## CROSS PLAINS **COUPLE DIE** IN ACCIDENT

Car Hits Dips, Crashes Into Tree on Right of Way

A Cross Plains couple were fatally injured Monday afternoon in a highway accident two miles west of that community. The man, Tom Holmes, an oil well driller, died en route to Cisco and his wife died at 10:30 in a local hospital of injuries which attandants said consisted of both legs broken, chest and head injuries.

The accident occurred at 3:30 yesterday afternoon when the Holmes automobile, apparently driving at a rapid rate, hit two dips on highway 206, went out of control and crashed into a liveoak tree on the right-of-way. The tree was uprooted in the impact. Mrs. Holmes died of a head frac

ture, which opened the skull, Rites for the couple will probably be held in Fort Worth, where two sisters of Mrs. Holmes The bodies were taken to Fort Worth by a Fort Worth undertaker Tuesday. Arrangements for the services awaited word from a brother of Mr. Holmes in

duct of the war, are beginning to hear on the trip across. distant rumblings that sound distressingly

the Chamberlain government's war policy, is Hitler a gift of old metal on his birthday, and children. Also, as action be-said. beginning to have some qualms about the April 20. The temptation to deliver hot lead dead stream from the front into ish war. The party has under consideration 13 may be overwhelming. separate resolutions for withdrawal of support. The various proposals will be debated at the labor party's Whitsuntide conference get into trouble with the Japanese.

May 13. War leaders obviously are disturbed. The hostility of the labor party would

seriously menace Britain's home front. In the meantime, other pacifist groups, emboldened by the lengthy prelude to actual Published each afternoon, except Saturday, and warfare, are becoming too articulate for the Sunday morning at Cisco, Eastland County, Texas, government to ignore. Chief among these rated under the laws of the state of Texas. Editori- groups is the Public Economy League, formal and Publication offices at 304-306 D Ave., Cisco, ed during the World war to promote sound economy. Its members argue that a long war might conceivably mean defeat of Hitlerism and the prostration of an exhausted Germany, but that England, too, would be economically and morally bankrupt.

ON top of all this, H. G. Wells, who still enjoys an appreciable British audience and A home-owned and home-controlled news- who has been a constant critic of British war land county, independently democratic in politics, aims, has come to the conclusion that the government is "grossly incompetent." Wells said Second Postal Zones, Per Year, \$3.50. Rates Higher that a recent British government publication Within Other Zones. Weekly Rural Edition, per showed that "we are fighting for the British empire and imperialism."

"If this is the stuff we are fighting for," he said, "then it is foolish to fight."

THE trouble is not so much a conflict with the Chamberlain government as with the fundamental principle of war itself. While Entered as Second Class Matter December 11, the military has been getting up steam for 1934, at the post office at Cisco, Texas, under the the big offensive, the populace of Britain has had time to wonder whether it's a smart idea to have a war at all.

The World war brought this cynicism and eventual disillusion, too-but not until with showers; Phou blesseth the springing thereof, it was all over. This time it is cropping up and the little hills rejoice on every side .- Ps. lxv. before the war has seriously begun. It looks hopeful for the peace crowd. The people don't need to go to war if they make it clear that they don't want to.

The Mauretania and Queen Mary may soon be turned into troop ships. Considering the size of the luxury liners, it wouldn't be at all surprising to learn that military au-DRITISH statesmen, charged with the con- thorities mislaid the 12th Canadian division

#### Poultry Equipment

A very handy piece of equipment in any poultry house is a small feeding trough that can be used for feeding wet mash and grain," stated Mrs. Vera Henderson, poultry demonstrator for the Staff Home Demonstration club. This type of trough can be made from 1x4 material, either as a flat bottom or a "V" shaped trough. Most poultrymen today, are feeding their grain in a trough of this kind as a means of controlling internal parasites.

good poultry equipment are well ventilated houses, floor line ven tilation. This adds comfort to the birds in the summer during extremely hot days. Proper feeding equipment, good clean water in a container that can easily be cleaned and disinfected.
