Cleo Wright Is Wed In Sunday Ceremonies

Sunday afternoon, Miss Cleo Wright of Cisco and Mr. Edward Green of Kilgore were united in marriage at the home of the bride's parents.

The wedding music was played by Mrs. Ben Krauskopf, who also accompanied Miss Edna Moad in a vocal solo, "Because."

The bride wore an attractive dusty rose crepe suit with blending accessories, and carried a white Bible. On her shoulder she wore a corsage of white gladioli.

After the ceremony a reception was held for the immediate families and a few close friends. The lace-laid dining table was centered with a punch bowl surrounded with queens wreath and fern.

Out-of-town guests for the wedding were Mr. and Mrs. Tabor of Santa Anna, Mrs. Horace Tabor of Kilgore, Mr. and Mrs. C. A. Cannon of Rising Star, Mrs. G. W. Cannon and Mr. and Mrs. Elzo Been of Carbon.

Mrs. Green is the daughter of Mr. and Mrs. S. C. Wright of the Cisco high school and for a number of years has been employed in the First National bank here.

The Cops Took Another Look

CHEYENNE, Wyo., Aug. 19 (AP)—At police headquarters they've labeled this one "Fifth Column Report No. 999."

"There's a mysterious man out in front," said a trembling feminine voice on the telephone. "He's got a telescope or something. He must be a fifth columnist. Come quickly, please."

Four policemen, with drawn revolvers, crept up on a man who was working mysteriously over a small instrument.

"Why hello, boys," said Pilot Tom Kelso of a transcontinental air line. "What's up?"

It turned out he was practicing with a navigators sextant. The cops stayed for a look at Polaris.

John Lee Smith of Throckmorton transacted business here today.

MOURNING DOVE AND WHITEWINGED DOVE OPEN SEASON 1940 - AS PROVIDED BY STATE LAW AND FEDERAL REGULATIONS -

Dove Season to Open Here on September 15

AUSTIN, Aug. 19 (Sp)—The mourning and white wing dove season will open in portions of north Texas and all of the panhandle September 1, with one of the best seasons in several years in prospect, the executive secretary of the game department announced today.

Combined state and federal regulations provide an open season from Sept. 1 to Oct. 31 in the counties of Yoakum, Terry, Lynn, Garza, Kept, Stonewall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collin and Hunt and all counties to the north, and also the counties of Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Ellis, Delta and Franklin.

from Sept. 15 to Nov. 15. Below the Texas-Mexican railway in the Rio Grande valley, however, only four days of shooting each week during the season is allowed by law—on Tuesdays, Thursdays, Saturdays and Sundays—but this exception is not applicable to Webb and Zapata counties.

Shooting hours are from sunrise to sunset. Last year they were from 7 a. m. to sunset. Neither species may be shot with a gun other than a shotgun, and shotguns larger than No. 10 gauge are prohibited. Repeating or automatic shotguns must be permanently plugged to a three-shell capacity.

The daily bag limit is 12 in the aggregate of both species and the possession limit is the same. Last season the limits were 15. Baiting of doves of either species is prohibited.

Culberson's Most Ardent Backer

Patsy Jo Wittman and her granddad, Olin Culberson, leading candidate for the Texas railroad commission, are getting a big kick out of campaigning, especially when the candidate is in South Texas and Galveston where this most ardent Culberson backer lives with her parents, Mr. and Mrs. Paul Wittman.

Johnny Get Your Wife

It may be just coincidence, but exemption of married men from proposed conscription has been paralleled by a record rush for marriage licenses in many a U. S. community. Trend of the way many bachelors suddenly took the plunge is this scene in the Brooklyn, N. Y., marriage license bureau.

So, if we owe anything to Britain, the British empire owes as much or more to America. The obligation is a mutual one. A person need not be an Anglophile, in the humbler sense of that term, to appreciate the strong interrelationship that exists and the compulsion which we are under to maintain our security in cooperation.

British No Longer -- (Continued from Page One)

four years ago, this'd never 'ave 'appened." Daily air attacks on various sectors, an enormous increase in the income tax and general cost of living, food rationing, the severe blackouts—so black the bobbies wear white coats and carry red lanterns—and casualty lists—the English have grown accustomed to all these since last I was here. But there is one thing not changed—the foggy, rainy English weather—a more effective defense against enemy raiders than fleets of Spitfires.

Flexible Highway Adapted to Traffic

CHICAGO, Aug. 19 (AP)—Curbs which may be raised or lowered according to traffic needs are a feature of a new eight-lane highway under construction north of the "loop" business district.

Each line of curb, divided into 25-foot sections over the two-mile route, can be retracted into an under-pavement slot. In each slot are hydraulic jacks and powerful springs. Electrically controlled pressure pumps raise the jacks, which lift curb sections. When the pressure is released, the springs draw the sections back flush with the pavement.

Flexible Highway Adapted to Traffic

Since three-fourths of the traffic moves north in the evening and south in the morning, the curbs were needed to provide a six-lane highway for the rush hours. During other hours there are four lanes each way. The curbs are spaced two lanes apart.
