## County opposes new charter

Castro County's voters joined the rest of the state Tuesday in rejecting a new constitution.

WITH AN average vote of more than 3-1 against the eight propositions, Castro Countians went straight down the line with the statewide trend, both in sentiment and margin.

The turnout here was slightly better than predicted, with 1,223 of the county's 4,000 registered voters going to the polls for a 30.6% turnout.

Castro County's trend was closer to that of metropolitan areas, where the proposed constitution went down by margins of 2-1 to 3-1, than to other rural counties where the margin ran as high as 11-1 against.

HERE ARE the county's final, unofficial totals in Tuesday's election:

Proposition 1 (separation of powers)—260 for, 942 against.

Proposition 2 (judicial system)—286 for, 907 against.

Proposition 3 (election provisions)—292 for, 866 against.

Proposition 4 (education provisions)—244 for, 918 against.

Proposition 5 (finance provisions)—267 for, 881 against.

Proposition 6 (local government provisions)—293 for, 901 against.

Proposition 7 (general provisions)—272 for, 921 against.

Proposition 8 (mode of amending)—321 for, 898 against.

NOW IT'S OFFICIAL—Mayor Elmer Youts signs the proclamation that gives full city support to the activities of the Chamber of Commerce Bicentennial Committee, led by [from left] Florene Leinen, heritage chairman; Linda Maxwell, general chairman; Linda Roberts, horizons chairman; and Carolyn

Watts, festival chairman. Now that city support is obtained, the committee may apply for official state and national status. On the wall behind the mayor's desk is a colorful Bicentennial rug which Youts bought to decorate the city hall during the commemorative year.

'MAYBE WE'LL ENROLL NEXT'—Tony and Josephine Garza sit beneath pictures of their six children [from left] David, Daniel, Janie, Roy, Pete and Tomas. The Garzas have sent all six of their children to college, including

two to law school and one into study for the priesthood. Also, Garza—who is a service-station owner and radio broadcaster here—helped finance the college educations of his brothers.

## Tony Garza has helped put nine through college

By LINDA MAXWELL

Antonio C. "Tony" Garza has helped nine people finance their college educations because he believes in helping others and thinks a family should show togetherness and support of one another.

TONY HAS put three of his brothers through, and helped with part of the finances for another one, besides seeing that his own six children received college educations.

Tony was born March 28, 1923, in Asherton, located between Eagle Pass and Laredo. He lived on his father's farm five miles out of Asherton (in Dimmitt County) for almost 30 years, along with his five brothers, two sisters and grandparents.

He attended a Catholic school in Asherton in the first and second grades, then went three years to a little school that was on the farm. After the fifth grade, he rode the bus into Carrizo Springs, where he graduated from high school.

"My grandparents came from Mexico. Grandma said she remembered they came across in 1903 at Laredo. Granddad was a blacksmith then," Tony recalls.

ALL OF Tony's brothers and sisters, as well as his parents, are still living. Joe, Fernando, and Marvin are the three Tony put through college.

"Joe went to A&M. He used to be an instructor for helicopter pilots at Mineral Wells. Now he's working with the government in Oklahoma. Fernando and Marvin both went to San Marcos State. Marvin is a chemical engineer with the Phoenix Water Dept., and Fernando is a chemical analyst in his own medical research lab in St. Louis, Mo."

TONY ALSO helped finance the college education of his brother Adam, who is now a chemist with a brewery in Connecticut.

Ramiro, the youngest of the

thers, two sisters and grandparents.

## Carnival draws 1,700

More than 1,700 attended the Dimmitt Lions Club Halloween carnival last Thursday night, according to Boss Lion Robert Ryan.

RYAN reported at the club's noon meeting Tuesday that carnival gate receipts at 25 cents per person totaled \$429, indicating a paid attendance of 1,716.

During the club's business session, Lions elected Ken Justice third vice-president to succeed Geoffrey Earl, who has moved.

District Governor Larry Fuller of Borger will make his official 1975-76 visit to the Dimmitt Lions Club next week, and will be the main speaker at the Tuesday noon meeting. During his visit he will review the district's and local club's progress to date and goals for the remainder of the fiscal year.

THE BANQUET will have a "country and western" theme and will be open to all 4-H members, their parents, adult leaders and their families.

Unique, handmade hobby-craft items will be featured tonight (Thursday) when the residents of South Hills Manor nursing home hold their annual Holiday Bazaar from 7 to 8:30.

GIFT ITEMS on sale will include ceramic figurines, dolls, pillow cases, crocheted items and other holiday gift articles.

All the items displayed in the bazaar are the handwork of South Hills Manor residents.

## 4-H banquet set Saturday

The county's 4-H'ers, their adult leaders and parents will gather at the County Expo Center Saturday night for the annual 4-H Awards Banquet.

JUDGE Weldon Bradley will announce the county 4-H Gold Star Girl and Gold Star Boy for 1975 as a highlight of the annual banquet.

The banquet will start at 7 p.m. with a meal of pit-barbecued lamb, prepared by Edd McLeroy, the 4-H Junior Leaders and 4-H Council.

Recognition will be given to the county's 250 4-H'ers and their 40 or more adult leaders and sponsors. Those who completed projects during the year will also receive their project pins and certificates, to be presented by the county commissioners.

THE BANQUET will have a "country and western" theme and will be open to all 4-H members, their parents, adult leaders and their families.

Unique, handmade hobby-craft items will be featured tonight (Thursday) when the residents of South Hills Manor nursing home hold their annual Holiday Bazaar from 7 to 8:30.

GIFT ITEMS on sale will include ceramic figurines, dolls, pillow cases, crocheted items and other holiday gift articles.

All the items displayed in the bazaar are the handwork of South Hills Manor residents.

## VFW post will host district convention

Delegates from 16 area cities will gather in Dimmitt Saturday and Sunday for the District 13 convention of the Veterans of Foreign Wars.

CASTRO Memorial Post 8056 and its Auxiliary will host the convention, which will open for registration at 2 p.m. Saturday.

Joint meetings will be held in the local post home, with the Ladies' Auxiliary business session to be held Sunday in the city hall council room.

Presiding at the VFW business sessions will be District Commander Paul Guerra. District Auxiliary President Dorothy Gaulden will conduct the women's business sessions.

Registration fee is \$5 for individuals and \$10 for couples.

FEATURED convention speakers will be Billie Rhoades, past state president of the VFW Ladies' Auxiliary, and Clyde Hall, immediate past Department of Texas commander.

Harry Hauf is commander of Castro Memorial Post 8056. President of the local VFW Auxiliary is Florene Leinen.

## Fertilizer specialists to speak here tonight

Two soil chemists and two agronomists will be featured speakers for a fertilizer short-course at the County Expo Building here tonight (Thursday), beginning at 7:30.

THE one-evening event, said Jim Valentine, Texas Agricultural Extension Service soil specialist, is of special interest to area producers needing a refresher course on plant nutrients, forage and grain fertilization and soil testing.

Dr. Charles D. Welch, head of the Texas Agricultural Extension Service Soil Testing Laboratory at College Station, and Valentine, who heads the Extension Soil Testing Laboratory at Lubbock, will discuss fertilizing corn and sorghum and the value of soil testing.

Dr. James Supak, Extension agronomist-cotton, will take a practical look at plant nutrient

carriers, and Dr. Frank Petr, Extension area agronomist at Amarillo, will discuss fertilizing small grain.

SPONSORED by the Texas Agricultural Extension Service and the Panhandle Economic Program for Castro, Deaf Smith and Parmer Counties, the fertilizer shortcourse is designed to aid area producers in planning their fertilizer programs.

"Topics to be discussed will be short and to the point," Valentine said. "Included will be factual information on fertilizer use practices that have been proven effective in our area."

Refreshments will be provided. No fee will be charged for the shortcourse.

Refreshments will be provided. No fee will be charged for the shortcourse.

## UW kickoff set Nov. 13

Dimmitt's first United Way campaign will officially kick off Nov. 13 with a 6:30 a.m. breakfast in the Colonial Inn Restaurant.

BOB CADDELL, campaign chairman, said team captains and workers will be announced, campaign cards will be distributed, and workers will receive their instructions for starting the 1975-76 fund drive that day.

BOB CADDELL, campaign chairman, said team captains and workers will be announced, campaign cards will be distributed, and workers will receive their instructions for starting the 1975-76 fund drive that day.

## Nazareth Lions to sell brooms

The Nazareth-Lions Club will hold a broom sale at the Nazareth Shamrock Station Sunday after early mass.

THE LIONS will have all types of brooms, mops and brushes for sale, plus ironing-board covers, hot-pads, porch mats, scrubbers, sponges and other household items. Most of the items are produced by blind persons in Lighthouse Industries.

## KC's set steak-out to boost band fund

The Knights of Columbus will sponsor a public steak-out Saturday at 7 p.m. in the Nazareth Community Hall.

Admission is \$3.50 per person. The proceeds will go to the Nazareth Swift Band Fund.

## Sunnyside plans harvest festival

The Sunnyside community will host an area-wide Harvest Festival benefit celebration Saturday night, Nov. 15.

THE FESTIVAL will include a big Thanksgiving meal, to be served from 6 to 8 p.m., and appropriate entertainment.

Although there will be no charge for the meal, donations will be accepted, to be used to help pay for the community building.

## Rotary takes flag service

The Dimmitt Rotary Club has taken over the downtown flag project, and is preparing contracts for the coming year.

THE FLAG service for businesses provides for the large sidewalk flags to be set out 10 holidays (including Roundup Parade day) for \$15 per year.

Bill Behrends, chairman of the project, said that any business owner wanting the flag service for the coming year should contact him at 647-3176, or any other Rotarian.

## FFA selling citrus fruit

You can have fresh grapefruit and oranges delivered to your house the first two weeks of December if you order them between now and Nov. 17 from Dimmitt FFA members.

THE FRUIT is selling for \$6.50 per box, mix or match. Contact any FFA member or call the Vo-Ag Department at the high school, 647-3105. The proceeds will go to help the club pay for a stock trailer.

## CB radio club to form tonight

Owners of Citizens' Band radios are urged to attend a meeting tonight (Thursday) at 7:30 in the city hall auditorium to organize a CB club for the Dimmitt area.

## Crafts to be sold at Manor tonight

Unique, handmade hobby-craft items will be featured tonight (Thursday) when the residents of South Hills Manor nursing home hold their annual Holiday Bazaar from 7 to 8:30.

GIFT ITEMS on sale will include ceramic figurines, dolls, pillow cases, crocheted items and other holiday gift articles.

All the items displayed in the bazaar are the handwork of South Hills Manor residents.

## Civil preparedness

PLANNING AHEAD—Members of the Civil Preparedness operations team keep track of both the problems and solutions during the Emergency Operations Simulation Exercise last Thursday night. While many were enjoying the community Halloween Carnival, these people gathered at the Dimmitt fire

station to carry out specific duties they will be assigned in case of a real emergency here. Assisting city, county, state, hospital and school officials in setting up the Civil Preparedness program here was the Division of Disaster Emergency Services, a branch of the Texas Dept. of Public Safety.

INFORMING THE PUBLIC—During last Thursday night's Emergency Operations Simulation Exercise at the Dimmitt fire station, Public Information Officer Jerry Marvin [right] announces that a tornado has been reported on the ground at Flagg, traveling northeast toward Dimmitt at 15 mph. As soon as the announcement was made, members of the Civil Preparedness executive group and operations group initiated an emergency plan to minimize the loss of life. The simulated tornado was one of many real-life situations posed for the Civil Preparedness team during the three-hour practice session.

Sheffy's chatter

# Fishermen head for southern lakes and Gulf Coast

By MYRTLE SHEFFY

Fishing trips are being taken by a few of the citizens. I hear that Ben Hill, James Bradford, Harry Hauf and Cliff Cook went to Port Isabel last week, that is at the southernmost tip of Texas. They probably caught a few fish. I didn't hear. And the Calvin Pettys went east to Toledo Bend. The Frank Mears usually go to Falcon Lake. Will ask them next week.

**JAMES AND Mildred Burnham** are home from a few weeks trip to Oklahoma and Arkansas.

Oh yes, Hugo Beyers tells me he made two trips to Hart instead of Africa, Europe or China. Now that's a switch for him and Dottie.

Allene Berryman of Hereford was down for a visit with her parents Mr. and Mrs. C. G. Ballard. I saw them shopping Dimmitt's stores.

Lee Cole and his friend Bren White of Lafayette, Ind., both students at ACC in Abilene, were home for a weekend visit with his parents the L. V. Coles. Bren tells me his father Dr. Joe L. White is a professor at Purdue University. The boys met on one of the Campaign for Christ trips to Europe.

**CALVIN AND Tommie Petty** and daughter Jeanette went to Toledo Bend Lake to do some fishing. That place is near Louisiana. They stopped at Arlington enroute to the lake to visit their daughter Sherlon and Ed Dyer and children.

Rita Wall and Jessie Ebeling say they really do like the new fangled adding machines at Walts. Go see.

Mr. and Mrs. William A. Scott were here from Los Alamos, N.M. this week to visit her sister Lillian and Al Cameron.

Mrs. Vada Nettles of Brownfield was a weekend guest of her daughter Georgia and Tom Finley. Mrs. Nettles will move here when she finds a house.

Last week a few ladies went to Ruidoso for a big bridge tournament. These I heard about were Faun Welker, Mary Harlin, Ramona Annen and Joannis Robertson.

Mr. and Mrs. Weldon Skinner were hosts at a dinner party Thursday evening with

bridge later. Guests were the Joe Cowens, the Joe Bensons, Evie Froehner, the M. E. Cleavingers, the Glen Ratcliffs and Helen Richardson.

**NEVA HICKEY** and her sister Ruby Cushionberry of Quitaque attended the golden wedding reception for a relative Buck and Ora Hale at the community center in Hereford Sunday afternoon.

Mary Booher was cleaning the top part of the refrigerator when she fell and broke a hip bone. She got to the phone and called Mrs. Jim Ramsey who got the ambulance. She has been taken to Lubbock for treatment. Her son Jim and Melba Aldridge are with her.

Marguerite Hudgins of White Deer spent a few days here visiting her kinsmen Rev. and Mrs. Marvin Roark. Marvin is pastor of the Methodist Church. I hope you heard the meditation over KDHN Sunday morning and the choir and solo by Jim Massey. Very beautiful Thanksgiving tribute to God in sermon and song.

Judy Nichols and Mildred Bradford remind you to come to the turkey and trimmings dinner at Methodist Fellowship

## Ed-secretaries meet in Earth

The Peak of the Panhandle Educational Secretaries Association began its new year with a salad supper in the home of Oletha Sanders of Earth last week.

**FOLLOWING** the supper, Dorothy Mercer of Hereford installed officers for 1975-76. She chose the theme, "Precious Jewels," as she compared each office with one of various brilliant jewels that were extracted from a jewelry chest loaded with other beautiful jewels representing the entire membership.

Margarette Craig of Hereford was installed as president; Billye Gwen Davis of Dimmitt, vice-president; and Billie McDowell of Hereford, secretary-treasurer.

During the business session that followed, Frances Suttle of Hereford was appointed parliamentarian.

**PURSuing** the theme of the educational secretaries' summer work conference in Austin, Oletha Sanders presented a brief program on "New Spirit - New Horizons." She and Margarette Craig reported on the summer work conference they attended.

Secretaries attending the meeting were Margarette Craig, Yvonne Simpson, Billie McDowell, Jessie Ann Davis and Dorothy Mercer of Hereford; Elberta Dwyer, Billye Gwen Davis and Bessie Strickland of Dimmitt; and Oletha Sanders of Earth.

## Kiwanians win travel trophy

The Dimmitt Kiwanis Club has won the district first-place trophy for best attendance at other Kiwanis clubs' installation banquets in the district.

**THE DIMMITT** service club was presented the district traveling trophy for interclub visits at the recent Kiwanis installation banquet in Amarillo. The trophy represented the most man-miles traveled, for size of club, during the officer-installation period in the district.

Hall Wednesday, Nov. 12, 11:30 - 1:30, and the bazaar in the Gold Room starts at 10. Oh, the dinner tickets are \$2.50 for adults, 50 cents for children under 12.

**DALE AND Betty Maxwell** went to Abilene this week to visit their daughter Becky Sue.

Barbara Harrison and young son Benjamin have returned to their home in Prairie Village, Kan. after visiting for ten days with her mother Adeline Rush and dad George who was in Plains Memorial Hospital recuperating from a heart attack.

Mr. and Mrs. Earl Brock are home from a rambling trip. One stop in Artesia, on to El Paso, then to Phoenix to visit Dr. Bob and Pat Brock. Margaret and Raymond Wilson left here last week for Phoenix. Pat Brock is their daughter.

Getty Baten of Dumas spent a few days here visiting her nephew Curtis and Marie Tate. She also visited her friend Mrs. Pearl Mapes. Other guests of Mrs. Mapes were LaVelle Mapes of Walsenburg, Colo. and Mrs. Fred Mapes. Pearl lives at Kings Manor in Hereford.

This week Marie Tate is staying with the grandkids in Amarillo while Jim and Judith go to Fort Worth on business.

**I, MYRTLE**, received a very good cake and a ticket to see the school play "The Odd Couple," presented Saturday evening and Sunday afternoon. My gift giver was the Secret Granddaughter. Now, wasn't

at Tech in Lubbock last week-end.

**DALE AND Betty Fowler** celebrated a wedding anniversary Sunday. They had a special dinner and daughter Sherry Fowler came home from Amarillo for the occasion.

Mrs. Florence Cooper and Jerri and Earl Chaney had company this week from East Texas. They were Mrs. Glenn Elliott of Longview, Mr. and Mrs. Frank Howell of Windom, Mrs. Ron Shultz and son Jeremy and Mr. and Mrs. Roy Battles and Gregory from Irving. Florence Cooper, the mama, celebrated a birthday Friday.

Margaret Womack reminds all of you to come to Holy Family Church in Nazareth Friday at 9:30 a.m. for World Community Day. The ladies of the church will be hostesses with several speakers. Marvin Roark will talk a few minutes, also Father Stanley.

Mrs. Flora Stanford is in Albuquerque with her son Paul and Betty. Betty has been quite ill with an infected eye.

And Mamie Birdwell and son Kent went to Houston for her physical checkup. She seems to be fine.

**MR. AND MRS. Elvis Barker** went to Erick, Okla. to attend the funeral service for his mother.

Jack and Myrna Cowsert went to Dalhart to visit their daughter Carol and Ronnie Faris and children.

Mr. and Mrs. Oscar Wylie went to Hart Sunday to have dinner with their daughter Janet and Rickey Mitchel. Janet teaches school in the intermediate grades.

Jim and Dorothy Elder went to El Paso for a visit with their daughter Gayle and Jim Rat-

cliff. Mrs. Dora Houtchens celebrated her 81st birthday recently with a family dinner at Roy and Florene Stafford's place at S&K Apartments, then in the afternoon all gathered at her daughter Mary and Charlie Hestand's house for cake and conversation. Many friends from here, the family, Louise and Marvin Boyd, Percy and Pat Merritt, all from Clovis, her sisters Mallie and Joe Baber and Ruby Stallings from Canyon were there.

And this week Joe and Mallie and other relatives from Colorado were at the Hestands to see Dora.

**MRS. COWBOY Johnson** (Jeannie), her sister Judy Burin from Auburn, Maine, sister-in-law Mona Pitman from Amarillo spent a few days in Ruidoso for a rest type vacation.

And last week Jeannie was hostess at the Friday bridge at the country club. Seems she won high, with Martha Jo Hyman as second. Players were Jo Beth Shackleford, Katy Heuett, Jan Querze, Bernice Hill,

Build or clean ditches up to 7' wide, 33" deep. Rubber mounted or 3 point hitch models. Mechanical or hydraulic control. One man operation. Easily transported. Low power requirements. Handled by standard farm tractors. There are 5 models available.

A quality, heavy duty rear grader blade with complete hydraulic control of the blade angling and lifting from the tractor seat. A full 10 wide blade for agricultural or industrial use on large wheel tractors.

**Hays Implement Co.**

beaten out for low by Stanley Byrnes and Leslie Clarey.

Reba Touchstone had a few friends in Thursday for coffee and goodies and some games of bridge. Her guests were Ceal Carlile, who won high, Katy Burkett, Jeanie Miller and Edna Riley.

Bobbie Damron, Dee Williams and Cletha George.

And another evening quite a group from here attended the annual bridge hosted by the Beta Sigma Phi at the community center in Hereford. 104 people were there Jeannie says. She and Jo Beth were

**READY FOR New CARGO**

This ship has been emptied of its cargo, and now stands ready to take on fuel and more cargo for further service. If this ship were to remain empty, it would be of no value and would be failing in the one thing that it was built for.

Man was created to be a companion to God, and when he does not join in worship with God, he is failing in the reason for his creation.

Make your life mean something for God ...

**EVERYONE IN THE CHURCH**  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# View from the Library

By CARLTON R. MOYERS  
Librarian

On a recent Tuesday night I was observing a class of mostly ladies in Amarillo who were practicing laminating pictures as part of their training in different types of media for libraries.

AFTER watching the process for some time, I became aware of a tall, dark and slender stranger over in one corner, standing silently amidst all the activity, not really paying attention to anyone or anything in particular. The stranger just stood there facing the wall, content to be ignored by all the busy people around, except one—me.

I became so fascinated with the tall, dark and slender stranger I would've inquired of its master the privilege of bringing it to Dimmitt, but I knew it would be of no avail. Masters don't let such servants out of their sight, so I contented myself with just admiring the stranger.

Well, dear reader, if you haven't figured out exactly what I'm writing about, don't give up and send the men in white coats to get me. Read on and the clouds will lift, I promise.

THE STRANGER I met was a black and white television camera, and this wasn't my first encounter with such a gadget. However, all the other cameras I've seen have been in schools and universities, where they were for demonstration at a distance. The main difference was that I sat next to this one and had all my questions answered.

Also, in the back of my mind was an idea about how a television camera would fit into an oral history collection when hooked up to a videotape recorder.

Videotape recorders also take programs from commercial programming and allow users to create their own custom-made programs.

ALONG WITH thinking about library use of movies and projectors and videotape recorders goes a comment about the traditional view that libraries are mausoleums of books and that librarians are quiet little ladies with buns in their hair. Any library which promotes only the reading of books is living in the 19th Century and will be used as such.

For any library to be a living

entity of the 20th Century, it must not only contain great and not-so-great books, but must be able to offer users access to movies, records, tapes, and even television production.

It's easy and comfortable for librarians to rely too heavily on books, because books are safe. Electronic media means adventure and risk. To consider electronic media is to admit that a library should deal in all types of information, not just books.

AND, to extend the analogy, libraries are becoming automated, which is considered a threat by many librarians; not because their jobs are endangered but from fear of the unknown, which only means they're human.

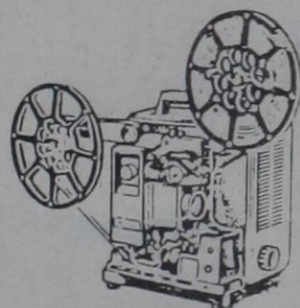

But folks, computers can be understood by anyone who'll read and keep an open mind. I'm afraid open minds are not what many librarians are keeping about all the present technology. Actually, only those who refuse to consider automation are the ones who will suffer most from fear of it.

All I really want to say is that we're living in exciting times, despite the problems which threaten us. By trying to comprehend and understand all that happens around us, we can master the situation and get a good bargain from life. I hope to see Rhoads Memorial Library become a vital force in providing citizens of Dimmitt and Castro County with an opportunity to explore life through all possible means—which includes movies, television, automation and, of course, books.

DURING my first day in Dimmitt someone commented they didn't expect a man to apply for the job of librarian. I'll admit there are still those silent types coming out of library school who would rather fondle books than talk with people, but times are changing and I'm here to help them change.

Did you know Casanova was a librarian? Well, it's true. Now folks, I wouldn't lie to you. Honest Injun, and Scout's honor. (I made Tenderfoot.) I have it on authority of several buttons and sweatshirts known to be at large in the Dallas area. They were worn by honest people, also librarians. Also, there are some pretty swinging ladies coming out of library school who think a bun is something you butter and eat.

Well, I descend my soapbox. This is Carlton at the TV station. Thanks so much for listening. Be good, everybody.

Rhoads Memorial Library has started a fund to buy a 16 mm movie projector and WE NEED YOU

More than half a million adults, juniors and teens serve as volunteer leaders in 4-H projects and activities.

RAMSEY, and if any of the above parties ever married, their husband and/or wife, and if any or all of the above named parties are deceased, the heirs, the unknown heirs and legal representatives of each and all of them; their unknown spouses and the unknown successors of any of the above acting in a fiduciary capacity, and any and all persons owning or claiming any interest in the property hereinafter described, all of whom are DEFENDANTS: Greeting:

**YOU ARE HEREBY COMMANDED** to appear before the Honorable District Court of Castro County, Texas, in the Courthouse thereof in Dimmitt, Texas at or before 10:00 o'clock A.M. on the first Monday after the expiration of 42 days from the date of issuance of this citation, same being the first day of December, 1975, then and there to answer in writing Plaintiffs' petition filed in said court on the 17th day of October, 1975, in this cause numbered 4147 on the docket of said court and styled, OLEN A. RICE, ET UX, VS. E. T. PRICHETT, ET AL, a brief statement of the nature of said suit being as follows:

Suit in statutory form of trespass to try title, and for costs by Olen A. Rice, et ux, Plaintiffs, against those persons who are first named in this Citation and to whom it is directed, as Defendants, and the unknown spouses and heirs and legal representatives of the said named persons and each of them, the names and residences of whom are alleged to be unknown to the Plaintiffs, the Plaintiffs suing for title and possession of the following described real estate lying and being situated in Castro County, Texas, to-wit:

All of Lots Number One (1) and Three (3) in Block Number One Hundred and One (101), in the Original Town of Dimmitt, Castro County, Texas.

Plaintiffs allege that they are entitled to the title and the possession of said property, claiming under the twenty-five year Statutes of Limitations, and Plaintiffs further pray that the cloud cast on the title to the property above described by Defendants be removed and said title vested in the Plaintiffs, all as is more fully shown by Plaintiffs' Petition on file in this suit.

The Officer executing this process shall promptly serve the same according to law and make due return as the law directs, and if this process be not served within ninety days from the date of issuance, it shall be returned unserved.

**ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT** at office in Dimmitt, Texas, this 17th day of October, 1975.

-s- ZONELL MAPLES  
Clerk of the District Court,  
Castro County, Texas

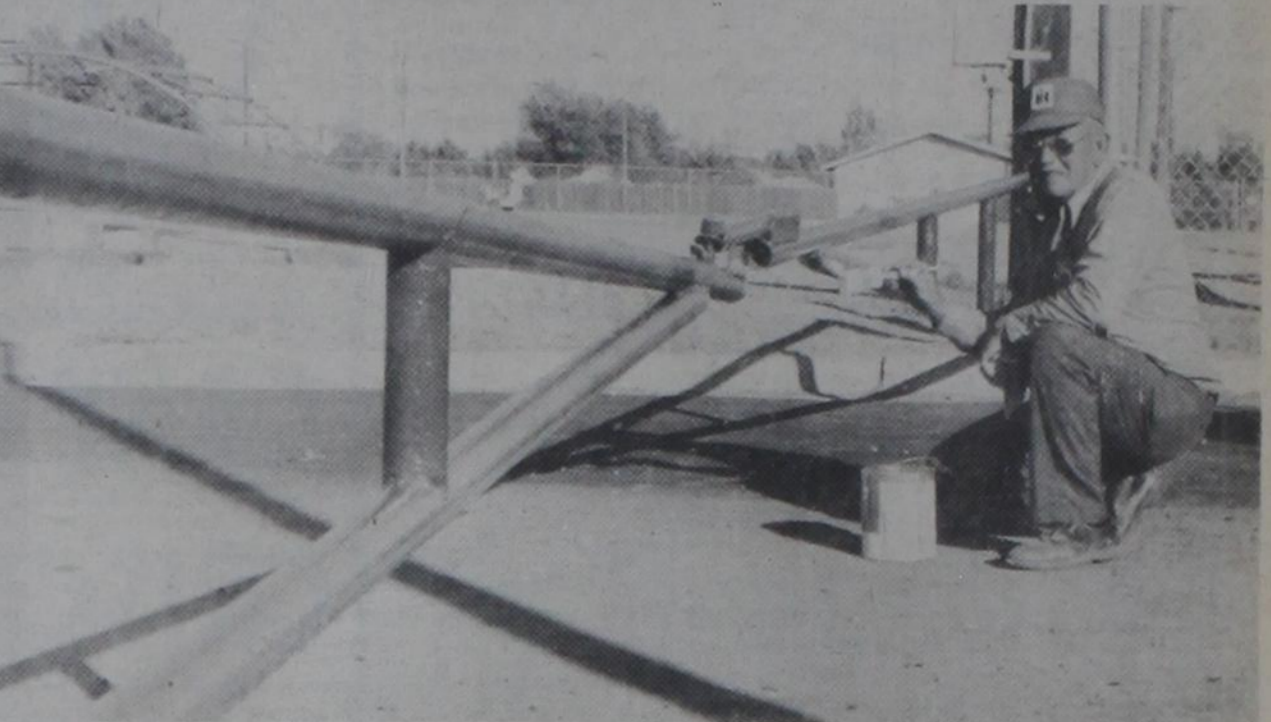

(SEAL) 15-3-4tc

Adding one-half cup of glycerine or alcohol to each quart of window washing solution will help keep the glass from steaming up during cold weather. Mrs. Janice Carberry, family resource management specialist with the Texas Agricultural Extension Service, says.

**BICENTENNIAL COLORS** have blossomed out all around Dimmitt's schools. First the schools' seven garbage canisters were repainted in patriotic colors, and last Thursday H. T. Dodson gave the gates at Richardson Elementary a new coating of red, silver and blue. Also getting colorful new coats of paint were school fences and the trash barrels at Bobcat Stadium. Helping Dodson with the Bicentennial painting project was Felix Bandelera. Dimmitt High School students will soon convert the city's fireplugs into decorative caricatures of Revolutionary figures.

## Bicentennial Farm Feature

### Colonial Farmers Used Oxen, Got More Power for Less Feed

While oxen were the early beasts of burden, farmers and their wives performed the field work in grain harvesting.

Most of the labor on Colonial farms was provided by men. Seeding, cultivating, harvesting and many other farm operations were performed with crude tools and the sweat and muscle of the farm family. Oxen and horses were used only to plow and harrow, and to haul hay and grain in from the fields.

And on most farms, oxen were much preferred to horses. As Benjamin Franklin observed in 1769, "The farmers are more thriving in those parts of the country where cattle are used than in those where the labour is done by horses. The latter are said to require twice the quantity of food to maintain them; and after all, are not good to eat. At least we do not think so."

Unlike horses, oxen could subsist without grain. In the summer, they could graze on pasture, and in the winter, they could live on hay and corn stalk fodder. When they were no longer strong enough to be used as draft animals, they could be fattened and slaughtered for the table.

Oxen were tough creatures, much harder than the horses of colonial America, and could haul heavy loads over long distances without tiring. Farmers in Pennsylvania used limestone to improve the productivity of their fields. And while they could pick up the stones from their fields, they needed to transport the stones to kilns where they were heated until they crumbled to a powdery dust. The journey to the kiln and back was often very long. Teams of oxen, although they moved slowly, could be depended upon to make the journey to the kilns and back.

One farmer, who was also a commercial limestone dealer, reported, "I find with my two oxen I can do more work than I could with four horses, and at half the expense. My oxen go to the lime kiln once a week, twenty-one miles in the morning, and return the next day in the forenoon. After resting two hours they go to work. Horses cannot do this."

One Colonial observer reported that in his area, "All most all the work on farms was done with oxen; and in driving his cattle the old settler would halloo with all his might and swear profusely. This profanity and halloing

The slow and placid ox was better suited for use on hilly or rocky land and on new ground that was full of stumps than the more high-strung horse. Horses were used extensively, though, to travel the treacherous roads of the time, where the use of vehicles was practically impossible.

When roads were improved, especially after turnpikes were built, horses began to gradually replace oxen as draft animals. The development of horse-drawn machinery, beginning about 1830, completed the displacement of oxen, although many yoke of cattle were kept on hill-side farms on up to the time of the Civil War.

In those days, the methods by which oxen were hitched to farm implements and vehicles were as crude as the

### Cubs collecting bottles for fund

Cub Scouts of Den 4 are collecting soft-drink bottles to raise funds to help Dimmitt teacher Betty Allsup in her fight against cancer.

MONEY which the boys receive by redeeming the bottles will be deposited in the Betty Allsup Fund, which was established at the First State Bank recently by the Lee Street Baptist Church.

Kay Mansell, den leader, said anyone wishing to donate bottles to the Cubs may call her at 647-2572 or 647-4583.

# Dawson re-elected to conservation district board

By TEENY BOWDEN

Ed Dawson was re-elected director of Lamb County Soil and Water Conservation District recently. He was elected to the board in 1970 and was vice chairman in 1973 and chairman in 1974.

JOHN Gilbreath was elected secretary-treasurer of the Grain Sorghum Producers Board at the regular bi-monthly meeting

recently. The GSPB serves a 29-county area.

Noah Spencer got home Saturday night from Parkland Hospital in Dallas. He will continue his dialysis treatments at Lubbock three times a week. Mrs. Linda Tinsley of Canyon went to Dallas Thursday to help drive them home. Mrs. Spencer and Mrs. Tinsley spent one night with an aunt and uncle there. They took Mrs. Tinsley home Sunday afternoon.

Mrs. Embree Roy Sadler came home from Lubbock Monday and went back Tuesday to spend the rest of the week with her dad in University Hospital and with Mrs. Fowlkes. Mr. Fowlkes had to have more blood the early part of the week, but was better Sunday.

Mrs. Pearl Sadler is making satisfactory progress in Central Plains General Hospital in Plainview. Members of the family have visited with her several times this week.

MR. AND MRS. Rodney Miller, Chris and Todd moved from the community to Dimmitt this week. They bought a house in Dimmitt. Mr. Miller returned home from a deer hunt in Colorado this week. Mrs. Miller and the boys visited with her sister in Sweetwater last weekend.

Rev. Raymond Jones returned home from the Baptist General Convention of Texas in Dallas Saturday. Mrs. Jones went on to Santa Anna to help their oldest son, Mr. and Mrs.

Eddie Jones and Ray, move from Santa Anna to Abilene.

Hershel Wilson showed slides of the Vacation Bible School in Greenwood Baptist Church, Plymouth, Minn. during the Wednesday night prayer service. Also of their trip into Canada.

The Lions Club had its regular meeting Monday night.

MR. AND MRS. Howard Spencer visited with Mr. and Mrs. Bill Smith in Houston last week and came back through Dallas to be with Noah Spencer. They spent Wednesday night with Mr. and Mrs. John Spencer and returned to their home in Red River Thursday.

Mr. and Mrs. J. A. Van Straten of Dumas visited Monday and Tuesday and spent Monday night with Mrs. Ed Thompson.

The Springlake-Earth Wolverines were defeated Friday night by Hart 9-0 at Springlake-Earth. It was Parents' Night at the game. Mr. and Mrs. Cliff Brown and Mr. Ralph Fulfer were among the parents honored. Mr. and Mrs. Bud Woodward of Lubbock came to see Lee Brown play ball and Lynn Brown march in the band.

The Springlake-Earth junior varsity won over Hart Thursday night, 22-0. The eighth grade lost 16-6 and the seventh grade lost their game.

DAVID MONTIEL and the Dimmitt freshmen team won over Friona, 23-0, last Thursday and over Levelland this Thursday, 43-0, maintaining their undefeated record.

Coby Gilbreath and the junior varsity lost to Friona, 28-7. Matt Gilbreath and the eighth grade won over Morton, 14-0, Tuesday night.

Kelly Haydon and Gale Jones participated in the Springlake-Earth senior class

parents Mr. and Mrs. Tex Conard of Dimmitt.

EMBREE ROY Sadler went on to Lubbock after visiting with his mother in the Plainview Hospital Sunday to be

with M. H. Fowlkes in University Hospital. He spent the night with Mrs. Sadler and Mrs. Fowlkes. Mr. Fowlkes had a bad night Sunday night and surgery has not been ruled out yet. Mr. Sadler also visited

with Dr. and Mrs. Myles Sadler and children Sunday afternoon.

Mrs. Lillie King returned home from her visit in Amarillo last Sunday. Mrs. Sweeney is not feeling too well, but still doing well for her age.

**TEXAS TALK**  
By David Hays

Initial reports on a new acid delinting process for cotton are all positive. Called the "dilute sulfuric acid delinting process", the new method of removing lint from cottonseed promises several things. Most significant for the farmer is the prospect of lower delinting costs and higher quality planting seed. Cotton Incorporated of Raleigh, North Carolina, is developer of the process they say will revolutionize delinting. Currently wet-acid processes are threatened by Environmental Protection Agency action because of the large amount of sulphuric acid used in the delinting. According to first reports, the new process will consume only about 20 pounds of sulphuric acid per ton of cottonseed delinted. Backers of the operation say the quality of the seed will be improved, with no deterioration of the seed coat and with water uptake levels during germination equivalent to gin run seed.

## Names okayed for seven state parks

Seven new state parks have received their official names. The Texas Parks and Wildlife Commission gave approval in accordance with guidelines adopted in 1973 for naming state parks and park features.

GUADALUPE River State Park in Comal and Kendall Counties is named for the river on which it is located, the most prominent natural geographic feature associated with it.

Lake Mineral Wells State Park in Palo Pinto County is so named for a predominant man-made resource. Since the park is located within the Western Cross Timbers vegetative area, the Fort Wolters portion of it will be known as the Cross Timbers Unit.

Caprock Canyons State Park in Briscoe County receives the name because it is located on the Caprock escarpment and contains the upper canyons of

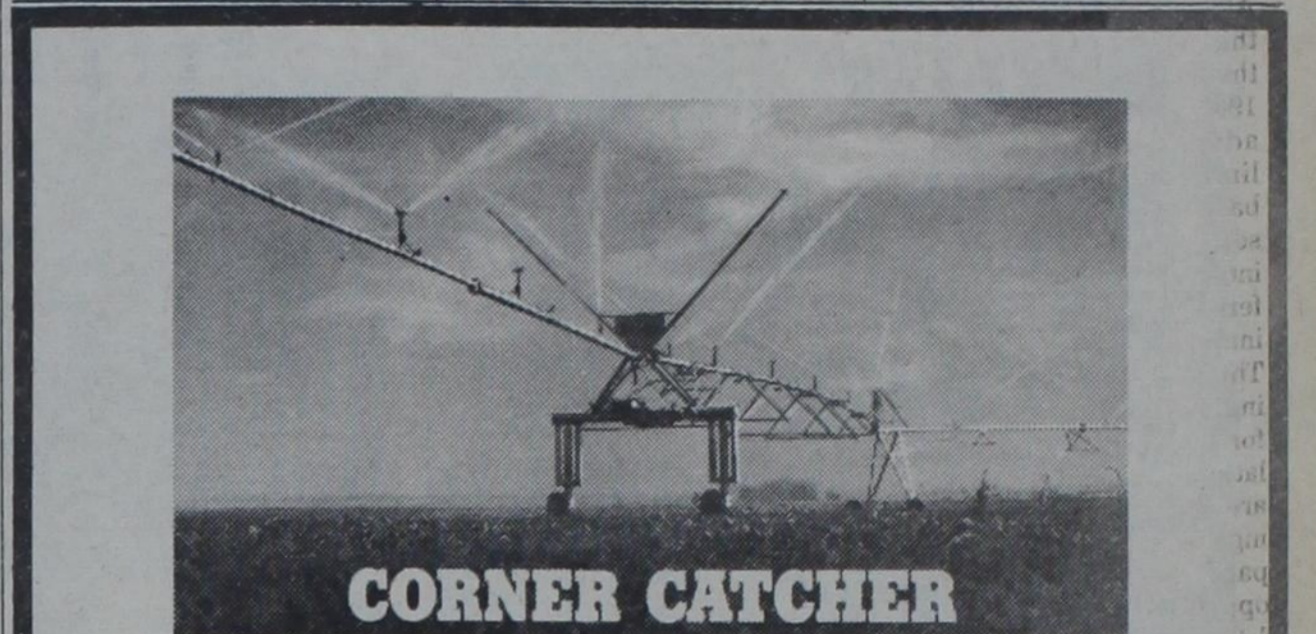

the north and south forks of the Little Red River.

BRYAN BEACH State Recreation Area in Brazoria County is on a site which has had the name through long-established custom and which is recognized on the USGS and nautical maps.

Caddoan Mounds State Historic Site in Cherokee County is called after an accepted name for the prehistoric inhabitants and associated ceremonial mounds.

Landmark Inn State Historic Site in Castroville is the site of a well-known hotel and grist mill with this name, which were established during the early statehood period.

Queen Isabella State Fishing Pier in Cameron County is a converted causeway that has long been named for Queen Isabella.

## CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation. For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

### VETERANS' SERVICES

By BEDFORD W. SMITH  
County Service Officer

Our office in the courthouse will be open Nov. 10 and 13 next week, but will be closed the rest of this week, Nov. 6 to 9. It will also be closed Veterans Day, Nov. 11, but I'll be available for claimants if needed that day. Call me at home 647-4368.

**IMPORTANT** for Vietnam Veterans with even one day of 181 consecutive days before May 7 when that era closed: Each of the 50,000 men and women leaving military service every month can expect at least five Veterans Administration communications within six months of their separation date.

Upon notification by the Department of Defense of termination of active duty under conditions other than dishonorable, the VA tells the new veteran of his eligibility for

benefits. The veteran is urged to contact the nearest VA regional office, a representative of a veterans' service organization, or your county service office for complete application procedures.

Separate communications are sent to veterans providing them with GI Loan Certificates of Eligibility for homes, condominiums and mobile homes and also information on insurance and educational programs.

Six months after release from the military, veterans receive a follow-up VA letter, again reviewing the veterans' benefits timetable. Particular emphasis is given to those benefits which require application within a year of separation.

The benefits timetable includes:

Register with local state employment service office. Veterans have up to one year to apply for unemployment compensation, but applications filed after a long period of unemployment could result in a lower rate of unemployment compensation.

Within 10 days, if previously registered with Selective Service, report address through local board.

Within 90 days, apply to former employer for reemployment.

In 120 days, (up to one year if totally disabled) convert Servicemen's Group Life Insurance to five-year Veterans Group Life Insurance.

Within one year from date of notice of VA rating on disability, apply to VA for special National Service Life Insurance based on service-connected disability, if applicable.

Within one year, apply to VA for dental care.

As soon as possible, apply to VA for GI education or training, which must be completed within 10 years of separation from military service.

There are no time limits for

**BIG HAUL**—Dimmitt Chamber of Commerce Manager Elvon DeVaney [left], Kenneth Frye, and sisters Betsy and Joan Toney of Girlstown look over the bounty that Girlstown received Saturday from Frye's farm near the Frio community. In the stock trailer are Frye's

main donations, a mother cow and three-year-old bull for Girlstown's new cow-calf herd. Frye also donated fresh cauliflower and cabbage from his fields. The girls also received fresh carrots and dried pinto beans from Dimmitt businesses.

## Girlstown gets herd bull

Girlstown already had three mother cows, three calves and a pair of heifers, but didn't have the "male lead" they needed to start a cow-calf operation.

**SATURDAY** they got him—a three-year-old Hereford bull—from Kenneth Frye, who lives between Dimmitt and Hereford.

Frye also donated a mother cow to go with the young bull. His donations brought Girlstown's new beef-cattle herd to 10 animals.

Receiving the gift for Girlstown at Frye's farm were sisters Joan and Betsy Toney and Girlstown Administrator Marshall Cooper. They made

veterans to:

Apply for GI loan guaranty to buy, build or improve a home.

File claim with VA for compensation for service-connected disabilities or disease, or apply for hospital care.

Seek assistance from local state employment offices in finding work or entering Labor Department job-training programs.

the trip from Whiteface Saturday morning with the Girlstown pickup and stock trailer.

**FRYE ALSO** gave Girlstown all the field-fresh cauliflower and cabbage that he, Cooper, the Toney sisters and a pair of helpers could cut and sack Saturday morning at the Frye vegetable farm.

And after the cow, bull, cauliflower and cabbage were loaded, Dimmitt Chamber of Commerce Manager Elvon DeVaney drove the Girlstown pickup to Dimmitt, where La Mantia, Cullum, Collier & Co. vegetable processors added 500 pounds of carrots.

Then Cooper and the girls stopped at the Castro County sheriff's office, where they picked up the first 100 pounds of a 1,000-lb. donation of sacked pinto beans. A second trip would be needed to get the rest of the beans and boxes of donated clothing that were waiting at the sheriff's office in Dimmitt, Cooper said.

**"WE'RE TRYING** to get our cow-calf operation started, and we hope that the girls eventually can have some show animals out of it," Cooper said.

"Leroy Johnson of Dawn gave us two mother cows last

year, and they both calved," Cooper said. "Then the Cow-Belles donated two heifers.

"And we had one cow and calf just walk up one day. We called the sheriff, and tried to find the owner, but gave up after a month. That's how we got our third mother cow."

"I WOULD have given them the bull a lot sooner if I had known they needed one," Frye said. "I imagine a lot of people would be willing to give a head or two to help the girls get their herd started."

### On Wall Street

By Bob Hill  
A. G. Edwards & Sons, Inc.

Last year Congress passed the Privacy Act of 1974. It was passed for a very good reason. Citizens, worried about the tremendous flow of personal details of individual consumer's buying habits, marital status, income, credit standing, bank balances, savings accounts, etc., put pressure on the Congress to stem the public nature of the vast amount of information flowing from a computerized society. The law is very specific on what the federal government must provide to taxpayers in the way of records it collects on them by the many government agencies and how that information the agencies collect is to be distributed to other users.

BUT, private business was left off the hook. There is now any control over the way information gathered by private sources about the personal

lives of individuals is used for business purposes. The question is whether banks, direct mail companies, insurance companies, credit bureaus, publications and hospitals should be subject to the same regulations as the federal agencies. One of the biggest problem areas is the invasion of privacy caused by mailing lists, credit cards and the use of Social Security numbers by banks, state agencies and others.

BANKS, especially are very careful to maintain good security in keeping information about their customers' private lives. But the spread of computerized financial transactions will doubtlessly cause some areas where leakage of information about a person could be tantamount to controlling that person. The amount of information

the government has about your private life is frightening. Business has also added to that store of information. Now the question is, how accurate is that information and who has the right to learn about the intimate details of your private life?

### Storage important in home canning

Storing home-canned foods safely will make the most of the time, effort and skill spent in preparing them, Sally Springer, a foods and nutrition specialist, says.

**HOMEMAKERS** can insure long-term food quality by following three easy steps, she said.

—Check to make sure the lid sealed correctly.

"The lid should be concave and make a ringing sound when tapped lightly with a metal utensil. If it's not sealed properly, the lid will 'thud' when tapped with metal."

—Remove the ring from the jar.

"Once the lid seals, the ring is not necessary—and if left for long periods of time, the ring may rust on the jar or become difficult to remove."

"Plan to preserve only the amount of food that can be eaten within a year, because no home-canned foods should be stored longer."

The specialist cautioned homemakers—before eating—to boil all home-canned foods 15 minutes to insure safe eating.

## WHETHER YOUR CROP IS STANDING or DOWN

## HESSTON ROW HARVESTERS

are the best "Crop Insurance" you can buy!

Save up to 90% of downed crops with a Hesston Row Harvester. In fields considered lost to conventional harvesting methods, the Hesston Row Harvester has demonstrated that it can "save" downed crops. It can pay for itself many times over in just a single drought-lodged field, or one leaning or even flattened by storm.

In normal harvesting conditions the Hesston Row Harvester eliminates reel shatter and "slobber." Experience in the heavy sorghum areas shows that you get more grain with the Row Harvester than you get with straight combining...enough in fact, to more than pay for one quickly.

#### Easy Adjustment Matches Row Harvester To Crop Conditions

Harvest up to 8 rows of standing or down crops planted as close as 24" or on double rows.

Noses Open Wide for Standing Crops Use Narrow Nose Opening for Down Crops

**SIMPLE ADJUSTMENT** lets you set the noses wide for high speed operation in up to 8 rows of standing crops planted 24" or wider and in double rows. When crops are down, set the noses narrow to get at the base of every stalk.

Sen. Lloyd Bentsen:

A step up

By SEN. LLOYD BENTSEN  
(D-Texas)

One autumn evening, as Air Force One lifted away from the midwestern city which former President Lyndon Johnson had just visited, one of his young aides looked out the window at a giant tract of houses.

THEY WERE all nearly identical, and they seemed to go on forever. As they were slowly left behind, the aide made a casual comment about the sameness and the cheapness of those houses.

But the late President neither smiled with approval, nor chuckled. He looked his young assistant in the eye and said: "Just remember one thing. For every family in one of those houses, it represents a step up."

A STEP UP. Where the aide could see only row on row of identical housing, the President saw hundreds of American families, each sharing in the promise of this country, each realizing the hope and aspiration that future generations would have things a little better than the one that went before.

Throughout the 1960's, those hopes were steadily being met. The "step up" became reality for millions of more Americans. Between 1961 and 1969, real take-home pay rose. Fifteen million Americans climbed out of poverty. And the quality of life for everyone, by every

measure, went up.

ALL THIS was the visible result of a healthy and vital and growing national economy. Industries were thriving, factories were operating at full capacity, and most of the men and women of this country who wanted to work were working.

ECONOMIC GROWTH. It was the only way THEN to achieve the American dream, and I believe it still is. Unfortunately, today there is a fashionable lie in this country that is threatening to prolong the economic disaster we have experienced these past few years. That lie is that economic growth is somehow bad for Americans.

There are those who persist in telling us that growth breeds inflation. But, you can fight inflation by putting more goods on the shelf, rather than making it harder to buy what's already there.

We have, after all, been testing these theories for the past seven years. We have had seven years of no growth and slow growth. And we have had seven years of inflation.

Others suggest that economic growth is the natural enemy of the environment. They say that economic expansion equals a declining quality of life. And that, too, is a beguiling lie.

FUNNY, ISN'T IT? The people who argue against economic growth are always people who have enough for themselves.

Someone must make them understand that healthy and well-managed economic growth is the best long-term solution to the problems of inflation and unemployment, the best cure for poverty and a declining quality of life.

This was true during the vigorous economic growth of the sixties. Goals were reachable then, goals like owning a comfortable home and providing for the education of children, goals like making ends meet better today than they did yesterday.

SIMPLE GOALS, yet they sum up much of what this country is all about.

We are fortunate in that there is nothing basically wrong with our American economic system. The worker wants to work, but he can't find a job. The consumer wants to spend, but fear of tomorrow makes him cautious today. The businessman wants to expand, but uncertainty in the marketplace makes him wait.

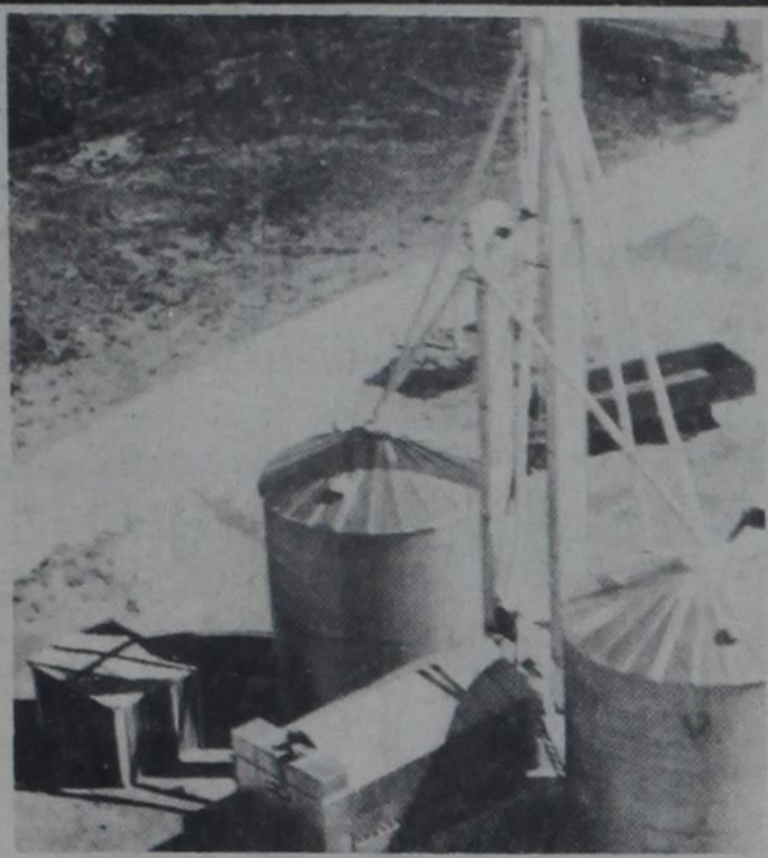

What is wrong is that fashionable lie that condemns economic growth. What is wrong is the paralysis this has created.

Barker's mother dies in Oklahoma

Funeral services were conducted at 10 a.m. Tuesday in the Primitive Baptist Church in Erick, Okla., for Ida Mae Barker, 79, Elder Valerie Henderson, pastor officiated.

BURIAL followed in Erick Cemetery under the direction of Fatheree-Albert Funeral Home.

Mrs. Barker was a member of the Primitive Baptist Church and a longtime Erick resident. Survivors include two sons, Elvis of Dimmitt and Rayford of Sweetwater, Okla.; two daughters, Ola Mae Coop of Erick and Gladys Underhill of Woodland Hills, Calif.; three sisters, Nina Markley of Dimmitt, Nettie McMullan of Erick and Lela Carmichael of Fluvanna; one brother, Marion Hughes of Floydada and 10 grandchildren.

EIGHT PATTERNS OF Armstrong Accolon no-wax vinyl flooring are displayed at Higginbotham-Bartlett Co. by Frank Welch and Era Heckerson. Available in 12-ft. widths, Armstrong vinyl offers beautiful, cushioned floor covering that requires a minimum of care. It's especially useful and durable in areas that get a lot of foot traffic.

## See the latest in no-wax vinyl at the Higginbotham-Bartlett Co.

If you need a floor covering that will stay beautiful, quiet and virtually worry-free indefinitely, you can't do better than Armstrong Accolon no-wax vinyl floor covering. You can get it at the Higginbotham-Bartlett Co. in Dimmitt.

It's a new, low-cost, cushioned vinyl floor covering that can be used nearly anywhere. The Hydrocord back allows its use on grade-level concrete slab floors, and even in basement rooms.

Whether you want your floor covering to be bold or subdued, modernistic or traditional, there's an Armstrong pattern and color for you. Armstrong Vinyl Accolon comes in a multitude of designs and color combinations. It simulates ceramic tiles, marble, brick or wood parquets, and is also available in a host of eye-pleasing abstract designs.

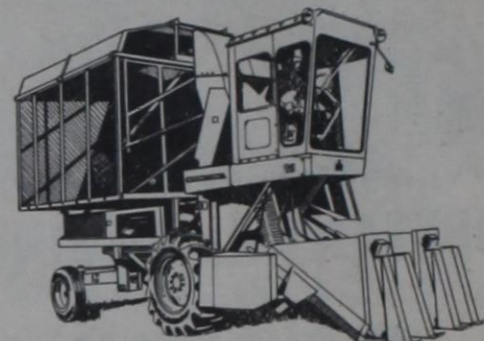

Available in 12-ft. widths, Armstrong Vinyl Accolon can be cut to fit most normal-sized rooms in one piece, with no seams required. "Loose-laid" without cement, it's a perfect floor covering for renters, because it can be rolled up and moved when desired.

Its molded-in cushioning makes it a good choice for a busy kitchen or any part of the home that gets a lot of foot-traffic. It's a durable flooring with a vinyl wear layer that resists household staining and withstands scuffs and scratches.

The multi-color patterns can be combined with a variety of interior color schemes, matching your fabrics and furnishings.

Stop in at the Higginbotham-Bartlett Co. soon to see the newest in easy-care floor coverings from the most famous company in the floor-covering industry.

Self-propelled stripping saves harvest dollars...

...today's top performer is the International 95 Self-propelled Cotton Harvester

Self-propel your way to bigger cotton profits with the extra savings you can get with this proved 2-row performer. You'll like the comfort of its all-weather cab... the convenience of its smooth-running hydrostatic drive... and its big-capacity clean stripping performance.

**Advantages over tractor-mounted machines:**

- You're always ready to go. Nothing to mount, and you don't have to tie up a tractor.
- Saves time and labor cost for mounting and dismounting—up to \$200
- Easier to service. Design makes service points more easily accessible.
- Brush roll or finger header flexibility to harvest the way you prefer.
- Less annual depreciation. Retains a much higher percentage of its original value from year to year.

See us now for details. Easy finance plans available.

JOE DAN YOKUM  
As Bozo the Clown

SHELLY PROFFITT, CHESTER MORGAN, DEBRA PROFFITT  
As they watched the dart throw, everyone missed

The Ladies' Golf Association held its last monthly luncheon and business meeting Oct. 28 at the Country Club.

The association voted to purchase a ball washer for the golf course in memory of Ola Mae Trimble.

PATTY SUMMERS gave a report and had charge of directing the association's booth at the Halloween Carnival.

Two of our members have been on the sick list—Joan Thrasher and Bessie Elder—and we hope these girls are much improved by this time.

Officers for the coming year were elected. They are Bobby

George, president; Amy Glover, vice-president; Mozelle Lilley, secretary and treasurer; and Dolores Baldrige, reporter.

Neva Hickey was appointed as director for the High Plains Association for next year.

THE CHRISTMAS party will be Dec. 9, with a luncheon at the Country Club at noon. Mark your calendar for this event; you will be contacted at a later date for details.

Our weather is fast becoming a little disagreeable for golf at times, but we will all be out playing when the weather permits. See you on the course.

## Cancer

Many still don't try to spot or prevent it

Medical science has yet to develop cures for every form of cancer, but there are known ways to help protect yourself against the disease, and many

people aren't using them.

PROTECTIVE steps against key forms of cancer are outlined in the American Cancer Society's free leaflet entitled, "Safeguards Against Cancer."

The cancer sites and their protective or preventive steps are:

1. LUNG—Don't smoke cigarettes.
2. SKIN—Avoid overexposure to the sun.
3. BREAST—Do monthly breast self-examination.
4. MOUTH—A dentist or physician can easily spot mouth cancer.
5. UTERUS—A Pap test once a year can detect most cervical cancer.

6. COLON-RECTUM—Adults over 40 should have regular "procto" exams.

7. BODY—The most important overall step is a regular physical checkup.

MRS. CLEO Forson, chairman of the Castro County Unit of the American Cancer Society, points out that the first three steps are do-it-yourself safeguards, and the next three are performed by a doctor, often during the yearly physical checkup, which is the seventh and last step.

The Pap test involves a simple vaginal smear which can reveal most cases of cervical cancer, a form of the disease from which about 8,000 women will die in 1975. The "procto" is a visual inspection of the rectal and intestinal area, which can detect many cases of colon-rectum cancer. That disease will claim some 49,000 lives this year.

"IF NO ONE smoked cigarettes, over 75 percent of lung cancers would never occur," Mrs. Forson said. More prudent exposure to the sun's ultraviolet rays would eliminate many cases of superficial (non-melanoma) skin cancer.

Lung cancer kills more people than any other form of the disease, claiming 81,000 lives a year, and superficial skin cancer is the most widespread; estimates range above 300,000 cases annually.

Breast cancer, which has the greatest incidence and causes more deaths than any other cancer site among American women, frequently can be detected in its early and most

'MADAME LA TUE' tells the fortunes of Larry Espinosa and Gilbert Esqueda, with the help of crystal ball, in the Ladies' Golf Association booth at the Halloween Carnival Thursday night. The mysterious fortune-teller was Rose Acker in disguise.

treatable stage through monthly breast self-examination. A doctor should do a more thorough examination during a woman's yearly health checkup.

Another routine visit—that to the family dentist—can uncover early signs of mouth cancer. A dentist is highly skilled in spotting such symptoms, and can recommend further tests if they are needed.

More detailed literature on these sites of cancer as well as the "Safeguards Against Cancer" leaflet are available from the Castro County Unit of the American Cancer Society.

### BOOSTER CLUB FOOTBALL CONTEST

#### CONTEST RULES:

1. Contestant must be at least 18, and must be a member of the Dimmitt Athletic Booster Club. If you are not a Booster Club member, you may send in your dues with your entry. Dues are \$5 per couple, \$2.50 per person.
2. Circle your choice of winning team in each game on this week's list. Be sure your name and address are on your entry.
3. Your entry must be turned in before 5 p.m. Friday at the Castro County News office, 108 W. Bedford St. Entry also may be mailed to "Football Contest," Castro County News, PO Box 67, Dimmitt, 79027, and must be postmarked before 5 p.m. Friday.
4. A committee of Booster Club members appointed by the club's officers will compile the weekly contest list and score the entries.
5. The tie-breaker score will not be used except in case of a tie on the number of correct choices. On the tie-breaker, circle your choice of the winner and pick the TOTAL POINTS you think will be scored in the game.
6. Contest winners will be announced at the next meeting of the Booster Club at 8 p.m. Tuesday in the Dimmitt High School Cafeteria. Any questions concerning the contest or individual scores should be brought up at that time.
7. Contest winners' names will be posted in next week's issue of the Castro County News.

#### PRIZES

WEEKLY prizes of \$5 cash for first place and \$3 cash for second place will be awarded by the Dimmitt Athletic Booster Club. GRAND PRIZE for the season will be 2 tickets to the Cotton Bowl Game. There will be no second place grand prize this year. The Booster Club scoring committee will compile weekly totals of contestants' correct predictions to determine the season prize winner.

**Youths attend national CYO convention**

By MRS. AGNES BROCKMAN

Several members of the CYO attended the National Catholic Youth Convention in San Antonio last weekend. Those attending from Nazareth were Norman Acker, Gail Kleman, Donna Acker, Denise McLain, Teresa Kern and Angie Wilhelm. There were 4000 boys and girls present from different places. Angie was a voting delegate from our Diocese.

A BEAUTIFUL day it is this Monday morning. It is still very dry here and haven't had a freeze hard enough to freeze

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

NOV. 6 — Jim Hays, Brad Sanders, Stephanie Brockman.

NOV. 7 — Sue Summers, Sharon Flynt Acker, David Patterson, Kurt Wales, Dave Hut-ton, Janeta Jones.

NOV. 8 — Lisa Wales, Ruth Hays, John L. Allen, Paul Hartman, Larry Spencer.

NOV. 9 — Bill Clark, Christine Huseman, Wayne Birkenfeld.

NOV. 11 — Jerri Lynn Frazee, Nell Martin, Sam Lane, Bonni Wagner, Victor Hartman, Ed Gerber.

NOV. 11 — H. M. Boozer, Lottie Smith, Peggy Adams, Mildred Birkenfeld, Paul Venhaus.

NOV. 12 — Deroey Cates, David Nelson, Rose Ann Wethington, Charles Lee Heck.

NOV. 13 — Todd Hatla, Linda Maxwell, Rusty Rickerd, Cindy Dyer, Dwayne Gerber.

QUOTING Owen Hansen: "Many people are blaming the politicians for the shortage of gas but that is hard to believe. Gas is one thing they are never short of."

the flowers as of yet. Had a nice little shower of rain Saturday, but not enough to last very long.

The Order of Martha held its regular monthly meeting Tuesday, Oct. 28. Members agreed to combine the November and December meetings on Dec. 2 with a Christmas social and gift exchange. Lots of quilting to be done before the holidays yet. New members are needed and welcome.

The Arnold Husemans, Mr. and Mrs. Edmund Backus of Dumas and Helen Backus and Alphonsa Huseman spent the weekend with the Ralph Pohlmeiers in Oklahoma City.

MRS. FRANK Hoelting and Leonard went to Plainview Monday and spent the night with the Byard Keys family. Tuesday they went to Lubbock to meet Warren Norris (her son-in-law) and went to Dallas with him to spend a couple of weeks there with the Warren Norris family.

The Charlie Barkers spent the weekend with the James Wilhelm family.

Mrs. Sybil Steffens spent several days in Friona last week with the Greg Venhaus family.

THE NAZARETH Swift Band went to Lubbock Tuesday to enter the marching contest. The members have their new suits and all are real proud of them, as they are so pretty.

The bowling league had a salad supper Sunday evening at the American Legion Hall. The evening was spent with games and visiting.

Mr. and Mrs. Urban Huseman from California are in Nazareth visiting the Katie Huseman families.

A large group of Birkenfeld relatives went to Rhineland last week to attend the funeral of Katie Homer, mother of Leonard and Lawrence Birkenfeld.

The A. P. Hoeltings and a number of other relatives attended the wedding of Betty Detten Saturday evening in

Groom.

ATTENDING the bridal shower in Umberger Sunday for bride-elect Debbie Ramaekers and Kenny Weick from Nazareth were Mrs. Leonard Conrad, Mitzie Brockman, Ev-

elyn Albracht, Betty Wilhelm and Mrs. Florence Albracht. The wedding will be Nov. 29.

The Holy Family Parish celebrated the Feast of All Saints Saturday, Nov. 1 (honoring all who are in Heaven). On Sunday, Nov. 2, All Souls Day,

praying for all relatives and friends who have died, graves were decorated with flowers and a procession to the cemetery and special blessings on the graves by Father Stanley was held at 4 o'clock with a large crowd taking part.

**New Homes!**

We have four new brick-vener homes now ready for your inspection. Each has three bedrooms, double garage, built-in kitchen, refrigerated air and two baths.

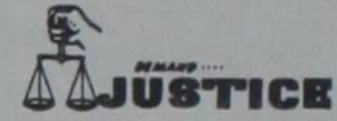

They're located half a block south of FM 3215 (Hwy. 86-385 bypass), in Dimmitt's newest residential area, next to the Ruskin Circle Swim Club & Apartments.

**NOW**

**is the time to look!**

These new homes are nearing completion, and are almost ready for the final finish work. If you choose one now, you can pick your own color scheme, carpeting, etc., before the final finish work is done.

**Church women will hold 'Community Day' Friday**

Church women throughout the county will join in the observance of World Community Day with a special service Friday morning at 9:30 in the Holy Family Church of Nazareth.

THEME of this year's observance is "One Community Under God." Women of the Holy Family Church are co-

ordinating Friday's service.

Other church women's groups throughout the Christian world will be conducting similar observances Friday.

World Community Day originated in 1942, when the United Council of Church Women decided to dedicate one day each year to defining how to build world community and establish peace.

A baby sitter will be on duty during Friday's service.

MANY FAMILIES need help in coping with the rapidly changing society. Yesterday's standards only provide frustration if not adapted to today's living. Roberta Dix, family life education specialist with the Texas Agricultural Extension Service, says.

**Plainview SS man now serves county**

Ray Purcell, manager of the Plainview Social Security office, has announced that Castro County is now serviced by the Plainview office.

THE CHANGE was effective Oct. 1.

Mark Cude of the Plainview office will be working in the courthouse at Dimmitt on the first, third and fourth Mondays of each month, except national holidays. He will be available for all services pertaining to Social Security (both retirement and disability); Medicare and Supplemental Security Income. Information can also be obtained by writing the Social Security Office at 1401-B W. Fifth St. in Plainview, or by telephoning 806-293-4371.

If you need a program for your school, club or other meeting, get in touch with Cude or Purcell at the above address.

**Heavy-duty, big-capacity machines for tough shredding jobs**

**INTERNATIONAL 50 and 60 SHREDDERS 150 and 170-inch cutting widths**

**Ideal for shredding cotton, corn and sorghum stalks, clipping pastures, trimming headlands**

International shredders are the most effective way to reduce crop residues without burning. Both models shred heavy, tough crop residues finely to hasten decomposition and make follow-up tillage and planting operations much easier.

These shredders are also useful in clipping pastures, and in cutting and shredding weeds, tall grass and brush all around the farm.

Cotton growers will appreciate the way International machines destroy bolls as well as stalks. This helps control pink bollworm infestation.

Farmers will find that they can run a gear faster with an International shredder. They take less power than others, primarily because of the unique knife arrangement on the rotors.

Buyers have a choice of two sizes to cover up to five 40-inch rows. The 170-inch-wide 60 can be moved into transport position quickly and easily; no extra parts are needed.

**IDEAL MACHINES FOR...**

- farmers who have bigger than average acreages of corn and cotton stalks
- farmers who want to hold tillage operations to a minimum
- farmers who need aid in controlling pink bollworm infestations in their cotton
- farmers who have enough power to handle a big shredder

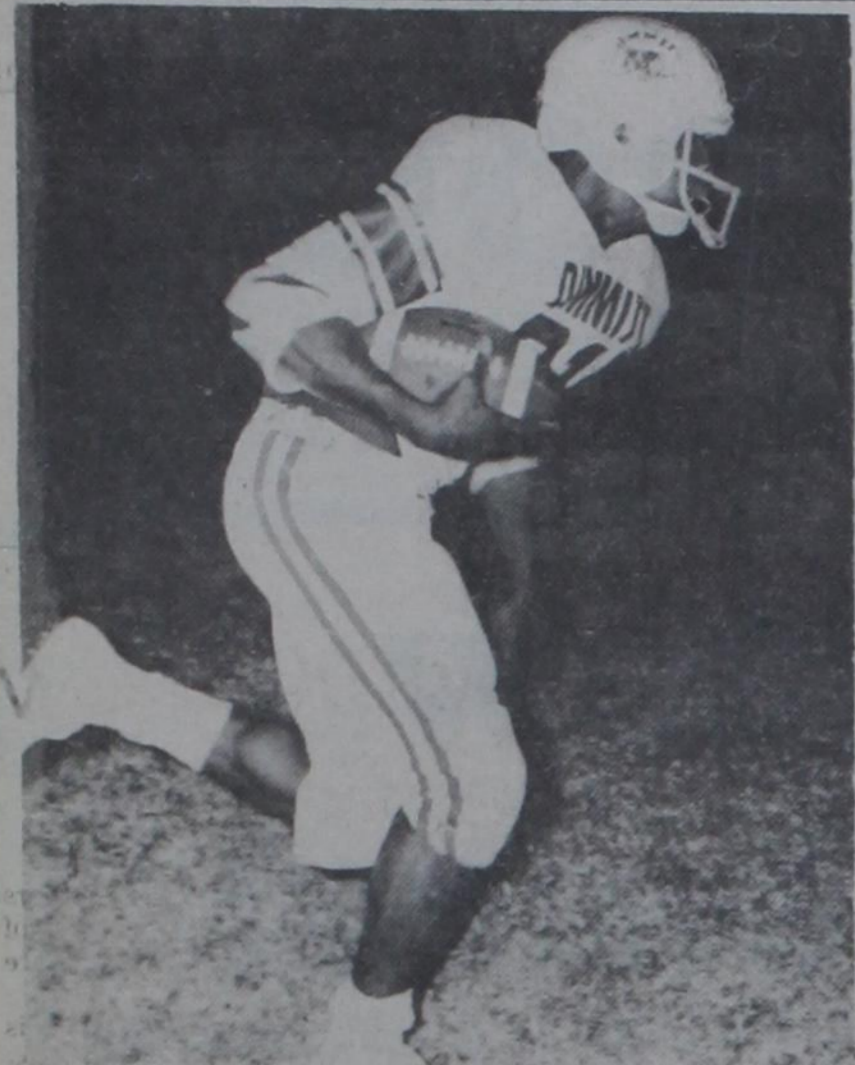

**IH competitive advantages include...**

- IH shredders use less horsepower than other makes because of the way knives are spiralled on the rotors
- IH shredders are simple machines, easy to maintain, adjust, and move into transport
- IH shredders have extra-rugged power trains that can stand up under really tough cutting jobs
- IH shredders have unique shatter-shear knives that give farmers a choice of shredding action
- IH shredder knives are low in cost to replace

**DOWN THE SIDELINE**—Dimmitt halfback Thompson Mayberry reels off 21 yards to Morton's 5-yard line after snaring a pass from Ronnie Lawson in the first quarter of Friday night's Bobcat-Indian tussle in Morton. The Indians put up a goal-line stand to stop the Dimmitt drive, but the Bobcats got a two-point safety out of it and followed with a pair of second-half touchdowns to take a 15-0 victory.

**Conservation**

**How fast are you losing soil?**

If you can see signs of erosion on cultivated land, you are probably losing soil at the rate of more than 14 tons per acre per year.

"A LOSS this high shows that the land is inadequately protected," N. A. Bryson, Soil Conservation Service district conservationist, says. "Generally, losses much higher than this occur when rain or wind can strike bare cropland. Very steep unprotected land can lose more than 300 tons of soil per acre per year."

"It is not particularly important that the farmer or gardener is able to tell how many tons of soil is lost," Bryson continued. SCS conservationists can figure this for those who really want a good estimate. The important thing, Bryson said, is that if the farmer and gardener can SEE erosion, something needs to be done—fast.

"A COMMON misconception is to blame all visible water erosion on running water, which we call 'runoff,'" Bryson said. "Runoff does cut ditches and rills, but is generally a sign of advanced problems, which actually start with raindrops striking bare soil. You can prove this to yourself by observing bare soil in a small flower box or enclosure. Beating raindrops will actually erode the surface of the soil by splash action, with no runoff at all. On the other hand, if you cover the box of soil with clippings, or plant it thickly in grass, no measurable splash erosion will occur. What this tells us is that a cover on the cultivated land—either vegetation or a mulch—is the best soil protection."

"There are several things that farmers and gardeners can do about erosion," Bryson said. "First, practices can be used that keep a cover on the land. Believe it or not, this can be done even in fields of sorghum, cotton, corn or soybeans with a practice called minimum tillage."

"Contouring, crop rotation, terracing and other methods are also helpful to keep runoff from carrying sediment from the field," Bryson said. "FOR THE gardener, a compost heap is a good investment in erosion control," Bryson added. "Just build a big box of

WHEN YOU SEE EROSION SUCH AS THIS . . . You're losing more than 14 tons of soil per acre

old boards or wire fence in a shady place in your back yard and put all your leaves, grass clippings and organic waste in it. Over time, nature will transform this material into excellent organic fertilizer. Mixed into the garden, compost will make the soil more spongy. It will absorb and hold more water. Used as surface mulch, it will prevent water erosion."

Home gardeners can also use farm-tested practices. Contouring rows and using terraces in a home garden shortens the slope and reduces erosion. The contoured rows capture the soil particles that the raindrops knock loose from the surface. Rotations—moving plants around in the garden—can serve as a conservation practice and will also reduce disease. And there are edible plants such as turnip greens that can be used as a protective winter cover crop. "FOR THE farmer, reduction of erosion starts with wise land-use planning," Bryson said. "A conservation plan utilizing up-to-date conservation methods is the farmer's best bet for full production and income over the long term with the smallest loss of his basic soil resource."

Conservation planning assistance is available. For more information contact the Soil Conservation Service office. Helpful bulletins available at the SCS Office include "Soil Erosion, the Work of Uncontrolled Water" (AIB-260), "Soil

Conservation at Home" (AIB-244), "Gardening on the Contour" (HG-179), "Mulches for Your Garden" (HG-185), and "What Is a Conservation Plan?" (PA-629).

**Aggies, exes and parents organizing**

Texas A&M students from the Panhandle area are trying to reactivate the Panhandle Hometown Club. Cooperation is needed from Aggie Parents in Dimmitt to secure the names, classifications, and hometown addresses of Aggies currently enrolled, and also the names and addresses of Aggie parents who live in or near Dimmitt.

DIMMITT Aggies and Aggie parents will have an opportunity to learn more about the Panhandle Hometown Club and about some of the other A&M

activities Nov. 18 at 7:30 p.m. at a dinner to be held at the Big Texan on I-40 East, Amarillo. Reservations may be made by the parents of Aggies, and by all former students of Texas A&M and their spouses. Cost of the dinner will be \$6.25 per person, and reservations will be made only upon receipt of check made to A&M Mother's Club. Checks may be mailed to

either Mrs. Charles Fowlkes, president of A&M Mother's Club, Rt. 2, Box 325, Canyon 79015, or Mrs. Don R. Rank, chairman of the program committee of A&M Mother's Club, 1612 Lawson Lane, Amarillo 79106.

CHECKS must be received no later than Nov. 12 to insure reservations. Jim Wilson, president of A&M Former Students, will be

the master of ceremonies. Speakers will include Mrs. Grady Wilson, Dr. Jim Cook, Thad Ansley and Paul Rathbun, all of Amarillo.

TRAFFIC authorities predict there'll be millions more cars on the road in 10 years. "So," advises Marty Allen, "if you want to cross the street, do it now."

**EARN A YIELD BONUS**

This good 1975 harvest season has brought in extra dollars throughout our area. If you have dollars which are idle, even temporarily, you can enjoy a yield bonus. Put that money to work at First Federal of Amarillo. Here your cash grows safely, surely at generous savings-and-loan rates.

The money you can set aside only briefly can earn day-in to day-out interest (10-day minimum) in a First Federal passbook account. Of course, you earn at higher rates on dollars you can commit for longer periods.

If you are not covered by a retirement plan, now is the time to start your own tax-sheltered program. Let us explain our First Federal retirement savings programs. Talk to one of our officers now, while there's time for you to qualify for the 1975 tax year.

Make every day a good day — make your savings grow at First Federal.

Type of Account	Minimum Deposit	Rate of Interest	Effective Annual Rate
Day-in to Day-out Passbook *	\$ 5.00	5-1/4%	5.39%
90-Day Notice Passbook	100.00	5-3/4%	5.92%
1-Year to 10-Year Certificate	1,000.00	6-1/2%	6.72%
30-Month to 10-Year Certificate	1,000.00	6-3/4%	6.98%
4-Year to 10-Year Certificate	1,000.00	7-1/2%	7.78%
6-Year to 10-Year Certificate	1,000.00	7-3/4%	8.06%

\*Regular passbook accounts pay day-in to day-out interest, ten-day minimum. On other accounts, savings in by the tenth of the month earn from the first. Interest is compounded daily and paid or credited quarterly. Savings certificates should be held to their maturity, since Federal regulations require a substantial interest penalty for early redemption of certificate accounts. Regulations do not permit us to automatically increase the rates on existing certificate accounts, but they can be transferred without penalty at their maturity or within a ten day period thereafter.

**HAVE A GOOD DAY TODAY AND PASS IT ON!**

## Heaths to be feted Nov. 16

Mr. and Mrs. Claud Heath will be honored with a 60th wedding anniversary reception Sunday, Nov. 16, from 2 to 5 p.m.

THE RECEPTION will be at the Heaths' farm home in the Lazbuddie community. The family extends an invitation to all friends to attend, but has specified "no gifts, please."

## Here are week's best food buys

Fish, some dairy products and eggs are among "economy" items at Texas grocery stores this week.

FISH supplies are plentiful in several varieties, Mrs. Gwendolyn Clyatt said, adding that frozen and canned fish products are especially economical.

"At dairy counters, features include sour cream, yogurt, cheese slices, cottage cheese and sharp cheddar cheeses.

"In buying eggs, check prices on large-size eggs—now in best supply."

MRS. CLYATT is a consumer marketing information specialist with the Texas Agricultural Extension Service.

At beef counters, she reported features on ground beef, chuck roasts and steaks, round steaks, corned beef, calf and beef liver.

Pork, however, is "less than plentiful—with bacon prices high."

At vegetable departments, cabbage is this week's thrifty item, while items becoming more plentiful include eggplants, broccoli, cauliflower, pumpkins and hard-shell squash, such as acorn and butternut.

OTHER ITEMS with "attractive prices" are cooking greens, rutabagas, sweet potatoes, carrots, soft-shell squash and dry yellow onions.

"Fruit sections offer excellent quality apples at moderate price levels, and other seasonal fruit choices are grapefruit, oranges and grapes—along with bananas, cranberries, persimmons, pomegranates and pears.

CONSUMER WATCH-WORDS: Economical potatoes—at about five cents per serving—provide high returns in food value. Choose well shaped, firm potatoes that are reasonably free from blemishes, decay and green discoloration.

THE MINISTER of a small church was his own bookkeeper and kept his bills in a drawer marked "Due unto others."

## Town-Country Club studies indoor gardens

The Town and Country Home Demonstration Club met last Thursday in the basement of the courthouse with 25 members present.

REPORTS were given from the committees on the carnival, party, drainboards, 4-H leader work and Rural Homemakers' Day. Also, the club's membership drive was termed a big success.

Lee Wall and Naomi Scarborough will be the club's representatives at the county Bicentennial meeting in November. Rita McDaniel and Roberta McDonald were appointed to check into getting the club a babysitter.

Lynette Rials gave the program on "Terrariums and Indoor Gardening." Joyce Rickard, Melba Sanders, and Naomi Scarborough served refreshments.

The next meeting is scheduled for Nov. 13.

Nancy Vardell

## Vardell-Bullock plans are told

Jan. 3 will be the wedding date for Nancy Jo Vardell of Dimmitt and Donald M. Bullock of Lakewood, Colo.

MISS VARDELL is the daughter of Mr. and Mrs. O. T. Vardell of Dimmitt, and is presently a sophomore at Wayland Baptist College. Bullock is a 1975 graduate of Wayland and is presently employed by the Keebler Co. in Denver, Colo. He is the son of Mr. and Mrs. Glenn D. Bullock of Lakewood, Colo.

The wedding ceremony will be held at 7:30 p.m. in the First Baptist Church of Dimmitt, and all friends of the couple are invited.

## Home and hobby Here's what's new in home products

By IRENE KEATING

Can you believe that this year is so near over? Where has the time gone? I hope you'll be able to say that you have accomplished your goals for the year. If you still have some goals yet unachieved, you've got nearly two months to get them done.

There is one company that is manufacturing a 100% polyester thread. (I have a spool to try.) The one problem I see with it is that it doesn't work well unless you have a size 14 needle and that's too large for our soft fine fabrics.

Manufacturers all agreed that the hottest item on today's market is the micro-wave oven. There are no new innovations in these items at this time but you still need to consider what size and type is best suited for your needs.

LAST WEEK I was in Knoxville, Tenn. attending our National Association Extension Home Economists meeting. The trees were so pretty with colors from yellow to red and maroon. However, it sure was good to get back home. There were many exhibits that I toured and was pleased to learn that several manufacturers are making the lightweight shears with a sharp point; Also each company that makes electric mixers had their new models with the dough hooks. The dough hooks cannot be purchased as an accessory because the attachment requires a heavier motor than most mixers have. With the revival of breadmaking, dough hooks are great time savers.

## Heart chapter's meeting changed

OUTSTANDING LAW GRADUATE and president of the Student Bar Association at George Washington University this year was Tomas Garza (left), son of Mr. and Mrs. Tony

Garza. Here, Garza talks with CBS newsmen Dan Rather, commencement speaker, whom he introduced at the National Law Center graduation service.

## Garza has helped...

[Continued from Page 1]

LVN's. Maria is married and living in Carrizo Springs. Sue works at Plains Memorial Hospital.

Sharing Tony's determination to help others is his wife, Josephine.

"I KNEW Josephine DeLeon for about 10 years," he recalls. "Her family lived in the same area and we went to the little farm school together, but we were in different grades. I was 20 years old when we got married on April 19, 1943."

Tony and Josephine have six children. The five oldest, all boys, were born in Asherton, where Tony farmed.

In 1951 Tony gave up farming because of several dry years in a row, and became an independent trucker, buying local produce and hauling it to various markets.

In 1954 the Garzas moved to Dimmitt and Tony went to work at the Casper Farms, where he worked for four years. During this time, the youngest of their six children, and the only girl, was born in Friona.

AFTER FOUR years on the farm here, Tony moved his family into town.

Tony talks about his next job: "I worked for four years at the Gulf Station run by the Staton brothers, across the street from the bank. While I was still working there, my father and I

bought a Fina station on the east side of town. Now it is the Keyguard Station.

"Also in 1961, I started working at the radio station with the Spanish program. We bought our Fina station on North Broadway in 1962. Then in 1965 I got my broadcasting license."

ALL SIX of their children graduated from Dimmitt High School.

Thomas, their oldest, earned a degree in psychology at Texas Tech, and served in the Army as a first lieutenant. He later entered law school at George Washington University in Washington, D.C., and graduated top in his class this year.

At the graduation ceremonies, Thomas had the honor of introducing CBS newsmen Dan Rather, who delivered the commencement address. Tony and Josephine were able to attend the ceremony which was last April.

"WE RODE the bus," Tony said. "First we stopped in St. Louis and visited my brother. Then we rode on into Wisconsin and visited other relatives. They took us by car to Chicago, where we boarded another bus to Ohio, where my wife's three sisters live. We also saw some friends in Cleveland. The bus went through Philadelphia and finally on into Washington, D.C."

They stayed 15 days in the Washington area and visited

## Thornton is named Kiwanian of Month

At the Kiwanis Club's regular meeting Monday, Bill Thornton was presented the award for "Kiwanian of the Month" for October for his efforts in helping the Dimmitt club win the district traveling trophy.

DALE FOWLER, president, also presented Randall Craig with his past president's plaque.

Ed Corn, D. L. Hargress, Sam Mears and C. H. Veazy were visitors from the Friona Kiwanis Club.

Bob Murdock won the award for being the friendliest Kiwanian at the meeting.

FOWLER announced that the annual fall conference will be held Sunday starting at 9:30 a.m. in Tascosa High School in Amarillo. He encouraged all who could to attend, especially officers, committee chairmen and new members.

Kiwanian Elmer Berryhill, principal of Richardson Elementary, presented the program on interesting statistics concerning the operation of the school.

## 'Care Corps' training to be offered by DPW

Training for the Care Corps, a task force of volunteers who give assistance to the State Department of Public Welfare will be offered here Wednesday.

PEOPLE willing to give volunteer services through the department can receive training at the assembly room in the courthouse in Dimmitt next Wednesday from 1:30 to 3:30 p.m.

Mrs. Nova Purdy, regional coordinator for volunteer services for the State Department of Public Welfare, will conduct the orientation program, assisted by Ms. Carmen Robertson and Ms. Rita Hoffman, protective service workers in Dimmitt.

Local men and women, either as individuals or in groups or organizations, are invited to add meaning to their lives by joining Care Corps. Mrs. Purdy said.

"THE WORK is not demanding or difficult, and a person can work it around family responsibilities," she

added. "The work can be very rewarding, for there are many needs to be fulfilled."

Volunteers must have personal stability, respect for the dignity of each person, and an attitude of care and concern for people. They must have patience and not try to solve all problems immediately. Mrs. Purdy will outline other qualities that make a volunteer most effective and suggest tasks that volunteers may be called upon to accomplish.

"Volunteering will add new dimension to the life of a person interested in an opportunity to help others," she said. "The work is not difficult, as the volunteer will be advised and supervised by the trained social worker from the State Department of Public Welfare."

IF YOU have questions or desire further information regarding the orientation class, call 647-3319 and ask for Carmen Robertson or Rita Hoffman.

## DHS to host career night

Kenneth Ringo, Dimmitt High School counselor, has announced that the annual college and vocational school night will be Nov. 17 at 7 p.m. at the high school.

ALL AREA high school students and their parents are invited to attend. There will be three sessions of 30 minutes each.

Schools that will be represented are Lubbock Christian College, West Texas State University, Amarillo College, Hardin-Simmons University, Texas Tech University, Abilene Christian College, South Plains College, McMurry College, Clarendon College, Plains Memorial Hospital School of Nursing, Southwestern Business College of Plainview, Texas State Technical Institute, Northwest Texas Hospital School of Nursing, and all branches of the military service.

## Bicentennial meeting set for Nov. 18

The Dimmitt Bicentennial Committee has set the city-wide Bicentennial meeting for Nov. 18 at 7:30 p.m. in the city hall auditorium.

IDEAS discussed included painting fireplugs and city trash containers red, white and blue; planting red, white and blue flowers around the courthouse and throughout the city; encouraging businesses and individuals to buy and display flags throughout the year; and converting the 1976 Roundup celebration to tie in with the Bicentennial.

General Chairman Linda Maxwell has asked that all interested individuals, as well as the representatives of all clubs and organizations, attend the city-wide meeting Nov. 18 to find out how they can help in the Bicentennial celebration.

## Broadstreet named to national post

Gerald Broadstreet of Castro Memorial VFW Post 8056 has been appointed by National Commander-in-Chief Thomas C. Walker of New London, Conn., to serve as a special aide-de-camp for 1975-76.

WALKER, head of the 1.8 million member organization of overseas veterans, commented, "It is encouraging to note that with the Bicentennial celebration of the United States of America there is a resurgence of interest in patriotism and grass roots concern for our country."

"The VFW has always been in the forefront of these activities and one of the reasons is dedicated veterans like Mr. Broadstreet," Walker added. "The VFW supports programs that benefit all people in communities across our great nation, and this accounts for the substantial increase in VFW membership each year."

## Here's Hart's school menu

HERE ARE the school lunch menus for Hart Schools for Nov. 10-14.

Monday — Tuna casserole, hot rolls, tossed salad, creamed potatoes, peanut butter cake, milk and butter.

Tuesday — Burritos, crackers, scalloped potatoes, cabbage salad, pineapple cobbler, milk and butter.

Wednesday — barbecued weiners, cornbread, beans, spinach, peaches, milk and butter.

Thursday — Enchilada casserole, tortillas, green salad, onions, pickles, orange cake and milk.

Friday — No school.

REALLY fashionable women today are making their own clothes, Marlene Odle, clothing specialist with the Texas Agricultural Extension Service, reports.

## Fire extinguisher sale still going

The Satellite Training Center in Dimmitt will continue its fire extinguisher sale through Wednesday.

If you need an extinguisher, call Norma Conard at 647-4425 or 647-4270.

PREPARATIONS FOR THE HUNTER

Preparing for the fall hunting season means getting into good physical condition as well as getting your equipment in shape, says a wildlife specialist for the Texas Agricultural Extension Service. All firearms should be cleaned, checked and sighted in. Knives, hand axes and bone saws should be sharpened and wearing apparel should be in good repair to add to the comfort of the hunt. Good footwear is essential. Exercising such as walking or jogging helps get the body in shape for hunting. Dieting off a few pounds will also help.

# Longhorns win shootout, 9-0

By JESS HUDNALL

The Hart Longhorns virtually assured themselves a playoff berth by shutting out the Springlake-Earth Wolverines 9-0 Friday night.

HART MUST win one of its two remaining games to clinch the 3-A crown and represent the district in post-season play. In defeating Springlake-Earth, Hart eliminated the possibility of another three-way tie for the district title as occurred in the 1974 season.

The key to victory for Hart was a sound defense coupled with an offense that, for the most part, controlled the clock and kept the ball away from the Wolverines. Barry George was the workhorse for the Longhorns, rambling for 163 yards in 31 attempts. Brad Sharp and Cary McLain led an outstanding defensive force that limited Springlake-Earth to 108 yards total offense.

IT WAS a frustrating evening for the hosting Wolverines, who failed to establish any consistency on offense. Hart's first score was the result of Springlake-Earth's poor field position and the clutch play of sophomore standout Glen Black. With a third down and 24 on Springlake's 11-yard line, Jim Furr attempted a quick-kick for the Wolverines but Black blocked the ball, which rolled out of the end zone. The safety gave Hart a 2-0 lead which held up through three quarters of play.

The first period found neither team posing a threat as Hart made two first downs and Springlake-Earth one. Each team fumbled the ball once, but neither could capitalize on the other's error.

The Wolverines actually dominated the second quarter. However, Furr missed on field goal attempts of 28 and 39 yards, the last effort with five seconds remaining in the second period. Hart again picked up only two first downs in the quarter, but the defense allowed the 'Horns to enter the locker room with a 2-0 lead.

THE SECOND half option lay with Hart, and the Longhorns chose to receive the football. The Longhorns' revitalized offense completely overpowered Springlake-Earth during the third quarter, amassing 123 yards rushing and eight first downs. The Wolverines ran only four plays from scrimmage the entire quarter, with one of those being a 61-yard punt by Furr. When time ran out, Hart had a third and goal at the Wolverine 4-yard line.

With 11:59 remaining in the game, Barry George blasted over from the 1 to score the lone touchdown of the evening. Kerry George converted the extra point to extend the Longhorns' margin to 9-0.

Sensing a do-or-die situation, Springlake-Earth drove to the Hart 12-yard line. With a first down and time becoming a factor, quarterback John Cleavenger was sacked by Berto Minjares for a four-yard loss. However, Hart was penalized for a late hit which moved the ball to the 8-yard line. Two running attempts by Furr netted only three yards and produced a fourth-and-two play. Cleavenger hit Furr with a screen pass, but the senior halfback was stopped a yard short of the first-down marker.

HART FAILED to move the ball and Eliazar Castillo punted to the Longhorn 44-yard line. With less than a minute to play, Kerry George intercepted a last-ditch Cleavenger pass to ice the shutout victory for Hart.

The Longhorns now possess an 8-1 record while Springlake-Earth fell to 5-3. Hart's next outing will be Friday night when Farwell comes to Longhorn Field.

JUBILATION—Hart football players and fans form a joyful mob on the Springlake football field Friday night after the Longhorns had defeated the Wolverines to gain a solid hold on first place in the rugged District 3-A race. The Longhorns' 9-0 victory kept them undefeated in district play, while the

Wolverines—ranked as the top Class A team in the region before the season—were virtually eliminated from the title race with two losses. The Longhorns must still defeat Bovina and Farwell to win the District 3-A championship outright.

TOUCHDOWN?—This first-quarter plunge by Dimmitt fullback Tony Washington at Morton Friday night appeared to have all the qualifications of a touchdown. Arrow shows the ball [with white stripe] being picked up by the referee behind the goal line, with Washington's arm and shoulder extending into the

end zone. But the referees ruled it wasn't a TD and placed the ball a foot away from the goal line, where Morton took over. The Bobcat defense got a two-point safety, though, by trapping Morton fullback Sam Johnson in the end zone on the next play, then went on to win a 15-0 victory.

## Cats do rain dance; blank Indians 15-0

By JIMMIE CHAPMAN

Dimmitt's defense scored a two-point safety late in the first quarter, then held the Morton Indians scoreless while the offense got two touchdowns in the final quarter to take a 15-0 District 3-AA win from the hometown Indians.

ACTUALLY, the Dimmitt offense overpowered the Indians the entire contest, but costly penalties stymied nearly every drive in the first half. The Bobcats were penalized 11 times for 105 yards, not counting the ones that Morton refused.

Fullback Tony Washington and halfback Thompson Mayberry carried practically all the offense for the Bobcats outside of the game-breaking play by quarterback Ronnie Lawson in the fourth period, a 54-yard keeper for the first touchdown of the game.

Washington ran with the ball (officially) 13 times and gained 102 yards. Mayberry galloped for 83 yards on the ground in 13 carries and caught three passes for 99 yards. Lawson carried or kept the ball seven times, gaining 60 yards, but lost yardage on four tries while attempting to pass or hand off, due to the leaking offensive line.

Lawson also played the outstanding defensive game of his career at the safety spot as Morton tried desperately to get into the game in the second half.

WASHINGTON came up with the only interception of the night for the Cats with a one-hand grab in the final quarter.

The Cats' defense was outstanding in the middle, and the purple wall got the Cats on the board first with a safety in the first quarter when Mayberry, Mark Welch and Keith Goldsmith led a hard-charging line to nab Sam Jackson three yards deep in the end zone after the Indians had held the Cats on the 1-yard line.

The safety came late in the first quarter after Washington was stopped short of the goal line. The Cats had had four tries into the line from the 5-yard line. The two-point lead lasted until the fourth period.

MORTON GOT only one good drive going in the first half, and it ended when quar-

terback Rusty Lamar missed a 48-yard field goal on the last play of the half. He had a strong wind to his back, which the Bobcat defense had been battling throughout the second period, but his kick was wide to the left.

The Indians got their best chance to score in the third period when Lamar hit tight end Larry Moore with a 60-yard pass that carried to the Dimmitt 30, and two plays later halfback Paul Chavez carried 12 yards to the Dimmitt 4-yard line. But Mayberry and Goldsmith threw Lamar for a five-yard loss, and three plays later Morton missed on another field goal attempt from 16 yards out.

Rain and wind hampered both teams in the third quarter and part of the fourth. But near the end of the third quarter, Lawson hit Mayberry with a screen pass that was good for 50 yards to the Morton 23-yard line.

However, three penalties pushed the Bobcats back, then the Indians recovered a fumble on the Morton 32 as the wet third period ended with the score still 2-0.

Midway in the final quarter, Kyle Touchstone intercepted a Lamar pass on the 30 and returned it to the 46-yard line. Lawson rolled out on the option on the first play from that point and went 54 yards to paydirt for the first TD of the game. Lawson got good blocking all the way into the end zone, especially one from freshman Larry Bossett at the Morton 20 that broke him loose. The try for the extra point never got off the ground due to a slippery ball, and the Cats led 8-0 with 6:23 left in the game.

Morton gambled on a fourth-down play that failed and Dimmitt got the ball on the Morton 38 with four minutes left to play. Tony Washington wasted no time as he blasted his way through the middle of the line, shaking off tacklers, and went 38 yards to score. This time David Espinoza kicked the extra point and Dimmitt had the game in hand, 15-0.

WASHINGTON made a one-handed interception with four seconds left in the game and Brad DuLaney gained a yard to kill the clock.

Morton tight end Larry Moore, only a sophomore, was the main sparkplug for the In-

dians. He caught five passes that were good for 138 yards, and picked up 40 yards on the ground out of the backfield and on reverses.

DIMMITT now stands at 3-5 for the year and 1-1 in district play. The Cats will play their final home game Friday night against the Friona Chieftains. Meanwhile, Littlefield and Olton—both undefeated in district play—get together at Littlefield. Littlefield leads the district with a 3-0 record while Olton is close behind at 2-0. Dimmitt is 1-1, Friona is 0-2 and Morton—which is idle this week—is 0-3.

### GAME AT A GLANCE

Dimmitt	Morton
14 First Downs	12
250 Yds. Gained Rushing	128
14 Yds. Lost Rushing	25

 7:30—Hart JV at Farwell  
 7:30—Dimmitt JV at Littlefield

#### VARSIITY

Thursday:  
 7:30—Nazareth (3-6) at Happy (2-6)  
 Friday:  
 7:30—Friona (1-7) at Dimmitt (3-5)  
 7:30—Farwell (2-7) at Hart (7-1)

## Swifts find Patriots revolting

By MARTY CATOE

The Valley Patriots roared past the Nazareth Swifts, 52-8, Friday night in the Swifts' final home game of the season.

THE PATRIOTS dominated the game from the start, scoring a touchdown on the first play from scrimmage. Senior halfback Brian Wheeler galloped 65 yards for the score with only 25 seconds having elapsed in the game. The attempted extra-point kick went sour due to a bad snap.

On their next possession, the Patriots hit paydirt again when Brian Wheeler raced 35 yards for six points. The blitz covered 88 yards in six plays. The two-point conversion attempt failed and the Patriots had an early 12-point lead.

On the third Patriot possession it was more of the same as Valley struck for its third consecutive score. Quarterback Ron Budy connected with Pepper Jones for 77 yards and another six points. Again the extra-point try failed and the Patriots had an 18-0 first-quarter lead.

With 11:59 remaining in the game, Barry George blasted over from the 1 to score the lone touchdown of the evening. Kerry George converted the extra point to extend the Longhorns' margin to 9-0.

Sensing a do-or-die situation, Springlake-Earth drove to the Hart 12-yard line. With a first down and time becoming a factor, quarterback John Cleavenger was sacked by Berto Minjares for a four-yard loss. However, Hart was penalized for a late hit which moved the ball to the 8-yard line. Two running attempts by Furr netted only three yards and produced a fourth-and-two play. Cleavenger hit Furr with a screen pass, but the senior halfback was stopped a yard short of the first-down marker.

HART FAILED to move the ball and Eliazar Castillo punted to the Longhorn 44-yard line. With less than a minute to play, Kerry George intercepted a last-ditch Cleavenger pass to ice the shutout victory for Hart.

The Longhorns now possess an 8-1 record while Springlake-Earth fell to 5-3. Hart's next outing will be Friday night when Farwell comes to Longhorn Field.

### THE PATRIOTS managed

only one trip into the Swifts' endzone the second period. The score came in the first 10 seconds, when Jones caught another Budy pass, good for 67 yards and the TD. Ernie Lucero kicked the extra point and the Patriots held a 25-0 lead going to the locker room at half time.

The halftime breather proved enough to get the classy Patriots on the move again, after they had gone almost the entire second quarter without a score.

The Patriots continued their spree after the halftime break with a 65-yard drive in seven plays, scoring on a three-yard pass from Budy to Scotty Setliff. The extra point attempt

was blocked.

THE PATRIOTS struck again—as soon as they got their hands on the ball again—two minutes later when Wheeler scampered 65 yards on first down. Lucero kicked the extra point and the Patriots led by 38 at the end of the third quarter.

The Swifts got on the scoreboard for their first and only time early in the fourth quarter on an 80-yard drive. Senior halfback Darrell Huseman carried the ball in from the 1 for the six points. The Swifts added another two points on a Kenny Brockman pass to end Royce Huseman.

Valley came back to score twice more before the long

game ended. ANOTHER Budy-to-Setliff pass from the 6-yard line added six more points to cap a 56-yard drive. Lucero kicked the extra point.

The final score came with only seven seconds remaining in the game on another Budy-to-Setliff pass, this time from the 16. The toe of Lucero added another point and the league-leading Patriots left the field with a 52-8 victory.

THE SWIFTS will travel to Happy tonight (Thursday) for their final bout of the season. Kickoff time will be 7:30.

### Young Farmers to meet tonight

The Dimmitt Young Farmers will meet tonight (Thursday) at 8 p.m. at the Vo-Ag building at the high school.

The program will be on corn drying and is open to the public.

## DHS Freshmen keep rolling with 43-0 shutout of Lobos

Dimmitt High School's freshmen posted their biggest win of the season last Thursday night as they blanked Levelland, 43-0.

COACH Larry McMini's freshmen scored in every quarter to extend their season record to a perfect 8-0. It was the seventh shutout game for the DHS freshman defense.

Eloy Gonzales opened Dimmitt's scoring with a 60-yard sprint to the end zone in the first quarter. Gary Bruegel scored Dimmitt's second TD by picking up a Levelland fumble, giving DHS a 12-0 lead at the end of the first quarter.

Gonzales broke loose on another scoring strike in the sec-

ond quarter—this time a 30-yarder—and Randy Roberts ran the two-point conversion to hike Dimmitt's lead to 20-0 at halftime.

DIMMITT added two TD's in the third period. Geronimo Reyes ran the ball to paydirt from eight yards out and Jimmy Esqueda added a two-point conversion. Then it was Johnny Merritt's turn as he scored on a six-yard jaunt. A two-point conversion hiked the score to 36-0 going into the final stanza.

Dusty Smith scored Dimmitt's final TD of the night, and the extra-point kick was good, making the final score 43-0.
