## The News Joins Portales In Greetings to All the Baptist Visitors We Invite You to Visit Us While In Portales, "The City Beautiful"

### THE PORTALES BAPTIST ASSOCIATION MEETS IN PORTALES WEDNESDAY

**PORTALES BAPTIST ASSOCIATION**  
The Portales Baptist Association will meet at the Baptist church Wednesday night. The sermons will be preached by Pastor Stumph of Clovis. Thursday morning at 9 o'clock the association will enter into a permanent organization for the carrying out of a full two days program. Many of the most prominent workers of the state will be here. We are always glad for such a meeting to come to our town. The Commercial Club will arrange to show all who come over the town and our irrigated farms. Portales opens her arms in welcome to this association of a noble people. Pastor Nix authorizes the News to say that not only the churches are welcome but that any and everybody are cordially invited to attend these meetings.

### DEMOCRATIC COUNTY CONVENTION MONDAY

According to call of County Chairman a democratic county convention was held in Portales Monday afternoon. Court being in session at the court house, the convention was held in the Cozy Theater.

J. A. Fairly was chosen as chairman and B. F. Cook of Elida as secretary.

Committee on resolutions was appointed as follows: Senator R. G. Bryant, Dr. A. J. Evans and District Attorney C. M. Compton. Nominating committee to nominate delegates to the state convention were Hon. Coe Howard, A. R. Self and W. O. McCormack.

On motion of C. M. Compton, the temporary organization was made permanent.

While the committee on nominations were out the convention went into recess, and Dr. A. J. Evans of Elida made an informal talk as to the strength of the democrats and republicans in Roosevelt county. Dr. Evans stated that in the last issue of the Elida paper was an account of the organization of a Bursum club in Elida with 50 members. The doctor stated that he defied anyone to produce twenty republicans, men and women in the entire Elida precinct.

Committee on nominations reported the following names for nomination as delegates to the state convention.

Senator R. G. Bryant, J. B. Priddy, Mrs. J. B. Priddy, R. A. Palm, Attorney C. M. Compton, Hon. Coe Howard, Geo. T. Littlefield, Roy W. Connally, J. G. Greaves, W. O. McCormack, J. W. Thompson, A. R. Self, Justin Eliek Joe Beasley, Mrs. Maude Smith, Mrs. J. G. Greaves, Mrs. Charley Maxwell, Shannon Clark, Charley Maxwell, B. F. Cook, Mrs. C. V. Harris, Mrs. O. S. Strickland, and O. S. Strickland. As Roosevelt county was only allowed 13 delegates it was decided to elect the thirty-six and allow them one vote each, the unit rule to apply in case there was not a full delegation.

As State Committeeman Jas. A. Hall had moved out of the county the office of state committeeman was declared vacant and nominations called for.

Dr. A. J. Evans of Elida and W. O. McCormack of Rogers were nominated. On putting it to a vote W. O. McCormack was elected by a majority of one vote.

A. R. Self made a talk advocating that the democratic primaries be made democratic and not allow other political parties to nominate our democratic candidates. He was liberally applauded for the stand.

Dr. Evans made a talk favoring the distributing of the honorary offices of the party through the rural communities and not placing them all in the towns of the county.

The meeting adjourned.

**LOOKING AFTER PROPERTY**  
J. C. Welch, of Hale Center, Texas is in the city visiting and looking after his interests. Mr. Welch owns a ranch at Floyd and resided there for about ten years. He says he never saw crops and grass as good as at this time and predicts great things to happen for this country in the near future.

J. B. Priddy returned from the St. Louis markets last Saturday.

### BAND TO GIVE CONCERT SUNDAY

Sunday evening the band will give a concert on the court house lawn, beginning at 7 o'clock. These concerts are very popular and draw large audiences and everyone are high in praise of the music our boys produce. So be out if you do not want to miss a treat. Portales is justified in being proud of her band, as there are very few towns of her size which has as high grade band.

### OFF TO REPUB. LIGAN CONVENTION

Tuesday the following left by auto for Santa Fe to attend the state Republican convention: T. J. Molinari, Mr. and Mrs. W. H. Ball. Governor Lindsey left by train Wednesday morning.

### REV. NIX CLOSSES SUCCESSFUL REVIVAL

Rev. J. F. Nix returned Saturday from House, N. M., where he has been conducting a revival meeting. He reports a real fine meeting with a good number added to the church and many many troubles overcome. It is said that the crowds were larger than had attended religious services there for many years.

Some people drove teams fifteen miles. The seating capacity was doubled and yet it was filled. Mr. Fletcher did the leading of the singing and says he found some real singers over there.

### BREAKS ARM WHILE PLAYING

Monday night while playing with other children, Charles, the little son of Judge and Mrs. C. M. Compton, fell and fractured the bone in his right arm just below the elbow. Medical aid was rendered at once and the little fellow is getting along nicely at present.

### WOODWARD RECEIVES A GOOSE EGG AT CLOVIS YESTERDAY

Special to the News.  
Clovis, Aug. 17.—In the game here today between Clovis and Woodward, Okla., Clovis, with Murphy on the mound, shut out the visitors to the tune of 13 to 0. Murphy was right in today's game and fanned the visitors at will.

### TO NOMINATE UNITED STATES SENATOR

Tuesday afternoon the following delegates left for Albuquerque to attend the state Democratic convention for the purpose of nominating a United States Senator: Hon. Coe Howard; Senator R. G. Bryant; Roy Connally, W. O. McCormack, Shannon Clark and J. G. Greaves.

### CHAMBER OF COMMERCE HOLDS HIGH SCHOOL RALLY

On Monday night a mass meeting held at call of the Chamber of Commerce at the court house for the purpose of instilling interest in the High school bond election which is to be held here on the 27th of this month, was well attended.

The meeting was called to order by Chairman G. L. Reese, who stated the object of the meeting.

The Portales Concert Band was present and delivered some excellent selections throughout the meeting which greatly enlivened the occasion.

Judge T. E. Mears was the first speaker on the program. In his forceful way he presented facts to the audience. In the beginning of his talk he stated that "we are a forward looking people." He stated that the American government was founded with provisions for free common school education to all, and that this has been the success of America in all world way activities.

Judge Sam G. Bratton followed with very encouraging and appropriate remarks on the educational lines. "The hope of the nation is the educated youth," he said. "You may turn out the greatest finished product of the world today—the finished product of educated young men and women. If you need this added school facilities, regardless of cost, regardless of price, as a doctor is needed in your home—you should build them. New Mexico now stands 28th in the educational advantages of the states of the Union."

In behalf of the Woman's Club, Mrs. J. P. Stone made a few remarks, in which she clearly defined the attitude of the Woman's club along this line. She stated that the Woman's club was organized 18 years ago, with the object of promoting all public improvements and charities. As to what the Woman's club would do for the bond issue, she stated that the club would vote good and strong for the new High school building on August 27.

Gov. W. E. Lindsey made a good talk giving statistics on this line. He stated that the new consolidated district had an assessed valuation of \$2,520,086.00, a bond-

ed indebtedness of \$41,000 and \$20,000 accumulated funds which could be used for this purpose, which with the \$80,000 bond issue would give ample means for taking care of the school situation for Portales.

He stated that statistics show that there is more money spent each year for eating tobacco than for school purposes.

Supt. Palm followed with a few pointed remarks on the situation, and stated that if we wanted Portales and Roosevelt county to develop that we would have to make it a place worth while.

Rev. Nix followed with a good talk. He stated that when he took the pastorate of the Baptist church of Portales he took it with the understanding he reserved the right to be a citizen of the town and county. He stated that he receives many letters in regard to the town and that all ask: "What about the schools?" "No town will go ahead of its school advantages, and it appears to me that it would be a paying proposition from a financial standpoint for the business interests of the town." The Rev. Nix also expanded on the need of a building suitable for the gatherings of the people of the town, stating that at present there was no building in the town large enough for this purpose.

R. Hardy spoke in the interest of the school board on the movement, and said that the board was highly in favor of the new school building. He stated that they had the faculty employed, the old building repaired and that if the citizens of the district would come out and vote the bonds, that they would give them a building worth the money.

J. L. May related some of his experiences as a teacher in the old Indian Territory and also read a letter from an inquirer to the secretary of the chamber of commerce, showing the attitude that the outsider takes toward the school facilities of the town. He stated that out of twenty letters received in the past few days, 18 asked about the Portales schools.

In all the meeting was a success and will be the means of putting many workers out for the bond issue.

The meeting was closed by some very timely and encouraging remarks by Judge Reese.

**TRAINS TIED UP, BRIDGES WASHED OUT RESULT OF CLOUDBURSTS**

Santa Fe Hopes to Have Trains Moving This Afternoon; Two Bridges in City Damaged.

Santa Fe train service was suspended, bridges washed out and others damaged by cloudbursts which broke in Santa Fe and to the east last night.

Santa Fe train No. 9, westbound due in Lamy last night, was held at Las Vegas, and last night's No. 8 eastbound was held at Lamy when 100 feet of track was washed out two miles east of Lamy in Apache Canyon—Monday's Santa Fe New Mexican.

### NOTICE!!

Members of Portales Co-operative Broom Corn and Warehouse Association:

The drive for acreage and membership to the association is over the top and still going. Election of directors will be held Wednesday, August 24th, at 1:30 p. m. at the court-house in Portales.

Election of level headed men who will have the confidence of the growers is essential to the success of the association. Come out and use your vote to elect these men. Non-members are invited to attend the meeting and join the association.

The following cases have been disposed of to date:

W. F. Hill vs. C. T. Grimes et al, suit on note, resulted in a hung jury.

A. A. Rogers vs. V. S. Unruh and R. E. Tracy, suit on note. Judgment by default for the plaintiff.

State of New Mexico vs. George Nelson and Sam Self, burglary. Defendants plead guilty and were given a sentence of one year which was suspended on their good behavior.

State of New Mexico vs. Elmer Taylor, forgery. Defendant plead guilty and was given one year's suspended sentence.

Security State Bank vs. Geo. W. Gardner, suit on note. Instructed verdict for plaintiff.

The case of L. M. Henderson vs. Myrtle Bachman et al, suit on note, is now on trial and will go to jury today.

In the matter of the injunction to restrain the consolidation of the Rogers school district, the case will come up for trial tomorrow.

**BIG HAIL NORTH OF PORTALES WEDNESDAY**

There was quite a hail Wednesday afternoon between Portales and Clovis about where the first road camp south of Clovis is located. It rained some here but no hail.

**PLIGHT OF WESTERN FARMERS DUE TO HIGH FREIGHT RATES ON GRAIN**

WASHINGTON, Aug. 15.—Bankers, economists and farmers, testifying today before the interstate commerce commission, attributed the present plight of western agriculturists in a large measure to high freight rates on grain products and hay. The testimony was presented in a case growing out of complaint against present rates by the Kansas public utilities commission, and joined in by 19 other state commissions and by various shippers' and producers' organizations. The hearing is expected to be concluded Friday and arguments will begin immediately thereafter.

Evangelist W. P. Robinson of Wichita Falls, Texas, who has been assisting in the Pentecostal revival, left for his home Monday.

## MUCH INTEREST IN THE BROOM CORN ASS'N.

Widespread interest in the co-operative broom corn marketing association which was organized August 9th, is being manifested both in Roosevelt and Curry counties. It is generally understood that the broom corn growers of Curry county stand ready to organize a similar association when Roosevelt has made a go of it. At present two-thirds of the required acreage is signed in this county and it is expected that the goal will be reached by Wednesday evening, August 17. The meeting for the election of directors will be held Wednesday, August 24th, at 1:30 p. m. at the court house. All members of the association are expected to carefully consider this election and to select the most capable men for the position of director. The degree of success of the association depends on the choice of directors.

## BOYS, TAKE WARNING

John Riley caught some boys in his watermelon patch Sunday night, stealing melons and turned them over to Sheriff McCormack. Later they were turned loose on promise of good behavior. Out of respect to the parents no names are published. Mr. Riley's melon patch is not the first one to be entered and not the only one being watched, and the next time names will not be withheld neither will the mauraders escape punishment. Serious results sometimes follow melon stealing as the following clipping from the Clovis News bears witness.—Contributed.

**Boy Shot Stealing Melons**  
Plainview, Texas, Aug. 10.—His love for watermelons is likely to prove fatal to Noel Fayers, a 12-year-old Plainview boy. Last night he was alleged to have been shot by W. R. Hopkins, a farmer, while on a watermelon stealing expedition and last night his life hung by a thread. Six shots from a shotgun took effect in the boy, one lodging in his forehead. Physicians were hopeful that he would pull through, but they said that several operations would be necessary, and that the boy would be in the hospital for weeks.

The watermelon patch which Noel, together with several companions, entered, was about one mile west of Plainview. Hopkins said that his patch was his only source of income and that he had warned mauraders repeatedly that he would shoot if he caught any of them in his patch again.

When the boy was shot his companions took him to his parents home. Hopkins said that when he shot he thought that the melon thieves were men.

Hopkins will appear before the grand jury of the district court, which is now in session, tomorrow morning to answer a criminal complaint which will be filed against him.

## PENTECOSTAL MEETING CLOSED WEDNESDAY

The series of meetings of the Pentecostal Church, which has been going on for some time, closed Wednesday night. The meeting has been a great success and the services under the direction of Rev. A. C. Bates will produce good influence for time to come.

Rev. Bates has been called as pastor here for the coming year. He leaves today for Lamesa, Texas, to conduct a meeting at that place.

The News is only \$1.50 a year.

## MEETING AT HOUSE A GREAT SUCCESS

The following communication received by the News is regard to Rev. Nix's meeting at House, N. M., is of interest to all interested in the good work Rev. Nix is doing. The News is always glad to sanction and give publicity of such work in this great cause.

House, N. M.

It is with pleasure that I come to the readers of your good paper telling you of the greatest revival meeting ever held at House. The meeting was conducted by Bro. J. F. Nix, of Portales, one of the best known preachers in the state for his good work.

It is hard to estimate the far reaching effect of this meeting. No preacher ever came here who had a greater influence on the men of our country. We have drifted until we were in a sad condition and Brother Nix said himself that he met some of the most difficult problems here that he has ever met. It is doubtful if anyone with less tact and force that he could have gotten much of a hearing here at this time. There were sixteen conversions and eleven additions to the Baptist church which included several heads of families, and besides this there were many things set right and many who were neglecting their duty took their stand never to forsake their Lord again.

I do not think there is a more able and forceful preacher in the state. You never grow tired of hearing him. I doubt if there is one in the state who has won more people to a living hope in Christ and built up the Kingdom more than Bro. Nix. The people of House will never forget him. He won the hearts of our people as no one else has ever done. He lives on a high plain above the little contentions that affect so many and led us all to long for a cleaner and purer life. He got a hearing that no one could have gotten here, and if the meeting could have gone on for one more week I believe a great number of our strong men yet in sin would have turned. But I believe for years to come we will be reaping from this meeting.

Mr. Fletcher of Portales let the singing and did it well. His work here is appreciated by all our people.

I believe that if we had more preachers like Bro. Nix, this old world would not, and could not drift as it is.

Charles E. Kemper.

## PROHIBITION LAW IN RUSSIA IS MODIFIED

Riga, Latvia, Aug. 16.—Prohibition has been abolished in soviet Russia and the country is now on a light wine basis.

A dispatch to the Letvian Telegraph agency, confirmed by the Moscow newspapers, announces the issuance of a decree permitting the manufacture and sale of beverages containing up to 14 per cent of alcohol, which will be highly taxed.

**REDUCTION IN RATES ON LIVE STOCK IS REFUSED BY COMMISSION**

WASHINGTON, Aug. 17.—The Interstate Commerce Commission Monday refused to authorize a general reduction in rates on live stock in carload lots through the western states as proposed by the National Live Stock Shipper's League and groups of cattle raisers in a complaint against the Atchison, Topeka & Santa Fe Railroad Company.

The Commission held that the present rates are not "unjust and unreasonable" despite an increase of 25 per cent in 1918 and a second increase made in 1920 ranging from 25 to 33 1-3 per cent.

In rejecting the proposal of the stock raisers, the commission also rejected a similar one put before it by the utilities commissions of several western states that high railroad rates on cattle were responsible in a large part for the general business depression throughout the west.

The Commission, however, suggested a basis for readjustment on the rates and held open the case for further proposals of the shippers.

The commission suggested the carriers and shippers get together and agree on rate adjustments in giving instances where these can be put into effect without injuring the carriers.

Commissioner Campbell dissented from the opinion.

**GRAIN TRADERS ON TOES FOR HIGHER PRICES**

The sensational losses scored in all grain stocks during the month of July gives the trader in futures especially in wheat, a logical reason for expecting higher prices. Add to this that foreign countries are ready to pick up every stray bushel of grain we can spare and you have one more good reason for higher prices, says the Sugarman's Indicator.

Perhaps the least to suffer was corn as it received rains recently at critical moments. The area planted this year is estimated at 109,000,000 acres, and, of course, but a small deterioration would run into millions of bushels. We can expect, with reasonable weather, a production running close to three billion bushels.

The oat crop suffered severely because of the dry, hot weather. There is considerable surplus of old oats but we doubt if this surplus is sufficient to make up the losses sustained during the very hot weather of the past few weeks.

But the most alarming situation is our relatively small exportable supply of wheat, which is estimated at only 200,000,000 bushels for the end of the crop year. The extent of European demand is shown that last year we shipped something like 366,000,000 bushels. Shortage of other crops across the water will naturally demand a bigger per capita consumption of wheat.

**LONGS NOTES**

The farmers were greatly pleased by the rain that fell last Sunday afternoon.

The singing school taught by Prof. Bridges was a great success. Everyone seemed interested in the lessons taught and also in the basket ball games.

Several people of this community attended church at Mt. Zion Sunday.

There will be Sunday school and church services at Longs next Sunday morning and singing in the evening. Mr. Bridges of Elida will be here to lead the singing. Everyone is invited to come.

L. A. Pruett and family spent Sunday with Oed Pruett at Richland.

Messrs. Doc Herndon, O. D. Long, George and Charley Parks, have returned from Sunshine Valley where they have been prospecting.

John Creek and Philip Frazee will start to Roswell the 17th of this month.

**REDLAND ITEMS**

Messrs. Newsom and Bartlett from Texas, spent the week with W. F. Hill.

Mr. Brown and others are visiting Jessie Campbell.

Jim Silvers has returned from Hollis, Oklahoma. He is satisfied to eat jack rabbits a while longer.

Bill Eason sold his farm to Geo.

Albuquerque—Several wells drilling on the east side of the Pecos river have passed through a 200 foot deposit carrying 16 per cent potash.

Albuquerque—Black Hawk Oil company to drill test well in Dattil district.

Roswell—Approximately 450 cars of apples will be produced in this section.

Artesia—1200 cars of apples will be shipped from here this season.

Raton—Eureka Oil Syndicate has penetrated the first oil sand in their test well here.

Clovis—20 cars of wheat shipped from here during week.

Clayton—11,000 acres of state land sold at auction bring from \$5.00 to \$25.00 per acre.

Dexter—Contract let for \$80,000 school building here.

**COAL SHIPMENT LOOKING UP**

There was an increase of 238,042 gross tons in anthracite coal shipments in June. Total shipments amounted to 6,031,937 tons compared to 5,793,895 tons in May writes Sugarman's Indicator. The first three months of the present coal year, beginning April 1, shipments amounted to 17,793,297 gross tons as compared with 17,290,045 tons for the corresponding period in 1920. This showing is probably due to the efforts of the anthracite mining interests to distribute the production and shipments of coal over a greater period of time rather than bunching them during a few months of the year. It would also show that probably the average consumer ought to stock up.

**ELIDA PIG CLUB RECEIVES PORKERS**

Six pigs for the Elida Pig Club were received by the members last week. This club is composed of all boy members but one, the members being as follows: Claude Hines, Hearst Paxton, Thompson Letton, Lloyd Manis, Emil Herbert, Joe Taylor, Paul Everett Lee, and Justin Ford.

The six Poland China pigs received by the club were grown by Frank Galloway, of Portales.

Two pigs from the farm of John Ford went to the club at Inez this week—the sons of U. S. Frazee taking them. More animals will be distributed this week.

**PRAIRIE DOGS MUST GO IN ROOSEVELT COUNTY**

The Biological Survey, represented by V. Van Gieson and the County Agent, are planning for the cleaning up of prairie dogs in this county. An extra man is expected from Albuquerque in about two weeks. This man will commence at Arch and systematically work out the infested region between there and Inez. All persons with prairie-dogs are urged to cooperate in this work. Poison is furnished at cost as heretofore. It can be obtained at the county agent's office any Saturday, or at Inez, Garrison, Causey, Dora, Floyd, and Elida.

**A CORRECTION**

In re Tax increase account of High school building bonds,—\$80,000.00.

In my statement at the Commercial Club meeting on Monday night, I recall that I inadvertently erroneously stated the percentage rate of increase the issue of these bonds would cause. That is, I

stated that the rate of such increase would be approximately two per cent of the taxed property valuation, whereas I should have stated that the same would be approximately two-tenths of one per cent thereof. I, however, stated the correct amount of increase of tax on a quarter section of land valued at \$600.00 for taxes, as in the year 1920. That is, that the increase of net tax on such valuation would be approximately \$1.41, or more intimately—anyone desiring to ascertain the increase of his taxes on account of the issue of said bonds has only to

multiply his tax valuation by 236/1000 of one per cent. Example: If I have property valued at \$5000.00 for taxation, the increase of the tax thereon because of the issue of these bonds would be \$11.80.

Inhabitable Birds. A new story is going around the financial district about an old South-ern negro who was asked...

De ducks got 'bout all dat cotton, sah," was the mournful reply. "What do you mean, the ducks got it?"

"Well, you see," explained the old man, "I sent dat cotton up to Memphis an' dey deducks the freight, an' dey deducks the storage charge, an' dey deducks the commission, an' dey deducks the taxes—yes, sah, de ducks got 'bout all dat cotton an' dat's why I'm here."—Boston Transcript.

She Knew. A class of girls was going over the story of Solomon and the teacher asked: "Who was the great queen who traveled so many miles to see the king?"

There was no response, so the teacher went on: "You surely must know; the name begins with an S."

At this hint a small hand was raised. "I know," said its owner; "the queen of spades."—Grand Rapids News.

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. B. V. Williams, wife of a well-known farmer on Route 5, this place.

"I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me."

"I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. B. 55

CITY POLICE ARE AFTER JAY WALKERS

Clovis is not only getting to be a city but is taking on city airs. Wednesday morning City Policeman Sadler was stationed at the corner of Monroe and Main Sts. and issued an order that jay walking on that corner must cease. It is needless to say that he had his hands full. Notwithstanding the fact that a "walking line" has been drawn off on the pavement, pedestrians insist on cutting across corners or jay-walking. Clovis streets are getting to be busy thoroughfares and while cutting corners may save a little time it also increases the likelihood of accidents.—Clovis News.

BIRTHS

A new granddaughter arrived at the home of Judge and Mrs. G. L. Reese, Wednesday morning. The parents are Mr. and Mrs. Bryan Greathouse. Mrs. Greathouse was formerly Miss Maude Amy Reese.

John Assiter and son, Henry, and daughter, Mrs. John Moore of Cone, Texas, attended court here this week, and then went down to take a look at their ranch in the Valley View neighborhood.

The citizens living on Nevada Street are having the street graded which will be a great improvement and speaks for the progressiveness of the citizens residing on that street.

Mr. and Mrs. Paul Brown of Clovis were down Sunday to spend the day with Mrs. Brown's parents, Mr. and Mrs. George F. Williams.

## Costuming the Bridesmaids

SINCE the costumes of her maids must make a picturesque background for the eminence of her own bridal white, it is the privilege of the bride to choose what they shall be. And here she may give her fancy a free rein; but the chances are that the enticing modes of today, drawn from so many periods, will keep it from wandering far. If she chooses current styles this year's bride will live to prove the axiom that a thing of beauty is a joy forever.

Taking into consideration the personality of her maids and all other circumstances, the bride may elect to have them dressed in sprightly organdy or taffeta, in quaint styles, or her choice may fall upon sheer voile, lace or georgette. In all of these there are colors that are adorable.

Two different types in gowns suited to bridesmaids are pictured above. The quaint full-skirted style at the right requires the crispness of organdy or taffeta to insure the bouffant skirt. It is trimmed with taffeta frills having picot edges and sewed into large

disks that are graduated in size. The tight-fitting bodice has a round neck and short sleeves. A puff of net set in at the neck is a becoming item, not to be overlooked and the flower-trimmed hat, in a shape that suggests the poke bonnet, corresponds with the dress in style.

Crepe-de-chine, georgette or other supple weaves must be chosen for a gown like that at the left. It has a panel at the front adorned with frills of lace and hangs straight at the back with cascaded drapery at the sides hanging in points and longer than the skirt. The bodice has a square neck and elbow sleeves. Plain and figured chiffon or georgette might be used together in this dress, or wide lace might make the cascaded drapery and any of the sheer tissues the body of the frocks.

### NATION'S GAS TANK 808,552,000 GALLONS

Our gasoline stocks are still on the increase. We had about 808,552,000 gallons on hand on June 1st at the refineries, which is approximately 61,321,000 gallons over May 1st figures, also a record holding. It is evident that Standard Oil Company of New Jersey is now operating at 75 per cent capacity, and thus reducing its output of refined oil products to meet the competition of increased gasoline supply.

## FLOYD ENTERTAINS ROYALLY

Several Thousand People Enjoy the Hospitality of this Community.

### FLOYD ENTERTAINS

Friday the 12th, began with a drizzling rain over the greater part of the county, and it looked as if those picnic inclined would have to remain at home. But there were several thousand people in the county brave enough to risk the dampness and hike to Floyd.

The clouds were lifted and a great day was filled with enjoyment and thrills.

The picnic committee had spared no pains to make the visitors feel welcome. As the cars arrived they were parked on each side of the highway, thus safeguarding the lives of the children as well as the adults.

The program was opened by music by the Portales Band, after which Rev. O. W. Carter made a short and interesting speech.

Next was dinner. This baffles the description of the writer. Long tables had been provided for the spread, and when dinner was announced boxes and baskets were unloaded till the tables were swamped, and the picnickers had to make spreads elsewhere. The committee had provided a number of fat beaves which were roasted and boiled to perfection, and this, when added to the baskets, supplied food for a regiment or so more than were there. From the amount of fried chicken spread out, it is doubtful if there will be any more shipments of chickens from Roosevelt county this season. But you can never tell. The dinner was a great success.

In the afternoon Gov. W. E. Lindsey made a short and entertaining talk in which he introduced Judge Richard H. Hanna, former Chief Justice of the state of New Mexico.

Judge Hanna made a talk on the constitutional amendments, which will be voted on in September. Judge Hanna stated that he had lived in the state for 24 years, and that the development of Roosevelt county was much greater than that in the western and northern part of the state. He was amazed at the strides made in agricultural development, and predicted a greater future for this section of the state.

In regard to the amendment for the \$2,000,000.00 bond issue for road building, the Judge stated that New Mexico now had a bonded indebtedness of \$16,000,000.00, and that so far road building in this state was on an experimental basis, and that no road built yet had lasted to exceed seven years, and very few over five years, and that as the state would have accumulated \$8,000,000.00 for road building within the next few years with out the bonds, that it would be well to vote against this bond issue, at least till some method was found to build permanent roads.

He made reference to several of the amendments and advised all to make themselves familiar with their provisions before the coming election.

### Bronc Riding.

After the speaking the bronc riding took place. The first rider was Frances Lauderback, of Elida. The herders failed to keep this horse in the field, and it crossed the fence with the rider.

Second rider was Ross Dennington of Floyd. This horse did some real pitching and gave the rider a run for his money. Mr. Dennington took second prize.

Third rider was T. Thompson, of Arch. Mr. Thompson's mount was a 13 year old "colt" and was there with the pitching. It sunfished and gave every turn of the game, which he had learned in the thirteen years of its youth. Mr. Thompson took first prize for riding.

Fourth rider was Bob Crosby, of Kenna. In this case the audience was cheated of some real sport as the choke strap broke in the first few jumps and Mr. Crosby threw his leg over the saddle and dismounted. This rider captured most of the prizes at the Fort Sumner Round-up and is a real rider. His mount took the third prize.

### Steer Roping.

In the steer roping there were 14 contestants.

Time was kept by Arthur Jones. No. 1. Ray Hamlett made the catch in 14 seconds.

No. 2. Mr. Barnett made no catch.

No. 3. Roy Robertson, made the catch in 9 seconds.

No. 4. Hollis Tyson made the catch in 7 1/2 seconds.

No. 5. Dallas McDaniel, no catch.

No. 6. Bill Hawkins, no catch.

No. 7. Milton Kornegay, no catch.

No. 8. Everet Hall, no catch.

No. 9. Ira Walker made the catch in 6 1/2 seconds.

No. 10. Lon Beatty made the catch in 6 1/2 seconds.

No. 11. Bob Crosby, no catch.

No. 12. Wat Williams made the catch in 9 1/2 seconds.

No. 13. H. Crosby, no catch.

No. 14. Fred Robertson, no catch.

In the case of No. 11, he threw

### "DEAD" MAN COMES BACK FOR HIS OWN

JOLIET, Ill., Aug. 16.—A. W. Swanson, supposed to have been dead for years, walked into a law office here today and asked how he could regain his estate which was settled in county court two years ago by his wife, who is now married again. The former Mrs. Swanson married Harry Beeman, a California business man in 1918, after she had neither seen nor heard from her first husband for 18 years.

According to Mrs. Swanson's story, she and Swanson lived happily for two years when her husband suddenly disappeared, supposedly to find work in Virginia.

### FISHING PARTY SPEND FEW DAYS AT HEREFORD

Last Saturday morning Mr. and Mrs. Otto Skorkoysky, Mr. and Mrs. S. S. Six and daughter, Miss Sadie, and Mr. Dewey Morrison, and Mr. Frank King and Miss Roberta Davis all motored to Hereford to fish at Sulphur Park. They all report a fine time but were delayed until Monday returning on account of the rain. Plenty of fish and chiggers.

### A RECEIPT FOR HOME BREW

A Missouri farmer sends us this receipt for making home brew:

Chase a wild bull frog three miles and gather up the hops, to them add ten gallons of tan bark, half pint of schellac, bar home made soap, boil thirty-six hours, then strain through an I. W. W. sock to keep it from working, then bottle and add one grass-hopper to each pint to give it the kick.—Author sill at large.

Mrs. Glenn Spears and children Helen and Albert Lee, of 219 Harrison Ave., Oklahoma City, returned to their home last Saturday after a six weeks' visit with her parents, Mr. and Mrs. A. G. Kenyon, and brother, W. D. Kenyon and family. Mr. Spears came with them July 1st, returning July 15th. While here they enjoyed the friends and sights of some of New Mexico. They all motored over to Fort Sumner, then to St. Arosa and back by way of Tucumcari, stopping at every town, bridge and stream.

Camped on Mt. Eatum, fished and bathed in all the places that could be gotten to. Last but not least, they expressed their good wishes for the future of the Portales Valley and said that this was good enough for anybody to spend their summer outing and vacation in.

**THAT'S OUR IDEA** in making **CAMELS—the Quality Cigarette.**

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.
