## DALADIER PARTY SEEKS WORLD CONFERENCE

### REMEDIES FOR ECONOMIC ILLS WOULD BE AIM

#### U. S. Participation in 'Work of Peace' Is Sought

MARSEILLE, Oct. 29 (AP)—Premier Edouard Daladier's radical socialist party today called for a world economic conference "in accordance with the wishes of President Roosevelt." The party congress, in a resolution on foreign policy, declared that such a conference should "be the basis of remedying the world's economic disorder."

The resolution was adopted after Foreign Minister Georges Bonnet and Edouard Herriot, president of the chamber of deputies, invited the United States to "participate in the work of peace."

The chamber president, who discussed the war debt situation at the White House in April, 1933, asked that President Roosevelt "accord me a new audience and admit that peace demands more than international conferences—it demands a permanent organization."

Delegates interpreted his use of the word "audience" in a figurative sense and as meaning he hoped his words would reach the president.

Although Herriot long had been one of the loudest champions of the League of Nations, he declared that "international organization, with its 'pacts, covenants and private treaties, is sunk beneath the waves and we are watching the shipwreck of international morality."

He deplored the "collapse" of the nine-power pact to safeguard China's territorial integrity, to which the United States is a signatory.

"The United States can no longer disinterest itself in a divided Europe," Herriot said. "Recent events prove it."

Bonnet defended the peace of Munich as a good basis for reconstruction of Europe.

### Farewell Banquet Given By Lions Honors E. L. Smith

Twenty-three Lions gathered at the Laguna blue room Friday evening to bid E. L. Smith adieu and wish him well in his new work with the T&P railway at Dallas, where he has been transferred from the C&N.E. road in Cisco.

A banquet was served to Lions who had accepted the invitation to attend the event. After the banquet, many Lions expressed in an informal way their regret at the loss of Lion Smith who had served in many offices including tailwater, president and secretary. Lion Smith replied to these remarks by saying that he realized he was having the high moments in his life. The honors and friendships he had enjoyed here would not be repeated in the larger town in which he would become just a cog in a big machine lost to the personal touches of friendly shoulders and the friendly rattling of close companions.

President Jack Anderson presided over the meeting in his usual fine manner, making the meeting an informal one with each Lion able to speak his feelings sincerely, as he felt them. A valuable traveling case was presented Lion Smith, very appropriate because his work of traveling auditor would cause him to be on the road much of the time.

Mr. Smith leaves for Dallas today, but said no arrangements had been completed for the removal of Mrs. Smith and their two sons, Lee and Corky.

Mrs. Frank E. Thompson of Glendale, California, is the guest of Mrs. W. A. Harter.

### Fired on WPA 'Graft' Charge

Less than 24 hours after he was named along with 72 others in grand jury indictments charging fund division in New Mexico's WPA administration, Stanley W. P. Miller, above, assistant U. S. district attorney, was fired by the government. He is a son-in-law of Senator Chavez.

### FALL BANQUET TO BE NOV. 1

#### Methodist District Laymen Gather Here

Arrangements for the District Laymen's annual Methodist fall banquet, to be held Tuesday night at 7 o'clock, November 1, in the Methodist church, are practically complete, it was announced Saturday.

Banquet plans are under the direction of the Rev. J. B. Curry, presiding elder.

Chief speaker at the banquet will be Bishop Ivan Lee Holt of Fort Worth. Local officials are expecting from 300 to 400 people from the district towns of Stephenville, Bluff Dale, Dublin, De Leon, Gorman, Carbon, Eastland, Ranger, Breckenridge, Caddo, Rising Star, Cross Plains, Putnam, and numerous others.

The business to be discussed at this banquet to a large extent is the records of each church presented by the various pastors. It is the aim of each church to have terse records in the best possible order.

Tickets to the event are 35 cents.

### Services For Mrs. Marie Lambert to Be Here Sunday

Funeral services for Mrs. Marie Lambert, 53, born eight miles from Cisco and living recently in Capitan, New Mexico, although having traveled of late in California, will be held at 3 p. m. Sunday at Oakwood cemetery in Cisco.

Mrs. Lambert, whose mother, Mrs. P. A. Drake, and sister, Miss Rosalie Drake, live here, died at 2 p. m. Saturday in De Leon, Texas, after an illness of six months. The body will be brought to Cisco Sunday morning by a De Leon funeral home.

Friends will remember that Mrs. Lambert visited in Cisco about six months ago.

Survivors in addition to her mother and sister already mentioned include: J. M. Drake of Winchell, Texas; Mrs. J. M. Payne of Coleman, Texas; J. E. Drake of Big Spring, Texas; W. G. Drake of Hobbs, New Mexico; J. R. Drake of Albany, Texas; Mrs. A. J. Payne of Fullerton, California; Mrs. C. H. Dunn of San Angelo, Texas; and Mrs. G. M. Nichols of Albany, Texas.

BERLIN, Oct. 29 (AP)—A Polish embassy spokesman asserted tonight that "tens of thousands" of Polish Jews have been deported from Germany in a nation-wide drive.

### TAX ROLLS OF COUNTY TOTAL 21 MILLIONS

#### Decline Less Than in Any Previous Year, Officials Say

Eastland county valuations for tax purposes appear to be settling to a more or less permanent level this year, with the 1938 rolls revealing a total valuation of \$21,196,559, only about \$150,000 under the 1937 total. This decline is small compared with the annual drop of preceding years, officials said.

Total tax revenues based on these valuations, and including poll taxes, is \$468,365.30, of which the state's share is \$90,013.69 and the county's share is \$378,351.61. The tax due the common school districts of the county on 1938 valuations is \$47,462.36. Poll tax payments due were totaled at \$13,140.73.

Land valuations on the 1938 rolls total \$5,183,436 as compared with valuations of city property totalling \$5,897,160. Personal property valuations total \$6,929,550.

Railroad valuations are \$1,467,780; telephone and telegraph lines, \$342,830; oil and gas pipelines, \$1,326,630. Bank shares were valued at \$49,170.

### Midget Second-String Loses to Lion Team

Playing their first game, the Lions Sports club football team defeated the grammar school Midgets' second-string 13-0 in a game at Chesley Field Saturday. The contest was close for most of the way and although the Lion team emerged victorious by a comfortable margin, the Midgets' eleven had a statistical edge and the better part of the going for most of the contest.

Through the first two periods and part of the third the count was deadlocked 0-0. Tomlinson of the Lion eleven scoring the first touchdown on a three-yard plunge climaxing a sustained drive from the midfield stripe. Childress booted the extra point. Second Lion counter was racked up in the fourth quarter by Meglasson, sports club back, on a 46 yard run with an intercepted pass. This wound up the scoring for the day and the game ended with the count still 13-0.

Outstanding for the Lion team were Tomlinson, Meglasson, and Childress, while Eady was most in evidence for the Midget eleven.

The sports club, sponsored by the Cisco Lion organization, is under the direction of the Rev. Joe I. Patterson, T. C. Williams, and Rex Pellard, regular Lobo guard who is coaching them, and was organized to give boys who are unable to compete in school athletics, because they work, an opportunity to play the games otherwise denied them.

Lion starting lineup reads as follows: Meglasson, back; Whitehead, back; Ivie, back; Childress, back; Farmer, r. end; Lavender, l. end; Donham, r. tackle; Day, l. tackle; Dennis, r. guard; Ballard, l. guard; and L. Childress, center. Substitutes: Tomlinson and Taylor.

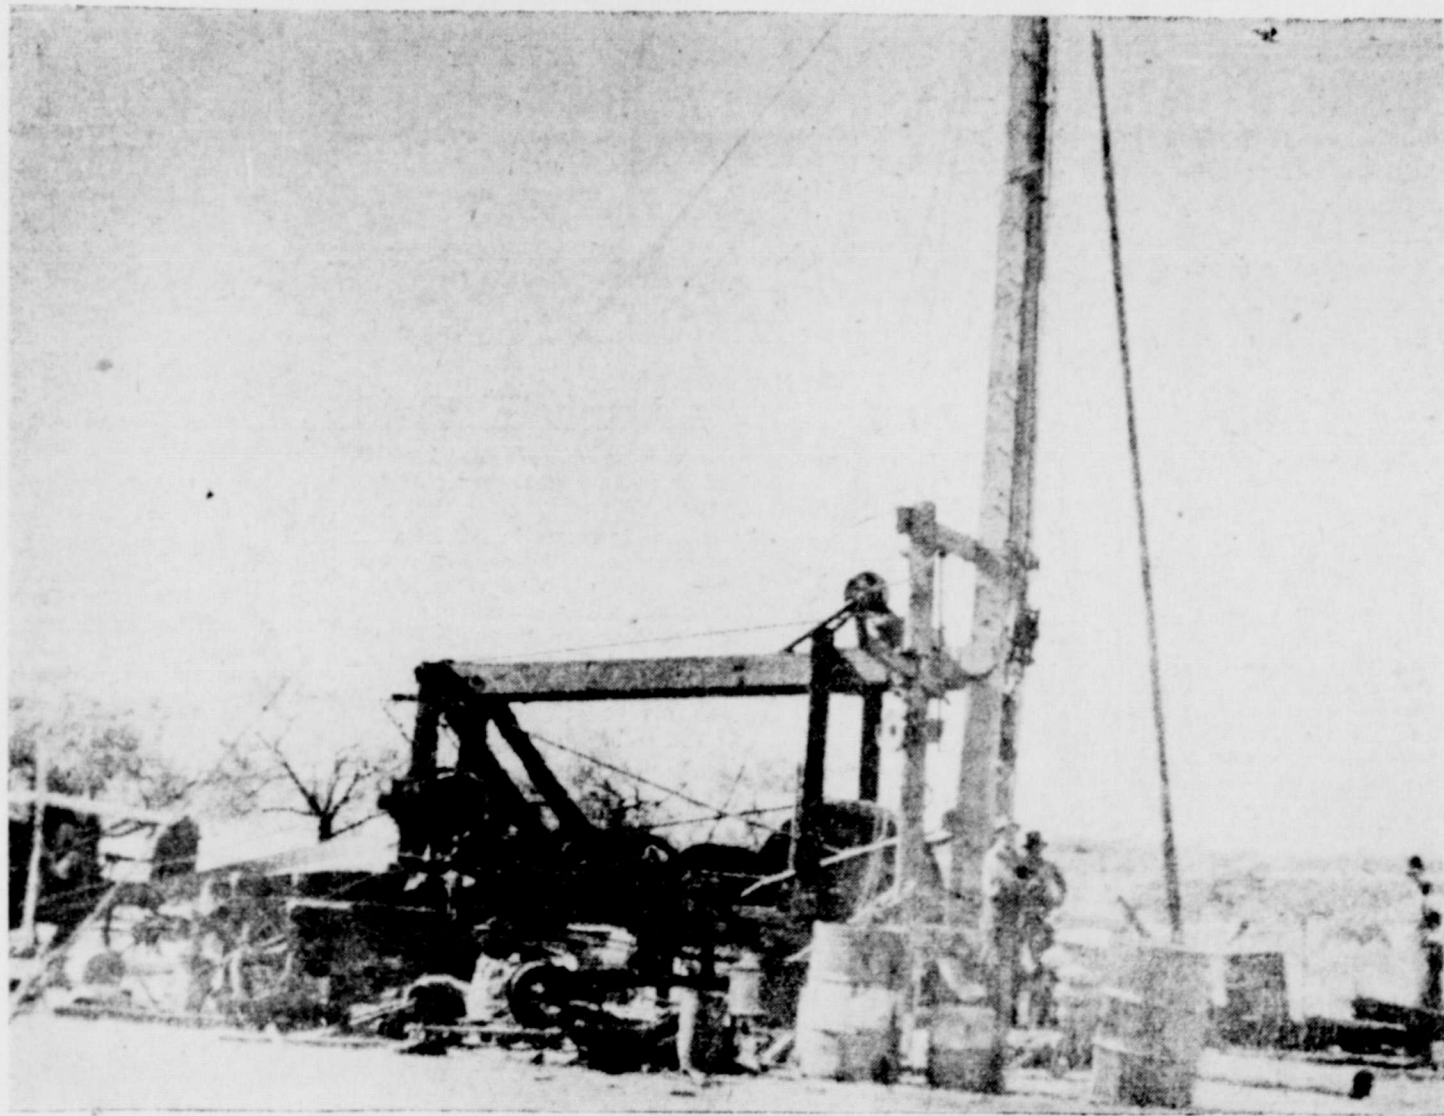

### Catch Two Big Fish On Just One Line

BOWLING GREEN, Ky., Oct. 29 (AP)—Clarence Paschal and Gene Pearson knew no one would believe them.

So they brought an exhibit to town for verification after finding that their trout line hook baited with a large minnow had captured two big fish.

They said an 11-inch bass swallowed the minnow and an eleven-pound muskie in turn swallowed the bass.

### New Shallow Oil Wildcat Important Development

This well is regarded as one of the most important oil developments in this section in years, due to the fact that it has not only found a new shallow pay sand but it may have opened up a major shallow pool. It is the Warren and Kleiner No. 1 Dr. F. E. Clark, two miles southwest of Putnam, and 15 miles west of Cisco. Tubing has just been run and Saturday storage was being erected. The well is rated for between 25 and 30 barrels potential. The well found the sand, called the Clark sand from the ranch on which the well was drilled, at 727 feet.

### President's Rail Board Recommends Roads Withdraw Demand for 15 Per Cent Wage Cut

### Pay of Employes Not High Group Tells Roosevelt

WASHINGTON, Oct. 29 (AP)—The emergency railroad investigating board recommended to President Roosevelt today that the nation's railroads withdraw their demands for a 15 per cent reduction in rail wages.

The board, appointed by the president in September, said that wages of railway labor "are not high even as compared with wages in other comparable industries," adding that "wage reduction in the railroad industry would run counter to wage rates to industry generally."

The wage dispute arose when the carriers served notice they would impose a 15 per cent cut. Railroad brotherhoods voted to strike rather than accept.

### List of Debtors Posted on Store

PRESTONSBURG, Ky., Oct. 29 (AP)—Burl Spurlock, who runs a general store, has posted a sign reading: "Parasites who have taken me for a ride."

There follows a list of 50 former customers and the amounts they owe him.

### Finds \$5 Gold Tooth In Chicken Worth 25c

MUNFORDSVILLE, Ky., Oct. 29 (AP)—Hobart Coomer, restaurateur, figures he made a profitable deal in buying six frying chickens for \$1.50.

Inside one of the chickens, he found a gold tooth. A jeweler appraised it at \$5.

### Peanut Warehouse Begins Purchasing

#### Rattlesnake Killing Profitable, Finds

FLAT, Roryell County, Texas, Oct. 29 (AP)—Sixteen year old Pauline Wall has discovered she can make more money killing snakes than she can picking cotton.

While picking cotton at 50 cents for 100 pounds she killed two rattlers. For the snakes she received 40 cents bounty from the county; for the 27 pounds of cotton she had picked, 13 1/2 cents.

### U. S. Protests Bombing in Which Child Is Killed

PEIPING, Oct. 29 (AP)—The United States embassy today protested to Japan against the bombing of an American Lutheran mission by Japanese warplanes on October 24. Phoebe Nyhus, 3, daughter of Arthur Nyhus, Lutheran Brethren missionary from Fertile, Iowa, was killed. The mother and a sister, Ruth, 8, were injured. Reports said that bombs demolished the mission which flew an American flag conspicuously.

### West Ward PTA Carnival To Be Monday Night

One of the biggest entertainment programs of the year is scheduled for Monday night, Halloween, when the west ward P-T-A carnival will begin. The carnival will open at nightfall at the corner of E avenue and West Seventh in the Manell building, with the "country store" due to begin operation at 8:30.

The program will feature numerous competitive games, booths, etc. An unusual amount of merchandise has been donated by Cisco business establishments and others, which is expected to make the sale of these goods one of the largest of its kind ever held here.

The games and contests are of greatly varied kinds and promise to furnish amusement for young and old alike. Valuable prizes will be awarded winners in each contest.

In addition, a street dance, featuring both modern and square dancing will be held in a space roped off in front of the city hall. An orchestra, unannounced as yet, will furnish music for the event, expected to draw a large crowd.

Proceeds from this carnival will go to the west ward P-T-A, and will be used to carry out work of this organization for the coming year.

### Union Denied Permit to Meet in Jersey City

JERSEY CITY, Oct. 29 (AP)—Application for a permit to hold a public meeting at Pershing field Tuesday night at which Roger Baldwin, director of the American Civil Liberties union, was scheduled to speak, was denied today by Public Safety Director Daniel Casey. The denial came two days after Federal Judge Clark restrained Mayor Frank Hague and other city officials from interfering with certain activities of the liberties union and allied groups. Casey said that granting the application would "lead to riot and disorderly assemblage."

Mr. and Mrs. J. T. Petty attended the T. C. U.-Baylor game in Fort Worth Saturday.

Robot Lock Turns On Light When It Is Approached

NEW YORK, Oct. 29 (AP)—The mystery man of locks, Charles Courtney, now claims he has developed—with the help of collaborators—an uncanny "robot lock"...

The Literary Guidepost

By JOHN SELBY

"The Noise of Their Wings," by MacKinlay Kantor; (Coward-McCann; \$2.50).

Most, though not all, of the general public met MacKinlay Kantor first with his "Long Remember." And most of these (though again there is no sweeping rule) like best of all the nine books he has done the little one called "The Noise of Their Wings." This is close to a masterpiece, and it will probably live to a great and happy age.

The new novel, which Kantor calls "The Noise of Their Wings," is somewhat like "The Voice of Bugle Ann" in manner, though its content is nothing at all like it. It has, at its best, the strange intensity and the nearness to nature that the shorter and earlier book had. At its worst it has a spurious sound, and one may as well know that the author has not recovered from what seems to many admirers his worst fault. This is a habit of creating false suspense, not by a natural sequence of events, but by withholding from the reader certain facts.

As an example, Kantor runs on for page after page at the beginning, dropping a few hints that his book is to be about pigeons, never explaining in what way or why. The result, for this reader, was a fit of exasperation so violent that when at last it became apparent that a man named E. D. Starke was obsessed with the idea of finding a pair of the presumably extinct passenger pigeons, had offered \$100,000 for them, and finally had found them—well, we didn't much care.

Starke's passion for the pigeons is not explained for a great many pages either. And that is a bad oversight, for so much depends on

During the demonstration of the lock an electric lamp in the show window automatically lighted when anyone extended a hand within six inches of the chest. A turn of a switch and a bell rang as long as the person kept within range of the chest. As more than one person approached, the range of the detector increased.

The locksmith says the apparatus operates on the principle of radio and can be set to meet the resistance of one or more human bodies. Should more than the limited number of persons approach, the alarm sounds.

Courtney envisages unlimited possibilities for the apparatus in the protection of children in their homes from kidnappers, in the guarding of banks, jewelry stores and other establishments from robbers and even in the detection of enemy aircraft in time of war.

PARENTS OF SON

Mr. and Mrs. A. N. Crownover of Brownwood announce the arrival of a son born October 25. He has been named Allen Norris, Jr. Mr. and Mrs. Crownover are well known in Cisco, having lived here for a number of years before going to Brownwood.

Japan annexed Korea in 1910.

The reader's believing that two pigeons are worth \$100,000 to this particular man that everything falls to pieces when the explanation is laid back.

The pigeons are found, the money is delivered to an ignorant cracker named Kamey, and death and destruction set in with a vengeance. The book reads, at times, like a tragic poem. There are images so beautiful they seem to be singing themselves at the reader. Some of the characters are so deftly drawn one cannot close them up in the book when it is done, but must take them away with him.

This reader must add, however, that he never believed in the pigeons, Starke, or the love affair which is one main spring of "The Noise of Their Wings."

when he reached the apartment  
in response to the news that Myrna  
Dombey hadn't returned.

"Everywhere," Anne said. "But  
it wouldn't be like her to just  
leave a note and run. I can't under-  
stand it, Bob. She seemed in  
good spirits."

"Maybe thinking about the trial  
got on her nerves. Remember, she  
got a run-out powder on us be-  
fore."

Anne nodded. "I know. But  
that was when she was frightened  
and shocked. This isn't like that.  
She wasn't worried about Barkley's  
trial. She knew she didn't  
kill Dombey and she had faith in  
you and Dannie Feeley."

Tait signed. "I wish I could be  
sure we'll find the murderer of  
Dombey before Barkley gets un-  
der way. It doesn't look too good.  
Ann. And now with Myrna gone  
like this—"

For Road Service  
CALL 9513

Eighth Street and F Avenue

"Yes, Bob. Anything new?"  
"Not much. But I'm going to  
hit the hay for several hours and  
I want to keep you posted. I've  
found the girl with the perfume.  
She's Nelda Starr. Lives in 1089  
at the Beresford Tower. And she's  
a friend of Rogers. I met her to-  
night at the Golden Bowl, and  
went with her to the Beresford  
Rogers was there."

"The devil you say! I'll have  
the dame tailed from now on."  
"Might be a good idea. And  
I've had a hunch. I'm advertising  
in the Personals column for our  
screwy swing song composer. I'm  
saying that the publishers of the  
Lud Dombey song will offer \$10-  
000 for another like it."

"Sounds good to me. He'll  
never bite."  
"It's just a hunch, Dannie. I  
have good luck with hunches, and  
if this bird is as full of ego as  
I think he is he may bite."

When he had allowed the detec-  
tive to go back to bed Tait turned  
to the attendant. "If I get an  
answer to that can you telephone  
me immediately at Elwood 6760?"  
"Of course."

As Bob left the newspaper  
building he was literally in a daze,  
fatigued from loss of sleep and  
energy—and worry over Myrna.

His inclination was to try to find  
her, but he knew that he was too  
dead gone to even think. He had  
dared not tell Dannie Feeley that  
Myrna was gone. It would have  
made Feeley wild, and in his panic  
he might have started a police  
search and told the world. Tait  
felt that if Myrna was being held  
against her will she was relatively  
safe for the killer of Dombey  
would not be likely to do away  
with the suspect surest to stand  
between him and the chair. The  
plan was probably to hold her  
until the police and the news-  
papers were in full cry, then let  
her be found. By then public  
opinion would be in such a state  
that almost any jury would go  
against her—especially with Bark-  
ley urging them.

Somehow he made it to his  
apartment, dropped his clothes  
around him, and fell into bed.

He was startled by the scream-  
ing of his telephone. The room was  
still in darkness. Muttering under  
his breath, and still half asleep,  
Tait answered. It was the class-  
ified department of the newspaper.

"We have an answer to your  
building he was literally in a daze,  
fatigued from loss of sleep and  
energy—and worry over Myrna.

In amazement Bob realized that  
he had slept through the day and  
into the next night. "Send it to  
me by messenger, will you,  
please?"

He switched on the light and  
looked at the clock. It was almost  
10! In a frenzy he telephoned  
Anne Lester. "Have you heard  
from Myrna?"

Anne Lester hadn't and was  
almost hysterical. "Keep your  
chin up," Tait pleaded. "I think  
I'm on the track of something  
now, I'll keep in touch with you."

In a few moments a telegraph  
messenger was at the door. He  
handed Tait a white envelope, ad-  
dressed to a newspaper box num-  
ber in an erratic scrawl. Tait's  
fingers trembled as he took it.  
Trembled so hard that he could  
hardly find change with which to  
pay the messenger. In that  
smudged envelope might well be

enclosed the solution to the murder  
of the tom of the swing cuts. In it  
might be Myrna's freedom.

# Cisco Defeats Eastland In Traditional Game, 18-6

## PASSES VICTORY LOBOES

### Two Action Shots of Cisco and Maverick Game at Eastland Friday

Upper right picture shows Marcell Harrison, Cisco end, taking a long pass from Warren, quarter, to score the Loboes' first touchdown against the Mavericks at Eastland Friday. Harrison took the pass with a marvelous leaping catch and did not check his stride until he crossed the goal 30 yards away.

### Scare Local With First-Touchdown

ON K. SHERMAN  
 First victory in four years traditional foe sent, the Loboes together two long touchdowns run to Eastland Mavericks and retain a tie between the Buckaroos of the eastern half of the district.

Lower left shows Odell Harrison taking the ball on an end run, with Reams, No. 64, leading the way. A Lobo is attempting to block out Bryant, No. 49, fine Eastland end who was outstanding on defense. Marcell Harrison, No. 60, and Skiles, No. 63, are other Lobo players recognizable in the picture.

was unusually long was perhaps the longest all season, and the long passes the Cisco defense perhaps the best even for Lobo football game it was not a consensus of opinion that will have to improve to defeat Ranger.

Opening the second quarter the Loboes were kept on the defensive for the first few minutes, until they began marching from their own 20 on runs and passes to their own 41 from where Warren threw a long pass to Marcell Harrison who made a miraculous running catch on the Eastland 28 and stamped the remaining distance for a touchdown. The play carried 59 yards in all. Reams' attempted placement struck the crossbar and bounded back. Score 6-6.

penalties, that terminated in a touchdown when B. Furse passed to Perine from the Lobo 37 for a touchdown. The try for extra point was blocked. From then on throughout the first quarter play saw-sawed with little to choose between the two. The quarter ended with the count 6-0 in favor of Eastland.

Opening the second half Cisco kicked to Eastland, recovering a fumble on the Mavericks' 26 yard line a few plays later. Warren then fumbled the snap from center and on an off-tackle slant, hardy touching the ball until he was past the line of scrimmage, cut away to the right and raced 26 yards to a touchdown. Odell Harrison's attempted placement was wide and the scoring was over for the afternoon. Score 18-6, Cisco.

The rest of the quarter spent itself in a blocked Cisco kick, numerous penalties, and few serious scoring threats for either side. The fourth quarter was a repetition of the latter part of the third with play generally even and defense predominating. Eastland made some few long runs and several mild scoring threats which were close-hauled by timely pass interceptions, Anderson contributing several at crucial moments. Warren went for one 40 yard gal-

lop that almost meant a touchdown, but Cisco appeared content with the score as it was and the Loboes kicked several times on first down, played defensively for the most part. The game ended with the final count unchanged and the Loboes ahead 18-6.

### College Athletes Can Pay Way With Playing

(By AP Feature Service)  
 NEW YORK, Oct. 29 — A good football player doesn't have to worry on many campuses about paying his way through college. Sometimes the schools pay the freight, sometimes alumni organizations.

Athletes who need financial help are found jobs, in lieu of scholarships, at some colleges. Many institutions refuse to subsidize with university monies but raise no objection to old grade-fortifying the bills for promising quarterbacks. However, very few grid-ders are actually paid cash above actual expenses anymore. The day when star players got expenses plus is virtually past. The "tramp" athlete is definitely out. So is the chap who never attended classes. Schools insist their athletes be at least fair scholars. Many require them to be above average. Colleges are getting away from the hypocrisy that existed a few years ago when some revealed pious faces while, behind their backs they passed out "free rides" to athletes. These are facts gathered in interviews with well-posted sports writers in every section of the country. The Southeastern conference set the pace a year ago in honest, out-right dealing when it legalized athletic scholarships. Southwest indefinite. No definite plan is in effect in the Southwest conference. Two years ago a movement was started to bring subsidizing from behind "whitewashed fences" and to lay it in the open on a sort of "pay-as-you-play" basis, but the move-

rations for the events are the election of a TSCW girl to act as leader and spokesman for her 2,000 classmates, plans for a dating bureau, and a dinner dance to be given in Denton Friday night before the game by the T. S. C. W. juniors in honor of the same class at A. & M.

### TSCW Girls, Aggies Are to Meet at Game

DENTON, Oct. 29—Two thousand girls from Texas State College for Women and twice as many Aggies from Texas A. & M. will meet in Dallas November 5 for the SMU-A. & M. football game, joining with the SMU student body to make one of the biggest collegiate events in Dallas' history. Precedent for the annual "Double Corps Trip" for A. & M. boys and TSCW girls was set last year when the girls journeyed to Fort Worth for the A. & M.-TCU game. These trips are the culmination of long years of friendship between the largest girls' college in the United States and one of the largest boys' colleges. Special trains and cars will bring the girls to Dallas early Saturday; trains, buses and thumbs will bring the Aggies. TSCW-ites will have places in the Aggie cheering section at the stadium, and after the game will remain in town for the numerous collegiate dances scheduled for the evening. ### 27 Eastland County Girls in TSCW

DENTON, Oct. 29 — Twenty-seven Eastland county girls are among the 2700 now enrolled at Texas State College for Women. Final tabulations show that the school is again the largest residential woman's college in the United States, with students from 220 Texas counties, 26 states and 7 foreign countries. Included in the Eastland county list are Misses Dora Lillian Blackburn, Betty Eida Clark, Velsie Pearl Wood and Joy Miller from Cisco; Johnny Jolene Arnold, and Dorothy B. Parks from Desdemona; Mary Dell Stewart from Gorman; Beulah Irene Bowles and Mary Rose O'Neille from Ranger; Mary Ruth Shrader from Scranton.

Anne Clark, Carolyn Cox, Gladys Marie Davis, Dorothy Marie Galloway, Mary Lou Harbin, Loma Faye Hearn, June Hyer, Edith Brown Meek, Nellie Lee Miller, Josephine E. Murphy, Joyce Newman, Alice Plummer, Edith Elaine Rosenquest, Helen Jeanne Rosenquest, Nelda Bess Wood and Beatrice Aleta Young from Eastland.

With opening activities completed, the students are now in the midst of a full schedule of work and entertainment, including classes all day, college and club picnics, dances, teas and other social affairs, and an unusually crowded calendar of dramatic, musical and other attractions on the Drama Series and Artists' course. T. S. C. W. students will have their first holiday Nov. 5 for the A. & M.-S. M. U. game in Dallas, other holidays being scheduled for Thanksgiving, Nov. 23-28; Christmas, Dec. 17-Jan. 2; and Spring, April 6-12.

### Elizabeth Millers All Live Together

TALLAHASSEE, Fla., Oct. 29 (AP)—Three Elizabeth Millers live in the same dormitory at the Florida State College for Women. All are from Florida cities or towns. So that their college friends may not confuse them, one has agreed to the name of Betty; the second will remain Elizabeth, and the third will be Lib.

They find to be supported by alumni groups. "Experience has proved to colleges that buying players is a losing game," says Major John Griffith, athletic commissioner of the Big Ten. "About the only thing a Big Ten school can promise nowadays is to help the candidate get a job so he can work his way through—and that doesn't mean such subtleties as bell ringing and winding the clock. "Colleges report to me how each athlete supports himself, how much money he borrows, if any, from the school fund, whether he is getting a scholarship and what kind of work he is doing to support himself."

### Find Two New Plants In Proposed Park

SANTA FE, N. M., Oct. 29 (AP)—Three plants previously unreported to science have been found in the proposed Big Bend National Park of Texas. Ernest G. Marsh, Jr., of Austin, graduate of the University of Texas, is credited with discovering the plants. Two of them were named for Marsh by Paul Standley, botanist and curator at Field Museum in Chicago. The plants are described as a wild mallow similar to hollyhock; a wild nightshade and a plant that resembles a snapdragon.

 SHREVEPORT, La., Oct. 29 (AP)—A bunch of city firemen whooped up ticket sales for their annual ball by running a ladder from a fire engine up the front of the bank building. A fire laddie tapped on office windows peddling tickets. There is an estimated 670,723-000,000 tons of coal available for mining in Wyoming.

### Cisco Couple Celebrates Golden Wedding Anniversary

Mr. and Mrs. J. B. Blitch

### 50 Years of Wedded Life Are Observed Oct. 21

Mr. and Mrs. J. B. Blitch, residents of Cisco since 1909, celebrated their golden wedding anniversary on Monday, October 24, with a family dinner attended by three of their six children. Children present were Mr. and Mrs. Joe Blitch and Mr. and Mrs. Mose Blitch of De Leon and Mrs. Lucile Keen of Cisco. Mrs. Maud Reynolds of Stephenville, Mrs. Mary Helfel Clorvis, N. M., and John Blitch of Los Angeles, Calif., were unable to be present.

Mr. and Mrs. Blitch were married at Sugar Valley, Ga., where Mr. Blitch was a telegrapher for the East Tennessee, Virginia and Georgia railroad, in 1889. It was as telegrapher and relief agent for the Texas and Pacific railroad that Mr. Blitch came to Cisco.

For several years he served as treasurer of the Cisco city commission and also held various posts with the city government. Precinct officers, \$450; total officers' expense, \$13,282.25; deficit transferred from general fund, \$11,576.75.

### About Our Friends-- (CONTINUED FROM PAGE 4)

all dressed up in their military uniforms and pillbox hats... They were darning... And how proudly that Lobo band marched up the field... Yes, Cisco need not be ashamed of any of their football equipment... And we trust that after meeting Ranger and Breckenridge we will be still more proud of the team... Those Lobbes have us sold on them... If they lose a single game we are going to be real disappointed... We know they have it if they get on the job early in the game... Yes, they must start clicking the first play... or else it will probably be too late... We want to get that real good friend of ours... Raymond Reames... off to one side and have him do a little booting for practice... That kick he got off... it was real funny... as it was... wouldn't be so funny however, if the game had been closer... We may refuse to speak to him for a day or two, anyway.

### Sculptor Carving Her Own Tombstone

ST. PETERSBURG, Fla., Oct. 29 (AP)—Mrs. Margaret L. Kappelhoff, sculptor and artist, who formerly lived at Akron, Ohio, is carving her own tombstone in the

flower garden of her home here. The Free City of Des Moines, Iowa, is now under pressure to portray a young girl, clothed in flowing robes, hands clasped in prayer, head bowed in meditation. It will serve as the marker of the graves of the artist and her husband, Aloys Kappelhoff, who is also still living.

Medical service rates in the United States are per cent between 1931 and 1938.

### Mechanical Pilot Directs Airplane

LONDON, Oct. 29 (AP)—The robot pilot "George" is said to be largely responsible for the smooth straight flying of the "Pickaback" plane "Mercury" on its recent flight to South Africa.

"George" is a compact mass of high tensile steel, swiftly spinning gyros, and finely balanced levers.

"He" is able to sense the slightest deviation from the course "his" human colleague has set, and corrects it instantly.

An international building club will shortly be opened in London's exclusive Park Lane district. It will provide a social rendezvous for architects, real estate agents, surveyors, builders, merchants, and others.
