Stone, presiding, has the measure to the senate.

officers. The case will continue for some time if one may judge by the eighteen tons of documentary evidence submitted to the grand jury.

In essence the question is between the those that underlie the anti-trust laws, or to phy of the old-time guilds and that of thoroughgoing laissez-faire. In this instance the issue is awkwardly complicated, as compared with former prosecutions for monopoly, by the fact that the government itself was trying to ride two horses during the NRA era. The period of the indictment covers the last four months of the NRA regime and six

The government, through the department of justice, alleges that the oil companies established a higher price than then existed for gasoline by buying relatively small quan-National advertising representatives, Frost, tities of so-called "distress" gasoline from small refiners and then made large profits by gauging their own selling prices to this artificial price. The oil companies reply that administrator of the petroleum code, had asked them to do. The effect of this pool increase employment, protect wages and conserve resources.

> In other words, just as business often trouble but protests to be let alone when it is doing well, so the community through government is apt to demand concerted action of business in emergencies but then punish It is the long struggle for a right balance between cooperation and individualism, or perhaps rather for a true sense of each.

The need for freedom of competition and freedom of opportunity is imperative and perpetual. If business is left entirely alone My heart can have no rest unless it rests in it may form combinations of the biggest units to dominate and control the markets. It is important who shall name the price, whether a monopolistic group or the buyer and seller in a free market. Sometimes government intervention assures openness of markets; by Speaker Bob Calvert to comsome-times, as under NRA, it closes markets.

Whether the oil companies in the suit the house of representatives set-Texas chamber of commerce from Stam- at Madison were abusing their powers or
