and the Cisco county and this week with regret the decision of H. Garner to liquidate his store and retire to his home after a half century of association with the business life of Cisco. The Garner store has been a part of Cisco and the economic building of this community in the past quarter of a century. Nothing more positively the change that has occurred in the life of this community than this decision to close the store.

It is very pleasant to see hardships take on a necessary place in the life of a community. The passing of Garner represents to Cisco a link with the past. One of the last number of respectabilities which were a thing of 10 years ago. A thing as arouses a feeling of homesickness, at the same time it is a thing as must be accepted as a constant condition of institutions to which these institutions are directed by those of them and re- sults for them.

The decision is forced upon him by fundamental changes which have long been working a profound revolutionary way of life here. He is a realist, as good business are, and he has reached the conclusion that the Cisco decade ago in limited opportunity. Some other of service is now needed.

### Young Cisco Farmers Who Are Doing Good Jobs

Above, Gail Jones, son of Dr. and Mrs. C. C. Jones, member of the Future Farmer Chapter of Cisco high school, has had good success with his livestock programs. Here he is shown with a lamb, one of his flock of 15 sheep which represent part of his current FFA project. Below is J. H. Penn, young Cisco country farmer, who is one of the progressive young farmers of the Cisco country. He is shown standing on top of a newly constructed terrace on his farm on Base Line road south of Cisco. Penn is terracing 25 acres now, and will carry out a terracing program over his entire farm of more than 300 acres. Standing behind the terrace, to give an idea of the height is Bob Taylor, secretary of the chamber of commerce. T. G. Caudle, Cisco vocational agriculture director, is supervising this work.

### Special Operator for Calls About Chapman

#### It Was Raining At The Time

Editor's Note: It drizzled today. It was still drizzling when this was being written. The editor, nor any of his staff, does not know whether it will continue or stop; when it will stop if it does stop; whether it will rain big drops or little ones; whether it will put any water in the stock tanks; whether it will soak the soil to bring up the wheat; or anything else about the future of this rain, and none of us will venture any predictions. All we can say is that it is raining.

### Judge Russell May Oppose C. L. Garrett

SWEETWATER, Nov. 9 (Sp)—Judge Sam M. Russell of Stephenville was in Sweetwater last week-end officially informing his friends and the voters in this part of the 17th congressional district that he will be a candidate for congress next year. The office is now filled by Congressman Clyde Garrett of Eastland.

Judge Russell is now serving his third term as district judge and has also served Erath county as county and district attorney.

Mrs. J. W. Robertson, R. F. Blackburn and Miss Madeline Blackburn left today for Dallas where Madeline will undergo major surgery at Baylor hospital.

As Coach Chapman, of the Lubbock Westerners, formerly of Cisco lay critically ill in a Lubbock hospital this week, so many calls came to the hospital to inquire about his condition that a special operator was put on duty to handle them, said Edward Lee, who returned yesterday after a hurried trip Sunday. It was estimated that 60 calls were placed one evening. Chapman's condition was reported today as more hopeful. He became critically ill Saturday.

Evidence of the high esteem in which Lubbock hold "Chap," is the following, taken from the sports page column of Collier Parris, Lubbock Avalanche-Journal sports editor:

"If you are looking for a sprightly, fun-poking column today, you had best turn over to the editorial page and study Mr. Bruce Catton, or anyway Mr. Walter Winchell, two of our esteemed daily columnists. You will not find much fun in a locally-written column.

"The serious illness of Weldon Chapman has cast a pall over this office, and particularly over this department, like a pall we haven't experienced in some time.

"Early in the year, Dixie White, who is one of Chap's former Lubbock high school Westerner stars and one of the finest young men who ever donned a pair of hip pads or drove a truck, was in a critical condition, and for days, until he was completely out of danger, it was some task to get out this column. Some years be-

### DEATH ALMOST CATCHES UP WITH HITLER

#### Bomb Blast in Putsch Cellar Kills Six Nazi Veterans

BERLIN, Nov. 9 (AP)—Adolf Hitler escaped possible death by a few minutes yesterday in an explosion which wrecked the famous Buegarbrau beer cellar in Munich after he had completed a fighting war speech.

The terrific blast brought down the ceiling of the spacious room, killing six and injuring more than 60, among them the old Nazi leaders who had come together to celebrate the famous 1923 putsch that failed.

Hitler himself, the cheers of his trusted comrades still ringing in his ears, was safe on an armored train speeding toward Berlin when the blast let go.

The men killed were veterans of Hitler's party who now are the aristocracy of the Nazi movement.

But it was stated by authorities that none of the leaders of nazidom was among the dead or wounded.

Propaganda Minister Goebbels, Deputy Party Leader Rudolph Hess, Minister of the Interior Wilhelm Frick, Julius Streicher, Robert Ley and Sister Pia—the only woman who was among Hitler's old battlers — had attended the party's anniversary celebration.

But as far as could be learned several hours after the blast, all either had left with Hitler or departed shortly after he had stepped into his car in Rosenheimer street at the conclusion of his address.

After the confusion subsided somewhat, authorities said there were clues that the blast had been arranged by "foreign agents."

Great excitement was said to exist in Munich, and extraordinary security measures were ordered throughout the Reich.

No reason for the possibility that foreign agents were responsible was given, but the government at once offered a 500,000 mark (about \$200,000) reward for the persons responsible—one of the largest rewards in European history.

The explosion apparently came from above the hall in which Hitler and other old guard Nazis planned the 1923 "beer cellar" putsch.

The Associated Press reached one of the hall administrators by telephone and was told a "terrific charge of some explosive had been set off either in an upper room or under the floor of the upper room."

Hitler had been out of the room for some minutes but old followers had lingered to discuss enthusiastically his address, in which he detested England and boasted that the German people was united as never before.

"Without any preliminary sound or other warning," the beer hall proprietor said, "there came a tremendous explosion, which caused the ceiling to fall and crash with a terrific roar."

"There were screams and the air was filled with dust and an acrid smell. Bodies lay under the debris and there was a great struggle as the injured tried to struggle free and the uninjured tried to find a way out."

A great force of police immediately closed in and the area was blocked to traffic.

For several hours Munich was shut off from telephone communication with the rest of the country.

Only when the situation was fairly well in hand were communications restored.

Then Munich, which since the war has had blackouts nightly, suddenly was brightly illuminated. The street lights were turned on, ap-

### Ranger Guard in Parade Line

The Ranger national guard unit will be represented in the Cisco Armistice day parade Saturday afternoon with a company of 40 men. Ed Brown, president of the Cisco junior chamber of commerce, was informed today. The Ranger high school band will also march in the parade, while Fire Chief Murphy of Ranger will ride with the color bearers to complete Ranger's participation in the program, Brown said.

The parade will start at 1 o'clock at 14th street and D avenue and all units and individuals participating were instructed to assemble in the block between 14th and 15th on D by 12:30 in order that the march will not be delayed.

The route will be north on D avenue.

It will require about an hour to complete the march and Charles Moad, parade chairman, is anxious that there will be no delay. The

#### HORSES WANTED

All who plan to ride horses in the Armistice day parade next Saturday were asked to notify Charles Moad at the El-Mead courts. But whether or not they notified him, they were asked to have their mounts at 14th street and D avenue at 12:30 p. m. Saturday ready to ride in the line of march in places to be assigned them.

Ranger and Cisco Armistice day football game begins at 2:30 at Chesley field.

Splendid response to the request that business men enter floats has been received, Moad said. The Cisco band and pep squad will participate and the Veterans of Foreign Wars and the American Legion will have representative entries. The patriotic theme will be emphasized since the parade is an Armistice day affair.

The committee assisting Mr. Moad in the program consists of Neil Lane, Edward Lee, Carlton Holder and C. M. Nevill.

### Brains Needed for Farming Says State Director

"Success in farming today requires just as keen mind and just as good education as does success in other lines of business," Robert A. Manire, state director of vocational agriculture, told the Cisco Rotary club today noon in an interesting address which was the feature of the program, "Mind you, I said successful farming," he emphasized.

The object of the program of vocational agriculture in the state, Mr. Manire said, is to equip the farm industry of the future with the training and the intelligence sufficient to enable it to cope with the complex civilization that has arisen and to perform its just duties in that civilization.

He was introduced by Roy B. Mefferd, supervisor of area four, with headquarters at Stephenville, who was presented by T. G. Caudle, Cisco director.

Mr. Manire praised the work that is being done by Mr. Caudle and his classes at Cisco high school.

Prior to Mr. Manire's address, D. A. Bantzen, manager of the West Texas chamber of commerce, spoke briefly on the freight rate equalization battle that the WTCC is waging successfully and discussed its value and savings to the southwest. Other visitors present were W. D. Grave, vocational agriculture director at Breckenridge; E. W. Berry and Walter Jarrett of Abilene.

### VFW Auxiliary to Sponsor Dance

The auxiliary of the VFW post in Cisco will sponsor a dance at the VFW hall in the Judia building Friday night, November 10, it was announced today. Music will be by Billy's Melody Five of Wichita Falls. The public was invited.

### LOBOS PLAY BULLDOGS HERE ON SATURDAY

#### Postpone Armistice Day Observance to Monday

The First National bank will be closed on Monday, conforming to the general attitude of the business district with respect to the Armistice holiday, President Alex Spears announced today.

The Cisco post office, however, will be closed on Saturday, Postmaster McCrea said. Armistice day, November 11, is a legal holiday. There will be no city or rural deliveries, no window service. There will be deliveries on special delivery mail, however, and distribution to the boxes in the lobby.

Most of the business in Cisco will remain open and will close on Monday. The Cisco Lobos and the Ranger Bulldogs will play their traditional Armistice day football game on Saturday, Ranger having declined to transfer the time to Monday. The Ranger business district will observe Saturday rather than Monday as a Holiday.

The Lobos and Bulldogs clash, usually one of the decisive games in this district, this year will determine who takes the cellar position in the Oil Belt. Breckenridge is already conceded the title. The Buckaroos meet the Lobos on Thanksgiving day.

### Amateur Night to Be Sponsored by East Ward P-TA

A city-wide amateur contest will be sponsored by the Parent-Teacher organization of the east ward school, it was announced today. The contest will be held in the auditorium of that school Friday evening, November 24. Amateur talent of all types will be accepted in the contest and any local resident may enter. Registration for contest entries should be made through Bruce Younger, principal of the east ward school. Registration may also be mailed to P. O. Box 646, City.

The P-T. A. will also sponsor a Doll Revue which will be made up of all types of dolls. Prizes will be awarded for the best entry in each of the different type classifications.

Arrangements have been made for a junior sewing club to be conducted at the east ward school under the supervision of the recreation staff. The sewing club is for the purpose of designing and making the costumes of the dolls to be entered in the revue which will take place on the afternoon of Wednesday, November 22, at the school building.

### Game Conservation Rules to Be Adopted

EASTLAND, Nov. 9 (Sp)—County Agent Elmo V. Cook will attend the meeting of the Sabanno Game Conservation association, which will meet in the Sabanno Presbyterian church next Monday night, he announced Wednesday. At this meeting it is expected to perfect rules for the coming hunting season.

ONLY 36 MORE SHOPPING DAYS UNTIL CHRISTMAS

### PRESIDENT TO LAUNCH RED CROSS DRIVE

President Roosevelt will launch the annual Red Cross Roll Call in a radio address on November 11 over the combined networks of the National Broadcasting Co. and the Columbia and Mutual Broadcasting systems. He will be introduced by Norman H. Davis, national chairman of the American Red Cross, it was announced by R. C. Kinnaird, chairman of the Eastland county chapter.

The chief executive will be the first speaker on a full-hour program bringing together some of the most popular stars of radio, screen and stage. The broadcast will start at 9:30 p. m., EST, and will switch from Washington to New York and Hollywood for participation by such popular favorites as Fred Allen, Ben Bernie, John Charles Thomas, Chilton Faidman, Paul Whiteman and his orchestra, Harry Von Zell, Don Wilson, Edgar Bergen and

### Guest Speakers Are Heard by Junior Boys

Two guest speakers were presented to members of the junior boys club at the regular meeting held in the First Methodist church Tuesday night.

Chief of Police, M. L. Perdue, first speaker of the evening, discussed the importance of the boys club program to its individual members, and indicated a thorough understanding in the field of boys, and their problems.

Miss Marguerite Bales, district field supervisor of recreation, brought greetings to the club from their former director, E. E. Black, who is now working in Vernon.

Miss Bales also mentioned the interesting work being accomplished in several organizations which she has visited recently and expressed her belief in the success of the local organization.

In order that information concerning the activities of the boys work in Cisco may be made more public a regular reporter was elected by the club.

All club members expressed their appreciation for the cooperation of local officials and newspapers in providing for them adequate facilities for the boys work program.

Plans for a camp fire ceremony and a steak-fry, to be held at Lake Cisco, Friday night of this week were announced at the meeting.

### Poppy Sale to Be Held Here Saturday

The American Legion auxiliary will sell poppies in Cisco Saturday from headquarters to be established in front of the Man's Store, it was announced today. Poppies for this sale are made by disabled veterans and proceeds of the sale are devoted to their needs.

## SERIAL STORY JOAN OF ARKANSAS BY JERRY BRONDFIELD

CAST OF CHARACTERS  
 JOAN JOHNSON—a mysterious co-ed, glamor girl of the Tech campus.  
 KEITH RHODES—Tech's star halfback, headed for All-America honors.  
 DAN WEBBER—the blocking back who clears Keith's way; a steady, industrious student.

YESTERDAY: Dan and Joan spent an anxious day in the kidnap hideout. There is little chance of escape. When Dan sees the headlines, he is amazed to learn of Joan's wealth. She tries to tell him that it makes no difference. She realizes she loves Dan Webber.

CHAPTER XXVI  
 "Dan," she whispered. "Dan... my father's money doesn't mean a thing to me any more." She touched his hand over so lightly, but he refused to take the hint.

"In fact," she added softly, "I wish he didn't have a dime right now."

He looked down at her. "That would leave you in pretty bad shape," he said, looking toward their captors.

She looked at Big Ed, hunched over his cards. Of all times and places at which to discover she was in love. The irony of it made her smile faintly.

"What's so amusing?" Dan asked.

She shook her head. "You might never know."

"They sat for a long time without saying a word. It must have been at least 15 minutes before Joan broke the silence.

"What're you thinking of?"

"Well, if I want to be about it, I'm thinking about the game tomorrow. If I tell the truth... I'm thinking of you."

Her heart took a flip-flop. Perhaps it wasn't so hopeless after all.

But he didn't volunteer anything further. He picked up the paper and turned to the sports section.

"Chuck Mitchell's taking my place," he announced.

"Will he do?"

"He's okay offensively, but Slocom doesn't need offense for Pitt. He needs defense... gobs of it. Mitchell can be sucked in too easily on fake spinners... and Pitt'll spin 'em dizzy."

She nodded vaguely as Rocco's words came back to her.

"Guys like Rhodes... dime a dozen... where would

the car. And he would have to remove his jacket first, before taking off his gun.

It was perfect. Big Ed never would figure there might be a gun under the coat.

Joan looked at her watch. It was noon. No telling how long Sam would be occupied.

She stood up. "It's a little chilly," she said, rubbing her arms. "How about some coffee?"

Big Ed looked at her. "Sure... could use a little swig myself."

She had her plan worked out now, but she wanted to prepare Dan. She picked up a magazine. "There's a good piece on football here," she called to him. "Want to read it?" She winked hard as she spoke and hoped he would interpret it as some sort of signal.

"Might as well," he replied, puzzled by her action.

"Here... I'll open it for you," she said steadily, walking toward the sofa. She started flipping pages, and bent down to spread it on his lap.

"Don't get excited," she whispered quickly. "I've got a plan... think it'll work..." She turned more pages noisily.

Big Ed looked at her once and went on with his game.

"I'm going to set this place on fire," Joan whispered as she

WE BELIEVE IN THE FARMER. WE BELIEVE THAT THE FUTURE OF THIS COMMUNITY LIES IN THE LAND

**WE BELIEVE** that the state of the prosperity of our community and country is in direct ratio to the thickness of the farmer's purse . . . that the purchasing power of the people of this community rests, in the largest measure, on farm income.

**WE BELIEVE** that as farming is our section's largest single industry, so should the welfare of our farmers be the largest single concern of our community.

**WE BELIEVE** that no community economic policy can succeed as a permanent community support unless it is based upon the welfare and the prosperity of our farmers. In spite of industrial development, in spite of oil booms and income from other non-agricultural sources, the gross agricultural revenues of this section represent by far the greatest part of our spendable income. Agriculture is and will continue to be our greatest economic resource. No other industry even approaches it.

**WE BELIEVE** that the possibilities for agricultural development in this section have only been touched, and that common sense and practical enterprise can build in this section an agricultural economy second to none, affording prosperity to all our people; that the new needs and processes which agriculture is being called upon to

supply, both for food and clothing and for chemical conversion into products of various kinds, offer our section opportunities of a consequence before undreamed of.

**WE BELIEVE** that our farmers are our largest single market. As the standard of living of our farmers is raised so is the magnitude of the market they offer. Therefore, we believe it to be our sensible duty to improve the agricultural status of the section about us, so that the farmer may live better and provide better support for our community.

**WE BELIEVE** that the farmer's interest is the interest of every business man and every other citizen in Cisco, regardless of whether or not that business man or citizen receives a direct benefit from relationship with the farmer. We firmly believe that Cisco can never be assured of prosperity until the farmer is first considered.

**WE ALSO BELIEVE** that the farmer is becoming more and more important to the industrial life of America as the producer of the raw materials used in industry and that the demands which industry will increasingly make upon the farmer will bring about higher standards and values in agricultural enterprise, so that the general level of agricultural economy will progressively rise. We are convinced that our section offers many opportunities to profit from this trend and that these opportunities should be developed.

**WE FIRMLY BELIEVE IN THE AGRICULTURAL FUTURE OF THE CISCO COUNTRY AS THE CHIEF OPPORTUNITY FOR A PROSPEROUS LOCAL ECONOMY**
