Volume XVII, Number 47

WILSON INVADES HOUSE OF FOES

CARRIES HIS BATTLE FOR LEAGUE OF NATIONS INTO HOME OF HIS ENEMIES.

GIVES COST OF GREAT WAR

Infirms Them of Lives and Treasure Poured Out to Save Civilization.

(By Mt. Clemens News Bureau)

Aboard President Wilson's Special train—Carrying his war against those who oppose the adoption by the United States of the peace treaty and the government of the League of Nations into their households, President Wilson last week invaded California. And there, where the question on which league opponents have hammered the hardest, that of Shan Tung—is of most interest, the president found the same enthusiasm among the people for peace and for insurance against future wars. The people want the long controversy ended. They want this country to be able to again turn its undivided attention to social, economic and industrial development. Their leaders may not feel this way, but judging from the expressions which met the president on every side, the leaders have overstepped the limits of the people's patience in their stubborn determination to force a change in the great document.

Must Take This League.

"We must take this League of Nations," said the president, "for there is no way in which another can be obtained without compelling reconsideration by the powers. And it would sit very ill upon my stomach to take it back to Germany for consideration."

"All over the world people are longing to us with confidence, our rivals along with the weaker nations, I pray God that the gentlemen who are delaying this thing may presently see it in a different light."

Germany, the president declared, is taking new courage from our delay in ratifying the treaty and her newspapers and public men were again becoming arrogantly out-spoken.

Deeply impressive were the figures of the cost of the late war, in lives and dollars. It was the first time that the official statistics have been made public and the tremendous totals shocked the president's audience.

Shows Cost of World War.

"The war," said President Wilson, cost Great Britain and her Dominions \$33,000,000,000; France \$26,000,000,000; the United States \$22,000,000,000; Russia \$18,000,000,000; Italy \$13,000,000,000 and a total, including the expenditures of Japan, Belgium and other small countries, of \$123,000,000,000.

"It cost the Central Powers as follows: Germany \$39,000,000,000; Austria-Hungary \$21,000,000,000; Turkey and Bulgaria \$3,000,000,000.

"The United States," the president said, "spent one million dollars an hour night and day for two years in its struggle to save civilization. All this, however, fades into insignificance when the deaths by battle are considered, declared the president. Russia gave 1,700,000 men; Germany 1,600,000; France 1,380,000; Great Britain 900,000; Italy 864,000; the United States 500,000. In all, almost 7,500,000 men perished in the great struggle, or 1,500,000 more men than died in all of the wars of the previous 100 years.

Should Remember Recent Horrors.

"These are terrible facts, and we ought never to forget them. We went into this war to do a thing that was fundamental for the world and what I have come out on this journey for is to determine whether the country has forgotten or not. I have found out. The country has not forgotten and it will never permit any who stands in the way of the fulfillment of our great pledges, even to forget the sorrowful day he made the attempt."

Arbitration and discussion, the president pointed out, must replace force of arms in the settlement of world controversies. Constantly he dwelled upon the fact that all the nations in the League agree to do one of two things, first to submit their differences to arbitration, in which case they agree to abide by the decision rendered, or, if unwilling to arbitrate, to have their case discussed by the Council of the League, in which case six months is granted for discussion. Three months must elapse following the result of this last step in arbitration before the nation concerned can declare war.

Holds Out Hope For Ireland.

The president took advantage of

questions propounded by the San Francisco Labor Council to give the inference that he believes Ireland can bring her case before the League of Nations for settlement when the League is actually in existence.

Shan Tung, he declared, will be returned to China. Japan, he said, had given her solemn pledge to that effect. And with the League of Nations in force, said the president, we can, if occasion arises, stand forth and say, "This shall be done."

JURIES DRAWN

Following is a list of the Grand and Petit Jurors drawn for the October term of District Court which convenes at Portales on Monday, October 12th, with District Judge Sam G. Bratton on the bench:

| Name | Precinct |
|------------------|----------|
| J. L. Paxton | 2 |
| L. M. Tipton | 2 |
| H. C. McCowen | 2 |
| C. M. Sullins | 1 |
| J. D. Payne | 5 |
| F. R. Smith | 1 |
| J. C. Hayes | 2 |
| B. W. Kinsolving | 2 |
| W. G. Barton | 1 |
| E. C. Cummings | 25 |

| H. T. Ward | 7 |

DERRICK NEARLY UP

The Mesa Oil & Gas Company force have been busy the past few days putting up their derrick which is almost completed. The bunk houses are completed and the force is now busy connecting up the machinery, which they hope to have emplaced and ready to commence drilling not later than next Thursday. Their cook is on the ground and they say he is a good one, and if you don't believe it, just drop in on them some day about meal time. You will be welcome.

The Portales Valley News is \$1.50 per year—and worth it!!

The Woman's Club of Clovis entertained the Woman's Club of Portales at Clovis on Tuesday afternoon of this week. Five cars of ladies were in attendance from here.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home, it has been officially announced. Home missions as regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. D. B. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small as compared with the needs of the Home Missions fields."

Setting forth the particular obligations which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the christian religion, but makes them more contented, and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 300,000 to 500,000 people in the South who are not christians during the period of the campaign.

The Woman's Missionary Society of the Methodist church held a business meeting at the home of Mrs. H. McDonald, September 18, with an attendance of eleven members. Two new members and three visitors were also present. The hostess served cake and creamed fruit. Will meet with Mrs. Stone on October 2nd.

Milton Kornegay was up from Elida yesterday on business.

ROOSEVELT COUNTY COMMITTEE ROOSEVELT MEMORIAL ASSOCIATION

Campaign Week, October 20th to 27th, 1919.

Precinct 1, Portales.—J. B. Priddy, chairman; W. H. Ball, S. A. Morrison, George Williamson, D. Colligan, B. Howard, Eddie White Guy Mitchell, Leo Braley, Frank Melaturff, S. N. Hancock, C. O. Leach, Jack Wilcox.

Precinct 2, Elida.—Zack Campbell, chairman; Albert Tillinghast, C. H. Letton, Justin Click, Silas Bridges, Eugene Butts.

Precinct 3, Dereno.—D. W. Haga, chairman; A. N. Wyatt.

Precinct 4, Floyd.—Jas. P. Nash, chairman; Dug Creek, J. M. Farnham, Ed Spear, S. F. Feland.

Precinct 5, Tolar.—F. G. Forrest, chairman; W. H. Sherwood, J. T. Coleman, Herbert Cheek.

Precinct 6, Minco.—Harce Arnold, chairman; J. E. Carter, Clifford Cooper.

Precinct 7, Arch.—C. M. Horton, chairman; James A. Williams, W. O. Davis, E. M. Trammell.

Precinct 8, Bailey.—C. E. Toombs, chairman; T. I. Parks.

Precinct 9, Minesand.—B. N. Burnett, chairman; A. E. Williams, J. L. Allen.

Precinct 10, Valley View.—T. M. McAdams, chairman; W. H. Cryer, A. M. Guffey.

Precinct 11, Rogers.—J. S. Fraser, chairman; S. F. Anderson, W. B. Hensley, Ralph Gardner, W. J. Duke, John Creek.

Precinct 12, Dora.—J. W. Thompson, chairman; H. L. Capps, J. S. Littlejohn.

Precinct 13, Midway.—W. J. Phillips, chairman; James E. Williams, E. L. Vaughn, H. T. Hollis.

Precinct 14, Nebe.—A. R. Self, chairman; W. J. Ball.

Precinct 15, Causey.—Robert Little, chairman; George Jones, J. G. Cox.

Precinct 16, Inez.—E. P. Williams, chairman; Frank Greathouse, Virgil Campbell, E. T. Hensley, Jim Mullins.

Precinct 17, Bedlake.—C. C. Priece, chairman; Richard Thompson, J. W. Franse, B. L. Robinson.

Precinct 18, Upton.—J. W. Russell, chairman; G. L. Hatcher, Charles Greathouse.

Precinct 19, Macy.—J. F. Morgan, chairman; J. E. McCall, John H. Duke, G. W. Robinson.

Precinct 20, Ingram.—E. M. Stephens, chairman; L. L. Mason.

Precinct 21, Benson.—J. O. Benson, chairman; A. J. McNutt, A. C. Cribbs.

Precinct 22, Perry School House.—T. Black, chairman; W. M. Robinson, J. E. Sparks.

Precinct 23, Painter.—J. M. Priece, chairman; A. W. Ferrin, L. A. Tolliver.

Precinct 24, New Hope.—Henry Miller, chairman; W. H. Landess, Cass Lyons.

Precinct 25, Delphos.—Robert Poin-dexter, chairman; Baker Cummings, R. E. McAlister.

Precinct 28, Emzy.—George Pruitt, chairman; Emzy Roberts, J. E. Bilberry.

Precinct 29, Kenna.—Charles Sims, chairman; J. A. Kimmons, W. A. Cooper.

Precinct 30, Richland.—Add Hobbs, chairman; Earl Stratton, F. M. Cares.

It is proposed by the National Roosevelt Memorial Association to raise a fund of not less than \$5,000,000.00 for the purpose of erecting suitable monuments to the memory and services of Theodore Roosevelt, American soldier, statesman and citizen, who died January 6th, last.

The part of this total apportioned to be raised in Roosevelt county, October 20-27, next, is \$250.00.

It is hoped that this amount shall be made up of many small subscriptions rather than a few large ones. Roosevelt was distinctively a man of all the people, always insistent upon a "square deal" and an even chance for rich and poor and great and small alike. Subscription lists will be

circulated by the above named committees in their several localities. The said lists, after signature and payment, will be carefully preserved and all contributors given appropriate credit in the history of the Association. At the end of campaign week, October 27th, 1919, remittance will be made direct to Albert H. Wiggin, National Treasurer of the Association, Chase National Bank, New York City. Mr. J. B. Priddy, Portales, has been elected as local Roosevelt county treasurer to receive and transmit local subscriptions.

Roosevelt county, our county, commemorates the life and ideals of this truly great man, both in life and death.

Let us then be first in asserting our loyalty in a practical way by making up this relatively small apportionment promptly and gladly.

Respectfully and Faithfully,
W. E. LINDSEY,
Roosevelt County Chairman.

MRS. JAMES T. MORGAN

Mrs. James T. Morgan, who came with her husband from Clifton, Tennessee, about a week ago to make Portales their home, died this morning at the residence of Mr. and Mrs. T. A. Bell. She had been feeling fine until Wednesday afternoon when she was taken with a severe case of acute indigestion and which was the cause of her death. The remains were prepared for shipment back to their old home by Johnson Brothers of Clovis, and Mr. Morgan left this afternoon with the body.

Mr. Morgan had just closed a deal with T. A. Bell for his home place and were going to make their home here, but after losing his wife Mr. Morgan decided to return to Tennessee, as his move here was for his wife's health, and Mr. Bell took his place back.

WILL IT RETURN?

Commenting on the possibility of a recurrence of epidemic influenza in the near future, the State Health Department expresses the view that at least local outbreaks may be expected during the coming fall and winter. The department advises that preparation should be made now, to meet possible emergencies arising from such outbreaks, by the previous organization of each community in such manner as to make the best use of available resources.

"While the epidemic which occurred last fall and winter exhibited some peculiarities which justify the hope that influenza will not sweep the country again," states Commissioner Waller, "it is not improbable that local outbreaks will occur in the near future. This view is based on the history of previous epidemics, of which recurrences have been characteristic."

With the return of the disease a probability, no community should fail to prepare itself to meet a possible emergency, by previously organizing its local governmental agencies, civic societies, and other forces and resources, for the purpose of combating the spread of the disease and caring for the sick. The State Department of Health has prepared a program for such organization which is being sent to the local health officers throughout the State.

Dr. Pearce and daughters, Misses Sydney, Thelma and Marjorie, returned Saturday night from a month's visit with relatives in Texas and Louisiana. They report a most enjoyable trip, as this was the first visit back at their old home in Louisiana for the past twenty years. They also stopped several days in Dallas on their return home where they purchased a line of goods for their store here. The Doctor says that he will have the biggest and best line of Holiday goods ever brought to Portales.

BIG BARBECUE NEXT WEDNESDAY

EVERYBODY IS ASKED TO TAKE A DAY OFF AND HELP CELEBRATE.

Oil Day will be celebrated in a most elaborate manner on Wednesday, October 1st, at the Jack Wilcox ranch nine miles southeast of Portales under the auspices of the Portales Chamber of Commerce and the Woman's Club of Portales. The Clovis band will furnish the music for the day and a public dance has been arranged for the same evening at 8 p. m. in the court house square. The Clovis dance orchestra will furnish the music for the occasion.

George M. Williamson, president of the First National bank of Portales is in charge of the committee on barbecue and has all preparations made for one of the biggest crowd ever gathered in the county. The business men of Portales will play a game of baseball with the Young Ladies Baseball Club which is in practice and will give a creditable account of themselves. From the interest being created in the game it will no doubt be one of the leading features upon the card of events.

The Nu-Mex Oil Company will begin drilling their deep test well and crowds attending the barbecue will witness the actual drilling which promises to be not only interesting but highly instructive. The Public Schools will close for the day as well as the business houses.

Prominent speakers have been secured, among them Judge Sam G. Bratton, of Clovis; Judge T. E. Mears, of Portales; Colonel George E. Montgomery, of Amarillo; and Representative Coe Howard, of Portales. All of the oil companies interested in the development of Roosevelt county will participate in the day. The Women's Club of Portales, Mrs. Coe Howard, president, assisted by a number of active committees will have full charge of the serving of the barbecue which will take place at 12:30. The Women's Club requests that those attending the affair bring their own drinking cups, knives, forks and spoons and such food stuffs as will go to make the affair a huge success, such as pickles, chowchow, potato salad, boiled eggs, melons, pies and cakes.

This occasion will be the first opportunity in which the citizens of Roosevelt county have been invited to witness what promises to be the greatest industry of the State of New Mexico and we are hoping that Roosevelt county will participate in the oil prosperity which is now sweeping through the entire Southwest. The U. S. Government, as well as many of the large manufacturing establishments of America, are converting their plants from coal and gas as a fuel to that of crude oil. The tractor industry is also drawing upon the oil industry for its supply. This along with the increased out-put of pleasure cars and automobile trucks demand a greater supply of oil. The United States Government geologist, as well as many other prominent geologists, have passed upon New Mexico as the world's next oil sensation. It is impossible for us to realize the advantages that would come to Roosevelt county in the event of the success of the Nu-Mex Oil Company. Let every loyal citizen of Roosevelt county turn out to make this day a great success. Tell your friends and your neighbors. Better still, bring them with you. Lay aside the day's toil and care and come join in a day which may bring to this community a new era of prosperity and enhance the value of your own land upon which you now live.

Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your druggist gives back your money if it doesn't
liven your liver and bowels and straighten
you up without making you sick.

Ugh! Calomel makes you sick. It's
horrible! Take a dose of the dangerous
drug tonight and tomorrow you may
lose a day's work.

Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel, when it comes into contact
with your bile, crashes into it, breaking
it up. This is when you feel that awful
nausea and cramping. If you are slug-
gish and "all knocked out," if your
liver is torpid and bowels constipated
or you have headache, dizziness, coated
tongue, if breath is bad or stomach
sour, just try a spoonful of harmless
Dodson's Liver Tone tonight.

Here's my guarantee—Go to any
drug store and get a bottle of Dodson's
Liver Tone for a few cents. Take a

spoonful and if it doesn't straighten
you right up and make you feel fine
and vigorous I want you to go back to
the store and get your money. Dod-
son's Liver Tone is destroying the sale
of calomel because it is real liver
medicine; entirely vegetable, therefore
it cannot salivate or make you sick.

I guarantee that one spoonful of
Dodson's Liver Tone will put your
sluggish liver to work and clean your
bowels of that sour bile and consti-
pated waste which is clogging your
system and making you feel miserable.
I guarantee that a bottle of Dodson's
Liver Tone will keep your entire fam-
ily feeling fine for months. Give it to
your children. It is harmless; doesn't
gripe and they like its pleasant taste.

PAT EVIDENTLY MADE GOOD

News From America Seemed to Prove
Irishman Had Not Misjudged
His Capacity.

Pat Finnegan had left his wife in
Ireland and gone to America to try
his fortune and establish a home for
his family in the new world. It was
some two or three weeks after Pat's
departure that his wife stood in the
meager garden in front of her home,
looking down the road her man had
gone, and moodily speculating on his
success. She was roused by the harsh
voice of Mrs. O'Leary calling her
over the fence.

"Have you heard the news from
America, Mrs. Finnegan?"

"Faith, an' 'O' have not."
"Tis in the paper this mornin'.
Read it fer yerself. 'America gone
dry. Last alcoholic drink sold at mid-
night, June 20.'"

Mrs. Finnegan looked doubtful for
a minute; then, swelling with pride
and casting a triumphant glance at
Mrs. O'Leary, she shouted back:
"Faith, an' Pat always said, give him
two weeks an' there was not a country
in the world he couldn't drink dry."—
Life.

Two Fast Talkers.

Oklahoma produces two of the fast-
est talkers in the national house of
representatives. The expert official sten-
ographers of the lower body say that
Representatives Scott and Ferris and
Charles Carter—the latter with a trace
of Indian blood in his veins—can spin
out words faster than possibly any-
body else in public life. Their diction
and enunciation are good, however,
and they are easier to report steno-
graphically than a slow-talking speak-
er who gets his sentences all "balled
up" and has not terminal facilities
when he gets involved with nouns, ad-
jectives, verbs and adverbs. The fel-
low who starts a sentence and never
puts a verb in it is the pest of repor-
terial experience.

A Compliment.

Simon Wolf, the Jewish leader, is
eighty-two years old, and he is a
great friend of Clarence Dewey, who
has just turned eighty-five. On the
day that Dewey was eighty-five Wolf
sent him a telegram saying, "You are
three years my senior in years and
fifty years my senior in intellect."
Which is a rather neat compliment.

An old bachelor says being pos-
sessed is nine points of the law with
women.

It is all right to keep your eyes open
but it is charity sometimes to close
them to the faults of others.

AIMING ABOUT LONG ENOUGH

Old Gentleman Evidently Thought
Prospective Son-in-Law Should
Be Getting Ready to Fire.

John Bewins was the most hapful
lad in a Wessex village. For three
years he had been keeping company
with Lottie Reid, but he could not
bring his courage up to the popping
point. On Sunday night, as he was
leaving the garden gate of his inam-
orata, he encountered the old man,
who had begun to chafe under the
diffidence of his daughter's sweet-
heart.

"Look-ee here, John!" exclaimed
paterfamilias; "you have been com-
ing to see my daughter for several
years now, and I want to know what
your intentions are?"

"W-w-well, s-s-sir," stammered
John, "I am aiming to-to m-marry
her."

"Aiming?" snorted the old man.
"Well, don't you think it about time
that you fired?"—London Tit-Bits.

Unfortunate Arras.

Arras, on the River Scarpe, was the
capital of the Gallic tribe of Atrebrates
in the time of Caesar. Later the cap-
ital of Artois, Arras is now the chief
city of the department of Pas-de-
Calais. Since the fourth century Arras
has been famed for its woolen cloth,
and particularly for fine tapestry hang-
ings.

Arras was invaded in 1914, when her
grand palace and petit palace were
destroyed by bombs. The great cathedral
was absolutely shattered, as well as
the railway station. Not one house
was left intact. Just one of the former
inhabitants, an old woman, was left
there. Although it teemed with mili-
tary life, beautiful Arras became a
corpse—a dead city.

A Born Optimist.

"That fellow Jones is a born op-
timist—most hopeful fellow I ever
knew."

"Yes!"

"He certainly is. No matter how
hard a job you've got, nor odds how
difficult, you can be worrying yourself
to death, but he won't; no, sir! He'll
just smile, and tell you to keep on,
dear heart; behind the sun the clouds
are darkest; never say die; until you
could almost waste a brick on him!"

No Interest.

"Reggie is very narrow."
"Of course; most flats are."—Bos-
ton Transcript.

The boat of Truth in All Things will
carry you safely over the most turbu-
lent seas of life.

USEFULNESS OF GARDEN CAN BE EXTENDED INTO WINTER BY HOME STORAGE METHODS

A Splendid Way to Store Vegetables.

(Prepared by the United States Depart-
ment of Agriculture.)

When the United States department
of agriculture, through the weather
bureau, tells you that frost is coming,
get the garden crops under cover. Lis-
ten to the warning of the weather bu-
reau—but heed, also the admonition of
the horticultural experts of the de-
partment and put the tomatoes under
cover where they will be kept at a
temperature of about 50 degrees to 60
degrees to ripen. Tomatoes are late
bearers, and as a rule many are still
green or only partly ripe when frost
comes.

The best way is to pull up the vines
with the green tomatoes on them and
hang them in the cellar or other shel-
tered place or pick the tomatoes and
place them in a sack-covered cold
frame, and cover them with straw or
leaves, to ripen. Even tomatoes that
appear to be perfectly green will, if of
good size and the seed mature, ripen
sufficiently for use as fresh tomatoes.

Better Quality of Tomatoes.

The quality of the tomatoes will
probably be better if they are left on
the vines and they will continue in
usable condition for a much longer
time, but they may be ripened success-
fully by plucking them from the vines
and placing them in a single layer on
a shelf in the cellar. This may be the
better plan for some back-yard garden-
ers who have not sufficient space to
hang up the vines.

The late corn patch, also, is likely to
have a week or ten days of table ser-
vice in it when the frost warning comes.
It is not necessary to lose the green
corn. Pluck the ears, leaving the
husks on, and place them on the cellar
floor with no two ears touching. The
corn will remain in good condition for
ten days or longer. Even if you have
no cellar or other place where the ears
can be spread, it is not necessary to
lose the corn. Cut the stalks, leaving
the ears on, and stack them in the
garden. The corn will probably not
remain in good condition so long as
if properly stored on the cellar floor
and it becomes toughened, but the
season for using it can be extended
several days.

Cover Beans and Peas.

There may be beans and peas not
quite fully matured. If you have space
in which to keep them under cover,
pull up the vines by the roots, hang
them up and let the pods dry out.
Then shell the beans or peas, put them
in bags, hang in a well-ventilated dry
place, and keep them for winter use.
This, of course, cannot be done if the
beans or peas are too immature. Can-
ning is the only means of saving them
under that condition. The curing on
the vine method, however, is the best
plan for curing navy and other bush
beans even when they are fully mat-
ure.

Care for Other Vegetables.

The cellar, if there is one, otherwise
a pit in the garden, may be made to
care for most of the other vegetables
well into, if not through, the winter.
Onions that are mature and thor-
oughly dried may be kept in the attic or
in any dry, well-ventilated place where
they will not freeze. A pit in the gar-
den may be made to serve as a stor-
age for potatoes, late beets, carrots,
turnips, late cabbage, celery, and sal-
sify. If there is no cellar available
the earth mound in the garden can be
made to serve admirably, saving a
lot of money by keeping certain of
the late garden vegetables for winter
eating.

All that is necessary in making a
vegetable storage pit is to place some
straw, hay, dry grass, or fodder on
the ground, place the vegetables on
it in a conical pile, cover them with
the same material used at the bottom,
and then cover with two or three inches
of earth. The hay, or whatever ma-
terial is used, should be allowed to
extend through the dirt at the apex
of the cone, thus providing the neces-
sary ventilation to keep the vegeta-

GET AHEAD OF JACK FROST.

Jack Frost is a kill-joy, but
can be thwarted, to some extent
at least.

You have gone to a lot of
trouble and some expense, all
spring, summer and fall, grow-
ing a garden. It has paid for
itself, of course—probably many
times over. But some of the
crops are almost sure to be just
at their best when frost comes.
With a little care, the summer
season can be prolonged, possi-
bly several weeks. The supply
of fresh vegetables from the
garden need not be cut off the
day Jack Frost arrives.

Place a board or
piece of tin over the hay at the
apex of the cone and weight it down
to keep it in place. If the earth over
the entire surface of the mound is
firmed down with the back of the
shovel and a shallow trench dug
around the base of the mound with an
outlet so that the water will drain
away, the vegetables may be kept
practically dry for any length of time.
As the weather becomes colder, it will
be necessary to put on more earth,
increasing the thickness of the earth
covering to six or eight inches. In
very cold weather it is advisable to
put on an additional covering of straw,
fodder, manure, or other litter.

Earth Mound Is Best.

For cabbages and turnips the earth
mound is a better storage place than
the cellar. Both turnips and cabbages
give off odors that, if stored in the
cellar, will permeate the house and
become very disagreeable. The method
of storing cabbages may vary some-
what from the regular pit or mound.
A very satisfactory method is to pull
the plants, roots and all, and place
them in a long pit, either on their
sides or with the heads down, then
cover lightly with straw and a layer
of earth. A few heads may be re-
moved from time to time without dis-
turbance the remainder of the pit. An-
other good method is to pull the heads,
roots and all, and set them side by
side, with the roots down, in shallow
trenches, making a bed of whatever
size may be necessary. Around the
bed erect a frame of rails, boards, or
poles, or by driving down a row of
stakes so that an inclosure about two
feet in height is formed. Bank the
outside of this frame with dirt and
place poles across the top, covering
them with straw, hay, corn fodder, or
pine boughs. Make provision for cut-
ting off the cabbage heads from one
end of the pit as needed. When the
heads are cut, leave the roots in po-
sition, and in the spring these roots
will sprout and supply an abundance
of greens.

Pit for Celery.

A similar pit may be made for cel-
ery, though the dirt should be exca-
vated to a depth of about 14 inches.
However, celery may be kept until ex-
treme cold weather in the position
where it grew by banking enough
earth about the plants to hold the
stems in a compact bunch. Just be-
fore freezing occurs bank the earth
up to the very tops of the plants, al-
most covering them. As the weather
becomes colder, cover the ridge with
straw, corn fodder, or pine boughs
held in place by stakes or boards.

Pumpkins and squashes may be kept
for winter use in a dry storage room in
the basement, placing them in rows
on shelves, so that they are not in con-
tact with each other.

The United States department of
agriculture discusses all phases of the
subject in Farmers' Bulletin 879,
"Home Storage of Vegetables." There
are other bulletins on storage houses
of various kinds.

For Cabbages and Turnips the Earth Mound is a Better Place Than the
Cellar.

INSPIRATION AT ODD TIMES

How Longfellow Wrote, "Wreck of the
Hesperus"—Rossini Composed
Music in Bed.

Longfellow's "Wreck of the Hesperus"
came to him as he was sitting by his
fire, the night after a violent
storm. He went to bed, but could not
sleep; the Hesperus would not be de-
sisted; and as he lay the verses flowed
on without let or hindrance until the
poem was completed.

One at least of Rossini's splendid
pieces of music was composed in bed.
It was when he was young, poor and
unknown, and lived in wretched quar-
ters. After writing a duet the com-
poser allowed his manuscripts to slip
off the sheets and fall under the bed,
and moreover he believed it would be
unlucky to pick the sheets up; so he
went to work to rewrite the duet. To
his disgust he could not remember it.
It was therefore necessary to write a
new one. This he had finished when
a friend entered.

"Try that," said the composer, "and
tell me what you think of it." The
verdict was favorable.

"Now," said Rossini, "look under the
bed. You'll find another duet there.
Try that, too."
The friend did so, and declared the
original composition was much the bet-
ter. It is included in his works to-
day.

When a Colt Is a Steer.

A clerk of the British war trade de-
partment, answering an applicant for
permission to export a pedigreed colt
to South Africa, asked: "State if the
colt is a shorthorn steer." Photographs
of the letter have been circulated by
the applicant.

Rich-Tone Is a Friend of the Weak

"It Has Made Me Strong and Well
Again."—Says J. R. Martinez.

He writes: "Rich-Tone is a wonder-
ful remedy for people who are weak
and lacking in vigor, and all those who
desire to gain strength and energy
should take this truly famous tonic.
It has given me perfect health and
saved me of ailments from which I had
long suffered."

Take RICH-TONE
and gain new energy

RICH-TONE makes more red corpus-
cles, enriching and purifying the blood.
It contains all of the elements that are
needed most in maintaining strength
and vigor. Rich-Tone restores the tired
nerves, restores appetite, induces
healthful sleep—it gives you all those
things which mean energy and well-
being. Get a bottle today—only \$1.50 at
all drug stores.
A. B. Richards Medicine Co., Sherman, Texas

BAD BREATH Often Caused by Acid-Stomach

How can anyone with a sour, gassy
stomach, who is constantly belching, has
heartburn and suffers from indigestion have
anything but a bad breath? All of these
stomach disorders mean just one thing—
Acid-Stomach.
EATONIC, the wonderful new stomach
remedy in pleasant tasting tablet form that
you eat like a bit of candy, brings quick
relief from these stomach miseries. EATONIC
restores the breath because it makes the
stomach sweet, cool and comfortable. Try it
for that nasty taste, congested throat and
"faddy feeling" after too much smoking.
If neglected, Acid-Stomach may cause you
a lot of serious trouble. It leads to nerve-
ness, headaches, insomnia, malaria, rheu-
matism, sciatica, heart trouble, ulcer
and cancer of the stomach. It makes his
millions of victims weak and miserable,
listless, lacking in energy, all tired out. It
often brings about chronic indigestion, pre-
mature old age, a shortening of one's days.
You need the help that EATONIC can give
you if you are not feeling as strong and
well as you should. You will be surprised
to see how much better you will feel just
as soon as you begin taking this wonderful
stomach remedy. Get a big 50 cent box
from your druggist today. He will return
your money if you are not satisfied.

Medicine Co., P. O. Box 1012, Dallas, Tex.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Giving Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Lift off Corns!
Doesn't hurt a bit and Frezzone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Frezzone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

Experts or Theorists—Which?

The packing industry is intricate, complex—far more so than the railroads or the telegraph. Every day multiplying needs of society increase its problems and multiplying responsibilities demand more of it.

Highly trained experts, specialists of years' experience, thinkers and creative men, devote their lives, their energies, their activities, to solving the problems of the packing industry and meeting its widening duties.

Swift & Company is not a few dozen packing plants, a few hundred branch houses, a few thousand refrigerator cars, and a few million dollars of capital, but an organization of such men. It is the experience, intelligence, initiative and activity which operates this physical equipment.

Can this intelligence, this experience, this initiative and creative effort which handles this business at a profit of only a fraction of a cent per pound from all sources, be fostered through the intervention of political theorists, however pure their purposes? Or be replaced by legislation? Does Congress really think that it can?

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

Swift & Company, U. S. A.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago. (Copyright, 1919, Western Newspaper Union)

LESSON FOR SEPTEMBER 28

REVIEW: JESUS OUR SAVIOUR AND KING, OR PARABLES OF THE KINGDOM.

The method of review should be determined by the grade of the class. For the Primary the review should center in the topic, "Jesus and the Children;" the Junior, "Choosing Jesus as Saviour;" Intermediate, "Accepting Christ's Program for Our Lives;" for the Senior and Adult grades the subject of the church, noting its membership, ordinances, worship, and service. A better way would be to study more fully the parables of the kingdom as set forth in Matthew 13:44-50.

I. The Parable of the Hid Treasure (v. 14).
The usual interpretation of this parable, making Christ the hid treasure for which a sinner must give up everything in order to buy his salvation, must be rejected for the following reasons: (1) Christ is not hidden in a field, but has been lifted up and made a spectacle to the world. (2) Nobody has ever been obliged to buy the world in order to get Christ. (3) Salvation cannot be purchased, for it is God's free and gracious gift. (4) No warrant is ever held out to a man to conceal his religion after it is obtained.

1. The field. This is the world (v. 38). Fortunately this landmark has been made by Christ himself.

2. The treasure. In Psalm 135:4 we are told that Israel, the chosen people, is his treasure. The same truth is set forth in different places and ways (Deut. 7:8-9; 14:2; 26:18; 32:8, 9). When Christ uttered this parable the ten tribes were already concealed from human observation, and as to the rest of Israel it was a prophecy of that which was to follow. The kingdom as to its relation and bearing is now hidden. Christ was primarily sent to the Jews; for their sake the field was sought.

3. The Purchaser: the Son of God (John 3:16).
None but the Son of God had such resources to buy the world.

4. The purchase price. This was the precious blood of the Son of God, which is worth infinitely more than silver and gold and the treasures of the earth (1 Peter 1:18, 19; Isa. 53).

II. The Parable of the Merchantman Seeking Goodly Pearls (v. 45, 46).

1. The merchantman. He is actively engaged in search for pearls. In this search he discovers one pearl of great price. This merchantman is none other than Christ himself. The whole activity of the Father, Son, and Holy Spirit, since the fall of man, has been seeking those who are lost.

2. The purchasing price. The merchantman sold all—impoverished, himself in order to buy the pearl. The poor lost sinner could not buy Christ. His salvation is without money and without price. Christ did impoverish himself, turned his back upon the heavenly glory (Phil. 2:6-8) to purchase the one pearl of great price by his own precious blood (Eph. 5:25; 1 Pet. 1:18, 19).

3. The pearl of great price. This is the church. The merchantman will find other pearls of value, but the peerless gem set above all others will be the church which he has purchased with his own blood.

III. The Parable of the Drag Net (vv. 47, 50).

This gives us a picture of the consummation of the kingdom. No one can mistake the meaning here. Note: 1. The sea. This word when used in a figurative sense denotes peoples and multitudes (Dan. 7:3, Rev. 17:15).

2. The drag net. The word "net" in the authorized version is properly translated "dragnet."
3. The net drawn to the shore when full.
4. The assortment made by the angels.
5. The destiny of the bad fish, or wicked men.

He Draws Hearts of Men.
On that day when our Lord Jesus Christ was lifted up, all sorts of people were drawn to him. There were those who loved him dearly at the foot of the Cross. There were scribes, and learned men, and aristocrats, and priests and common people. There were simple peasants from the country, shepherds from the hills, and a motley crowd from the city streets. There were Roman soldiers and Galilean pilgrims. It was a crowd representative of all the world's people, and today when he is lifted up even as of old, he draws to himself the hearts of men.

The Work That God Appoints.
I am not bound to make the world go right, but only to discover and to do with cheerful heart the work that God appoints.—Jenn Ingelov.

Pass That Day in Peace.
You have only a day to pass on earth; so act as to pass that day in peace.—De Lamennais.

To Live in Peace.
Peace is the fruit of love; for to live in peace, we must learn to suffer many things.—De Lamennais.

The Test.
"Is Mr. Gadspar planning any poker parties while you are away this summer?" asked Mrs. Gribbling.
"Oh, no," answered Mrs. Gadspar. "My husband doesn't play poker."
"Umph! I dare say a little strategy would prove quite the contrary."
"How?"
"Just before you get ready to leave tell him you have decided to postpone your trip for a week and watch the expression on his face."—Birmingham Age-Herald.

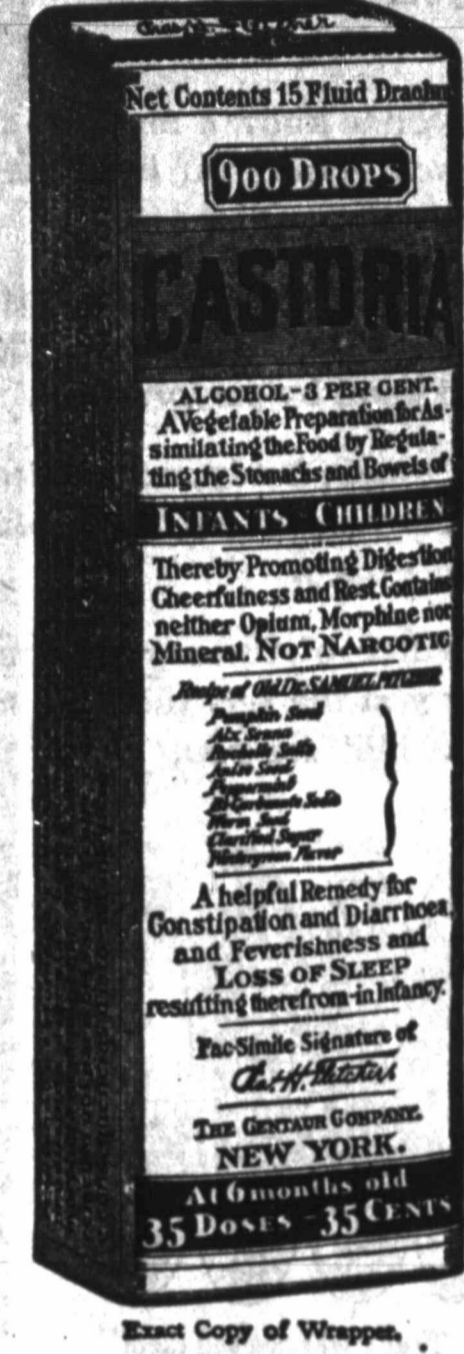

If George Washington never told a lie, we'll bet he didn't make fishing a hobby.
Give every one a square deal.—Theodore Roosevelt.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL, Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL, Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Children Cry For Fletcher's CASTORIA

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of
Chas. H. Fletcher
In Use For Over 30 Years
The Kind You Have Always Bought
THE CENTAUR COMPANY, NEW YORK CITY.

His Regret.
"No doubt it is the continual gnawing of your conscience, because of your outrageous profiteering, that prevents you from sleeping!" we sternly declared.
"Oh, no!" returned the human hog. "What keeps me awake is the thought that there is no way by which I can collect a draw-back on the goods I sold for reasonable profits before the present era of high prices."—Kansas City Star.

None.
"Has Mrs. Nexdore any grandchildren?"
"No; they are all perfect imps."

Uncomfortable Consistency.
"Twenty-five dollars fine," said the Justice of the peace.
"Oh, now, see here, Judge," said the culprit, "be consistent. I wasn't going a bit faster than I was last summer when I was hauled up and you acquitted me."
"All right," said the Justice, "if you feel that way about it, we'll make it \$50, covering both offenses."—Boston Transcript.

A success is a man who has stuck to one job long enough to do it well.
It is the people who lack love who find it so hard to forgive.

In the District Court of Roosevelt County, State of New Mexico.

L. A. Yeum, plaintiff,
v.
Cleve George, administrator of the estate of James Wesley Armstrong, deceased, No. 1461, and the unknown heirs of the said deceased, defendants.

NOTICE OF FORECLOSURE SALE

Whereas on the 23rd day of May, 1919, in case No. 1451, pending in the District Court of the Fifth Judicial District of the State of New Mexico, in and for the county of Roosevelt, wherein L. A. Yeum is plaintiff and Cleve George, administrator of the estate of James Wesley Armstrong, deceased, and the unknown heirs of the said deceased, defendants, plaintiff recovered a judgment on one promissory note and interest coupon note and mortgage executed by James Wesley Armstrong unto Oklahoma Farm Mortgage Company, on the 28th day of October, 1916, and on November 21, 1916, the said Oklahoma Farm Mortgage Company duly assigned and transferred to the plaintiff herein, the said promissory note with the coupons thereto attached, together with said mortgage, said note being in the principal sum of \$700.00, coupon note in the sum of \$56.00, with interest thereon at the rate of 10 per cent. per annum from February 6, 1919, upon \$700.00; from Nov. 1, 1918, on \$56.00; and the additional sums of \$26.73, as taxes paid by plaintiff upon said mortgage premises, together with interest at the rate of 6 per cent. from January 10, 1919, and \$70.00 as attorney fees, with 6 per cent. interest per annum from date of judgment until paid, together with all costs of suit, and a decree foreclosing said mortgage, given for the security of said sums and amounts for which judgment was rendered, upon and against the property so mortgaged, being the following described real estate, situated and located in Roosevelt County, New Mexico, as follows, to-wit: North half section thirty-one, township five south, range thirty-four east, N. M. P. M., containing 320 acres, according to the U. S. Government survey thereof, with all improvements thereon, and decreeing said amount for which judgment was rendered, to be a prior and superior lien on said premises in favor of Plaintiff and against all of said defendants; that said judgment will amount to the date of sale hereinafter fixed, to the sum of \$910.75, besides costs of suit and costs of sale; and

Whereas, Bascom Howard was appointed by the Court in said decree, special master, to advertise and sell said property according to law and apply the proceeds in satisfaction of said judgment and costs; therefore, by virtue of said decree as aforesaid and the authority in me vested as such special master, I will, on the 21st day of October, 1919, at the hour of 10 o'clock in the forenoon of said day at the northeast front door of the court house in the town of Portales, New Mexico, sell said described property at public auction for cash to the highest bidder for the purpose of satisfying said judgment, interest, costs and accruing costs.

Witness my hand this the 16th day of September, 1919.
46-41 BASCOM HOWARD.

PRINCE ALBERT
the national joy smoke

YOU can't help cutting loose joy's remarks every time you flush your smokespot with Prince Albert—it hits you so fair and square. It's a scuttle full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. That's because it has the quality.

Quick as you know Prince Albert you'll write it down that P. A. did not bite your tongue or parch your throat. And, it never will! For, our exclusive patented process cuts out bite and parch. Try it for what ails your tongue!

Topsy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that clear, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Camel Cigarettes

What you pay out your good money for is cigarette satisfaction—and, my, how you do get it in every puff of Camels!

18 cents a package
EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor. Camels win instant and permanent success with smokers because the blend brings out to the limit the refreshing flavor and delightful mildness of the tobaccos yet retaining the desirable "body." Camels are simply a revelation! You may smoke them without tiring your taste! For your own satisfaction you must compare Camels with any cigarette in the world at any price. Then, you'll best realize their superior quality and the rare enjoyment they provide.

State of New Mexico

NOTICE FOR PUBLICATION

Public Land Sale

ROOSEVELT COUNTY

Office of the Commissioner of Public Lands, Santa Fe, New Mexico.

Notice is hereby given that pursuant to the provisions of an Act of Congress approved June 20th, 1910, the laws of the State of New Mexico, and rules and regulations of the State Land Office, the Commissioner of Public Lands, will offer at public sale to the highest bidder at 2 o'clock P. M., on Tuesday, September 30th, 1919, in the town of Portales, County of Roosevelt, State of New Mexico, in front of the court house therein, the following described tracts of land, viz:

Sale No. 1345.—SE 1/4, Sec. 26; T. 5 S., R. 32 E., containing 160.00 acres. There are no improvements.

Sale No. 1346.—NE 1/4, Sec. 33; T. 5 S., R. 33 E., containing 160.00 acres. There are no improvements.

No bid on the above described tracts of land will be accepted for less than Five Dollars (\$5.00) per acre, which is the appraised value thereof, and in addition thereto the successful bidder must pay for the improvements that exist on the land.

Sale No. 1347.—All of Sec. 36; T. 1 S., R. 33 E., containing 640.00 acres. The improvements consist of well, windmill, and fencing, value \$417.00.

No bid on the above described tract of land will be accepted for less than \$10.00 per acre, and in addition thereto the successful bidder must pay for the improvements that exist on the land.

Each of the above described tracts will be offered for sale separately.

The above sale of land will be subject to the following terms and conditions, viz:

The successful bidder must pay to the Commissioner of Public Lands or his agent holding such sale, one-twentieth of the price offered by him for the land, four per cent interest in advance for the balance of such purchase price, fees for advertising and appraisal and all costs incidental to the sale herein, each and all of said amounts must be deposited in cash or certified exchange at the time of sale and which said amounts and all of them are subject to forfeiture to the State of New Mexico, if the successful bidder does not execute a contract within thirty days after it has been mailed to him by the State Land Office, said contract to provide that the purchaser may at his option make payments of not less than one-thirtieth of ninety-five per cent of the purchase price at any time after the sale and prior to the expiration of thirty years from the date of the contract and to provide for the payment of any unpaid balance at the expiration of thirty years from the date of the contract with interest on deferred payments at the rate of four per cent per annum payable in advance on the anniversary of the date of the contract, partial payments to be credited on the anniversary of the date of the contract next following the date of tender.

The above sale of land will be subject to valid existing rights, easements, rights of way, and reservations. All mineral rights in the above described lands are reserved to the state. The Commissioner of Public Lands or his agent holding such sale reserves the right to reject any and all bids offered at said sale.

Possession under contracts of sale for the above described tracts will be given on or before October 1st, 1919. Witness my hand and the official seal of the State Land Office of the State of New Mexico, this eighth day of July, 1919.

N. A. FIELD,
Commissioner of Public Lands,
State of New Mexico.

JOE THOMPSON IS DEAD.

Joseph B. Thompson, of Pauls Valley, representative in congress from the Fifth Oklahoma district, died suddenly on a train at Martinsburg, W. Va., while on his way to Oklahoma City.

Death resulted from heart failure, superinduced by Bright's disease, about an hour after his train had left Washington to bring him home for a short visit through his district.

His son, Lieutenant Joseph B. Thompson, was with him when the end came. His wife and other son, James M. Thompson, were at Washington.

Health Poor Three Years. Mr. Thompson had been in declining health for the past two or three years, but his condition was not regarded serious by his friends. He had been attending his congressional duties, and only a few days ago took part in a spirited debate in the house.

He was coming home to be here on Wilson day at the state fair, and to look after some private interests in the Texas oil field, as well as make a short tour of his congressional district.

His body was sent back to Washington to be prepared for burial, and then sent to Pauls Valley for burial.

In Congress Seven Years. Mr. Thompson was born in Grayson county, Texas, near Whitecourt, 45 years ago. He was elected as a congressman at large from Oklahoma to the Sixty-third congress in 1912 and has represented the Fifth district—the Oklahoma City district—since its creation by the Fourth legislature in 1913.

1ST DIVISION FINAL REVIEW
PERSHING LEADS FAMOUS OUTFIT IN WASHINGTON.

The Capital Accords Enthusiastic Welcome to the General and His Victorious Army.

Washington—Amid a roar of welcome General Pershing led the First division of the American expeditionary forces up Pennsylvania avenue to receive the nation's homage.

It was the last grand review of the war-time armies, the victory parade, the last chance for the hundreds of thousands of men, women and children jammed along the route to voice appreciation of the valor and daring of that army, and they made the most of it.

The procession reached its climax when the general, in a speech, thanked the people for their support and for the honor of leading the expeditionary forces.

German Mark Falling in Value. Berlin.—The Berlin Boerse is in the grip of the bull movement and the scramble for foreign securities, colonial securities and shipping shares continued unabated. The upward trend of the market is explained by the fact that the mark is fast falling in value.

Alabama House Ratifies Suffrage. Montgomery.—The Alabama house of representatives ratified the Susan B. Anthony amendment by a vote of 60 to 31.

Three Americans Held By Bandits. Washington.—The American embassy at Mexico City is investigating an unconfirmed report that three Americans, two of whom were named Jones and Ferguson, of Tampico, were captured by bandits who blew up a train on the railroad between San Luis Potosi and Tampico.

Bulgarian Treaty Adopted by Council. Paris.—The supreme council has definitely adopted the Bulgarian treaty.

Deportation Of Anarchists. Washington.—Warrants for the arrest of Emma Goldman and Alexander Berkman, charging them with anarchy and looking to their deportation have been issued by the immigration authorities. Miss Goldman is finishing a term in the federal penitentiary at Jefferson City, Mo., and Berkman is confined in the penitentiary at Atlanta, Ga. Both were convicted of obstructing the draft. When the terms of the two noted agitators expire late this month, they will be re-arrested.

He was a graduate of the law department of the University of Texas, and came to Oklahoma when a young man, locating first at Pauls Valley. He practiced law for a number of years at Ardmore with his brother, J. C. Thompson. At Pauls Valley he practiced law with S. T. Bledsoe and W. A. Ledbetter, now of Oklahoma City.

If the vacancy in the Fifth district, resulting from the death of Congressman J. B. Thompson is filled prior to the regular congressional election next summer the Governor will have to call a special election in the district for this purpose.

If the governor elects, the place may be left vacant until the regular elections, but this course was considered highly improbable by democratic leaders. The appointive power does not extend to representatives in congress, and the only way the place can be filled is by a special election.

Term Expires in 1920. The Fifth district is overwhelming in democratic, and in view of this it is not believed the governor will hesitate to call the election.

Mr. Thompson's term, for which he was elected last November, does not expire until a year from the coming March, and whoever is elected as his successor in the special election will serve until that time.

Mr. Thompson is the first member of the Oklahoma congressional delegation to die while serving in congress and the special election, if called, will be the first held in the state for this purpose.

as the man who captained all the fighting forces of the nation in the great struggle passed through the victory arch toward the reviewing stand where Vice President Marshall stood representing President Wilson, to receive the general's salute. Behind him the picked thousands of the composite regiment "Pershing's own," formed a wall of bronzed faces as they swung into line with machine-like precision.

Even horses, guns and machines to the last buckle and the final touch of paint were completely equipped and spotless for inspection. There was no need of war-worn gear to tell of their deeds, the gleam of gold chevrons on every arm, the ribbons of decorations for valor on their colors and breasts, the marks that spoke of wounds received that were sprinkled through the whole command, and above all, the proud knowledge in the hearts of the thousands that cheered them, made that unnecessary.

To one regiment of long trim "75's" an unusual honor was accorded. The Sixth field artillery was placed between the two infantry brigades instead of marching with the rest of the artillery brigade behind the infantry, for it was C battery of the Sixth which fired the first shot at the Germans on October 23, 1917. A standard told the onlookers that at last they saw the very guns whose thunder had carried that first message of defeat into the enemy ranks.

Up the avenue at the head of the division rode Major-Gen. Edward F. McClachlin, commanding, and with him rode two former commanders of the division the first to go and the last of the divisions to come home. They were Major-Gen. William I. Sibert, who took it to France and Lieut-Gen. Robert L. Bullard, who took it into action and surrendered command only to take a higher post. Marching ahead of the formations, also, came a host of officers and men who saw their first service with the First division in France.

Bombs Hurling On Kronstadt. Helmsingfors.—Two more heavy attacks have been made by British airplanes against the Russian fortress of Kronstadt, the chief defense of Petrograd on the sea side. Seven airplanes took part. In the second attack vast columns of smoke arose from the western part of the city. Anarchist artillery put up a heavy air barrage but caused no damage to the attacking squadrons. One aviator was compelled to land in Finland upon his return to his base because of engine trouble.

D'ANNUNZIO INVADES FRIUME ITALIAN PACT AVIATOR HAS STARTED SOMETHING

Plans of Peace Conference Upset By Daring Raid of Italian Irregular Soldiers.

Geneva.—Gabriele d'Annunzio, supported by the forces of Ardete, which accompanied him into Friume, has proclaimed a union of Friume with Italy, according to advices received by the Serbian press bureau here from Belgrade.

Friume was plunged into anarchy, the advices declare, when the brigade of Italian troops which previously had evacuated the city, returned without officers, ejected the local authorities and arrested the Italian General Pittagusa.

The British and French troops in Friume, the message states barricaded themselves within their quarters, expecting to be attacked, while the crowds in the city tore down the allied flags.

Paris.—General Badoglio, deputy chief of the Italian army, who has been given broad powers to meet the situation which has arisen in Friume incident to the entry of the city by Captain d'Annunzio at the head of a large force of irregular troops, has arrived at Friume, accompanied by General Aniasi, according to advices received here.

Rome.—According to latest advices Captain Gabriele d'Annunzio, the Italian post-aviator, is still in Friume. His forces are variously estimated from 2,500 to 12,000 men. Detachments sent by General Robilant, commander of the sixth army corps, to disarm Captain d'Annunzio's men, have refused to obey orders. This, according to a statement made by Premier Nitti, was "sedition," the premier adding that he was "determined to act in a manner that would avoid grave conflicts."

WILSON IS ON WEST COAST

President Ready To Start On His Homeward Stretch.

Spokane, Wash.—Replying here to objections that Great Britain would have a preponderance of voting power in the League of Nations assembly, President Wilson said any possible danger on that score was removed by the fact that decisions must be unanimous.

The speech here was the second the President made during the day. He spoke also at Coeur d'Alene, Idaho, making an invasion of the state represented by United States Senator Borah in the senate. At Coeur d'Alene, the tent in which he spoke was not entirely filled. Here in the armory every seat was taken.

The League of Nations assembly, the President declared was "largely a debating body," and seldom would act on important questions and when it did the United States with its one vote would have an "absolute veto" under the rule requiring an unanimous vote.

There was only one case in which the assembly could decide an important question, he said, and that when such a question was unanimously referred to it by the council. The assembly also must act unanimously, he added, so that in either council or assembly, the one vote of the United States would constitute a veto power.

The unanimous rule, added the President, seemed to him the only weakness of the league, but it was a weakness in the direction of throwing a safeguard around national sovereignty.

Mr. Wilson also discussed at length proposed reservations to the treaty and asked for its unqualified acceptance.

After speaking in California the President will again turn eastward.

Kolchak Destroys 8 Red Regiments. London.—Eight regiments of red troops have been destroyed by Admiral Kolchak's anti-Bolshevik forces on the Ural front in eastern Russia, according to a News dispatch received here. Many prisoners and great stores of booty were captured by the Kolchak army.

Bomb Thrown at Governor of Korea. San Francisco.—An attempt to assassinate Governor-General Hasagawa newly appointed Japanese governor of Korea, is reported here in a cablegram from Tokio. A bomb was thrown at the governor-general's carriage, exploding but not injuring him. Two men were arrested.

President Denounces Police Unions. Washington.—President Wilson, in a telegram received by the local city government, said that organization of the police forces of the country for the purpose of bringing pressure against the public, should "not be countenanced or permitted."

New Altitude Record? Mineola, L. I.—A new altitude record was believed to have been established here by Roland Rohlf, test pilot for the Curtis Airplane Company. Rohlf's altimeter registered 34,510 feet when he landed.

King Albert Sails For America. London.—King Albert of the Belgians, queen Elizabeth and Prince Leopold sailed for America Sept. 22 on the U. S. S. George Washington, escorted by three destroyers. They will return to Belgium late in October.

DELEGATES FOR INDUSTRIAL MEET

WILSON GIVES OUT LIST OF MEN TO REPRESENT GENERAL PUBLIC

EACH SIDE TO HAVE 22 MEN

Bernard Baruch and Young Rockefeller Among Those Asked by the President To Be Present At The Meeting.

San Francisco.—Twenty-two men were invited by President Wilson to represent the general public in the industrial conference he has called for October 6 in Washington.

This means that sixty-six men will take part in the momentous meeting which is to decide the "new order" that the president hopes to attain between capital and labor. Organized labor will have twenty-two representatives as will organized employers. The conference will be held in the east room in the White House and will be presided over by the president. Following are the men he has asked to serve on behalf of the general public:

Headed by Baruch. Bernard M. Baruch, former chairman of the war industries board, and this government's economic representative at the peace conference in Paris.

O. E. Bradfute, Xenia, Ohio, president of the Ohio Farm Bureau Federation and chairman of the committee of state farm bureaus, whose members called on the president recently in connection with the fight against the high cost of living.

Robert S. Brookings, St. Louis, retired business man. Ward Burgess of Nebraska. Fuller R. Callaway, cotton manufacturer of La Grange, Ga. Thomas L. Chadbourne, New York City.

General Dawes invited. Charles G. Dawes, brigadier general in the American expeditionary forces and the army's chief purchasing agent in France. He is president of the Central Trust Co. of Chicago.

Dr. Charles E. Eliot, Northeast Harbor, Maine. H. B. Endicott, Milton, Mass. Paul L. Felix, clothing manufacturer of Cleveland.

Elbert H. Gary, chairman of the United States Steel Corporation. Edwin F. Gay, Harvard University. George R. James, manufacturer, farmer and banker of Memphis. Thomas D. Jones, manufacturer of Chicago.

A. A. Landon, Buffalo, vice president of the American Radiator Co. E. T. Meredith, editor of Successful Farming, Des Moines. Gavin McNabb, San Francisco, attorney.

Young Rockefeller on List. John D. Rockefeller, Jr., Standard Oil Co., New York. Charles Edward Russell, author, New York. John Spargo, author, Old Bennington, Vt. L. D. Sweet, farmer, Carbondale, Colo. Louis Titus, San Francisco.

Safety Razor Trust is Announced. New York.—The formation of the American Safety Razor Corporation, a combination of the Gem, Ever-Ready and Star companies, which it is said will control 90 per cent of the dollar safety razor business of the world, was announced here. The new company is capitalized at \$30,000,000.

Oil Fire Loss 2 Millions. More Than Fifty Persons Are Injured At New York. New York.—The spectacular oil fire which since Saturday afternoon has raged at the plant of the Stone & Fleming Company in Long Island City, with injury to more than fifty persons and property damage running into the millions, is gradually burning itself out.

Herbert L. Pratt of the Standard Oil Company, of which Stone & Fleming plant is a subsidiary, said after a survey of the ruins that the property damage would be more than \$2,000,000. As nearly as could be ascertained, thirty-six of the company's large oil tanks have been destroyed.

The twenty acres of fire swept territory looked like a scene in war devastated France or Belgium. Tanks were crumpled up; huge steel girders lay in a tangled mass, few walls were left standing and burning oil continued to flow along the surface of Newtown creek.

Pay of Pullman Conductors Hiked. Washington.—All sleeping car and parlor car conductor have been granted a slight increase in pay, retroactive to May 1, to correct a previous error in bonus pay and to even up existing inequalities in wages the railroad administration announced. The new rates of wages will be from \$125 a month, with fifty-two cents an hour for overtime, for men in the first year of service, to \$160 a month and sixty-five and three-fourths for overtime after fifteen years service. Almost 2,400 men are affected.

TEXAS HURRICANE COST LIVES OF 500

CITY OF CORPUS CHRISTI IS ALMOST A TOTAL RUIN

DEAD CANNOT BE IDENTIFIED

On Account of Decomposition Setting In—Morbid Curiosity Seekers Will Be Put To Work If They Enter The City.

Corpus Christi, Tex.—In the stricken city of Corpus Christi and environs the list of dead from the hurricane is hovering around the 500 mark.

A revised list of the dead from all towns has just been made up at the rescue headquarters in Corpus Christi showing 414 bodies have been recovered, while the list of missing is given at 115. The figures follow:

Corpus Christi, 175; Odem, 11; White Point, 69; Portland (unofficial), 50; West Portland, 61; Rockport, 10; Port Aransas, 7. Bodies seen floating off shore at White Point, 31.

All attempts at identifying the bodies had been abandoned because of their decomposed condition, and burial parties sent out along the shores of Nueces bay were hurrying the corpses to nearby towns for interment.

Heavy rainfall to the east of Corpus Christi threatening to stop relief trains.

Food Situation Serious. The food situation, serious from the outset, took a more acute turn with the arrival of several hundred refugees from the surrounding country. Most of these were cotton pickers who had been left destitute as the result of the destruction of all cotton fields in this section. The fear was freely expressed that when the limited food stocks in surrounding towns is exhausted, more than 30,000 persons would become entirely dependent upon relief supplies now being brought here unless the railroad situation improves.

All visitors and sightseers were warned to remain away from Corpus Christi on pain of being met at the train with a shovel and put to work clearing away the debris, by Mayor Gordon Boone. There is sufficient labor here for all the needs, the statement says, and in view of the acute food situation, every additional mouth to feed adds an unnecessary drain on the city's meager resources.

EVERY CASUALTY OF U. S. IN WAR ACCOUNTED FOR

Washington.—Every American soldier who became a casualty in the war against Germany at last has been accounted for.

A list of missing and unaccounted for which at one time was as high as 25,505 gradually was reduced until for weeks it remained at two. It is now presumed there is no doubt the two soldiers are dead and they have been so listed officially.

Of the total first reported missing 23 per cent died; 16 per cent were lost from their organizations in the confusion of battle but subsequently rejoined them. The remainder were found scattered throughout various hospitals.

GOOD BYE CAMP DONIPHAN

Salvage Company Begins Tearing Down Barracks.

Lawton.—Dismantlement of Camp Doniphon, Fort Sill, where 35,000 Kansas and Missouri National Guardsmen were trained, has begun by B. W. and C. C. Harris. The two brothers arrived in Lawton to open an office and prepare for the salvage and sale of Doniphon buildings. The entire camp was sold to them for \$60,500.

All of the lumber and other material will be salvaged and sold in Lawton and southwestern Oklahoma. As much as possible will be sold within the city of Lawton itself, Harris brothers said. A crew of salvage experts is to begin the reclaiming of the thousands of feet of lumber, used in the construction of mess halls and other buildings. An office will be opened in Lawton, through which all of the material will be handled.

A large number of men and teams and trucks will be used in the reclamation of the camp.

Non-Partisan Chiefs Sentenced. Jackson, Minn.—A. C. Townley, president of the National Non-Partisan League and Joseph Gilbert, former organization manager, were sentenced to three months' imprisonment in the Jackson county jail here by Judge E. C. Dean, without alternative of fine. Townley and Gilbert were convicted here July 13 on a charge of conspiracy to teach disloyalty. In passing sentence Judge Dean assailed Townley and the non-partisan league and declared "any organization built on falsehood will not long endure."

Southwest News

From All Over New Mexico and Arizona

Western Newspaper Union News Service. COMING EVENTS. Arizona State Fair—Nov. 3 to 8, 1918.

The belief that Arizona will soon have a large producing oil field is gaining among those who are conversant with the developments in the Holbrook Oil Field in northeastern Arizona.

The Pecos Valley Canning Company of Roswell, N. M., has finished canning 10,000 cans of peaches—equal to ten cars of canned goods. This represents about 4,000 bushels of peaches or fifteen carloads.

The Aztec State Bank of Aztec has received its charter from the state corporation, having been duly approved by the state bank examiner. The bank has a capital stock of \$25,000, the par value of shares \$100.

Boring holes around the lock which they cut out of the front door of a clothing store in Chandler, Ariz., burglars gained entrance into the shop which they looted to the extent of \$3,000 worth of merchandise.

The state of Arizona has no authority to pay convicts for working on highways, but can arrange to materially shorten their sentences by means of a system of credits already in operation, in the opinion of Attorney General Wiley E. Jones.

For the past few weeks the ranchers in the Las Vegas section of the state have been making a drive on the predatory animals and the county officials believe that in a short time all the cats, coyotes and other cattle and sheep killers in San Miguel county will be under control.

Verde Combination at Jerome, Ariz., is apparently right on the verge of making a mine. The northwest drift on the 1,080-foot level is now all in ledge matter with three or four feet of ore right in the center. This ore is a quartz-schist with chalcocite and white iron shot through the mass. Experts estimate that the copper content is around 4 per cent.

The Arizona Copper Company recently increased its force of miners in order to hasten the development of its fine property, fourteen miles southwest of Globe. There is already upward of 50,000 tons of commercial ore proven up on the property which the company very conservatively estimates to average better than 3 per cent copper.

Rapid progress is being made in plans for the opening of unit "A" of the Yuma, Ariz., mesa this fall. Since the announcement in Washington some weeks back the unit "B" of the mesa was to be opened up this fall and winter, the land owners of unit "A" have been busily engaged so that unit "A" can be opened up as soon as unit "B" or a few weeks later.

Following the lead of other Arizona cities and important cities of the country, Nogales, Ariz., has established an investigating bureau for the purpose of prosecuting unscrupulous profiteers according to word just received from that place. G. P. Hallis was appointed food administrator and is acting upon complaints recently filed with the Nogales Chamber of Commerce.

The State Highway Department sent fifteen additional convicts to the road camp near Rinconada in Taos county, N. M. This will increase the number of convicts to fifty now being employed on section 4 of state highway No. 8 from Santa Fe to Taos. This construction is north from Rinconada towards the bridge across the Rio Grande on the Taos Junction-Taos road.

Statistics compiled by the collector of customs for the fiscal year of 1918 show that Arizona led all border districts in exports and imports with Nogales transacting more than half of the business credited to the Arizona district.

Charles Johnson of Silver City, county surveyor, and former highway superintendent, has just harvested what is thought to be the record corn crop in the state of New Mexico. Mr. Johnson a few days ago measured up part of the crop and found that it went eighty-seven bushels to the acre and believes that the entire crop when all harvested will average at least sixty-five bushels to the acre.

That New Mexico is to have an internal revenue office of its own for the district of New Mexico and not for "New Mexico and Arizona" as at present, was announced some time ago.

Grant county, N. M., shows the tremendous increase in its taxable property on the assessment rolls of \$1,852,367 over last year. Its total is \$31,620,377 and the amount subject to tax, which is the total less exemptions, is \$31,368,437.

Work on the Gillespie dam, forty-five miles down the Gila river from Phoenix, by the Gila Bend Canal Company, is progressing rapidly, according to an official of the company. He states that 300 men are being employed in the construction of the dam and that fourteen miles of ditches have already been excavated. When finished the project will irrigate 80,000 acres of land, all of which is near Phoenix and will greatly increase the value of all land in the Gila Bend district. The contractors promise the completion of all work by Feb. 1, 1920.

Cut Shows Model No. 83-B Note the Heat Arrows

1/3 to 1/2 Saving

Here's Your Opportunity to Help Save the Limited Coal Supply

Bake With Heat Now Lost Up the Chimney

This remarkable range takes advantage of Nature's law for heat to rise and thus the High Oven saves and bakes with the "waste or chimney heat" of the common type range. Note that the two oven flues start at the place where the smoke flue is connected to the chimney on other ranges. Why let half your fuel money fly up the chimney? You can easily save 1-3 to 1-2 in fuel bills and do away with one of your heating stoves with the efficient

BEACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Portales experiences. Portales people recommend Doan's Kidney Pills. Here's a Portales resident's statement:

Mrs. C. M. Dobbs, Box 8, says: "I was troubled a great deal with my kidneys about four years ago. I had headaches and dizzy, nervous spells bothered me frequently. Every time I tried to bend over, sharp pains caught me in my back and I could hardly straighten up. I felt miserable when I bought Doan's Kidney Pills at the Portales Drug Store and used them. This medicine removed the complaint quickly and I soon felt like a different person. I have used Doan's Kidney Pills since as a kidney regulator and they have kept my kidneys in good condition."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Miss Rinda Cunningham left yesterday for Greenfield, this state, to visit with her sister.

Miss Leta Smith returned Tuesday from a visit with friends at Lubbock, Texas.

Mr. and Mrs. Ed J. Neer returned today from Kansas City where they purchased a car load of furniture and toys for Christmas.

Charlie Thomas arrived home Tuesday of this week from Kansas City.

Mr. and Mrs. Francis Kohl, of Friona, Texas, arrived the first of the week to visit a few days with their daughter-in-law, Mrs. E. L. Kohl, of this place.

It has been cloudy and raining some again this week, but has at present cleared up and the sun is shining warm and everything looks favorable for a lot more summer. Welcome to our city!

WOULDN'T TAKE A FORTUNE FOR IT

All Her Friends Come to See What Tanlac Did For Mrs. Lynch.

"I wouldn't take a fortune for the good Tanlac has done for me," said Mrs. A. F. Lynch, of 164 Central St., Gaelsburg, Ill., recently.

"I suffered from stomach trouble for about five years," she continued, "and hadn't been able to eat a regular meal for several years and during this time I suffered awfully with cramps, dizzy spells and terrible throbbing headaches. I was often troubled with gas on my stomach that bloated me up so I could hardly breathe. I also suffered with my kidneys and was so constipated that my condition alarmed me at times, for I just didn't seem to be able to get any relief from this trouble. I was never free from a dull, aching pain across the small of my back and got so weak and rundown that I was laid up for as much as a week at a time.

"Tanalac has done me a wonderful amount of good; I eat three meals a day now and am never troubled with indigestion, bloating or headaches. My kidneys don't worry me and I am not constipated now. My condition has improved so I can do all my housework. I am perfectly well in every way and people who have heard about my recovery come to see if all they hear is true, and it don't take me long to convince them of the facts."

Tanalac is sold in Portales by Ed J. Neer.

Will instruct a class in Shorthand and Touch Typewriting. Night school. Phone 56. Miss Doris Williams. 47-2tp

Mrs. Lillian Thompson, of Oklahoma City, is here spending a month in the home of her sister Mrs. G. L. Reese.

In the Probate Court of Roosevelt County, New Mexico. In the matter of the estate of Edmond H. Dupuy, deceased.)

NOTICE
Notice is hereby given that the undersigned, administratrix in the above styled cause, has filed her final report and accounting and petition for discharge in said cause; thereupon the Court has fixed and set the 1st Monday in November, 1919, same being the 1st day of the regular November, 1919, term of the Probate Court, as the day and date for hearing and determining the said final report and accounting and petition for discharge.

THEREFORE, any and all persons interested in said cause or the accounting and settlement thereof, and have any objections thereto, are hereby notified to file or present the same on or before the said day and date for hearing and determining the said final report and accounting and petition for discharge, and all and any such objections will be heard and determined at said time.

Dated this 25th day of September, 1919. **ABBIE G. DUPUY,** Administratrix. 47-4tp

The Daughters were delightfully entertained by Mrs. Jordan last Thursday. This proved to be one of the most interesting meetings for many weeks. After the business session Mrs. Lindsey and Mrs. Williamson led the discussion on "The High Cost of Living and the Remedy." Ideas were developed of which congressmen never dreamed.

Twenty-five ladies were present, among them Mrs. Curtis of Temple, Texas, and Mrs. Thomsen of Oklahoma City.

The hostess served a delicious salad course.

HAVE MOVED!

I have moved all my new and second hand goods to the Armory building to make room for new undertaking establishment. I wish to thank the many people who have helped to make my business a success and will still continue to show my appreciation for your trade.
