THE CISCO DAILY PRESS

Combined With Cisco Daily News and Cisco American and Round-Up November 1, 1937

In an area of beautiful, benevolent climate, at ideal altitude, blessed with an abundance of the purest, soft lake water, possessing the best in recreational facilities, situated on the Bankhead, all-weather transcontinental route, with two railroads and many highways, Cisco is the best place in Texas to live and to work.

CISCO, TEXAS, THURSDAY, MARCH 17, 1938

NUMBER 190

MOTHER KILLS SIX OF HER NINE CHILDREN

Official Canvass Gives Legal Beer 223 Majority

PERMITS WILL REQUIRE TEN DAYS OR MORE

Applications to Be Passed on By County Judge Monday

Proponents of the legal sale of ten per cent beer in Eastland county today had an official canvass of 223, the county commissioners court announced after a canvass of 223 this morning.

Legalization—2,477;
No legalization—2,254.

The 10 days or two weeks before beer can be sold in the county, that period being required for applications for permits to go through the legal mechanism now under the present state law, permits can be issued on 20 applications already on file. Under the law, applications filed with the county judge must be posted for at least 10 days before it can be acted on by the county judge, but not later than 10 days.

Protests are registered against the application and in the county judge, acting on the advice of enforcement officers, the applicant is entitled to a permit. The judge issues an order for the applicant to pay a fee of \$10. A copy of the permit is given to the county clerk, another to the tax collector. The applicant pays the fees, and the copy of the order is sent to the state liquor control board. The board sends the permit to the applicant and the applicant may then legally sell beer.

Judge Adamson told the press this morning that he has passed on applications already filed Monday. Preliminary action at that time, he and enforcement officials, a representative of the state liquor control board and the chiefs of police of Eastland and Ranger will meet Friday morning at 10 o'clock on the applications so far filed.

Dr. Lee's statement reads: "The state health officer has issued an appeal to correct any menace to health that may exist in any town. May I not add my word to his and ask that we rid our premises of unsightly rubbish, garbage, manure heaps, and especially empty receptacles that might contain water and so breed mosquitoes. Let us do this as carefully as if each was contending for a valuable prize, as indeed we are, for what better thing can we strive than a clean, healthy place in which to live. Now is the time to carry on this work, before flies, mosquitoes, and other pests become numerous, as they will if they find a place in which to harbor."

With Cooper stated Wednesday selections for track entries in county interscholastic league probably would be made after trial events are held Friday at Clark.

For the poor showing which boys made in the Moran meet Friday, Coaches Petty and ... are making every possible effort to develop a track combination which will be worthy of Cisco school. Spring football training has been halted in order that possible prospect can be given chance to enter the track league. The interscholastic league will be held in Eastland, Friday, March 25.

Mrs. B. F. Britain and Tex ... of Putnam spent this morning in Cisco.

Captain of Trade Indicted

In a surprise move, New York's district attorney, Thomas E. Dewey, obtained a grand jury indictment of Richard Whitney, outstanding broker whose firm recently crashed. Whitney is shown above, left, as he walked out of a police station where he was fingerprinted and photographed and released in \$10,000 bail. The grand jury indictment charges him with stealing \$105,000 in securities from a trust fund established by his father-in-law for his wife and other beneficiaries.

Literary Entrants of Cisco Hi Ready

Cisco high school literary entrants in the county interscholastic league meet are ready and waiting. The systematized method of preparation, used for the first time this year, will undoubtedly prove its merits in the results of the coming contests. Diligent efforts on the part of the coaches and the students have heightened Cisco's possibilities greatly.

CLEAN-UP OF CISCO URGED

Health Officer Cites Disease Menace

City Health Officer W. P. Lee today requested that the citizens of Cisco give consideration to the conditions of the premises of their homes. Dr. Lee stated that yards should be cleaned up and that long neglected refuse should be removed. Such precautions can be taken now with very little trouble and are very necessary to disease control, he said.

Dr. Lee's statement reads: "The state health officer has issued an appeal to correct any menace to health that may exist in any town. May I not add my word to his and ask that we rid our premises of unsightly rubbish, garbage, manure heaps, and especially empty receptacles that might contain water and so breed mosquitoes. Let us do this as carefully as if each was contending for a valuable prize, as indeed we are, for what better thing can we strive than a clean, healthy place in which to live. Now is the time to carry on this work, before flies, mosquitoes, and other pests become numerous, as they will if they find a place in which to harbor."

NINE INSURGENT RAIDS

BARCELONA, March 17 (AP)—Nine insurgent air raids took over 300 lives today in this metropolitan capital. One bomb shattered windows in the United States embassy. Hundreds were injured.

TO MEET TUESDAY

The Mildred Harris club did not meet this week but will meet Tuesday, March 22, at the hall. All members and visitors are urged to attend. Mrs. W. R. Huestis, president and Mrs. H. L. Kunkel, secretary and treasurer.

Weather

East and West Texas: Fair and warmer tonight. Friday partly cloudy and cooler.

"IT CAN TAKE PLACE HERE," SAYS JUSTICE

Judge Leslie Tells Rotarians Vigilant Citizens Needed

In a stirring appeal to the citizenship of America not to permit the terrible tragedy of Germany or Russia to happen in this country, Chief Justice W. P. Leslie of the eleventh court of civil appeals, told the Rotary club today that, despite whatever smug assurance this nation may have in its safety, that result is the inevitable consequence of a citizenship turned careless of its liberties and its privileges and lazy in its protection of them.

"The fundamental need of our nation—the fundamental need of any democracy—," declared the jurist, "is an intelligent and vigilant citizenship. Whenever we become so careless of our liberties, whenever we become so lazy that we are content to look to some other person for security and support, then power drifts inevitably toward dictatorship. It drifts from the county to the state, from the state to Washington. There it becomes centered in a dictatorship which in turn delegates it to bureaucrats who exercise it upon us."

The Result
"And when that condition occurs we are going to discover to our very great sorrow that the exercise of that power upon the length of our shirt-tails, as the Germans have done to conserve cotton cloth, is the very least of its manifestations."
"The price of our liberties is eternal vigilance, an intelligent"

Briggs Owen Is Buried Today In Eastland

Funeral services for Briggs Owen, 67, prominent stockman and farmer, living five miles west of Cisco, were to be held this afternoon at 3 o'clock at First Baptist church at Eastland with burial in Eastland cemetery.

Mr. Owen, a brother of Lee Owen of Cisco, died at his home about 7 o'clock yesterday morning after an attack of heart trouble which had confined him to his bed for several days.

He was born on September 26, 1869, in Tennessee, coming to Texas as a young man. He had lived in Eastland county for 27 years, where he was prominent in the affairs of his community and county. For a number of years he served as president of the county school board.

He is survived by his wife and four children, two daughters and two sons. The sons are Talton and Orval, both of Eastland, and the daughters are Mrs. S. Scarborough of Dallas and Mrs. Paul C. Keys of New Orleans.

Allred to Announce Decision on Radio

AUSTIN, March 17 (AP)—Governor Allred said today he would announce in a radio address Saturday night whether he would seek a third term. The address is to be over the Texas Quality Network, beginning at 9 o'clock.

MOTHER IS ILL

Mrs. T. C. Williams was called to Waco in response to a message that her mother, Mrs. S. M. Pruet, was seriously ill.

Austria's New Nazi Chieftain

Hard-picked by Fuehrer Adolf Hitler, Nazi Minister of Interior Dr. von Seyss-Inquart, above, was named Austrian chancellor, supplanting deposed Kurt Schuschnigg. Immediately he selected, with Berlin's approval, a new cabinet wholly pro-Nazi.

ABANDON NEW LONDON RITES

Memorial Services Not To Be Held

NEW LONDON, March 17 (AP)—In deference to parents who lost children, Reverend R. L. Jackson said today that memorial services for the victims of last year's school explosion, scheduled for Sunday, would be cancelled.

No classes will be held tomorrow, the anniversary of the blast in which 297 died.

Band Parents Club in Called Meeting Tonight

A called meeting of the Band Parents and Boosters association will be held in the high school auditorium at 7:30 tonight. On the stage, the band will play a few selected numbers. Afterwards, important business of the association will be discussed, and plans for the band's trip to Stephenville will be made. Several ideas concerning raising funds for the band will be brought up, and a decision on the question of purchasing a new bass horn is expected to be reached. The bass horn will be on exhibition at the meeting. All members of the association were urged to be present.

Mr. Maddox received a letter from G. W. Collum, bandmaster in Stephenville, expressing appreciation that Cisco had entered the band festival to be held in Stephenville Saturday, March 19. Enclosed in the letter was the schedule for the school band festival and contest. It reads: Marching at football stadium at 2:45 o'clock; downtown parade at 4:15; the band contest will begin at 8:15 a. m. and will continue until 2:45. Cisco high school's band is scheduled to compete in the contest at 1:40 Saturday afternoon.

Miss Marjorie Barker left Tuesday for her new home in Fort Worth.

National VFW Commander To Be Here Monday

Dinner at Laguna Hotel Monday Evening Will Honor Scott P. Squyres, Veterans Organization Head, and Visiting Party

Scott P. Squyres, of Oklahoma City, commander-in-chief of the Veterans of Foreign Wars of the United States and official party, including Arthur D. Dodds, Dallas, department commander, will visit Cisco Monday, March 21, arriving at 7 p. m., after visiting the Veterans hospital at Waco. Carl E. Garretson, Abilene, department chief of staff, will join the party here.

The party will be honored with a dinner at the Laguna hotel attended by V. F. W. members from nearby towns, after which a veterans' meeting at the Laguna hotel at 8 p. m. will be addressed by the Commander-in-Chief.

Mr. Squyres is of medium height and stockily built, with black eyes and straight black hair that hint of the strain of Cherokee blood in his veins. He looks much younger than his 42 years young indeed to be the national head of the largest organization of America's overseas war veterans. A lawyer, polished and practiced orator, he has traveled extensively, addressing veterans' groups, civic bodies and other organizations on subjects relating to veterans' welfare. Particularly he is a champion of the cause of federal responsibility for disabled veterans and their dependents, and the widows, orphans and dependent parents of deceased veterans, and vigorously opposed to communism, nazism, fascism and other "un-American and anti-American forces, according to D. C. Norton, senior vice president of the Cisco post of the V. F. W. To Visit West Texas Posts

Following his address, Commander-in-Chief Squyres, accompanied by department commander Dodds and party, will leave for Abilene, where they will be joined by Tom H. Carter, of Lubbock, department senior vice commander, for an extensive visit of V. F. W. post in west Texas.

Mr. Squyres was unanimously elected commander-in-chief of the Veterans of Foreign Wars at its 33rd national encampment, held in Buffalo, New York, August 29 to September 3.

Squyres enlisted in the U. S. Navy in 1917, shortly after war with Germany was declared. He enlisted in Oklahoma City and was sent to Hampton Roads, Virginia, where he promptly was assigned to the U. S. S. Huntington, a battleship cruiser. When he was not standing watch, or coaling ship, Squyres spent nearly his entire time on the U. S. S. Huntington bridge, handling communications with various lookout stations above and below decks. The U. S.

KISSES EACH GOODBYE WHEN DEED IS DONE

Tells Officers She Is Ill and Unable to Provide for Them

CENTER, March 17 (AP)—A mother who told officers she was ill and unable to provide for her family killed six of her nine children at her farm home near here last night, kissing each goodbye before and after shooting them in their sleep.

District Attorney Warlow Lane said he would file murder charges against Mrs. Lillie Mae Curtis, 38, who was under a five year suspended sentence for slaying her husband, Robert Curtis, 44, three years ago.

The dead are: Marcie Jack, 5, Margie, Rec 7, Robert, 9, Billie Burke, 10, Gloria Jean, 11 and T. O., 13.

Justice of the Peace Len Eddins said the children were lying dead in beds in one room when he arrived.

Sheriff J. B. Sample was summoned by Travis Curtis, 16, who was spared, his mother said, "because he could take care of himself."

A mass funeral for the children has been set for 10 tomorrow morning at west Hamilton.

The surviving children were Travis, another boy who was at his grandfather's home and a married daughter.

Sherman and C. Harrison Named Cage Captains

Selection of Cisco high school basketballers of 1938 who are to receive honors and letters was made Tuesday by Coaches J. T. Petty and Bill Cooper. Contrary to established custom, the co-captains of the team are not chosen until the close of the season. This unique practice affords sufficient opportunity to award these positions of honor to those men whose records clearly show that they have been outstanding in sportmanship and ability.

Gordon Sherman and Cullen Harrison were elected co-captains, thus honored by their teammates. The work of Sherman and C. Harrison was outstanding during the past season. Gordon Sherman, stellar guard, was noted for his fine defensive play and for his long-range sharpshooting which many times was the factor which brought his team victory. C. Harrison, forward and center, was brilliant on offensive play, ball-passing, and close-quarter shooting.

Those chosen to receive the "C" are: Gordon Sherman, Cullen Harrison, Marcell Harrison, Odell Harrison, Bobbie Bacon, R. D. Dunham, Coy Warren, Raymond Reames, Roy Burnside, J. T. Culp and Parks Bailey; Bunk Wade received a manager's letter.

This past season the Lobos won the county championship for the first time since 1928. During the season the team did not lose a conference game. They lost no non-conference games except to the Stephenville Yellowjackets who were victorious two or three times in the games played in tournaments. The Lobos acquired the county championship when they defeated Scranton here in the high school gym. In the district meet, the Lobos won their first game and dropped their next game to Cross Plains. Cross Plains continuing.

HULL DEMANDS STRONG ARMS

Points to Hazards in World Situation

WASHINGTON, March 17 (AP)—Secretary Hull, declaring that America must hold to its rights in its quest for world peace, laid down today a policy of arming for protection against "international lawlessness."

"It is my considered judgment that, in the present state of world affairs, to do less than is now proposed would lay our country open to unpredictable hazards," he said, referring to the naval expansion program.

The Secretary came out strongly for an adequate armed force.

RUSSIA SEEKS JOINT ACTION

MOSCOW, March 17 (AP)—Foreign Minister Litvinoff today in-

(CONTINUED ON PAGE EIGHT)

New Standpipe to Aid Water Supply

Bids will be asked shortly on the construction of a new steel standpipe for the Cisco water department to increase by about one-half the present water storage capacity of the system.

Steel from the standpipe removed several years ago from a location on Fourth street, will be used with the exception of the three lower rings which will have to be replaced with new steel. The new reservoir will be located in the vicinity of that on Twelfth street.

Construction is due to be completed before the summer demand sets in, the commission said, in order that adequate surplus storage will be available when the

heaviest drain is made upon the supply. The two concrete reservoirs now in use do not allow a sufficient surplus of water to be built up during the night to secure a sufficient supply for hot summer days, and it has been found impossible to pump enough water during the day through the eight and six-inch mains which connect with the large 16-inch tube leading from the lake to Randolph hill to offset the heavy drain. With a third large reservoir added, however, the supply can be built up during the night to a point where this condition can be met.

» Under the Courthouse Roof »

THE NINETY-FIRST DISTRICT COURT

(Judge George L. Davenport, presiding)

Dismissed was a case alleging theft over \$50 against Gerald Moore, who previously was sentenced to a term for burglary, an offense which Criminal District Attorney Earl Conner, Jr., pointed out in making his motion for dismissal grew out of the same transaction.

Transferred to the court from 88th district court was the suit of L. A. Warren against J. A. Hoover

and others, an action brought for collection on a note.

Bennie Mae Tinker filed suit for divorce against Gladden Tinker.

THE EIGHTY-EIGHTH DISTRICT COURT

(Judge B. W. Patterson, presiding)

Divorces were granted during the week in Mrs. Violet Ann Colwell from Paul W. Colwell, Maudie Weathers from Elwayne Weather. In the Colwell case the plaintiff's maiden name, Violet Ann Poble, was restored. In the Weathers case each person was given custody of one of two children.

At the conclusion of a habeas corpus hearing John Hamilton of Ranger was ordered released from the custody of county officers. Eunice, N. M., officers had the sheriff's office to place Hamilton in custody, alleging that he was wanted in connection with the alleged disappearance of an automobile. Judge Patterson found that New Mexico officers had not shown sufficient evidence to warrant Hamilton's holding.

The grand jury for the March term of the court will reconvene Monday, April 4. At its first session last week at Eastland 14 true bills, alleging child delinquency.

petty theft, burglary, theft of meat, assault and battery, assault to murder and driving intoxicated, were returned. At week's end persons against whom 13 of the bills were returned had been placed in custody or had made bond.

Cases set in the court included the following: Monday, April 4, B. H. Boggs vs. Lone Star Gas company, damages; Wednesday, April 6, Charles Sandler vs. Eastland County Lumber company, suit on contract; Monday, April 11, W. F. Basham vs. States Oil corporation, damages; Monday, April 18, Employers Casualty company against J. W. Cummins, appeal from Industrial Accident Board; Monday, April 18, W. H. Crabtree vs. Lloyds America, appeal from Industrial Accident Board; Monday, April 18, J. W. Shaffer vs. Lloyds America, appeal from Industrial Accident Board; Thursday, April 21, D. L. Kinnaird vs. Mrs. S. Spencer, suit for damages, title and possession; Alice C. Clark vs. City of Eastland, damages; Thursday, April 21, W. S. Lemaster vs. Rudco Oil and Gas company, damages.

R. N. Grisham in a judgment from the court was awarded \$644.75 from Carbon Peanuts company, Inc., H. Flowers and G. C. Atkins.

Suits filed in 88th were Geraldine Ballard vs. R. B. Ballard, divorce and custody of child, and The Southern Underwriters vs. G. C. May, appeal from Industrial Accident Board, appeal transferred from Winkler county.

DEPARTMENT OF COUNTY CLERK J. R. Buey of Rising Star was named to succeed G. C. Branton as public weigher in precinct 7, an order of commissioners court on file in R. V. Galloway's office disclosed.

W. S. Adamson, judge of the county court, continued a plea of privilege filed by Graham Mill and Elevator company, one of the defendants in a case styled J. U. Johnson against Frank Castleberry and others.

Two marriage licenses were issued: J. T. Starks of Eastland and Thelma Webb, formerly of

Cisco, and to Cecil C. Cain of Carbon and Miss Naomi Barron.

FARM AND HOME DEPARTMENT

(Elmo V. Cook, county agent; Hugh F. Barnhart, assistant; Miss Ruth Ramey, county home agent, and Miss Mable Caldwell, assistant).

Over 100 4-H club boys and girls attended the Southwestern Exposition and Fat Stock show Monday at Fort Worth on 4-H day. Extension agents, their sponsors and parents accompanied the youths.

Assistant Barnhart reported 156 boys enrolled in club work. His quota for the year had been 150. Mary Louise Bond, Colony club girl, reported to Miss Caldwell that by building a clothes closet she saved her family \$82. Miss Bond followed extension methods. The closet picked by her father previously for the family would have cost \$82.

Louis Pitzer, Eastland dairyman, who has been conducting tests on his herd of Jerseys in cooperation with Assistant Barnhart, found that last month butter fat averaged 4.6. Twenty-eight Jerseys were under the test for the month.

Sponsors and reporters at an extension course training school last week at Eastland included: Mrs. M. W. Grieger, Flatwood; Mrs. L. R. Higginbotham, Kokomo; Mrs. Henry Wilson, Bullock; Mrs. Clyde Bond, Colony; Mrs. E. L. Burkhead, Rising Star; Mrs. W. N. Jenkins, Gorman; Mrs. C. L. Hord, Rising Star; Margaret Arnold, Flatwood; Berda Mae Eaves, Kokomo; Johnnie Nix, Morton Valley; Eunice Squyres, Bullock; Wanda Lois Graves, Colony, and Beda Donaldson, Gorman.

Miss Ramey reported organization of a home demonstration club at staff whose members chose Mrs. J. W. Seay as president. Other officers are Miss Sarah Mae Barber, vice president; Mrs. O. T. Hazard, secretary-treasurer; Mrs. S. E. Hazard, reporter and council delegate; Mrs. W. H. White, parliamentarian, and Mrs. Wayne White, kitchen demonstrator. First and third Wednesdays of each

month were named as regular meeting dates.

ASSESSOR-COLLECTOR DEPARTMENT

(C. H. O'Brien, assessor-collector)

O'Brien again reminded automobile owners that their vehicles should be registered soon as April 1 is final date for use of 1937 plates. At the start of the week only 500 passenger cars had been registered.

New cars registered: 1938 Buick coupe, A. C. Smith of Eastland, Muirhead Motor company, Eastland;

1938 Pontiac sedan, Nonnie A. Smith, Eastland; 1938 Ford Tudor, F. C. Payne, Rising Star, Montgomery Motor company, Rising Star; 1938 Ford coupe, J. A. Robinson, Rising Star, Montgomery Motor company, Rising Star; 1938 Ford tudor, T. A. Thompson, Rising Star, Montgomery Motor company, Rising Star; 1938 Ford coupe, L. R. Smith,

DON'T SCRATCH! Our Paracide Ointment is guaranteed to relieve any form of Itch, Eczema, Athletes Foot or other Itching Skin Irritation or purchase price promptly refunded. Large jar for 60c at DEAN DRUG CO.

Rising Star, Montgomery Motor company, Rising Star;

1938 Chevrolet sedan, Mable Caldwell, Eastland;

1938 Chevrolet coupe, Texas Pacific Coal and Oil company of Gorman;

Ranger, Anderson Pruett, Inc., Ranger;

1938 Buick, R. L. Pensler, Cisco, Muirhead Motor company, Cisco;

1938 Chevrolet coupe, C. R. Neely, Ranger, Whitaker, White Motor company, Strawn;

1938 Pontiac coupe, W. J. Poe,

In state legislature there were 140 members.

BIBLE THOUGHT FOR TODAY

They caused great joy unto all the brethren. Acts 13:44

For us, whatever's undergone,
Thou knowest, wiltest what is done.
Grief may be joy misunderstood.
Only the good discern the good.
I trust thee while my days go on.
—E. B. BROWNING.

If we truly believed the word of the Gospels, no earthly joy could equal the sweet sense of trust with which we would leave ourselves in the hands of God. O my Father, teach me to seek (I) Help me to find (I). Grant me its full enjoyment.—Mrs. Craven.

Real Tax Reform

Wise old Benjamin Franklin said that only a country rich in natural resources could afford the luxury of a democratic government. There is striking evidence of the wisdom of that statement to be seen in the report of State Auditor King who is so earnestly critical of the costly and complicated governmental system of Texas that he even finds fault with the efficiency of his own department. Auditor King finds no fault with the state officials, who, he says, are doing the best they can under the circumstances. His criticism is directed at the system.

There is much food for sound thought in the state auditor's analysis of this system. The fact that Texas tax-payers are supporting a "crazy-quilt" pattern of departments, some 200 of them, many of which overlap in their functions, and all of which lack centralization of financial control and uni-

form accounting, is of itself a severe indictment of that system. Waste and inefficiency are the certain children of such a parent.

Lack of central executive authority over spending of state funds, absence of accounting standards which good business management dictates, laws which are "political misnomers" in their failure to provide any means for effective budgeting and postchecking of fiscal operations, are at the bottom of the state's problem, the auditor finds. He points out that the state legislature has no means of knowing what appropriations are actually needed, its decisions in this respect being made on mere requests and superficial information.

The auditor suggests a number of reforms. To accomplish them would require a thorough-going revision of the whole system and the installation of an entirely new setup. It has long been apparent to students of the conditions in Texas government that something of this character ought to be done. The rapid increase in state expenditures, taxation costs which are rising out of all proportions to increases in population and industrial activity, and the excessive costs of operating Texas government in comparison with that of states which are just as well governed demand reform. Here is the real answer to tax relief—not more taxes but more economical and efficient administration of the revenues that now exist.

Cooperating Dentists

It is estimated that the average dentist in or near New York City is regularly idle for two hours and ten minutes of his daily work period. At the same time there are thousands of New York children not receiving any dental care. Dentists could take care of 3,500 children a week in the time now usually lost. The First District Dental society of the state of New York proposes to find out whether anything can be done about this. In a preliminary questionnaire a special committee asked 2,000 local dentists whether they would be willing to accept additional dental practice at a fixed sum per hour. Two-thirds of those who answered said they would, and many added that they would give full time to any dental project proposed, at a fixed weekly salary, if it were supervised by organized dentistry. They oppose any "socialistic plan of government control."

If it is possible for dentists to work out, as they plan, a definite program of dentistry to aid the needy, they will contribute generously to public health. They themselves are likely to profit. It is a hopeful sign that such a group sees its own problem and responsibility so clearly and goes to work on it so vigorously. Here are individual initiative and cooperation combined for the general good without compulsion.

Human and Other Nature

By W. F. BRUCE

I like to talk with people of long experience who have grown to a measure and a little conscious of their own advantage of having been through the business of living of what to do about the depression, but is still a doubtful experiment that is meeting with some success. Owen who has growing criticism and opposition, seen this system since the early F. D. R. may be wise in letting it days and has had to wrestle with out through a conversation with a

his own farm problems so long that he does not feel dependent upon a government official—one of those theorists, as it seems to some of these "dirt farmers, who sits in an office and works it out on paper how he thinks the farming ought to be done—to direct his operations. After five years of the New Deal is not a tried and approved answer to the question of what to do about the depression, but is still a doubtful experiment that is meeting with some success. Owen who has growing criticism and opposition, seen this system since the early F. D. R. may be wise in letting it days and has had to wrestle with out through a conversation with a

friend his plan not to run for a third term. Whatever we may say of the good original intentions of the New Dealers the plan has not been convincing. Whether any other would have done better cannot be proved except as we suppose that some successful method of the future might have worked better in the past.

It looks to me that they are putting their finger on the economic sore spot when they touch more or less severely concentrated wealth as the worst part of the depression. The mass of the people are suffering while a few have all they want and more than they need. If we take the term "holding company" out of its technical sense and apply it to every organized business that has sufficient control over a commodity or an industry that it can hold up activity when things don't suit, then we have a hint at where the blame is to be placed. With plenty of goods for everybody, and often too many according to advocates of limited production, where is the need of anybody being in want unless either he is too lazy to make the effort of getting his share, or else some one else is holding his share from him. We need to break up business enough at least to let it go around and help all.

The above was written after an interview with Mr. Owen a few days ago and before his sudden death. He was then active and busy about his farm. The last thing he said to me was, "Come and see me again, and we will argue it out." May that still be true.

THE GOLD SITUATION IN A NUTSHELL OR I SURRENDER, DEAR

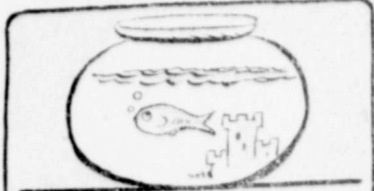

1 ALL THE GOLD IN THE WORLD COMES FROM THREE SOURCES: (a) OUT OF THE GROUND (b) OUT OF OLD SOCKS AND MATTRESSES, AND (c) OUT OF SOVIET RUSSIA.

2 THE GOLD FOUND IN THESE PLACES IS TAKEN TO THE U.S. TREASURY WHERE IT IS PURCHASED AT A PRICE WHICH THE GOVERNMENT FEELS IS ADEQUATE TO INSURE ITSELF A GOOD, SAFE LOSS.

3 THE GOLD IS THEN DIVIDED INTO TWO PARTS. THE FIRST PART IS POUNDED INTO A FINE DUST AND IS DISTRIBUTED THROUGH FEDERAL BANKS TO BE USED IN PUTTING THE GILT EDGING ON GILT-EDGE SECURITIES. THIS IS CALLED "CREDIT."

4 THE REST OF THE GOLD IS PLACED IN HUGE VATS, WHERE IT IS WASHED, SCRUBBED AND POLISHED UNTIL IT SHINES LIKE GOLD. IT IS THEN WRAPPED IN CELLOPHANE, MARKED "DO NOT OPEN TILL CHRISTMAS," AND DEPOSITED IN A COOL, DRY VAULT, THIS IS CALLED "STERILIZATION."

5 THESE PROCESSES CONTINUE UNTIL ALL THE GOLD IN THE WORLD IS IN THE HANDS OF THE U.S. GOVERNMENT, WHEREUPON THE PRESIDENT (OR DEALER) MUST RAISE HIS HAND AND SHOUT, "BINGO!" AT THIS POINT ALL PLAY CEASES AND THE HEADS OF FOREIGN GOVERNMENTS MUST STOP WHATEVER THEY ARE DOING AND COME TO WASHINGTON, WHERE ALL THE GOLD IN THE WORLD HAS BEEN PLACED IN ONE BIG PILE FOR THE BENEFIT OF NEWSPAPER PHOTOGRAPHERS. THIS IS CALLED "INFLATION" — OR "DEFLATION."

6 ALL THE GOLD ("CREDIT" AND STERILIZED) IS THEN MADE INTO BEADS. THESE ARE PASSED OFF ON UNSUSPECTING INDIANS IN EXCHANGE FOR BEARSKINS AND CLAMSHELLS, WHICH BECOME THE NEW MEDIUM OF EXCHANGE AND ARE REALLY MUCH EASIER TO UNDERSTAND.

FOR FURTHER REFERENCES, SEE POE'S "THE GOLD BUCK," HENRY JAMES' "THE GOLDEN BOWL," AND WARNER BROS' "GOLD DIGGERS OF '38."

scab, and leaf curl can be controlled by timely spraying.

General orchard management will also be discussed at the demonstrations. A schedule of demonstrations in spraying follows:

Orchard spraying schedule:
 J. D. W. Jones, Bluff Star, 10 a. m. Monday, March 21.
 Doss Alexander, Pioneer, 2 p. m. Monday, March 21.
 George P. Fee, Cisco, 10 a. m. Tuesday, March 22.
 H. B. Lane, Stanton, 2 p. m. Tuesday, March 22.
 W. F. Bryant, Koko, 10 a. m. Thursday, March 24.
 T. A. Eison, Jr., New Hope, 2 p. m. Thursday, March 24.
 Dick Wecker, Alameda, 2 p. m. Friday, March 25.

CONTROLLING CATERPILLARS OR WEBWORMS

All leaf eating insects can be economically and effectively controlled if control measures are started early in the season when the insects are first seen, and are still small in size. Webworms and other leaf eating caterpillars are appearing now on fruit and shade trees. Later in the season other leaf eating worms will likely attack shrubs, vines, and even vegetables.

It should be kept in mind that any material applied to a plant to kill leaf eating insects is poisonous and should not be used on plants.

REPERT SAYS HOPPER INFESTATION CERTAIN

"The 1938 infestation of grasshoppers in Eastland will be fully as bad as in 1937 or worse" predicted R. R. Reppert, extension entomologist, while making a survey in Eastland county with the county agent this week. Last year Eastland county farmers and ranchers used approximately half a carload of poison materials and the estimated need this year is a full carload. An inspection made in the state by Reppert last fall indicated three times the 1937 infestation could be expected in 1938. Nothing has intervened since that time to relieve the situation.

There is now on hand in Eastland county enough poison materials to make a good start in a control campaign. This material consists of bran and sodium arsenite which were supplied by the U. S. government. Those who use this material are expected to contribute an equal amount of bran. Plans are under way to organize county grasshopper control campaign at once on Texas.

Farmers expecting grasshopper infestations are urged to watch carefully for small hoppers and advise the county agent at once when they appear.

BAGWORMS ON EVERGREEN SHRUBS

About April or May small insects known as "bagworms" appear on many evergreen shrubs, such as cedars and arbutus vitae. They live in small cone shaped bags which are made by the insect pasting leaves to the outside of a silken cocoon. The bagworm is a type of leaf eating insect and can be controlled by spraying all the leaves on the shrub with arsenate of lead mixed in water. They should be controlled while still small.

PLANT LICE (Aphides) AND THEIR CONTROL

Plum trees, evergreens, roses, garden crops, in fact all classes of plants are subject to infestations at various times by small, soft bodied plant lice, known as aphides. Each group or family of plants is attacked by a different type or family of aphides. These lice are controlled effectively in the following way:

Spray the plants during the heat of the day in such a manner as to get the material on the insects themselves. The following mixture of materials should be sprayed with as much force as possible:

Mix together one ounce nicotine sulphate, 1/2-pound laundry

DAN HORN

The Dan Horn women's home demonstration club met with Mrs. Will Ervin March 4. Eleven members were present and two visitors.

Miss Ruth Ramey, county home demonstration agent, met with us and gave an interesting talk and lesson on "The Light Airy Kitchen." The report from Mrs. John Alvey and Mrs. Annie Bisbie was read. Mrs. Bisbie who hauls water in barrels in a wagon carried four four gallon cans in other kitchen in one day and averaged that every day. Mrs. Alvey has a cistern and she averaged from 12 to 14 gallons a day. That is carried into the kitchen and out again. A farm woman doesn't realize how much water she handles until she keeps an account.

Mrs. Ervin received 11 nice tea towels. The next meeting will be with Mrs. J. T. Cavanaugh, Friday March 18, at 2 o'clock. Let's all be present.

The Dan Horn women's club met at the school house Monday night, March 14, for a few hours of fun and entertainment. Once every three months the club members and their families meet and teach the young folks to play games.

A nice crowd was present and 42 and dominoes were played by the older people. Mrs. Starr had charge of the young people, and Mrs. Toner and Mrs. Cavanaugh of the children.

Sandwiches, cookies, cocoa and coffee were served to everyone.

Mr. Eldridge, our county school

Grammar School Athletes Have Busy Schedule

Grammar school's athletic activities are booming this week. Miss Leila Latch's junior tennisists contested the Breckenridge students in a number of matches Wednesday. Considering that many of the Cisco youngsters played much older opponents and that the matches were held in Breckenridge, the results were good. Jolcen Hanrahan defeated her opponent by a score of 6-4; Billy Ray Dill lost at 7-5; Golda Warren and Betty Slicker lost the girls' doubles 6-1; Billy Sherman and Glynn Doggett lost the boys' doubles match at 6-4. John James Haynie and L. J. Donohoe, and Donald Squaglia and Jimmie Ables, two alternate doubles teams, played the Breckenridge varsity in practice matches. The girls' doubles team, Gradyne Berry and Jacqueline Ruppert, played the girls' varsity team; Alma Lou Smart played a varsity singles match. The Breckenridge tennis team will play a return match with the grammar school group here this afternoon.

C. J. Turner's grammar school girl volleyball seven defeated the high school team on the grammar school grounds Wednesday afternoon. Grammar school's entries were: Verma Murphy, Bonnie Stuart, Edna Hageman, Marguerite Morrison, Lucille Johnson, Betty Jean Condon, and Orella Arrington. This is the second game, out of three, which the juniors have stolen from the high school guard.

It Can Take--

(CONTINUED FROM PAGE 1)

and enlightened citizenship which is of a determination to think for itself and to exercise the personal responsibilities which American citizenship confers. God grant that we shall not become too lazy, too unconcerned, too careless to permit the encroachment of dictatorships such as those beighted nations of Europe about which we read in the newspapers every day have allowed to be thrust upon them.

"Freedom of speech, freedom to worship God according to the dictates of our conscience, freedom of the ballot—these are the things which are fundamental to us.

It Can Happen Here

"In the fancied security of our own land we must not be heedless of the fact that what is occurring in Russia, in Germany and in other countries, and that what the dictatorships are seeking to extend to South America and other areas of the world where there are large populations of their own race, can occur in our own land. Pray God that we may become not a nation of idealists, but a nation of doers, jealous of the freedom that we enjoy, jealous of the blessings of liberty that our democracy has awarded us, and determined that in the heart of every child of ours there shall be implanted a respect and a stubborn regard for those principles which make those ideals and those liberties secure.

"Let us as American citizens, abandon any supine sense of safety that we may have and dedicate ourselves, mind, soul and body, to the duties of that citizenship, intelligent in the exercise of its functions, realizing that not in Washington or in Austin, but in ourselves, reposes the strength of our democracy and the blessings of freedom that it brings."

Judge Leslie was presented by the Rev. M. H. Applowhite, chairman of the program for the day. J. F. Hayner, oil operator, was a guest of F. D. Wright.

Notice!

The American Legion auxiliary is sponsoring a popularity contest for little misses from the ages of 6 to 13. Contestants will solicit votes from 10 cents to \$1.00. Votes are 1 cent each. The girl receiving the greatest number of votes will be given a diamond ring. The American Legion auxiliary will receive one-third of the money. The public is asked to assist in any way.

S. Huntington survived an exciting career on the broad Atlantic, with at least one direct hit on a submarine, and several other German U-boats forced to flee from its guns. Aboard the Huntington, Squyres made nine round trips to France, in convoy service, in addition to sea-patrol duty in Atlantic waters off the coast of Europe.

Born in Arkansas

Squyres was born July, 1895, at Rosedale, Arkansas. In 1897, the Squyres family moved to Indian Territory, now the state of Oklahoma. The senior Squyres is one-eighth Cherokee Indian. During his boyhood, Squyres learned from personal experience the arduous duties of clearing land, splitting rails, and other chores familiar to the sons of pioneer parents. As the oldest of nine children, commander-in-chief Squyres left home to obtain an education, working his way through both grade and high school. He had barely started his college education when war was declared in 1917. Following the war, Squyres entered the University of Oklahoma in 1919. He spent his summer vacations selling cooking utensils and in Lyceum and Chautauqua work, taking advantage of every opportunity to earn funds for his college tuition.

At the University of Oklahoma, Squyres was a leader in student activities. He was a member of Alpha Sigma Phi, national social fraternity; Phi Alpha Delta, national honorary legal fraternity; Phi Mu Alpha, national honorary music fraternity, and Tau Omega, national acronautical fraternity. For four years he was president of Kappa Kappa Psi, national honorary band fraternity. He has been a member of the Supreme Council of Kappa Kappa Psi for more than 15 years and at one time was editor of its publication. Squyres graduated from the University of Oklahoma in 1924, with the degrees of Bachelor of Arts and Bachelor of Law. Today he is a senior member of the firm of Squyres, Hunt and Gay. He is a member of the Oklahoma County Bar association, the Oklahoma State Bar association, the American Bar association and has been admitted to practice in all state and federal courts and in the supreme court of the United States. Charter Member

Commander-in-Chief Squyres is a charter member of Oklahoma City Post No. 1847, Veterans of Foreign Wars of the U. S. After being commander of that unit in 1934, Squyres became a charter member of Sooner State Memorial post No. 405, Oklahoma City, composed largely of business and professional men. After serving as commander of Post No. 405, and commander of the department of Oklahoma, Squyres served the state organization for three terms as judge advocate. In the national organization, he first acted as a member of the national legislative

committee, and in 1932-33 he was elected judge advocate general. During the following year he was selected Chief of Staff of the national body, in charge of membership growth and the establishment of new posts.

In 1935 Squyres was elected junior vice commander-in-chief, and his work in this capacity led to his promotion as senior vice commander-in-chief at the Denver Encampment in 1936. His popular acclaim as commander-in-chief at Buffalo in 1937 is evidenced in the fact that he assumed this office without opposition and with the unanimous endorsement of every delegate present.

POST PLANS ENTERTAINMENT

The Cisco post of Veterans of Foreign Wars, last night obligated three new members in a session which was devoted to plans for the entertainment of National VFW Commander Scott P. Squyres and his party here Monday night. The post expressed its appreciation of the offers of the Lions and Rotary clubs, the chamber of commerce and the junior chamber of commerce to help the post make the event a success.

Commander D. C. Norton of the local post issued an appeal to every ex-service man to attend the dinner which will be tendered the national commander at the Laguna hotel Monday evening and invited representatives from the assisting organizations to be present.

New members who were obligated are Wilson A. Hall, Elzie L. Daffern and Hugh C. Mahaffey.

ROMNEY

Romney Home Demonstration club met in the home of Mrs. Henry Stroebel. Three quilts were quilted, one for Mrs. Stroebel and two for Mrs. Paul Weiser. A fine dinner was served to 18 ladies. Besides the family, there were 30 present for dinner.

In the afternoon a business meeting was called by the president. Several items of business were disposed of. There were seven members present, Mmes. Eugene Ford, Josh Majors, Claude Triggs, Floyd Harrclson, Alfred McKenney, C. L. Carmichael, and John Triggs. Visitors were Mmes. Edna Taylor, Bob Dunning, Paul Weiser, Zier, Brice Webb, May White, Pearl White, Mable White, Doc Stroebel, Marsh and Misses Catherine Webb and cousin, Miss Webb.

The next quilting will be in the home of Mrs. Marsh, Tuesday, March 15. The next business meeting will be in the home of Mrs. Floyd Harrclson. Miss Ramey will meet with the club in the home of Mrs. Harrclson to test the pressure cookers.

There are more than 500 hotels in New York City. In Marseilles, France, which is some 2,000 years older, there are today more than 1,000.
