JAPAN PUT ON UNLIMITED WAR BASIS

600,000 ARE MOBILIZED IN NORTH CHINA

Soviet Ambassador Leaves China For Moscow

SHANGHAI, Sept. 28 (AP)—Japan was placed on unlimited war footing today and prepared for a long conflict. The war ministry ordered prolonged military service on all on the active reserve lists.

Military observers estimated that 600,000 Japanese were being mobilized in north China in the event that Russia should become involved in the war. Dimitri Bogomoloff, soviet ambassador to China, suddenly left Nanking for Moscow, presumably on a matter vitally affecting Russia's position. Japanese armies claimed advances on all fronts.

Nanking and Canton and two areas around Shanghai were bombed. Thickly-populated areas in Nanking were avoided in apparent reaction to foreign protests.

WASHINGTON, Sept. 28 (AP)—Secretary Hull reiterated the American government's view today that Japanese bombings of non-combatant populations in China was "unwarranted and contrary to the principles of the law of humanity." He thus indirectly placed the government's approval to the league's action.

GENEVA, Sept. 28 (AP)—The League of Nations assembly condemned the Japanese aerial bombardment of China. There was no formal vote. The silence which followed the presentation of the condemnation resolution was interpreted as a vote of unanimous approval.

Cecilian Singers to Meet Tuesday to Plan New Year

The Cecilian Singers, directed by Mr. Hjalmar Bergh, will meet in a call meeting Tuesday afternoon at the Laguna hotel to make plans for its second year's work. This group of singers was organized by Mr. Bergh in the fall of last year with a membership of 25. Its object is the study of music, to present programs, to appear in special programs and to furnish music when needed as a community asset. The outstanding program last year was a Twilight program held at the First Methodist church. The officers for the past year were Miss Ellen Andres, president; Miss Marion Chambliss, vice-president; Mrs. W. B. Statham, secretary and treasurer. The officers elected for the coming year are: Mrs. J. E. Walter, president; Mrs. R. N. Cluck, vice-president and Mrs. G. M. Stephenson, secretary and treasurer. The club plans to present two public programs this year.

EAST TEXAS: Cloudy to partly cloudy tonight and Wednesday, probable local showers in the northeast; cooler in the north and west, Wednesday.

IT'S JUST GOOD, CLEAN FUN

NATIONS without a war on their hands are playing at war. They must have SOME way to test their armies, so almost every major country—and many of the smaller ones—send their troops into the field to play at killing and at keeping from being killed. The games climax the summer drills. Major non-player this season is Japan, who is getting in China all the training she needs. Germany and Italy, whose "volunteers" have been participating in real war, in Spain, have been playing, too. Everywhere it's play-with-a-purpose, and sometimes it's deadly—two airmen were killed during the British maneuvers this year. Here are some of the players.

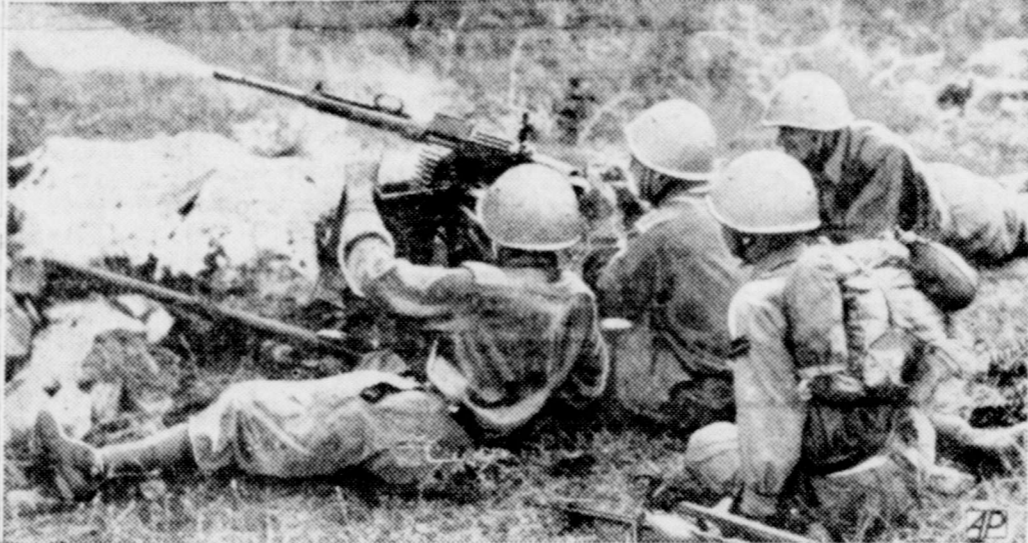

BRITISH infantrymen go "over the top"—of a corn-stack they had used as an advance post.

AMERICAN gunners, of the 33rd division, swing into action at night—during war games at Soldier Field, Chicago.

A GERMAN trooper, advancing through an orchard, pauses to fling a grenade.

AN ITALIAN machine gun unit, taking cover behind boulders, defends its position from other Italians.

Dies in Accident

Edward Mancill, son of Mrs. J. W. Mancill of Cisco, who was killed late yesterday in a highway accident near Victoria, Texas.

Edward Mancill Killed Near Victoria Monday

Edward Mancill, 34, son of Mrs. J. W. Mancill of this city, was instantly killed about 6:30 yesterday afternoon when a station wagon of the Humble Oil and Refining company, in which he was returning from work with six other men blew a rear tire and overturned near Victoria, Texas. One other occupant of the station wagon was critically injured.

The body is being brought to Cisco in a Green ambulance, due to arrive late this afternoon after leaving Victoria at 10:30 this morning. Accompanying A. C. Green to Victoria were R. L. (Tub) Wilson, Rex Carrothers and Odwin Cate.

Funeral arrangements will await the arrival of Mrs. Edward Mancill who was expected about 8 o'clock this evening.

Edward Mancill, the only son of Mr. and Mrs. J. W. Mancill, was born in Cisco on July 25, 1903. His father died October 14, 1926. On June 14, 1934, he married Miss Irma Virginia Schell of Gardner, Texas.

Survivors, in addition to his mother, include on sister, Miss Maurine Mancill of Dallas; an uncle, R. W. Mancill of Cisco, and a cousin, Clyde Mancill of Cisco. "Waddy" Mancill, father of Edward, was for many years cashier of the Cisco Banking company here.

Funeral will be held some time tomorrow, the hour not having been set. Mr. Mancill was a graduate of the Cisco high school in the class of 1921. He was also a student in the Art Institute of the University of Southern California and attended A. and M. college at College Station, Texas.

LOBOES GRIND FOR GAME AT STEPHENVILLE

Squad Improving With Every Practice Session

The Cisco Loboes, with only three more days remaining before they meet the powerful Yellow Jackets at Stephenville, are concentrating on a defense for the method of attack that their opponents will throw against them Friday. Coaches Petty and Cooper, who scouted the Yellow Jackets in their game with San Angelo last week, report that the Jackets have a powerful team but not so powerful but that they cannot be beaten.

The boys this week have also been drilling in fundamentals in which it was found they needed intensive practice. The team has been showing improvement every day and are determined to put up a whale of a fight against Stephenville. Vernon Steyer, veteran back and signal caller for the team may be lost to Friday's game as a result of an injury to his hand received in a practice scrimmage the latter part of last week. The chances are that he will play, but if he shouldn't be able to make the starting lineup, he will probably be replaced by Coy Warren whose work in Saturday's practice scrimmages established him as a distinct threat for a place with the first stringers. It was he that broke away on a 50 yard gallop that netted Cisco its lone touchdown against Baird.

Competition is getting keen for the veterans on the squad as some of the first year men have been "strutting their stuff" in the past few practices. Some of these youngsters have already gained the recognition of the coaches and are sure to see plenty of action in the overcrowded schedule of the Loboes.

Drastic changes in the lineup of the team in an effort to strengthen it have been made by the coaches and if they succeed in whipping together a fair team with what material they have now, they should be able to throw a real team against Big Springs week after next when several of the boys reach their eligibility.

Holbrook Charges Allred Raised "Smoke Screen"

AUSTIN, Sept. 28 (AP)—Senator Holbrook of Galveston today replied to Governor Allred's demand for more taxes and his refusal to submit the subject of governmental economies.

Nearly a third of the house crowded the senate chamber. "I am both alarmed and chagrined at the governor's attitude on the matter of taxation," he said.

He charged that the governor raised a "smoke screen" in a message to the legislature. The senate committee investigating the costs of the government, of which Holbrook was chairman, recommended that the taxpayer be given a "rest."

Pointing to the possibility of large revenues from the existing taxes and the need for "retracting ten million dollars excess moneys appropriated for the present biennium," Holbrook said the question of economies should come before the raising of additional revenue.

BURIED AT PIONEER

Funeral services were held yesterday afternoon for J. W. Richardson whose body was brought from Arizona for burial. He was buried at Pioneer with Neil Lane's funeral home in charge.

West Ward P.-T. A. Plans Biggest Halloween Event

Plans for the biggest and best Halloween celebration yet, were outlined this morning at a meeting of the finance committee of the West Ward P.-T.A., held at the home of Mrs. Sutton Crofts, chairman. The central feature of the event is to be the popular "Country Store," where for a dime one can get values that would ruin any city store, or any other country store, for that matter. The reason such phenomenal bargains can be offered is, of course, that all articles are to be donated by the parents of the west ward children and by the ever-generous merchants and professional men of Cisco. About this time of year mothers begin checking over their pantry shelves to see what preserves or canned goods can be spared for the good purposes of the P.-T.A., and business men dig into their elastic pockets or write off some useful article from their stock inventory to devote to the cause of making the west ward school as happy and convenient a place as possible for the education of their children and the children of their neighbors.

Morgenthau, Eccles to Urge Balancing Budget

WASHINGTON, Sept. 28 (AP)—The administration's two chief fiscal officers will urge President Roosevelt to balance the budget in the next fiscal year, informed officials said today, even if it requires new taxes.

These persons said Secretary Morgenthau, and Chairman Marriner Eccles of the federal reserve board, are convinced that the balance between the income and the spending essential to bolster business confidence will permit paring of the \$36,864,000,000 public debt.

Band Member Suffers Minor Crash Hurts

A minor accident occurred here last night when two automobiles collided at the intersection of K avenue and 8th street. Neither car was traveling fast and the damage to both cars was relatively small.

F. E. Sage, local band member was slightly hurt, receiving a small cut on the head. The impact of the two cars knocked him unconscious.

City Water Main Leak Is Repaired

Repairs were being made today by the water department to one of the city's water mains. Workers said that the main had sprung a small leak and would be easily mended. Repairs will probably be completed sometime today they said. The leak was on D avenue at Fifth street.

Children Under 6 May Attend Cisco Schools

In a school board meeting last night, several new plans were adopted and others put before the board for adoption. Included among those adopted was a decision to admit children under 6 years of age to the grades on the payment of a tuition amounting to \$4 a month. It was also voted to run a Humbletown school bus at a charge of \$30 a month. This will include transportation to and from school, including the noon period. This charge has been made so that the 28 or 30 pupils who will ride the bus will have to pay only around \$1 per month, said W. F. Walker, business secretary.

A lengthy discussion was taken up on the adoption of certain courses involving federal aid, but nothing definite was decided on.

"Fire Chiefs" Are Elected by Rooms

O. L. Stamey, principal of high school, today requested that all home room groups cooperate in an attempt toward fire prevention. In response to this request each home room elected a "fire chief" to direct traffic through the building and to officiate in such precautions in case of fire breaking out.

Mr. and Mrs. Leon Maner have returned from a week-end visit in Dallas.

The Illegal vs. The Legal Lender

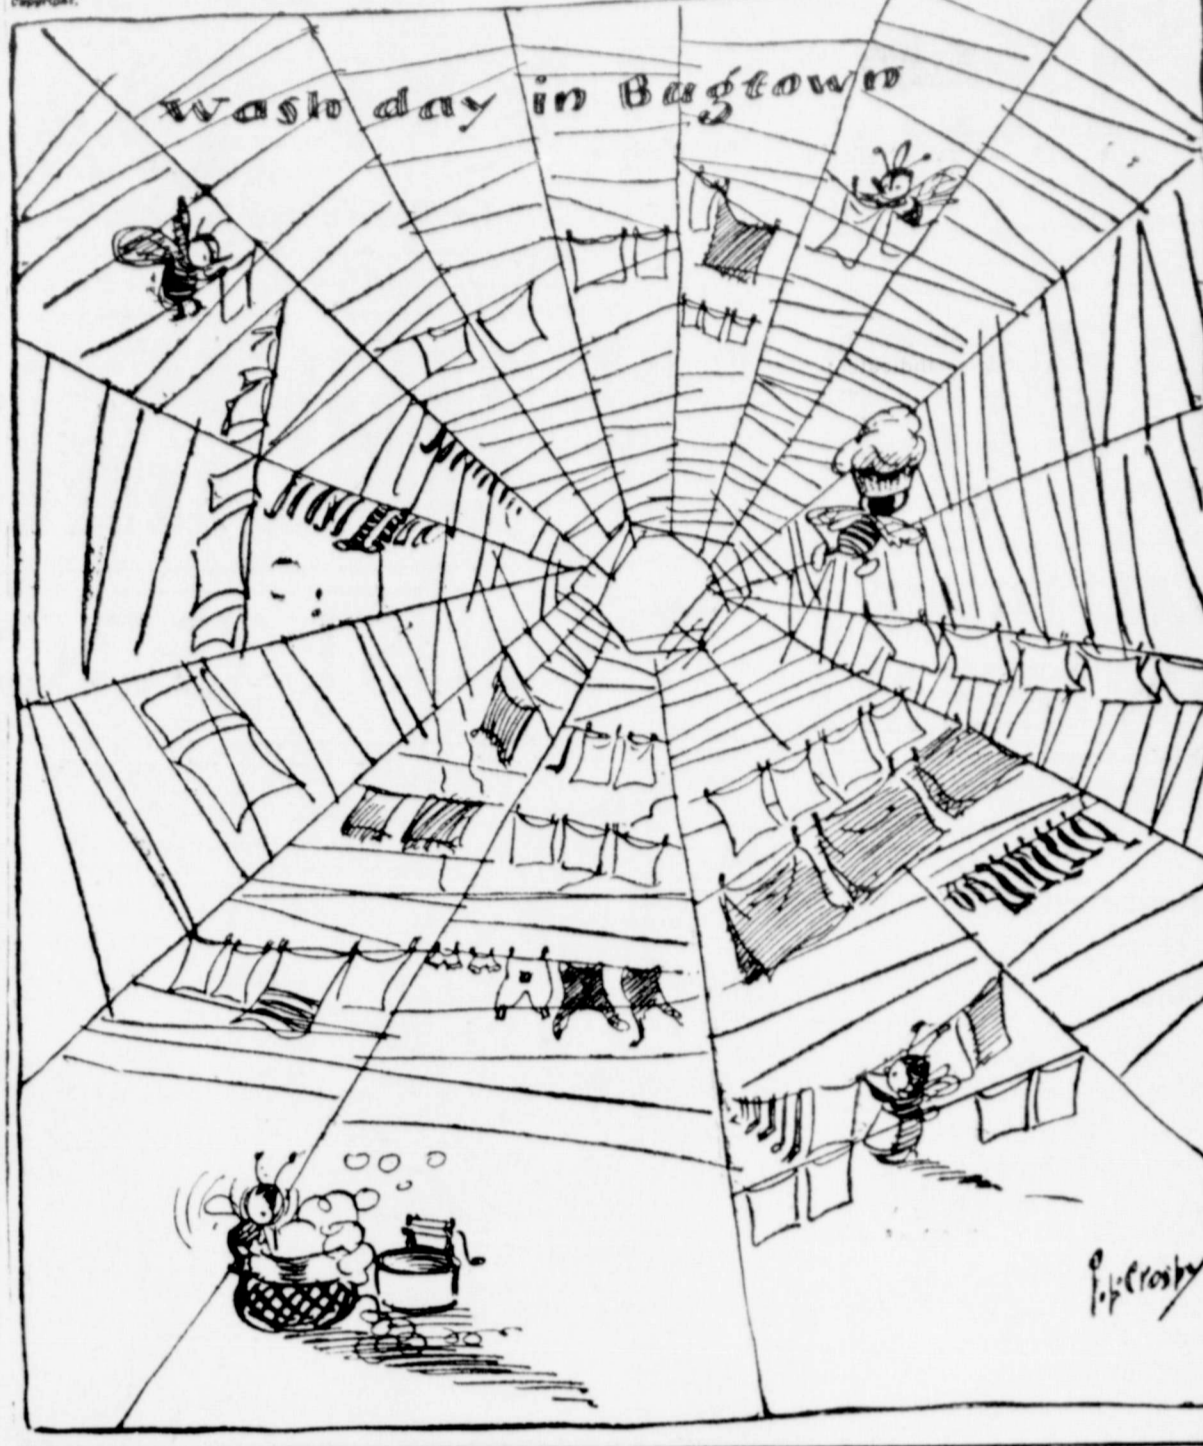

THE illegal lender is a scourge and a problem with which banks and other legal lenders and business generally has been forced to cope from time immemorial.

lender, charging usurious rates, does not find his collection system upon legality. He operates by methods of harassment. And since he cannot lend to those who are able to borrow on their credit he lends on the basis of his nuisance value.

THE difference between the legitimate banker and the loan shark is as wide as the gulf between evil and good. The banker lends to help people out of debt, to assist them in making a living.

THE only safe way to borrow is from those who are legally in the business. Their advice is based on sound and practical reasoning and a thorough understanding of those principles which must be served if business and financial dealings are to be satisfactorily and profitably carried on.

D. A. R. Chapter Guests of Mrs. Lee Clark Monday

Mrs. Lee Clark, Randolph Hill, entertained the Charles Crawford Chapter, D. A. R. at luncheon for the opening meeting on Monday. Roses were used to decorate the living room. The dining table was covered with a beautiful linen cloth, which has been in Mrs. Clark's family for more than a hundred years. The flax was grown and the spinning done by a relative. The cloth was overlaid with lace, centered with a bouquet of Obelia in an early American glass bowl placed in a colonial silver holder. All table appointments were in early American glassware and silver.

Places were laid for Mmes. Joseph Perkins and Taylor of Eastland, Homer Slicker, Chapman Williamson, F. D. Pierce, J. A. Bearman, P. Pettit, C. R. West, Alex Spears, W. C. McDaniel, Miss Marcia Waskom of Dallas and the hostess.

and comment, regardless of where the chips may fall requires.

We don't agree every time, not by a long sight. But, as a matter of fact nobody agrees with everything and everything never agrees with everybody. So we must adopt a course which enables everybody to agree with us most of the time and most everybody agrees with us all of the time.

Therefore, in keeping with that formula and because we want to play as fair with our readers as we hope they will play with us, I am constrained with a grin to lift the following bit out of "Vignettes" in the Sunday's Fort Worth Star-Telegram for the benefit of those who did not read it there. National advertisers will please note that there are numerous folks in this neck of the woods who did not read it.

"A friend of ours handed us the following and dared us to publish it:

"A little girl had to write an essay on editors and newspapers. She said:

"Newspapers are sheets of paper on which stuff is printed to read. The Bible says nothing about editors, and I never heard of one being in heaven. I guess the editor is the missing link them fellers talk about. Some editors belong to the church and some try to raise whiskers. All of them are liars, at least all I know, and I only know one. Editors never die. At least I never saw a dead one. Our paper is a mighty poor one, but we take it so we can use it on our pantry shelves. Our editor goes without underwear in the winter, has no socks and has a wife to support him. Paw hasn't paid his subscription for five years."—Exchange.

"Now if this girl's Paw and all the other Paws would have paid their subscriptions the poor editor could have worn underwear and socks—and could have improved the paper to where they would all have been worn out before it ever went to the pantry shelves. Ye Editor.—Fletcher Herald."

fellow-citizens. They do so with more alacrity because they know that after this one contribution, as far as the West Ward is concerned, their good deed for the year is done. There are to be no "repeat performances."

Besides the main attraction, there will be many other drawing cards for the merry-makers that throng the streets on Halloween—the linen basket, fortune tellers, booths where children can hob for apples or enter other traditional contests, and candy counters where for a nickel or a dime one can get a big bag of delicious assorted home-made candies.

The proceeds of this, the one big money-making drive of the west ward P.T.A., will go into the accomplishment of four definite projects: (1) The beautification of the school-grounds, a program already well under way and receiving the hearty co-operation of the children; (2) The equipment of the large rhythm band; (3) The purchase of school supplies and awarding of room prizes, and (4) the building up of the school library.

All these projects are so near to the hearts of parents, teachers and children that the committee feels sure of support from all quarters in the raising of necessary funds. For the location of the store, Mrs. Sam Kimmell has loaned her building on Sixth St., where the store was held last year. As an additional spur for the collection of stock for its shelves, a prize of \$1 is to be given to the room bringing in the most donations.

The committees in charge of the details of the program are as follows:

Country store—Mmes. Charles Sandler, Sam Kimmell, H. J. McArdle, Graham Connally, Miss Byrd Bacon and A. C. Bradley. Others will be appointed later to assist on the night of Halloween.

Linen basket—Mrs. A. D. Anderson and Mrs. Lory Boyd.

Publicity—Mrs. W. C. Daigh, Miss Mayme Estes and Mrs. Sutton Crofts.

Sideshow—Mrs. Billy Jackson. Collection of stock for store—Mmes. Rex Carrothers, Forest Snyder, Billy Jackson, Geo. P. Fee, Daigh, J. L. Thornton, C. H. Parrish, Lloyd La Roque, S. R.

Woods, Geo. Atkins and Sutton Crofts.

Besides the members of the finance committee proper, the executive board of the P.T.A., including Mrs. Chas. Candler, Mrs. Hubert Seale, Mrs. Sam Kimmell, Mrs. Cope, Mrs. Paul Poe, Mrs. Graham Connally and Miss Mayme Estes are lending their aid and support to the work.

Be Sure They Properly
Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retarded. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

Inspect them, admire them—buy them at prices to fit your purse. Now, just look at that pretty thing on left at top. It is a gem in suedes. Butterfly wings and elastic gores made a suede shoe distinctly new.

Second from top is another individuality in suede. It expresses four shades of suede in one of the season's most dramatic Oxfords.

There on the left, third from top, is another fairy creation in suede. It is elastic gored for comfort and perfect fit with satin accents on a suede D'Orsay Pump.

Then comes No. 4, last in the row. It expresses the artistic touch in its winning simplicity of elegance. It has the high-tongued, scalloped detail step-in with concealed elastic goring.

The new fall styles embrace every popular seasonal material, in leather, suedes, velvets, satins, etc. Put on your bib and tuck and go shopping at home.
