS AND B-TAM WIN

All three DHS basketball teams won their games against Dalhart there, Tuesday, January 27. The score for the B team was 41-28 and for the Bobbies 42-25. The Bobcats won their game 63-48.

The following Friday night the Tulsa Hornets were host to Dimmitt, where fans saw three very exciting games. During the hectic first half of the Bobcats' game the lead changed hand five times. The Dimmitt quintet ran their long-standing record to 5-0 with the victory and sank the Hornets to a 3-2 mark. Clint Smithson led the way with a 20 point output and was aided by Ratcliff's 12. Norman Nelson's 11, and Curtis 10.

FHA Members Make Banquet Preparations

If you've passed the Homemaking room lately you've probably noticed an unusual hustle and bustle and lots of red net, hearts, glitters, and crepe paper. Yes, the FHA girls are busy getting ready for the Best Beau Banquet.

Our theme for this year is "Valentines" and the various committees are coming up with some really new ideas for programs, place cards, and all kinds of Valentine decorations. We homemaking girls are really enjoying making pretty things instead of having class.

SCHOLARS ARE REWARDED

One of these days your boy may come home from school and say: "Mom, I won my letter today."

And you will feel just as thrilled as he does, not because Johnny is a star halfback or a hard-kicking centerfielder or an aggressive basketball player, but because you have a scholar in the family. The Asbury Park (N.J.) High School has come up with a novel idea to reward brains as well as brawn.

It is awarding the school letter not only to athletes but to students who have a 90 or better average in their studies.

We would like to see the ideas take hold here, in fact, we hope it will sweep the country. After all, it's high time the mind began to rate more than it has in the past.

—Asheville (N.J.) Citizen-Times

MR. COTTON FARMER

May we recommend the wet acid process as the process to be used in chemically delimiting your cotton seed.
HERE'S WHY:
1. Seed stays in contact with acid for a period of 30 seconds or less.
2. Water is used as a neutralizer.
3. Does not eat the bags.
4. Wet and green seed can be safely stored.
5. Seed can be safely stored and used for a period of several years.
6. Does a more thorough job on angular leaf spot and other seed borne diseases.
7. Heat is used only to dry the seed after the acid has been washed off.
8. Planting 12 lbs. per acre cost is less than 10c per acre now using wet acid.
9. More uniform planting.
10. More even stand.
11. Quicker emergence.
12. Fewer fasters.
13. Get bigger yields.
14. Gravity table floats out weak seed.
15. Treating prevents seed rotting even in cold damp weather.
16. No sticks, stems or lint to clog the planter.
17. In warm soil seed will sprout in 12 hours—a stand in 5 days.
18. Less moisture required for germination.
19. For only 1-lb. of lint cotton per acre you can have your seed chemically delimiting using the safe wet acid process.
For an appointment, call the Hub Delinting Plant

Harvey 51 South, DIMMITT, TEXAS

LIVESTOCK MARKET REPORT

Some and freezing weather were the factors which reduced the volume of cattle and calves at the sale this week. About 5,700 head sold as compared to some 6,500 head last week. Most of the run was lots of Medium and Good grades of stocker and feeder calves with the number of Choice grade relative small when compared to the supply of this grade during recent weeks. There were very few slaughter cows and sales on offer with these classes comprising less than 5 percent of the total run. However, about 10 loads of stock cows and cow and calf pairs arrived for the sale. On Monday buyers were reluctant to purchase any volume in view of the inclement weather. The demand was somewhat improved on the following session when temperatures rose above the freezing point. The meager number of cows and bulls sold on a steady basis. Stocker and feeder classes were uneven but most sales averaged weak to mostly 25-50 lower at though on the first session loads of 100 were not uncommon. Prices for cow and calf pairs and stock cows were about 5.00-10.00 lower per head or pair.

LOOK WHAT HAPPENS when you fall for "WHOLESALE" advertising!

YOU'RE OUT ON A LIMB

- Where can you take the merchandise in case it needs to be repaired?
- Does the firm which advertises "wholesale" prices provide service without additional charge for a period of time as does the retailer?
- Do you get the usual warranty or guarantee which the retailer offers you?
- In case it is shipped to you in a damaged condition, who pays? Or, who pays for the return transportation?

"There is no such thing as 'Wholesale' prices to the buying public, because..."

...no merchant can stay in business consistently selling merchandise at the same price he pays for it."

OUR MAN—That's what these Hardin-Simmons University co-eds are saying about Edgar C. Cowgill, sweetheart. The lovely ladies are Cammie Hulse, left, and Betty Bailey, junior from Seagraves, both members of the Cowgill, an H-SU service organization. Dennis, a senior from Dimmitt, is majoring in business. He is a member of the Business and is whip artist with the H-SU Cowboy Band. He was the winner in the national talent contest sponsored by the National Farm Bureau Association and performed with his whip at the national convention in Boston in December.

ARNEY NEWS

Mrs. A. B. Forster attended a dai shower for Lyla Money, daughter of Mr. and Mrs. E. Arney in Canyon, Thursday evening. Mrs. Money will be married the 15 of this month. She is a daughter of Mr. Forster.

Mr. and Mrs. Walter Via are proud parents of a son born Monday in Tulsa. The boy weighed 8 pounds 5/8 ounces and is named Guy Walker. Mrs. Via was given his parents names. The name is Guy Faye. His mother had other children, three boys in school and a girl at home. Mrs. C. G. Arney has been home from the hospital Friday.

GOES AND GOES AND GOES ON A GALLON!

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "zip" in the speeds you drive the most.

DISCOUNT 4-Door Sedan shows the Fiaber Body beauty of Chevrolet's lowest priced series for '59.

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a sturdier for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's car that's wanted for all its worth. Stop by your dealer's and see.

CHEVROLET

The smart switch is to the '59 Chevy!

"Just That U'J Like To Know"

Mary

Again, this week, I am reverting to the Model-T days. To me there is something nostalgic about them. I also remember them with a feeling of great anticipation because, as I have said before, one never knew when he ventured out in one, just WHERE or WHEN "WHAT" might happen.

Nazareth News

By Faye Adams

Rosalie Schacher, daughter of Mr. and Mrs. Florence Schacher of Nazareth, graduated from Nancy Taylor School of Christian Education in Dallas last Friday. She was in a style show. Mrs. Schacher modeled clothes featured in Dunlap's of Lubbock. The Nazareth Swiftees were the victorious winners over the Harney Cowgirls in Harney on Friday, January 30. The Swiftees won by 6 points, the score 42 to 36. High scorer for the Swiftees was Clarence Schulte with 30 points. On the 27th in Nazareth, the Swiftees defeated Lazabudie 76 to 59. Clarence Schulte was again high scorer with 42 points.

NEWS FROM SUNNYSIDE

By Wanda Rogers
Brother Murle Rogers and Mr. and Mrs. Roy Phelan attended the Pastor's and Layman's Conference at Wayland College Monday and Tuesday.

Mr. Bill McWilliams of Plainview visited Monday with Mr. and Mrs. W. E. Louder and Mr. and Mrs. Marlin Power.

Mrs. Dwayne Louder and Lance visited with Mr. and Mrs. Wayne Rutherford in Earth Monday.

Mr. and Mrs. E. R. Sadler and Mr. and Mrs. Gale Sadler and Mrs. Pearl Sadler in Dimmitt Monday.

Twelve ladies attended a Stanley Party in the home of Mrs.

S. M. Taylor Wednesday.
Mr. and Mrs. Gale Sadler returned to Lubbock Wednesday night and returned Thursday night. Denise stayed with her grandparents.

The W. M. S. met Wednesday night for business meeting. Mrs. Murle Rogers had charge of the meeting in absence of the President.

In church conference Wednesday night the church voted to face the new Parsonage to the west.

Those attending the Workers Conference and W.M.U. Quarterly meeting in Hale Center Thursday were Mr. and Mrs. Robert Paschal and Kieth, Brother and Mrs. Murle Rogers, Mr. and Mrs. Roy Phelan, Mrs. Earl Phelan, Mrs. S. M. Taylor, Mrs. Raymond Haydon, Mrs. Howard Bridges, Mrs. Raymond Lilley, Mrs. E. R. Sadler and Denise, and Mrs. L. B. Bowden.

Mrs. E. R. Sadler and Denise

and Mrs. L. B. Bowden visited with Mrs. Ercell Keeler of Hale Center after the Workers Conference Thursday. Mrs. Sadler and Denise also visited Mrs. Hugh Hensley in the Hale Center Hospital and with Mr. Hensley and Mrs. Pearl Sadler from Dimmitt who were with her.

The ladies of the community furnished and several helped sell food at the R. E. Curtsinger farm sale Thursday. Proceeds from the sale were about \$162.00. Mr. and Mrs. Jack Powers from Dimmitt, Brother and Mrs. Murle Rogers and Butch, and Mr. and Mrs. J. Paul Waggoner and boys visited Friday night with Mr. and Mrs. Ernest Waggoner.

Mr. and Mrs. E. R. Sadler and Mr. and Mrs. Gale Sadler and Denise visited in Clovis Friday with Mr. and Mrs. Marvin Boyd.

Mrs. Weldon Bradley left Friday to take her mother and an uncle to see their sister and her husband, Mr. and Mrs. Brat Wakley in Eldorado. They returned Sunday night.

A Sunday School dinner was enjoyed by the Adult II Class in the home of Mr. and Mrs. Bill Cooper Sunday. Others present were Rev. and Mrs. Murle Rogers and Butch, Mr. and Mrs. Earl Phelan, Larry Don and Nona Beth, and Mr. and Mrs. Noah Spencer, Olvis, Harold and Ann.

Mr. and Mrs. Hershel Wilson and family who have recently moved in to the community attended the morning church services Sunday.

Mr. and Mrs. Lloyd Morris of Tulsa visited Sunday afternoon with Mr. and Mrs. Roy Phelan.
Miss Wanda Jones, formerly of Crosbyton, is staying for an indefinite period with her parents.

Word was received Saturday night that the infant daughter of Mrs. Murle Rogers' brother died suddenly Friday night. The Rogers left Monday morning for Lawton, Oklahoma to be with the family and attend the funeral services on Tuesday.

The trace of rain that was received Saturday turned to snow early Sunday morning and continued through most of the day and night. Approximately 1 1/2 inch of snow fell with some drifting.

Kelly Haydon from Springlake is visiting a few days with her

grandparents, Mr. and Mrs. Raymond Haydon while her parents attend the Fort Worth Fat Stock Show.

Mr. and Mrs. Gale Sadler and Denise returned to their home in Lubbock Sunday afternoon.

Mrs. J. T. Holcomb and Rita, Mrs. Houston Lust from the Bethel Community and Mrs. George Bradford from the Flagg Community attended the all cotton Style Show at the coliseum in Lubbock Friday night.

Mr. and Mrs. K. E. Curtsinger and Sue moved from the community Friday. They will live on a ranch in Colorado. Arthur Peterson will live in Earth until he finishes high school.

84 attended Sunday School with 31 in Training Union Sunday. A recording of Billy Graham's sermon at the State Evangelistic Conference in Dallas recently, was played in the evening services.

Boys Ranch to Build Dormitory

Construction of a cottage-type dormitory at Cal Farley's famous Boys Ranch near Amarillo, is the 1954 project for the United Peace Officers of America, according to Sheriff Day Thompson of Vega, president of the national association.

The project was approved this week at a meeting of the board of directors of the organization. The new dormitory will be designed especially for boys in the four to eight year age bracket, Thompson said.

In the new building, eight of these smaller youngsters will live with a man and his wife. The housemother will prepare all meals and the entire surroundings will be as nearly like a real home as possible, and there will always be a houseparent on hand to look after the little fellows.

below eight years of age are living in the Old Tascosa courthouse, and it has long been the aim of Ranch founder Cal Farley to be able to provide a more homelike atmosphere for them. Most of the small boys came to the Ranch along with older brothers so that the brothers would not have to be separated and also in many cases, to remove the little fellows from unwholesome environments, Sheriff Thompson explained.

In 1955, the United Peace Officers of America was organized to assist Boys Ranch in a building program. The first project was the Boys Ranch Independent School, and since that time the group—composed of peace officers sheriffs, highway patrolmen, rangers and FBI men from all over the United States and Canada—has helped with raising funds for the new dining hall and in many other ways, says Cal Farley. The Boys Ranch School is dedicated to the members of UPOA.

"We are hopeful that we will

be able to raise enough to build the dormitory by the time we will hold our annual convention at Boys Ranch," said Thompson. "Boys Ranch has had the peace officers help and is making good use of them, and we know we take a boy to the Ranch is one youngster we will be running after any day."

A Tribute to our Business and Professional Women's Club!

In our city, and in cities throughout the nation, well-organized groups of outstanding women are doing a great work which should command the deepest admiration and respect of all of us. These are the enthusiastic members of the Business and Professional Women's Clubs—women of virtually all ages are making their mark in the world of commercial affairs, the entertainment field, in industry, arts, transportation, railroading and even in the planning and building of better homes. The ideals of these Clubs are—to elevate the standards of women in business and in professions; to promote the interests of these women; to increase the spirit of cooperation among them; to extend opportunities for them through educational, scientific and vocational activities. Most of these women in addition to being "career girls", are also wives and mothers... the spiritual, moral, economic and stabilizing backbone of America. With abundant pride we salute these Business and Professional Women. They are shining examples of what good citizenship should be!

MRS. ELEANOR ROOSEVELT ENDORSES AMAZING NEW HEARING INVENTION

Mrs. Eleanor Roosevelt has now joined other prominent Americans and people from all walks of life in praising a revolutionary new hearing device called "The Listener." "It certainly heralds a new day for the hard of hearing," said Mrs. Roosevelt. Continuing, she added: "If people only knew what a revelation and a joy The LISTENER is, they would not for a moment hesitate to wear one. This is the first hearing aid that exactly fits my needs. I didn't realize a hearing aid could be as good as this."

Mrs. Roosevelt wearing the **Glaron Listener**.
