THE CISCO DAILY PRESS

Combined With Cisco Daily News and Cisco American and Round-Up November 1, 1937

In an area of benevolent climate, blessed with an abundance of the purest lake water, possessing the best in recreational facilities, situated on the Bankhead, all-weather route, with three railroads and many highways, Cisco is the best place in Texas to live and to work.

VOLUME XX.

CISCO, TEXAS, THURSDAY, FEBRUARY 29, 1940

NUMBER 176

VOTERS TO SETTLE BEER ISSUE SATURDAY

Through the Editor's Spectacles

By GEORGE

Governor O'Daniel told a Weatherford correspondent that the Irish in him made him hate to leave a fight in the middle of it. Well and good, but where is the fight? I know nothing of the good governor's private wars, but his battles on the public front have not been spectacles to inspire. On the contrary his campaigns have reminded more of the tactics of some elusive "jack-in-the-box" who when chunked at in one spot pops up in another. The superb aplomb which the good governor has displayed in these Fabian endeavors has, to my way of thinking, distinguished him more than any other virtue he may have possessed. He simply refuses to be embarrassed or dismayed, although it may be a training of his career in confronting the expressionless mike.

The governor undoubtedly has learned a great deal in the more than a year he has spent in the governor's office. But it that he still seems to be affected with the showman's complex. There is a prospect to which he is something to sell, and his approach and attitude are fundamentally the same as he used in selling flour. But there is a great difference. Once he sold flour and was at home. Now he has nothing to sell. He has nothing to sell because he knows nothing about the product he is expected to handle. Without a thing to sell, his personality simply flops and wobbles around an eccentric center. In the effort to maintain prestige he plattitudinizes occasionally; but mostly he withdraws from any responsible contact with affairs of state or policies of office. For instance, although Texas is the principal oil producing state of the Union, the Texas governor did not go to Washington with the governors of other oil producing states to battle against the Cole bill. It probably was a good thing for Texas that he stayed at home. In other instances he has shown a curious but ineffectual disposition to keep the public interested and respectful by keeping the public guessing. Some men and women have the knack of doing this by avoiding the usual in favor of the unusual. But whenever this governor ignores a \$25 Jackson day dinner to pop up at a 25-cent affair it appears somewhat silly.

It seems pretty clear that the governor is out of his element. He must be a miserable fellow in the governor's office. At least he is no much of a figurehead there to be a safe chief executive. If he is elected

Thousands Crowd California Camps

Thousands of Californians, driven from their homes by floodwaters, are crowding refugee camps. Damage is estimated at \$2,000,000. Shown above are Mrs. Martha Nory, Richard, her baby, and Doris, her daughter, at Sacramento camp.

Landowners Vote on Soil Districts

Landowners in 21 Texas areas, including the Eastland county district, will vote March 9 on the establishment of soil conservation districts, an Abilene Reporter-News correspondent reminds in an article this week. The question, the article says, "isn't quite clear to anyone."

Directors for Various Meet Events Named

Directors of the various events in the Eastland County Interscholastic league meet at Ranger March 28, 29 and 30, were announced this week as follows:

Debate, H. B. Harrison, Eastland.

Declamation, Mrs. Claudia Jarvis, Cooper school, Ranger.

Extemporaneous speech, Miss Billie Bishop, Cisco.

Music memory, Miss Theresa Fielder, Carbon.

One act play, Miss Ruth Black, Ranger.

Picture memory, Miss Irene Hughes, Rising Star.

Spelling, Guy T. Smith, Supt. Colony high school.

Ready writers, Virgil Perry, Gorman.

Three "R" contest, T. E. Robinson, Prin. Flatwood school.

Rural schools, T. C. Williams, county superintendent.

Athletics, C. O. Bragg, superintendent Olden schools.

Arithmetic, Harrell Kelly, Desdemona.

Typewriting, shorthand, Mrs. Minnie Hill, Cisco.

Choral singing, Elwood R. Priesing, Ranger.

Storytelling, Miss Inez Pickett, Morton Valley.

Rhythm band, Miss Mildred Dutton, Olden.

Director general, W. T. Walton, superintendent Ranger schools.

On charge made in the playground ball division is that four centers have been named and two teams from each center will be certified to the county meet. The centers and the teams to compete at each are as follows:

Cisco, with teams competing from Cisco grammar, Pioneer, Rising Star and Scranon.

Eastland, with teams from Eastland Junior high school, Morton Valley and Olden.

Gorman, with teams competing from Alameda, Carbon, Desdemona and Gorman.

Ranger, with teams entered from Colony, Cooper ward, Hodges Oak park and Young ward schools.

Directors at the centers are C. J. Turner of Cisco, Carl Johnson of Eastland, V. L. Rucker of Gorman and Herman Scruggs of Ranger.

While immediate accomplish-

REDS REPORT CAPTURE OF NEW POSITIONS

Town Four Miles From Viipuri Falls to Invaders

MOSCOW, Feb. 29 (AP)—Soviet Russia reported today the capture of Ylasomme, four miles south of Viipuri, objective of their terrific Karelia drive, and declared the Finns were still retreating.

The red army reported other advances all along the Karelian isthmus front in heavy fighting yesterday in which Finnish counter attacks were thrown back with "heavy losses."

RED PRESSURE CONTINUES

HELSINKI, Feb. 29 (AP)—The red army's relentless pressure against Finnish defenses along the shell-pocked Karelian isthmus continued today in the accompaniment of successful Russian attacks on the far northern front near Petsamo.

The Finnish high command communique made scant mention of the isthmus fighting, saying only that the "enemy suffered heavily" and that Finnish forces fought defensive actions with "lively" artillery action on both sides.

As soviet forces attacked across the ice of Viipuri bay, apparently planning to envelope the city of Viipuri, civilians were withdrawn from many villages along the bay's western shore since they had come within range of advancing Russian artillery.

The Russians seemed determined to thrust the spearhead of their attack westward along the Gulf of Finland coast at all costs.

Might Prove Costly

There were signs this might prove costly since the Finns have strong batteries along the coast, though the coastal fortifications farther south, centering around Koivisto, already have fallen into Russian hands.

In addition the Finns are standing firm at Taipale, the eastern end of the isthmus defense line, where repeated soviet assaults have failed to gain ground even since the war started on November 30.

Apparently the Russian high command feels confident the Finns are not strong enough to counter-attack, but they have been wrong on previous occasions—notably at Suomussalmi and northeast of Suomussalmi, where entire Russian divisions were cut off and destroyed.

Apparently something also has gone wrong with soviet calculations in the Kuhmo region, about mid-way on the long Russian-Finnish border.

The Finnish communique said that operations "surrounded enemy positions" and that several "strong points" had been captured.

In the far north Finnish troops were forced back eight miles as the Russians advanced to Nautsi on the Norwegian frontier, 75 miles below the Arctic coastline. Every building in Nautsi was reported aflame.

Prone Pressure Saves Hen's Life

McCAMEY, Feb. 29 (Sp)—A. M. Page, meterman for the West Texas Utilities company, made his nightly trip out to the barn to "dominicker" her drowned in the water trough. He fished her out—dead as a doornail—and took her in the house, where he applied the prone pressure method of resuscitation learned in a first aid course.

The hen revived. Page now declares she is laying more eggs than ever before.

Texas Quads Get Tagged for Life

Thirteen months old . . . and the Budget Quads of Galveston, Texas, are tagged for life! They were fingerprinted by Dr. Iva Cox Gardner of Baylor University. He is shown above recording Jereldine's prints. Looking on, left to right, are Jeanette, Jean and Joyce.

New Order For East Texas Field Appears Possibility

AMSTERDAM BATTERIES INTO ACTION

AMSTERDAM, Feb. 29 (AP)—Air defense batteries south of Amsterdam went into action at 12:25 a. m. today (5:25 p. m. EST), the roar of their explosions mingling with the sounds of heavy gunfire which had been drifting in from the North sea for more than an hour.

No immediate explanation of the anti-aircraft activity was given, and there was no information concerning the identity of the foreign planes at which their shells were apparently directed.

The roar of the gunfire in the North sea was heard at the Hague, and at Zandvoort, a resort town west of Amsterdam, flashes of light could be clearly seen illuminating the night sky in the southwest at 1 a. m.

Persons in Scheveningen, near the Hague, said flashes of light were seen, and that the firing appeared to be off the hook of Holland.

The action apparently was well outside of Netherland territorial waters.

Observers said the firing appeared to be too heavy to have been from trawlers.

Cisco and Eastland Teams Play Tonight

The Cisco recreation volleyball team will play the Eastland team tonight at 7:30 at the high school gymnasium.

The game was matched through the Eastland players and a rare opportunity for three fast games of competitive team play will be available for interested spectators.

The gym will be open to the public at 7 o'clock, and as an activity of the local recreation department, no charges will be made for admission.

BAKE SALE SATURDAY

Circle One of the First Methodist Women's Missionary society will hold a bake sale at Skiles Grocery company Saturday, beginning at 9 o'clock.

Jaycee President Is Speaker For Rotary Club

Ed Brown, manager of the Laguna hotel and president of the Cisco junior chamber of commerce, was presented by Program Chairman H. H. Monk at the Rotary luncheon today in an interesting discussion of the work and organization of the Jaycees. Brown discussed the purpose of the junior chamber of commerce program, which is national in scope, the projects undertaken, the state organization and the local Jaycees and their work.

He announced the Pure Food show which the Jaycees here are sponsoring in connection with the Stock Show of the senior chamber, and said that a group of Jaycees, with the German band of the high school Lobo band, were touring the Cisco country this afternoon to advertise both the Food show and the stock event. The two open tomorrow to continue through Saturday.

Sponsorship of the sale of new bunting decorations to Cisco business houses has enabled the saving of many dollars in annual decoration costs, Brown said. The business institutions now own these flags which are guaranteed for five years.

Rotary visitors were Jim Horton, Jack Frost and Jack Muirhead, Eastland Rotarians.

QUICK CENSUS FOR SCHOOLS IS PLANNED

Taking of the annual school census will begin tomorrow with an organization formed to complete the enumeration in one day, it was announced by Supt. R. N. Cluck.

The superintendent appealed for public cooperation and especially cooperation of the par-

(Continued on Page Five)

CAMPAIGN ON LEGALIZATION IS SPIRITED

Wets Argue Open Sale and Control; Drys Point Moral Phase

Eastland county voters will determine the question of whether or not the sale of beer will be legal in the county at a special election next Saturday. This frequently "unsettled" issue has been the subject of a spirited campaign, principally by the drys, who have carried their fight into every voting box in the county.

Those favoring the legalization of beer have based their appeal on the premise that prohibition will not solve the liquor issue, but that legalization of beer will enable the sale to be confined to reputable, law-abiding places and to be controlled, while to prohibit the sale will place the county at a disadvantage in competition with towns along the northern loop of the Bankhead, where beer is legal.

Those opposed to legalization have cited the evil effects of the liquor traffic and urged the voters not to sanction it by voting for beer.

Street parades, street talks over loud speaker systems and rallies at the various voting boxes of the county are taking place in the campaign. Speakers from Breckenridge and Abilene have been enlisted in the dry cause to address crowds at Cisco, Eastland and Ranger.

The polls will open at 8 o'clock Saturday morning and close at 7 Saturday afternoon. The voters last fall, in a comparatively small vote, voted against four per cent beer. Under state liquor laws the same issue cannot be presented to the voters within a year of one election, but a different issue of the three defined by the state law can be presented. The currently called election is on 14 per cent beer and wines. The drys argue that this will increase the alcoholic content allowed, but the wets point out that there is no 14 per cent beer, but that only standard beer is manufactured and will be sold.

The drys attack the law on the ground that it offers a patent subterfuge, but the wets assert that, subterfuge or no subterfuge, it is the law and it offers the opportunity of getting the issue before the public again at a time when a record payment of poll taxes will enable a fuller county expression on the issue.

Both sides appeal to the voters to exercise their duty as citizens and vote.

Texas Hearings Ordered by FCC

WASHINGTON, Feb. 29 (AP)—The federal communications commission Wednesday ordered public hearings in the cases of six Texas radio stations involved in license revocation proceedings.

The hearings will be conducted in Texas by Commissioner George Henry Payne as follows:

KTBC, Austin, at Austin March 5; KNET, Palestine, at Dallas, March 7; KRBA, Lufkin, at Dallas, March 11; KSAM, Huntsville, at Dallas, March 12; KAND, Corsicana, at Dallas, March 11; KGKB, Tyler, at Dallas, March 14.

The commission, in ordering the hearings, said it had denied motions in behalf of stations KTBC, KNET, KRBA, KSAM and KGKB for continuance.

Mrs. Beulah Surles of Abilene is expected to spend the week-end with relatives here.

COMMISSION WILL DETERMINE ON MOVE TODAY

AUSTIN, Feb. 28 (AP)—A possibility the railroad commission might write a new proration order for east Texas—reversing a majority decision to appeal from a federal court conclusion invalidating the present proration method—developed yesterday.

Chairman Lon A. Smith said the commission would meet today to discuss whether to proceed with the appeal or call a hearing prior to developing a new method of distributing allowable in the big field.

The attorney general's department revealed it had been instructed by Smith to withhold any action for a few days.

A three-judge federal court has announced the present order will be enjoined as to properties of Humble Oil and Refining company and Rowan & Nichols unless altered in such a manner as to give more oil to the two plaintiffs.

It gave the commission until Friday to reach a decision indicating an additional 30 days would be granted if the oil regulatory body wished to call a public hearing prior to formulating a new plan of distributing allowable.

Dockets Set In Court at Baird

BAIRD, Feb. 29.—Criminal and civil dockets for the 42nd district court term which opened here Monday have been set by Judge Milburn S. Long.

Case of West Texas Utilities Co., et al, vs. City of Baird, et al, bond litigation, is set for March 1.

Following cases will be called March 4: State vs. Archie Nobles, indicted on a charge of wife and child desertion; state vs. J. F. McGee; state vs. George E. Morris, billed on a charge of driving while intoxicated; state vs. C. M. Green; state vs. E. B. Brown, wife and child desertion; state vs. Edward J. McCormick, wife and child desertion. For March 6: A. D. Crews vs. T. and P. railway, personal damages in sum of \$8,000.

Don't Miss "H.M.S. Pinafore" At High School Auditorium Friday Night

News of Cisco Trade Territory Told by Correspondents

BEDFORD

Mrs. Forest Miller spent Thursday with her mother, Mrs. Bill Slatton, of Cisco.

Mrs. John Nicholas and children of Flatwood, Mr. and Mrs. Mac Reed and Mr. and Mrs. James Matthews were the Sunday visitors of Mr. and Mrs. T. Matthews.

Mr. John Carey and family spent Sunday with his parents, Mr. and Mrs. C. C. Carey, near Cisco.

Mrs. T. Matthews and Janie visited Mr. and Mrs. Robert Walker of Cisco Sunday night.

C. C. Fugate of Clyde was greeting old friends in this community Thursday.

Mr. and Mrs. Forrest Miller and children called in the home of Mr. and Mrs. Floyd White Thursday night.

Misses Della and Maudie Fay Matthews spent the week-end with home folk.

Leola Clarkson of Idaho and Leola Clarkson of Dublin were callers in the home of Mr. and Mrs. W. E. Higginbotham.

Ira Jane Matthews spent Saturday with her grandparents.

Mr. Forrest Miller and family spent Sunday with his mother, Mrs. R. H. Yeager, of Cottonwood.

Mr. and Mrs. James Matthews visited Mr. and Mrs. Herbert Lewis of Eastland Saturday.

Mrs. Cora Plumlee and boys were callers in the home of Mr. and Mrs. E. A. Ivey in the Reagan community Thursday night.

Mr. and Mrs. Hubert Kendrick called in the home of Mr. and Mrs. James Matthews Monday evening.

Mrs. A. V. Clark was a guest of Mrs. Forrest Miller Wednesday evening.

Visitors in the home of Mr. and Mrs. James Matthews Thursday were Mr. and Mrs. Dave Fambrough and boys of Ne-

essity, Mr. and Mrs. T. Matthews and Janie, Mrs. Dick O'Brien of Stamford and Mr. C. C. Fugate of Clyde.

Guests in the home of Mrs. Plumlee Sunday evening were Mr. and Mrs. Jessie Hudson and Mr. and Mrs. O. B. Shirley of Putnam and Mr. and Mrs. James Matthews and children.

Mr. and Mrs. W. E. Higginbotham spent Monday evening with James Matthews and family.

COOK

Sunday school was well attended Sunday.

Several from this community attended singing at Crocker Sunday afternoon.

Mr. and Mrs. Ed Townsend of Nimrod visited his parents, Mr. and Mrs. Bob Townsend Sunday.

Mr. and Mrs. Alvie Bible visited her parents, Mr. and Mrs. Dan Curtis Sunday.

Sorry to report Uncle Bob Townsend is sick at this writing.

Mrs. J. F. Reynolds and Mrs. Andrew Reynolds and little son spent Thursday with Mrs. C. L. Carmichael.

Mr. and Mrs. Jack Townsend spent Sunday afternoon with his parents, Mr. and Mrs. Bob Townsend.

We are glad to welcome into our community Mr. and Mrs. Cy Reed, who have just moved here.

Misses Murlie and Euna Mae Walker visited in the home of Mr. and Mrs. Jay Brooker Sunday afternoon.

Mr. and Mrs. Joe Weise visited her parents, Mr. and Mrs. A. S. Walker Walker, Sunday afternoon.

Miss Ruth Brooks was among those who attended singing at Crocker Sunday.

Mr. and Mrs. Smith Kent attended a birthday dinner in the home of his father. The dinner was in honor of Mr. Kent's 90th birth-

REICH

Mrs. C. H. Threet and little Joe Prince and Mrs. C. J. Stephens, all of Cisco, visited in the home of Mr. and Mrs. G. W. Horn and daughter Thursday evening.

R. V. Horn of Cisco visited his grandparents, Mr. and Mrs. G. W. Horn, Thursday evening.

Lucille Mary Price and Kenneth Boatman were dinner guests of Udell and Maxine Morris Sunday.

Charlie Joe Cooper was the dinner guest of Jimmie Callarman Sunday.

R. V. Horn of Cisco visited in the homes of his uncles and aunts, Mr. and Mrs. W. E. Morris, Mr. and Mrs. F. L. Rains, and his grandmother, Mrs. M. E. Rains, Saturday morning.

Clyde Cooper and brother visited in the G. W. Horn home Saturday morning.

Mr. and Mrs. G. W. Horn visited Mrs. C. H. Abbott in Cisco Saturday evening.

Mr. and Mrs. Clyde Cooper and girls and his brother visited in the home of Mr. and Mrs. B. C. McElreath Sunday evening.

Mrs. Clyde Cooper visited Mrs. G. W. Horn and daughter Thursday.

Mr. and Mrs. W. E. Morris and children visited her sister, Mrs. F. L. Rains, and family Sunday evening.

Mrs. W. M. Evans of Mineral Wells is visiting her father and brother and sister while her mother, Mrs. L. E. Fleming, is at Baird with Mrs. Evans' sister, Mrs. Wayne Price, who is ill.

Mrs. R. D. Vanderford is on the sick list at this writing. We hope she soon recovers.

Mrs. G. Polard and son, Jimmie, of Cisco and daughter, Mrs. day Mr. Kerit is an old settler of this country. There were a host of friends and relatives to wish him many more happy birthdays.

NIMROD

Mr. and Mrs. Ed Townsend visited his father, R. E. Townsend, who is seriously ill, Sunday.

Mr. and Mrs. McCorkle spent Sunday afternoon in the home of their son and family, Mr. and Mrs. Fred McCorkie of the Dan Horn community.

Mr. and Mrs. Westerman of Rising Star spent Sunday with Mr. and Mrs. Buck Sharp.

Mr. and Mrs. Buford Cozart spent Sunday afternoon in the Cook community.

Mr. and Mrs. Sweeney spent Sunday in the home of her mother and father, Mr. and Mrs. Luttrell, of the Dan Horn community.

Mr. and Mrs. Floyd Harrelson and family of Romney, Mr. and Mrs. Oliver Harrelson of Cisco, and Mr. and Mrs. Herman Harrelson and family of Nimrod all spent Sunday with their mother, Mrs. Harrelson.

Mrs. Lottie Brown is ill at this writing. We hope for her a speedy recovery.

Mr. and Mrs. P. D. Richardson and daughter, Eva, of George Hill, Mr. and Mrs. L. D. Stanaford, Jr., and little sons, Paton Dow and Ben Townley, and little son of Gorman visited Mr. and Mrs. R. D. Vanderford Sunday evening.

Mr. and Mrs. Hugh Ham of Cisco visited her sister, Mrs. Vanderford Sunday.

R. C. Hazlewood of Abilene visited his parents, Mr. and Mrs. R. N. Hazlewood, Tuesday.

Mrs. L. A. Coffee of Big Spring visited her parents, Mr. and Mrs. R. N. Hazlewood, Friday.

Mr. and Mrs. R. N. Hazlewood and son were dinner guests of their daughter, Mrs. Earl Dungan, at Baird, Sunday.

Juanita Rains visited her aunt, Mrs. W. E. Morris, Wednesday.

R. N. Hazlewood visited Charlie Rogers, Monday evening.

Jimmie Donald, of Nimrod, met in the home of Mr. and Mrs. A. N. McBeth Sunday to celebrate Mrs. McBeth's and Mrs. Stephenson's birthdays with a dinner.

Mrs. Moore and baby of Abilene, who have been visiting her brother, Mr. Sweeney, and his family, returned to their home Sunday.

Mr. and Mrs. Robertson had as their week-end guests Miley E. Williams and Miss Mona Robertson of Ranger and Leonard Robertson of Eastland.

Mr. and Mrs. A. N. McBeth spent Wednesday in the home of her parents, Mr. and Mrs. P. D. Richardson, of the George Hill community.

Miss May and Miss Helen Hagan of the Pleasant Hill community spent Sunday afternoon in the home of Mr. and Mrs. Robertson.

Brother Thompson of Ranger visited in the community Sunday afternoon.

The children and grandchildren of J. W. Allen met last Sunday in the home of Mr. and Mrs. Joe Allen, his eldest son, to celebrate his 79th birthday. Those present were Mr. and Mrs. D. L. Allen and family, Nimrod; Mrs. Mary Shook and family, Rising Star; Mr. and Mrs. U. C. Hamilton and family, Baird; Mr. and Mrs. Carl Baird and son, Amarillo; Mr. and Mrs. Roy Allen and family, Baird; Mr. and Mrs. Earl O'Brien, Eastland; Mr. and Mrs. Claude McBeth and son, Cisco; Mr. and Mrs. W. H. Brooks and family, Nimrod; Mrs. S. I. Hamilton and daughter, Baird; Mrs. Ross Marchman, Cisco, and Miss Mary Weaver, Ranger. There were 15 grandchildren and one great-grandchild present.

For relaxation, Andre Tardieu, former French premier, reads American detective stories.

President James Monroe was first buried in Marble cemetery, New York city, but was later interred in Hollywood cemetery, Richmond, Va.

Michigan, although an inland state, has the longest coastline of any state in the union, more than 3,000 miles. The Atlantic coast line is 1,773 nautical miles.

PISGAH

We wish to express our sympathy to C. U. Horn's family in losing a wife and mother, and to Mrs. D. D. Lewis in losing a sister. Mrs. Horn was well known in our community.

Mrs. Molley Johnson was carried to Graham sanitarium Sunday and was doing nicely Tuesday.

DAN HORN

Thirty-three attended Sunday school February 25.

A large number of friends and relatives went to Cisco Saturday to the funeral of Mrs. C. U. Horn.

J. C. Warren of May spent the week-end with his sister, Mrs. J. B. Jessup and Mr. Jessup.

Mrs. J. G. Stuteville and sons visited in the Clyde King home Sunday.

Mr. and Mrs. Dock Horn were guests of Mr. and Mrs. J. W. Speegle Saturday evening.

Misses Margaret Maxwell and Eva Ervin of Cisco spent the week-end with Miss Ervin's parents, Mr. and Mrs. W. H. Ervin.

Bethel has organized a singing class, of which Dock Horn is the president. Singing dates are the second and fourth Sundays. Forty-two were present Sunday afternoon, and there was lots of good singing. Come and help make it a success.

J. D. Speegle's health is still improving.

Mr. and Mrs. Paul McCullouch and son of Kermit spent the week-end with Mr. and Mrs. G. L. McCullouch.

Mr. and Mrs. Jim Beard have moved from Cisco to the George Waters place.

Mrs. G. L. McCullouch is visiting in Abilene.

Mrs. M. D. Speegle spent the week-end in Cisco with her sister, Mrs. Dock Beene, who is ill.

day morning when her father, L. Parks, went to see her. Her sister, Mrs. L. W. Westerman of Rising Star, visited her Monday night.

Mr. and Mrs. Lewis Horn of Scranton visited Mr. and Mrs. Rufus Ham Sunday.

O. M. Abbott, Jr., has accepted a position in Dallas, and will move his wife there in about two weeks.

L. A. Parks visited with Mr. and Mrs. Bob Snoddy Tuesday morning.

BETHEL

Sunday school and church were well attended Sunday. Rev. G. M. Meglanson filled his regular appointments.

There were 40 at singing Sunday afternoon. Several from our neighboring communities were present. Mr. Don Rupe of Cisco will bring the new books next second Sunday afternoon. Everybody come and get yours. Bring some one with you and help up make this a great singing class.

Mr. and Mrs. C. C. Cooper and children, Mrs. W. E. Morris and children, Miss Margaret Boatman and Mr. and Mrs. G. W. Horn and daughter, Addie Mae, attended the funeral of Mrs. C. U. Horn at Cisco Saturday. Mrs. Horn was well known in this community and loved by all who knew her. We extend to the bereaved ones our deepest sympathy.

Charlie Joe Cooper was the Sunday guest of James and Eldon Callarman.

Jerrell and Margret Boatman visited Mr. and Mrs. Floyd Genoway Thursday night.

Clara Faye McElreath visited Melba Thames Sunday afternoon.

Euna Faye and James Callarman visited Almus and Geneva Fannin Sunday.

Mrs. J. M. Boatman visited Mrs. F. O. Schaefer and Mrs. Joe Hale Wednesday.

Mrs. Opal Evans and children of Mineral Wells are visiting her

parents, Mr. and Mrs. Lester Fleming.

Mildred Cooper and Mary Price Boatman were the Sunday dinner guests of Maxine Morris.

Bobby Genoway and Udel Morris visited Kenneth Boatman Sunday afternoon.

Mr. and Mrs. Thames and son, Billie, visited Mr. and Mrs. B. C. McElreath Sunday afternoon.

Jeraldine Rains of Cisco spent Monday night with Ethel Fleming.

Mr. and Mrs. C. C. Cooper and daughter, Dorothy Lee, visited Mr. and Mrs. B. C. McElreath and daughter, Clara Faye, Sunday afternoon.

Roy Callarman left Monday for Abilene, where he is employed.

Addie Mae Horn and Margaret Boatman visited Melba Thames Sunday evening.

When Adolf Hitler was a boy he was "captain" of a wooden-sworded, paper-helmed army of youths which paraded the streets.

Senator Carter Glass of Virginia was once a printer's "devil." Domestic money orders in the United States first were issued on November 1, 1864.

In Virginia, state relief funds are granted to counties on a population basis but county officials must match every state dollar with 60 cents of county funds.

IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering. **DO THIS NOW**—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membranes—bringing blessed relief where you want it, when you want it. **DO THIS TONIGHT**—Rub throat, chest with VapoRub. Its long continued poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites healing sleep. **VICKS VAPORUB**

DESDEMONA

Mrs. Rufus Buckley and her brother, A. L. Brown, drove up to Ranger on business, Monday.

G. S. Bruce made his weekly trip to his farm near Gatesville, Monday. He was accompanied by Odwin White.

Mr. and Mrs. J. E. Heeter drove down to Fort Worth, Thursday on business and to visit her aunt and uncle, Mr. and Mrs. Zack Ratliff.

Mr. and Mrs. I. N. Williams drove down to Fort Worth on business, Wednesday.

Mrs. Hugh Abel, drove up to Ranger on business, Monday. She was accompanied by Mrs. W. H. Powers and son, Jack.

Mr. and Mrs. Raymond Anderson, of Stephenville, came over Sunday and visited his mother, Mrs. Sallie Huffman, and her mother, Mrs. J. R. Buchan.

Mr. and Mrs. Aaron Henslee and little daughter Sandra, of Fort Worth, were week-end guests of her parents, Mr and Mrs. W. H. Davis.

Mrs. Donald Howell and three daughters, of Gladewater, visited her mother, Mrs. J. E. Derrick, from Friday until Sunday.

The Donkey basket-ball game at the high school gym on Tuesday night of last week proved to be quite interesting. The donkeys all wore rubber shoes so as not to scar the floor of the gym. The game was scheduled to be played by members of the school board against members of the faculty but illness prevented several of both groups from playing. C. A. Skipping, supt. of our schools, stayed on one of the donkeys for some time but had to get off on account of coughing as he was just recovering from a severe cold. L. E. Clark and Bill Parks, members of the school board played to the end of the game. Ever so often the donkeys had been trained to pitch their riders off and they did it nicely. Besides the three mentioned a number of high school boys took part in the game. The receipts were divided equally between the school and the owner of the donkeys. The school's part of the proceeds amounted to \$30.00 which will be used to purchase new sweaters for basket ball girls.

Mr. and Mrs. Charles Lee visited Mr. and Mrs. O. G. Lawson at Cisco, Friday.

Miss Billie Jean Reid who is attending business college, at San Angelo, is spending this week here with her parents, Mr and Mrs. Ford Reid.

Rev. Roy Langston, of Cisco, was the speaker who came here Saturday in the interest of the "dry" forces of the county. His address which was given at 11 o'clock on the street in the main part of town, was full of reasons why the county should remain dry after the election, which will be held Saturday, March 2nd. Rev. Langston is presiding elder of the Methodist churches of Cisco district and is a forceful as well as very interesting speaker on any subject he presents to his audiences.

Mr. and Mrs. F. E. Walker and children, of Rising Star, visited her mother, Mrs. J. R. Buchan, Sunday.

John O'Rear and his two sisters, Miss Mollie O'Rear and Mrs. Annie Daniel, enjoyed a week-end visit from their nephew, Wallace O'Rear, his wife and their seven children, Sunday.

Mr. and Mrs. J. B. Bostick, of Lamesa, visited his sister, Mrs. Ed Parks, and family, on Friday and Saturday, and had a delightful stay with their relatives. It

Hubbell Pulls on Spikes

Pulling on his spikes for the first time this year, Carl Hubbell, above, New York, lefthander, began training with the Giants at Winter Haven, Florida. He won 11 games and lost 9 in 1939.

was Mr. Bostick's first visit here in six years.

At a meeting of the school board Saturday, C. A. Skipping was re-elected for another year as superintendent of the Desdemona school. It will be the 10th year Mr. Skipping has been connected with our schools, first as principal of our high school and for the past several years as superintendent. During those years he has proved his splendid ability not only as head of the school system but also as teacher of science. At the same meeting the school board elected Mrs. Skipping as teacher of the 6th grade in Grammar school to finish the term in the

place of Miss Hallie Peters who resigned two weeks ago to go to school at Denton to finish her course in home economics. Their many friends are delighted to know that Mr. and Mrs. Skipping will remain with us another year.

Mr. and Mrs. Lewis Browning and daughter, of Huckabee, visited his sister, Mrs. J. R. Buchan, Sunday. Others who visited Mrs. Buchan, Sunday, were two nephews from Denton, Chester Browning and Azle Browning, and Mr. and Mrs. F. E. Walker and children of Rising Star.

The Methodist Missionary Society met on Monday night at the

church and had the monthly program led by the chairman of the Spiritual Life group, Miss Mollie O'Rear. The opening song was "Saviour, More than Life to me." Roll-call responses were answers to Bible questions. The scripture lesson was the 46th Psalm and was read by Mrs. Charles Lee. A comment on "Holy Quietness" from the "Upper Room" was read by Mrs. G. S. Bruce. Miss Mollie O'Rear then gave an outline of a sermon by Rev. Harry L. Fosdick on "Be Still and Know" and Rev. W. E. Anderson talked on the influence of quietness in churches, both before and after the sermons. Closing prayer was by Miss Mollie O'Rear.

Miss Ruth Williams, daughter of Mr. and Mrs. Clayton Williams, has been seriously ill since Friday, suffering from a throat infection.

Mr. and Mrs. Hugh Poe drove over to Gorman on business Saturday. They were both ill several days last week suffering from food poisoning.

Mrs. Hulon Pullig, of Gorman, came over Thursday evening and brought home her sister, Mrs. W. H. Powers, who had almost recovered from her recent illness.

On Thursday night at the Masonic hall at Gorman, the Desdemona and Gorman lodges united in a program celebrating the birthday of George Washington. Not only the Masons and Eastern Stars were invited to come and bring their families but quite a number of others were invited. The program was unusually interesting and well rendered. Music was furnished by the Abernathy orchestra, two lady violinists of Gorman and a number of children of the Desdemona grammar school with Miss Della Wall as leader and Miss Edith Creighton as pianist. The children gave some very pretty songs in costume and then danced the "Virginia reel." The speaker for the occasion was Hon. Omar Burleson, of Anson, who is county judge of Jones county. His tribute to Washington was well word-

ed and splendidly delivered. Among the number who went from Desdemona were the following: Mr. and Mrs. J. H. Rushing and two daughters, Mr. and Mrs. A. D. Baker, and daughter, Betty. Mr. and Mrs. J. H. Jackson, Mr. and Mrs. Gid Tapley and son, Pat, Mrs. Denny Moss and two grandsons, Mr. and Mrs. Bill Parks, Rev. Orville Richardson, Rev. W. E. Anderson, Mr. and Mrs. T. L. Acrea, Mr. and Mrs. Gifford Acrea and son, Jan, Mr. and Mrs. Clarence Ragland and children, Mr. and Mrs. I. N. Williams, Mr. and Mrs. Joe Merrill, Mr. and Mrs. Jack Yaw, Mr. and Mrs. Ted Rogers and children, Mrs. C. W. Maltby and Miss Della Wall and Miss Edith Creighton. A splendid turkey dinner was served to the crowd, estimated to be nearly 190.

Mrs. Frank Leazer, of Gorman, has been visiting her parents, Mr. and Mrs. John Arnold, this week.

Miss Ruth Crenshaw is spending this week with her parents, Mr. and Mrs. George Crenshaw, at Stephenville.

Rev. W. E. Anderson, Mr. and Mrs. Ed Parks, Mrs. S. E. Snodgrass and Mrs. Charles Lee attended the Missionary Institute of the Cisco District Methodist

SHADY GROVE

Roy Kinard left Monday for Lubbock, where he will be employed.

Mrs. Burson and family visited her brother, W. T. McKinney, of Dothan Sunday.

Those who attended the surprise birthday party of Miss Gladys Kinard last Tuesday night were Misses Mattie and Mittie Burson, Mrs. J. W. McKinney and family, J. C. Thurman, Junior Graves, Bob Hooker, Barleson Clark, Mrs. Ray Judia and son, and Miss Mervel Gray of Grapevine, Estella Al-

The Banner Ice Cream company of Eastland presented to the Desdemona high school a very attractive wall map of the United States. It is made on linoleum and is 6 feet by 8 feet in size. A border has pictures of various modes of travel. The map shows the states and cities, rivers and highways and has pictures representing the products and industries of the various sections. The pupils and teachers appreciate the gift very much.

Mr. and Mrs. C. L. Bisbee visited her parents, Mr. and Mrs. Arch Lamb, Sunday afternoon.

Kent Word was shopping in Cisco Saturday.

Mr. and Mrs. Otis Graves have moved back from the coast.

Mr. and Mrs. C. L. Bisbee and George and Bertie Kinard enjoyed a 42 game in the J. W. McKinney home Sunday night.

len of Cisco, and Misses Marcell and Sharnelle Boggs of Cisco.

C. L. Bisbee's parents of the Dan Horn community spent Sunday with him.

Jim, Jack and Mittie Burson, Roy, George, Bertie, Gladys and Gilman Kinard enjoyed a 42 party at the home of Mr. and Mrs. Troy Cannaday of Carbon Friday night.

Mr. and Mrs. Jimmy Reeves of Cisco and Mr. and Mrs. Troy Cannaday of Carbon spent Sunday in the Kinard home.

Mrs. G. G. McKinney and Mrs. J. W. McKinney and sons spent Tuesday with Mrs. R. L. McKinney of Dothan, who is ill with "flu."

Mr. and Mrs. C. L. Bisbee visited her parents, Mr. and Mrs. Arch Lamb, Sunday afternoon.

Kent Word was shopping in Cisco Saturday.

Mr. and Mrs. Otis Graves have moved back from the coast.

Mr. and Mrs. C. L. Bisbee and George and Bertie Kinard enjoyed a 42 game in the J. W. McKinney home Sunday night.

Fourth Less Poultry Shipped From State

AUSTIN, Feb. 29 (Sp).—A fourth less poultry moved from Texas farms to interstate points last month than during January, 1939, figures compiled by the University of Texas bureau of business research show.

Shipments of eggs, on the other hand, gained 50 per cent, to 24 cars.

A total of 31 cars of chickens was shipped, 38 per cent less than in January a year ago, while turkey shipments totaled 13 cars, a gain of 44.4 per cent.

CANADA'S PRIDE BUCKLEY'S MIXTURE

Like many Dutch housewives, Queen Wilhelmina of the Netherlands has a horror of waste and conducts her home on simple and economic lines.

Today's AMBITIONS Are Tomorrow's REALITIES

THE Cisco Chamber of Commerce is particularly happy to welcome the boys of Eastland County who are studying to be stockmen to Cisco for the Eastland County Livestock Show. The hope of the future of this section is found principally in the Future Farmers and 4-H Club Boys who will determine the kind of agriculture we have tomorrow.

FOR Children's SNIFFLES

SPARE your child much of the misery of sniffing, sneezing, and smothery nostrils due to colds by inserting Mentholatum in his nostrils.

This gentle ointment soothes and protects irritated mucous membrane, reduces swelling, and thus opens breathing passages wider. It soothes sneezing and sniffing.

Also rub Mentholatum on the child's chest, back, and neck. This will improve local blood circulation and help relieve cold discomforts more effectively.

Mentholatum helps in so many ways that you should always remember this: For Discomforts of Colds—Mentholatum. Link them together in your mind.

BIBLE THOUGHT FOR TODAY

The joy of the Lord is your strength.—Neh. viii, 10.

Life is only bright when it proceedeth toward a drier, deeper life above; Human love is sweetest when it leadeth to a more divine and perfect love. Learn the mystery of progress duty; Do not call upon glorious change decay.

Not dare to blame God's gift for incompleteness, In that event their beauty lies; they roll Toward more infinite depths of love and sweetness, Bearing onward man's reluctant soul. —A. A. PROCTER.

The greatest happiness and joy come from the greatest activity.—Boven.

Dancing Away Your Problems

THE beat of tom-toms in the jungle is said to have led many persons to the brink of insanity.

At the Bellevue Psychiatric hospital in Boston, however, psychologists have discovered that jungle drums and music may be the means of leading "problem children" back to normality.

The dances, which the youngsters are urged to join, have revealed many of their

inner problems, according to Dr. Lauretta Bender and Miss Franziska Boss, who have been conducting the experiments.

If the jitterbug craze, which is allied to jungle dancing, can help us recover some of the sanity we lost during the past 20 years, maybe there's something in it after all.

No More Tourist Swindles

CANADA wants American tourists. She has annually enjoyed an abundance of visitors from "south of the border," and the guests have always contributed handsomely to the maintenance of Dominion economy. But this year, Canada wants Americans worse than ever.

As a lure, the government is going to promise Americans that, insofar as it is possible to prevent it, there will be no swindling. Merchants, banks, hotel keepers and everyone else who has benefitted directly from tourist trade have been ordered to pay Americans the full premiums for exchanging United States currency.

Currently, the premium on American dollars varies between 10 and 15 cents. On a \$100 vacation, this will add up to a tidy little sum. And if the Canadian government has anything to say about it, Americans are going to get every penny of it. Tourists, used to petty swindles of European shopkeepers who spot all Americans as suckers, will be glad to hear that in Canada, at least, they will be given an even chance.

To promote realism, scent is being sprayed on the perfume ads in an Illinois paper, which will make it precarious for a man even to bring his newspaper home to the wife.

California telephone operators now answer such questions as what show is playing, will it rain tomorrow and have you got a sister.

Police Commissioner Lewis J. Valentine of New York has decreed that confiscated gangsters' guns cannot be shipped to Finland. They might go off and hurt somebody.

A Virginia prison has only one inmate left. The others tore a hole in a wall and escaped. Maybe the one who stayed hadn't finished a chess game with the warden.

A Vermont college student is making money by closing bedroom windows for his colleagues on icy mornings. He must be pretty fond of an education.

How's This for An Income-Tax Cartoon?

chamber of commerce, or the Oil Belt Safety council, all of which are identified with the Texas Safety association and the National Safety council and with local and state governmental bodies.

"We respectfully urge that you demand these credentials of all out of town professional safety workers before having anything to do with them. If they are not bona fide then their inability to obtain these credentials is your protection."

Watson said several citizens and organizations of this area had been victimized in the past. The Oil Belt Safety council and local councils have broken up as many or more schemes to embezzle in the name of safety.

"The Oil Belt Safety council and its local chapters want the continued support and confidence of all the people of west-central Texas," Watson said. "Therefore, please be on your guard when approached by any stranger without proper credentials showing him to be a bona fide safety worker."

All asphalt-covered streets in Lincoln, Neb., are being marked with permanent traffic-lane lines made of white stone chips.

Denis Cardinal Dougherty of Philadelphia was the first American Catholic bishop in the Philippines.

New Orleans is one of the few cities in America which possesses official city flags.

Federal Old-Age and Survivors Insurance

(Editor's Note: The following is the fourteenth of a series of articles prepared by W. O. King, manager of the Abilene, Texas, Social Security board field office, to be published in this newspaper. The information contained in the articles is educational and for the public in general and the wage earners in particular. For additional information concerning the federal old-age and survivors insurance program, our readers are requested to contact the Social Security board field office, located at 205 Alexander building.)

DEFINITION OF AN "INSURED" WORKER

Under the new old-age and survivors insurance program, monthly benefits are payable to "fully insured" workers. Generally speaking, a "fully insured" worker is one who worker in covered employment for a number of quarters equal to half the time after 1936 (or after age 21 if that is later) and before he reaches 65 or dies. In any case, a worker must have at least six quarters of coverage; after he has 40 quarters of coverage, he is "fully insured," regardless of his employment thereafter.

Example: Miss Fair, who began

working in a store at the age of 21 in 1937, works until she is 31, then marries and quits work. She is fully insured because she worked for at least 40 calendar quarters with wages of at least \$50 per quarter.

Here is another illustration: Tom Jones, now age 63, has worked in a mill, off and on, for several years. He continues to work part time in the mill until his death in August, 1941. To be fully insured, he must have worked in covered employment for a number of quarters equal to half the time after and before he dies. From 1937 to 1941 there is a total of 18 quarters in which he could have been employed. If his wage record shows that Tom received at least \$50 in each of any 9 calendar quarters (half of 18) he is "fully insured."

Any of the benefits available under the system may be payable with respect to a fully insured worker. This includes his own monthly retirement benefit, supplementary monthly benefits for his aged wife or dependent children, and survivors' benefits for an aged widow, a younger widow with dependent children in her care, and the dependent children themselves; or if there is no widow or children entitled to benefits, aged dependent parents.

Tomorrow: Benefits for Survivors of "Currently Insured" Workers.

Racketeers Are Safety Conscious Warns Council

Racketeers have become safety conscious.

A timely warning to all citizens of west-central Texas to beware of racketeers hiding behind the skirts of bona fide safety organ-

izations has been issued by J. C. Watson, secretary of the Oil Belt Safety council.

"I hate to admit it," Watson commented, "but racketeers and confidence men are beginning to take advantage of the good will created by regional and local safety organizations."

To back up his warning he quoted from a letter received last week from the Austin Safety council.

"Racketeering is attempting to invade the field of safety and to capitalize on the good intentions of churches, civil clubs, and other bona fide organizations," wrote J.

Donald Hill, executive secretary of the Austin council.

"Certain parties are touring the country posing as safety workers, and attempting to 'work' local citizens and reputable local bodies. We have information that sordid safety workers are currently planning a 'campaign' through local churches, and we take this occasion to ask you to be on guard.

"The function of the safety council is to encourage in every way possible safety work on the part of individuals and organizations of integrity. Likewise we consider it our duty to warn against those who would make a racket of the effort to save human lives.

"Any bona fide safety worker can easily obtain credentials from your local safety council, the

When an Arm is Broken—Simple Fracture—Leave 'Em Where They Lie
How can you tell when an arm is broken?
The arm hurts badly and any attempt to move it increases the pain. The patient can't lift it though he may bend his elbow or use his hand. It may appear crooked.

By gently taking hold of the elbow you may feel motion between the elbow and shoulder. What should you do?
TREAT SHOCK FIRST! Then arrange to put on a splint.

What is a splint?
Something firm to be tied in place to prevent the broken ends of bone from moving. Motion increases pain and pain multiplies shock.

How should you make a splint?
Take three or four branches the size of a thumb, or a tightly folded newspaper, or the jack handle which all cars have, or anything rigid and long enough and fasten the what-have-you to the arm from the shoulder to the fingertips with handkerchiefs, neckties or strips of shirt, snugly enough to prevent any motion, but not too tight.

If he complains of numbness as the hand swells, loosen the splint a bit, as the blood supply has been cut off too much. These conditions apply just the same to a broken elbow or broken forearm. Splint them the same way—treat them the same way. In case of a broken WRIST or HAND, it is not necessary to apply a splint above the elbow.

SPLINT 'EM WHERE THEY LIE—TREAT SHOCK—SPLINT 'EM RIGHT! Then keep them warm and bring them in—DON'T HURRY—TREAT SHOCK.
Prepared by the Fracture Committee, Texas State Medical Association, sponsored by the State Highway Department and Texas Public Safety Commission.

Furniture Plays Important Part in Home's Appearance

Right now, with spring house-cleaning and spring redecorating time at hand, is a good time to take an inventory of your home furnishings. For furnishings are of home what icing is to a cake. A perfect finishing touch. Appropriate furnishings are what makes a mere house a home.

Have you ever stopped to consider the importance of having your home adequately and appropriately equipped with good furniture?—How much it adds to the livability of your home?—How much it tells visitors and neighbors?

Usability Important

In the first place, a home that is completely equipped with furniture gains much in general all-around utility and livability. To be "completely equipped" does not mean having a sofa, a lounge chair, and a dining-table-and-chairs ensemble—it means having the accessory furnishings too.

lounging, endtables for convenience, and other seemingly minor "extras" which make all the difference in the world between living and getting along.

It Beautifies, Too!

No matter how beautiful a home may be in design, it loses much of its charm unless its furnishings are up to par. For beautiful proportions and classic lines cannot conceal shabby and ill-suited furniture.

Conversely, a carefully chosen, harmonizing set of furniture can many times obscure defects in a home's styling. It can, for instance, make a room look more spacious... or more cozy... or more cheerful, if care is exercised in its selection.

One factor that is especially important is the ability of furniture to create an atmosphere or mood for a home. By selecting a particular style of furniture one can give a home an air of secluded charm, quiet dignity, forthright

modernism, or Old World charm. Furniture is one of the common denominators of social prestige, too. It tells at a glance what status in society a family occupies.

Items of Interest From Putnam

Last Friday night the students and faculty of the Putnam school presented a free program for the community. Readings, directed by Miss Ellie Winter, were given by Maxine Harper, Betty Hudson, Lexie Dean Pruett; Mrs. Wiley Clinton directed music memory students in several square dances; a playlet "Reading the News," was under the supervision of Miss Theda Smith; Miss La Frances Hamilton directed the junior choral club in singing "The Reaper's Song"; a playlet, "Friday Afternoon," was presented by the fifth grade students, under the direction of Mrs. Stanley Webb; the "Scatterbrains," junior boys' quarter, sang "At Pierrot's Door" accompanied at the piano by Mrs. Stanley Webb; the "Goldust Twins" sang "South of the Border," in duet form; Mr. Overton's radio arts class presented a radio skit, "George Washington's Inauguration"; Coach Sunderman's string band entertained with a few numbers and Mr. R. F. Webb's dramatics club presented a black-face comedy in one act.

Mr. and Mrs. Odom, Artie Cook, Jack Cook, J. W. Harrison and Eison Fields enjoyed a chicken roast Saturday night at the home of Mr. and Mrs. George Caraway. The guests played games of dominoes and checkers.

The Putnam girls' tennis team was defeated by Cross Plains Tuesday afternoon. The Putnam boys won their games with Cross Plains.

The Putnam high school radio arts class presented another broadcast Wednesday noon to the entire body of the Putnam school. Bobbie Clinton, master of ceremonies, announced the following: Wilbur Carako; serial story, "Gold"; Bobbie Clinton, Mary Lou Eubank and Bill Gaskins.

Entertainer

Parker Wilson, who is master of ceremonies for the Light-crust Doughboys of radio fame, will accompany the Doughboys here Friday for three programs at the Junior Chamber of Commerce Pure Food Show.

Doughboys Will Entertain For Pure Food Show

Parker Wilson and the Light-crust Doughboys of the Burrus mill will be a drawing card at the Junior Chamber of Commerce Pure Food Show, which will open Friday at noon.

The Doughboys, for whom Parker Wilson is master of ceremonies, have been secured by H. C. Henderson, local representative of the Hartnett Grocery company, distributors in this area for the Burrus mills.

Programs will be presented in the Pure Food building, across from the fire department, Friday evening at 7:30, Saturday afternoon at 3 and Saturday evening at 7:30.

Bess Elzay; local Walter Winchell, Lenox Byrd; foreign communique, Wilbur Carako; serial story, "Gold"; Bobbie Clinton, Mary Lou Eubank and Bill Gaskins.

The seniors of the Putnam high

Landowners Vote--

ments of these soil conservation district organizations may be practically nothing, they will constitute the administrative means of carrying on soil conservation activities in a county - blanketing fashion.

These district organizations will be in position to cooperate with state, federal and other agencies to further soil work. Federal government work is often carried on only when a local governmental unit sponsors the activity—and these districts will be more practical as sponsors than would counties, cities or school district.

In case of appropriations by the state, or obtinance of money from any other source, the district organizations could spend the money. They may develop coordinated plans for soil conservation, carry on educational campaigns, follow several other lines of activity at little cost.

Soil districts will have extensive powers. They will be bodies politic equal in power in some ways to the county. They cannot levy taxes, but with backing of the state soil board, may impose regulations on landowners. They may sue and be sued as corporate bodies.

CITIZEN-BEWARE!

In behalf of good citizenship, we are issuing a warning! We do this because we are dealing with the most treacherous and misleading traffic on earth. We have met them for a number of years on the battlefield, and so well know their tactics.

But before we offer this warning, we wish to thank the Cisco Daily Press for its fairness to the Dry cause. They have proven the Press to be a real American newspaper, which believes in FREE SPEECH AND FREEDOM OF THE PRESS. We glory in their Americanism. That kind of paper should and will have the support of the public. But we know some papers in Eastland county which are not so fair. They have refused announcements even of pastors of their own towns when these pastors were going to speak on 14 per cent beer. Pastors who had lived among them over a period of years, and who commanded the very highest esteem and respect of their citizenship. Over and over on occasion these shepherds of the Highest have proven by their friendly deeds that they are "a friend to man."

What closed these newspapers against these pastors you may guess as well as we. But we wish to say that that may be RUSSIANISM, but that is not AMERICANISM. Americanism believes in fair play. Americanism believes in good sportsmanship. The cause we stand for is willing for any wet in the land to have his say in the columns of our papers or elsewhere, or make announcements from the platforms of our school rooms. All we ask is that we be granted the same privilege. We are not afraid of our cause. We are sure of our ground. If we do not have the truth we do not want to win by falsehood and subtlety. If we HAVE the truth whether we win now, we will win in the end. For "Truth crushed to earth will rise again."

TODAY, WE WISH TO WARN OUR CITIZENS OF MISLEADING PROPAGANDA that will flood this county the next two days. The wets are DESPERATE. They have been driven into a corner with logic and facts. Now they will come with what purports to be "editorials" with front page space and headlines, telling the citizens how Cisco, Eastland and Ranger "business men" are urging them to vote for 14 per cent beer. Don't be deceived by this. It is the voice of the brewers, originating more likely in Milwaukee or Dallas and a perfect set-up for Eastland county. Just understand that such propaganda most "business men" of Cisco, Eastland, and Ranger perhaps never saw nor heard tell of until they saw it for the first time in the daily paper. There will probably follow editorials on the inside, undertaking to show the "blessedness of breweryism." Then there will be great paid advertising by some such organization as "Business Men and Tax Payers Committee of Eastland County." Now don't be deceived by any of this and don't be disturbed.

EVERY BIT OF THEIR PROPAGANDA WILL BE ANSWERED FROM THE STUMP at 4 p. m. in Cisco, Friday, in front of the Texas Theatre, at the same hour in Eastland on the courthouse lawn, and the same hour in Ranger in front of Ross Pharmacy, speakers will challenge every false or misrepresentative statement the wets put out with loud speakers that can be heard down the street. We go further. If the wets have a just CAUSE let some man represent them on the stump. We propose to divide time with any individual who wishes to champion them. We are not afraid for the public to be the judges.

Moreover, our speakers propose to carry this campaign into every voting precinct in Eastland county on Friday night. citizens, we have the battle won, and will turn back this avalanche that menaces the highest interests of Eastland county citizenship and the very sanctity of our homes, IF YOU DRYS WILL GO TO THE POLLS AND VOTE.

SERIAL STORY

\$15 A WEEK

BY LOUISE HOLMES

COPYRIGHT, 1940, NEA SERVICE, INC.

CAST OF CHARACTERS

ANN BROWN— orphan daughter of a gambler, alone in an unfriendly city.

PAUL HAYDEN—stock room boy with ambition.

STEVE CLAYBROURNE—wealthy playboy.

CLARA BROOKS—dime store counter girl.

IRENE TEMPLE—society debutante.

YESTERDAY: Going to the 10-cent store to see the girl at the notions counter, Ann encounters the boy from across the alley. He is Paul Hayden, a stock room worker. She squelches him. Later the girl, Clara Brooks, asks Ann to share her apartment.

CHAPTER VIII

Clara was giggling again. "I wish I could tear into an act like Paul, Ann. No matter how mad Paul Hayden made me, I'd melt if he gave me a glance."

An tossed her head. "You won't catch me melting," she said. They got back to the subject at hand. Ann said, "I'd like to live with you, Clara. It's wonderful of you to ask me."

"You might come and give it the once over after work tonight," Clara suggested.

"How much rent do you pay?" "Twenty-two a month and it's nice for that."

Ann's share would mean an extra dollar. She could cut out the movies—"I can manage it," she said. "I'll go home and pack my things. I won't stay where I am another night. Where do you live?"

"But suppose you don't like it?" Clara asked dubiously. "You're sorta swell, Ann—"

"I'll like it, all right."

Clara reached across the table and squeezed Ann's hand. "Gee, I'm glad. We'll have fun. Maybe you can learn me to dress better and do my hair like yours."

Ann's heart went out to the 16-cent share girl. What if she did murder the king's English? What if her ideas of make-up were atrocious? She was young and gay, the touch of her hand was loving.

Ann's eyes shone. "We'll have fun," she said huskily. "I haven't had any fun—ever."

Clara finished her liverwurst on rye. She gave Ann an address on West Murray. It was but five blocks from the Center. The girls parted on a high wave of anticipation.

One suitcase and a paper bag with stout handles held all Ann's belongings. In the suitcase she packed a small assortment of the clothes, an electric iron, six yellow plates from the dime store, and three pictures. The shopping sack contained shoes, coat hangers—none never found enough in a furnished room, and a blooming

violet plant.

It was unfortunate that Ann, loaded with the suitcase and bag, her heavy coat and an umbrella, should crash into Paul Hayden as she hurried away from the rooming house. After all her care to avoid such a meeting, it was really too bad. Not recognizing her victim in the dark, she started back apologetically.

"I beg your pardon," she gasped, righting herself.

"Well, I'll be darned."

"Oh—?" Turning, she walked rapidly away from him, chin in the air. He followed, catching her arm.

"Where are you going?" he asked.

"Away—just away."

"Away from where? Where have you been?"

"I've been living in a room in that house back there. I'm moving because I don't like my neighbors." She was very stiff about it.

"Are you headed for some place in particular?"

"Certainly. And it's not a park bench."

"Here—let me carry your junk." "I can manage nicely."

"Going to the El?"

She did not answer and he wrenched the suitcase out of her hand. "Sne," flexed her fingers gratefully. It had been heavy relieving her of the paper bag. Paul walked beside her.

"Great guns," he exclaimed. "What have you got in this suitcase? Gold bricks?"

"It's the body," she told him. He laughed. It was a nice laugh, low and throaty. "I thought you were making your getaway in a hurry. Look out, young lady, your sin will find you out."

"I hate to disappoint you, but I've covered my tracks."

They approached the lighted El station. "I'll take the evidence now," she said coolly. "It has been very nice of you to help me. I would never have expected such generosity."

"Go on inside. You can't get this load up the stairs."

"Oh, yes I can."

"Oh, no you can't."

"It will cost you 16 cents."

"I'll give a dime to the cause."

Ann paid one fare, the young man another. Silently they climbed the stairs. Paul placed her bags on the platform. "Good night, he said, and swung away toward the stairs. Ann lost him in the crowd.

What a contradictory person he was, she thought. She had the feeling that he liked her and did not want to like her. Was it because of the incident in the library? Did he still believe that she was out to make friends as best she could? Her heart pounded. It could not have thudded more decidedly if she had carried the heavy suitcase up the stairs.

Metropolitan Opera Favorites Coming to Dallas

Renowned singers who have never before appeared in the Southwest, and favorite stars from last season, will be presented in the 1940 Metropolitan Opera Company engagement in Dallas, April 15 to 17. Four of the top-ranking stars are, left, Nino Martini, tenor lead of "La Traviata," the night of April 17. Center top, Grace Moore, who will sing Marguerite in "Faust," April 17, matinee; right, Lily Pons, opening the season in "Lakme," April 15; and center below, Marjorie Lawrence, as Brunnhilde in "Die Walkure," April 16. Other stars will be Lawrence Tibbett, Richard Crooks, Ezio Pinza, Lauritz Melchior, Lotte Lehmann and Armand Tokatyan. The box office will open for mail orders Feb. 26, Arthur L. Kramer, president of the Dallas Grand Opera Association, announced.

Mentally she shook herself. "I'll not be interested in a stock man at the 10-cent store," she told herself firmly. "What do I care what he thinks? I'll never see him again."

The idea of never seeing him again did another strange thing to her heart. It stopped its thumping and slid downward. Again she brought herself up short. Paul Hayden had merely done a gentlemanly thing in carrying her baggage. He would have done as much for an elderly woman, and with the same casual kindness. He hadn't cared enough to ask where she was going. It seemed important that he hadn't cared that much. The train roared out of the night and she stepped aboard. Five stations farther west and she alighted.

"Red cap, lady?" With the question, her bags were lifted from her hands. Paul Hayden, none other, started for the stairs.

"Well, I declare," An breathed. Her eyes sparkled, a little laugh tinkled, and the last remnant of rancor toward Paul Hayden vanished from her mind. It had never been in her heart. They walked up the street, side by side.

"You're not such a bad person," she said.

"My mother adores me."

"How in the world did you catch up with me?"

"There's a bit of magic in my make-up," he confided. "I consort with the elves and fairies."

Ann looked at him gravely. "Can you make a carpet fly?"

"How else did I reach the Dunfield stop before you?"

"But—where did you get your carpet?" It had not been Ann's good fortune to play games as a child. For that reason the conversation took on most delightful proportions. They stopped, facing each other under a street lamp. Ann's musical tinkle mingled with Paul's deep laugh.

"I'll tell you the truth, Miss Gardenia," he said. "I rode on the same train with you—in a different car."

"But—I don't understand. Why didn't you ride with me?"

"Will you be angry if I tell you?"

"Probably."

"You're very cute when angry."

"Let's get back to the point. Why didn't you ride with me?"

"Because I'm afraid of you."

"Afraid of me?" she exclaimed on a rising inflection. "I'm the most harmless person in the world."

He started to walk again and she hurried along close to his side. He muttered, "You don't appear harmless to me."

"That's silly."

"All girls are silly."

"That's not so."

"And I'm afraid of all girls."

"Why?"

"Because they want to marry me."

"Of all the conceit—of all the arrogant conceit—"

Ann reached for her bags. "I never want to speak to you again."

New Game Fish Are Placed in Lake Cisco

State Fish Hatchery Supt. Walton Baum Wednesday announced that he has received large brood fish of several new species, thousands of which already have been placed in Lake Cisco. Those include rock bass, long-eared bream and others.

The brood fish are being held until late this afternoon at the holding troughs at the hatchery, where fishermen and others interested in seeing them may do so. Since the first are strange to these waters, Baum suggested that fishermen should examine them so they should be able to identify the species when caught in the lake.

Frances E. Townsend, the pension planner, was once a country doctor in the Black hill of South Dakota.

Rockerfeller center, one of New York's show places, covers about 12 acres. It is leased for a long period from Columbia university.

The Amazon river is navigable for large steam vessels 2,500 miles from the sea.

Keeping Up With The Boy Scouts

BOY SCOUT CIRCUS

The first Boy Scout circus of the Comanche Trail council will be held the night of April 26 in the Memorial hall, Brownwood. Every troop will participate in this councilwide affair. A large number of the 45 troops in the eight counties have already accepted their parts, and have started a regular routine of practice, in order to have their performances as nearly perfect as possible on the red letter day.

Every phase of scouting, including all crafts and skills, will be carried out in this councilwide event. During the intermission of each big floor act beautiful tableaux scenes will be given.

One hundred well trained clowns will give this circus plenty of comedy. These boys are working out some startling, and very clever clown costumes. They plan to have their share of attention throughout the show. And all of the animals will be there—elephants, giraffes, Mickey and Minnie Mouse are planning to attend, and Donald Duck will bring his whole family.

Shotgun Barrage Routs Starlings

CHILDRESS, Feb. 29 (Sp)—Only a shotgun barrage will scare the starlings away.

After all other methods had failed to frighten the little black and white speckled birds from their roosting place on the West Texas Utilities company's sub-station here, eight gunmen concentrated on the spot to kill an estimated 1,300 in two bombardments. Many thousands of others flew away—and did not return.

The birds regularly had caused an interruption in light and power about 7 a. m. for several days. They congregated so close together on the circuit breakers that they caused a "flash-over," turning off the current in the sub-station.

5 GREAT JOHN DEERE General Purpose TRACTORS

CHAMPIONS ALL

MODEL G: The 3-plow size for large farms

MODEL A: The 2-16-inch plow size

MODEL B: The 2-14-inch plow size

MODEL H: The 1-2 plow size

MODEL C: Does the work of two horses

Come in and let us tell you all about John Deere General Purpose Tractors and John Deere Working Equipment.

They're ready to go to work for you... ready to save you time, money and hard work... to cut down your production costs for years to come. Everyone of them is of two-cylinder design, and has the strength, stamina, and stability to prove it's the tops in its class. They are gluttons for work, and will save you money on every job—give you better service at lower cost for a longer time.

And, best of all, everyone of them can be had with integral equipment that's specially designed for it—plows, planters, bedders, listers, cultivators, mowers, sweep rakes, corn pickers, etc. In short, you'll have low-cost power for every job when you own a John Deere.

Announcement-- To Farmers

The name John Deere has long been favorably known wherever farm implements are used. It is, therefore, with considerable pride and satisfaction that we announce to the farmers of this community our appointment as representative for the

JOHN DEERE LINE

of Tractors, Implements and Farm Machinery

As local representative for this outstanding line of farm machinery, it is our determination to give to farmers a type of service that is as outstanding as the John Deere line.

We Will Carry a Complete Line of Repair Parts for John Deere Products

Come in and See the New 1940 Equipment

60 Years as John Deere Dealer

F. P. SHACKFORD Putnam, Tex

CHAMPIONS, TOO, ARE THE INTEGRAL AND DRAWN TOOLS FOR ALL MODELS

Illustrative of the ease of operation and general simplicity of John Deere tractors. The little girl on the right is the daughter of Bill Biggerstaff, Cisco, Texas. Although only six, she frequently drives the tractor for her father and handles it perfectly.

At the other end of the age scale is C. A. Brady, who at the age of eighty-two has bought a Model H tractor. Mr. Brady has never driven an automobile but operates the Model H himself and is very pleased with its operation.

These Model H outfits were sold by F. P. Shackelford, Putnam, and L. C. Smith Implement Company at Center.

January Building Activities Boom In 34 Cities

AUSTIN, Feb. 28 (Spc).—Building activities in 34 representative Texas cities boomed in January to a total of \$9,048,022, according to a survey of the chamber of commerce and university of Texas bureau of business research indicate.

This total ran 65.6 per cent higher than December, and 23.3 per cent above January, 1939, the bureau's compilation showed.

Permits by cities were as follows:

	1940	1939
Ablene	\$ 64,935	\$ 80,130
Amarillo	132,747	171,940

West Texas Utilities Serves 6 REA Units

ABILENE, Feb. 29 (Spc).—The West Texas Utilities company, which pioneered in the construction of rural lines in west Texas, now is serving six REA units with wholesale power generated at plants in San Angelo, Quanah and Abilene.

Most recent of these connections is the Southwest Rural Electrification association at Vernon. Other units are located at Stamford, Robb, Coleman, Wellington and Abilene.

Robert Donovan and Glenn Tablman spent the week-end visiting friends in Texas A. & M. at College Station.

State Asks Indemnity in Grand River Dam Case

Gov. Leon Phillips of Oklahoma, will ask \$940,000 indemnity from the Grand River Dam Authority for state highways to be inundated by the reservoir. He has threatened to shut-down the \$20,000,000 project if the federal government does not accede. The dam is shown above.

URGE VOTERS TO LEGALIZE BEER SALES

Denying that it is a moral issue, as the dries assert, but that it is a question of whether or not Eastland county is to receive the benefits of a legitimate business, which is openly conducted and easy to control, or whether the county will receive the bad effects of a bootlegging industry, business men of Cisco, Eastland and Ranger who are not in any way connected with the sale of beer, today were urging Eastland county voters to legalize the sale of beer as a commonsense move.

In the event that the sale of beer is legalized, an organization is being formed to cooperate with county and local officials in preventing any abuse of the privilege of selling beer, it was announced. The business men, none of them interested in either the wholesale or retail sale of beer, propose to organize impartial committees in every community where beer is sold to keep check on local conditions and to advise with the authorities on the issuance of any license, it was explained.

To Eliminate Bad Spots
 The determination of the group,

from the standpoint of good business, which means good morals, it was pointed out, is to keep the sale of the beverage in responsible and law-abiding hands, and to eliminate any and all "bad spots." The present liquor laws make it possible to do this by revoking the licenses of dealers who sell to minors, who permit in their possession or the possession of their employers, liquor when beer is sold, who sell to persons showing signs of intoxication, who permit any act or exhibition of an offensive character on their premises or who violate the law in other particulars.

"We are tired of this constant agitation which accomplishes nothing either in the interests of temperance or business," the statement of the group said. "We want to settle this issue by putting the sale of beer under proper control and keeping it there. We think the majority of the people of the county are of that mind."

Vote on Saturday
 The sale of beer will be voted on Saturday in a countywide election. This election, if it carries for legalizing beer, will not affect the status of the two pre-

cincts in the southern part of the county, which are dry by local option and would remain so.

It was pointed out by representatives from Cisco, Ranger and Eastland that a checkup showed that practically every business in the three towns had shown better business conditions when beer was legalized than when it was not. This, they said, proved to be true on every occasion when the county went wet or dry.

An explanation of this was made in that many obtained salaries at cafes, taverns and other places handling beer, but when the county was voted dry these people were thrown out of employment and could not purchase things they had been buying before.

"Much of the beer trade is from transients," it was pointed out. "so the plea of the dries that money that should go into other channels goes into the purchase of beer is a fallacy," one man pointed out, "inasmuch as these transients help to supply the salaries of people who make purchases in these towns."

In pointing out the good that has been derived from beer revenues, workers for the cause

Patty Berg Wins At Ormond Beach

ORMOND BEACH, Fla., Feb. 29 (P).—Patty Berg of Minneapolis, the red-haired miss who won the 1938 national championship, but was kept at home last year by illness, breezed through her first round match in the annual South Atlantic Women's golf tournament here Wednesday.

She eliminated Elizabeth Wing of Evanston, Ill., 7 and 5, and pointed for victory in her third consecutive winter tournament. She won at Miami and Orlando.

Betty Jameson, the 1939 national titleholder from San Antonio, Texas, also won and appeared headed for a final-round contest with Miss Berg. Mrs. Miriam Phipps Lyon of Orlando bowed 4 and 3 to the national champion.

pointed out that the latest bulletin of the state liquor control board showed that in the month of December, an allocation of \$486,317.99 was made from beer revenues to the old age pension fund, bringing the total to \$17,978,840.41; the available school fund received from December revenues \$154,808.38, bringing the total to \$5,216,495.26, and the general revenue fund of the state received \$358,145.90 during the period.

"Now that pensions have been cut to a minimum of only a few dollars a month, there is more need than ever before for this revenue for the old people," one supporter of legalized beer sales said. "Though I do not drink beer myself, I feel that it is better that this money go to these deserving old people than to beer bootleggers, who are now selling an inferior grade of beer at double the regular price right in the three towns along the highway, and no one benefits much from these sales except those who are selling in violation of the law."

Everyone was urged to vote in the election Saturday, regardless of their sentiments.

Texas has proven oil reserves of more than ten billion barrels, or over half the proven oil reserves of the entire United States.

Texas has more than 90,000 producing oil wells. Last year each well averaged less than 15 barrels a day.

The manufacture of petroleum products from Texas oil constitutes 41 per cent of all the manufacturing in Texas.

Seeks Comm'n Post to Reduce Rates on Gas

AUSTIN, Feb. 29—Stressing the need for "consumer protection against excessive gas utility rates throughout Texas," Judge Olin Culberson of Austin today announced his candidacy for railroad commissioner. He served the state as chief utility rate expert and head of the gas utilities division for the past eight years.

Culberson, a former county clerk and county judge of Hill county, said that the same vigor

OLIN CULBERSON

and fairness that had marked his past service to the state in the regulation of gas rates would continue to be his policy as a commissioner and that the thousands of dollars already expended in assembling data upon which to fix gas utility rates and which should be used in assisting cities and towns would be utilized. "Gas utility rates generally, are entirely too high," Culberson said. "I will reduce them. I want the opportunity to complete the work of giving to gas users of the state fair and reasonable rates—fair to the public—fair to the gas utility companies," he said.

"Transportation, both rail and motor, is an increasingly serious problem and is entitled to and should have its full share of attention from the regulatory body," Culberson said. The problems of this industry are just as important and should receive as prompt consideration as any other matters over which the commission exercises authority.

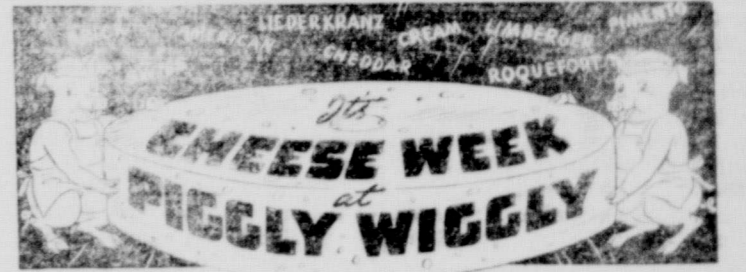

"The great oil industry, upon which Texas is dependent to so large an extent for its prosperity,

must be supervised in such a manner as to obviate any suggestion of federal control. Texas can run her own business. I pledge to the affairs of that industry a fair, square and equitable administration, leaving nothing undone that will bring stability to the oil industry. The oil industry is far too important to our economic setup and to Texas school children, who participate in its prosperity, to be subjected to a vacillating and devious policy."

Culberson emphasized the need for a fair equalization of rail rates between the southwest and east-

ern markets and said he favored using every expediency to eliminate all discrimination against Texas agriculture and industry in regard to transportation rates.

As secretary of the Volunteer Firemen's and Fire Marshall's association for the past 21 years, Judge Culberson has been actively serving in that organization's program which has resulted in steadily declining fire losses and fire insurance rates. He is an ex-service man, a member of the American legion, a Mason and a member of the Odd Fellows.

Types of Piano Compositions Studied by Club

Mrs. W. W. Fewell was hostess to the Music Study club when it met in the clubhouse Wednesday morning at 10 o'clock. The program for the morning was an interesting study of various types of piano compositions. Miss Ora Howell discussed "The Story of the March," and concluded her talk with three piano illustrations. Mrs. Lee Clark concluded her talk on "The Story of the Polonaise," by playing Chopin's A Flat Polonaise. Mrs. Alex Spears then spoke on "The Story of the Minuet and Tarentelle," followed by Heller's Tarentelle, played by Mrs. W. W. Fewell, and the Minuet from Haydn's Sonata, by Mrs. S. E. Hittson. Members responding to roll call were Misses Lee Clark, R. S. Cope, W. W. Fewell, S. E. Hittson, Alex Spears, W. W. Wallace, R. J. Collier, John Stiles and Miss Ora Howell.

Dr. Brooks Of Howard Payne Speaks to PTA

Dr. G. Brooks, of the psychology department of Howard Payne college in Brownwood brought an interesting and educational address on "American Youth," at the fathers' night program of the West Ward Parent-Teacher association Wednesday evening. Dr. Thomas Taylor, president of Howard Payne, who was formerly scheduled to speak, was unable to attend. After the address, the Merry Quins played two selections, Fairy Lynn Huddleston gave readings, and West Ward Principal Droll Looney gave requested piano numbers. Refreshments of cookies and coffee were served at the close of the meeting. N. C. Packer furnished the coffee. The refreshments committee was composed of Misses G. R. Boyd, George Atkins, Callie McAfee and Sutton Crofts.

Ciscoans Attend Beauty Congress

Miss Elizabeth McCracken, Evelyn Reynolds and Pauline Flaherty of the Elite Beauty shop, and Miss Christelle Reynolds of the X-Ray Beauty shop attended the All-Texas Beauty congress in Dallas Sunday and Monday. While there they saw demonstrations in all phases of beauty culture. The congress was held in the Adolphus hotel.

East Baptist W. M. S. Has Social Meeting

The Women's Missionary society of the East Cisco Baptist church had a business and social meeting in the home of Mrs. Russell Dennis Monday afternoon. The meeting was presided over by the president, Mrs. C. McBeth, who brought an interesting devotional. After business was disposed, the remainder of the afternoon was spent in playing interesting games. The following members and guests were present: Misses Cecil Prickett, A. A. Coats, Glenn Garrett, Carlton Holder, R. L. Garrett, Mae Clark, R. L. Hollander, Willie Thetford, Wilton Hudman, J. M. Meddin, Bill Martin, Bill Seabourne, J. E. Shirley, C. R. Hightower, L. F. Gilmore, O. O. Love, J. D. Hall, C. McBeth and the hostess, Mrs. Dennis.

The Notebook

Friday
The Twentieth Century club will meet at the clubhouse at 3 o'clock.
Miss Jeanne Hagaman of Abilene is expected to arrive Friday to spend the week-end with her parents, Mr. and Mrs. H. H. Hagaman.

Miss Auralee Pittman expects to leave early Friday for Texas A. & M., where she will attend the Field Artillery ball Friday night.

In justice to himself and Texas, O'Daniel should not offer for election again. Maybe that's putting it a little bluntly and maybe I'm wrong. In the event I am wrong I'll gladly apologize. But I don't believe I am. I believe that the people of Texas, as well as O'Daniel, have learned a great deal in the last year or more.

President Sails In Caribbean Waters

ABOARD U. S. S. LANG AT SEA, Feb. 29 (AP) (Via Wireless)—President Roosevelt cruised northward into the calm Caribbean Wednesday, en route home after his business-mixed-with-pleasure voyage through the Panama canal. The cruiser Tuscaloosa, bearing the presidential party, and the escorting destroyers Lang and Joubert, maintained an average speed of 20 knots in passing Nicaragua, Honduras and British Honduras. The president's immediate destination remained undisclosed, but it was indicated the question would be answered in news communiques today.

Movie Oscars Will Be Given Away

HOLLYWOOD, Feb. 29 (AP)—A score of streamlined gold-plated statuettes—Oscars, in the movie profession—will change hands tonight. They are the prizes for outstanding achievement put up every year by the Academy of Motion Picture Arts and Sciences. One will be given to the producer of the 1939 film Hollywood folk consider outstanding, another will go to the best actress, a third to the best actor and others to "best" writers, supporting players, directors, song writers, cartoon makers and so on down.

House Votes Loan To Finnish Relief

WASHINGTON, Feb. 29 (AP)—The house voted to help Finland to the extent of a \$20,000,000 loan for non-military purchases in the United States Wednesday but

shied away from taking a record vote on the question.

Although overwhelmingly in favor of helping the Finns, many members feared that European events might take such a turn that a vote for the loan could bring them election time difficulties. So by a general but tacit agreement, passage came on a ris-

ing ballot. It showed 168 for the bill and 51 against, the total a bare quorum.

Record Entries Are Expected for Stock Show

EVENT OPENS FRIDAY FOR TWO DAY RUN

Cash Prizes Offered in Boys' Division; Ribbons for Men

The annual Eastland County Livestock show will open here Friday morning to continue through Saturday, under conditions more favorable to record entries and attendance than have occurred in years. T. G. Caudle, Cisco vocational agriculture teacher and superintendent of the show, said Thursday that show officials anticipate the largest number of entries in ten years. The show will be held at 10th Street and South D avenue.

Emphasis is placed on Future Farmer and 4-H club boy exhibits, money prizes being confined to this class. Ribbons will be awarded winners in commercial stock exhibits.

Superintendents of the various departments are vocational agriculture instructors and Ass't County Agent Arthur Pratt. Mr. Pratt is in charge of the hogs section. Roy D. Armstrong of Scranton is in charge of the beef cattle section; Charles Bell of Ranger will supervise the dairy cattle section, and C. L. Wilson of Rising Star the sheep and goats section.

The local chamber of commerce committee sponsoring the show consists of Caudle, Dr. F. E. Calrk, Sutton Crofts, Dr. C. C. Jones and C. P. Mitcham, Jr.

Own Animal
An exhibitor in the FFA and club division must own the animals they exhibit and must personally feed and care for them under the supervision of the vocational agriculture teachers or the assistant county agent to be eligible for the prizes.

Ribbons will be awarded first, second and third place animals exhibited in the men's division of the show and the same classes will

FFA Boy and Angora Goat Project

Gene Duncan and some of the Angora goats which he will exhibit in Eastland County Livestock show here Friday and Saturday. This boy, who lives seven miles north of Cisco, is one of several FFA boys who have comprehensive programs, including goats, hogs and field crops.

be offered in this division as are offered in the boys' division.

Judging of beef cattle will begin Friday at 2 p. m. with Mr. Edmondson of May doing the judging.

Sheep, goats and hogs judging will start at 10 a. m. Saturday with C. E. Hill of Albany judging.

Dairy cattle will be judged Saturday at 2 p. m. with V. P. Riley of Bangs judging.

Animals will be required to be

placed ready for exhibition by 10:30 a. m. Friday.

Classifications
Following are the classes offered in the Future Farmer and 4-H club division. Similar classifications will be offered in the men's division:

Fat Steers—\$15-12-9-6-3-2.
Herefords: (Registered or Purebred), heifer under 1 year, \$5-3-2; heifer, 1 year and under 2 years, \$5-3-2; cow 2 years old and over, \$5-3-2, and best Hereford bull, any age, \$5-3-2.

Duroc Jerseys: (Registered or Purebred), gilt under 1 year, \$3-2-1; sow 1 year old and over, \$3-2-1; best Duroc Jersey boar, any age, \$3-2-1.

Poland Chinas: (Registered or Purebred), gilt under 1 year, \$3-

2-1; sow 1 year old and over, \$3-2-1; best Poland China boar, any age, \$3-2-1.

Chester White: (Registered or Purebred), gilt under 1 year, \$3-2-1.

Fat Barrows: \$5-4-3-2-1.
Rambouillet Sheep: Ewe lamb under 1 year, \$3-2-1; ewe 1 year and over, \$3-2-1; best Rambouillet ram, any age, \$3-2-1. (Ram must be Registered or Purebred.)

Angora Goats: Nanny under 1 year, \$3-2-1; nanny 1 year old and

over, \$3-2-1; best billy, any age, \$3-2-1. (Billy must be Registered or Purebred.)

Fat Lambs: \$5-4-3-2-1.

PURE FOOD SHOW OPENS NOON FRIDAY

Musical Programs Will Be Given By Light-Crust Doughboys

In conjunction with the Eastland County Livestock show, the Junior Chamber of Commerce Pure Food show will open in the Collins building, across from the fire department Friday at noon, it has been announced by Ed Brown, president of the Jaycees and chairman of the show arrangements committee. Eleven entries have been secured for the exhibition.

The Livestock show will be conducted in the site on the corner of Avenue D and Tenth street.

Throughout the show, which will continue through Saturday evening, music will be played by the recreation department music project, and by the German band, taken from the Cisco Lobo band.

The Light Crust Doughboys of the Burrus mills, for which the Hartnett Grocery company is distributor in this area, have been secured for programs Friday evening and twice Saturday.

Entries already secured for the show include Osburn's Bakery, Paul Poe, West Texas Produce, West Texas Utilities, Dr. Pepper Co., Hartnett Grocery Co., Coca Cola Bottling Co., Cisco Lumber and Supply, Ranger Furniture exchange, and Glenn's Furniture Co.

The committee in charge of arrangements for the show consists of Ed Brown, chairman, and C. M. Nevill, Carlton Holder, Neil Lane, Charles Moad, James Harvey, Clark Roberts, Edward Lee and A. L. Osborn.

over, \$3-2-1; best billy, any age, \$3-2-1. (Billy must be Registered or Purebred.)

Fat Lambs: \$5-4-3-2-1.

County Meet at Ranger on March 28-30

County School Superintendent T. C. Williams has announced in a bulletin sent school teachers and trustees that the annual County Interscholastic League meeting has been set for March 28, 29 and 30 at Ranger.

According to the bulletin the following schools have qualified: Alameda high, Alameda grammar, Bullock, Carlton high, Carlton grammar, Cisco high, Cisco west ward, Cisco east ward, Cisco grammar, Colony high, Colony grammar, Desdemona high and ward, Eastland junior and senior high, Flatwood, Gorman high and grammar, Morton Valley high and grammar, Pioneer high and grammar, Ranger high, Ranger Cooper ward, Ranger Hodges Oak park ward, Ranger Young ward, Rising Star high, Rising Star grammar, Scranton high and elementary.

The first half of the salary aid for the school year 1939-1940 in the amount of approximately \$17,463.00 for both the independent and common school districts has been received, Williams also announced. This will insure the

payment of teachers' salaries for the six months ending February 23. The salaries of teachers have been paid promptly for the six months of school.

Saturday, March 2, has been set for the County Teachers' Institute. All teachers of the entire county will be expected to attend this meeting to be held in Eastland. A short, interesting program has been prepared.

March is the month for the enumeration of scholastics for the entire county. Census enumerators will be busy in taking the school census. This is an important responsibility and census enumerators will be required to make careful reports to the proper authority before being paid for their work. Census enumerators are asked to take a census of all children in scholastic age who have not attended school anywhere during the present school year 1939-1940. This is an extra report that will be asked of census enumerators.

The U. S. bureau of fisheries reports an enormous increase in the starfish population off the coast of Long Island.

The number of stars that can be seen by a person of average eyesight is said to be about 7,000.

Butter was used by the Arabs since the earliest times.

TAKE The ROAD That LEADS To HEALTH

Brown's Sanatorium at Cisco, Texas.

What Brown's Sanatorium Means to You

BROWN'S SANATORIUM is your insurance against a spectre which hovers over every fireside — the dread spectre of disease and ill health. The SANATORIUM'S long record of positive cures by the drugless method is unchallenged. When other methods have failed, its painless MAGNETIC MASSUER treatment has brought the flush of health to wan cheeks, relief to pain-racked bodies and ease to troubled minds. The corridors of the beautiful sanatorium building on West Sixth street have been highways of happy health to many, many otherwise hopeless individuals.

What Brown's Sanatorium Means to Cisco

Aside from its value as an institution where sufferers from all manner of human ailments may find relief, BROWN'S SANATORIUM is of great economic value to Cisco. Annually it brings thousands of out-of-town people to this community, releasing many thousands of dollars of new purchasing power which flows into the channels of local commerce and gives invaluable assistance to local merchants. BROWN'S SANATORIUM is credited with bringing as much new business to Cisco as any other single Cisco institution.

What Magnetic Masseur Treatment is and How it Cures

The Magnetic Masseur Treatment restores order in the deranged tissues of the body of the patient and assists nature to restoring health. It is not limited, but in its technique employs any means mental or nutritive which may be required to remove a congestion which obstructs the restoration of health.

The various parts of the practice, both new and old, are the organized system we consider to be the natural results of the evolution of the arts of healing, which has grown up to supply the demand for treatment of cases that have failed to respond to other methods.

PERSONAL MAGNETISM is a scientific method of healing that has been practiced as far back as history dates. It is not an experiment but a natural law of healing. This treatment has been successfully applied for years in this locality. Practice has grown through our wonderful results until this institution is known over Texas and other states. We invite your investigation. RATES ARE REASONABLE.

EVERY MODERN CONVENIENCE is embodied in our newly remodeled and enlarged Sanatorium. All the comforts of home combined with perfect facilities of pleasant environment. Office accommodations for those who do not wish to stay at the Sanatorium. No symptom is so trivial to be overlooked. No trouble is too great to receive the attention that will put the system in perfect health. WHY SUFFER WHEN RELIEF IS AT HAND?

No charge for Examination. Tubercular patients not received. No contagious diseases treated.

Write for Information or Phone 298

Where People Get Well

41 NEW FIELDS DISCOVERED IN THIS SECTION

Discovery of 41 new old fields or new producing horizons in west-central Texas during 1939 put this area in second place among the districts of the state on that item. For the second successive year, it is ranked as one of the leading sectors of the nation on new discoveries.

In Texas last year, the south Texas district had 90 new discoveries, to rank first. The north Texas region, with 35 new sources of petroleum production, came in third place. These figures are from a survey completed this week by the West-Central Oil & Gas association.

Wildcatting operations during 1939 added Nolan to the list of counties in the area reporting commercial production for the first time. The other 40 new discoveries were scattered among 12 counties. They were:

Coleman and Stonewall, 1 new field each; Callahan, Eastland, Palo Pinto, and Throckmorton, 2 each; Brown, 3; Jack, Shackelford, and Stephens, 4 each; Jones, 5; and Guadalupe, 10 new producing formations or fields.

The 1939 list of new discoveries in west-central Texas totals eight more than were reported from the same territory for 1938, when the figure on that item was 33, according to J. C. Watson, executive secretary of the West-Central Texas Oil & Gas association.

Up in front
Only Kansas, with 46, and the south Texas district reported more new petroleum finds than were discovered in this area last year, the survey reveals. The widely heralded Illinois region had only

33, to rank behind three Texas districts.

All of Texas accounted for 204, or almost 50 per cent of the total of 477 new finds of the nation. The west-central Texas discoveries were 20 per cent of those of the state and 8.3 per cent of all the new finds of the United States. The large west Texas (Permian basin) district had nine new discoveries, and east Texas located three new horizons during the year.

Average depth of the new producing strata located in this district was 2,006 feet; the average of all the wildcat finds for all of Texas was 4,135 feet, and for the entire United States, 4,253 feet.

Many interesting and significant facts were discovered by the survey, according to Watson.

Independent operators made all but three of the new discoveries in this district. None of the new areas have been defined, and very little has been done to explore the producing possibilities in this region of the formations below the 2,500-foot region — the places where most of the new discoveries in other areas are being made.

"The fact that during 1939, in the face of conditions that were far from favorable, the west-central territory continued to rank among the outstanding districts of the entire nation in reporting new discoveries of sources of petroleum production, indicates very forcibly," Watson says, "that this region is receiving increased attention and notice as a territory from which larger amounts of oil and gas will be produced during the immediate future.

Interest Increasing
"The further fact that we had more new discoveries in 1939 than we did in 1938 indicates also that the interest in this territory and the expenditure of money in it in the hunt for new fields is increasing, instead of falling off, as might be expected with the industry in general admitted to be in a rather unsatisfactory condition."

"One of the most interesting facts that we get from this survey is that practically all of our development in this area is still from comparatively shallow horizons. The average depth of our new discoveries last year was less than half of the average of the new discoveries in the state as a whole. This would indicate that we can still expect much oil to be produced from the comparatively shallow sands, and that further, when we drill our wells deeper, we likely will locate many other and possibly more prolific sources of petroleum production in the counties that compose the west-central Texas district.

"A study of these items should cause every citizen of our territory to look with renewed optimism toward the future and the possibilities it offers to all of us for more extensive developments and more widespread benefits from a continuation of the activities of the oil industry in this district."

By Counties
The new discoveries of the west-central district by counties for 1939 follow: The name of the operator, fee owner, location, date of discovery, depth, and initial production are given in the above stated order for each new discovery:

Brown County
Curtis Norman et al's No. 1 S. Rice, blk. 127, Chas. Messer survey, April 4, 97 feet, 8 barrels.

Davis and McDonald & Campbell's No. 1 W. P. Hill, Myrum and Mudgetts survey, near Grosvenor, April 4, 1,209 feet, 110 barrels.

J. C. Hart & Sons' No. 4-B

Richmond, Mose Little survey, SW of Smith-Ellis pool, August 21, no information on depth or production.

Callahan County
L. A. Warren et al's No. 1 R. D. Williams-Wittmer, S. P. Ry-section 302, July 18, 396 barrels.

L. A. Warren et al's No. 1 B. P. Cozart M. Cherry survey A-110, April 21, 596 feet, 61 barrels.

Coleman County
Anzac Oil corporation & Semmes' No. 4-C J. P. Morris, 5,200 feet, no information on depth or production.

Eastland County
W. J. Greer, J. E. Hardy survey, May 22, 2,191 feet, 2,200 barrels.

Lone Star Gas Co's No. 1 G. P. Mitcham, section 476, S. P. survey, June 16, 3,890 feet, 2,309,000 cubic feet of gas.

Jack County
A. E. Sewel et al's No. 2 George Edwards, BBB&C Ry. survey A-104, February 15, 944 feet, 5 barrels.

Pitzer & West et al's No. 1 F. Warren, TE&L, section 2,784, February 26, 4,418 feet, 167 barrels.

Nelson Oil syndicate's No. 1 O. M. Bridwell, T. B. Riddle survey A-1647, August 16, 4,405 feet, 1,660 barrels.

R. D. Compton et al's No. 1 Robert Wilson, H. H. Fuquany survey A-217, February 22, 386 feet, 20 barrels.

Jones County
T. D. Humphrey's No. 2 Guitar, section 44, blk. 15, T&P survey in Guitar pool, June 9, 2,139, 40 barrels.

R. R. Carroll's No. 2 Herndon, sub. 3, Goliad C. S. L. survey 359, December 12, 2,895 feet, 10 barrels.

Kittery Oil Co.-J. L. Douglas' No. 1 J. M. Blanton, S. L. Underwood survey 1, July 8, 1,632 feet, 33 barrels.

N. H. Martin & Son's No. 1 Wirt Davis, sub. 7, Mrs. F. M. Smyth survey 3, September 11, 1,716 feet, 35 barrels.

J. H. Sprouls et al's No. 1 J. Nichols, T&P section 47, blk. 16, February 18, 1,791 feet, 15 barrels.

Nolan County
Green & Owens et al's (now Hose & Metcalfe) No. 1 S. C. Tip-

ton, section 43, T&P blk. 19, 4-370 feet, 116 barrels.

Palo Pinto County
J. W. Lane and W. D. Dilbeck's No. 1 Dalton, section 1789, TE&L survey, March 2, 1,220 feet, 75 barrels.

Post Oak Oil Co's No. 1 R. S. Dalton, NE 1-4 section 1789, TE&L survey, February, 1,240 feet, 12 barrels.

Shackelford County
Jessie L. Douglas' No. 1 W. D. Baker, section 210, E. T. survey, January 6, 1,883 feet, 50 barrels.

Roeser & Pendleton, Inc.-Continental Oil Co's Cook 2-A-89, near E. T. Ry., section 89, July 29, 1,464 feet, 3,000,000 cubic feet of gas.

B. & F. Bonded Cotton Warehouse Co's No. 1 E. Shell, near NWE section 14, Blind Asylum lands, September 13, 422 feet, 5 barrels.

Fain McGaha Oil Corp. et al's No. 1 E. S. Dawson-Conway, P. G. Holcomb survey, September 18, 1,496 feet, 37 barrels.

Stephens County
Wittmer Oil & Gas Properties-Knight & Ewing's No. 2 B. D.

Loving, C NW NE section 11, Orphan Asylum lands, November 28, 2,263 feet, 6,000,000,000 cubic feet of gas.

Wittmer Oil & Gas Properties-Knight & Ewing's No. 1 B. D. Loving, section 66, Blind Asylum lands September 10, 3,512 feet, 1,200 barrels.

T. G. Shaw, Tr., No. 1 S. P. Stroud, G. W. Newton survey A-128, October 21, 2,602 feet, 140 barrels.

George E. Fagg's No. 1 W. B. Richardson, section 5, blk. 3, S. P. survey, December 5, 4,028 feet, 232 barrels.

Stonewall County
Forest Development Co. and King Drilling Co's No. 1 Boyd, section 45, blk. D, H&TC survey, April 1, 4,690 feet, 188 barrels.

Throckmorton County
Industrial Oil Corp.-A. G. Bedner's No. 1 T. Morrison, TE&L survey, section 1614, April 832, 12 barrels.

Payne & Patterson's No. 1 R. W. Kelly, SW 1-2 section 2, J. B. Graham survey, A-1412, April, 778 feet, 23 barrels.

Young County
K. R. March et al's No. 1 Hunt-McClatchey, TE&L, section 79, March, 1,134 feet, 40 barrels.

Carl Leidecker-Bryson Oil & Gas Co's No. 1 J. M. Nalls, TE&L, section 1997, June, 4,465 feet, 1-248 barrels.

G. A. Langlie-R. G. Flato-Geo-

Haddaway's No. 1 T. F. Harmon, Susan Sallie survey, March, 590 feet, 8 barrels.

E. W. Hunt et al's No. 1 H. M. Goss, TE&L, section 1592, October, 1,221 feet, 5 barrels.

C. W. Clark et al's No. 1 H. M. Goss, TE&L, section 1592, February, 1,207 feet, 4 barrels.

R. R. Brader-O. Groves et al's No. 1 J. L. Clark, C. Newhaus survey A-1814, February, 3,865 feet, 43 barrels.

Cosden Petroleum Co's No. 1 Shanafelt, section 11, AB&M survey, September 16, 2,800 feet, 283 barrels.

Mid-Continent Petroleum Corp's No. 16-B R. D. Owens, R. D. Owens survey A-2245, March, 4-005 feet, 401 barrels.

W. E. Production Co's No. 1 W. J. Dodd, TE&L, section 647, July, 4,394 feet, 192 barrels.

Henry Zweifel et al's No. 1 R. L. Martin, J. Gates survey A-111, January 11, 2,518 feet, 11,000,000 cubic feet of gas.

Dublin Physician Killed in Wreck Near Gorman

Dr. O. O. Gain, 57, prominent Dublin physician, was killed and his body burned in the crash of a coupe and a gasoline truck on a narrow bridge as Dr. Gain drove from Dublin to Blackwell Sanitarium to see a patient, Mrs. S. W. Casey. The truck, with 1,200 gallons of gasoline in its tanks, burst into flames, enveloping both machines. Stone was able to escape from his cab, but Dr. Gain, believe to have been killed by the impact, was trapped in his blazing machine. It was several hours before rescuers could remove his charred body from the burning wreckage. This was accomplished about 1 o'clock.

Rev. Lambert Speaks Over Dublin Station

Speaking from radio station KPFL at Dublin Tuesday, under the auspices of the Eastland County Better citizenship league, the Rev. Clark W. Lambert, pastor of the First Christian church, Cisco, made the following statements:

"The way to test the value of any institution is to compare its finished product with its raw material. If the product is worth more than the raw material, then the institution is doing good and ought to survive. If the product is worth less than the raw material, the institution is evil and ought to be discontinued.

"We investigate the saw mill. We find that its raw material is logs fresh from the forest. Its finished product is lumber ready for building. A great improvement has been made. We rightly give our approval and encouragement to the saw mill and tell it to go on and be a blessing. We come to the cotton mill and find that out of the raw material of cotton it is making the much more valuable useful cloth. We 'O. K.' the cotton mill and tell it to go on. We come to the auto factory and find that out of a multiplicity of raw materials that have no value in the undeveloped state they are making wonderful cars that have great value. We say this factory is doing a great and good thing for humanity and let it go ahead. We come to the school and find that its raw material is the bright and hopeful and promising, but ignorant, youth of our land. We ask what is the finished product, and learn that it is this same fine group of boys and girls educated, refined and prepared for life. We put our stamp of approval upon the school and pour out our money in millions of dollars to help it keep good work going. We come to the hospital and learn that from the raw material of sick and disabled and crippled bodies it turns out the finished product of bodies that are healed and well and whole, and we say, 'God bless you, go ahead and do all that kind of work you can.' We say to all such institutions: 'Your finished products are worth so much more than your raw materials that you are indeed humanity's benefactors.'

"But, when we come to the liquor traffic and ask, 'What is your raw material?' the answer is the fine young men and women that the school and home has prepared for life. We ask, 'what is your finished product?' The only truthful answer is: The finished product is a ruined life, a besmirched character, the girl who lost her good name, the man who has lost his job through drink, the auto wreck that has cost sev-

Relief At Last For Your Cough

Even if other medicines have failed you may get relief now with Creomulsion. Chronic bronchitis can develop if your chest cold is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood essence by special process with other medicinal medicines for coughs. Contains no narcotics. No matter how many medicines you have tried, tell your druggist to give you a bottle of Creomulsion with understanding that you are to take it. It will quickly allay the cough, permitting rest and sleep, or have your money back. Creomulsion is the name Creomulsion is on the label and you will get the genuine product and the relief you want. **CREOMULSION** For Coughs, Chest Colds, Bronchitis

Ranger Future Farmers to Exhibit at Show

eral lives, the penitentiary sentence given for a crime committed in unconscious drunkenness, the once happy home that is ruined forever, the once honorable husband who now goes reeling home late on Saturday night penniless, having drunk away and gambled away his pay check paid him at quitting time. He goes home and abuses his wife and horrifies his children. These and thousands of similar things are the finished product of the liquor business. They are always worth infinitely less than the raw ma-

terial. How can we go back to the polls next Saturday and by our votes offer this institution our boys and girls as raw materials on which to run its business?"

"Our country was made great and can only be kept great by men and women with abiding convictions about right and wrong. If an institution's program demerits our approval, it cannot be made right by the fact that it has financial advantages for a few interested people. If it made us all rich, it would still be wrong. If it caused the grocer to sell

more groceries instead of less, the dry-goods man to sell more clothes instead of less, the shoe man to sell more shoes instead of less and every business to thrive at the expense of manhood and womanhood, it would still be wrong.

"Strong drink has never brought prosperity and never can. But if he could, God's words would still be true: 'Woe unto him that buildeth a town with blood and establisheth a city by iniquity.' 'So, to every citizen of Eastland county who wants to be a

CONFERENCE EXPECTED TO ATTRACT 350

Judge C. H. Welch, attorney and layman from Breckenridge, will speak to the members of the Cisco Baptist association workers conference which convenes here on Friday, March 1. His subject, school gym Monday morning.

This conference is expected to draw from 350 to 400 Baptists from over the association. Many of the members are from the rural districts.

Other speakers on the program are Dr. J. M. Bradford, pastor of the Coggin Avenue Baptist church at Brownwood; Norman Sanders, Gorman; Jones Weathers, Eastland, and Henry Weldon, Albany. All speakers will bring their messages to the entire group on Friday morning, and the Women's meeting and board groups will be held in the afternoon.

Lunch will be served at noon by the women of the local church.

When Adolf Hitler was a boy he was "captain" of a wooden-sworded, paper-helmeted army of youths which paraded the streets.

True American, to say nothing of being a Christian, let me urge you to go to the polls Saturday and vote for the right and claim the Lord's great promise: 'Trust in the Lord, and do good; so shalt thou dwell in the land, and be fed!'

6,500 Firms Handle Outside Products

AUSTIN, Feb. 29 (Sp)—Handling of products processed outside Texas and imported for wholesale distribution occupies approximately 6,500 firms; University of Texas bureau of business research officials said today.

Released today, the bureau's Directory of Texas Wholesale Firms counts that number of distributing agencies handling about 175 varieties of products and operating in 145 Texas cities and towns.

The directory, edited by Mrs.

Rousse Will Address County Teachers Ass'n

Thomas A. Rousse of the University of Texas will address the meeting of the Eastland County Teachers association, to be held at Eastland Saturday, March 2, at 9:30 a. m. it was announced today. W. G. Womack is president of the association.

The program for the meeting was announced by Miss Charlton Marx as follows:

9:30 Group singing—Led by Miss Vernelle Stinson.

9:45 Devotional—Jones W. Weathers, First Baptist church, Eastland.

10:05 "Andante Cantabile," organ solo, Widor—Mrs. Donald Kinnaird.

10:30 Address—Thomas A. Rousse, University of Texas. 11:10 Business session.

Clara H. Lewis, supplements the bureau's Directory of Texas Manufacturer. It does not include firms which distribute only products which they manufacture in this state.

Ranging from boats and marine supplies, china, explosives, hats and hosiery to such commodities as leather goods, textiles and costume jewelry, the directory lists 374 concerns wholesaling oil well and refining machinery to serve

Texas' vast oil industry, and 583 companies distributing petroleum and its products, including oils and greases.

Dallas is shown as the largest distributing center of the state, with 2,263 firms operating from that city, while Houston lists about 790, Fort Worth about 500 and San Antonio about 400.

Advertising is not an expense—its life blood of any business

A Modern Linerider

On the Range.

"... for he's a jolly good fellow"

HE'S no softie, this Modern Linerider. Like the old-time cowboy, his work calls for plenty of nerve. His face is sunburned. His muscles are hardened by many hours out-of-doors, climbing 50-foot poles and clinging tenaciously to cross-arms while dodging "hot" wires that might otherwise send him hurtling to the ground—and sudden death.

He works under tremendous pressure. Many of his jobs are like that at Clyde, struck by a tornado on June 10, 1938, in which 12 persons were killed and communications completely disrupted. Linemen rushed to the stricken area and had light and power service restored just 32 minutes after the tornado hit. Sometimes it is an immediate need for electric power, such as occurred in the McCamey area when oil first was discovered. A hundred miles of line were built and put in operation in the world's record time of exactly 60 days.

Some are college graduates. Others have the equivalent in actual experience. All are highly trained and skilled workmen. They work hard—and play hard. They are good citizens, loyal to their communities and supporting civic enterprise. They are among the hundreds of men and women working "behind the scenes" to make Electric Service efficient, dependable and economical here. On them we bestow a title of honor—"Modern Lineriders."

This is the third of a series of "THUMBNAIL SKETCHES" portraying the work performed by our Linemen in bringing ELECTRIC SERVICE to your home

West Texas Utilities Company

THREE CHEERS FOR THE FFA and 4-H CLUB BOYS

The nation's spotlight is being focused on the Livestock Industry in Cisco and this area. FFA and 4-H Club Boys have brought honor to all West Texas. Outstanding work has won unstinted public approval for the movement, which, in

effect, is based on service to the community. It has been instrumental in teaching the youth of this region to be self-supporting, progressive, and independent. It has made Cisco a better place to live.

It is a service we encourage as a Public Servant... Our aim is to make better living conditions for each generation so that life may reach the peak of happiness for every individual.

Panama Canal Has Growing Pains

U. S. Starts \$277,000,000 Job Building Second Set of Locks

Waterway Is to Be Insured Against Bombers By New Construction Program

By JOHN RICE
NEA Service Special Correspondent

BALBOA, C. Z., Feb. 29.—Every morning at 8 o'clock a hooded, khaki-clad, business-like man strides into a bare little office in the new construction town of Liabio.

He is Col. Thomas B. Larkin, army engineers, energetic center-point of \$277,000,000 worth of construction work on the third set of locks which will bring the Panama Canal up to date.

The new locks, larger than the old, will be single instead of in twin sets like the present ones, and will be located a half-mile to a mile away from them. They will provide for boats too large for the present locks, and reduce the danger of air raids damaging the locks and thus blocking the canal.

Three hundred families and 500 single men live and eat in the new quarters which make up Liabio. They are the advance guard of the 20,000 workers who will descend on the Canal Zone in 1941-44 to dig 85,000,000 cubic yards of dirt.

PLAN NEW TOWNS ON TWO OCEANS

Colonel Larkin, who built Fort Peck dam in Montana, is directing preliminary work. Crews of diamond drillers are testing foundations for new locks and bypass channels.

Liabio is headquarters of the job. Later two more towns must be built. Agua Clara on the Atlantic side and Cocoli on the Pacific. These, with preliminary surveys and plans, will occupy Colonel Larkin and his engineers for the rest of this year. It will also use up most of the \$15,000,000 appropriated. The remainder of the job has been ordered done by congress, but the money has not yet been appropriated.

Most of the labor will have to be brought in, largely from Jamaica, for American laborers can't stand the sun of the Canal Zone, and Panama can only furnish about 7500 of the needed 20,000. Engineers, skilled mechanics, construction bosses, and technicians will be brought from the United States.

BLUE EYED, tanned, vigorous Colonel Larkin has been handling big engineering jobs for the army ever since graduating from West Point in 1915. Ft. Peck, biggest earth dam in the world, was also his biggest job up to now, but it's behind him.

From Montana to Panama was a tough shift—the heat had the Larkin family down for a while.

The general lines of the job are clear. The present canal locks are in twin sets, each 1000 feet long and 110 feet wide. Already there are ships which will not go into them. So bigger locks are needed to take the ships of the future.

Also the present locks are side-by-side. A single lucky air-raid might put the whole thing out of commission. So the new locks, 1200 feet long by 135 feet wide will be built from a half-mile to a mile away. It complicates the problem of attack. In general

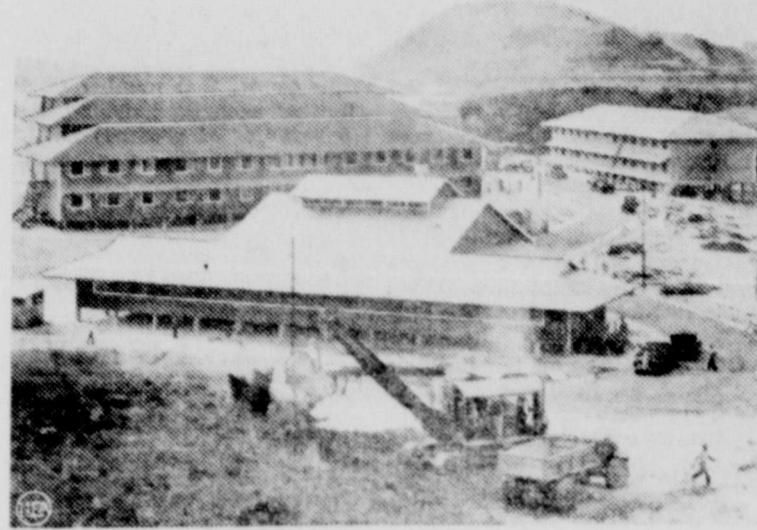

Col. Thomas B. Larkin, Center-point of \$277,000,000.

the lock problem is gigantic, but familiar.

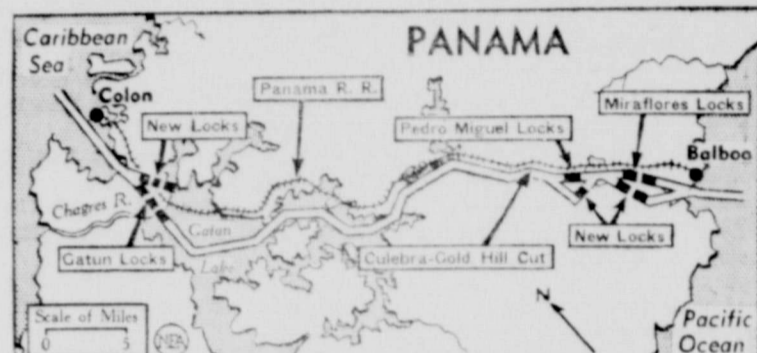

PROPOSE TO SAFEGUARD VULNERABLE DAM

There are details, though which are not yet settled. What to do, for instance, with the vast bulk of earth dug out? Undoubtedly part of it will be used to relocate tracks of the Panama railroad, which now crosses ground which will be dug up.

Henry G. Martin, chief geologist of the Canal Zone, has an idea for some of the rest. He would divide the unnavigable parts of Gatun Lake into sections by earth dams. Gatun Lake is regarded as the most vulnerable

First picture of Panama's new city, Liabio, a construction town going up to house workers digging new locks.

Here's how Uncle Sam is going to put in additional locks at Panama, making two canals, so far as locks are concerned.

part of the whole system. If Gatun Dam were destroyed at present, water needed for navigation and operation of the locks would be lacking. With the lake chambered off, water would be retained even if the main dam were hit, and it would be harder to cripple the canal.

But the new locks suggest that still greater water supplies than are provided by Gatun and Madden dams might be needed in future. So plans are being studied for another lake reservoir in the Chagres river above Gamboa. It is things like this which Colonel Larkin must figure out before actual large scale construction work starts next year.

President James Monroe was first buried in Marble cemetery, New York city, but was later interred in Hollywood cemetery, Richmond, Va.

Michigan, although an inland state, has the longest coastline of any state in the union, more than 3,000 miles. The Atlantic coast line is 1,773 nautical miles.

Three Naval Ships Have Been Named "Texas"

Three ships of the United States navy have borne the name of Texas. The first of these was an iron-clad ram built and in the service of the Confederate States. It was captured at the fall of Richmond, Va., on April 4, 1865, and put in service of the U. S. navy. This ship was sold by the U. S. government on October 15, 1867.

The second U. S. S. "Texas" was a second-class battleship authorized by an act of congress on August 3, 1886. This ship was an armored vessel of 6,315 tons, built at Norfolk, Va., and launched on June 28, 1892. During the Spanish-American war of 1898 the "Texas" assisted in the destruction of Cayo del Toro and also took part in the battle of Santiago. The ship's name was changed to San Marcos on February 16, 1911, and on October 11 of the same year the San Marcos was used as a target and stricken from the list of U. S. navy ships.

The third (and present) U. S. S. "Texas" is a first-line battleship of 27,000 tons displacement and has a main battery of 10 14-inch and 12 5-inch guns. The ship is 573 feet long, and has a beam of 106 feet. It has a complement of 1,507 officers and enlisted men.

A large percentage of the crew of the battleship "Texas" are native Texans who enlisted at the U. S. navy recruiting station at Dallas, Fort Worth, Waco, Wichita Falls, Abilene and Marshall.

Most of the conveniences of a modern city are found on board the battleship "Texas". A telephone system links all departments of the ship. Shops equipped with most modern machinery and in which approximately 55 trades are represented are built in as parts of the ship. For the comfort and convenience of the "Texas" crew there are two ship's stores which sell at reduced prices candies, tobacco, magazines and many other articles desired by the sailor at sea. Profits from these activities go into the crew's amusement fund.

The crew's reception room is fitted out like that of a first-class civilian club and contains a library of more than 2,000 books. A motion picture show at which the best current releases are shown is held each night, weather and other conditions permitting.

A ship's newspaper, "The Texas Steer," is published weekly in the ship's print shop and distributed free of charge to the crew.

The battleship "Texas" is now stationed on the Atlantic coast of the United States.

CITY ELECTION IS SET FOR APRIL SECOND

The city commission Tuesday night ordered a formal order calling a municipal election for Tuesday, April 2, to elect three commissioners for two years to fill as many vacancies automatically occurring this year.

There are six candidates for the three places so far. They are Commr's J. R. Burnett, H. C. Henderson and W. R. Winston and Charles J. Kleiner, A. V. Clark and Edward Lee.

The commission set noon Saturday, March 2, as the deadline for filing of the names of candidates in order to have them printed on the ballot.

Routine matters for the most part occupied the remainder of the session, which was attended by all members of the commission.

Purchase of a set of decorative bunting to be used on special occasions in common with the business houses of the city was ordered.

In Virginia, state relief funds are granted to counties on a population basis but county officials must match every state dollar with 60 cents of county funds.

For relaxation, Andre Tardieu, former French premier, reads American detective stories.

25 Texas Firms Fail in January

AUSTIN, Feb. 29 (Sp)—A total of 25 Texas business firms met commercial failure in January, eight more than in December, but six less than in January a year ago, the University of Texas bureau of business research has announced.

Total liabilities of the bankrupt concerns were \$254,000, an average of only \$10,000, compared to \$27,000 in December and \$28,000 in January a year ago.

Total liabilities of the bankrupt concerns were \$254,000, an average of only \$10,000, compared to \$27,000 in December and \$28,000 in January a year ago.

Dairy Production Slowed in January

AUSTIN, Feb. 29.—Output of dairy products in Texas slowed down during January, the University of Texas bureau of business research has reported.

Cheese factories held production 6.2 per cent above January last year, but the estimated 9,000 1,061,000 pounds, was 5 per cent under December.

Creamery butter production was estimated at 1,991,000 pounds, or 9.6 per cent and 5.2 per cent under December and January a year ago.

Freezing weather cut ice cream production 22.5 per cent below that of warm December, to an estimated total of 354,000 gallons, or only 1.8 per cent under January, 1939.

The normal tendency from December to January, the bureau's report pointed out, is for butter production to drop 6.3 per cent, for ice cream and cheese to gain 12.8 per cent and 6.6 per cent respectively.

Senator Carter Glass of Virginia was once a printer's "devil."

Domestic money orders in the United States first were issued on November 1, 1864.

New Well Started In Stephens County

BRECKENRIDGE, Feb. 29 (Sp)—Starting another well in the southwestern corner of the county in the play about the Loving pool, and reports that another well will be started in the Stribling area in the near future, featured the old situation here.

Pitzer and West have moved in spudder rig for a semi-wildcat test on the 1,200-acre block owned by Swadino Oil company of Abilene. The Abilene firm turned over 80 acres, located a mile and a half southeast of the dry test sunk by these operators. Location is in the center of the southwest quarter of section 9, OAL survey. It is on the Campton land.

It was said that Wichita Falls interests are preparing to drill another outcrop to the Stribling pool, west of Crystal Falls.

In that section Greathouse and McAdams are expected to set pipe

this week in their two operations as outposts to that pool.

Echols et al have been shut down for about a week on their Carter land test in Palo Pinto county, about five or six miles from Stephens county line. This hole has been carried to 600 feet.

JUDGE and JURY

We are asking you, Mrs. Home Maker, and you, Mr. Bread Winner, to be both Judge and Jury regarding the livelihood of several families in Cisco.

Like a court of law, every family has its judge and jury, responsible for making decisions before any purchase is made.

We urge you to not add to the list of those already unemployed in Cisco by using Out-of-Town Bread that builds the payroll of other cities and diminishes the payroll of Cisco.

CONSIDER THESE POINTS

1. Our Bread is UNSURPASSED in quality by any foreign bread sold here now.
2. Several families depend directly upon the baking industry of Cisco for their livelihood.
3. We do our part in supporting local schools and city and county government through taxes.
4. The payroll (and we certainly need it) goes into all channels of local trade to make for a more prosperous community.

THINK THESE THINGS OVER CAREFULLY AT YOUR FIRE-SIDE AND DECIDE TO BUY ONLY CISCO-BAKED BREAD. We're asking for a chance to continue our contribution to the economic welfare of Cisco.

Texas Has Passed Halfway Mark in Soil Conservation

COLLEGE STATION, Feb. 29 (Sp.) — Texas has passed the half-way mark in soil and water conservation.

Estimates compiled from county agricultural agents' reports show that some 30,000,000 acres of Texas crop land because of slope, amount of rainfall and type of soil need conservation measures to hold soil and rainfall.

At the end of 1939, the score of the 24-year-old conservation campaign stood: Protected, 16,000,000 acres; unprotected, 14,500,000 acres.

The past year saw 766,211 acres of crop land terraced, according to M. R. Bentley and C. (Dutch) Honn of the Texas A. & M. Extension service. County-owned tractor-grader outfits in 172 counties accounted for 410,991 acres of this total.

Furrow damming and pit cultivation, two relatively new conservation practices, were especially popular in the Panhandle and South Plains area, with 426,625 acres protected by furrow damming and 1,254,699 by pit cultivation. An estimated 1,500,000 acres were farmed on the contour for the first time.

New records were set in conservation measures on pastures and range land as 56,689 acres of grassland were terraced; 97,800 ridged; 195,736 contour-furrowed, and 30,904 acres chisled or sub-irrigated.

Spreader dams built in 1939 will divert run-off water and spread it over 108,855 acres of grassland.

Much of the work on range and pasture land was done in cooperation with the AAA's range conservation program.

Although we started this work back in 1916, and 24 years later have only reached half of the Texas crop land, the job really is more than half done," Bentley said. He pointed out that demonstration must always precede action, and that most farmers and ranchers now are satisfied that conservation measures are practical.

"For many years county agents, vocational teachers, and farm leaders fought this problem by themselves," he added. "Now they have the help of such agencies as the Soil Conservation Service, the AAA, the NYA, and the Farm Home Administration. The state conservation courts are helping their equipment available, and the law of which formerly presented a big problem.

"Now that Texas is organizing soil conservation districts, the whole tempo of conservation will be speeded up. The same can be said for the work of the county agents."

Legal Notice

NOTICE OF ELECTION

A resolution ordering a general municipal election to be held in the City of Cisco, on April 2, 1940, for the purpose of electing three city commissioners, for said city.

BE IT RESOLVED by the City Commission of the City of Cisco, that a general municipal election be held between the hours of 8:00 o'clock a. m. and 7:00 o'clock p. m. on April 2, 1940, in the City Hall in the City of Cisco, Eastland County, Texas, to be participated in by the qualified voters of said city, for the purpose of electing three City Commissioners for such city.

Be it Further Resolved that the City Secretary give proper notice of such election by publication of a true copy of this resolution in the Cisco Daily Press, for twenty consecutive days, the first publication being not less than twenty full days prior to the date of such election.

I, Lonnie Shockley, Secretary of the City of Cisco, do hereby certify that the above and foregoing is a true and correct copy of a resolution adopted by the City Commission at its regular meeting on February 27, 1940, as the same appears upon the minutes of said Commission.

Dated this 27th day of February, 1940.

LONNIE SHOCKLEY, Secretary, City of Cisco.

Teachers Ass'n Convention In Abilene in March

The annual convention of the Oilbelt district, Unit No. 7, of the Texas State Teachers association will be held in Abilene on Friday night, and Saturday, March 15 and 16, according to word from S. E. Pass, secretary, to Supt. R. N. Cluck.

The general sessions Friday night and Saturday will be held in the auditorium of the Abilene High school.

The two-day program will be as follows: Friday evening, 7:30—first general session, in the Abilene high school auditorium. Speakers: Dr. Walter E. Myer, director, Civic Education service, Washington, D. C.; Dr. Arthur F. Corey, director, public relations, California Teachers association.

Saturday morning, 9—second general session, Abilene high school auditorium. Speakers: Dr. George S. Counts, Columbia university; Dr. Harold Rugg, Columbia university; Mr. Charles H. Tennyson, president Texas State Teachers association.

Music: A Capella chorus, North Texas State Teachers college.

Saturday noon, luncheon as follows: School executives, ballroom, Hilton hotel; English, library groups, Blue room, Hilton hotel; art section, high school cafeteria; homemaker group, ballroom, Wooten hotel; A. A. U. W., Hilton hotel.

Saturday afternoon, 2—Sectional meetings.

Saturday afternoon, 2:30—District house of delegates.

Completion of the Lufkin newspaper mill, using for the first time in the world southern pine. Other interesting developments have come from the chemurgic laboratories at North Texas State Teachers college, where Gilbert C. Wilson, farm industrial chemist, has been undertaking extensive research on the dehydration of the sweet potato. In furtherance of this work a semi-commercial pilot plant has been in operation for several months making an edible whole dehydrated product for use in fancy baking. Some 1,500 pounds of this commodity has been sampled to various sections of the state, and school officials, working in cooperation with the Denton chamber of commerce bureau, who have been assisting financially with the project, report most favorable results. Plans are now under way for enlargement of this industry.

Mr. Wilson has announced that his dehydration, commonly referred to as the "Wilson Process," will be completed in commercial form for display during the coming spring display.

North Texas State Teachers college offered the first chemurgic course of instruction in the United States last summer under the direction of Mr. Wilson. Industrial research facilities have been expanded since that time and sev-

eral Texas industrial organizations are now cooperating on specific chemurgic problems.

Exhibits are planned at the chemurgic meeting to include only those Texas products made in industrial plants through farm chemurgic methods.

Emphasis will be placed on chemurgic subjects that hold immediate industrial possibilities to Texas industrialists, according to school officials arranging preliminary details of the conference.

Farm Chemurgic Conference to Be Held at Denton

DENTON, Feb. 29 (Sp.)—An all-Texas farm chemurgic conference will be held at North Texas State Teachers college, April 26-27 featuring chemurgic subjects that hold immediate industrial possibilities to Texas, according to President W. J. McConnell of the college.

This will mark the second annual chemurgic conference held at Denton. Plans have been announced for extending the scope of interest in the coming meeting by presenting phases of the movement to all sections of Texas. To coordinate the program President McConnell has invited representatives of the South Texas, East Texas and West Texas chamber of commerce to sit as a board of governors in arranging the program.

Interest in farm chemurgic in Texas has reached new highs during the past year with the com-

mercial meetings.

District Census Chief Talks to CofC Directors

The Cisco chamber of commerce board of directors Tuesday night heard Jesse C. Shipman, supervisor of the census for the 17th congressional district, discuss the census program and ask for cooperation in developing a "sympathetic attitude" among the people. The census, required every ten years by constitutional law as a periodical "inventory" of national population and resources, is now under way. The manufacturers and business enumeration is first being taken. The enumeration of population will begin in April.

Information obtained is absolutely confidential, available to no other department of the government, it was emphasized.

While compliance with the census is compulsory, Mr. Shipman explained that the government is anxious to secure the voluntary and "sympathetic" cooperation of the public, both to make unpleasantry unnecessary and to secure the fullest possible response to requests for facts.

The board promised to cooperate in every feasible way. A committee headed by J. J. Collins has been named to cooperate with the census takers in securing the most complete and satisfactory enumeration here.

The board elected its president, B. A. Butler, as Cisco's director of the West Texas chamber of commerce this year. Cisco is one of the cities in the regional organization's area which has gone over the top in membership subscriptions this year.

The new soil testing apparatus ordered by the chamber of commerce to be used in the vocational agriculture work of the high school under the supervision of T. G. Caudle has arrived. Sec'y P. R. Warwick reported. The apparatus will be used first in the castor plant test program.

The board approved the suggestion of the forum committee that Harry Hines, of the state highway commission, be invited as the guest of honor for a forum dinner this spring. The committee will invite Mr. Hines at its discretion.

NEW FORD TRACTORS FOR TEXAS

Photo shows, left to right, Colonel Harry Stewart, President of Bull-Stewart Equipment Company; E. C. Sherman, President Ferguson-Sherman Manufacturing Corporation, national distributors for the new Ford Tractor with Ferguson system, and Charles E. Sorensen, widely known executive of the Ford Motor Company, at Dallas recently as they greeted the two Missouri-Pacific, Texas-Pacific trains. These trains brought to Texas the largest single shipment of agricultural tractors ever made in the United States.

Local Dealer Attends Ford Tractor Meeting

R. L. Shaw, of the Shaw Tractor & Equipment company, local Ford tractor dealer, is home after attending a meeting in Dallas conducted by the Bull-Stewart Equipment company distributors in this territory for the new Ford tractor with Ferguson system.

With him came a carload of the new tractors and Ferguson implements which Mr. Shaw predicted would be the forerunner of hundreds more for distribution to farmers in this district.

More than 300 dealers, salesmen and service representatives from cities and towns throughout Texas attended the meeting at

which sales and service policies for 1940 were outlined. The meeting was made particularly interesting by addresses delivered to the dealers by E. C. Sherman, president of the Ferguson-Sherman corporation, national distributors for the Ford tractor, and by C. E. Sorensen, widely-known executive of the Ford Motor company.

Mr. Sherman, Mr. Sorensen, H. S. Jenkins, manager and John L. Keller, assistant manager of sales for Ferguson-Sherman were joined by Colonel Harry E. Stewart, president, Carl H. Graham, vice-president and general manager and James R. Stratton, manager of the Tractor Division of the Bull-Stewart Equipment company, in ceremonies held at noon the day of the meeting to welcome the arrival of two special trainloads of the new tractors. Commencing what is believed to be the largest single shipment of agricul-

Show Business Big for 4-H Boys in 1939

The show business was big business for Texas 4-H club boys during 1939 as they exhibited 17,007 head of livestock at 170 shows, collected premiums totaling \$31,245.33, and made sales that brought in \$254,762.25.

Beef calves, fed out and trained by the club members lead in volume, with 2,776 head. The annual report of L. L. Johnson and J. W. Potts, state boys' club agents of the Texas A. & M. extension service, shows that the calves brought premiums of \$16,774.14. The total weight of the animals sold at show sales was 1,838,931 pounds, and receipts totaled \$186,798.31.

In addition to local, district and state shows, Texas 4-H club beef calves, fed under the supervision

Lineup: Cisco, Howser and Taylor, forwards; Heysler, center; Childress and Barnhill, guards; Scranston, Boland and B. Purvis, forwards; Brummett, center; M. Purvis and Starr, guards.

Lobos Defeat Scranton 36 to 14

The Cisco Lobo basketball team defeated Scranton 36 to 14 in a post-season game at the high school gym this morning.

The Cisco team played a tight defensive game. Barnhill, smallest player on the court, was high point man with 15 to his credit for the game. Howser rang up 10 of the Cisco points. Boland was high for Scranton with eight.

Sweet Potato Dehydration Plant Planned

DENTON, Feb. 29.—Possible establishment within the next few months of a sweet potato dehydration plant in Texas was discussed at a meeting of the board of directors for the East Texas Sweet Potato Dehydration Pilot Plant association in Longview last week.

There were 3,757 sheep and lambs exhibited, weight 283,212, premiums of \$3,806.79, and sales brought in \$24,245.36.

Club boys showed 5,172 head of swine, weight 584,358, premiums \$5,600, and and total sales \$32,401.08.

Few of the 1,361 dairy animals exhibited were sold, but the few individuals offered brought fancy prices that totaled \$5,680. Premiums added up to \$3,391.75.

The 12,967 poultry entries brought premiums of \$1,672.64. Again most of the birds were kept for future demonstrations, but sales came to \$5,637.50.

Livestock Movement From Ranches Down

AUSTIN, Feb. 29 (Special)—Movement of livestock from Texas ranches slumped 29.4 per cent last month from shipments during January, 1939, according to the University of Texas bureau of business research.

Shipments of cattle dropped from 4,505 carloads to only 2,761 cars, calves from 976 cars to 847, and sheep from 522 cars to 409. Hog shipments numbered 669 cars, a gain of 4.7 per cent. Total movement of all classes of livestock was 4,686 cars.

All funds to date on the research have gone to NTSTC for development of the Wilson press. W. N. Masters, head of the teach-

ers college chemistry department, was elected secretary-treasurer of the organization at a meeting of the board of directors last week. Successful completion of the press, and sale of patent rights to the equipment, would mean the establishment of a special research fund to carry on other work in the department, according to Wilson.
