# SUSPECTS IN HOUSE-BREAKING QUERIED

Through the Editor's Spectacles  
By GEORGE

The heavy obligations of debts incurred in the boom period of the '20's form one of the most difficult problems which Texas cities have to meet. The subject of debts will be a serious one to be considered at a meeting at New Braunfels this month Here in Cisco, where we are faced with an almost impossible debt situation, we are likely to think of the debt problem in no terms but our own, but the truth of the matter is that there are many other communities in a situation little better, if any, than ours.

Booth Mooney, writing in last week's issue of the Texas Weekly, makes this significant statement: "The principal concern of Texas cities is to do with the trend of city finances in Texas is upward."

It can well be imagined that the city government of Cisco is to meet increasing demands and the demands of a debt situation. We can well imagine the city government of Cisco is to meet increasing demands and the demands of a debt situation. ## Loboes Take Off at 7:30 Thursday

The Loboes, 25 strong, take off at 7:30 tomorrow morning for Corpus Christi and their bout with last year's state champions, the Buccaneers of Corpus Christi high school, at 8 o'clock Friday night.

Escorted by High School Principal O. L. Stamey and Coaches J. T. Petty and R. L. Garrett, the team will travel in automobiles.

Accompanying the squad will be L. A. Warren, school board member and father of Coy Warren, the team's field general and chief ball carrier; L. H. Qualls, father of "Red" Qualls, another of the squad's standout ball carriers, and possibly others of the Cisco fans.

The squad will arrive in Corpus Christi some time tomorrow afternoon. The team will work out on the Buccaneer field Thursday evening.

With a day of rest ahead of them before the game Friday night, the Loboes expect to be in top shape for the contest.

They will return to Cisco Saturday.

## LAW BREAKING IS LESS, GRAND JURY REPORTS

Vigilance of Office and Citizens Is Requested

Criminality in Eastland county is on the decline, the 88th grand jury for the term, reported week in submitting its report. The jury was in session 13 days, examined witnesses and returned true bills.

A small percentage of cases of drunken driving was noted, although the jury called upon officers and citizens to exercise concerted vigilance against this menace, pointing out that such vigilance should have the effect of further decreasing this type of crime.

Citizens were reminded that it is their duty to report violations of the law to the respective officers, and emphasis was laid on highway law violations.

Following is the report:

To the Hon. B. W. Patterson, judge of the 88th District Court: We, the grand jury of the 88th district court for the September term, herewith submit our final report.

We have been in session 13 days, have examined 174 witnesses and returned 19 true bills.

A thorough investigation has been made of all matters brought to our attention. We are glad to report that generally speaking, there seem to be fewer offenses committed in the county than formerly, and we are especially glad to report that there is a smaller percentage of cases of driving while under the influence of intoxicating liquor; however, we request all law enforcing officers of the county to continue their concerted drive on violators of the statute that makes it an offense to drive an automobile upon any public road or highway in the state while intoxicated, or in any degree under the influence of intoxicating liquor.

Such continued and commendable efforts on the part of all law enforcement officers will no doubt have the effect of still further decreasing the percentage of drunk driving cases. And in this connection we desire to call the attention of the public to the fact that they, as citizens, should be diligent in reporting all violations of their respective officers, and particularly violations of highway laws, in order that officers might make prompt investigations for the grand jury.

We wish to express our appreciation to the district attorney for his cooperation and assistance rendered during this term, and we are grateful to the sheriff and his department, and to all constables and bailiffs of this county for their work during the term, whose untiring efforts and cooperation have made it possible for us to dispatch our work more rapidly.

We especially commend all officers throughout the county for their harmonious work with each other, which has resulted in clearing the dockets of practically all criminal cases in the district courts, and resulted in fewer prisoners being in jail at this time than at any time during the past, there being at this time only three persons in the jail.

We have made inspection of the jail and premises, and commend Jailer Crossley for the manner in which he discharges his duty.

Having completed our investigation and deliberations upon all matters brought to our attention, we respectfully request that we be discharged.

W. J. Herrington, Foreman.  
H. H. Dunham, Secretary.

## FDR TO ASK 275 MILLION FOR DEFENSE

WASHINGTON, Nov. 1 (AP)—President Roosevelt estimated Tuesday that it would cost \$275,000,000 to safeguard and enforce American neutrality during the first 10 months of the European war.

He told reporters that this sum would be asked of congress as a deficiency appropriation in January. This strengthened the belief of some officials that the total national defense appropriation for the next session would exceed \$2,000,000,000.

The extra \$275,000,000, Mr. Roosevelt told his press conference, is needed chiefly to pay for increases in the armed forces ordered September 8 when he proclaimed a limited national emergency. The expense covers maintenance of the Atlantic coast neutrality patrol and the mass training of troops ordered by the war department.

A short time before the president spoke, Chairman Shepard (D-Tex) of the senate military affairs committee, predicted the expanding army would require \$1,000,000,000 next year, and Chairman Scruggs (D-Nev) said the house naval appropriations subcommittee expected the navy budget would approach this sum.

## Finns Foresee Delay in Talks With Russia

HELSINKI, Nov. 1 (AP)—The Finnish government announced today that publication of Soviet Russia's demands on the republic had "created a new situation" and caused a delay in the negotiations.

The exact effect of the unexpected disclosures by Soviet Premier-Foreign Commissar Vyacheslav Molotov in his speech to the Russian parliament yesterday was not clear early today, but it was certain he had profoundly shocked Finnish officials.

It was probable a cabinet meeting would be held today to consider the new situation.

## TRIPS MADE

Underwood and Carl Springer made a trip to Cleburne Monday. However, their trip netted nothing, Underwood said, but it was practically sure that the men held were the right parties who were wanted in Quamish and Mineral Wells.

The thieves obtained men's clothing, silverware and jewelry from all of the homes burglarized, and it was thought possible that these might be the parties wanted for robbing the Eastland and Cisco homes. "We were unable to connect them with the Eastland county burglaries," Underwood said.

Men held at Odessa on similar charges caused Sheriff Loss Woods and Carl Springer to make a trip to that place with the hope that those in jail there were the right parties, but this trip was futile.

The sheriff's department has been active in its attempt to run down these house-breakers, but so far has been without tangible results.

Soviet Chides Roosevelt for 'Aid' to Finland

MOSCOW, Nov. 1 (AP)—Premier Molotov Tuesday chided President Roosevelt for lending Finland the "moral support" of the United States, in effect warned the Finns to come to terms, and notified the world that Russia is drawing closer to Germany and Japan, once partners in the anti-comintern pact.

In an exhaustive report on Russia's new foreign policy, the premier and foreign commissar told more than 1,100 deputies attending the extraordinary joint session of the soviet council that the United States' move to repeal its arms embargo would "intensely aggravate and protract" the European war.

Salient points in Molotov's 75-minute speech:

1. Struck at President Roosevelt "intervening" in Russia's negotiations with Finland "in contradiction of the United States' policy of neutrality."

2. Declared Russia was unable to understand Finland's refusal of a mutual assistance pact similar to those which made the Baltic states of Estonia, Latvia and Lithuania.

### BIBLE THOUGHT FOR TODAY

In quietness and in confidence shall the Lord be seen. His strength shall be made perfect in peace. Psalm 46:1.

Know that the lofty point which only to one who stands beneath the mountain is to the daring climber who hath reached the top. Only a breathing place from whence to see its real summit, bright and heaven illumined. —JAMES BAILEY.

### What Does the War Mean to Business?

If subsequent analyses bear out present predictions that the American business curve is bending upward once more, full credit for the expansion of domestic markets is likely to go to the war abroad. There is scant reason to deny that any European conflict should produce some effects on American business. No one in this country believed indices would be unaffected when hostilities broke out in September.

It is too early to forecast accurately the eventual results of Europe's conflict on business trends in the United States, but it is interesting to note the theory that the war was

merely the instrument rather than the cause of expansion. This point of view is taken by The Annalist in its quarterly review and business forecast edition.

SINCE the United States was swept into the depression in 1929, industrial production has curved downward, despite a continued increase in population, it is pointed out. From comparative charts, it is concluded that demand for manufacturing output has been restrained during the past 10 years almost to the point where increased consumption must become inevitable.

It seems reasonable to conclude that the outbreak of war has been merely the spark needed to touch off the release of the goods suggested.

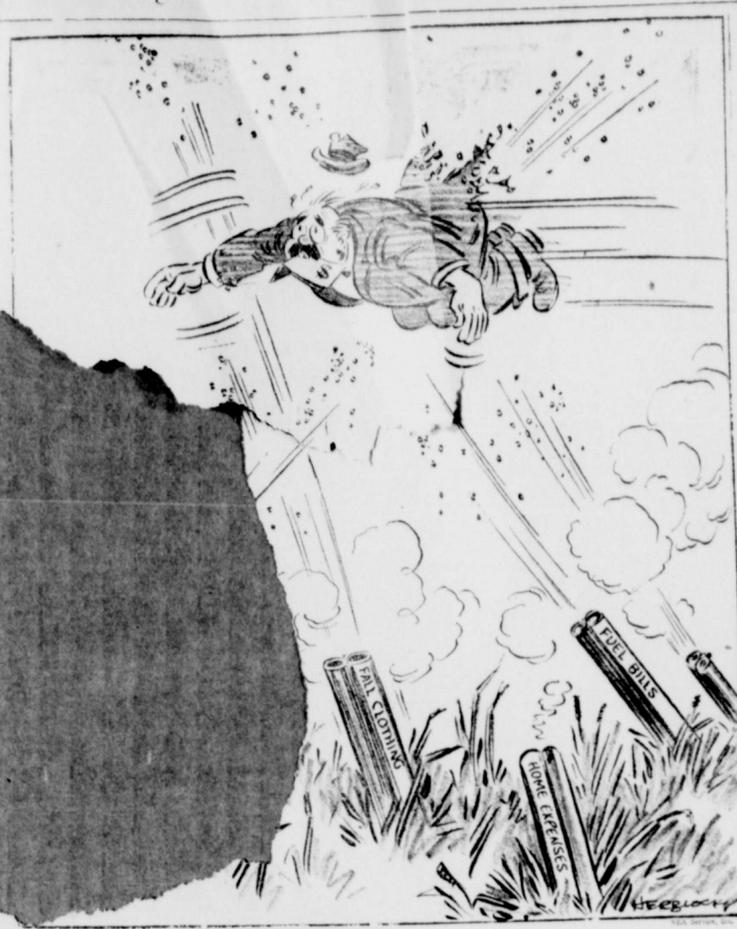

can produce American business men. For the most part, they have expressed their desire to ride with the normal trend, foregoing the hasty profits that may later lead to ruin.

Glancing down the arms embargo list, we find diphenylamine-chlorarsine is among the forbidden exports. Export it! as the vaudeville comedian would exclaim, we can't even spell it!

A new type of shot, which can be swallowed by ducks without fatal effect, has been perfected by two professors. Now ducks haven't a thing to fear—except getting shot in the usual way.

Representative Hamilton Fish says the house, not the senate, will decide the neutrality issue. Most of the voters have forgotten this is a double feature program.

### Abilene to Keep Traditional Day

ABILENE, Nov. 1 (Sp.)—The traditional Thanksgiving date—the last Thursday in November—will prevail in Abilene with but one major exception.

Eddie Cockerell, secretary of the Retail Merchants association, announced that merchants have planned to observe November 30 as Thanksgiving, instead of November 23, as proclaimed by the president.

Hardin-Simmons university, however, will observe the earlier date, in order that students may be on the campus for the annual homecoming program the following week, when the feature will be the traditional grid clash with Howard Payne college.

### It's a Lot of Trouble to Get References

THOMASVILLE, N. C., Nov. 1 (Sp.)—The state employment service needed an engineer. An unemployed worker applied. He was asked to get two references. He wrote for them. Each recipient not only gave him a reference, but offered him a better job. He accepted one.

### Betty Co-ed Cleans a House

KENT, O., Nov. 1 (Sp.)—Petite Betty Crampton of Cleveland, 21-year-old Kent State university junior who wants to teach journalism, has turned "racket-buster."

The Kent State, school publication issued three weekly, recently criticized city and county authorities, asserting slot machines gobbled student nickels. The blast brought results.

Then Betty, in charge of the State's Friday edition, wrote a page-one editorial. "We have some housecleaning to do at home," she said. "Certainly the university is no place for football pools. Let college students who sell this 'racket' be disciplined."

CITATION BY PUBLICATION THE STATE OF TEXAS To the Sheriff or Any Constable of Eastland County—Greeting:

You are hereby commanded to summon W. P. Roberts by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, and 91st Judicial District to appear at the next regular term of the 91st District Court of Eastland County, Texas, to be held at the Court House thereof, in Eastland, on the first Monday in December, A. D. 1934, the same being the 4th day of December, A. D. 1934, then and there to answer a petition filed in said Court, on the 22nd day of August, A. D. 1934, in a suit numbered on the docket of said Court, No. 17,188, wherein Eva Roberts is plaintiff and W. P. Roberts is defendant and the cause of action being alleged as follows: That on or about November 3rd, 1910, plaintiff was legally married to defendant and they lived together until on or about July 4th, 1931, at which time defendant abandoned plaintiff, and since said date, they have not lived together. That plaintiff has not lived with defendant since July 4th, 1931, at which time defendant abandoned plaintiff and without any just cause, has thus abandoned her for more than three years, to-wit, more than eight years. There is no community property in possession of plaintiff and she does not know what amount of community property is in possession of the defendant. The following named minor children were born to this marriage to-wit: Frances Louise Roberts, a girl, born September 20th, 1931; Bettie Jene Roberts, a girl born December 20th, 1928; and Lillie Beatris Roberts, a girl now 18 years of age; that said minors have lived with plaintiff all the time, and defendant contributes nothing for their support, and it would be to the best interest of said minors, under 16 years of age for their custody to be awarded to plaintiff. It was necessary to employ counsel to file this suit, whereby defendant is liable for a reasonable attorney's fee.

Wherefore, plaintiff prays that defendant be cited according to law to appear and answer, and for judgment for divorce, custody of said minor children with provision in the judgment for periodical payments by defendant of a reasonable amount for their support, maintenance and education, and cost of suit including a reasonable amount as attorney's fee, and for general and special relief as she may be entitled to receive.

Herein fail not, but have you before said Court, on said day of the next term thereof, this Wit, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Eastland, Texas, this 10th day of October, A. D. 1934.

### Hoboes Help Feed Wild Turkeys

Not because the hoboes wanted to help feed the wild turkeys, but because they were forced to do so by a trainman near Wichita Falls, recently. The story goes that when the train conductor stops his train to sweep out the grain cars so that the wild turkeys may be fed, the game department feels that it is getting cooperation of the highest caliber. That is exactly what is happening in Archer county. The state game warden at Wichita Falls recently noticed the train halted near a river and the dust was flying out of the doors of several cars. Upon investigation he found the conductor had about a half dozen hoboes sweeping out grain from grain cars to feed a bunch of wild turkeys that use that area. Questioned, the conductor said that he had heard the warden's plea, last winter when snow was on the ground, about feeding wildlife, said he had decided that every time he had any empty grain cars on his train he would make use of the bums riding by making them sweep out the cars at a place where he knew a bunch of about 40 turkeys were ranging and were now being fed in this

But with absolutely no survey of statistics made, and with the expectation of the usual round of upsets, and by playing the squirrel on the limb, we go on record as predicting that Homer Norton, with the aggressive power displayed by Lieut. kidding ourselves. In such blunt facts we have to answer to the question of why the undoubted opportunities of Cisco have not been seized by business men who are seeking such opportunities.

I am told that some steps have been taken by the mayor and members of the city commission which have met with some encouragement to their hopes for working out of the problem. It is believed that a solution can be arrived at. Every citizen who has interests or a job here, every person who has property here and every individual whose prospects for economic support are founded here ought to give the utmost cooperation toward such a solution. For the debt is a debt against every individual, and every individual will pay his share of it in some way, directly or indirectly. Even the hitchhiker who pauses in Cisco pays a share in some way, even if only in the nickel he didn't get because the giver had to pay it in taxes.

This debt situation is the major problem confronting Cisco. It must be solved if this community makes any progress.

## SUSPECTS IN HOUSE-BREAKING QUERIED

### TRIPS MADE TO CLEBURNE AND ODESSA

#### Sheriff Seeks Clues to Burglaries Here and at Eastland

Sheriff's department has been diligently attempting to run down the house-breakers who have been operating in Cisco and Eastland recently, according to E. W. (Tug) Underwood, deputy sheriff. Underwood and Carl Springer were in Cleburne Monday to interview suspects held in jail there in connection with house burglaries in Fort Worth, Quanah and Mineral Wells by Tarrant and Johnson county officers.

In the past, the residences of R. L. Ponsler and A. G. Tuttle in Cisco, and Carl Springer and John F. White in Eastland were entered and valuable articles were taken. Thinking that perhaps they might get a line on the burglaries of Eastland county homes, Underwood and Springer made a trip to Cleburne Monday. However, their trip netted nothing, Underwood said, but it was practically sure that the men held were the right parties who were wanted in Quanah and Mineral Wells.

The thieves obtained men's clothing, silverware and jewelry from all of the homes burglarized, and it was thought possible that these might be the parties wanted for robbing the Eastland and Cisco homes. "We were unable to connect them with the Eastland county burglaries," Underwood said.

Men held at Odessa on similar charges caused Sheriff Loss Woods and Carl Springer to make a trip to that place with the hope that those in jail there were the right parties, but this trip was futile.

The sheriff's department has been active in its attempt to run down these house-breakers, but so far has been without tangible results.

### Soviet Chides Roosevelt for 'Aid' to Finland

MOSCOW, Nov. 1 (AP)—Premier Molotov Tuesday chided President Roosevelt for lending Finland the "moral support" of the United States, in effect warning the Finns to come to terms, and notified the world that Russia is drawing closer to Germany and Japan, once partners in the anti-comintern pact.

In an exhaustive report on Russia's new foreign policy, the premier and foreign commissar told more than 1,100 deputies attending the extraordinary joint session of the soviet council that the United States' move to repeal its arms embargo would "intensify, aggravate and protract" the European war.

Salient points in Molotov's 75-minute speech: 1. Struck at President Roosevelt "intervening" in Russia's negotiations with Finland "in contradiction of the United States' policy of neutrality."

2. Declared Russia was unable to understand Finland's refusal of a mutual assistance pact similar to those which made the Baltic states of Estonia, Latvia and Lithuania.

#### FDR TO ASK 275 MILLION FOR DEFENSE

WASHINGTON, Nov. 1 (AP)—President Roosevelt estimated Tuesday that it would cost \$275,000,000 to safeguard and enforce American neutrality during the first 10 months of the European war.

He told reporters that this sum would be asked of congress as a deficiency appropriation in January. This strengthened the belief of some officials that the total national defense appropriation for the next session would exceed \$2,000,000,000.

The extra \$275,000,000, Mr. Roosevelt told his press conference, is needed chiefly to pay for increases in the armed forces ordered September 8 when he proclaimed a limited national emergency. The expense covers maintenance of the Atlantic coast neutrality patrol and the mass training of troops ordered by the war department.

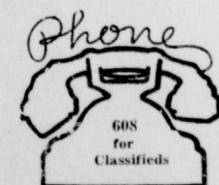

A short time before the president spoke, Chairman Shepard (D-Tex) of the senate military affairs committee, predicted the expanding army would require \$1,000,000,000 next year, and Chairman Scruggs (D-Nev) said the house naval appropriations subcommittee expected the navy budget would approach this sum.

### LAW BREAKING IS LESS, GRAND JURY REPORTS

#### Vigilance of Officers and Citizens Is Requested

Criminality in Eastland county is on the decline, the 88th grand jury for the September term, reported this week in submitting its final report. The jury was in session 13 days, examined 174 witnesses and returned 19 true bills.

A smaller percentage of cases of drunken driving was noted, although the jury called upon officers and citizens to exercise concerted vigilance, against this menace, pointing out that such vigilance should have the effect of further decreasing this type of crime.

Citizens were reminded that it is their duty to report violations of the law to the respective officers, and emphasis was laid on highway law violations.

Following is the report:

To the Hon. B. W. Patterson, judge of the 88th District Court: We, the grand jury of the 88th district court for the September term, herewith submit our final report.

We have been in session 13 days, have examined 174 witnesses and returned 19 true bills.

A thorough investigation has been made of all matters brought to our attention. We are glad to report that generally speaking, there seem to be fewer offenses committed in the county than formerly, and we are especially glad to report that there is a smaller percentage of cases of driving while under the influence of intoxicating liquor; however, we request all law enforcing officers of the county to continue their concerted drive on violators of the statute that makes it an offense to drive an automobile upon any public road or highway in the state while intoxicated, or in any degree under the influence of intoxicating liquor.

Such continued and commendable efforts on the part of all law enforcement officers will no doubt have the effect of still further decreasing the percentage of drunk driving cases. And in this connection we desire to call the attention of the public to the fact that they, as citizens, should be diligent in reporting all violations to their respective officers, and particularly violations of highway laws, in order that officers might make prompt investigations for the grand jury.

We wish to express our appreciation to the district attorney for his cooperation and assistance rendered during this term, and we are grateful to the sheriff and his department, and to all constables and bailiffs of this county for their work during the term, whose untiring efforts and cooperation have made it possible for us to dispatch our work more rapidly.

We especially commend all officers throughout the county for their harmonious work with each other, which has resulted in clearing the dockets of practically all criminal cases in the district courts, and resulted in fewer prisoners being in jail at this time than at any time during the past, there being at this time only three persons in the jail.

We have made inspection of the jail and premises, and commend Jailer Crossley for the manner in which he discharges his duty.

Having completed our investigation and deliberations upon all matters brought to our attention, we respectfully request that we be discharged.

W. J. Herrington, Foreman. H. H. Dunham, Secretary.

### Loboes Take Off at 7:30 Thursday

The Loboes, 25 strong, take off at 7:30 tomorrow morning for Corpus Christi and their bout with last year's state champions, the Buccaneers of Corpus Christi high school, at 8 o'clock Friday night.

Escorted by High School Principal O. L. Stamey and Coaches J. T. Petty and R. L. Garrett, the team will travel in automobiles.

Accompanying the squad will be L. A. Warren, school board member and father of Coy Warren, the team's field general and chief ball carrier; L. H. Qualls, father of "Red" Qualls, another of the squad's standout ball carriers, and possibly others of the Cisco fans.

The squad will arrive in Corpus Christi some time tomorrow afternoon. The team will work out on the Buccaneers field Thursday evening.

With a day of rest ahead of them before the game Friday night, the Loboes expect to be in top shape for the contest.

They will return to Cisco Saturday.

### Hibernation Fails to Save Woman

PRYOR, Okla., Nov. 1 (AP)—A 46-year-old farm wife died late Tuesday of a blocked gall bladder as she sought, through hibernation, to prolong her life against the ravages of cancer of the abdomen.

The woman would have ended at 7 p. m. her nine-day hibernation period during which her body temperature was reduced as low as 85 degrees.

Dr. E. A. Leach of Tulsa, who with Dr. V. D. Herrington, performed an autopsy, said a soft stone was found in the gall bladder and the stone apparently obstructed the opening.

Dr. Leach said the stone apparently had formed within the past two months.

In her condition, it would have been certain death to have attempted to remove it even had its presence been known before the hibernation treatment was started," he asserted. He said he did not believe the hibernation treatment had aggravated its condition.

The autopsy also showed cancer had infected the patients' entire abdominal cavity, but Dr. Leach said the cancer was not responsible for her death.

### REPEAL GROUP WINS IN TEST EMBARGO VOTE

WASHINGTON, Nov. 1 (AP)—Advocates of repealing the arms embargo won the first skirmish over neutrality legislation in the house Tuesday, when that chamber agreed to send the measure to a conference committee to adjust differences between the senate and house versions.

The vote, which effectively prevented the embargo bloc from offering amendments from the floor, was taken amid angry cries of "city slicker tactics!" Administration men replied that the procedure was normal.

There was no roll call on the question, but information leaders jubilantly hailed a previous roll call, on which they mustered an unexpected majority of 60 votes, indicating a safe margin for repeal of the embargo when the final test comes.

The roll call was on a question of ending debate on the procedure to be adopted for considering the bill. The result, in effect, defeated a republican attempt to open up the legislation for house amendments. The vote was 237 to 177.

Opponents of repeal—most bitterly controverted issue of the neutrality fight—had pleaded to bring the senate bill before the house for any amendments it might see fit to adopt, or to send it to the foreign affairs committee to be amended.

The senate measure repeals the existing embargo on arms and ammunition. The house bill, approved last session, embargoes "lethal" weapons—such as death dealing gasses, guns and ammunition—but permits the sale to belligerents of other implements of war such as airplanes and oil.

#### Breakfast Given As Compliment To Bride-Elect

Mrs. K. H. Pittard was hostess this morning in the first of a series of pre-nuptial parties to be given for Miss Mary Elizabeth Cliett, bride-elect of Mr. Hagen McMahon of Longview. The affair was an attractive breakfast and bridge party.

The guests were seated at three small tables decorated with centerpieces of autumn flowers in the honoree's chosen colors. At the central table, the one at which Miss Cliett was seated, the centerpiece was a lovely bridal bouquet of Talisman roses and fern. The dining table was laid with lace and had silver appointments. Gold chrysanthemums formed the centerpiece.

In a humorous contest immediately preceding the bridge games, Miss Lillian Shortzer won the prize. Prizes in bridge were won by Misses Cliett, high score, and Miss Betty Fee Spears, traveling prize.

A lovely array of pyrex. gifts from the guests, was then presented to the bride-elect by a "negro mummy."

The guest list included: Misses Mary Elizabeth Cliett, Lillian Shortzer, Betty Fee Spears, Mary Jane Butts and Mrs. Oscar Cliett, James Harvey, F. W. Snyder, Reid Lumsden of Houston, Robert Fulgum of Fort Worth, Ray Miller of Odessa, Nathan Cliett of Brownwood, and E. A. Brown, Jr.

that even hints at an Armistice is sought by either team.

But with absolutely no survey of statistics made, and with the expectation of the usual round of upsets, and by playing the squirrel on the limb, we go on record as predicting that Homer Norton, with the aggressive power displayed by Lieut. Kimbrough and the craftiness of Lieut. Moser, to say nothing of the stalwart first line of defense, will be able to marshal his men into a victory march on that coveted objective, the Rose Bowl!

LEAVING THE SOUTHWEST CONFERENCE to a closer home survey of affairs, we find that Coach Petty of the Lobos is also shaping up war tactics for a march on the Corpus Christi Buccaneers. The Seamen are, of course, doped to come out on top.

kidding ourselves. In such blunt facts we have to answer to the question of why the undoubted opportunities of Cisco have not been seized by business men who are seeking such opportunities.

I am told that some steps have been taken by the mayor and members of the city commission which have met with some encouragement to their hopes for working out of the problem. It is believed that a solution can be arrived at. Every citizen who has interests or a job here, every person who has property here and every individual whose prospects for economic support are founded here ought to give the utmost cooperation toward such a solution. For the debt is a debt against every individual, and every individual will pay his share of it in some way, directly or indirectly. Even the hitchhiker who pauses in Cisco pays a share in some way, even if only in the nickel he didn't get because the giver had to pay it in taxes.

This debt situation is the major problem confronting Cisco. It must be solved if this community makes any progress.

but Petty is taking a high-spirited squad to Corpus, and working them out Thursday night to get them acclimated to the low, moist atmosphere of the coast country. THIS WEEK IN THE LOCAL TRAINING CAMP, we find that the drills are chiefly purposed to tune up the ground offensive, and anti-aircraft defense, the most vulnerable spot of the locals. An air attack of their own is being formulated also. Expect anything Friday night, it can happen and probably will.—Thirty

3. Denounced Great Britain and France for carrying on the war with Germany for the purpose, he said, of safeguarding their colonial possessions.

4. Said "there can be no question of restoring Poland" and that it was "absurd to continue the present war" for such a cause.

5. Asserted that German and Russian relations are being placed on an increasingly solid and

friendly basis. 6. Announced trade negotiations would be opened with Japan and opened the door for a move by Tokyo toward stronger cooperation—possibly a non-aggression pact.

7. Gave no hint of any possible soviet aims in the Balkans but said Turkey, which refused a pact with Russia and signed one with Britain and France, must take note of the offer of cooperation to Japan.

By her pact with Britain and France, he said, Turkey has moved into the "orbit of war" and he would not hazard a guess whether
