troops seized all important Norwegian ports the census bureau.

leads one to wonder how much farther the similarity to Alaska could be carried.

THE Norse were caught flat-footed. They didn't expect to be invaded without Published each afternoon, except Saturday, and warning. They believed that the existence

> But careful advance planning and an utter lack of scruples nullified Norwegian defense plans, if any. Sudden appearance in the harbors of hostile warships and infantry probably brought in on merchant ships in disguise caused such negligible defenses as Superintendent | there were to melt away like snow under the Society Editor spring sun.

At Narvik, for instance, Norwegian land troops present were unable to do anything more as the German troops marched in than

Narvik is 200 miles north of the Arctic National advertising representatives, Texas Circle. Every Alaskan port of importance, Nome, Anchorage, Juneau, are far south of that. Sitka is 1500 miles, Seward 1900 miles portant British bases.

> FIRST lesson for the United States in the Norwegian invasion is that any country interested in seizing Alaska would not wait for a declaration of war. It would be preka are no more alert, no more ready than those of Norway, defense would be impossible. The presence of a flect 1900 miles away is shown to be no protection at all except for a bitter and costly recapture.

> With such warnings written in blood across Scandinavia, the United States would be negligent indeed to fail to strengthen Alaskan garrisons and defense measures to a point where any such quick seizure would be unattractive to anyone who might at some future time consider it.

After a look through the day's news, that of Norway is the scenery of Alaska. there arises the question, "Whatever became
