# OFFICERS ARE **ELECTED AT** TUESDAY MEET

### Reports on Rodeo and Other Projects Are Heard

Sutton Crofts was elected president of the Cisco junior chamber of commerce at the meeting of the Jaycees at the Laguna hotel last night. Crofts, Cisco cattleman and president of the Cisco Rotary club, succeeds Ed Brown, manager of the Laguna hotel, in the office. Other officers elected last night are Gail Moore, first vice president; Marvin Osburn, second vice president; Garland Nance, secretary, and James Mc-Cracken, treasurer

Directors elected are Edward Lee, T. G. Caudle, James Harvey, Gordon Davis, Charles Moad, Roy Tuggle, Standlee McCracken, J. M. Sauls and A. D. Starling. Twenty-four members attended

Reports from the rodeo committee revealed satisfactory progress had been made with plans for the second annual show.

All arrangements for the rodeo have been placed in the hands of a board of rodeo governors, with President Crofts, Edward Lee, James Harvey as members.

Crofts was named arena director and Garland Nance finance

# "Other Side" of Chain Store **Question Next**

WASHINGTON, April 9 (Spc) can cities and on American farms economists, during the next several days in answer to two weeks of attacks on chains by Representative Patman and a group of supporters, urging on a congressional sub-committee the enactment into law of the Texas congressman's proposal to tax chain stores to death. Chairman Mc-Cormick said that the testimony "against" the bill would be under way during the latter part of the week.

Foes of businesses that have expanded into multiple units of stores through efficient business methods have been presenting evidence of "evils" of chains since March 27 in hearings conducted each morning before a sub-committee of the house ways and means committee.

The Patman bill has been on the calendar since the 76th congress convened in January, 1939. Patman proposed it to apply on a graduated scale, starting at \$50 a store and graduating up to \$1,-000 a store, and this amount to be multiplied by the number of states, including the District of Columbia, in which the owning company conducts its business Thus, a nation-wide system would be taxed \$49,000 for each store,

### LEAVE 'EM WHERE THEY LIE

Abdominal Injuries (Continued). Leave 'Em Where They Lie ternal organ and the complication of internal hemorrhage in the last

So to answer what should you do: lay 'em flat-keep 'em stil quiet-and warm-BUT NO DRINK as that may make 'em vomit, which makes internal bleeding worse and SO DOES MOVING 'EM-only worse.

Realize that a torn solid organ like the liver or spleen or kidney is going to bleed just like a torn wound anywhere else. Remember blood will congeal-(clot) if not disturbed and the wound allowed to seal itself; if the wound is kept open by moying and pulling, it will keep on bleeding and finally the blood gets so thick the blood pressure is lowered to or past the dan-

So how much they bleed depends on you-a little or enough

If you leave 'em lie, keep 'em still and warm until the pulse that has been fast slows to below 90 beats to the minute, you have probably saved a life, because the blood will tend to clot and the tear seal itself so that bleeding will stop and only start again if they are manhandled.

BUT if you MOVE 'em before the bleeding stops they will keep on bleeding and die-and YOU killed 'em, not the accident. Believe it or not, eighty per cent of automobile deaths that die on the the way in or when they reach the hospital are unnecessary; that means if you leave 'em lie, treat shock and control hemorrhage,

that many should be saved. Keep them quiet and still-avoid excitement - excitement increases

LEAVE 'EM LIE - TREAT SHOCK-DON'T SIT 'EM UP-LET 'EM LIE FLAT-TREAT SHOCK!

We advise you to take a course in first aid from your nearest Red Cross station. It may save your ife or that of your wife or child. If you have questions address this paper, inclose self-addressed, stamped envelope

# JOHN GARNER, PRESIDENTIAL PROSPECT, HAILS FROM SMALL-TOWN LIFE IN TEXAS

When he is not in Washington presiding over the Senate, John Garner is a typical Texan-a friendly neighbor and an ardent sportsman. Folks who drop in at his Uvalde home usually find him tending the chickens or raking up the back yard, but his love of a vigorous outdoor life often sends him hunting or fishing at some remote Vice President Garner, now leading presidential candidate, is a stalwart American whose political honesty and integrity stem from the simplicity of his home life in Texas. Born and reared on a Blossom Prairie farm, he became a country lawyer and editor before beginning his notable career of public service. Today he still cherishes his ties with small-town life in 5 Cone star

IF the CISCO DAILY PRESS had been published in the old days, a famous Greek legend would never have been written. Old Diogenes would have put up his lantern, spent his venings playing pinochle and found his honest man in a jiffy with a two-line Want Ad.

For the CISCO DAILY PRESS Want Ads are like the famous Mounties. They invariably "get their man"-which means that they do what you want and expect them to do. If you're trying to sell your furniture or your home, if you are looking for a renter or a roomer, if you want to buy a business or a band- wagon, remember that a Want Ad will find your man and do the job for you quickly, easily, economically.

READ AND USE THE WANT ADS IN THE

# Humble's Policy of CONTINUOUS IMPROVEMENT Gives You These

**HUMBLE** technical men are constantly experimenting, in the laboratory and on the road, with improved products for your car. This constant research results in continuous improvement of the gasolines, motor oils and other products you get under the Humble sign. The process of improvement is so continuous that specific improvements frequently are made without public announcement. It is only when marked improvements are made, like the improvement in quality of these fine gasolines, that your special attention is called to them.

It all adds up to this: we promise you that you will find Humble products second to none, that you can depend on continuous improvement to keep the quality of Humble products up with, or a little ahead of, the performance built into your car.

Roy Huffmeyer

R. C. Richardson

# Humble

Allied troop An improved gasoline is necessary to meet aded in Nor demand of today's improved automobile engine nazi force So Humble offers you a newly improved regul grade product which enables your car to read new heights of performance.

We ask you to try this improved Humbbpen lines of to German Fill up at the nearest Humble sign-then no that only improved performance as you drive your g will dete through traffic, as you "step on it" for a qu tage is yet pick-up. We believe that a trial will convince yo and it is 1 he strategi that there is a difference in gasolines!

Esso has always been a peerless motor fue a great de Now it is so much improved, we call it Extra—it gives you extra performance with eveng. Many gallon.

We're enthusiastic about Esso Extra. Wheion. One you try it, you will be, too. Fill up with this up equaled motor fuel today!

To Buyers in the Lower-Price Field Humble offers you another product of its policy of continuous improvement in Thriftane, a leaded gasoline of specified quality at thrifty price.
