## DEMOCRATIC REVOLT SPREADS TO SENATE

### Through the Editor's Spectacles

By GEORGE

They say that the cure for mania is terrible. The body, so long dependent upon the deceptive influence of drugs, undergoes a struggle in the process of transfer to the sustenance of real and natural physiological laws. The unfortunate is convinced that nothing other than constant increasing doses of the medicine will save him. He has gone so far from any appreciation of normal life that he can't understand his concept of "humanity" in other words, is totally wrong, but so vividly even the sensible observer is often impressed.

The same situation is true in respect to federal relief. Everyone knows that the country cannot go on forever without ultimately destroying the whole economic structure and plunging the country into ruin. We know that it isn't government that supports the country, but it is the work of the people to produce, process and distribute the goods and services needed to sustain a variety of processes which we call "business." We know that government does not support, but that it is intended merely to regulate in the interests and the welfare of all, the business supporting ourselves. We know that the business of producing and distributing consuming goods is to body politic what the business of eating and drinking food is to the individual physiological system. We know that it is necessary to introduce drugs, influences, into the body to stimulate it to certain necessary functions that have become dormant. We know that these influences, persisted in, actually undermine health and set up harmful appetites that prevent us from taking the right kind of food performing the normal functions of healthful living. These harmful appetites, once established, are gotten rid of with the greatest difficulty and with excruciating suffering. But get rid of them if the body is to be restored to health and normalcy.

We recognize, moreover, that it may be necessary sometimes to introduce false influences, or "drugs," into the body politic to stimulate a necessary normal function. But when the drug doesn't work, the wise administrator changes the drug. The situation with respect to the spending of billions of dollars for relief and re-priming by the federal government is exactly similar to that which occurs in a narcotic addict. The federal money that has been spent, the more the addict functioning of the

### Governor Olson in Comeback

Resting and recovering in a Sacramento hospital, Governor Olson of California expects an early return to his job after collapsing from strain of Tom Mooney pardon ceremonies.

### Meyer Speaker for Annual Lobo Feed

Dutch Meyer, coach of Texas Christian university's national champions Horned Frog football team, will be the principal speaker for the annual Lions-Rotary club banquet honoring Cisco's Lobos Thursday evening. The banquet will be held on the roof garden of the Laguna hotel.

### Evangelist

Rev. G. E. Wright of Groesbeck, who will begin a one-week series of revival meetings at the Church of God today. Week-day services will be held each evening at 7:30.

### Chamber of Commerce to Meet Tuesday

The first meeting of the new board of directors of the Cisco chamber of commerce will be held at the chamber of commerce offices Tuesday evening at 7:30 at which time officers for the year will be elected.

S. H. Nance is the outgoing president of the chamber.

### Second Auction to Be Held Monday at 1

The Cisco Livestock exchange will hold the second of its weekly series of livestock auctions Monday afternoon beginning at 1 o'clock.

The initial auction was an even greater success than was hoped, drawing many hundreds of buyers and sellers who crowded the plant at 18th street and D avenue.

John Jones and John Trigg are the organizers of the auction and Martin C. Tiemeier is the auctioneer.

### Eastland County REA Allotment Expected Soon

Allotment for building 154 miles of rural electrification lines in Eastland county should be ready by February 15, according to a communication received from C. O. Falkenwald, director extension division, REA, Washington, D. C., by A. C. Thomas, superintendent, Comanche County Co-operative association.

Three hundred and eighty Eastland county farmers who made application for REA service should all be reached by the system of lines included in this 154 miles of proposed lines, thinks Thomas.

Loan has already been approved by the co-operative for the construction of 250 miles of lines in Comanche county and bids are being solicited for construction of these lines. A few Eastland county farmers who live near the Comanche county line are included in the allotment already approved but the 380 who signed after the program started in Eastland county must wait for approval of the application for loan to build the 154 miles.

Eastland county directors of the rural electrification co-operative are W. B. Starr, E. E. Blackwell and I. S. Echols.

### Deputy Collector to Be Sent to Cisco

C. H. O'Brien, Eastland county tax assessor-collector told The Daily Press Saturday that a representative of his office would be in Cisco on Friday, Saturday, Monday and Tuesday, January 27, 28, 29 and 31, to collect taxes. A temporary office will be established at the city hall where taxpayers may pay their levies without the inconvenience of a trip to Eastland.

Mrs. Lindley Nix and son, Reagan, of Washington, D. C., are guests in the home of Mrs. Nix's sister, Mrs. J. E. Elkins.

### SCALDS FATAL TO 4-YEAR-OLD CHILD FRIDAY

#### Funeral Services to Be Held Here This Afternoon.

Funeral services for 4-year-old Teleta Joy Hageman, daughter of Mr. and Mrs. Theodore Hageman who died about 8 o'clock Friday night from scalds which she received when she fell into a tub of boiling water, will be held from Neil Lane's Funeral home this afternoon. Hour for the services had not been set Saturday, word being awaited from relatives in New Mexico, but it was expected to be about 2 o'clock. The Rev. Luther Pryor, pastor of the church of the Nazarene, will officiate.

The child was fatally burned when she stumbled and fell backwards into the tub of water while playing in the yard of her parents' home near Romney, about 2 o'clock Friday afternoon. The family wash had just been finished and water from the kettle had been poured into the tub preparatory to removing it. The child was burned over the back and on the left arm, severest burns being in the region of the kidneys.

The child would have been four years of age on February 22. She was the youngest of four children.

### 16-Pound Bluecat Taken Saturday

One of the biggest blue catfish ever caught from Lake Cisco was caught Saturday morning by Miller Wilson and his son-in-law, A. G. Gary, who displayed a fish which weighed 16 pounds and 9 ounces.

The fish was taken on a trot line.

### Outbreak of Cattle Disease Reported

Reports of outbreaks of hemorrhagic septicaemia in some herds of cattle west of Cisco were reported Saturday. F. E. Harrell reported that he had lost four cows since Tuesday. Ed Huestis and Will Parmer also reported some outbreaks. Vaccination of livestock to ward against the disease, said to be not very contagious, was being done wholesale.

### Cisco Man Is Charged With Stripping Trailer

L. T. Williams of Cisco Saturday faced charges of theft of goods valued at over \$50 in connection with the stripping of an automobile trailer belonging to Dutch Snyder a week ago. Williams, arrested in Baird on information furnished by local police Friday afternoon, was brought to Cisco Saturday morning by Chief of Police Perdue and Constable J. J. Honea. Honea carried him to Eastland jail Saturday afternoon.

All of the parts taken from the trailer were recovered. Williams was apprehended a short while after the trailer was stripped last Sunday morning but eluded police by deserting his automobile, in which the police were taking him to the city hall, and darting down an alley. He was driving the machine at the time and left it rolling as he dashed for liberty.

He is accused of having burglarized two houses in Baird.

### It's Homes by the Side of the Road For Evicted Missouri Sharecroppers

Huddled among household goods along Missouri highways, more than a thousand sharecropper families like that pictured above in New Mad-

rid county, are homeless as a result of mass evictions by land owners whom tenants charge seek government crop

reduction benefits for themselves. Planners replied the roadside squatters were part of a C. I. O. "demonstration."

### Brownwood Lions to Play Lobos Monday Evening

The Brownwood high school basketball team will play the Cisco Lobos at the Cisco gymnasium Monday evening at 7:30, it was announced Saturday.

The Lions have not lost a game this season, winning the Daniel Baker tournament and defeating several of the stronger Oil Belt teams.

Cisco has lost two out of 23 games, one at Morton Valley when the team had had only two days of practice and another at Cross Cut when one member of the quint was out of the lineup.

The game with the Lions promises to be the most exciting of the year.

### LOBOS DEFEAT SCRANTON 32-17

The Cisco Lobo cagers kept unbroken their home-court victory march—extending back to 1937—Friday afternoon when they handed the Scranton five, leading class B team of Eastland county, a decisive 32-17 drubbing. In the lead throughout the game, the local lads were never in danger and held a comfortable margin even after Marcel Harrison, high-scoring forward, was forced out of action on the personal foul count.

Odell Harrison and Parks Bailey led the scoring with eight points each, while Coy Warren accounted for six from back court.

### County Officials to Austin Meeting

County Judge W. S. Adamson, accompanied by Com's Arch Birt, Henry Davenport, Newt Crawley and Fred Sickman will go to Austin January 25 for a statewide meeting of county judges and commissioners when a proposition that the state of Texas use all funds deriving from one cent of the gasoline tax for the payment of county bonds proceeds of which were spent on roads now state designated. A considerable surplus has accumulated in the special fund and if this were all applied to the servicing of county bonds, it was pointed out, a considerable reduction of county tax burdens would be realized.

### Award Winner

R. E. DICKSON

### Spur Man Gets Agricultural Award

FORT WORTH, Jan. 14.—At a banquet held Friday night in his honor at the Texas hotel in Fort Worth, R. E. Dickson of Spur was presented the 1939 merit award of the Texas Agricultural Workers association for distinguished service to Texas agriculture. As superintendent of the substitution of the Texas Experiment station at Spur for 24 years, Dr. Dickson has served Texas agriculture with fidelity and distinction.

While his accomplishments in grain sorghum improvement and with livestock feeds and feeding have been significant, it is as a pioneer in the investigation of soil and water conservation problems that he is best known, and perhaps it is in this field of agricultural research that he has made his most notable contribution.

In his work on the Spur station, Dickson plowed a virgin field in unearthing many of the principles and practices of soil and water conservation that today are part and parcel of the broad and comprehensive national program with which the nation is seeking to protect and to restore its most important natural resources—the soil.

### New Justice of Peace Qualifies

R. L. Wilson Saturday had qualified as justice of peace for the Cisco precinct following his appointment Thursday afternoon to the place made vacant by the death of his father, Joe Wilson, early in December.

### UPPER HOUSE APPROVAL OF WPA CUT SEEN

#### "Strings" Put on Fund Despite President's Request

WASHINGTON, D. C., Jan. 14 (AP).—Democratic insurrection against the administration's relief program spread to the senate Saturday after the rebellious house had lopped \$150,000,000 from the appropriation asked by President Roosevelt to finance WPA for the next five months.

Leaders of the senate's economy bloc predicted that the \$725,000,000 fund voted by the house would win senate approval, probably late next week, despite the president's request for \$875,000,000.

The house passed the relief bill Friday night, 397 to 16, after an informal coalition of republicans and many democrats had reduced its amount and incorporated prohibitions against political activities in the WPA.

This first major legislative action in the new congress was interpreted widely as evidence that the election-strengthened republicans, working with a substantial bloc of democrats, might curtail other phases of the president's spending program. Leaders awaited signs of the country's reaction, however, before venturing definite predictions.

Restrictions Roosevelt had advocated that the appropriations be made without strings and that congress take further time in which to work out legislation against politics in relief.

Instead the house wrote these provisions into the measure. That none of the money should be used to pay WPA officials and administrative employees under the civil service—this to forestall a presidential order blanketing thousands of them into the civil service February 1.

That for the same or comparable work in different states the WPA could not vary relief wages more than 25 per cent.

That none of the money could be used to pay salaries or benefits to any official or beneficiary who tried to influence the vote of a WPA worker. This amounted to a statement of policy, since no elections are scheduled in the five-month period.

None to Aliens That no relief funds be paid to aliens.

That the WPA reverse a recent order and continue to work relief men and women over 65, all of whom the WPA had classified as unemployable and ordered turned over to local relief agencies. This order was to be effective January 31.

That the Farm Security administration be prevented from using any of the money to establish hosiery mills on federal homesteads.

Chairman Adams announced a senate appropriations subcommittee would begin hearings on the bill Monday morning. He predicted that both his committee and the full appropriations committee would approve the house figure, at the most, and said some effort might be made to reduce it.

There were some indications that senators would go even further than house members in writing restrictions on WPA policies.

### Iron Mountain to Start Drilling Soon

The Iron Mountain Oil company this week was awaiting road conditions favorable to the movement of heavy drilling machinery before moving onto a tract of 200 acres in the southwest portion of section 305, F. E. Clark ranch near Putnam, where a series of shallow wells will be drilled for sub-surface data.

The company plans later to test the Canyon and Strawn series.

### New Mystery Is Caused By Plane Crash

MILES CITY, Mont., Jan. 14 (AP).—The flaming crash of a Northwest Airlines plane, carrying four persons to their deaths two miles west of Miles City, left investigators with a tragic puzzle to decipher Saturday.

All four of the plane's occupants died instantly in the crash Friday night.

The only solution to the puzzle possibly lay in the wreckage of the plane, scattered in a coulee a mile west of the municipal airport, from which the plane just had made a "normal takeoff." Officers kept the curious away from the wreckage.

While airline and civil aeronautics authority investigators sped here by plane from Minneapolis, the air safety board announced in Washington that it had assigned three men to make the official inquiry.

The board dispatched Tom Hardin, board member, and Frank Caldwell, chief investigator, from Washington by plane and said Phil Salzman of the board's Los Angeles office would come here from the coast.

Coroner Ralph H. Bray of Custer county said the body of Mrs. Morgan Morris of Mandan, N. D., was so burned that it was not removed when the bodies of the other victims, all men, were recovered Friday midnight. One body was hurled 100 feet from the wreckage.

The three men victims were: Pilot C. B. (Cash) Chamberlain of Minneapolis, a pioneering pilot trained by the late Frank Hawks, and who in 1930 opened the Dallas-Los Angeles run for American Airways; Co-pilot Raymond B. Norby of Minneapolis and Richard S. Zahaniser, about 52, of Billings, Mont.

### Terracing School Is Postponed

The terracing school scheduled to be held on the Allen Craighard farm four miles east of Carbon, Wednesday, has been indefinitely postponed, County Agent Elmo V. Cook announced Saturday. Rainy weather has made it impossible to conduct the school, and a date for it will be announced later, the county agent said.

down beside her upon the edge of the bed.

"Yes," Cynthia said between chattering teeth.

"Of course. After all, that's what I came for, isn't it?"

"I wanted you and Grams to know before the morning papers came out—or the reporters began to call the apartment. They're sure to. Some of them saw us."

"That's why I asked you to muzzle the telephone. Tell her the first thing in the morning, Jan—after she's had her coffee."

"Tell her what, Cynthia?" Janet asked as quietly as she could.

"Of course . . . I am getting things all backwards, aren't I?"

"And I haven't much time. I've got to get back before he wakes up."

"Before—you've got to get back where, Cynthia?"

"You see," Cynthia was going on dully, "he'd had quite a lot of drink off and on all evening, and I guess he was pretty tired, too. When we finally got up to his

apartment, he went very promptly and soundly to sleep. That's why I could slip away and come here. But I really ought to be there when he wakes up."

"His apartment—a lot of drinks?" Janet repeated blankly.

"Who's apartment? . . . Cynthia," she demanded incredulously, "you haven't been drinking, too?"

"Only a glass of sherry—hours ago. But I don't seem to be making myself very clear, do I?"

"It's my husband I'm talking about, Jan—my nice, new girl-ened husband."

"Her laughter was terrible in Janet's ears."

"Hush!" Janet said sternly, remembering Aunt Mary in her turn. "Cynthia—you can't have

EASTLAND, Jan. 14 (Sp.)—

Mrs. R. L. Young, secretarial worker in the AAA office at East-

land, has reported that thus far Eastland county farmers have re-

ceived \$23,000 in federal checks representing 1937 cotton subsidy

payments.

The number of checks received total 1,233, it was stated. Majority of the farmers have received their

checks, she added.

C. W. Mainer is in charge of the AAA office work at Eastland.

The senate of Eire by a 38-15 vote declined to elect Senator Patrick Baxter to position of vice

chairman because he had not a competent knowledge of the Irish

language. There was no other nomination.

had begun to seem like a good idea."

"But people can't get married like that—on the spur of the mo-

ment—not here I mean. The li-

cence bureau must have been closed for hours."

"A lot of impossible things get done when you know the right

people."

"But I can't believe he would do a thing like that—marry you

like a— a torch singer, without letting us know, and then get drunk

in the same breath."

"It was several breaths, dar-

ling," Cynthia said, with that

crooked little smile that hurt

Janet so much to watch. "And

just who wouldn't do a thing like that, by the way? . . . Just whom

do you imagine I'm married to, Janet?"

## With Our WILD LIFE

### BIRDS AND MAMMALS KILLED ON THE HIGHWAYS BY AUTOMOBILES

In the past seven months the author has kept a record of the birds and mammals that he has seen killed on the state highways by the fast moving automobiles. I am sure that everyone has driven down the highways and have seen the many rabbits, fur-bearing animals, and birds of several species lying in the roads dead because they could not get out of the way of the traffic. Seeing these wild-life species along the road does not usually impress the average driver, because he does not see a large number and does not take into consideration that the same thing is happening along all the highways in the state.

This is a serious problem and there seems that little can be done to remedy this situation unless each driver will do his part in trying in a small way to avoid killing these species. In many cases one can miss the animals with the least effort. The case usually is that the driver will go out of his way in order to hit and kill one of these animals. I have seen cars drive on the wrong side of the highway in order to kill o'possums and a coon, and I am sure that other cases can be cited. It seems that most drivers will try to miss skunks, because of the after effects, but at that there were 114 skunks killed in this period that records were kept. These records cover Brown, Coleman, Comanche, Callahan, Eastland and Erath counties.

Here are a few figures on the number of birds and animals that were killed: 114 skunks, 2 coons, 51 o'possums, 165 jackrabbits, 31 armadillos, 134 cotton tails, 7 fox, 3 doves, 3 cardinals, 1 barn owl, 1 great horned owl, 25 house cats, 2 road runners. State Game Warden Frank O. Etheredge made the following counts during November and December: 25 o'possums, 48 skunks, 93 jackrabbits, 144 cottontails, 18 armadillos, 12 house cats, 1 quail, 2 road runners and 4 field larks.

In this count there were 783 individuals killed in a period of seven months over 22,133 miles, or an average of one individual killed every 28.26. This count could not be called complete, but it will give an idea as to the number that one person out of many could see. Our work calls us in six counties and much of our work is on country roads and here birds and animals have a chance to escape, because the cars do not go so fast, as the case is on state highways.

It was interesting to note that the month of October took the largest number of mammals and birds. This was probably so, because the immature mammals were pushed into the world to hustle for themselves away from

## He Didn't Bust This Racket

Arch-foe of racketeers, J. Edgar Hoover, No. 1 G-man, took up a racket himself, when, as pictured above, he exercised on a Miami Beach tennis court during his winter vacation.

their parents and were just trying to get located for the winter months, and in this period of rambling around crossed the highways and were killed by cars. July produced the smallest number of deaths on the highways. A large majority of all animals killed were immature.

The highways produce a real economic loss to the fur trappers of this state. Think of the thousands of animals that are killed in Texas on the highways and the hides are ruined and will be of no use to anyone. If this loss could be prevented it would mean many hundred dollars to the pockets of the fur trappers of the state. Again let me ask that the driver of the fast cars be just a little more careful in the future and try to save some of our wild-life resources that are so ruthlessly destroyed.

In a two-month period of November and December there was noted 37 house cats killed on the highways. This shows that the population must be very high for so many to be killed by cars. This

was a good deed and I again ask you to kill all wild house cats, and help save our bird friends.

Wonder if the girl friend of the whirling dervish goes for a spin with her hero on Sunday afternoon?

There's one thing wrong with Sonja Henie. How every girl that can get onto skates has to have a movie costume.

Honor Newlyweds Reception Wednesday

15-a-Week To \$\$\$\$\$\$

A year ago a \$15-a-week telephone operator, today Mrs. Annie Laurie Dodge, above, widow of Daniel G. Dodge, heir to a \$9,000,000 Detroit automobile fortune, counts her wealth in millions by virtue of a court settlement of her claims to the Dodge fortune.

Little Miss Hansen Honored on Birthday

Little Miss Jeannette Hansen was complimented on her seventh birthday January 11 with a party in the home of her parents, Mr. and Mrs. Albert A. Hansen. A number of interesting games were played after which the guests were served birthday cake and other light refreshments.

The guest list included Jeannette, Norma Jeanne and Dixie Marilyn Hansen, Elizabeth Ann Hawkins, Betty Rowe Stratton, Carol Crofts, Frankie Rae Frye, Julia Elizabeth Blizard, Joy Nell Lenz, Mary Prudence Harris, Claudine Cline, Clydele Wilkins, D. Ball, Jr., Glenn Jones, Rex Neal Farley, Bill Kleiner, Robert Lee Hawkins, Bobby Crofts, James McCanlies and Bruce Wilbanks. The hostess was assisted in entertaining by Mrs. G. W. Wilcox.

Geologists estimate the Blue Ridge mountains once were more than 30,000 feet high, higher than any mountain in the world today. Erosion has reduced their highest summits by more than two-thirds.

Thursday The Industrial Arts club will meet at the clubhouse at 3 with Mrs. C. C. Rosamond hostess and Mrs. F. J. Borman program leader.

Friday The Merry Wives club will meet with Mrs. George D. Fee at 3.

XXth Century Club Elects at Luncheon

Friday at 1 o'clock, in the home of Mrs. F. J. Wright, the Twentieth Century club met for luncheon and the annual election of officers. In the dining room, the table was laid with lace, centered with a bowl of white chrysanthemums on a mirror reflector, and lunch was served, buffet style, from small tables centered with yellow vases of chrysanthemums and fern.

In the business session which followed Mrs. Alex Spears presided over the election of the following officers: President, Mrs. J. T. Anderson; first vice president, Mrs. J. E. Spencer; second vice president, Mrs. F. D. Wright; recording secretary, Mrs. Edward Lee; corresponding secretary, Mrs. J. E. Crawford; treasurer, Mrs. W. J. Leach, and parliamentarian, Mrs. Alex Spears. These officers will assume their duties at the beginning of the club season in September.

Those present were Mmes. Alex Spears, E. P. Crawford, J. J. Butts, J. E. Spencer, S. E. Hittson, C. C. Jones, G. B. Kelly, W. J. Leach, Edward Lee, John Shertzer, J. E. Moriarty, C. H. Fee, Lee Heltzel, William Reagan, F. E. Harrell, C. R. West, T. J. Dean, J. T. Anderson, J. C. McAfee, J. E. Crawford, and the hostess, Mrs. Wright.

Mrs. Warren Entre Nous Club Hostess

Carrying out a Valentine motif and appointments, Mrs. L. A. Warren entertained the Entre Nous Bridge club at her home Friday afternoon. Two tables of bridge were played with Mrs. Horace Condiey winning high prize and Mrs. F. J. Borman second high. A salad course was served at the close of the games.

Those present were Mmes. Horace Condiey, F. J. Borman, A. G. Tuttle, Sam Kimmell, H. H. Monk, Rex Moore, C. M. Neville and the hostess, Mrs. Warren.

Judge Patterson to Be P-T-A Speaker

With Judge E. W. Patterson of Eastland as principal speaker, the high school P-T-A. will meet at the school auditorium Monday afternoon at 4. Judge Patterson, of the 88th district court, Eastland, will speak on "Young Lives in a Modern World," emphasizing the program, "Youth," that will be presented under the direction of Mrs. N. A. Brown. Also on the program will be Miss Marion Chambliss in vocal solo and piano selections by Doris Jamison.

Grace Lutheran Church Sunday school and Bible class at 10 a. m. Services at 11 a. m. and 7:30 p. m. The public is cordially invited.—B. H. Reese, Pastor.

Dinner Parties Are "Made" at Rehearsal

By JOAN DURHAM

(P) Feature Service Writer

Perfect dinner service isn't achieved in a day.

It takes perseverance to train a new maid. Little errors grow into big blunders unless they're handled tactfully. The time to catch them is during dress rehearsal—not on opening night.

Order of Serving

So before you set a date for that dinner party you've been talking about you'd better be sure your maid knows it is correct to do these things:

Serve the guest of honor first, other guests and the hostess in order of their seating.

Put dishes on the table to the left of the guest, remove them from the right.

Wait until the slowest eater has finished before removing the dishes of one course to serve the next. Dishes should be removed from the table singly—one in each hand. They may be stacked on a tray at a nearby serving table.

The new maid also must learn how to pass such things as vegetable dishes. She must be instructed to bend low enough so the guest can help himself conveniently, to hold the dish flat on the palm of her hand. She may use a napkin to prevent hot dishes from burning her hand.

She must have enough serving utensils. A single fork or spoon usually will do. But in the case of salads, for instance, a fork and a spoon will be necessary. (The fork is held in the left hand to slide the salad into the spoon, held in the right.)

The maid must remember to keep the water glasses filled, hot bread on the bread plate.

The problem of when she is to eat her own meals must be settled. She may be told to place an extra plate on the table in front of the person carving—and take it to the kitchen when it is filled after the other guests have been served. If she prefers to wait until dinner has been served, she may place a cover over it to keep it warm.

Sparrow hawks are more fond of grasshoppers than of sparrows.

Mrs. Reagan Speaker for Economics Class

Mrs. William Reagan, parliamentarian of the Sixth district, Texas Federation of Women's Clubs, was guest speaker at the meeting of the second period home economics class Friday afternoon.

Mrs. Reagan, introduced to the class by the program chairman, Miss Lurline Blackburn, discussed "Parliamentary Drills," and spoke on the duties of the president, the correct procedure in conducting a meeting, and making and seconding how to pass such things as vegetable dishes. She must be instructed to bend low enough so the guest can help himself conveniently, to hold the dish flat on the palm of her hand. She may use a napkin to prevent hot dishes from burning her hand.

South Africa's oldest university student, Rev. D. Wilcocks, 77, has obtained his M.A. degree in philosophy. Retired some years ago he has devoted leisure hours to study.

While being a republican is its own reward, many republicans returning to state payrolls find it does not interfere with their patriotic principles and love of good government.

If Il Duce thinks he's slipping he might try growing a mustache.

Beta Upsilon Chapter Meets at Laguna Hotel

Beta Upsilon chapter of Delta Kappa Gamma met in regular session Saturday afternoon at 2:30 in the parlors of the Laguna hotel, with the president, Mrs. James Moore, presiding. After the business was completed, a very interesting program was presented. Miss Isadora Grimes gave a discussion on the question, "Do You Teach Democracy?" Mrs. Jewel Swonzy read a paper entitled, "Are Teachers People?" and Mrs. Moore read three poems by the current book, "Poetry on Parade, 1938." February 11, at 6 p. m. was fixed as the next meeting date.

The following members answered roll call: Misses Ella Anderson, Byrd Bacon, Ruby Lee Cockerell, Elizabeth Daniel, Pearl Donaway, Isadora Grimes, Anna Mae McConathy, Doris Jo Pyle, and Nellie Yunk and Mmes. Irene Hughes, Irene Hallmark, E. L. Hazlewood, Lucretia Irby, James Moore, Jewel Swonzy and O. L. Stamey.

The "Hollywood Boulevard" concession on Treasure Island will occupy 104,650 square feet of the Gateway at the 1939 California World's fair.

San Francisco, a city of steel as it may appear in 1939, will be built as the U. S. Steel corporation's exhibit at the 1939 California World's fair.

French Somaliland lies between Eritrea (Italian), Abyssinia and British Somaliland and is separated by the Straits of Mal-el-Mandeb from Aden (British).

The number of members of the Roman Catholic church in New York city is 1,733,000 to make it the second largest church group. The Jewish denomination leads.

Precedent in South African municipal elections was believed set when a candidate there did not poll a single vote. His requisition was signed by 25 registered voters.

While being a republican is its own reward, many republicans returning to state payrolls find it does not interfere with their patriotic principles and love of good government.

If Il Duce thinks he's slipping he might try growing a mustache.

Personals

J. E. Moriarty is transacting business in south Texas.

Mrs. Lloyd LaRoque and son, Billy Safford, are visiting Mrs. Audrey Wheeler in Fort Worth.

Jack Stephenson of Stephenville is the guest of his parents, Dr. and Mrs. G. M. Stephenson.

Clallen Harrison of Weatherford is the guest of relatives here.

Tommy LaMore has returned from a visit in Waco.

Mr. and Mrs. Aaron Robinson of Rising Star spent Saturday with friends here.

Mrs. R. M. Lewis returned Saturday to her home in Greenville after spending some time with her daughter, Mrs. James Harvey, and Mr. Harvey.

Mrs. Mary Townsend of Moran transacted business here Saturday.

Miss Janet Ferguson is the guest of her grandparents in Quanah.

Mr. and Mrs. Homer Ferguson, S. W. Altman and F. B. Altman are attending the Texas-Oklahoma shoe convention in San Antonio. They plan to attend the inaugural ceremonies in Austin Tuesday.

Miss Ruby Lee Blanton of Sweetwater is visiting her aunt, Miss Ruby Love.

Mayor J. T. Berry returned Saturday from Fort Worth where he attended a banquet given by W. B. Burton of the Burton-Lingo Lumber company.

New Jersey dairymen put carrots in corn silage to produce milk and butter with more color and to add a new use for the carrots.

Gracie Fields, England's favorite comedienne, doesn't want to run for parliament. Probably couldn't stand the competition.

While being a republican is its own reward, many republicans returning to state payrolls find it does not interfere with their patriotic principles and love of good government.

If Il Duce thinks he's slipping he might try growing a mustache.

### 2,200 Farms Reached by County Agent Program During Last Year

Two thousand two hundred of the 2,425 farms and ranches of Eastland county have been influenced in 1933 by county agricultural agent work, according to an annual report just compiled by County Agent Elmo V. Cook and his assistant, Sam E. Rosenberg.

At the beginning of the year a plan of work was made, embodying as its main features soil building, production of food on the farm, production of food for livestock and conservation of this food, and increasing the farm income.

In line with this plan, 3,138 acres of cropland were terraced in the county, 2,500 acres of green manure were turned under, 40,000 acres were strip cropped, 10,000 acres of cropland were contour planted where terraces had not been built, and 470 tons of commercial fertilizers were used by farmers of the county. An estimated 500 tons of barnyard manure were added to the land.

In the program to conserve feed-stuff a total of 43 trench silos were filled with 1,025 tons of feed. Fifty per cent more farmers than usual kept peanut hay on the farm for feeding to livestock, 20,000 young fruit trees were set out in new farm orchards.

One thousand two hundred and fifty growers were assisted in the marketing of 4,000 tons of peanuts which were worth \$92,800 more through co-operative marketing.

Grasshopper Control  
Two hundred farmers and ranchers saved crops valued at \$25,360 by co-operating in a grasshopper control campaign and 150 farmers

saved \$1,600 in the control of jackrabbits by using poisoned grain.

Two carloads of certified seed Irish potatoes and one carload of high analysis commercial fertilizer were purchased co-operatively by farmers, the members saving \$1,500 by their purchases.

One hundred thousand acres of land were placed into game preserves by 250 landowners who are not only conserving beneficial wildlife species but are also lessening erosion by leaving vegetative cover on roadsides, fence rows, and ditches.

Four poultry demonstrators, with 1,500 laying hens, made profits of more than \$3,000.

Thirteen demonstrators planted more than 100 acres of hairy vetch, southern giant bur clover, and Italian rye grass in the fall of 1933 for winter cover. Five demonstrators who planted vetch in the fall of 1937 on 50 acres reported good results.

Oats Improvement  
Five demonstrations in New North oats produced yields from 50 to 80 bushels per acre. The county average is less than 40 bushels per acre under the same conditions.

Five flocks of goats totaling 2,250 head were dipped in wettable sulphur by demonstrators who reported they apparently have their goat lice under control.

Two dairymen kept complete production and cost records of their herds.

There were 168 4-H club boys enrolled in 1933, of which 49 boys completed their demonstrations and submitted record books to the county agent's office showing completed demonstrations. The total earned profits of these 49 completions was \$2,133.96.

These demonstrations were distributed among seven dairy demonstrators, who owned 12 head of registered Jerseys and earned a total profit of \$385.41 with their demonstrations, five swine club boys who had 26 head of registered Poland China hogs returning them a total profit of \$1,374.68, and 10 feed crop demonstrators containing a total of 14 acres of feed which returned the boys a profit of \$130.62.

In 1933 an Eastland county boys' 4-H registered pig club was organized when 13 registered Poland China sow pigs and three registered boar pigs of the same breed were purchased by 15 boys. This club has shown considerable ex-

### Head Yankee Board of Control

George Ruppert

Col. Jacob Ruppert before his death guarded against the sale of the New York Yankees by seeing to it that a trusteeship was formed. The trusteeship will appoint a board of control. It is headed

Ed G. Barrow

by George Ruppert, left, brother of the colonel, and Ed G. Barrow, right, long business manager of the far-flung Yankee empire. Barrow is the active head of the organization.

### Supreme Court Trend Changed Toward Liberal in Two Years

By MORGAN M. BEATTY  
AP Feature Service Writer  
WASHINGTON, D. C., Jan. 14.

Much of the New Deal shooting will have been over by the time Felix Frankfurter reaches the supreme court.

But the "architect of the New Deal"—the Harvard professor who inspired much of the so-called liberal law-building under Franklin D. Roosevelt—will have the satisfaction of knowing that the court has come far toward his way of thinking.

In the last two years, Chief Justice Charles Evans Hughes has led the trend. The court has overruled itself once, and it has upheld legislation as the Wagner labor act, the right of government to regulate wages and hours for women, and to change the gold content of the dollar.

Those decisions wipe out, in a large measure the criticism Frankfurter long has implied, if not spoken—that the court had refused to recognize the constitution-

as a flexible document, framed to meet changing conditions. Important decisions that have progressed too far for Frankfurter's participation, include questions of the government's TVA power yardstick, and the sit-down strike as an economic weapon for labor.

Still ahead, with the probability that Frankfurter will help frame them, are decisions on the legality of the federal wage and hour law, the new farm act, and many labor cases of secondary importance.

But the legality of the New Deal has been fairly well established. Back to Wilson

Mr. Roosevelt already has appointed two justices classified as liberals—Hugo Black of Alabama, and Stanley Reed of Kentucky. Now he has named as successor of the late Justice Cardozo, who was a Jew, Austrian-born Frankfurter, also a Jew.

The personnel of the present court goes back only so far as President Wilson. Wilson named the ultra-conservative James Clark McReynolds, and the liberal, Justice Louis D. Brandeis, now at 82, dean of the court.

Harding appointed the conservative Pierce Butler, and Coolidge appointed the former attorney general, Harlan F. Stone, a man of genial good humor.

Hoover selected the two outstanding fence-sitters, Chief Justice Hughes and Owen J. Roberts. They had a record for conservative law, but both have developed a liberal bent in the last few years.

Mr. Roosevelt can expect a 5-4 split in favor of liberal interpretation of the constitution, but can get a 7-2 verdict if Hughes and Roberts are in the mood.

No Real Need  
Washington insiders are talking much these days about the possi-

### 67 Employees Are Discharged by Railroad Comm'n

AUSTIN, Jan. 14 (AP).—The Texas railroad commission Friday sliced 67 employees from its payrolls, effective today, in an economy move commissioners said would save \$150,000 annually.

The order was signed by all members of the commission and Jerry Sadler, a member, said another general dismissal order would be announced "in the near future."

He added jobs abolished today would not be filled again and explained the dismissals cut the staff 10 per cent.

In addition, the commission discontinued field offices at Corsicana, Refugio and Eastland. Positions discontinued included: Motor transportation division—Manuel Guerra, Jr., A. E. Cates, Gib Abernathy, J. T. Harmon, W. F. Kendall, F. F. Dunbar, B. F. Sims, Gene Finney, Tom Beverly and Ben E. Moffitt, inspectors; and W. R. Edmonson, part-time clerk.

Oil and gas division—H. V. Hamilton, Kilgore; Jess Megarity, Corsicana; M. D. Hendricks, Kilgore; C. B. Yarbrough, Mount Pleasant; John M. Johnson, Jr., Kilgore; N. D. Bishop, Kilgore; L. L. Shields, Kilgore; J. F. Edington, Kilgore; J. A. Fenson, Jr., Kilgore; David Ratliff, Kilgore; Roger Huffman, Palestine; Raymond Clark, Mount Pleasant; Bowden Farrar, Kilgore; Vernon Greene, Kilgore; Joe Dodson, Kilgore; H. W. Gribble, Kilgore; I. P. Bradley, Kilgore; Fletcher Pope, Kilgore; Ivy Payne, Wichita Falls; H. Townsend, Kilgore; Mindon York, Kilgore; Guy W. Blankenship, Kilgore; Paul S. Leeper, Wichita Falls; Grady Russell, Eastland; Weldon Watson, Austin; I. C. Watson, Abilene; Hiram Pressley, Mount Pleasant; Theodore Harris, Pampa; Joe Flanagan, Pampa; A. Florey, Kilgore.

This Is the Bank That Service Is Building

### JOHN T. FLYNN

By JOHN T. FLYNN  
NEA Service Staff Correspondent

If any American thinks that this government has been skimping on the matter of national defense, let him look at the following figures. They represent the total expenditures for national defense—army and navy—for the years 1933-34 to the budget just disclosed by the president. Here they are:

1933-34	\$ 540,356,000
1934-35	709,931,000
1935-36	921,684,000
1936-37	935,114,000
1937-38	1,027,841,000
1938-39	1,119,810,000
1939-40	1,688,283,000

Total \$6,933,019,000  
The last figure for 1939-40 is of course the president's estimate and includes \$500,000,000 which he proposes to outline and ask next week.

Glance at the column of figures and see how each year the amount has increased. In 1937-38 it was twice what was spent in the first year of the administration. Now in 1939-40 the sum proposed is three times what was spent in 1933-34. The whole total is a huge sum—nearly seven billion dollars.

In arriving at these figures, which are taken from the treasury reports, I have included the sums which have been spent from the recovery and relief funds. Each year the president has spent not merely the sums appropriated by congress for national defense, but also many millions which he has allocated from recovery and relief funds. The amounts are very great. Here they are by years:

1933-34	\$ 60,663,000
1934-35	176,335,000
1935-36	147,246,000
1936-37	79,004,000
1937-38	53,735,000
1938-39	77,604,000
1939-40	50,726,000

Total \$645,313,000

About these allocations two very significant features appear. First of all these are sums not appropriated by congress, but appropriated by the president himself. Thus in 1935 congress appropriated \$533,596,000 for national defense. But congress has been turning over to the president billions each year to spend as he likes. And in 1935 he appropriated another \$176,000,000 for national defense.

Second, the money appropriated by congress in each year was spent out of tax moneys. But the money appropriated by the president was spent out of borrowed funds. So we have actually in the last seven years spent \$645,000,000 on national defense which was never collected in taxes and which we still owe.

The practice of using borrowed funds from the relief appropriations for army and navy purposes ought to be stopped. Whatever we spend on national defense ought to be paid for in cash on the line as we go.

Two excursion boats will carry passengers from the Treasure Island site of the 1939 California World's fair, around Alcatraz Island during a sightseeing trip on San Francisco bay.

The average cloud weighs 300,000 pounds, which, it may be supposed, includes the silver lining.

### 50 Per Cent of Paralysis Funds Go to Counties

Fifty per cent of the funds raised through the forthcoming President's Birthday celebrations will be held in trust for the counties in which they were raised, William L. Clayton of Houston, Texas, chairman for the events, announced today in appointing Charles J. Kleiner, Cisco, as chairman for Eastland county.

These trusted funds will be turned over to the permanent chapters of the National Foundation for Infantile Paralysis, to be organized in each county immediately following the birthday celebrations on January 30, Mr. Clayton added. The remainder of the money will go to the national foundation, to be used for scientific research, much of which will be done in recognized hospitals throughout the country.

A meeting of committee members for this county will be held as soon as they are selected, the new county chairman said, and definite plans will shortly be announced for the celebration events here.

"I am happy to serve as county chairman in this great crusade," he said. "I am certain that the citizens of our county will co-operate to make the President's Birthday celebrations the banner event for suffering humanity. It is a privilege to help intensify the national drive for funds to stamp out the dread disease and to bring happiness and health to thousands

### College Students Endorse Hiram Armament

AUSTIN, Jan. 14.—American college students endorse President Hiram's armament program, a poll of Student Opinion in America revealed here.

Sixty-two per cent of the college youth—the sample that may have been other world war "armament" survey—favored the non-protection of the United States.

Of the 70 colleges interviewed, the strongest for armament was the University of Texas. The only section of the survey with 53.7 per cent in favor of armament was the 66.2 per cent of the middle Atlantic section of the New England section. Students voted in question of "strong United States army for the protection of all western hemisphere."

### Will Playboy Carol Outsmart the Nazis?

A CAUTIOUS King Carol of Rumania plays his cards close to the vest these days after the newest outbreak of the opposition Iron Guard. The playboy ruler faces a crisis this time that may not easily be weathered.

Crisis has been heaped on crisis in the life of the handsome Rumanian. But observers see in the current uprising of the Fascist Iron Guard a German-backed plan to Nazify Rumania. Possibly, Germany might use Rumania as a base of operations against Russia. In any event Rumania is rich in oil and wheat.

As early as February of 1933 Carol tightened his defenses, making himself virtual dictator. It appears that if anyone is going to be dictator in Rumania it will be Carol. He apparently wants no part of the new ideologies.

Rumania's current constitution for one thing bars the Fascist Iron Guard. Carol himself dictated this measure and forced it through a popular vote. Seventeen leaders of the opposition were killed by government forces in the latest struggle.

Meantime, the colorful Mme. Lupescu, cause of more than one crisis in the king's life, remains at Carol's side. Death plots have been discovered against both Mme. Lupescu and Carol. The Iron Guard has openly taunted the king on his friendship for the woman. The fact that she is part Jewish further complicates the dangers.

Carol is shown here on a 1933 Rumanian stamp. (Copyright, 1934, NEA Service, Inc.)

### THIS CURIOUS WORLD

A QUEEN BEE IS NOT A QUEEN AND NO PART IN RULING HAVE! THE WORKERS ARE THE TRUE RULERS

A DOLLAR BILL, ATTACHED TO A POST CARD AND MAILED IN GLENDALE, MD., WAS RECEIVED INTACT BY A PUBLISHING COMPANY IN WASHINGTON, D.C.

A FREEMARTIN IS A SADDLE GAITHER, QUADRUPED, BIRD, UNNATURAL CITIZEN.

ANSWER: Quadruped. A freemartin is a female twin calf. It is always sterile, and never produces milk.
