## WALKOUT CAN BE PREVENTED ONLY BY "SETTLEMENT"

### PORTALES VALLEY SWEET POTATO ASSOCIATION MAKE EFFORTS TO SAVE CROP

In spite of the handicap for storage facilities, the Portales Valley Sweet Potato Association is making every effort to care for the present crop. They have filled all the storage warehouses, have leased and fitted up three buildings in the Howard block, as curing plants and have also filled the Faggard building with potatoes. Practically the entire crop is now in shelter, and a good quality of potatoes are assured the consumer.

### LARGE AUDIENCE GREET NEW METHODIST PASTOR

Last Sunday large audiences heard Rev. Richards, the pastor of the Methodist church, both morning and night.

The Portales church is fortunate indeed in securing the services of Rev. Richards. He is a man of genial disposition, and in the pulpit he is an orator of no mean ability.

The subject of the Sunday morning services was "She Did What She Could." And in taking his text Rev. Richards did not follow the time honored custom of many ministers of reading it and then talking about something else. He had a message and told it in a plain way which went to the hearts of his hearers. Sunday night he talked to a full house, and convinced his hearers that there was a consecrated man working for the uplifting of humanity.

### CLARK AND JONES RAISE THE RECORD

The champion sweet potato yield for the Portales Valley so far as reported has been raised from 1300 to 1500 bushels on four acres. This yield is off the patch reported last week but on a second picking between two and three hundred bushels more have been gathered. This brings the yield close to 400 bushels to the acre. These were raised by G. P. Clark and Claud Jones on the Kenyon place one mile east of town.

### PROFIT TAX IS TO BE COLLECTED IN THIS YEAR ALONE

WASHINGTON, Oct. 25.—Repeal of the excess profits tax as of next January 1st was made certain today with adoption by Senate without a record vote of a provision in the tax revision bill providing only for its collection this calendar year. The provision adopted is a substitute for the excess profits section of the existing law.

Before accepting the original provision in the bill, the Senate voted down 42 to 31, an amendment by Senator Reed, proposing that for 1921 and thereafter the excess profits tax be twenty per cent of the net income of corporations between fifteen per cent and fifty per cent on the invested capital and forty per cent on the net income in excess of fifty per cent. Six Republicans joined with the solid Democrat minority in supporting the amendment.

The Senate also voted down 42 to 33 another amendment by Senator Reed proposing that excess profits tax be 20 per cent of the invested capital. Eight Republicans supported this amendment, and one Democrat opposed.

W. C. Schumpert, wife and daughter, of Frederick, Okla., arrived Wednesday to spend several weeks visiting the family of B. M. Schumpert.

### WORD SELLS 3,500 CALVES TO SKINNER

Kansas City Feeder Buys Entire Calf Crop of Three Panhandle Ranches

C. T. Word of Amarillo sold to Pat Skinner of Medicine Lodge, Kansas, Monday, 3,500 steer and heifer calves, for immediate delivery, the consideration being \$20 a head around. The number of calves represents the entire calf crop of Mr. Word's Clarendon ranch, Bushland ranch and Palo Duro ranch at Canyon, and is said to be the finest bunch of calves in the Panhandle.

Mr. Skinner will ship the calves to Medicine Lodge immediately to be fed out during the winter.

Local cattlemen declare that nearly all the calves in the Panhandle have been sold and present indications are that the calves will be sold to feeders, who will ship them out. This will mean a short yearling crop next year in the Panhandle.

The sale was made direct from Mr. Word to Mr. Skinner.—Amarillo Tribune.

### CLOVIS VS. PORTALES FRIDAY AFTERNOON

Friday the Clovis High School football team will play the Portales team in Portales at 3 o'clock. In this game the Portales boys promise to make a record that will forever lay the Roswell game record on the shelf. This promises to be a real football game.

### RESIDENCE PROPERTY CHANGES HANDS

Wednesday Coe Howard sold his residence property to R. G. Bryant. In the deal Mr. Howard bought the R. G. Bryant residence property.

### JOHN R. RALLS IS DEAD AT HIS HOME IN ROLLS

RALLS, Texas, Oct. 19.—John R. Ralls, founder of this town and affectionately known among many of his friends as "The Grand Old Man of West Texas," died here today. He was 60 years old. He had no children.

Mr. Ralls came to this section about 20 years ago from Duncan, Okla. He started the town by building houses and inviting people to come and live in them. Up to the time of his death Mr. Ralls would give newcomers lots on which to build their houses and lend them money to erect their houses.

He amassed a fortune in Cross by county, where he owns large ranch properties and other property. He also owns ranch property in New Mexico.

He is mourned by people throughout the South Plains section.

Mr. Ralls in an old friend of R. Harty of Portales, and visited him here within the past year.

### PORTALES HIGH SCHOOL BONDS BRING GOOD PRICE

Last week the Portales School Board sold the High school bonds to Denver parties for a good price. As soon as the preliminary work is cleared up, plans and location of High school building will occupy the attention of the board.

Actual work on the new school building will probably not start before early spring, but it is planned to have it in readiness for the next term of school.

CHICAGO, Oct. 26.—The government will make its final attempt to prevent the threatened general railroad strike tomorrow at 9 o'clock, when presidents, general chairmen and executive committees of the five train service unions meet here at a conference reported to have been arranged at the instigation of the United States Railroad Labor Board.

The board's investigation of the causes of the strike threatened abrupt at 8:30 o'clock when the five union leaders asked permission to make an announcement to their men and then called to-morrow's meeting.

Union leaders tonight said that the meeting tomorrow had been called at the suggestion of Ben W. Hooper, vice-chairman of the board and that they expected him to personally present a final proposition from the board. Mr. Hooper refused to confirm or deny that Judge E. M. Barton, chairman of the Board, said that its decision on today's hearing may be rendered tomorrow and certainly would be forthcoming by the next day.

JACKSONVILLE, Fla., Oct. 25.—At midnight tonight, the tropical hurricane which entered the state at Tampa this morning and spread northeastward across the state, causing a loss of property and crops estimated at approximately \$1,000,000 was apparently attaining its maximum velocity in the vicinity of Jacksonville. The business section of Tampa is practically flooded under three feet of water as a result of the Gulf storm, according to advices reaching here tonight over crippled transmission lines. No loss of life has been reported, but industry is at a standstill. The entire west coast of Florida is feeling the effects of the storm and is virtually isolated as far as communication is concerned.

### PORTALES TO PARTICIPATE IN DISTRICT JUDGING CONTEST

Corn and Stock Judging Teams To Go to Roswell Next Month.

R. A. Young, instructor of Vocational Agriculture in the local high school has returned from a business trip to the Pecos Valley where he has been in conference with Vocational Instructors in regard to the district judging contests.

It was decided to hold the district contest at Hagerman and Roswell. Hagerman has agreed to entertain the visiting teams free of charge, and Roswell will furnish the livestock for the contest. The dates of November 18 and 19 were agreed upon for the battle.

## Captain Fairly of A. M. Wins Football Record

Rio Grande Valley rooters had a field day at Mesilla Park yesterday afternoon as they watched the smartly coached N. M. A. & M. eleven, led by Captain Fairly, outplay the New Mexico Military Institute eleven, 32 to 0.

The largest crowd that has witnessed a valley game in years saw the triumph.

Bergman's invincible brand of football, as taught the Aggies, even put "pep" in people who had never taken any interest in the game before. Aggies' tricks and strategic maneuvers especially appealed to the spectators. Capt. Fairly's charges were so much quicker in their movements and spryer in passing and handling the ball that it was a delight to watch them at play.—El Paso Herald, Oct. 23.

### GORDON NEW POLICE CHIEF OF ROSWELL

ROSWELL, N. M., Oct. 19.—Carl Gordon, former prohibition enforcement agent in this district, has been appointed chief of police of this city, and has started to work. This ends a long police controversy in this city, in which R. W. Corman, chief of police, was the center. Mayor Rose only asked for the resignation of Corman after several petitions signed by more than 500 residents of the city and demanding that Corman be relieved of his position were presented to him.

### TO DESTROY RIGHTS OF LABOR IS PLOT SAYS UNION CHIEF

CLEVELAND, O., Oct. 25.—In a statement today, W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, declared that "if press reports are to be taken at their face value, the whole power of the administration is going to be used to defeat the strike of the employees." Mr. Carter was director of the division of labor of the United States Railroad administration during entire federal control of railroads.

"There seems to be no disposition on the part of any one to bring about an equitable adjustment and here is where the matter stands," President Carter said, adding, "what is to be done between now and October 30, no one knows."

The statement in part follows: "A source of irritation which has resulted in an upheaval among railroad employees is the general attitude of the railroad and of 'everybody else,' including that of the administration, that upon labor must rest the entire burden of going back to normalcy."

"The public press has lent itself to the determination on the part of the capitalists of this country to 'defeat labor' and at no time have railroad employees ever seen anything in the public press indicating that either at Washington, or elsewhere, where 'big business' seems to dominate, there has been anything said on behalf of labor in this campaign of deflation."

"The open-shop propaganda of last year made it evident to railroad employees that there was a conspiracy on the part of the 'big business' to destroy labor unions if it were possible to achieve that purpose."

"Immediately upon return of the railroads to private control railroad presidents and others, hired for the purpose, began a nation-wide propaganda to convince the public that the high rates were caused by high wages. Statements were made before the labor board at its hearing, and before the Senate committee on interstate commerce at its hearings under Senate Resolution No. 23, were deliberate falsifications of the facts, and for the purpose of creating a public opinion that the railroads had been badly treated by the government and that the railroad employees had been given more than their just dues."

Cash prizes of ten and five dollars for the two highest individuals in stock judging are announced and similar prizes will probably be awarded in the corn judging contest.

### PORTALES PASTORS USE ADVERTISING TO FILL PEWS

To combat the tendency of the age to shirk the church services, the churches all over the United States are adopting newspaper advertising to fill the vacant pews.

Portales ministers are not behind the times in their methods. For several weeks, Rev. Reasoner pastor of the Christian church has been using paid advertising to attract attention to the services at his church. Now Rev. Richards, pastor of the Methodist church has contracted for a display space in this paper for a period of three months, which he will use to attract the attention of the public to the night services at the Methodist church.

Newspaper space properly used, is the greatest agent in the commercial world, and will doubtless prove of great value in the religious world. The Portales Valley News urges the readers to read these advertisements, as they are for the upbuilding of the churches which are the backbone of the community.

### LADIES OF WOMEN'S HOME MISSION ATTEND DISTRICT MEET AT CLOVIS

Thursday about fifteen of the ladies of the Women's Home Mission Society of the Methodist church attended the district meeting of the Society at Clovis.

PORTALES VALLEY WILL PRODUCE IRISH POTATOES

In the past few weeks a number have inquired if the Portales Valley would grow Irish Potatoes. This morning John M. Bennett answered this question to our entire satisfaction, by bringing to this office some of the finest Irish potatoes we have ever seen. They are not the largest, but are perfect in shape and color, and are the right size for the best market potato. They were grown on Mr. Bennett's farm near Portales.

PORTALES SPORTSMEN OBSERVE HAWK DAY

In response to the article in last issue of the Portales Valley News, Portales sportsmen are doing their bit to rid the farmers of the hawk pests. When out on their trips of duck shooting, they miss no opportunity to kill the hawks which are doing so much damage to the poultry raisers, and destroying the quail of the county.

One suggested to the Portales Valley News that every citizen of the town get together and set aside a "hawk day" and go out and see how many hawks they can kill. This would be a good day's work, and do much to protect the quail of the county for future hunting.

News comes in from every section of the county that the hawks are destroying the larger droves of quail, and where there were hundreds six weeks ago, they are numbered by very few dozens now.

### REBEL YELL IS HEARD AS VETS BEGIN REUNION

CHATTANOOGA, Tenn., Oct. 25.—Addresses by Governor A. H. A. Taylor and former United States Senator James B. Frazier of Tennessee, featured the opening session of the thirty-first annual reunion of the United Confederate Veterans here today.

Governor Taylor in welcoming the delegates declared that he yielded to no one in his love for Dixie or for the American republic and voiced his pleasure over the unity existing in all sections. He said that the Spanish-American war laid the foundation for national unity and that the reconciliation was made complete when President McKinley ordered headstones placed at the graves of Confederate dead at the expense of the government.

Governor Taylor, referring to the South's part in the World War, paid tribute to the men of the Thirtieth Division which was recruited partly in Tennessee and which was given credit for breaking the Hindenburg line.

Before launching his address, Governor Taylor called Johnny Bass, a grizzled veteran and inmate of the Nashville Soldiers' Home to the platform. He then asked that a trio of fiddling Texans come forward when the governor himself took up his fiddle and led the orchestra, with Johnny Bass at the piano. The crowd went wild when the fiddlers started the musical program with "Dixie," and the Rebel yell resounded throughout the tabernacle.

Monday of this week Judge C. L. Carter got his foot entangled in a wire as he approached the sidewalk and fell, sustaining several scratches and bruises about the head.

### INDEPENDENT GROWERS RENT POTATO WAREHOUSE

The independent sweet potato growers of the Portales Valley have a big potato crop this year and are having trouble in finding sufficient storage facilities to handle their crop. They have rented one of the sheet iron buildings from Mrs. Holmes and are filling it with potatoes. This building will be used by them as a curing plant. They also have several warehouses sown by private parties filled with potatoes.

Quite a number from here attended the pie supper at Rogers Friday night.

Mrs. Felix Prator has been very ill the past few days.

Rev. Blair filled his appointment at Mt. Zion Sunday.

A baby son was born to Mr. and Mrs. Harve Creek Sunday. Harve is wearing a broad smile, and says it seems like old times to be called "daddy" again.

Willis Capps purchased a car from Vain Victor last week.

Mr. and Mrs. Nelson Victor were guests in the Venable home Sunday.

Miss Loyce Graham visited her sister, Miss Madge Graham, of Portales during the week end.

J. T. Watkins brought his car out Sunday, having had it in the hospital several weeks.

Albert Guss, engineer of the Capps Edwards, thrasher, spent the week end with his family at Lakeside.

**ROGERS ITEMS**

Our school is progressing nicely with an enrollment of 147 pupils. There are several more to begin within the next few days.

Supt. B. A. Palm was a visitor in the Rogers school Wednesday of last week.

**LONGS NOTES**

Longs people are generally well. Mrs. Ruth Frazee went to the table for dinner today for the first time in forty-eight days, but is now gaining strength very rapidly. Hope she may very soon be able to attend Sunday school and church.

Our school is progressing nicely under the able and efficient management of Miss Laura Fullerton.

The people of Longs seem determined to have school at Longs as but very few have taken to the truck and gone to Rogers as yet. Judge Bratton, in his decision paid a highly complimentary tribute to the people who have contended for a voice in school management and says that our unwise school law should be amended to give them that right. Perhaps it is well that a nefarious law should be enforced at once as then the people will rise in their might and have just and righteous laws enacted. We hope the Supreme Court may look at this matter as Judge Bratton views it and give to liberty loving citizens the rights for which they contend under democratic federal and state constitutions. A free people cannot long remain free under autocratic centralization of a power that tends to standardize our citizenship. I can scarcely desist and add more, Mr. Editor, but it is about mail time and I must close.

Everyone come to Sunday school Sunday morning and church at night.

Herbert Boggs spent last Sunday with his sister at Inez.

Sunday school starts at 10:00 o'clock sharp. Everyone invited.

Buel Harding is in a hurry about threshing so he can haul some more.

**NEW SCHOOL BUILDING AT PLEASANT VALLEY**

To anyone interested in the public schools, it is an inspiration to pass Pleasant Valley and see those school boys getting more manual training in the work on the new building than they could get in months under a teacher. There is no doubt that these boys will keenly enjoy their school work in a building that they have helped to make.

A. J. DeBord is the carpenter in charge and is doing the finishing work, while a number of the patrons and the boys are doing the rough work. The boys will make mighty few "botches" while working under the keen eye of J. L. Ward, who seems to be making a full-time band and seeing every part of the building at the same time. This school building is going

to be like a Ford—the greatest possible value for the least possible money. Every part of the old building, except the shingles, is being worked into the new structure. The building is 40x46, all under a modern roof and when it gets the new coat of paint, it will pass for all new stuff. It will meet the needs of the community for years to come and will insure the permanence of the place as the school and community center and prove great attraction for home-builders.

Pleasant Valley certainly has a practical and progressive local board, consisting of J. L. Ward, Frank Miller and "Bob" Baker. When other school bonds are failing to find a market, these men set to work and made an attractive, modern school building of old discarded houses, and the school will have a real home. Any community having building problems would do well to consult these men for a solution.

**BROOM CORN REPORT**

In the Elk City, Okla., district which includes that territory tributary to Leedy, south to Elk City, west to Texola, also Cheyenne and Strong, the activity is centered at Elk City, Erick, Leedy and Strong, although at nearly all other points shipments have been made.

A survey of the district indicates that buying since October 1 has been general, farmers have been free sellers, the demand for all grades has been good, and marketing has proceeded rapidly. The entire district has been picked over and the brush now available is widely scattered making it somewhat difficult to purchase large blocks of broom corn in any one place. There also has been a tendency with farmers this year to plant smaller acreage and to care better for what was raised.

The street market at Elk is limited to just a few loads per day. Practically all the broom corn is being purchased as a result of country driving not only at Elk but throughout the district.

The quality appears much more desirable than that of last year both as to color and fiber. The crop is comparatively free from "red tip" and center stems but considerable is slightly "red in the boot." On the whole the crop appears to be of profitable length the bulk probably running to hurl for medium length brooms. Good short corn is not plentiful at this time. There is some over length the fiber of which is coarse and rough. There is compara-

tively little stained corn coming to market except at one or two points.

Shipments last year from this district totaled 467 car loads. Total shipments up to October 19 last year were but 46 cars. Recent reports of a material reduction in tonnage under last year appear to be verified in the survey made last week. On Oct. 15, the shipments to date were 184 car loads. Temporary storage amounted to 62 cars with estimated tonnage yet in farmers' hands about 75 cars. Deductions from the above figures indicate that shipments from this district this year will be around 325 cars or approximately 70 per cent of last year. This is slightly higher than earlier estimates for this district due in part to the fact that the yield has been fairly good in most instances and most of the crop was harvested. With 184 cars already shipped and 62 cars in storage awaiting shipment or being held for an advance it is estimated that about two-thirds of the crop has changed hands.

Spirited buying continues at all points. Prices show an advance on all grades. Dealers who have been here since the opening credit the market with an advance of from \$15.00 to \$25.00 per ton in the past four weeks. The bulk of the corn throughout the district is bringing from \$75.00 to \$85.00 per ton. Crops running about 50 per cent warehouse are moving around \$65.00 with damaged and stained around \$60.00. Very little brush is selling under \$65.00 per ton. Standard and shed

This would be an ideal place for summer cottage or sanitarium.

A splendid location for a dairy farm and chicken ranch.

Will give terms on one-half of purchase price, will trade for Portales property for balance—residence or business. Will also sell 60 head of high grade Hereford cattle, and 50 spring calves.

If you want a good home on a good graded road, on truck line of first class consolidated school, see me at once. Might consider some good first mortgage notes.

STATE BUREAU OF HEALTH INSTRUCTIONS

"Far too many babies are dying in this state as a result of faulty care and feeding which comes largely from lack of information on the part of the parents," said Dr. C. E. Waller, State Director of Health.

The doctor explained that two sets of instructions, in English and Spanish had been prepared, one on the care of infants under one year of age and the other for older children.

**BAPTISTS HOLD BARBECUE**

On Wednesday evening of this week the First Baptist church held its annual celebration in the form of a big barbecue. The new ministers of the town were present with their families and it was a joy to meet them. The teachers of the Public schools were also present, together with many other friends of the church, thus making it a real "get-together" meeting that will be long remembered by those present.

# WEDDING BELLS 1871-1921

For Sunday, October 23, 1921, the children and many friends of Mr. and Mrs. J. F. Keller planned and executed for them a pleasant surprise in celebration of their Golden Wedding.

So at the time agreed, these, the children and friends of Mr. and Mrs. Keller came cheerily, bringing greetings of friendship and words of cheer, as well as many boxes, and other receptacles well filled with those things that satisfy, and sustain the physical being.

Soon the long tables were filled almost to overflowing with the choicest and daintiest, as well as the most substantial productions of culinary art.

After a thanks offering by Rev. J. D. Wagner, all were feasted to the evident enjoyment and satisfaction of each and everyone.

Much of the afternoon was spent in reminescent conversation by the older ones; by discussion of the present by the middle-aged; and in the enjoyment of now, and anticipation of the future by the younger set.

Later, a beautiful song service was rendered, being enjoyed by all present. Then as the sun was nearing the horizon, those present departed for their several homes, amidst the sincerest felicitations and wishes that there yet remain for Mr. and Mrs. Keller many happy years.

The number present was variously estimated, some maintaining that about two hundred were present.

To Mr. and Mrs. Keller were born eight children, four of whom have preceded their parents to the great beyond. Those living are: John C. Keller, of Plains, Texas; J. A. Keller, T. J. Keller and Mrs. J. W. King, of Emzy, N. M.; all of whom were present except John.

Mr. Keller was born seventy-five years ago in Alabama, and in his young manhood fought for two years to keep afloat the "Stars and Bars."

Mrs. Keller, also seventy-five, was likewise born in Alabama, she and her people also espousing the Southern cause.

In 1873 they made Texas their adopted home, later lived in Oklahoma, and now, for thirteen years, have been of the gallant number who are scurpily developing Eastern New Mexico.

They own, besides their personal property, a section of the best of New Mexico's soil, near Redland. Recently they have made their home at Causey, N. M., for the purpose of educating their granddaughter, Frances Keller, whose home is with them and who is a source of constant enjoyment to her grandparents.

May the future hold in store for them many years of happiness, and at last when earth ceedes,

and eternity advances, may they each hear the plaudits, "Well done thou good and faithful servant."

## HAPPY NOW BECAUSE SHE CAN EAT AND SLEEP WELL

### Indianapolis Woman Comes to Denver to Take Electric Treatment and Finds Relief in Garren's Tonic.

Mrs. George W. Harris who resides at 1435 Welton St. is happy to tell others of the great relief she has obtained from Garren's Tonic, after spending hundreds of dollars on treatments from which she derived no benefit.

"I suffered for four years with my stomach; I never knew what it was to eat and digest a meal with any degree of comfort, as gas would form on my stomach and bloat me up so that I could hardly breathe. My appetite was poor and I hated to see mealtime come around. My intestines were also out of order, and the doctor even claimed that I had cancer. I was badly constipated and had terrific headaches, besides being dizzy. I was extremely nervous and slept poorly, lost weight and seemed to be going down hill as fast as I could go."

"I came here from Indianapolis Ind., and tried the electric treatment from which I derived no marked benefit. I happened to notice your Garren's Tonic ad. and decided I would try it. I can eat most anything I want now, and never have a sign of indigestion or stomach trouble. My appetite is good and I am no longer constipated, no more headaches, I sleep fine at night and best of all my nerves are just as steady as a clock and I feel better than I have felt for years. I can hardly believe it, but all this has been accomplished from using only four bottles of Garren's Tonic."

Garren's Tonic is sold in Portales by the Portales Drug Store and the leading druggists in every city. Advertisement

## CHRISTIAN UNITY

The American Standard version—adopted in the Sunday school literature of most all denominations as the most correct translation of the scriptures, upon the whole, that we have—renders Jas. 3:14-17: "But if ye have bitter JEALOUSY and FACTION in your heart, glory not and lie not against the truth. THIS wisdom (the wisdom that justifies jealousy and faction) is not a wisdom that cometh down from above, but is EARTHLY, sensual, DEVILISH, and FACTION. For where JEALOUSY and FACTION are, there is confusion and every vile deed. But the wisdom that is FROM ABOVE is first pure, then peaceable, gentle, EASY TO BE ENTREATED, full of mercy and good fruits, without variance, without hypocrisy." The King James, Douay, and Emphatic Diaglott render the words given as "jealousy" and "faction" above by the following English words: "Envy, strife, rivalry, (bitter) zeal, contentions." "Envy, strife, rivalry, bitter zeal, jealousy, contentions" are all contrary to the Spirit of Christ. They have generated "divisions, factions, parties" (denominations). The entire denominational system in turn generates more discord and contention. Many good people defend the present system of dividing up the one Body of Christ little thinking that the wisdom of their arguments is contrasted in the above quotation with the "Wisdom that is from ABOVE." Read it again, study it. Where do you stand in God's sight? Where do you desire to stand? The decision is your own. Why can we not meet together as children of a Father common to all of us, redeemed by the precious blood of our Savior common to all ("Whosoever will"), and manfully face our differences in the Spirit of the God and Christ "Whose we are and whom we serve," determined to follow His teaching wherever it leads? Is not this the "wisdom that is from above?"

NORRIS J. REASONER.

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. H. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

850 DISASTER DEATH TOLL FOR ONE YEAR

Red Cross Gives \$1,871,000 Relief When 65,000 Families Are Made Homeless.

Forty-three disasters, resulting in the deaths in the United States of 850 persons and the injury of 2,500 called for emergency relief measures and the expenditure of \$1,871,000 by the American Red Cross during the fiscal year ending June 30, 1921.

Public Most Serious Far the most severe of the disasters in the United States during the year covered by the Red Cross report was the Pueblo flood early in 1921.

Fast Work in Wall Street The Wall Street explosion was noted in that relief workers of the Red Cross were on the scene twenty minutes after the disaster occurred.

The famine in China, necessitating relief expenditures totaling more than \$1,000,000 by the American Red Cross was by far the most serious of the disasters in which the Red Cross gave aid.

# 100,000 AID FOR VETERANS

Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

## BULK OF WORK BY CHAPTERS

2,397 of These Are Helping Ex-Servicemen Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures \$4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920. The American Red Cross announced in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately \$10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately \$4,000,000.

It is in the 2,397 of the 3,000 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than \$2,000,000, while the remaining disbursement of approximately \$7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

An Ever Expanding Problem  
That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,507 Red Cross Chapters regard it as their most important work in evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nation-wide. At the end of the fiscal year, June 30, 1921, there were 26,800 disabled service men in the United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men, receiving medical treatment, compensation, and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

Many Forms of Assistance  
If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents.

Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given service of one kind or another to an average of 126,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 266,544 requests for friendly aid in the solution of personal problems.

448 Workers in Hospitals  
While the man prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

A handled 70,788 allotment and allowance claims.  
It delivered through its Chapter organization 6,856 allotment checks to veterans who had moved from the ad-

dition furnished in the Bureau of War Risk Insurance.  
It provided a special fund of \$10,000 for medical assistance to men under vocational training.  
It made 32,495 loans totaling \$460,000 to men taking vocational training, of which 85 per cent has been repaid.

### Builds Up Its Machinery

In connection with the administration of disaster relief measures, an increasing effectiveness on the part of the Red Cross to deal with emergencies was manifested during the past year. In 228 Chapters of the American Red Cross there have been formed special committees to survey the resources of their respective communities and to be prepared in case of disaster. In others of the 3,402 active Chapters, a network of communication has been formed through which instantaneous relief may be dispatched to any part of the United States.

That its work in this field may be continued with ever greater effectiveness, the American Red Cross is appealing for widespread renewal of membership during its Annual Roll Call, to be conducted this year from November 11 to 24.

### LIFE SAVING CORPS ENROLLMENT 10,000

Growth of Red Cross Life Saving Corps throughout the country continued unabated during the last fiscal year, a summary of the year's achievements by that Red Cross Service shows. There are now 160 Corps with a total membership of more than 10,000 members, of which 1,276 are sufficiently skilled in the work to act as examiners. Among the outstanding achievements of the Red Cross in this field during the last year was the organization at the United States Naval Academy, Annapolis, of what is perhaps the largest life saving corps in the world.

city, the 1921 sessions of the United Confederate Veterans virtually came to an end tonight. While the annual parade, which is the big central event in the reunion is on tomorrow's program there will be no further business transacted.

About mid-afternoon after having presided during the business session of about two hours, Commander Van Zandt delivered a brief valedictory to the veterans assembled before him, announced his final determination not to let his name go before the convention as a candidate for another term as commander in chief and left the hall to attend a reception given in his honor.

One of the outstanding incidents of the reunion today was the receipt of an invitation to send representatives to the memorial exercises that will take place next year at Point Pleasant, Ohio, in commemoration of the 100th anniversary of the birth of Gen. U. S. Grant.

The invitation was read by Adjutant General Booth which was from Hugh L. Nicholas, chairman of the Grant Memorial Centenary Association. The convention immediately voted authority to General Van Zandt as commander in chief to comply with the invitation.
