### Committees To Confer on Plans This Afternoon

Plans were well under way today for the Armistice day parade here Saturday, November 11, sponsored by the junior chamber of commerce. The parade, starting at 1 o'clock, will precede the annual Cisco-Ranger football game, and units from Ranger will participate.

Ed Brown, president of the Jaycees, said, "Charlie Moad is chairman of the parade committee. Brown, C. M. Nevill and Bill McKay were to go to Ranger this afternoon to confer with Ranger officials on Ranger participation. The Ranger high school band, possibly the Ranger national guard unit, and various other organizations and business houses in Ranger will take part.

The patriotic motif will predominate in the parade. Both the Legion post and the VFW post here will be invited to participate. All business houses will be contacted by a committee, it was announced, but those who expect to enter a float were asked to notify Mr. Moad at once so that the committee can have a fair idea of what to expect.

A section for mounted horses will be organized and all who ride were asked to call or see Mr. Moad at the El-Moad courts.

Cisco stores will be open during the day, the merchants having decided to observe Monday instead of Saturday, but Ranger will be closed on Saturday, it was announced.

### BIBLE THOUGHT FOR TODAY

Humble yourselves in the sight of the Lord and He shall lift you up. Follow peace with all men, and holiness, without which no man shall see the Lord.—James iv. 10; Heb. xii. 14.

Deep into deep may call, but I  
With peaceful heart, will say,  
Thy loving kindness with a charge  
No wave can take away,  
And let the storm that speeds me home,  
Deal with me as it may.

### Two Senators Roll Back the Years

SELDOM does the United States senate provide more moving and impressive drama than that which was on display when Senator Norris and La Follette debated the merits of the La Follette war referendum proposal.

To listen to it was to go back to the spring of 1917, when a handful of senators fought bitterly to avert a declaration of war with Germany.

One of that handful was Senator Robert M. La Follette of Wisconsin—father of the senator who was now trying to write into the neutrality act a provision for a nation-wide "advisory election" to precede any vote on a foreign war.

Another was Senator George W. Norris of Nebraska—the same Norris who, having stood shoulder to shoulder with the elder La Follette in 1917 and endured the obloquy

that was visited on the "little group of willful men," was now opposing the younger La Follette's motion.

THERE was Senator La Follette—who remembered the trying days of 1917 when his father fought unsuccessfully against war, and who now was arguing that if the people could vote first there would be much less likelihood that the congress would declare an overseas war. Recalling that never in American history has congress refused to declare war when a president asked it to, he cried:

"Congress has only the power to write 'approval' across a foreign policy of a chief executive when that policy has finally culminated in a demand by the executive that congress vote a declaration of war. Then, Mr. President, I find from my brief experience that it writes it with cheers, mixed with epithets and howls of derision against those few men who may oppose the resolution declaring a state of war."

A La Follette would know about those "epithets and howls of derision." . . . But so would a Norris. And a few moments later Norris rose—to recall that in the spring of 1917 it was pressure from the voters themselves which put the declaration of war through congress.

"WHEN the blood of my countrymen and the lives of men and women are at stake and in my hands," Norris said, "even if every man, woman, and child rose up en masse and said, 'We want you to vote for a declaration of war,' if I believed in my heart that a declaration of war would be wrong, I would vote against it. I did that once, and I am ready to do it again."

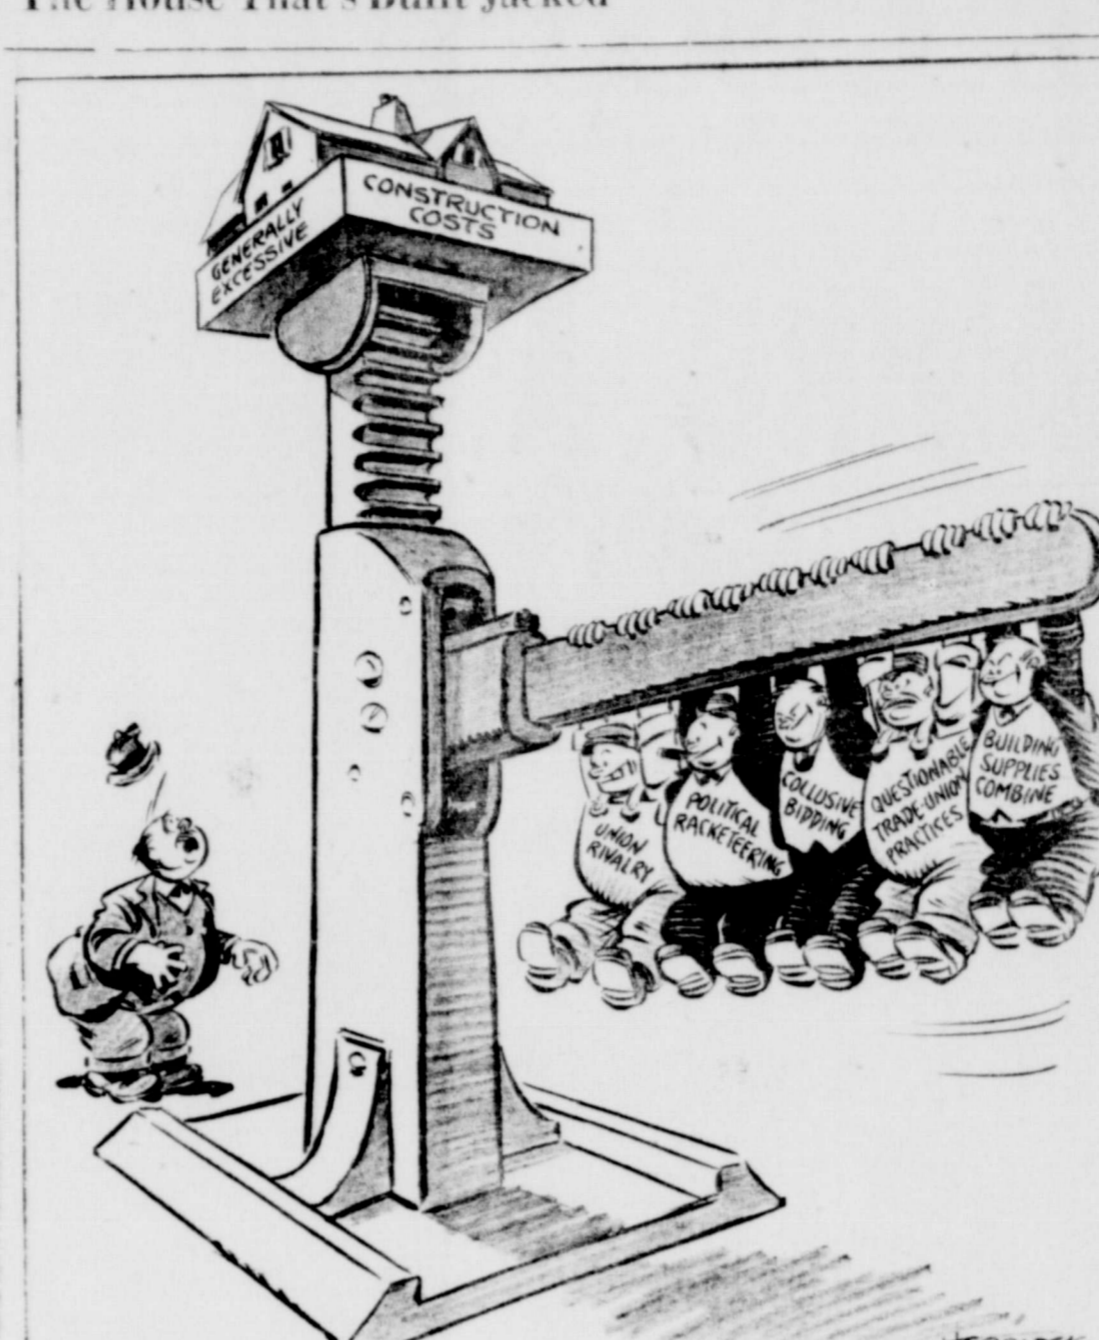

In the end, of course, the La Follette resolution was voted down. But its consideration had given the senate a moment of most intense drama: two men, harking back in their memory to the things that had to be endured by those who voted against war 22 years ago, applying themselves to a measure designed to meet just such a situation as arose in April of 1917—and, in the end, coming out on opposite sides.

Soviet troops marching into Estonia to man bases granted under the mutual assistance treaty are carrying books, films, linotype machines and guns—all the accoutrements of modern civilization.

Apparitions are explained by a scientist as "uncanny prolongations of some human faculties." This does not apply to purple snakes on the ceiling.

There was some confusion as to whether there would be a wedding or just a luncheon when Elinor Troy met Tommy Manville in New York. Friends were uncertain whether to call a minister or a headwaiter.

### Midgets Defeat Eastland Junior High 26 to 0

By BILL MCKAY

Arlin Birt's Cisco Midgets maintained their unbeaten, untied record last night by trouncing W. J. Starr's Eastland "Shorthorns," 26-0, on the local Lions club soft ball field.

Highlighted by brilliant field generalship by Paul Moseley, Midgets quarterback, and long-gain jaunts by Jack Page, the locals outplayed the visitors throughout game, most of the action being deep in Eastland's territory. The game was only about two minutes old, when Paul Moseley covered an Eastland fumble on the 15-yard line, placing the Midgets in a position for Jack Page, in a smashing "Big John Kimbrough style," to carry the ball on an end-around play, shaking off several tacklers, to ring up the first tally for the locals. The second and third scores followed in rapid order, with Page carrying the ball into pay territory each time. The final tally came in the closing minutes of the game.

The line-ups: Cisco Midgets: Long, lc; McFadden, lt; Britain, lg; Bell, c; Decker, rg; Barton, rt; Page, re; Johnson, lb; Coats, rh; Mosley, qb; Simpson, fb.

Big Increase in Citrus Production in Texas Valley

By BILL MCKAY

AUSTIN, Nov. 3 (Sp.)—A phenomenal increase in production of grapefruit and orange groves in the lower Rio Grande valley has been established in the past ten years, and annual gains will continue for "several more years," University of Texas business statisticians said here today.

Assistants Carroll Brown and Clara H. Lewis, in the university bureau of business research have surveyed the citrus industry to unearth some startling facts. Among them are:

(1) Grapefruit shipments from Cameron, Hidalgo and Willacy counties have increased 7912 per cent in the last ten years; orange shipments 3,448.5 per cent.

(2) Only ten per cent of Texas' 5,228,000 grapefruit and some two million orange trees are in full production.

(They point out that production and marketing, however, are considerably below what they should be because of excessive freight rates out of the valley.)

(3) Texas now ranks second in the United States and third in production of oranges.

(4) World markets outside this country are still supplied largely by Spain, Italy and, in recent years, by Palestine and Brazil, despite the facts that the United States produces half the annual harvest.

(5) Canning of surplus production has afforded an outlet for large quantities of fruit which could not be shipped profitably in fresh form, 43 per cent of the total 1937-38 Florida and Texas crops having been canned.

**JOAN OF ARKANSAS**  
BY JERRY BRONDFIELD

That's Keith. But maybe I shouldn't blame him at all. The way Slocum has been running us ragged this week that car comes in handy when it's time to go home.

They walked out into the bright sunlight. "Think I'll turn down your offer," he said. "The walk'll do me good. Anyhow, Slocum screams when he spots any of the boys getting chauffeur service. He claims the modern athlete is going soft because of the automobile and stuff."

"And you believe him, of course."

"Absolutely," he said solemnly. "Well, if you don't want to ride with me . . . I'm very good company, you know."

He grinned again. "Okay . . . let's get going before we start squaring off."

"Who's squaring off?" she flared, but he covered his ears and pretended not to listen.

Once in the car he relaxed deep in the leather seat and sighed. "Just think—three more days and life'll be worth living again. No more practice . . . no more charley-horses . . . no more Slocum bellowing in your ears."

"What about the Rose Bowl?" He was silent for a long moment. "We'll talk about that after Saturday's game—maybe."

"You think we'll win, don't you?"

CAST OF CHARACTERS

**KEITH RHODES**—Tech's star halfback, headed for All-America honors.  
**DAN WEBBER**—the blocking back who clears Keith's way; a steady, industrious student.

**YESTERDAY:** Rocco, one of the three strangers who are interested in Joan, trails her to the campus Varsity shop. He idles there, waiting for Joan and Marianne to leave. He meets Tommy Peters, who recalls seeing Rocco's picture, but Tommy can't remember the connection.

**CHAPTER XXI**

Rocco hailed a cab and went downtown. At 11:30 Sam and Big Ed drew up to the intersection of two back streets and picked him up.

"Well?" Ed said.

"Ed, I'm telling you I know so much about that dame I even know what she's gonna have for lunch tomorrow," Rocco grinned in the darkness.

"Yeah . . . sure," Big Ed told him. "You're simply amazin', but I'll pin the medals on you later. Give out with the dope."

Rocco spoke quickly. "Tomorrow she goes on some trip with her sociology class out to an orphanage . . . she uses this Rhodes kid's car . . . she gets back at 3 and takes the car to the stadium so she don't have to walk back from football practice . . . when she drives down to the stadium, that's when we work."

"Yeah, and what if she decides to keep the car all afternoon and take it back at 5, or maybe later."

"Nine chances outa ten she won't. I know, I'm tellin' you."

"How'd you pick all this stuff up since 4 o'clock?"

Rocco laughed mirthlessly. "Tell me, Ed . . . you know anyone as smart as your boy Rocco? I got methods."

Big Ed bit off the end of a cigar and lit it. "Sam, you get up early and give this bus a good going over, hey?"

Sam stared straight ahead. "She ain't never run better."

"Mebbe not, but you'll do what I say, hey, Sam?"

"Sure, Ed . . . Sure."

"I think so." She noticed his quiet confidence.

They skirted the university power plant and swung onto the long gravel road which led down to the stadium. At the same instant a heavy blue sedan moved out of the stadium parking lot and started slowly toward them.

Joan didn't notice the other car until she rounded a curve. The sedan came toward them slowly, smack in the middle of the narrow road.

"It's about time for that guy to move over," Dan muttered as they drew closer.

Forty yards away and the sedan showed no inclination of drawing over to its own side of the road. And then Joan noticed there were three men in the other car.

A sudden thought made her swing wide in an attempt to move around them, off the road, but around them, nevertheless.

But they swung wide with her and when she jammed on the brakes the cars were only three feet apart. She was completely blocked.

"Hey!" Dan shouted. "What's going . . ."

But even as the two cars screeched to a stop, Rocco was scrambling out of the sedan.

There was an automatic in his hand. Joan gasped and clutched Dan's arm.

## Eagles Grab Headlines from Kats as Siscoemen Weather First Great Aerial Bombardment of LSC Wars

Here are five reasons Coach Jack Sisco's North Texas Teachers college Eagles swalloped the Sam Houston Bearkats, the nation's number one headline grabber last week because of their 9-4 win over Rice, by a count of 24-13 Friday night in Denton. Little Johnny Riola, at the lower left, who had passed the Eagles to their only two previous wins this season, Friday night tossed the Dentonites to a brilliant Lone Star conference victory, which shot the North Texans into first place in the conference standing. I. T. James, the local leading scorer prior to the Bearkat game, added to his tally total Friday by booting a 19-yard field goal, his second this season, and converted on his only two extra point attempts. The blocking of big Walter Parter, 200-pound halfback, was a major factor in the eagles' running attack netting 113 yards, to 48 for the visitors. Turning in one of their best defensive games of the year, Cecil Vineyard at left guard and Cecil Phillips at left tackle completely throttled the Bearkat running attack. Victorious survivors from the Lone Star conference's first major aerial offensive, this quarter helped their teammates demonstrate that Jack Sisco's NTSTC Eagles, not only possess adequate anti-aircraft guns, but have some heavy bombers of their own. The Eagles home-guard anti-aircraft units brilliantly weathered Bearkat bombardments, and in the pinches, Sisco's men tossed a more deadly dynamite of their own. The Dentonites thus went into the Lone Star conference lead with two conference wins to their credit. Although Bob Berry's Lions from Commerce, undefeated in loop warfare, have put one circuit victory to their credit, the Lions' boom as the Eagles' most dangerous foe, and the Nov. 18 homecoming battle in Denton will probably be the outstanding grid battle of the entire L. S. C. season.

### Righteousness in the Kingdom

Text: Matthew 5:17-26, 28-45, 6:1-4

BY WILLIAM E. GILROY, D. D.  
Editor of Advance

THIS lesson on righteousness in the Kingdom is indicated as a lesson for Armistice. With the world again in a major war, with the threat of the conflict spreading the lesson has an immediate significance that may not have been fully anticipated when these lessons were selected. Insofar as the war being waged in Europe is a war between autocracy and democracy, between the power of might and the power of right, it is a part of a larger war in which we must all engage, although it is not a war that can be fought with material weapons.

Paul wrote long ago to the Christians at Ephesus: "We wrestle not against flesh and blood, but against principalities, and against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." This warfare is a warfare of love against hate, of right against wrong, of peace against war and violence. Here in our lesson, those who would engage in that warfare may find the words and the example of their great Commander.

Jesus made it plain that He had not come to destroy the law or the prophets, but to fulfill. His whole purpose was constructive, a purpose of salvation and redemption. We cannot insist too strongly upon this essential nature of the teaching of Jesus and His purpose in bringing the Gospel to man.

THE gospel of salvation and fullness of life is distinctly at variance with war and destruction and that perversion of human mind and energy, in which the powers of men and their ingenuity and strategy in

for production and any industry founded on war is very, very uncertain. Now is a good time for the trade treaty program of Sec'y Hull to be pushed aggressively, with the establishment of reciprocal relationships which will overcome in a large measure the damning effects of high tariffs which grew in bad popularity during the 1920's.

This country's industry may turn its attention southward and elsewhere with a program for cultivating higher standards of living on a basis of true reciprocity and thereby build a basis for prosperity which will endure.

CENTRAL Texas has many Czech and German settlements.
