### LOCAL MEN VISIT AGRICULTURAL FIELD STATION

A visit was made on last Wednesday by local representatives to see the work of the U. S. Department of Agriculture Field Station at Bushland west of Amarillo. This is a new station having been started in 1939 and is devoted to work on grasses and wheat improvement.

This station is working on a new variety of wheat, it being a cross between early blackhull and tenmarq and carrying the good milling characteristics of tenmarq. This station is also doing a lot of work on surface tillage and stubble mulch in growing wheat. They are using special sweeps on a tool bar and a special straight blade to cultivate the ground to keep down weeds but leave the stubble on top of the ground. The experiments do not show up good this year as the green bugs have almost entirely ruined the crop.

The group who made the trip were: Edwin Ramey, Tom Annon, Frank Annon and M. U. May, County Agent. Special interest was shown by this group in the grass seeding work that this station is doing. This station has been reseeding cultivated land with our native grasses such as buffalo, blue gramma and using

### Methodist Church

We had a good revival, which is always true cannot be measured by visible results alone, and the visible results were good. God was gracious and manifested His Love and Power, in blessing and saving souls.

We want to thank everyone who in any way contributed to the revival effort, and to the other churches for their cooperation.

We (the parsonage family) want to express our deep appreciation for the splendid love offering, and the lovely presentation of the many nice things you gave us. Conscious of our unworthiness we pray, and will strive, to be better servants to the Church and community.

### WAXY KAFIR TO BE GROWN BY CASTRO FARMERS

Distribution of some 800 pounds of waxy kafir seed was made last week by county agent M. U. May of the Texas A. & M. College Extension Service, to farmers all over the county who have signed contracts with General Foods Company to grow it for them. This is the new kafir used in making starch used by General Foods in making tapioca and it is also used in making glue that is put on postage stamps and envelopes. Due to the war the imports of this starch has been cut off and this could prove to be a new cash crop for Castro county.

General Foods is furnishing the seed to farmers with irrigation wells who signed up for it last month and agreed to pay 50 cents per cwt above the local grain market and give the grower the opportunity to accept payment for it as late as March 1, 1944.

This new waxy kafir and source of starch will only be grown in Castro, Bailey, Lamb, Lubbock and Hockley counties this year and if it proves successful Castro county will no doubt be allowed to grow larger acreage in the future. Farmers in Castro county will plant from 25 to 100 acres of this kafir this year stated County Agent May.

### Claud D. Youts Is Promoted to 1st Lt.

According to information received here this week Lt. Claude D. Youts, on duty at Camp Livingston, La., was promoted to grade of First Lieutenant effective April 5, 1943.

Lieutenant Youts was commissioned a Second Lieutenant September 5, 1942, in the Ordnance Department, Aberdeen Proving Ground, Maryland, and ordered to duty with the 606th Ordnance Company, Camp Livingston, La., where he has very ably discharged the duties of Plans and Training Officer during his period of duty.

Mrs. Ozro Stephens and Harold visited in the Elvis Burch home in Lubbock Friday night.

### WEEKLY REPORT A GOOD INVESTMENT... DISTRICT SOIL CONSERVATION

UNITED STATES DEPARTMENT OF AGRICULTURE SOIL CONSERVATION SERVICE

Barber Eubanks has been intending to have some terraces built on volunteer wheat land, but the green bugs left wheat enough so that he plans to harvest it himself and build the terraces after wheat harvest.

Ira Clingsmith started a terrace system a few years ago. It was incomplete and the terraces broke in several places last year and in 1941. Even so, there is plenty of evidence that they have saved some soil. Ira has asked the District to plan a complete system. This will include the provision of a waterway to handle excess water in large rains, the changing of some fences, and the construction of more terraces above and below the ones already built.

William Hochstein is planting 15 acres of sweet clover and lespedeza for pasture on his irrigated farm south of Nazareth.

Castro County has been given a quota of JEEPS, TANKS, GUNS AND AMMUNITION—\$50,000.00 worth—to be supplied to Uncle Sam's armed forces and our Allies, wherever the champions of Democracy are called upon to give their all in the defense of every ideal and tradition held dear to Americans—all that is America. That quota has almost been reached, but not quite... and the time grows short, as the Second War Loan Drive closes Saturday. In the last two days of this drive let's remember the national Bond Drive Slogan: "They give their lives you lend your money." BUY BONDS NOW!

### MITCHELL-CALHOUN

Mrs. Leona Mitchell and Mr. Robert L. Calhoun were united in marriage Saturday, April 24, at 1:30 o'clock in the Methodist parsonage at Tulia with the pastor, Rev. T. E. Yarbrough, officiating. The couple will make their home in Dimmitt.

### OPA To Hold District Meeting At Plainview

Mr. Henry Stalcup, Chairman of the Castro County War Price and Rationing Board, today announced that on Tuesday, May 4, 1943, representatives of the Dallas Regional and Lubbock District Offices of the Office of Price Administration will be in Plainview, Texas, to conduct meetings with the Price Panels and Price Clerks of the War Price and Rationing Boards of Bailey, Hale, Floyd, Farmer, Castro, Swisher, and Brisco Counties and with representatives of the wholesale and retail grocery trade in these counties.

The meeting with Price Panels and Price Clerks will be held at 2:00 P. M. in the Court House. The purpose of this meeting is to acquaint the members of the various boards with the new functions of Price Panels and with the new simplified Price Regulations. In the past merchants throughout the country have had to contact the nearest branch of the Office of Price Administration in order to secure copies of regulations and to have these regulations explained. In line with the new policy of delegating certain functions to Price Panels throughout the country, the members of the Price Panels will be handed certain regulations as a start toward the completion of the general plan. These regulations will be explained and discussed in detail so that in the future the Price Panels will be in a position to assist the merchants to a better understanding of the regulations, thus eliminating the necessity of contacting the nearest branch of the OPA on every problem which might arise. As the Price Panels become familiar with their new duties they will be handed additional regulations with the end in view that they will eventually be in a position to solve most of the problems locally, thus eliminating to a great extent the delay and sometimes confusion resulting from the necessity of contacting the nearest OPA office.

### FORMER DIMMITT GIRL MAKES HIGH GRADE IN CIVIL SERVICE EXAMINATION

Natalie Reynolds, Lubbock High School Senior, made an outstanding grade on a Civil Service examination at the Post office building in Lubbock Friday morning.

The examination was called Mechanics Learners and was open to anyone over 16 years of age but they preferred girls. This qualified those passing to be trained for Mechanics Helpers at South Plains Army Flying School.

The highest possible grade on this examination was 200 and Natalie made 192. A grade of 100 is considered passing and 110 is good. She is the only one in the class of about 50 to rate so high.

Natalie is the second daughter of Mr. and Mrs. Carlos Reynolds of 1633-18th St., Lubbock, formerly of Dimmitt and well known here.

### REPORT MADE ON RED CROSS SHIPMENTS

According to a report made this week by officials of the Castro County Chapter of the American Red Cross the following articles were shipped on April 28 by the local chapter:

**For Our Armed Forces**  
9 quilts, 16 Army sweaters, 8 turtle neck sweaters, 12 Navy sweaters sleeveless, 6 helmets, 1 Watch cap, 20 bed pan covers.

**For Refugees**  
100 girls' skirts, 37 children's robes, 21 boys shirts, 1 pr. men socks, 1 scarf, 1 woman's sweater large, 2 boys sweaters size 12, 6 children's knitted suits, 5 rompers size 2, 15 girls dresses, 9 pairs mens pajamas, 1 baby quilt.

### \$43,581.25 War Bonds Sold In Castro County

Castro County enters the last two days of the Second War Loan Drive \$6,418.75 short of its quota of \$50,000.00. According to officials of the Castro County Bond Sales Committee \$43,581.25 had been invested by Castro County citizens up to noon today, Thursday. The excellent cooperation of the schools of the county has been instrumental in the good showing made in the loan drive to date. Other organizations, and individuals, have worked hard in an effort to put Castro County over the top in raising its quota, but if the quota is to be met and surpassed it will be necessary for every individual in the county to do his or her part in the few remaining hours of the drive.

Mayor H. W. Golden and Mr. Edgar Ramey, chairman of the Castro County Bond Sales Committee, declared today that they wished to express their appreciation, and that of the committee, to the people of Castro County for their splendid response for the buying of Bonds over and above their regular Bond purchases. They also expressed their desire to make one last appeal for a rally in Bond buying by citizens of the county, that the county quota might be reached and exceeded so that Castro County soldiers and their buddies might have as much, or more—but not less—equipment as they will need. "They give their lives, you lend your money."

### 4-H CLUB BOYS TO COMPETE IN SEARS CONTEST

Castro County 4-H Club Boys are now working in earnest on the Sears Roebuck Pig Club Program which closes on the 10th of May. The program has been made even more attractive for the boys as there will be 8 sow pigs and one boar pig given to the boys in the county. At a county show that will probably be held in connection with the Castro County fair this fall, the boy showing the first place pig will be awarded a registered Jersey Heifer and the other winners will be awarded baby chicks.

A committee of Castro county farmers will judge the essays of the boys and determine which boys will win the pigs. This is a continuous program being continued each year in the future. A program of this type will do much to stimulate interest in 4-H Club work according to M. U. May, County Agent, of the Texas A and M. College Extension Service, as well as to help improve the hogs grown in the county by furnishing new breeding stock.

### BROTHER OF LOCAL MAN BURIED WED.

Mr. and Mrs. Stub Jones, with Mr. Jones' sister, Mrs. J. R. Rhoads, were called to Bennington, Okla., this week due to the death of their brother, Mr. Brutus Jones. Mr. Jones died Tuesday night at a Durant hospital following a second stroke of paralysis. Last rites were conducted at the Bennington Presbyterian church Wednesday at 3:00 P. M.

Deceased is survived by his widow and five children.

### EGGS FOR BUCKNER ORPHANS' HOME

Friday and Saturday has been designated as "Egg Day" for Buckner Orphans' Home by the local Baptist church. Everyone interested are urged to take eggs to the Tate Produce for shipment to the home.

# THE 2ND WAR LOAN DRIVE IS ON!

# This Announcement will make some people blush!

Could this be you?... What a breakfast! Eggs without bacon. Coffee—just one cup of it—without heavy cream. Just a skimpy little pat of butter for my toast. Don't talk to me about section. I'm making plenty. And what about the 10% of my pay that goes into War Bonds every week?

When THIS is your fellow American! "We've been under fire night and day for 12 days. Advancing through heavy mud. Wet and tired. The nights are freezing cold. No hot food. Only use iron rations to keep us going. Casualties have been heavy. Yesterday, my buddy, 'Spit' Anderson, got his. But today he's worthwhile. Today we stormed and took the Nazi position."

And that's why your Government is calling on you to lend it more money. Thirteen billion dollars are needed—needed urgently and right now. This is a showdown fight and we've got to top the Nazis and the Japs with our efforts if we are going to win.

**The Big Offensive Is On**

We're not playing at war. This is the real thing. Our boys are dying in defense of our country—casualty lists are mounting. The least we can do is to back up our men with every single dollar we can scrape together. Remember they do not stop to ask the cost—they pay with their lives. In the face of their sacrifice can any of us back here at home say that we are doing enough?

Millions of patriotic Americans are already putting 10% of their earnings into War Bonds every payday. We can be proud of this record—but 10% is not enough. Today we are confronted by a great and critical emergency. Thirteen billion extra dollars are needed and needed at once. That is a big sum of money, but not too big for America.

What does this mean to you? It means that it is your patriotic duty to put more money into Government securities regardless of what self-sacrifice it may entail. Give up some of your comforts, do without things you need—this is a vital matter.

And remember when you dig up this money that you are not giving a cent. You are merely investing it in the safest securities in the world. You will get it back with interest when the war is over. It will supply you with cash for the things you want when we are free to return to the ways of peace. It will mean security for you and yours.

Thousands of men and women, volunteer workers, are calling on everybody possible, explaining the 2nd War Loan Drive and the different types of Government securities offered to meet every individual's needs. Welcome one of these representatives if he calls on you, for he is giving his time and effort freely to this patriotic cause. But don't wait for his call. Go to your bank, Post Office or War Bond booth. Lay down your money—more than you think you can spare—for extra bonds. Know in your heart that when your country called, you answered "YES!"

### NEW DEBT TO WASHINGTON

Among the many things for which we are indebted to George Washington is apple pie, says a young journalist. Pie, up to the time of the Revolution, were generally made of beefsteaks or kidneys, but fruit pies were a later discovery originating through a necessity to the insufficient fare lands.

However, in a letter, Washington to a friend that he plans to entertain two ladies. He has invited them to dine with him and he feels he should warn them in advance just what they will get to eat. He wrote: "When the cook is to make two pies, or dish of crabs in addition, one on each side of the center dish, divide the space and reducing the distance between dish to dish to but six feet, which without it would be more 12 feet apart. Late he has had the surprising opportunity to discover, that apples make pies."

The fame of Washington and debt to him will never be forgotten but don't you think the overly of apple pies is one of the greatest things he ever did humanity.

### LUNCH ROOM FOR '43 and '44

The prospects of a Lunch Room for '43 and '44 school year is very probable. The W. P. A. Commodities have been discontinued, but with the help of the F. D. A. the Lunch Room will continue next year. The Lunch Room applications were accepted April 1, 1943. Although prices are going up the school will try to keep the same price next year that they had this year.

Good, clean, wholesome milk that is kept cool is being served this year with the lunches.

During the summer the Lunch Room will have some canning done. Anyone having any extra vegetables or fruits that they would donate the Lunch Rooms, please get in touch with Mr. Blaine.

### WHO'S WHO

She is rather short, and has dark hair and eyes, and olive skin. She has many ratings for her singing ability. Her greatest ambition is to become a great singing star and make about \$1,000 a week. O yes, it wouldn't be right to leave out that certain soldier, namely Dub. I'm sure you have guessed by now who this well-known girl is. It is none other than Mrs. Borden.

He is rather tall, lanky, and has dark hair and blue eyes and a small turned up nose. He was known as "Toby" in the Junior play. He is well liked by all the students in school. This person is the one and only "Rayford Ginn."

Mrs. Ben Borden went to Vaughn, N. M., for a last week-end visit with Mr. Borden.

Mr. and Mrs. R. V. McMahon and daughters, Hazel, Nell and Jeanette and Misses Bernice Broadstreet and Phyllis Younts visited in the Ferrell home in Borger over the week-end. Mrs. Ferrell is a daughter of Mr. and Mrs. McMahon.

Pfc. Billie King of Las Vegas, N. M., has been visiting in the home of his parents, Mr. and Mrs. Ivin King.

### DEAR EXES

It seems that in the Spring a young man's fancy turns to what the girls have been thinking about all winter. Speaking in particular of Wanda Mobley who is wearing a beautiful sparkler—must we say more!

We have a tennis court in the gymnasium now. It's marked off in red lines and we think that it is pretty swell.

We just have three more weeks of school. There's a rumor going around that the seniors get out a week early but it's not official.

The physical education classes are planning a party in the gymnasium Thursday night. Almost everyone in school will be there so we ought to have some fun.

The last glorious week of school is to be celebrated by an all-day picnic. The students will invite their parents and everyone should have a very good time.

If you see some seniors handing out cards, they are not going calling it's just part of their invitations.

Bob Mapes came to school the other day with a black eye; he said he ran into a swinging limb but we can't find out who's it was. There was a scout skating party in the gym Monday night and from the looks of everyone Tuesday morning and the way they acted the Scouts must have forgotten one of their rules—Be Prepared!

Over the Easter holidays, three of Dimmitt High's ex-students were seen in Dimmitt, Shirley Womack, Lon Booth, and Harold Stevens. By the way Harold is visiting Dimmitt for a different place Wednesday, Uncle Sam has sent his calling card.

That's all till next time people, so take care of your property that you love best.

### FOOTBALL PRACTICE

The boys have been playing football for nearly a month on their spring training. They are divided into two teams, one of which Mr. Blaine coaches and Mr. Seal the other. These two teams have been playing and they are about evenly matched. They have played five practice games and Mr. Seal's team has won three games. The following boys play on Mr. Blaine's team: Kenneth Jackson, Jim Dyer, Aldon Hawks, Gus Frys, Billie Ayres, Albert Sinclair, Billy Carbel, Thomas E. Harrison, Leo Ashcraft, Rex Sheffy, and Bill Birdwell. The following boys are on line-up for Mr. Seal's team: Glen Godfrey, Bob Powell, Charles Howell, J. A. Bagwell, Bill Glidman, Ray Aldridge, Raft White, Troy Stewart, John Curtis, Raymond Mohley, and Guy Cox, Jr. These teams are pretty well matched and are improving daily in their scrimmages. These boys will make up the Bobcat Team next year and the prospects are really good for a Bang Up Team.

Mrs. Ethel Womack and Shirley of Lubbock were visiting with friends in Dimmitt Monday.

### BOXING MATCH WITH OLTON

The Bobcats won three out of nine boxing matches with Olton Friday night. It was good to see those boys in their best form and doing their best. It was enough to excite any crowd and cheers ran high for both teams. These matches were really the most thrilling ones we have had. There were three knock-outs. The boys are all looking forward to the next time they will box Olton which will be next Saturday night. Everyone is invited to come. If you like boxing, you will not want to miss bouts Saturday night here.

Mr. and Mrs. Roy Smith and Mrs. Will Wright spent Sunday and Monday in Amarillo. Harold Key who has been visiting in the Wright home returned home.

Mr. and Mrs. Tom Tate visited with their sons in Amarillo Sunday. Mrs. Tate remained in Amarillo for a few days where she will receive medical treatment.

Mrs. Dale West and son, Dickie, of Caddo Gap, Ark., arrived here Sunday to be with their husband and father who is employed on the Lester Gladwin farm. Mrs. West is a niece of Mr. Gladwin.

Dr. and Mrs. Vick and son of Amarillo were guests in the home of Mr. and Mrs. Ray Sheffy Sunday and attended the funeral of following a visit with home folk.

### VACUUM CLEANER

As we stroll up and down the halls of D. H. S. we find that love has not only caused into the Junior crowd but the rest of the high school as well.

It seems that some of the Junior boys turned their interest down toward Sheffy's Sunday night when Opal Louise, Genevieve, and June spent the night with Dorothy, Kenneth, John and C. H. all reported a good time. What's the matter Genie? Couldn't Troy come?

Patsy Lou seemed to turn her fancy to a new comer to our school. If you need any information on Charles Cason just ask "Pats". She will know.

Edith Fern Waggoner seems to be getting along nicely with Choc Fayton. At least they've seen to gether quite often.

Boy! Does this Billie Jean Durant get around. She was seen with "Rack" and a boy from Springlake during the week-end. Tell us more, Billie Jean. This is interesting.

FLASH! Seen in the hall: Wilma Ruth and Gene holding hands. Say kids, can't you find a better place than in the hall.

Here's something people, we didn't know about and we are still in some darkness. It's about Martha Jo, Ella, Mary Evelyn and Alton. It seems they have been having dates the last few weeks quite often, but all we can find out is they are really getting around. By the way, some of the beans came from Amarillo and Hereford.

It seems that Potts was well occupied Tuesday night at the party. From all appearances, she couldn't decide between Bill and Chubby.

CAN YOU IMAGINE  
 Wanda wearing a diamond?  
 Barbara and Jack having a fuss?  
 Billie Wade going anyway but south after his girl?  
 Joe without Callie?  
 Mary Evelyn going to Nazareth?  
 Juanita singing "You Are My Sunshine"?  
 Wilma Ruth going steady?  
 Kenneth not going to Nazareth?  
 Patsy Lou going with Percy?  
 Billie Jean studying her history?  
 Harold Collum not talking?  
 Helen Caison wanting to go with Bill Birdwell?  
 Faye Armstrong expecting a visit from a soldier in Louisiana?  
 Mary Evelyn going with Owee Redwine?  
 Bill Graham not going to see Marian for a week and a half?  
 Thomas Earl with Betty Hastings?

**What You Buy With WAR BONDS**

While we have not heard so much about them, our air-borne command is inferior to none. We have thousands of these especially trained troops and the glider is a necessary factor in their successful operation.

Careless overheating of an iron wastes current and is hard on the delicate heating element. High temperatures will discolor the sole plate and in extreme instances make the iron a fire hazard.

Probably more irons are damaged by being dropped than any other way. A fall may cause a broken connection inside, may injure the thermostat and throw it out of adjustment, or it may scratch or nick the sole plate so that the iron catches on delicate fabrics.

Irons and other electrical appliances should never be placed in water because this will ruin the heating element. An iron should be allowed to cool before it is wiped off with a damp cloth. Starch spots on the sole plate can be removed with a cloth wrung from sopsuds or a mild scouring powder such as whitening or silver polish. If the iron sticks a little during the ironing, it should be rubbed lightly with paraffin or beeswax.

Once a month the electric iron should be waxed with paraffin or beeswax while it is still warm. The surplus can be removed with a soft paper or cloth.

We build gliders in three types and their capacity is a military secret. The type shown here costs about \$10,000 each. Buy War Bonds with at least ten percent of your income every payday and help pay for these gliders for our intrepid fighting men. U. S. Treasury Department

## LEGAL NOTICES

### THE STATE OF TEXAS

TO: VIRTLE HOWARD MAURER, the unknown heirs and legal representatives of VIRTLE HOWARD; J. S. WARNER, the unknown heirs and legal representatives of J. S. WARNER, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 7th day of June, A. D., 1943, at or before 10 o'clock A. M., before the Honorable District Court of Castro County, at the Court House in Dimmitt, Texas.

Said plaintiff's petition was filed on the 23 day of April, 1943. The file number of said suit being No. 1819. The names of the parties in said suit are: J. W. Davis and Ulys J. Davis, as Plaintiffs, and Virtle Howard Maurer, and J. S. Warner, and the unknown heirs and legal representatives of each of the said Virtle Howard Maurer and J. S. Warner, as Defendants.

The nature of said suit being substantially as follows, to-wit: Tresspass to try title and for damages of the following described lands and premises situated in Castro County, Texas, to-wit:

All of the Northeast Quarter (N. E. 1/4) of Section No. Six (6) in Block No. M-10-A, Abstract No. 944, Certificate No. 134, containing 169.25 acres of land;

Plaintiff claims title to said property under the three (3), Five (5), Ten (10) and Twenty-Five (25) year statutes of limitation;

Plaintiff further claiming that the defendants and each of them claim some sort of title to said premises, adverse to Plaintiff's title;

Plaintiffs pray for judgment for the title and possession of said property and that the clouds cast upon Plaintiff's title be removed and that the title be quieted in Plaintiff.

Issued this 23rd day of April, 1943.

Given under my hand and seal of said Court, at office in Dimmitt, Texas this the 23rd day of April A. D., 1943.

steep land terraced below his irrigated land last fall. It was necessary to terrace with a slight grade in order to handle run-off water from their irrigated land above. This spring he put an irrigation ditch around the end of the top terrace and tried watering between the terraces. He likes it and wants some more terraces.

The Soil Conservation needs several temporary employees to help in making surveys. Work is available until June 30th and possibly later. Experience gained may lead to permanent Civil Service Appointments. Any healthy man between the ages of 17 and 65 may apply at the Soil Conservation Office in the Court House.

According to recent studies at the Guthrie, Okla., experiment station "contour cultivation conserves water from moderate and minor rains, but water loss from high-intensity rains were as great or greater than from rows parallel with the slope. Soil loss from the rows on the contour was less than one-half than from rows parallel with the slope and cotton yields were slightly higher." They conclude that contouring on the steeper slopes is not sufficient. Other conservation practices are necessary to make the job complete. Guthrie is in a section of the country that normally receives about as much rain as Castro County received last year and the year before. Their soil is some different and the slopes on which the experiments were made were slightly steeper than our steepest cultivated slopes. On the other hand, the steeper slopes in Castro County almost invariably occur near the bottom of long gentle slopes. When unprotected, these gentle slopes lose lots of water in hard rains and the accumulation causes severe damage on the steeper slopes.

## CELEBRATES BIRTHDAY WITH EASTER EGG HUNT

An Easter egg hunt on the park was the highlight of Annette Griffiths' 6th birthday party Sunday evening. The children gathered at her home and brought eggs which were later hid by Mrs. Cauldwell and Mr. and Mrs. E. Hembree. ## OPA To Hold District Meeting

(Continued from page one)  
The meeting with representatives of the wholesale and retail food trade will be held at 8:30 P. M. in the Court House at Plainview. The importance of this meeting cannot be too greatly stressed. New simplified food regulations will be gone into in detail and everyone engaged in the wholesale and retail food business is urged to attend and to bring their individual problems to the attention of those conducting the meeting. This meeting is not intended as a general meeting where the regulations are merely explained, but is intended also to bring out the various problems with which the merchants are confronted and to solve them.

This meeting in Plainview, Texas, is one of a series aimed at contacting all the War Price and Rationing Boards throughout the Lubbock District of the OPA, as well as representatives of the wholesale and retail food trade in the whole area.

## TODAY'S JOBS IN THE VICTORY GARDENS

There are more garden seed in the ground today than at any time in vegetable history, and it looks like we are off for a big vegetable year. Here are some suggestions to help you keep 'em growing which come from Ava A. Grindstaff, County Home Demonstration Agent of the Texas A. & M. College Extension Service:

1. Check up on plantings already in the ground or coming up: sweet corn, peas, beets, lettuce, cabbage, Swiss chard, carrots, spinach, mustard. Make a second planting of mustard.
2. Plant beans of all sorts, both pole and bush. Inoculate with nitrogen-fixing bacteria—a dust or powder, available at seed stores—gives the beans extra vigor and growth and tends to increase yields.
3. Wait until the soil warms up good to plant limas. This bean is especially warm natured and "catches cold" easily, which is manifested in poor stands.
4. Plant several kinds of squash. Yellow Crookneck, Fordhook, and Acorn varieties have a harvest range of 30-60 days, and nature Fordhook and Acorn squash may be stored for later use, like pumpkins and the like.
5. Plant cucumbers for slicing and pickling. Sow the seed in rows, 1 per foot, and when the plants begin to run, thin out to two feet apart, leaving only the best plants.
6. Plant leaf lettuce for late spring and summer production.
7. Okra may be planted now, but it is best to wait a few days until the soil has warmed sufficiently, because it won't grow until the sun begins to bear down.
8. Set pepper and eggplant. Allow 2-3 feet space between plants for adequate feeding space and plenty of room for side branches to develop.
9. Thin late plantings of beets to 2-3 inches apart. Plants taken out may be transplanted to the skips in the rows for a uniform stand.
10. Set tomato plants.

## Local Men Visit..

(Continued from page one)  
some newer imported grasses, such as crested wheat grass, african love grass, Canadian wild rye. These experiments on planting these grasses show that the use of small pellets made of grass seed and dirt give the best results. African love grass looks very promising as a new grass and Raymond Annen of Nazareth is planting some of it this spring.

The station is also running some cattle experiments seeing which types of pasture will make gains on steers.

They have groups of 10 steers on pastures consisting of only native grasses, another group on pasture of crested wheat, African love grass, and gramma and another on Canada wild rye and African love grass. These groups of steers are weighed every 30 days and at the end of the experiment they will show which grasses are best for making beef.

The Castro County group who made the visit felt well repaid by the things they saw for many of them can be applied on the farms of Castro County to much advantage. They plan to visit the station again when the experiments end.

Congratulations to Mr. and Mrs. Talmage Buckmaster on the birth of a son, Ronnie Carroll, born April 23.

## MYRLE TRIMBLE HONORED WITH BIRTHDAY PARTY

Mrs. O. B. Tremble honored her daughter, Myrle, with a party on her fifth birthday last Thursday. Games of drop-the-handkerchief, London bridge, and ring-around-rosy, were played. Refreshments of cake and iced chocolate were served to Anna Lynn Brown, Patricia Wilson, Gwendolyn Smith, Sara Jo Shipley Sondra Hembree, Anette Griffith, Jo Francis Schooler, Rebecca Rankin, Nancy Neumayer, Martha Rose and Wilma Jo Noble, Jimmie Butler, George and Ronnie Elder, Roy and Elbert Hembree, David Burkett, Curtis Griffith, Paul Rankin, Sonny Temple, Bob May, Wayne Hembree, Jerry Noble and the honoree.

Mrs. Dorothy Boone of Riverside, Calif., is a guest in the home of her parents, Mr. and Mrs. Joe Hastings.

Mrs. Laura Jean Cunningham of Amarillo has been visiting in the home of her parents, Mr. and Mrs. Posie Cunningham.

Miss Morleen Greathouse, who is attending Wayland College at Plainview, spent the past week-end with her parents, Mr. and Mrs. Dick Greathouse.
