

Special Care in Handling of Food Is Urged

AUSTIN, July 25, (Sp). — "Sporadic outbreaks of food poisoning over the state in the past few weeks demonstrate the need for special care in handling and refrigerating any food that must be prepared some time in advance of serving," states Dr. Geo. W. Cox, state health officer.

"Prevention of food poisoning requires clean food handled as little as possible and consumed while it is fresh. Food prepared hours before serving, and allowed to stand at warm temperatures becomes good culture media for bacteria. Cooked products of a perishable nature are readily subject to decomposition, and must be kept well refrigerated.

"Most food poisoning is caused by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials, and in some cases from certain types of bacteria which spread rapidly and are not necessarily associated with filthy conditions.

Picnic Food
Picnic food is particularly susceptible to transmitting food

Roosevelt Signs Huge Naval Expansion Bill

WASHINGTON, July 25 (AP). — President Roosevelt has signed into law a bill authorizing a \$4,610,000,000 expansion of the navy designed to give the United States a two-ocean fleet capable of meeting any possible hostile combination.

The White House announced the signing Saturday, while Roosevelt was cruising on the Potomac river.

The chief executive already had asked congress to provide \$83,000,000 to start work on the new program which, when completed in 1946 or 1947, would give the nation a total of 701 fighting craft built around the world's most powerful single aggregation of capital ships—35 dreadnaughts.

In addition to about 200 new surface ships and submarines to cost \$4,010,000,000 with the additional facilities they will require, the new law authorized the navy to acquire for \$600,000,000 a total of 15,000 airplanes, 50 per cent more than the previously authorized maximum. If the president deems them necessary even more may be ordered.

Signed Hatch Bill.
The White House also announced that Roosevelt has signed legislation extending to many thousands of state and local govern-

ment employees existing restrictions on political activity by federal workers and limiting the size of campaign contributions. The new law, which will affect officials and employes working on projects financed in any part by federal funds, becomes effective at once. Its author is Senator Hatch. (Continued on Page Eight)

But Three Counties Oil Play

CISCO, July 25. — All but three of the 254 counties now producing oil or gas activity, E. L. Smith, president of the Mid-Continent Oil and Gas Association, reported today after a survey just completed by the association's statisticians.

"The readiness of the petroleum industry to meet the demands of the U. S. armed forces is a total of 158 counties out of the 254 now producing oil or gas," Mr. Smith said.

"The 93 counties which have land under lease and gas exploration, a total of 251 out of the 254 counties, are not included. Only Llano, and Rockwall counties are not included.

"The 251 counties which have been opened for oil or gas activity within the past 18

months," Mr. Smith said. "There are now over 900 separate oil and gas fields in Texas in contrast with around 20 in 1917-19 when Texas oilmen were called upon to furnish fuel for the army and navy.

"Although the number of wells then is not recorded, it certainly was fewer than the 15,450 producers first reported in 1922. Now Texas has 93,630 producing wells scattered over the State. Production of all Texas oil wells in 1937 was 90,000 barrels a day. Today the State is producing around 1,300,000 barrels a day under the most rigid restrictions and could be opened up to produce several times this amount if necessity arose."

During World War days, Texas contributed only 6 per cent of the oil produced in the United States. Last year, despite closely curtailed output, this State produced 38 per cent. In 1922, first year oil reserves were estimated, Texas was credited with only 732,000,000 barrels in known reserves. Now Texas has 9,768,000,000 (billions), or over half of all

proven unproduced petroleum resources of the Nation. Last year the State produced around 485,000,000 barrels, but new reserves discovered amount to 805,000,000.

"All this expansion has been effected by the Texas oilman himself at his own risk and expense," Mr. Smith said. "The widespread and costly campaign of exploration covering the entire State has resulted in opening nearly one thousand oil and gas fields in Texas and discovery of sixteen billion barrels of petroleum reserves, of which nearly ten billion are yet to be produced. And this has been done in the face of deeper and more expensive drilling, higher wages, higher costs for materials and vastly increased taxes. Texas oilmen now pay five times as high taxes as they did in 1918, yet the price of oil now is half of what it was then while the average production per well is only a fraction of that of the old gusher days. As for refining, Texas now has 141 plants with a daily capacity of 1,386,000 barrels, or nearly one-third of the Nation's total. The Texas oil industry is ready to meet any national emergency."

C. S. ELDRIDGE

TO THE VOTERS OF EASTLAND COUNTY

It is with pleasure I thank you again for the many past favors you have shown me. I assure you the best I have for your support for County Judge and if elected it shall be my constant effort and desire to conduct the affairs of the office in such a manner as to give all the people the maximum of life, striving for higher and nobler things for my family, my country and my God all there is in me shall be dedicated to such service that tomorrow will bring still greater ambitions and success for us all.

Thanks,
C. S. ELDRIDGE
Candidate for County Judge

Collie Invited to National Meetings
 State Senator Wilbourne B. Col-
 lie, of Eastland, who is the Texas
 representative under appointment
 by the governor as a member of
 the Interstate Commission on
 Crime, has been invited to attend a
 joint-meeting of the Governor's
 Conference the Council of State
 Governments, the National Asso-
 ciation of Attorneys General, and
 the Interstate Commission on
 Crime, to be held in Washington
 on August 5 and 6. Such meeting
 will be held in cooperation with
 the Department of Justice.
 Senator Collie is also Chairman
 of the Senate General Investi-
 gating Committee in Texas.
 "The purpose of this conference

is to obtain full cooperative ac-
 tion of the forty-eight states and
 that of the federal government,
 in relation to the criminal ac-
 tivities of the fifth column, the pro-
 tection of civil liberties, and other
 kindred problems connected with
 the national defense under the pre-
 sent situation, and it is of immen-
 se and immense importance. To
 that end, these organizations will
 meet with representatives of the
 federal department of justice at
 Washington."

L. A. WOODS
 For Re-Election
**State Superintendent
 of Public Instruction**

We endorse the State Educational Program of State Superintendent, L. A. Woods, because: It works successfully in our schools and communities; it provides for the efficient educational training of the youth of our communities; it provides for equal educational opportunities of the rural and city boys and girls, it has lengthened the average term of the rural schools eight weeks and extended the term of accredited salary aid schools to nine months.

We, therefore, favor the re-election of L. A. Woods to the office of State Superintendent of Public Instruction.

(This ad paid for by friends of L. A. Woods)

POWER COSTS
 take
LOSE DIVE

JOHN DEERE TRACTORS
 JOHN DEERE Two-Cylinder Tractors, burning low-cost fuels successfully, are sending power costs down to low levels in all sections of the country.
 Farmers are reporting amazing savings on low-cost fuel alone. For instance, many are operating their John Deere Model "H" tractors for as little as 2 cents an acre in cultivating.
 Measuring fuel economy on a dollars and cents basis—the way it should be measured—tractor tests show that five different makes of tractors using low-grade gasoline do only 80% as much work as a John Deere Tractor. This \$1.00 worth of low-cost fuel, and that nine other makes burning regular gasoline do only 80% as much work as a John Deere on \$1.00 worth of low-cost fuel.
 These impartial tests furnish convincing proof that your fuel dollar goes farther in a John Deere. Come in and make us prove it.

The county clerk's office force has issued 297 ballots for absentee voters, who are absent from the county. Of these 166 have either cast their ballots in the county clerk's office or mailed them direct.

Ballots delivered, previously published, 126; issued last week, 71. Those issued last week and placed where voted, were:

Miss Frances Brown, Denton;

Mr. and Mrs. H. L. Thompson, Stephenville; Mr. and Mrs. Frank Laurent, San Angelo; Ray Faircloth, Refugio; I. W. Forgeson, Eastland; Mr. and Mrs. J. G. Reagan, Kerrville; Paul Higginbotham, Midland; Mrs. Douthit Alcus, Austin; Miss Leola Isenhour, Denton; Mr. and Mrs. C. L. Wilson, Dublin; Mrs. J. E. Walker, Gorman; Mrs. W. B. Starr, Bisbee, Arizona; Mrs. Winnie Tickner, Miss Ima P. Payne, Austin; Miss Jewell Seelye, Abilene; W. T. Davenport, Denton; Miss Elizabeth Davenport, Austin; Mr. and Mrs. A. T. Boland, Houston; Mrs. C. R. Bond, Eastland; Mrs. Jack Belmont, Gorman.

Mrs. Alex Clark, Jr., Alvin; Mr. and Mrs. Estes Browning, Gorman; Mr. and Mrs. Robert Barr, Odessa; Miss Adell Kirk, Mrs. O. D. Kirk, Austin; Mrs. Tom Clement, Mrs. W. C. Clearmon, Mrs. Albert Taylor, Mrs. Dossett, Gorman; Rex Outlaw, Evansville, Ind.; C. H. Maloy, Cleburne; Mrs. Mattie Ackers, Okra; Louise Baker, Brownfield; Mrs. R. J. Blackwell, Miss Eretta Clement, Gorman; Miss Aleta Dunaway, Mrs. Mary A. Dakan, Ranger; Mr. and Mrs. Carl L. Garrett, Washington, D. C.; Mrs. A. M. Hearn, Miss Ruth Hearn, Fort Worth; Louise Johnson, Karnes City; Mrs. W. F. Jenne, Los Angeles; Will A. Knight, Brownwood.

Mrs. W. J. Leach, Snyder; Maurine Lemley, Dallas; Mrs. C. E. Laffoon, Jr., Pampa; Mrs. W. H. McDonald, Austin; Miss Ivy Payne, San Antonio; Miss Geneva Smith, Lubbock; Mrs. William Sheriffs, Austin; Herchel Smith, Snyder; Mr. and Mrs. W. P. Todd, Gorman; Mrs. R. F. Truly, Eastland; P. P. Yarger, Salem, Ill.; Mrs. Lela M. White, Lyons, Kan.; Coleman Williams, Mr. and Mrs. B. N. Ross, Fort Stockton; Mrs. Maybell Davenport, Sherman; Walter Hill, Gorman.

Miss Genevieve Truly, deputy county clerk, stated Monday that there were about 100 ballots still out, at that time, and it was likely that quite a number of absentee ballots will fail to reach the office before the expiration of absentee voting at midnight Tuesday.

CROWD CHEERS ATTACKS UPON 'POLITICIANS'

"By the exercise of the only power that has been left to me I was able to save the taxpayers of the state five millions of dollars last year," Gov. W. Lee O'Daniel told a cheering crowd of more than 6,000 people gathered here Tuesday morning.

The governor, who made a blistering attack upon the "professional" politicians who, he said, had robbed the office of governor of power to perform its constitutional duties, asserted that he had scratched that much from the biennial appropriation bill laid before him by the legislature.

This money, the governor declared, was "pie" for the professional politicians. "It made them so mad they started running around in circles and they haven't stopped running around in circles yet, just like they had ants in their pants."

Surprised By Crowd

The governor, openly surprised by the size of the crowd at which he had scheduled a brief stop-over between major speaking engagements, took several minutes to get into the "meat" of his address.

The governor was met at the southern outskirts of Cisco on Highway 23 by a group which included State Senator Wilbourne B. Collier and State Rep. Omar Burkett. The governor's children, "Pat," "Mike" and "Mollie" preceded him in the bus in which the Hillbilly band travels. The governor and Mrs. O'Daniel arrived late from Brownwood, and were greeted by Sen. Collier who was invited to ride into Cisco with the party by O'Daniel.

The Lobo band, directed by R. I. Collier played a concert preceding the governor's address at the Laguna hotel. A crowd that packed the streets there for blocks heard and cheered the state's chief executive.

Authority But No Power

"The constitution charges the governor of the state with the enforcement of the law," O'Daniel told his audience, many of whom listened from the windows of the hotel. "But although I have that duty the authority is vested in a board down at Austin known as the state department of public safety, whose members I did not appoint and whom I cannot fire. They owe their appointments to a man who is governor no longer and has no responsibility to the people."

"I have my constitutional duty but no power to do it. The professional politicians of the state have taken away from us the power to discharge our constitutional duties through a process of setting up a system of boards and bureaus that has been going on for 25 or 30 years."

The governor compared the "organized gang of professional politicians who have set out to run the governor of Texas" to the Al

TO THE VOTERS OF EASTLAND COUNTY

As a candidate for re-election to the office of County Judge of Eastland County, I wish to express to you my sincere thanks for the support you have given me in the past. I appreciate it very much and have tried to show my appreciation by giving you faithful, honest and courteous service.

I doubt if you have ever had a County Judge who stayed closer to his office and looked after the business of the County more diligently than your present County Judge. I have been very fortunate in not losing any time from my office since I was elected on account of sickness, a record that no other officer of the County has made.

During the past three years we have had one of the heaviest relief rolls in the history of Eastland County and we have sponsored the various W. P. A. projects with the view of giving employment to our needy citizens, which at the same time will bring Federal money into Eastland County and by sponsoring these projects the Federal Government has spent approximately \$400,000.00 annually in the County.

We are proud of the fact that we have reduced the tax rate for the year 1939, twenty cents on the One Hundred Dollar valuation, saving the Tax Payers of Eastland County over Forty Thousand Dollars.

I have endeavored to see every voter personally, but owing to the fact that I must look after the County's business, I have not been able to devote as much time to my campaign as some of my opponents. If I have not seen you I want you to know that no one will appreciate your support and vote more than I, and if re-elected I promise you that same faithful, honest and dependable service that I have given in the past.

Very sincerely,
W. S. ADAMSON

FOOD FISHING *Guaranteed PIGGY WIGGLY*

EVERY CATCH A REAL BUY!

GOOD FISHING *Guaranteed*

You'll find your Piggy Wigglly stocked with the greatest load of smashing values you ever found in a grocery store! Guaranteed good fishing for guaranteed whopping values. Our array of fine foods and low prices will give your pocketbook a thrill—and you'll know from the minute you walk into the store that Piggy Wigglly means to keep you out of the kitchen as much as possible during this hot weather. Come in, shop and save in cool comfort. It pays to fish where fishing is good!

Potatoes Produce At Rate 100 Bushel Acre

Mrs. J. W. Brawley, of Curtis community, while in Cisco recently, told of a splendid yield of potatoes she had produced this year.

"We had a small patch, about one quarter of an acre, and harvested 21 bushels of us nice and uniform potatoes as one ever saw," she said. "I culled the smaller ones and canned them. The others were of uniform size, without defects. I estimated this patch yielded at near 100 bushels per acre. It has been a splendid season for potatoes, but other crops on our farm are most promising."

In addition to the potatoes harvested we served the family table since the potatoes were large enough."

The Brawley home is in the sandy land of Curtis community.

Appreciable amounts of calcium are contained in cheese, cauliflower, oranges, spinach, and oysters.

MAYBE YOUR OLD STOVE IS A SLAVE DRIVER!

LET A MAGIC CHEF GAS RANGE FREE YOU FROM KITCHEN DRUDGERY

They tell us to greet our husbands with smiling faces, and clean dresses when they come home to dinner. Fine, but how can we do it when we're worn to a frazzle, getting three meals a day, fussing over a smoky old stove, full of smudge and dirt.

You'll be surprised what a new Magic Chef Gas Range can do for your looks and disposition. You'll sparkle at dinner, whether it's just the family, or important guests.

Magic Chef really does work like magic. The high-speed oven bakes things evenly on all sides—heat held just right by the Red Wheel Oven Regulator. Top Burners light at finger-touch, adjust from hot sizzle to tiny simmer. And don't fail to see the amazing Swing-out broiler that takes the stoop out of broiling. Easy to keep spic-span clean, inside and out.

TRADE IN THAT OLD JOB FOR A GLEAMING NEW MAGIC CHEF

Be sure to see Magic Chef Gas Ranges right away. You'll discover why more women in America cook on Magic Chef than on any other range. And why most women choose Gas, the quick, clean, economical fuel.

LIFETIME BURNER GUARANTEE

All Magic Chef burners are guaranteed for the life of the range.

Cisco FFA Made Lone Star Chapter

The Cisco chapter of Future Farmers of America has been awarded the covered rank of Lone Star chapter by the state FFA organization.

The chapter completed successfully a severe schedule of activities set up as a qualification for this distinction and the certificate has just been received by T. G. Caudle, instructor, in behalf of the chapter, which consists of members of the agricultural classes of the Cisco high school.

Remember to vote for PIERCE BROOKS for Railroad Commissioner, Pol. Adv.

I'm On The Job at Washington

I'm Asking You to Conduct My Campaign For Re-Election to Congress

CLYDE L. GARRETT

MY DEAR FRIENDS OF THE 17TH CONGRESSIONAL DISTRICT:

This will be my last message to you before you go to the polls next Saturday to cast your votes for a Congressman to represent you in times more perilous than have confronted you in a generation.

Under ordinary conditions I would be in the district now in my campaign. But the matter of maintaining our national integrity and security is far more important than my political future. You gave me a job to do, and I am doing it. I did not favor congress adjourning and I voted against its recessing for the party conventions. I am and have been in Washington working at the job you gave me, and I leave to the intelligent voters of the district the question of my re-election. You are capable of determining whether or not I am able to serve you better in this emergency than would a new man in Congress.

I have been liberally supported in the past. Although my opposition claimed I would not carry my home county in 1936 I received more than 75 per cent of the votes. In Nolan county I received more than 77 per cent. Surely for such a testimonial I should, and do, feel deeply grateful.

In considering my claims, I should like to present for your attention the following statement of Hon. Champ Clark, former speaker of the House:

"A man must learn to be a representative just as he must learn to be a blacksmith, a carpenter, a farmer, an engineer, a lawyer, a doctor. . . . It is an unwise performance for any district to change Representatives at short intervals. A new congressman must begin at the foot of the class. . . . No man should be elected to the house to simply gratify his ambitions. All members should be elected for the good of the country. . . . The best rule. . . is for a district to select a man with at least fair capacity, industrious, honest, energetic, sober, and courageous, and keep him there so long as he discharges his duties faithfully and well. Such a man will gradually rise to high position and influence in the House. His acquaintance with members helps amazingly in doing things."

In line with what the former Speaker said let me point out, without any attempt at boastfulness, that in the second term I am now serving I attained a place on one of the 10 major committees in the house. I HAD TO GIVE UP PLACES ON THREE MINOR COMMITTEES TO OBTAIN IT. A former representative attempted to belittle this recognition, but the fact is that he was unable to attain a position on a major committee UNTIL HE HAD BEEN IN CONGRESS NINETEEN YEARS. I REQUIRED ONLY THREE. The committee is that on Post Offices and Post Roads.

The work of a representative in Congress is made up mostly of a great mass of detail, each of which affects only a few people but all of which affect a great number of people. It would be impossible to begin to recount this, and even if it were so I should not attempt it. I want to say that I have met every request for service from my constituents speedily and to the best of my ability and I am happy to point to a record of consistent and satisfactory results in their behalf.

I do wish at this time to review some of the major accomplishments of my three and a half years in Congress, both to make accounting of my stewardship and to justify my claims for re-election.

Before beginning this, let me say that my two opponents are splendid men, and I appreciate the courtesy and gentlemanly qualities they have shown in their campaigns. My friends are keeping me closely advised of every detail. My campaign is based entirely upon the contention that, after three and a half years of experience IN CONGRESS I AM NOW IN A BETTER POSITION THAN ANYONE TO ABLY AND EFFECTIVELY REPRESENT THE 17TH DISTRICT OF TEXAS IN THE LOWER HOUSE, ESPECIALLY IN TIMES SUCH AS WE NOW EXPERIENCE.

Now, I should like to say something about my record of major accomplishments.

Foreign Affairs:

My position in the present world crisis is consistent with my stand in 1936. I favored then such action as would render our democratic principles of government safe from foreign "isms" and I am now voting for and lending my assistance to all programs that will aid the advocates of democracy. Any means short of war which will aid the fight against communism, fascism, and nazism will receive my support.

In this connection, however, it will be remembered that in 1936 I pledged that I would not vote for a war of aggression which would send our American citizens to fight in an undemocratic cause, and I renewed that pledge to you in my recent announcement.

Conditions at present cause me to remind you that in 1936 I emphasized our need for National Defense and I constantly voted in favor of enlarging our Army and Navy and advocated the importance of an increase in our Air Forces. Since 1936 our National Defense program has steadily increased and I have at all times voted for maximum preparedness. I shall continue to do so.

Subversive Activities

As another feature of National Preparedness, I voted for the bill to register and re-register aliens and voted for an increase in our Federal Bureau of Investigation in order to better combat all subversive activities and "fifth column workers." I also voted for the creation of the Dies Committee to investigate un-American activities and have voted for every appropriation for its continuance. I believe this Committee should continue to function until every anti-American organization is completely stamped out and every individual connected therewith is exposed to public attention.

I favor a close contact with the other American republics and back the present Administration in its efforts to weld into a strong unity our Pan-American alliances. I believe that the Reciprocal Trade Treaties will tend to do this work economically and politically.

Veterans:

In 1936 I advocated adequate hospitalization and reasonable compensation for disabled veterans. On entering congress, I helped organize the move which gave Texas two new veterans hospitals and proposed additional facilities at Legion, Texas.

In every individual veteran's case brought to my attention I have rendered the maximum of service and I refer you to the veterans themselves for this. However, I found that much could be done that was not done if only the veterans were given the right to bring a judicial review of their cases out of the Veterans Administration rooms into their own courts and my bill, H. R. 8627 gives them this right. I am happy to report to you that this measure is now receiving satisfactory consideration.

Agriculture:

In my opinion, had it not been for the present farm program, our farmers and cattlemen might have seen the total collapse of their business when the present world war began. Only the stabilizing influence of this program, controlled and devised by the farmers themselves, saved them from the demoralizing and wasteful war which now rages. I am glad to inform you that I supported this program, and while it is not perfect, it is my belief that the remedies within the bill, for

change through action of the farmers themselves, are better than destroying the bill entirely and leaving the fate of the agricultural interests in other hands.

In 1936 I favored parity prices on all basic commodities and have supported all appropriations for this purpose. In 1936 I also favored aid to the tenant farmers and I voted for and supported the first FARM TENANT PURCHASE ACT, and all subsequent acts. I have also been interested in and supported the SOIL CONSERVATION PROGRAM, the Water Facilities work, and the RURAL ELECTRIFICATION PROGRAM. When I entered Congress in 1936 our District did not have one Electric cooperative. NOW ALMOST 10 PER CENT OF THE ELECTRIC COOPERATIVES IN TEXAS ARE LOCATED IN OR SERVE SOME PORTION OF OUR DISTRICT. I supported legislation reducing the interest rate to farmers on Land Bank, and Commissioners' loans which will result in a saving to the farmers of Texas for the years '37 to '40 of approximately \$17,000,000 (million).

My own bill now before Congress to pay the cotton farmers for the certificates issued to them in 1934 under an unconstitutional law would return over \$20,000,000.00 to our cotton farmers that is legally theirs.

Industry:

Realizing that the unequal and unjust freight rates which were imposed on west Texas were factors in our industrial crisis, I have worked earnestly and hard to have this discrimination corrected. Some relief has been secured and I am still at work to secure a more adequate revision of these rates. All other democratic and just attempts to improve and aid business have received my support.

In the last few years, American labor has made much progress toward securing fair and just treatment. Unfortunately, racketeers and un-American agitators have sought to influence labor and have caused much strife. However, I do not hold with the voice of reaction that our entire labor legislation is wrong and I will continue to support the legitimate labor practices of our workmen. Labor and capital desire to cooperate and I shall lend my assistance to this end. Furthermore, I have supported every measure designed to give American labor to Americans.

I have the strong endorsement of the railroad brotherhoods and the American Federation of Labor.

In 1936 I opposed federal control of oil and I have been diligent in my opposition to the "Cole" bill providing for federal control of oil. I feel that our elected state officials can best serve the interests of our people and conserve our oil. In this connection, I again pledge myself, as I did in 1936, to fight any and all attempts to nationalize our industries and oppose federal encroachments on States Rights.

"I have always favored the principles of private ownership and freedom of business enterprise, and I have and shall continue to oppose nationalization and federalization of our industries."

Pensions:

In 1936 I advocated adequate and liberal old age pensions, preferably paid by the Federal government. Since I have been in Congress I have supported each and every measure for this end. In this connection I made a thorough investigation of the Social Security Act and cooperated to advance the date of payments from 1942 to 1940 and also worked to amend the law to eliminate the "reserve fund" clause which makes it necessary to tax the people twice to pay only a meager pension. I have voted for all measures to liberalize pension laws.

Taxation:

In 1936 I opposed the issuance of further tax exempt securities and shall continue to do so. I also opposed placing more tax measures on the nation other than the emergency tax bill to protect our people from foreign aggression.

Relief:

In 1936 I advocated more jobs and less dole. I still hold to this belief. Our unemployed want work—not charity. For this reason I have advocated and voted for measures which will give the tax-payer a return for the money spent on relief measure—and our District now has many public school buildings, court houses, municipal centers, recreational buildings, farm-to-market roads (which may be used for military defense arteries) and city halls through such programs.

Because of financial limitations, counties, cities, and school districts in our District have been seriously handicapped in the problem of relief but notwithstanding this, our relief program has been met to the maximum in every county.

I supported and voted for each and every appropriation asked by our President for relief and in a few instances I voted for more than was requested by him. I did this in the sincere belief that our democracy, based on the commandments of God, demanded that we actively advocate the Christian brotherhood of men.

Since January 1, 1937, through PWA and WPA alone, \$7,432,207.84 has been allotted to our district. \$_____ of this amount has been allotted to _____ county.

National Relief Administration

The destiny and future of our Nation is dependent on the coming generations who shall be its citizens and its leaders. I have ever favored a democratic system of education and, in close cooperation with our splendid schools and colleges, have supported the provisions of the National Youth Administration. I know that there are literally thousands of our worthy and deserving girls and boys who would be denied the privilege of equipping themselves for life's duties and responsibilities if it were not for this program. I shall continue to support this worthwhile program.

In Conclusion:

When I went to Congress in 1936 I went after making you certain promises. I had a definite platform. I have kept my word. I have kept faith with you. I am proud to bring that platform back and lay it down alongside the record of my accomplishments, confident that what I have done will justify what I promised.

I am making this appeal to you on the record of my achievements in three and one-half years of service for you at Washington. I cannot come to you personally as I should like to do. It is necessary that I leave the decision in your hands. But I feel confident that you will make that decision in a quiet, reflective state of mind, cognizant, not of prejudicial statements or personalities, but of the dispassionate facts as you have them, and when you have made your decision I shall abide by it with the true contentment of one who has served to the best of his ability and has neither apology nor regret to offer for what he has done.

Sincerely Your Friend,
CLYDE L. GARRETT.

P. L. (Lewis) CROSSLEY
For Re-Election as
Representative 106th Dist.

As this campaign comes to a close, I feel sure that you have weighed the facts in all cases and I trust before you go to the polls Saturday you will check the candidates in the race for Representative for the 106th District, keeping in mind the fact that whoever you elect will help to make the laws that six million people will have to live under and by, more than thirty thousand of which reside in Eastland County. Check each one of them for uprightness of conduct, mode of living and acquaintance with their fellow man, and their qualifications.

I trust that you will take into consideration the fact that I have carried out every campaign promise to the people two years ago, or have done my best to carry them out, that I voted for every tax measure for Social Security, in so long as the money would be used to pay all four parts in full; that I voted for Old Age Assistance; THAT WHEN THE SOLUTION WAS INTRODUCED TO DISFRANCHISE THE AGED PEOPLE WHO WERE DRAWING OLD AGE ASSISTANCE, I WAS ONE OF THE FIRST TO RISE UP AGAINST IT, and but for the fact that the fifteen or twenty Representatives in the section of Texas, who fought it vigorously, THE BILL WOULD PROBABLY HAVE PASSED.

I have distributed a pamphlet showing a part of worthwhile legislation that was passed, taking into consideration that there was more than thirteen bills before the legislature.

I shall continue to fight for worthwhile legislation and for the things that I think are for the best interest of the people, and to the end that the Social Security program in Texas be PAID IN FULL BEHIND ANY QUESTION OF A DOUBT, and I will cooperate with the legislature and the executive department to this end.

I thank you a lot for all past favors and I trust when you go to the polls Saturday you can remember me to this all important post for a SECOND TERM and I promise that I will do my best at all times to do the right thing.

R. L. RUST
Candidate For COUNTY JUDGE
Your Vote and Influence Solicited

Twenty-two years ago which was the only time I ever asked the people of Eastland County for a public office, they gave it to me, and it was County Judge, and I feel grateful for this. By legislative act, I was changed from County Judge to Judge of the County Court at Law. I now respond to a large petition asking me to make this race. In presiding over the court, I will follow the law strictly. In administering the business and financial affairs of the county, I will aid the four good men elected as County Commissioners, as best I can.

To Our Friends and the Voters of Eastland County:

The undersigned lawyers recognize the fairness, learning, and ability of Associate Justice John H. Sharp, of the Supreme Court of Texas. We heartily endorse his candidacy, and urge his re-election for a second term.

JOHN H. SHARP
