SERIAL STORY JOAN OF ARKANSAS BY JERRY BRONDFIELD

COPYRIGHT, 1939. NEA SERVICE, INC.

CAST OF CHARACTERS JOAN JOHNSON—a mysterious co-ed, glamor girl of the Tech campus. KEITH RHODES—Tech's star halfback, headed for All-American honors. DAN WEBBER—the blocking back who clears Keith's way; a steady, industrious student.

YESTERDAY: Through Elaine's maneuvering, Joan is named co-chairman with Dan for "Last Week" ceremonies. Dan is afraid Keith will be angry, but Rhodes shows little interest. Wednesday, three days before the Pitt game, three mysterious strangers wait for Joan outside a classroom building, study her intently as she comes toward them.

CHAPTER XX They waited until Joan was well on her way down the walk before any of them spoke again. Sam, the driver, shifted his hat to the back of his head, turned and faced the bulky one.

"Okay, so we saw her. So what do we do now?" I'm tellin' you, Ed, this is gotta be quick. He jammed a cigaret in his mouth, fished for a match. "I like to work fast, see? Fast. Like this, see?" He snapped his fingers twice, rapidly.

The big one called Ed blinked owlishly. "I ain't askin' you how you like to do things." He spoke mildly but there was an undercurrent of authority in his voice. "Rocco back there," he jerked a thumb over his shoulder. "Rocco thinks this is gonna be easy. Me, I ain't so sure. We're gonna look up and down both ways before every step."

Rocco, the searface, smiled thinly. "Sure, Ed, sure." He gestured with the nail file. "Meanwhile, what about her? Do we follow her home?"

"No. All I wanted to do was take a gander at the gal today. We know where she lives, so there's no use trailing her now." He nudged the driver.

"Let's go, Sam. We've got some liggerin' to do."

"Yeah," said Rocco. "Fifty G's worth, hey, Ed?"

"Yeah, yeah, sure," said Ed slowly.

Joan had planned to stay in that night, but Marianne talked her into going to the library. "It'll just take me an hour at the most," Marianne promised. "I've got to skim over some outside reading for that silly economics course. It's a swell night and we

stopped to pay their check. He looked up and studied Joan intently as Uncle Jim made change. When they had gone he approached the showcase again. "Very striking gal, that dark-haired one. Student, here, I suppose."

"Yep . . . Joan Johnson's her name. Awful nice girl. Pretty as a picture, don't you think?" "I think," Rocco replied succinctly. "But how come a gal like that ain't squired by one of the college boys?"

"Oh, she usually is. By Keith Rhodes. He's our crack halfback, you know. But the football boys aren't out much this week."

"Keith Rhodes, hey? Interestin'. Well, I'll drop back, grandpaw. Let me know if you hear of a good ticket on the loose."

He drifted out and Uncle Jim looked up again to confront Tommy Peters.

"Say, Jim, who was that guy, anyhow?" "Let's see." He scratched his chin. "Said he was a salesman traveling through here. Had a brother at Tech some years back named Kinkadee—so he said. Y'know, I didn't like that guy. Tommy, I didn't like the way he called me grandpaw, all the time."

Tommy leaned both elbows against the showcase. "Jim, I've

got a queer gift. Once I see a picture somewhere I never forget it. Now I'd swear I saw that fella's picture somewhere. In a newspaper. Yessir, Jim, I think it was in St. Louis back. But I can't see no connection was."

Cash and Carry Endorsed By District Legion

The Veterans of Foreign Wars of the 8th Texas Texas district, in convention here Sunday, passed a resolution commending the "cash and carry" neutrality plan of President Roosevelt and the work of the Dies committee in investigating un-American activities.

The commendations were contained in a resolution passed by the convention and sent to the president.

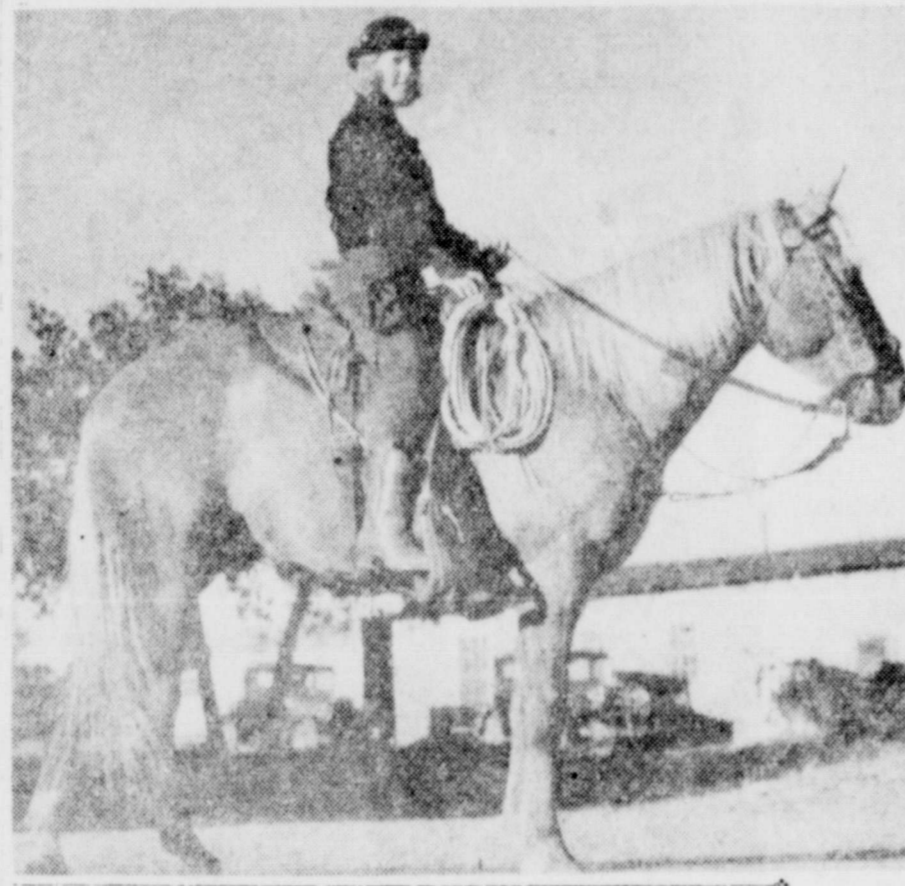

San Angelo was chosen as the site of the convention next January.

Around 75, including members of the auxiliary, attended the convention, which began at 9 o'clock Sunday morning with registration at the VFW post headquarters in the Judia building and included memorial services at the First Christian church, a luncheon and a business meeting from 1:30 to 4:30 p. m.

The memorial service sermon was preached by the Rev. Clark W. Lambert, pastor of the First Christian church.

District Commander, J. W. (Bud) Booth of Moran, a member of the Cisco post, presided over the business meeting. L. E. Vaughn is commander of the Cisco auxiliary is Mrs. W. H. Hayes. Mrs. Hayes has summoned a meeting of the Cisco auxiliary

fer 7:30 this evening at the hall to hear State President Irene Bedds of Dallas and District President Loraine Young of San Angelo, both of whom remained over from yesterday's convention for the program tonight.

A large San Angelo delegation, headed by past District President Jack Nabors, attended the convention.

The district auxiliary had a full evening of drill practice Sunday.

First Baptist church of Putnam spoke to the high school student body Monday morning. His theme was "Faith." A number of visitors were present, including Mmes. Loren Everett, E. C. Sunderman, B. Parrish, G. A. Caraway and H. E. Butler.

Noted Palomino Is Brought to Cisco

"Prairie Chief," two-year-old Palomino stallion who won first place in the two-year-old class at the Fort Worth Fat Stock show last March, paying his owner \$1,000, is now owned by W. H. Hall of Cisco. The princely stallion, which "stole the show" at Fort Worth, is shown here with Billie Jean, 11-year-old daughter of Mr. and Mrs. Hall, up. The stallion, entered in the Fat Stock show by Mrs. M. K. Witt of Coleman, was subsequently sold to Hal Peterson of the Diamond Bar ranch near Kerrville. Mr. Hall acquired the horse, one of the most striking Palominos in the country, from Mr. Peterson. "Chief" was three years old on May 23.

P-T-A. HALLOWEEN CARNIVAL

The Putnam P-T-A annual Halloween carnival was held Tuesday at the Putnam high school auditorium. The carnival proved a very successful event. Many people visited the several different booths, including the booth that contained the red bats, etc., and many purchased items at the country store. A varied program began at 8:30. A group of students from the intermediate grades sang "Old Black Joe," in four part harmony. They were accompanied by Ellen Williams, piano, and Clinton Waddell, accordion. They were directed by Mary Alice Brown and supervised by Mrs. Stanley Webb. The junior quartet, composed of Barbara Jackson, Mary Bess Elzey, David Park Clinton and Harold Smith, sang "Stars of the Summer Night," accompanied at the piano by Mrs. Stanley Webb. The high school "Yo-Do-De-De" boys sang two numbers, and the girls' trio, composed of Mary Lou Eubanks, Mary Alice Burnam and Geraldine Smith sang a number. Lenox Byrd, James Kennedy and Troy Caraway presented a short play under the direction of Supt. R. F. Webb. Bobbie Clinton and Clinton Waddell played accordion selections, accompanied at the piano by Mrs. E. C. Waddell.

750-Barrel Well Completed In Stephens County

EASTLAND, Nov. 2 (Sp.)—Completion of Horwitz and Odum No. 2 B. S. Dance, J. Koehler survey, four miles west of Crystal Falls in Stephens county, has established the well as one of the best for this section in recent years.

The well flowed 750 barrels of 42 gravity oil in a 12-hour railroad commission test, thus giving the well a potential of 1,500 barrels daily.

The well extended the pool opened by the operators a year ago 90 feet northwest. It is approximately that number of feet from the pool-opening Dance well which was good for 1,400 barrels when completed. Of interest to oilmen is the fact that the other wells drilled by the firm in the pool are still producing. The newest completion in the pool is the fourth drilled by the operators. The others were on the Maury lease.

Meanwhile, operators have rig up for one well 1,000 feet south of the producers and another is drilling in the same vicinity.

The No. 2 Dance was completed for 1,500 barrels after acidization in the saturated lime, 3,532-82 feet, total depth.

The operators' No. 2 E. S. Maury, also Koehler survey, was drilled to 3,450 feet in the lime and is being closely watched. Well for which rig is up is No. 1 T. J. Hawley, 460 feet from the north and 1,934 feet from the east line of the J. T. Thomas survey. As pointed out, this location is about 1,000 feet south of the other producers.

Horwitz and Odum have had to truck production from the wells, there being no pipeline connection as yet.

Also in the same county but in the northeast portion, testing was under way on the T. G. Shaw No. 1 Stroud, northwest one-fourth of the G. Newton survey. The well swabbed and flowed 180 barrels of oil in 36 hours, after casing plug was drilled from pay at 2,594-2,602, total depth. Tubing has been run.

Reports from other wells in the section, by counties:

Father of A. D. Starling Dies at Denton Sunday

Mr. and Mrs. A. D. Starling left Sunday for Denton to attend the funeral services Tuesday for Mr. Starling's father, W. A. Starling, 80, pioneer resident of Tarrant county, who died at Denton Sunday.

Services were held at 2 o'clock Tuesday afternoon. Burial was at Grapevine.

Mr. Starling moved to Tarrant county from Alabama 50 years ago and farmed at Grapevine until 15 years ago, when he moved to Denton. His widow and three sons survive. The sons are A. D. of Cisco, Foy of Dallas, and S. M. Starling of Minneapolis.

Clean-up 'n the Building Industry

HOME owners should regard with glee the current investigation by the United States Justice department on the high cost of building. Whoever may be responsible for high prices - contractors, unions or both - the entire matter should be laid open to public inspection.

unionists are directly responsible for high building costs. Certainly no one believes that the majority of contractors or the bulk of A. F. of L. unionists is anxious to impede building progress through obstructive tactics.

It has been charged that collusive bidding among building contractors is one factor responsible for high costs. This is a system whereby builders get together and agree in advance on what bids are to be made on a project.

Murphy's chief complaint, against the A. F. of L. is the series of jurisdictional strikes that have disrupted home building efforts from time to time.

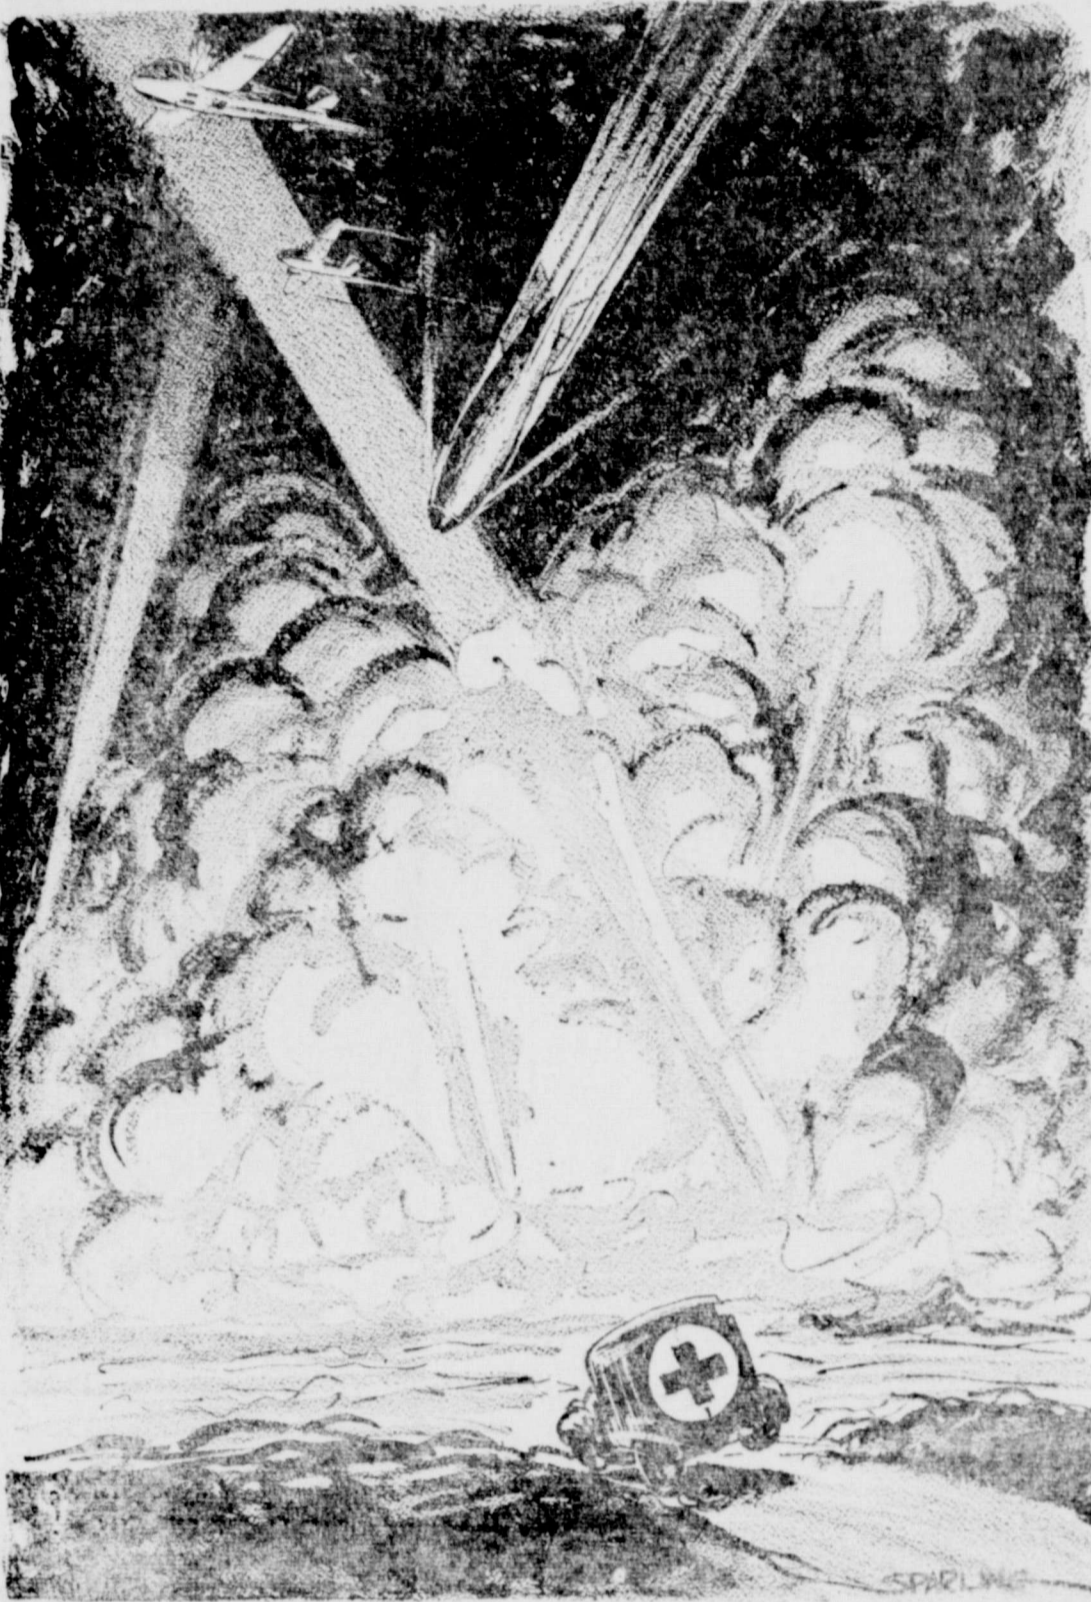

A great deal may come of this nationwide investigation in the way of general reform in the building industry. Unionists and contractors alike may be indicted on a wide-spread scale to answer questions the public has been asking for years.

But if nothing more is gained than complete dissection of this problem, the purpose of the inquiry will not have been altogether lost. Home-owners will know, at least, where the blame may be justly placed.

MEANWHILE, another element, disturbing to anyone contemplating construction of a home, has entered the picture. Plans are afoot for development of C. I. O. building unions to compete with A. L. of L. organizations in the construction industry.

The only way anyone can judge to what extent home-builders would be affected with both the C. I. O. and the A. F. of L. vying for contracts is to reflect on what has happened in other industries where there have been similar disputes.

Working Grand Courts

Eastland county court, the 88th grand jury, returned its report to the court on Monday, Nov. 2, 1939. The jury was organized on Oct. 23, 1939, and has since that time been engaged in its duties. It has returned 19 true bills and 19 false bills. The grand jury is composed of 24 members, and is headed by the grand juror, J. W. Johnson.

It is their duty to report violations of the law to the respective officers, and emphasis was laid on highway law violations. Following is the report: To the Hon. B. W. Patterson, Judge of the 88th District Court: We, the grand jury of the 88th district court for the September term, herewith submit our final report. We have been in session 13 days, have examined 174 witnesses and returned 19 true bills. A thorough investigation has been made of all matters brought to our attention. We are glad to report that generally speaking, there seem to be fewer offenses committed in the county than formerly, and we are especially glad to report that there is a smaller percentage of cases of driving while under the influence of intoxicating liquor; however,

we request all law enforcing officers of the county to continue their concerted drive on violators of the statute that makes it an offense to drive an automobile upon any public road or highway in the state while intoxicated, or in any degree under the influence of intoxicating liquor. Such continued and commendable efforts on the part of all law enforcing officers will no doubt have the effect of still further decreasing the percentage of drunk driving cases. And in this connection we desire to call the attention of the public to the fact that they, as citizens, should be diligent in reporting all violations to their respective officers, and particularly violations of highway laws, in order that officers might make prompt investigations for the grand jury.

Romney Resident Here Since 1885

Mrs. Sarah Frances White, 82, who is living in the house in which she first settled near Romney 54 years ago.

In Same House for 54 Years, Eastland County Pioneer Saw Country Change

By R. W. H. KENNON
Settling with her husband in the Romney community in 1885 Mrs. Sarah Frances White has lived on the same farm and in the same house for 54 years. Visiting Mrs. White recently I found her an interesting talker. She is possessed of a rich fund of information pertaining to the early history of Eastland county, and the formative period of Texas, as her grandfather was a soldier in the war for Texas' independence, and was killed at the battle of Goliad. "Members of my family have fought in every war in which the United States has participated, with the possible exception of the revolutionary war, concerning which I have no information," she said. "My grandfather was with Houston in the war in which Texas gained her independence from Mexico. He was killed in the battle of Goliad. My father was in the civil war. I had two sons in the World war—both are veterans of that conflict—Frank with the engineering corps, and Mack as a member of Sixth marines. My

husband was too young for service in the Civil war, and my husband and sons were exempt during the Spanish-American war." Born in 1857. Mrs. White was born Nov. 21, 1857, in Caldwell county, Texas, and will celebrate her 82nd birthday anniversary if she lives until the 21st day of next month. The nuptials of Willis Adolphus White and Sarah Frances McCoy were solemnized at Wadley, Texas, July 2, 1879, and six years later they moved from east Texas to the present homestead. Ten children were born to this couple, and there are six now living: Mrs. Eugenia Ford, Miss Pearl White, and Frank White, Romney; Sid White, Cisco; Mack White, Okra; and Willie White, Berger. There are eight grandchildren.

"There were no Indians in this section when we came here, but I saw plenty of graves en route whose inscriptions read: 'Killed by Indians'." "I have lived to see the homing pigeons, that annually visited Texas in such huge flocks that obscured the sun, disappear. I can remember these birds, as they sought roosting places in the trees of east Texas. They would be so thick and the limbs of the trees would drop to the ground. Mr. White would go out and kill them by the hundreds. But they seem to have disappeared from the earth. "I have lived to see the deer and wild turkey exterminated. I can remember when the Civil war closed, and my father returned home, his cattle scattered over the country. Deer and wild turkey constituted our only meat supply. My mother would cure venison and turkey meat to last as long as possible, but the store of meat was easily replenished. There was an abundance in the timber. We subsisted on

WE BELIEVE IN THE FARMER. WE BELIEVE THAT THE FUTURE OF THIS COMMUNITY LIES IN THE LAND

WE BELIEVE that the state of the prosperity of our community and country is in direct ratio to the thickness of the farmer's purse . . . that the purchasing power of the people of this community rests, in the largest measure, on farm income.

supply, both for food and clothing and for chemical conversion into products of various kinds, offer our section opportunities of a consequence before undreamed of.

WE BELIEVE that as farming is our section's largest single industry, so should the welfare of our farmers be the largest single concern of our community.

WE BELIEVE that our farmers are our largest single market. As the standard of living of our farmers is raised so is the magnitude of the market they offer. Therefore, we believe it to be our sensible duty to improve the agricultural status of the section about us, so that the farmer may live better and provide better support for our community.

WE BELIEVE that no community economic policy can succeed as a permanent community support unless it is based upon the welfare and the prosperity of our farmers. In spite of industrial development, in spite of oil booms and income from other non-agricultural sources, the gross agricultural revenues of this section represent by far the greatest part of our spendable income. Agriculture is and will continue to be our greatest economic resource. No other industry even approaches it.

WE BELIEVE that the farmer's interest is the interest of every business man and every other citizen in Cisco, regardless of whether or not that business man or citizen receives a direct benefit from relationship with the farmer. We firmly believe that Cisco can never be assured of prosperity until the farmer is first considered.

WE BELIEVE that the possibilities for agricultural development in this section have only been touched, and that common sense and practical enterprise can build in this section an agricultural economy second to none, affording prosperity to all our people; that the new needs and processes which agriculture is being called upon to

WE ALSO BELIEVE that the farmer is becoming more and more important to the industrial life of America as the producer of the raw materials used in industry and that the demands which industry will increasingly make upon the farmer will bring about higher standards and values in agricultural enterprise, so that the general level of agricultural economy will progressively rise. We are convinced that our section offers many opportunities to profit from this trend and that these opportunities should be developed.

WE FIRMLY BELIEVE IN THE AGRICULTURAL FUTURE OF THE CISCO COUNTRY AS THE CHEIF OPPORTUNITY FOR A PROSPEROUS LOCAL ECONOMY

East Ward PTA To Meet Tonight

At the regular meeting of the East Ward P.T.A. at 7:30 at the east ward building tonight, the results of last week's pie sale and "forty-two" party, held on Wednesday evening, will be reviewed. The program netted \$1630, to be used for the purchase of playground equipment to help equip newly organized rhythm band of the school.

Mrs. Besty, a member of the school faculty served as auctioneer at the well-attended pie supper that preceded the game of forty-two. After the sale, the pies were served to about 50.

Five tables of forty-two were played. Fred Steffey and Lee Cook tying for high score. Mr. Steffey won the prize, a pie, on a draw. The Halloween theme was carried out in decorations.

Parents of children in the school were urged to attend the meeting. Time for the meetings of the association was changed to night in the prospect that more fathers would attend.

AIRPLANES were first used in war by the Italians in the Tripoli campaign in 1911.

Delphian Club Meets in Regular Session Wednesday

The Alpha Delphian Study club met at the clubhouse Wednesday morning in regular session with Mrs. A. J. Olson presiding. Mrs. R. S. Cope was hostess for the morning.

Mrs. E. M. Shurtless was welcomed by the club as a new member, and Mrs. L. Wilson was a visitor.

During the business session, Mrs. W. G. Powell was appointed vice president to fill the vacancy incurred by the departure of Mrs. W. C. Deaign, who recently moved to Fort Worth to make her home.

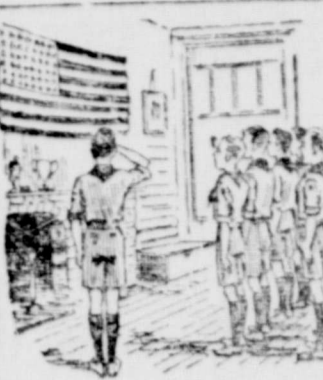

Mrs. L. A. Harrison was leader of a very interesting program based on the subject, "The History of Art." Mrs. Powell discussed "Early Italian Painters," and Mrs. Van Gardenhuis talked on the subject, "The Realistic School." Mrs. Cope then gave the critic's report and Mrs. S. E. Hiltson the parliamentary report.

Members responding to roll call were: Mmes. Joe Clements, R. S. Cope, Van Gardenhuis, L. A. Harrison, W. D. Hazel, S. E. Hiltson, E. Hooks, Neil Lamm, E. E. Lennon, A. J. Olson, W. G. Powell, Asa Skiles, E. M. Shurtless, E. Lankford and the visitor, Mrs. L. Wilson.

Cisco Women On Moran Program

Mmes. Ben Krasnoff and Troy Powell were presented on program at the meeting of the Moran Delphian club Tuesday afternoon. The program included selections on the piano and violin.

Courts of Honor

The best record of advancement in the history of the council has been made this year. Courts of honor have been held for each troop in the council every two months. This month courts of Stephens county district held their court in Breckenridge October 9. Eastland county district meet was held in Eastland October 10. Dublin was host to scouts from Comanche and Erath counties for their court of honor, October 26. The court for Mills, Lampasas and San Saba counties will be held in Mullin at the high school gymnasium, Thursday, November 2, at 7:30 p. m. The date for the Brown county district court of honor will be announced soon.

Training Courses

At this time two training courses for scouts are being conducted with one meeting each month. Scouts of the central section met for a pow-wow and training course, October 16, at Lake Phillips, Rising Star. The North section meeting for training for all scouts of that part of the council was held at the Scout cabin in Eastland, October 24. These were both overnight meetings.

MAKES LIVESTOCK PROGRAM PAY

W. E. Cooper, at whose farm in the George Hill community, 15 miles south of Cisco, the field day of the Farm Security administration in Eastland county was held yesterday, operates a farm of 363 acres, which he owns, plus 60 acres of rented land. One hundred and 40 of his own acres are in cultivation. He has lived for 15 years on the place, and is a native of this county, where he was born 44 years ago.

Mr. Cooper has a livestock program which, with exception of his sheep is doing well. He raises dairy cattle and hogs, and plans to buy some goats next year. A pasture of 130 acres of shinnery is available. Stomach worms have caused losses among his sheep. Starting with a flock of 100 two years ago, he has only 60 now.

"The rest of the farm is paying its way," he said. "I believe the sheep will pay, too. We are putting in this trench silo to furnish green feed for the sheep during the winter months. We have had a lot of trouble without feeding."
