Hospital Membership Selling Campaign Is Gaining Momentum

Sale of Bonds In Victory Loan Drive Very Slow

As the victory loan drive draws to a close the sale of bonds in Castro County continues to be very slow. To date a total of \$57,882.25 has been raised on the County's \$90,000.00 overall bond quota and \$16,106.25 has been raised on the county's E bond quota.

Mr. Percy Estes, Castro county Victory Loan Drive chairman received a telegram Wednesday from the District Bond Chairman, Mr. Geo. E. Benson, of Plainview which read in part, "Is vital that we reach series E quotas and maintain Texas reputation, there is still time if we act now." "Only a few days remain in the allotted time for the Victory Loan Drive, and it is very necessary that everyone interested in maintaining Castro county's record for raising its quotas in all bond drives, should buy as many bonds as possible now, Mr. Estes declared.

Rhodes-May

(From the Hereford Brand) The marriage of Miss Dorothy Mae Rhodes, daughter of Mr. and Mrs. W.W. Rhodes, and Charles C. May, formerly of Dallas has been announced here by the brides' parents.

The wedding took place Monday afternoon at 3 o'clock in the brides' home with the Justice of Peace reading the rites.

The bride wore a pale pink suit type dress with brown accessories and a corsage of white gardenias.

Mrs. May moved to Hereford with her parents from Dimmitt the past summer. She is a Senior in Hereford High School.

Mr. May, coxswain in the Navy, has just returned from 30 months duty in the South Pacific.

Junior Class to Present Play Friday, Dec. 7th

"Hours Truly Willie" is the title of the Junior play to be presented at the high school auditorium, Dec. 7 at 7:30 P.M. This annual event is much looked forward to by the students of Dimmitt schools and citizens of Castro County.

The story is about the Phifers, a modern American family who are going to broadcast Willie's birthday coming Tuesday. It is a good comedy that will keep you laughing most of the time. Great care was taken in picking the play and the cast. It is believed that you can find no better entertainment in Castro county.

The admission will be 30 and 50 cents.

Doyle Davis to 4-H Club Congress

Doyle Davis, son of Mr. and Mrs. T.R. Davis, President of the Hart 4-H Club and recent winner of the Santa Fe award left Thursday the 19th from Plainview by way of train for Dallas. Doyle met the remainder of the Texas delegation at Dallas where they will leave by train for Chicago to attend the National 4-H Club Congress starting December 2.

The Texas group will be in charge of R. E. Callender, State 4-H Club agent and W.N. Williamson District II Agent. Doyle was awarded the trip to Chicago along with 19 other Texas 4-H Club boys for his work in 4-H during the past 4 years.

Monday, Doyle with his parents and County Agent R.L. King attended a meeting in Tulla at a high school assembly where Mr. Bainer, Agriculture Agent of the Santa Fe Railroad presented him his award along with Kenneth Adams, Swisher County 4-H Club winner.

Red Cross Xmas Packages Must Be In By Dec. 10

Christmas packages for boys in Amarillo field hospital to be given by the Red Cross and Hospital Council, should be left at the county Judges or County Clerks office on or before Dec. 10, according to Mrs. R.E. After a wedding trip including points in West Texas and New Mexico the couple will be at home in Ft. Worth where Marine Byrnes is stationed.

Sugar Saving Recipes

To ease the sugar situation and help save for the Christmas holidays, Miss Lelia Potts, County Home Demonstration Agent, offers these recipes for the Thanksgiving menu:

Pecan pie

1 1/2 cup molasses
1/2 cup pecans
3 eggs
0 to 1/4 cup sugar
2 T. butter
Allspice and cinamon if desired.

Put molasses on and cook until it begins to thicken, add butter. Set off. Add beaten eggs. Pour in crust and bake in slow oven until it sets.

CANDIED SWEET POTATOES

6 medium size sweet potatoes
4 T. butter
1 cup syrup
1/2 t. salt

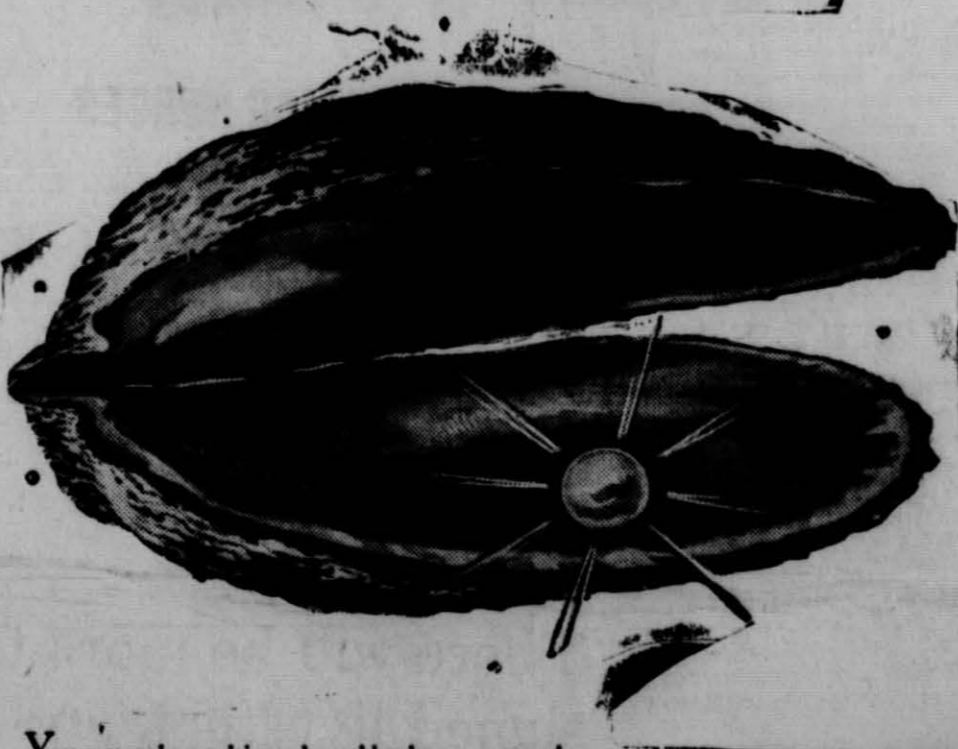

Partly cook the sweet potatoes in boiling water, cool and skin. Cut the potatoes in halves lengthwise or in three pieces if they are large. Put in a greased baking dish large enough for just one layer, not packing too closely. Heat the syrup, salt and butter, then pour over sweet potatoes. Bake in a moderate oven for 1 hour or more, basting often.

CRANBERRY RELISH

1 lb. cranberries
1 t. salt
1 orange
1 cup strained honey or sugar

Wash and drain the cranberries. Wash orange; cut in fourths and remove seeds. Grind cranberries and orange in food chopper; add salt and honey. Mix. Store in tight jar in a cold place. This will keep 2 or 3 weeks. This is a good accompaniment for roast turkey, pork or other meats.

WHAT'S IT WORTH?

You can make a cultivated pearl by dropping a grain of sand inside an oyster.

The oyster surrounds this irritating grain with a secretion. Slowly, the pearl grows.

When it's as big as a seed, you might remove it and sell it. It would be worth something—not much, but something.

But you'd be much wiser to leave it there—month after month, year after year, while it continued to grow. By and by it would be worth much more. And if, at the same time, you went on growing more and more pearls in more and more oysters—you'd be surprised how your fortune would grow!

grow!

Your Bonds work the same way. And they're a lot more convenient than oysters.

If you keep the Bonds you now have till maturity, they'll be worth four dollars for every three you invested. And if you keep on buying more and more Bonds, you'll find you've done an amazing thing—accumulated enough to make many a dream come true!

Keep buying Bonds—and hang on to them! For security. A home of your own. College for your children. Leisure in your older years. For those Bonds are the safest investment on earth!

What's Back of My Gas Burners?
A thousand years ago, the Chinese used natural gas fuel for evaporating salt brine. They transported the gas in bamboo tubes. Thus, in those days, the gas business was simple. Now, however, it has become complicated and technical, utilizing many scientific devices and processes.

Since natural gas service so vitally affects our daily life, we believe you would enjoy knowing more about it. Therefore we plan to publish a series of four advertisements which will attempt to explain how natural gas is brought from its deep-underground reservoir to the burners of your gas appliances. Due to space limitations, the story must be brief and oversimplified. The drawing at the left will help you follow the gas on its travels.

Most of our gas comes from Hutchinson, Moore, Carson and Potter Counties in the Panhandle Gas Field, one of the largest in the world. We purchase some gas in Ector County for use in the southern portion of our system. In the Panhandle field gas wells are generally drilled by the "rotary" method, so named because of the rotating motion of the drill bit. A modern rotary drilling outfit costs from \$100,000 to \$200,000.

The hard steel drill bit is the cutting tool which drills down through successive strata of shale and rock. Screwed to the top of the bit is a string of hollow, round drill pipe which in turn is screwed into the bottom of a hollow, square pipe known as a "Kelly." The Kelly works through a square hole in the rotary turntable. Thus, when the engines spin the turntable, the Kelly, the drill pipe and the bit also spin, and the bit cuts its way downward. Heavy pumps force drilling mud down through the hollow Kelly and drill pipe, through perforations in the bit, then outside the pipe and back to the surface, carrying with it the cuttings from the bit. As the bit moves downward, additional joints of drill pipe are added below the Kelly.

When the gas producing horizon is reached, a string of steel pipe, known as casing, is inserted in the hole from the surface of the ground to the top of the producing horizon. After running the casing, cement is run thru the casing and forced out around the bottom in order to prevent the gas from escaping around the outside of the pipe. Then the well is drilled into the gas-producing horizon.

A steel derrick, capable of supporting weights of 200 tons or more, is used to support the drill pipe during drilling and the casing when casing is being installed. When the well is completed, the derrick is removed. In its place is installed a "Christmas Tree," an odd-looking assembly of valves and fittings necessary in producing, testing and maintaining the well.

Movie Actress - Mae West
Sports - All of 'em
Jack Brannan has spent 10 years in good old D.H.S. He started in the second grade and is now a Junior. He is 5 ft. 8 in. tall and weighs 145 pounds.

PEEPING THROUGH THE KEYHOLE

Your snooty reporter is here again and there seems to be some interesting news.

At last the great day has arrived; Leo is home and Jerry is walking on air. They were together Sunday night and Johnny and Virginia were with them. We hope to see more of these kids.

HONOR ROLL

There are two schools of thought as to what an honor student is. Some are of the opinion that a student who makes an average of 90 or above should be classed as an honor student regardless of how low he or she might have made in any particular cause. Others are of the opinion that any student on the honor roll should not have made below 90 in any particular course.

WHO'S WHO IN SPORTS
Bascom Nelson is another one of our linemen on the football team. He is 5 ft. 8 in. tall and weighs 195 pounds. Bascom came to D.H.S. as an 8th grader in the spring of 1943. He has played football 3 years, has lettered and has been a regular for 2 years.

FASHION OF THE WEEK

Down the halls and up the stairs, you hear the dingle dingle of bells. The girls of D.H.S. have taken to the new fad, that of wearing bell any and everywhere.

P.T.A. ENTERTAINED WITH THANKSGIVING PROGRAM
The P.T.A. met at the high school Tuesday, Nov. 20, and was entertained with a Thanksgiving program.

WESOME WORDS
I trudge home after a hard day's labor—10 hours. My wife meets me at the door. "Why John, why so early? I haven't supper ready yet."

BETHEL NEWS

Rev. Sherrill conducted Thanksgiving services at Bethel Thursday morning after which a basket dinner was enjoyed by all present.

Jack Brannan has spent 10 years in good old D.H.S. He started in the second grade and is now a Junior. He is 5 ft. 8 in. tall and weighs 145 pounds.

PEEPING THROUGH THE KEYHOLE

Your snooty reporter is here again and there seems to be some interesting news.

At last the great day has arrived; Leo is home and Jerry is walking on air. They were together Sunday night and Johnny and Virginia were with them. We hope to see more of these kids.

HONOR ROLL

There are two schools of thought as to what an honor student is. Some are of the opinion that a student who makes an average of 90 or above should be classed as an honor student regardless of how low he or she might have made in any particular cause. Others are of the opinion that any student on the honor roll should not have made below 90 in any particular course.

WHO'S WHO IN SPORTS
Bascom Nelson is another one of our linemen on the football team. He is 5 ft. 8 in. tall and weighs 195 pounds. Bascom came to D.H.S. as an 8th grader in the spring of 1943. He has played football 3 years, has lettered and has been a regular for 2 years.

FASHION OF THE WEEK

Down the halls and up the stairs, you hear the dingle dingle of bells. The girls of D.H.S. have taken to the new fad, that of wearing bell any and everywhere.

P.T.A. ENTERTAINED WITH THANKSGIVING PROGRAM
The P.T.A. met at the high school Tuesday, Nov. 20, and was entertained with a Thanksgiving program.

WESOME WORDS
I trudge home after a hard day's labor—10 hours. My wife meets me at the door. "Why John, why so early? I haven't supper ready yet."

BETHEL NEWS

Rev. Sherrill conducted Thanksgiving services at Bethel Thursday morning after which a basket dinner was enjoyed by all present.

FLAGG H. D. CLUB NEWS

The Flagg H.D. Club held it's 2 achievements demonstrations on Wednesday Nov. 18th.

The members and visitors met first at the home of Mrs. Jess Birchfield, home food supply demonstrator. Mrs. Birchfield gave an interesting report on her work. Her neatly arranged cellar held over 300 containers of food. There were six different kinds of fruit, various kinds of vegetables and meat. In all the cellar contained 20 varieties of foods along with plenty of lard and soap.

After a pleasant visit with Mrs. Birchfield the group motored to the home of Mrs. Eugene Ivey, clothing demonstrator. Mrs. Ivey gave an interesting report on her year's work. She made a dress for herself and helped make another. Two closets were remodeled, with convenient rods for hanging clothing and she made pockets, being added. Mrs. Ivey made 12 garments and kept a budget of her clothing expense for the year.

From a beautiful lighted table dainty refreshments of sandwiches cookies and tea were served to the following: Visitors were Mesdames J.T. Caseler, Jim Adams, Clay Thomas, M.F. McRee, Carruth; members Mesdames Jewell Gossett, L.B. Scarbrough, Cecil Ginn, Sid Sheffy, Andy Thompson, Clint Coven-

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 7.282 miles of Grading, Flexible Base and Triple Asphalt Surf. Treat from 7.335 miles north of Dimmitt to Deaf Smith County Line on Highway No. 51, covered by FAS 54 (2), in Castro County will be received at the Highway Department, Austin, until 9:00 A.M., Dec. 4, 1945, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bill. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State High-

way commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer, Workman", or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of W.H. Garrett Resident Engineer Dimmitt, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Word was received here this week that Bud Griffin would arrive home this week end. He has been in the service, serving with an amphibious unit since January 1, 1945 and had been in the Pacific War zone since last May.
