SEEK HABEAS CORPUS FOR HAUPTMANN

Hughes Beats Transcontinental Air Record

Through the Editor's Spectacles By GEORGE

J. L. (Punk) Thornton's announcement that he has secured an oil mill market for peanuts at Coleman, Texas...

If this valuable crop can be sold and the proceeds placed in the farmers' pockets it will stimulate a great deal of prosperity.

In Judge's Corner today appears an article concerning Robert Word, Eastland county farmer and farm leader who died the other day and was buried among evidences of esteem and respect that would do credit to a governor.

Theft of milk from early morning doorsteps is proving a general nuisance. Phil Pettit was voicing anathema and threats yesterday.

If the takers of the milk were impelled to the thefts by hunger there would be some excuse. But my opinion is that it is the work of young pranksters.

Serious illness of Rudyard Kipling is occasion for international concern. Somehow, however, the great English writer appears more to belong to the past than the present.

Today's reports that his condition is satisfactory prompts hope that he will live to see many more years of it.

Kipling's Condition Reported to Be Fair

To Farm Parley

Howard R. Tolley, (above) soil conservation expert, has been asked to take part in the farm parleys at Washington seeking a substitute for the AAA which was knocked out by the supreme court.

3 Accused Cuban Kidnapers Shot Dead by Troops

GUANAJAY, Cuba, Jan. 14. (AP)—Three accused kidnapers were shot to death today in a running gun battle with Cuban soldiers, a few hours after Paulino Gorostiza, Jr., 28 years of age, son of a prominent manufacturer, was abandoned by the abductors in the foothills near here.

The battle was fought near the spot where the victim was found after the kidnapers had been trapped.

NAVAL PARLEY TO CONTINUE

LONDON, Jan. 14. (AP)—It was learned today after a conference of the American and British delegates that the naval conference would continue, with or without the Japanese, who were reported ready to withdraw tomorrow unless new life is given the parley.

Fire in Home Sunday Morning Mars Reunion Of Family of Rev. and Mrs. J. T. McKissick

Rev. J. T. McKissick and family, who have lived in the G. P. Mitcham home on 5th and I avenue since the election of Rev. McKissick to the presidency of Randolph college the past year, celebrated a family reunion Sunday, January 12.

Besides Rev. and Mrs. McKissick and children living at home, Misses Olivia, Helen, and Ruth, and the youngest son, Charles, children from out of town included: Dr. James McKissick, prominent dentist of Odessa, and his wife, Robert McKissick, county attorney at Sweetwater, and his wife, and Dr. John C. McKissick, practicing physician and surgeon, of Franklin, Tenn., and his wife. Dr. McKissick is also a captain in the U. S. army. Two daughters and their husbands, Mrs. C. M. Arbough, of Sweetwater, and Mrs. T. M. Ragsdale, of Memphis, Tenn., were unable to be present.

SPANS NATION IN 9 HOURS, 27 MINUTES

Plane Flies at Altitude of 18,000 Feet Most of Way

NEW YORK, Jan. 14. (AP)—Howard Hughes, California movie producer, crowned his air achievements today with a record transcontinental speed flight. He made a non-stop flight from Burbank, Calif., to Newark, N. J., in nine hours, twenty-seven minutes and ten seconds—smashing, by over half an hour, the record of ten hours, two minutes and fifty-one seconds, held by Col. Roscoe Turner.

Appeals Justices to Attend Bar Reception

An invitation extended by the Fort Worth bar association to attend a reception honoring the justices of the supreme court, to be held in that city January 18, has been accepted by Justices W. P. Leslie, O. C. Funderburk and Clyde Grissom, and Dan Childress, clerk of the eleventh court of civil appeals at Eastland. The invitation came through S. A. Crowley, president of the Fort Worth association. With the exception of the young women secretaries the chambers of the appeals court will be tenantless next Saturday.

Charge Italian War Planes Bomb Ethiopia Church

(By Associated Press) Ethiopia announced today that Italian warplanes bombed the town of Sakota January 10, wrecking the Church of St. Mary and killing or injuring ten of the congregation. They said that three gas bombs blinded ten other Ethiopians.

British warships moved toward the Mediterranean in defensive preparation.

Charge Italian War Planes Bomb Ethiopia Church

Premier Laval of France has adopted the watchful waiting policy regarding the war, and was expected to urge an early election date for the chamber of deputies.

A fire Sunday morning marred the reunion, however. The family were preparing to attend church when Miss Olive ran upstairs on an errand and discovered a fire raging in the roof of one of the south bedrooms. A fire alarm was sent to the City Hall.

"Marry Mary? No"

Charles "Buddy" Rogers (above) formerly of Olathe, Kan., movie player and orchestra leader, was emphatic with his denial of persistent reports that he and Mary Pickford, whose divorce decree from Doug Fairbanks becomes final soon, will wed. He is shown as he arrived at Miami, Fla.

Big Buying Year Is Seen by Farm Implement Men

KANSAS CITY, Jan. 14. (AP)—Farm implement and hardware dealers last night predicted the biggest buying season since 1929 as they trundled wares into Kansas City's auditorium for their annual Western show.

"The farmers have money," said Erb Kreider, a committee man at the display which today unofficially opened the spring buying season for farmers of four states—they're buying things they need." Others agreed.

All available exhibition space was contracted for long before the doors opened. Exhibitors say the supreme court ruling outlawing the AAA would have no effect on attendance.

"Some of the farmers' cash came from the AAA," said Kreider, "but remember, growers are getting better prices for their products than they have for years—since about 1929."

"They feel their way clear to buy hardware, equipment and things they've long needed. A lot of farmers are replacing equipment that had to serve them throughout the depression.

"Farmers will be here from a large part of the grain area, and they'll be looking for new stuff."

One farm implement dealer here said his company's southwestern division did a better business last year than in any season in 20 years and expected a substantial increase this year. Virtually all exhibitors said there is a mounting demand for new farm machinery.

"There is a better feeling on the part of the farmers, and consequently the dealers," said Kreider. "Things are improved in the farm country and this year's show probably will be the biggest in its history."

Gasoline consumption in the first six months of 1935 increased 305,942,000 gallons over the quantity used in the same period of 1934.

HEARING ON BEER SALE IS HELD TODAY

Judge to Hand Down Ruling Tomorrow; Appeal Sure

Arguments on the petition of W. H. and C. E. Mayhew, Cisco, for a mandamus to compel County Judge Clyde L. Garrett to grant a permit to sell beer in Cisco were hard in 91st district court this morning Judge George L. Davenport took the petition under advisement and announced he would render a decision in the morning.

Regardless of the ruling of the district court, it was said, an appeal will be carried immediately to the court of civil appeals and it was expected that action would be taken within the next few days.

The commissioners court yesterday declared results of the county election held on January 3 to legalize the sale of beer. The canvass showed 1,235 votes against legalization as compared to 1,038 votes favorable to legalization.

The election was called by a petition following a ruling of the state supreme court that a wet area could not legally exist in a dry county under the local option laws to which status as regarded beer the county was returned by the beer election of 1933.

In their petition the Mayhew brothers asserted that both the constitutional amendment of 1935 and statutes of 1935 passed by the Forty-fourth legislature gives a justice precinct or municipality the right to legalize the sale of beer and the right to prohibit it. They contended that because of that no election was held in Justice Precinct No. 6 at Cisco to prevent the sale of the beverage.

Thwart Effort to Derail Fast M. P. Sunshine Special

SAN ANTONIO, Jan. 14. (AP)—An attempt to derail and wreck the fast Sunshine Special of the Missouri Pacific lines was thwarted here last night and heavy loss of life prevented when a switching crew discovered the open switch and mud-spattered red light, the warning signal, near the city limits.

The open switch was discovered only 30 minutes before the train passed the spot. The warning signal was mud-covered apparently to prevent the light showing.

Hospitality of City of Houston Praised

C. D. Phillips of the city water department, who was one of the delegates to the state ministerial assembly of the Church of God which convened at Houston last week, came home praising the hospitality of the people of the Bayou City.

"The people of Houston opened their homes to the delegates, and we were shown every courtesy. Lodging and meals were furnished free and the Katy railroad issued passes to the delegates from Cisco. Then we were taken on an excursion to Galveston where the same brand of courtesy was dispensed. I think everyone who attended the assembly enjoyed every minute they were there."

The 30-year record of W. G. McDavitt, Texas vegetable shipper, of sending out the first car of beans each season was maintained this year.

Spiritual Adviser

The Rev. John Mathiesen (above) Trenton, N. J., spiritual adviser to Bruno Richard Hauptmann, after visiting him expressed absolute belief in his innocence. Hauptmann is under sentence to be electrocuted the night of Jan. 17, in the New Jersey state prison. (Associated Press photo).

Fund Is Started to Help Family Bereaved by Fire

Deprived of home, furnishings and clothing by the flames which Sunday afternoon destroyed their home dwelling and took the life of one of their babies, Joe Nacias and his wife this week were in serious need of financial help toward taking care of themselves and their nine other children.

The Daily Press has been asked to start a fund toward helping the family. First contributor to the fund is W. J. Leach \$5.00

The Daily Press will be glad to receive and turn over to proper authorities for administration in behalf of the family contribution from others who want to help the stricken family in their need.

Francisca, the four-year-old child who was burned to death despite frantic efforts of the father to rescue her, was buried yesterday morning. Two other children with the father at the time the fire was discovered, were rescued by him. Others of the family were away with the mother at the time.

BOND BONUS BILL SPEEDED

WASHINGTON, Jan. 14. (AP)—The senate finance committee today speedily approved the "baby bond" bonus bill, substituting it for the house bill. The senate bill provides for full payment of the veterans adjusted compensation after June 15 in redeemable baby bonds.

The finance committee's approval was given to the senate bonus bill despite the testimony of Secretary Morgenthau that the government would have to raise a minimum of eleven billion dollars in the next seventeen and one-half months.

Couple to Face U. S. Charges at Abilene

Jim and Millie Jenkins, colored, were taken to Abilene today by a deputy U. S. marshal to face liquor charges in federal court.

INTENTION OF GOVERNOR IS NOT KNOWN

Might Wait Until Last Minute to Grant Reprieve

TRENTON, N. J., Jan. 14. (AP)—Council for Richard Bruno Hauptmann arranged to seek a writ of habeas corpus in the federal district court today. The denial of this writ and of a stay of execution, which must be sought separately, would mean that his only hope was a reprieve. The writ charged that the constitutional rights of the condemned man were violated during the trial.

Governor Hoffman has returned from New York, but whether he will grant the reprieve is unknown. It is believed, if he exercised his power to reprieve, he would wait until the last minute, hoping that Hauptmann will "break."

Mitcham Home Built in 1906

The Mitcham residence, occupied by Rev. J. T. McKissick of Randolph college, and family, which was partially burned Sunday, is one of the older pieces of residence property of the better class in Cisco. The Daily Press has been unable to ascertain the year it was erected, but according to the memory of Joe Wilson the house was built about 30 years ago. James Guy Webster built the house, and later sold it to his brother, Capt. Arthur Webster, who occupied the property as a home for several years, until his removal from Cisco.

Captain Webster owned the property until it was sold to G. P. Mitcham.

Located on the corner of West Fifth street and I avenue, it is of the colonial type, with large high-ceilinged rooms, it is truly a most desirable home.

The origin of the fire is still undetermined, but the property was insured through the E. P. Crawford agency for \$4,500 on house and \$750 on furniture. The damage estimated at \$500.

Norris Believes No Farm Law Valid

WASHINGTON, Jan. 14. (AP)—Senator Norris, republican of Nebraska, bluntly told the farm leaders today that he believed no law regulating agricultural production would be held constitutional in the light of the supreme court's AAA decision.

Chairman Jones, democrat of Texas, of the house agricultural committee, urged the inclusion of the domestic allotment plan and market expansion provisions in a new farm program, built on soil conservation.

Investment Company Is Granted Charter

EASTLAND, Jan. 14.—Charter to the Eastland Investment company with a capital stock of \$10,000, all paid, was granted at Austin this week, it was announced Saturday.

Incorporators were J. A. Beard, A. B. Taylor and Milburn McCarty, who will serve as the board of directors. Beard will serve as president, and Taylor as secretary and treasurer.

The Friendly Twelve Forty-two club will meet with Mrs. H. C. Henderson, 505 West Seventh street, at 8 o'clock.
The Thursday Forty-Ewo club will meet with Mrs. P. P. Shepherd, 705 West Seventh street, at 3 o'clock.
The Friendly Twelve Forty-two club will meet with Mr. and Mrs. Sam King Thursday evening at 8 p. m.
The Progressive Study club will meet with Mrs. C. H. Fee at 9 a. m.

64 Less Marriage Licenses in 1935

EASTLAND, Jan. 13.—Marriage licenses issued in Eastland county for 1935 show a decrease of 64 from the preceding year. Three hundred and one obtained licenses last year compared to 365 in 1934.
Licenses issued in May and December were more than those recorded for June, traditionally the month when issuance is highest. Total for June was 31 as compared to 34 in December and 33 for May.
Other months were November, 23; October, 21; September, 16; August, 23; July, 31; April, 26; March, 23; February, 19; January, 21.
In 1933, 256 licenses were obtained; in 1932, 205 and 218 during 1931.
MIDGET CAFE, Open all night. Roy Ballard, proprietor, D avenue at Seventh street. 41-31c

Personals

Mr. and Mrs. Otto Bray and children have returned to their home in Chickasha, Oklahoma, after a visit with Mr. and Mrs. William Reagan.
Mrs. C. N. Platt of Abilene was the guest Sunday of Mr. and Mrs. Arlington McGinnis.
Miss Betty Fee Spears and Charles Spears returned to Austin Sunday after a visit with their parents, Mr. and Mrs. Alex Spears.
Mr. and Mrs. A. G. Tuttle, Mrs. Vida Stephens and John Penn spent Sunday in Austin.
Mr. and Mrs. Frank Walker and daughter, Miss Willie Frank, spent Sunday in Eastland.

VISIT BROTHER

Mr. and Mrs. E. P. Crawford spent Sunday in Denton visiting Mr. Crawford's brother, who was injured in an automobile accident about two months ago. They also visited Mrs. D. J. Moss and Mr. and Mrs. C. E. Jacobs and daughter, Kathryn Paula. Mrs. Jacobs was the former Miss Kathryn Moss.

Today's Livestock Market

FORT WORTH, Jan. 13.—Hogs—Receipts 2600, including 620 direct. Market steady to 15c lower than Friday's best time. A top of \$9.50 was paid by packers and shippers. Bulk good to choice 185 to 280 lb. averages \$9.35 to \$9.50; packing sows 25c lower, or \$8 to \$8.25; light lights \$7.50 to \$9.30; lights \$8.40 to \$9.50; medium \$9.35 to \$9.50; heavy \$9.20 to \$9.50; packing sows \$7.75 to \$8.25.
Cattle—Receipts 5000; calves 2000. Market on good grade steers and yearlings slow, bids around 25c off; lower grades and all other classes practically steady; common and medium grade slaughter steers and yearlings \$5 to \$7.50, no early sales on better grades. Good fat cows \$4.75 upward; butcher sorts largely \$4 to \$4.50; bulk low cutters and cutters \$3 to \$3.75; heavy sausage bulls \$4.50 to \$5. Quality of calves rather undesirable, bulk \$4 to \$5.50, few sales \$6.00 and above.
Sheep—Receipts 1800. Market on fat and feeder lambs strong to quarter higher. Good to choice fed lambs \$9.75; feeder lambs \$7 to \$8.25.
Advance estimates for January 14: Cattle 3500; calves 1700; hogs 1800; sheep 800.

One NYA Park for Eastland County

EASTLAND, Jan. 13.—Eastland county received one project totaling \$1,545 to employ 41 workers in the allocation of \$98,732 of federal funds for employment of 3,943 youths on park projects along highways, according to announcement of the National Youth Administration in Austin Friday.
The Eastland county project is located on highway 1, seven miles east of Ranger; federal funds, \$925; sponsor's pledge, \$620; workers, 41.

D. E. Colp Dies of Pneumonia

TEMPLE, Jan. 13. (AP)—D. E. Colp, former chairman of the Texas Park board, died in a hospital here at 2:15 a. m. Sunday.
The body will be taken to San Antonio for funeral services at 2:30 p. m. this afternoon.
Colp had been in a coma for four days, suffering from double pneumonia.
Colp was chairman of the Texas State Parks board from its creation in 1924 until last November, when Wendell Mayes of Brownwood succeeded him as a member under appointment by Governor Allred.
Under an agreement with the board, however, Colp continued in active direction of the work. It was understood he was to have been retained on a salaried position.
Under Colp's administration the Texas park system was expanded from a seven-acre tract in Coryell county to one embracing 58 areas and 321,000 acres. He was successful in enlisting the aid of the National Park service for completion of 16 parks and starting construction of 18 others.

Under the Courthouse Roof

THE NINETY-FIRST DISTRICT COURT
(Judge Davenport, Presiding)
Cases Pending
Riley Loper vs. Ethel Ernest et al, note. Hartford Accident & Indemnity Co. vs. Floyd I. McBee, et al. Appealed from award of the State Industrial Accident board. Jeffie Colburn vs. T. J. Colburn, divorce. Dismissed by agreement.
D. J. Stanford vs. W. R. Havens et al, debt. Judgment for plaintiff by default for \$1,702.80, interest and cost.

Cisco Scouts Are Successful In District Rally

The Cisco scouts, troop four, announced a successful district rally at Carbon last Saturday night. The rallies held from time to time in the various towns of the districts, are primarily for the purpose of bringing all the scouts together and demonstrating the progress of each troop by competing with other troops in various games and contests which require skill and training.
The rally, it was announced by the scout executive, G. N. Quirl, was the biggest ever staged in the history of the whole Comanche

Trail council. Two hundred and seventeen scouts and scouters were present. Twenty-five scouts from Troop four went from here.
Out of the selected events the Cisco scouts won three first places, a third and a fourth place. They placed: First—knot tying; First—building a human signal tower; First—building a fire by friction; Third and fourth—building a fire by flint and steel. The scouts announced boastfully that they won the knot tying event against competition with a Sea Scout patrol from Breckenridge.
A supper of barbecue, stewed potatoes, bread, gravy, pie and sodawater was served to the group.
Plans for the annual scout summer outing in Camp Billy Gibbons was discussed, however no definite date was decided on.
It was announced by the executive that the next district rally would be held the second Saturday of April in Eastland.

Public Address System Tested in High School

In a chapel program, sponsored by Ralph Barton's diversified occupation class, a public address system, made by the Boy Scouts' Radio club, was installed in the auditorium of the Cisco high school.
For the first time in the history of the school, a sound amplifier was temporarily installed in the auditorium to broadcast.

the voice of a speaker. The public address system worked without fault, the officials stated, and would accommodate an auditorium twice the size of the present one.
The system was made by the Cisco Troop 4 Boy Scouts' Radio club, headed by Mr. Barton. The loud speaker and amplifier were made by the boys out of inexpensive radio parts which they hope to pay for by renting it out to local businesses.
Mr. Barton, teacher of the diversified occupation classes as well as the Boy Scout leader, introduced to the students and teachers its practical uses and the principles on which it worked. By way of demonstration to convince the audience of its power, Mr. Barton held a watch up to the hand microphone. The amplified sound of the watch could be described as that of a threshing machine. Other sounds were used to prove its implying abilities.
The system broadcast a program on "Practical Safety Hints For the Home." Several of the teachers afterwards congratulated the work of the boys and suggested that it be used more often for today was the first time in a

ONE SWIFT AND SAFE PRESCRIPTION FOR RHEUMATISM

One supremely good prescription for rheumatism, when caused or aggravated by excess uric acid—as most rheumatism is—is well and favorably known to live pharmacists all over America. Just ask for 8 ounces Allen's prescription and take as directed—it is swift and safe—often the pain and agony leave in 48 hours—Costs about 85 cents. Cut this out and save it.

BIBLE THOUGHT FOR TODAY

There is an evil which I have seen under the sun, and it is common among men: A man to whom God hath given riches, wealth and honor, so that he wanteth nothing, for his soul for all that he desireth, yet God giveth him not power to eat thereof, but a stranger eateth it: this is vanity, and it is an evil disease.—Ecc. 6: 1, 2.

Is there a brother man whose need is a loving word, a kindly deed? Is there a friend who seems to fear Oppression's yoke too hard to bear? Is there someone who labors through Beliefs of sickness, want, and woe, Then help me, Father dear, to share With those oppressed by so much care.—ADA E. DESLER.

Life was not given to us to be spent in dreams and reveries, but action, useful exertion—exertion that turns to some account to ourselves or others. Labor is necessary to excellence. This is an eternal truth. What is human life, if not a vast desire and a great attempt?—John Randolph.

Bonus Bonds

END of the much contested issue of immediate payment of the soldiers' bonus is seen in the introduction of a compromise measure in the senate whereby the bonus would be paid in bonds of small denominations bearing interest at three per cent per annum to induce a large per cent of the veterans to hold them rather than to cash them, as would be their privilege.

SO another billion or so of bonds seems to be on the way. Issuance of bonds may be the only satisfactory method of avoiding the evils of immediate payment as pointed out by President Roosevelt so emphatically in his veto address last year, but the ability of the market to absorb the bonds is a matter of concern to the sponsors of the bill and the treasury.

close to a period of bond inflation, as opposed to currency inflation.

An indication of what immediate payment of the bonus would mean in new money in circulation is that estimate that \$504,757 is due ex-service men in Eastland county.

Processing Tax Issue

RULING of the supreme court that \$200,000,000 of impounded processing taxes must be returned to the tax-payers was a natural consequence of the court's invalidation of the AAA. What is to be done about the billion or more that was paid into the federal treasury without a protest of the illegality of the law has not been decided.

THE courts cannot of themselves initiate a course of justice. The issue must first be brought to them by aggrieved citizens or other litigants with standing. They can rule only on what is before them.

OTHER OPINIONS

Drivers Learn Slowly

ALTHOUGH traffic fatalities for 1935 were approximately the same as for 1934—about 36,000—an analysis of the figures by a well known insurance company discloses some dismaying new tendencies.

A steadily increasing number of deaths is due to pure carelessness on the part of drivers. To be exact, two-thirds of the year's deaths can be laid to driver-carelessness—speeding, driving on the wrong side of the road, and that host of offenses against safety which comes under the general heading, "reckless driving."

FURTHERMORE, the average accident is more deadly than it used to be. The ratio of death to accidents has risen by 7 per cent. Cars are traveling faster; when they hit something, the occupants have less chance of coming out alive.

IT is a sorry record that these figures disclose. It is most difficult to save people from their own folly.—Ft. Worth Star-Telegram.

THE GAY THIRTIES

naked eye, and a most remarkable and entirely different exhibit of "visualized education" ever collected at one time. The "Wonder Car" has now traveled over 295,956 miles and has been seen by over five millions of people.

Students of history and school children of the public schools are cordially invited to visit the "Wonder Car" and this outstanding visualized educational exhibit is bound to create an everlasting impression.

Human and Other Nature By W. F. BRUCE

What will be the reaction when two aged people find themselves in the presence of an infant? Of course it will depend a great deal upon the grown-ups, and a little upon the babe.

We have an instance in Luke 2:22-39

Both the aged Simeon and the prophetess Anna knew that they were in the presence of an unusual child, and their feeling about the occasion was more than the natural emotion of adults when looking upon a child.

The story, brief as it is, indicates that both these aged folk had retired from every active life; they were in waiting.

Meeting Will Plan Centennial Exhib

EASTLAND, Jan. 14.—The Texas Chamber of Commerce President Ray H. Nichols and General Manager Bandeen of Stanford will call a planning meeting at Eastland Wednesday. This invitation was announced Saturday by Milburn McCarty of Eastland.

The regional chamber has arranged for exhibit space at the centennial in Dallas, which will enable allotment of two to three foot space to affiliated chambers in a 36 by 18 foot space for each of the 10 districts.

A general invitation to the public to attend the meeting was extended by McCarty. Representatives of 22 districts are expected to attend.

Mixed Tendencies Shown in Failure

AUSTIN, Jan. 14.—The statistics on commercial failures in Texas during December showed mixed tendencies in comparison with the preceding month.

There was an average of 16 failures a week during the month against six the preceding month and four during December a year ago.

"Wonder Car" of Marine Corps to Be Here Jan. 23

Through local co-operation the "Wonder Car," containing exhibits of relics, curios and foreign displays will be shown here in this city Thursday, January 23.

"THE WONDER CAR" largest touring museum in the United States measures 52 feet, 3 inches in length. The Wonder Car's continental tour is sponsored by the United States Marine Corps and the largest repository has already

education," the exhibits have been endorsed by the federal bureau of education. The credit for collecting the exhibits goes to John D. Lippy, of the Marine Corps, who has succeeded in gathering hundreds of relics, curios, patent models, letters from early presidents and other objects of interest. The car also contains governmental exhibits.

This will be one of the early showings in the State of Texas of the "World Wonder Car." It has already traversed 28 states to the east and Texas will be the 29th to be visited. The spon-

traveled over 295,756 miles covering 29 states. The local visit is made possible by the good will, public spirit and co-operation of it will be parked in front of the Cisco chamber of commerce on January 23.

Among the thousand or more exhibits, are included one by the Red Cross, the first electric light by Thomas A. Edison, the first camp chair, the creation of chocolate, nails from the capitol at Washington, when it was taken and burned by the British in 1814, playing cards from many nations, the smallest book printed in the United States containing 163 pages bound in leather, smaller than a three-cent postage stamp, yet every word readable with the
