CISCO FALL FAIR OPENS FRIDAY AFTERNOON

OVER 100 GO TO SCRANTON FOR DINNER

Community Visit Is Most Successful of All

More than 100 Ciscoans went to Scranton last night for the most successful community visit that the Lions and Rotary clubs have ever sponsored. The dinner, served at the magnificent newnasium of the Scranton Independent School district, was enjoyed by Ciscoans, whether or not they are members of either the sponsoring clubs, and local citizens responded to the opportunity to meet with the Scranton folks.

D. L. Stamey, Cisco high school principal, presided, and L. A. Stamey made an effective talk for several minutes on behalf of the two visitors. He was responded to by W. T. Hughes, superintendent of the Scranton schools, who spoke on behalf of the community of the Scranton P-T. A. in welcoming the visitors.

The women of the P-T. A., with Mrs. P. M. Ray as chairman of the committee, served a delicious fried chicken dinner on attractive, flower decorated tables. Ernest Hillson led the group in singing several songs before the Rev. James R. Wright, pastor of the First Christian church here, offered the invocation.

Following the dinner, Mr. Stamey directed the introductions, each person present rising to give her name.

Mr. and Mrs. Stanley Webb entertained with vocal solos and a piano number. Miss Billye Cole sat at the piano for the singing. The bright, clean gymnasium at Scranton recently completed and tastefully decorated provided a cosmopolitan setting for the dinner. Praise of the structure combined with remarks that Cisco so far had not followed Scranton's example in building a meeting place of the character to accommodate local meetings and indoor sports.

Three women serving on the entertainment committee for the P-T. A. were Mrs. J. H. Shrader, Mrs. Leo Clinton, Mrs. B. T. Levey, Mrs. Charles Harris, Mrs. I. L. Gattis and Mrs. R. C. Stamey.

Nursery School Board Meeting

There will be a meeting of the nursery school board at the chamber of commerce this afternoon at 4 p. m. It has been announced by officials. A perfect attendance is expected.

1940 Schedule of Cisco Loboes

- September 13—Eastland, 0; Cisco, 40;
- September 20—Burkburnett, 3; Cisco, 27;
- September 27—Sweetwater 4; Cisco, 27;
- October 4—Childress at Childress;
- October 11—Mineral Wells at Cisco (e);
- October 18—San Angelo at Cisco (e);
- October 25—Stephenville at Cisco (e);
- November 1—Brownwood at Cisco (e);
- November 11—Ranger at Cisco (e);
- November 28—Breckenridge at Breckenridge (e);
- (e)—Conference game.

High Sea Death Missed Them

(NEA Cable-Telephoto)

Even after the harrowing experience of having their ship torpedoed and spending 24 hours in open boats before they were rescued, these three British survivors of the North Atlantic tragedy which took 294 lives in all—are still able to smile. They are, left to right, Sonia Beach, Collin Richardson and Derek Beach.

BRITISH QUIT ATTACK UPON DAKAR PORT

Anxious to Avoid War With France Says Communique

LONDON, Sept. 26 (AP).—The British navy and the "free" French forces of General de Gaulle abruptly withdrew last night from Dakar, and the British announced officially they had given up a costly three-day naval and air battle for the key port of French West Africa.

The British ministry of information, in a communique, said it never had been Britain's intention to "enter into serious warlike operations" against the French, and that de Gaulle himself was "most anxious that he should not be the cause of bloodshed to his fellow countrymen."

(The French government at Vichy, before it heard the news, reported the fighting continued full-scale yesterday, with its force of 6,000 colonials staving off the British landing attempts.)

The British acknowledged that the Dakar shore batteries scored hits on British ships, said that the port suffered bombardment, and that two French Senegal submarines were sunk.

Both Sides Suffer Casualties were acknowledged on both sides.

Even the newest of French battleships, the Richelieu, which the British had reported they put out of action in a special expedition to Dakar last July 8, joined in the fray.

Around, it still used its guns and the British ships poured shells into the stranded leviathan.

The Genesis of the Dakar venture was laid by the ministry of information to de Gaulle, who, it said, had reason to believe that the French colony of Senegal would welcome his arrival.

The British naval squadron went along, the ministry said, to support de Gaulle if he needed aid, and because of growing German influence in the colony.

Instad of the welcome he expected, de Gaulle and his white-flagged emissaries, sent ashore from his force of about 7,000 men on six transports, ran into fierce gun fire.

The British admiral ordered the French ashore to desist. When they continued shooting, the British returned the fire.

Then, after three days, the ministry said, the decision to stop fighting was reached "when it became plain that only a major operation of war" could win control of the strategic capital of West Africa.

Four New Wells Promised in McElreath Area

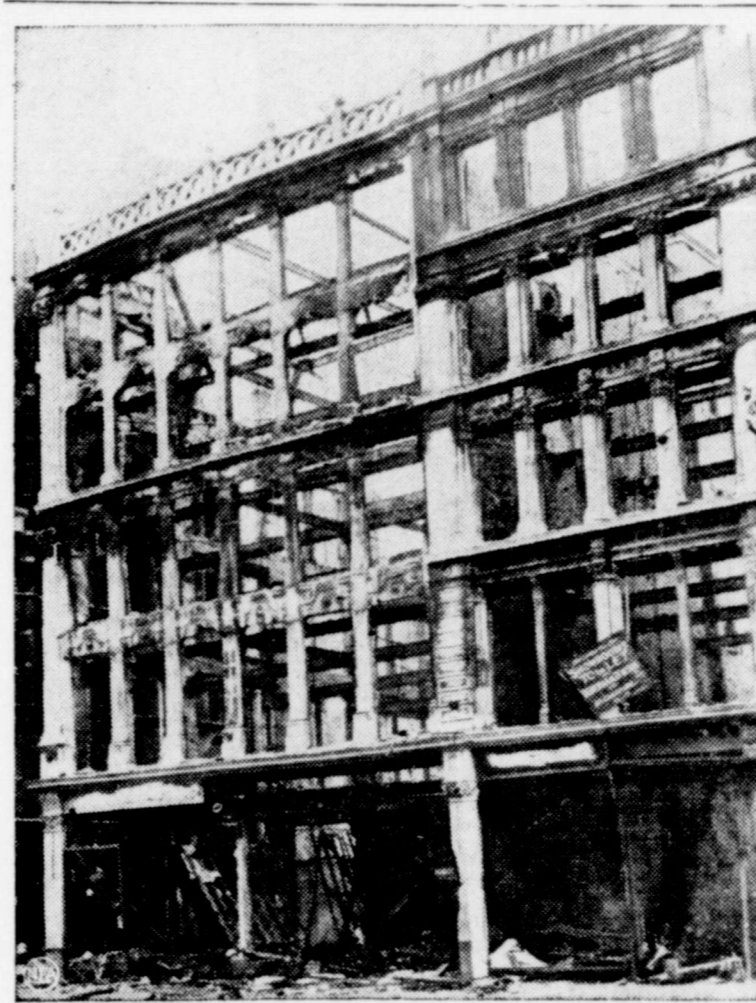

With the allowable of the Groover and Rose McElreath well, south of Cisco, raised to 60 barrels per day, four new contracts for offset wells were reported to have been made this week. This activity marks what operators say is the beginning of a period of intensive activity in that area.

The McElreath, one of two important Caddo finds in the last few months, is four miles south by west of this city. Operators believe that it is located on the fringe of a Caddo lime structure which has great possibilities for prolific production.

The second well is the Mahaney No. 1 A. S. Jackson, four miles south of Carbon, which is rated at better than 1,000 barrels daily. Seven or eight new locations today were reported to have been made about this find.

Charles Berry of Dallas is transacting business in Cisco this week.

In the Modern London Style

This London building is keeping with a style of architecture becoming more evident in the cities of Europe as the war progresses. The alterations were swiftly executed by the German air force in night raid on the British metropolis.

BOOTHS WILL BE FEATURE OF TWO-DAY EVENT

Fiddlers' Reunion Will Conclude Fair Entertainment

Commercial exhibits, 20 farm-products booths, a display of curious and historical relics, as well as musical and other entertainment, will feature Cisco's Fall fair, which opens at 1 p. m. Friday at West Sixth and D avenue, and in the building across D avenue from A. & P. grocery.

The commercial booths will include displays arranged and exhibited by Cisco merchants, while farm-product booths will be displayed mainly by farmers from the out-lying communities.

In the latter exhibit, any five of the following divisions may be selected: Grain sorghum, small grain, peanuts, potatoes, hay or forage, fruits, vegetables, corn and cotton. Four items of each division are required for judging. The committee in charge stipulated. Each of the selected items are to be exhibited in standard quantities, it was explained, and exhibits within a division may be of one or more varieties.

Curio Exhibit All items to be entered in the curio and relics booth should be registered through the chamber of commerce, it was pointed out. It was explained by the committee that any item coming under the general heading of curios, whether or not directly related to the background of the country, would be eligible.

Such interesting possessions as quilts, guns, historical flags or drapes or similar items, will be particularly welcome to the curio booth, it was stated.

Fiddlers' Reunion A special feature of entertainment will be an "old fiddlers' reunion" in front of the chamber of commerce office Saturday evening, beginning shortly after 7 o'clock.

Every "fiddler" in Eastland county is urged to attend, without further invitation, and add to the fun. It was pointed out that this will not be a contest, merely a get-together for those interested.

A program of entertainment for visitors, as well as local residents, is to be under the direction of a chamber of commerce committee under the chairmanship of Edward Lee. A cordial invitation is extended to all individuals in Cisco and the surrounding trade territory to participate in the festivities and observance of the first Fall fair.

The committee in charge is composed of Mr. Lee, F. B. Altman, Jack Elkins and Jack Anderson, working with T. G. Caudie, agricultural director, who will make arrangements for the display of the booths.

Cisco Operators Complete Producer

ALBANY, Sept. 26 (Spec).—Hickok & Reynolds of Cisco have completed their second producer in a new Bluff Creek sand sector for western Shackelford county recently opened.

Their No. 2 J. P. Morris, 330 feet from the southwest corner of the southwest quarter of section 23, R. Wilson survey, finished for 41 barrels of oil per day from shallow sand at 1,450-60, total depth.

Weather

WEST TEXAS: Fair Thursday and Friday. Warmer Thursday.

EAST TEXAS: Generally fair Thursday and Friday; cooler Thursday; Friday slowly rising temperature. Fresh to strong northerly winds on the coast, becoming moderate to fresh northerly to easterly.

WILL SECURE DELINQUENTS' DEPOSITIONS

L. W. Richardson, secretary of the Cisco Bondholders Protective committee, and W. J. Rutledge, attorney for the committee, both of Dallas, were here today conferring with attorneys for the city of Cisco on trial of the committee's bond suit against Cisco.

The suit is due to come up during the October term of federal court at Abilene, which opens October 7. It is expected to be called about October 14.

The committee representatives were checking tax rolls and securing a list of delinquents for subpoenaing larger delinquents to appear as witnesses in the case. It is planned to take these depositions within the next few days.

"We recognize the situation in Cisco and we are as anxious as anyone to settle this matter definitely, but until we have assurance that these delinquent taxes will be collected and can get an accurate picture of the situation, it is not possible for us to sit down with the city government and work out this matter," Mr. Rutledge told the Daily Press.

Cisco Scouts to Take Examinations Friday

The board of reviews of the Boy Scouts of Cisco will meet at the Presbyterian church Friday evening at 7:30, it was announced today. All boys coming up for advancement or merit badges are requested to be there for examination.

I. A. Calloway Critically Ill

I. A. Calloway, pioneer citizen of Eastland county, is critically ill at his farm home north of Cisco. Among his children who are with him is his daughter, Mrs. H. A. Courtney, and Mr. Courtney, of Sweetwater.

Mr. and Mrs. Courtney are former Ciscoans, having lived here practically all their lives. They are also visiting their daughter, Mrs. C. P. Moseley, and other relatives. Mr. Courtney is also a brother of Jake Courtney, well known Ciscoan.

Nazi Raiders Use New Tactics Against London

LONDON, Sept. 26 (AP).—German night raiders, resorting to new tactics of speed and higher flying, loosed fresh cargoes of destruction on London tonight after a day of attacks in which they sent over the biggest daytime bomber formations seen in nearly two weeks.

The Germans darted about the outskirts until they found an opening in London's defenses, then sped across the metropolis, tossing off their bombs. Their changed tactics apparently resulted from a new device the British themselves tried for the first time—a searchlight defense featuring bright beams thrown at right angles to cover every foot of the skies in the assault area.

As this 19th successive night of air siege wore on, activity in central London slackened, but in the western section the anti-aircraft guns sent up a heavy barrage against Germans whose bombs barely missed a big apartment block. Windows in the entire block were shattered by the concussion.

An early morning air ministry communique said 26 German planes were destroyed in yesterday's air battles, 22 by fighters and four by anti-aircraft.

Methodists to Have Promotion Program Sunday

The promotion day program at the First Methodist church will be next Sunday morning from 9:30 to 11:30, it was announced today by the Rev. Joe L. Patterson.

All departments and classes are asked to meet in their regular places promptly at 9:30. The adult classes will make their reports and go immediately into the lesson study.

The other departments will have first a thirty minute farewell service for those leaving the department. Then the group that is to be promoted to the next department will be taken to that department where a welcoming service of 20 minutes will be conducted.

By 10:30 all classes and departments will assemble in the church auditorium for the general church day program. Those who are promoted to new departments will sit with their old departments so as to help their de-

(Continued on Page Eight)

JAPAN NEAR WAR ENTRY AS GERMAN ALLY

NEW YORK, Sept. 26 (AP).—Japan, with a navy that dominates the far eastern waters and one of the mightiest armies, soon may abandon her role of non-belligerent friend of the axis powers to proclaim herself their ally.

Trustworthy advices received by the Associated Press in New York say that a special mission sent by Adolf Hitler to Tokyo has been successful and that an announcement of Japan's new role in the rapidly spreading conflict is expected soon.

Accumulating evidence of closer cooperation between the United States and Britain has spurred action on the project for a Japanese-German-Italian alliance, these advices say.

Japanese advocates of such a pact have had their hands strengthened by reports, widely current but unconfirmed, that Britain soon may place her great Singapore base, dominating the great cross roads between occident and orient, at the disposition of the United States navy.

Action to forestall such a contingency has been urged by military men in Japan. In Berlin it is admitted that efforts have been made to draw Japan into the axis alliance as a counterbalance to growing United States-British cooperation.

The Associated Press' information gives this picture of recent Tokyo developments:

Special Envoy A German envoy, Max Stamer, specialist on far eastern affairs, confidential aide of Foreign Minister Joachim von Ribbentrop and a relative of the late Dr. Friedrich Stamer, one-time ambassador to London, reached Tokyo early this month.

The close secrecy which wraps diplomacy in the Japanese capital and rigid censorship prevented correspondents there from cabling accounts of his mission, but it is known that he was well received and made rapid progress.

Whether Japan's adherence to the axis alliance would mean her immediate entry into the war against Britain, already embattled on three continents and the seven seas against the totalitarian powers, has not been disclosed.

If it did she could deal mighty blows to the far-extending British empire of which the United States would feel the repercussions.

Britain has no navy east of Suez that could challenge Japan's mighty and expanding fleet. The Japanese could seize Hongkong, lay seize to Singapore and make

Postlude to Armageddon

FIRST there's the quick death—bursting bombs and strafing machine-guns. Later, when the echo of the guns and roaring planes has died away, the other kind of death comes along—malnutrition, outright starvation, disease, desolation of all hope.

Nearly every nation in Europe faces the bleak prospect of that second kind of death, made more torturous by its slowness. Governments will do what they can. But a continent, cut off from sea lanes and ravaged by military conquest, can scarcely be expected to provide adequate food supplies for everyone.

Before the Hitler boot stomped down on the still hopeful peoples of Europe's lesser powers, it was not so bad carrying ration cards and subsisting on meager allotments of food. Now that war has come and gone

through their towns and fields, the survivors must regard what remains of their lives and their dreams as empty futilities.

VANQUISHED France will feel the pinch of winter as never before. Drastic conservation orders have been issued by the Vichy government in a desperate attempt to minimize the human suffering that seems inevitable.

Bread may not be served until it is 24 hours old to discourage anyone from developing a taste for it. Restaurants may not serve coffee with the evening meal. Cheese may not be eaten with meat. Baths may be taken only on certain days. Patrons are discouraged from asking for paper wrappings around their purchases. Shoes and clothing are scarce. Razor blades and toothpaste will not last long. Saccharine is being used widely as a sugar substitute. The soap supply is nearly depleted.

In Jugoslavia, there is no war. Crops were reasonably good. Nevertheless, strict food control was recently decreed because Germany and Italy still expect this little nation to keep up the large exports to the Fascist countries.

THE formula will always be the same: First war, then famine. One may be more spectacular than the other, but the end is the same. The sufferers will be those who never sought war. They will be the women and the children and the poor—the survivors among the civilians who were targets for aerial raids.

There's so much that must be done; so little one can do.

If Germany's Big Berthas get too big the R. A. F. can always prescribe a reducing diet designed to have drastic effects.

Reports from Moscow state a huge boat constrictor has kidnapped a child and is holding her prisoner. That vodka goes all the way when it makes you see snakes.

The nazis are dropping oil bombs on protest this encroachment on his department.

O'Brien divorce, set for Sept. 27. Eastland National bank vs. Joe Tow, note. Set for jury trial Oct. 7. Cassie Owen vs. R. Q. Lee et al, note. Set for hearing this morning.

DEPARTMENT OF COUNTY CLERK Marriage Licenses

The following couples were issued marriage licenses by the county clerk last week: Hellis J. Pippen and Lois R. Nelms, Cisco.

Thomas L. Lee and Minnie Skinner, Ranger. J. B. Maxey and Mrs. Lizia McClaren, Gorman. Cecil J. Richey and Mrs. Emile Galloway, Cisco.

Jesse C. Minter and Louise Samford, Ranger. Frank Blackshear and Mary Ruth Cook, Gorman.

Matters in Probate

The following business was had in the probate court last week: J. W. Ray, petition for letters of guardianship of Joyce Jean Ray and Melba Lorene Ray, minors. Approved and citation issued for hearing Sept. 30.

Margaret S. Spencer, independent executrix and surviving widow of W. E. Spencer, petition to probate will. Petition approved and citation issued for hearing Oct. 7.

H. A. Collins, executor of the estate of C. T. Webb, deceased. Petition for discharge, and final report. Proof of publication for hearing Sept. 23.

A. S. Jackson, guardian of Billie C. Snodgrass et al, petition for authority to execute oil and gas lease.

E. M. Snoddy, guardian of Mrs. Henrietta Stell, petition to sell real estate.

Lila M. Lee, guardian of the person and estate of Jennie Talbert, minor. Oath subscribed and bond filed and approved with R. Quincy Lee, Edward Lee and W. H. McDonald, sureties.

Jerome McCarty, administrator of the estate of Sallie Clark, petition to sell real estate. Approved and citation issued for hearing Sept. 30.

D. L. Hukel, petition for letters of guardianship for Annie Hukel, incompetent. Approved and letters issued.

Ante-Dated Births

Jesse Coe, Jr., son of J. C. Coe, Eastland, born May 18 1910. Volney Shepard son of J. C. Day, Eastland, born Feb. 9, 1906. Bobbie Joe, son of R. E. Smith, Cross Plains, born Aug. 8, 1915. Harold Ray, son of H. I. Hudson, Gorman, born July 4, 1920. Arwin Jike, son of C. M. Erwin, Cisco, born June 21, 1902. Claude Alvis, son of C. M. Erwin, Cisco, born May 18, 1910. Jim Carbon, son of Frank Kent, Rising Star, born May 5, 1916. Walter Ray, son of J. W. Browning, Desdemona, born Dec. 7, 1921. Linnie Lee, daughter of J. J. Howell, Gorman, born May 29, 1910. Drucell, son of E. R. Owens, Gorman, born May 18, 1910.

Elmer Alte, daughter of C. M. Nolan, Eastland, born Dec. 17, 1915. Richard Doyle, son of W. E. Tone, Eastland, born Sept. 29, 1926.

Luther Terrell, son of Lee Williams, Eastland, born March 9, 1933. James Van Buren, son of J. H. Clemmer, Eastland, born July 31, 1915. Ira Lee, son of J. H. Clemmer, Eastland, born July 15, 1907. Eunice May, daughter of J. H. Clemmer, Eastland, born April 3, 1895. Charlie Macklin, son of C. T. Terrell, Desdemona, born Dec. 23 1904. Joseph Olen, son of L. H. Hayley, Cisco, born June 12, 1904. Afton Arthur, son of A. H. Porterfield, Rising Star, born Feb. 22, 1908. J. D. son of J. E. Muncill, Gorman, born March 3, 1906.

Clarence Elvin, son of B. F. Leucaire, Cisco, born May 24, 1907. Dewey Edward, son of J. O. Sparger, Desdemona, born May 20, 1920. Angelina, daughter of John Guidino, Fort Stockton, born June 14, 1923. Clark Bright, son of R. L. Richardson, Eastland, born June 11, 1906. Joel Travis, son of N. T. O'Brien, Cisco, born Dec. 5, 1916. Weyman Bryant, son of H. R. Mason, Gorman, born March 14, 1911. Ery Lee, son of H. R. Mason, Gorman, born Sept. 26, 1907. Hoyt Grady, son of J. W. Brown, Sabannon, born Nov. 4, 1903. Thomas Allen son of W. A. Shahan, Eastland, born Oct. 22, 1903. William Benjamin, son of W. A. Shahan, Eastland, born Dec. 1, 1906. Donald Edward, son of N. T. Frasier, Gorman, born Sept. 19, 1934. Gladys Jean, daughter of J. C. McWhorter, Cisco, born March 23, 1923. Helen Laverne, daughter of H. T. Hamrick, Gorman, born Nov. 15, 1907. Alva Denton, son of J. M. Thompson, Gorman, born Sept. 10, 1900. Lewis V. Meter, son of L. V. M. Garrett, Shannon, Tex., born May 4, 1919.

Real Estate Transfers

The following Warranty deeds are of recent filing in the county clerk's office: Mrs. Bertha Barrett et vir to Hall Walker, lot 1, block 5, Hay addition, Ranger, \$300.

Texas & Pacific Railway Co. to Hall Walker, lot 2, block 6, Ranger, \$150. J. E. Cherry et al to Herman Foster, north-west quarter, section 7, D&DF survey, \$6,000.

Foy Brooks to Mrs. J. L. Taylor, undivided interest section 14, block 6, ETRR survey, and part of Mary Ann Clark survey, \$40 and other considerations. Cecil O. Brooks et ux to Mrs. L. J. Taylor, part of section 14, block 6, ETRR and Mary Ann Clark survey, \$50.

G. A. Kearney et ux to Mrs. B. J. Taylor, undivided interest, section 14, block 6, ETRR survey, \$50. I. N. Lane et ux, et al to J. C. Elam, 165 acres, McLennan county school lands, \$300.

Michigan Realty Co. to Clara B. Simer et al, lot 27, block C-3, Eastland, \$807.50. W. I. Lane et ux to Elbert Vick, part of Matt Finch survey, \$525.

E. P. Henson et ux to Glen Bramum, part of section 60, block 6, H&TC survey, \$50. Glen Bramum to Stat. of Texas, right of way, \$10.

F. E. Eppler et ux to Katherine L. Harris, 97 acres of land in Eastland county, \$4,022.39. Continental Southland Saving & Loan association to Mrs. M. Ann Evans, lot 5, subdivision of lot 1, block 95, Cisco, \$600.

Ira L. Hanna et ux to Robert J. Agate, part of James Dingley survey, \$3,000. L. M. Fenter et ux to J. L. King et ux, part of block 10, J. J. Butts subdivision of Albert T. Burney survey, Cisco, \$340.

A. F. Hartman to Hall Walker, city lot in Ranger, \$5. Ida B. Hunt to A. F. Hartman, city lot in Ranger, \$65. George Brogdon, Jr., to H. A. Freeman et ux, east 50 feet of lots 14, 16 and 18, block 35, Daugherty addition, Eastland, \$300.

County Taxable Values Are Twenty Millions

Eastland county property, for taxable purposes, has a total assessed value of twenty million, four hundred, eighty-five thousand and one hundred (\$20,485,100) dollars. That is the figure revealed by the records in the assessor-collector's office.

Making up this total the resources shows the county's acreage, 589,625 acres of land, accounts for \$5,214,730; city property shows a value of \$5,634,540; personal property is assessed for \$6,725,450; the 130.7 mile of railroad trackage must pay taxes on \$863,980; in addition railroad rolling stock carries a taxable valuation of \$105,560. Intangible property in the county is taxed at \$670,420; telephone and telegraph property in the county represents a valuation of \$53,030, with pipe lines paying revenue on \$1,369,860 valuation.

There are 2,830, shares of bank stock owned in Eastland county which have a valuation of \$47,530. This \$20,485,100 of this year's valuation compares with \$20,070, which was the total valuation for last year, showing a decline in valuation of only \$217, which, Collector-Assessor C. O'Brien thinks, is chargeable to large amount of oil storage tanks was on last year's tax rolls. O'Brien said, this represents smallest decrease in valuation the past eight years.

The office force of the assessor-collector has completed the rolls at an earlier date than has been the case in the past 17 years as the rolls were completely adopted by the commission court at its meeting early in September.

A copy of the rolls has been sent to the bindery to be bound in book form for use in the collector's office. Another copy has been prepared and sent to state comptroller at Austin.

HONOR SYSTEM

OKLAHOMA CITY, Sept. (AP)—Senior high school students will write their own excuses for absence. Says City Superintendent H. E. Wrinkle: "When a student reaches senior high school age, he ought to be old enough and responsible enough to make his signature mean something."

GIFT GOODS

We have just received our first shipment of Fall Gift Goods. They are just the thing for Wedding Gifts, Birthdays, Anniversaries, etc. Here are just a few:

NINETY-FIRST DISTRICT COURT

(Geo. L. Davenport, Judge) New Cases Filed

The following new cases are on file in the district clerk's office for hearing in the 91st court: R. N. Grisham vs. Tom Potter, note. Cecil Daugherty vs. Consolidated Underwriters, compensation. Cree & Company vs. Mrs. Ada Miller, trespass to try title. Judgments and Orders

Judge Davenport handed down the following orders from the bench of the 91st court last week: M. H. Decker vs. S. T. Wilhite, damages. Settled by agreement by which defendant was awarded judgment for \$60 from plaintiff, Magnolia Pipe Line Co., and that plaintiff M. H. Decker, and defendant, S. T. Wilhite, go hence without day.

H. I. Stock vs. C. B. McBride et al. R. R. Holloway, receiver, reported to the court that he had received bids for the purchase of personal property in the hands of the receiver, and recommended to the court that he be authorized to accept that of Robert R. Russell, it being the highest bid received. Report approved and the receiver was authorized to accept the bid of Russell of \$3,640 for all the personal property in the receiver's hands, except one 100-gallon steel tank; one pumping unit and truck; one drip and one wire line. It was the order of the court that the receiver deliver to Robert R. Russell one steam engine; one 100-barrel steel tank; one drip; one steel bull wheel; one steel calf wheel; three steel

oil tanks; one separator, and one 2-inch gas line. State vs. Fred Zellers et ux et al, injunction. Judgment by default for plaintiff, in which defendants, employees, etc., are perpetually restrained from dispensing alcoholic beverages from the premises stipulated in plaintiff's petition, near Rising Star, and that the said premises be closed for one year, or until defendant shall file his bond in the sum of \$1,000, payable to the state of Texas, conditioned that no alcoholic beverages will hereafter be sold on or about said premises. It appearing to the court that defendant, Fred Zellers, had been duly and legally cited to appear before the court and show cause why he should not be held in contempt, failed to so appear but made wholly default. It was the order of the court that defendant be adjudged in contempt, and that his penalty be assessed at three days in the county jail, and a fine of \$100.

S. R. Seastrunk vs. Erin Petroleum Co., damages. Continued by motion of both parties. Jury Commission

Judge Davenport named L. A. Hightower, Eastland; A. E. Ernest, Ranger, and W. B. Statham, Cisco, as a jury commission, who appeared before the court where they were duly qualified and instructed to draw 40 names for each of the second, third and sixth weeks of the October term of the 91st court. These names will constitute the juries to be summoned to report for service Monday, Oct. 14; Monday, Oct. 21 and Monday, Nov. 11.

EIGHTY-EIGHTH DISTRICT COURT

(W. B. Patterson, Judge) Criminal Docket

Judge Patterson gave hearings to the criminal docket Monday in which several convictions were had. Disposition was had in the following cases heard: George Rhyne, drunk driving.

Cisco Couple Win New Nash in National Contest

Mrs. Jim Hudson of 1500 Park Drive, Cisco, were happy today after the Proctor and Gamble company had presented them with a 1940 Nash sedan and the Sinclair Oil company had added 1,000 gallons of Gasoline as a reward for having won in a nationwide contest conducted by Proctor and Gamble. The presentation was made on the lawn of Mart Agnew's Sinclair station on West 17th street yesterday afternoon.

"This car and gasoline cost me three cents," laughed Mrs. Hudson, who invested a three-cent stamp and a bit of time in completing the single which won the splendid prize.

Last year she won a \$100 cash award in a similar contest conducted by the same company.

Shown are the group which participated in the ceremonies of award. They are, left to right, A. L. Lenwell, merchandize representative of Proctor and Gamble, Fort Worth; Ira Manley, Nash dealer of Abilene, Texas; J. T. Black, supervisor for Proctor and Gamble, who presented the car, Abilene; Mr. Hudson, Mrs. Hudson; J. E. Meroney, Sinclair agent of Ranger; A. Reck, Sinclair representative, Breckenridge, and Mart Agnew, Sinclair dealer, Cisco.

Jackson Well Flows Over Derrick Top

A solid stream of oil roared 40 feet over the derrick top out of a seven-inch casing Tuesday morning when the Mahaney No. 1 A. S. Jackson, four miles south of Carbon, was opened this morning to remove tools and install a new head. The string of tools was blown out of the hole by the force of the oil, propelled by three million or more feet of gas.

The flow was constant, forming one of the rarest sights in modern oil well drilling and simulating the gusher displays of the early Ranger field days.

The well undoubtedly is the largest that has been brought in in Eastland county since the decline of the original boom, operators said. It has created great excitement and oil men were coming here from all over the state to view it.

The well, bottomed at 2,642, topped the Caddo at 2,539 last week, with only a small show of oil. It was shot between 2,549 feet and bottom with 300 quarts of nitro, tamped with ten feet of gravel and sealed with 60 feet of Cal-Seal, a new gypsum and cement preparation which expands as it hardens and effectively protects the casing.

The shot was set off Saturday morning and the tools returned to drill out the seal. Sixty-five feet off bottom the well blew in, throwing the string of tools 60 feet up the hole. It ran 670 barrels in 24 hours and yesterday morning when the tools were returned to bottom to clean out, it

flowed 135 barrels in an hour. The tools penetrated only ten feet. The oil is of 42 gravity. Every foot of the Caddo lime was found to be saturated. It is a black lime with streak of gray.

Location of the well is 330 feet from the north line and 330 from the east line of the north 40 acres of the west 80 acres of the S. H. Key survey of 160 acres. It is 1,200 feet west of the Dobbs Oil company's No. 1 Thompson, a 250-barrel producer from the same pay.

COMMITTEE ON FOOTBALL MEETS HERE

The first meeting of the executive committee for interscholastic league football, District 9AA, for the new season concerned itself with routine business matters at the Laguna hotel Saturday afternoon. The committee, with all members present, met at 2 o'clock.

Eligibility matters were not discussed, insufficient time having elapsed since the reports on players were filed to give the members opportunity to study them. The same system which governed issuance of passes last season was adopted for this.

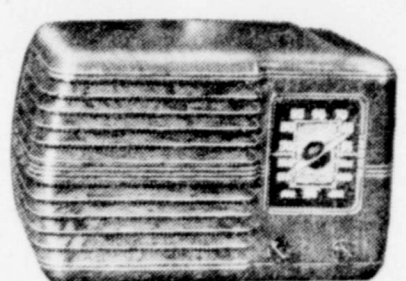

The rule governing split of gate receipts between contending teams last year, by which the gross was split 50-50, the home school paying expenses, was re-adopted. A \$15 limit, with three cents per mile for expenses, was fixed for fees of officials.

The committee adopted a new policy of requiring the district winner to pay the \$30 fee for committee administrative expenses. Resolutions on the death of Supt.

P. B. Bittle of Eastland were adopted. Members of the six-man committee, who were all here, are R. N. Cluck, Cisco, chairman; W. T. Walton, Ranger, secretary; John F. Bailey, Breckenridge; Supt. Burnett of Stephenville; W. A. Ross of Mineral Wells, and E. J. Underwood of Brownwood.

The Puddle-- Not Of A Muddle

WICHITSON, Kans., Sept. 26 (AP)—"What's the idea?" asked a group of police officers when they saw two men in a creek daubing themselves with mud.

"We've been out on a party," said the men, "but we're going to

tell our wives we've been stuck in a mud hole."

One Sentry To Another

ST. GALLEN, Switzerland, Sept. 26 (AP)—During the first World war two young soldiers, a Swiss sergeant and a German

private, met casually while on frontier duty and talked far into the night.

A few weeks ago, the Swiss sergeant, now an officer, found himself on the German frontier on exactly the same spot.

He was introduced to a high officer of the German army and each immediately recognized the other as the sentry of the last war.

STORM HITS SANTONE

SAN ANTONIO, Sept. 26 (AP)—A 50 to 60 mile wind accompanying a thunderstorm and heavy rain Tuesday night blew down trees and power lines over the city and levelled 40 to 50 tents at the recruit reception center of Dodd field.

Mexico has 2 ocean ports.

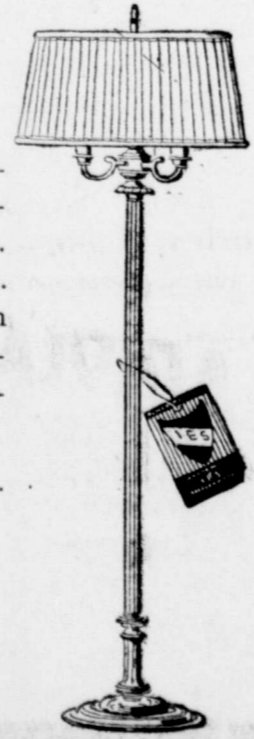

There is so much for him to see! guard his eyes with **Better Light**

I. E. S. Better Sight Lamps make your home sight-safe

- Pin-up Lamps**
A handy lamp that you are able to use by your bed or make-up table. Only \$1.95.
 - I. E. S. Lamps**
Table and floor models are available. All are certified lamps and carry I. E. S. tag. \$3.95 up.
 - Adapter Units**
Transform old drop-cord lighting fixtures with a screw-in Adapter. Prevents glare. 45c up.
 - Lamp Bulbs**
Keep an assorted carton handy. It saves in the long run. Ask about assortment of six for only 80 cents.

West Texas Utilities Company

Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. *The Ford does that for 1941.*

It has jumped ahead in size. It's the **biggest Ford** we've ever built, *inside and out. It's wider.* It has a **longer wheelbase.** Its seating room is **wider** by as much as 7 inches. It has **new wide doors** and **semi-concealed running boards.**

You'll notice also a new beauty, achieved by a skilful blending of mass with **longer flowing lines. Larger windshield and windows** give better vision all around.

One of its biggest advantages is the **new soft ride.**

New, slower-action springs give a slow, gentle, gliding movement. A **newly designed stabilizer** helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

Get the Facts and You'll Get a Ford!

Texas Fire Death Record Worst in Years

AUSTIN, Sept. 24 (Spe).—Texas fire death record for the first eight months of 1940 has been the worst in many years, Marvin Hall, state fire insurance commissioner, reported today.

Hall said he had records of 290 deaths in eight months as against 383 for the entire previous year. He stated that during the past five years when the annual property loss by fire in Texas has been the lowest in the history of the state, the annual death loss by fire has been the highest, which is definite proof that Texans are not applying the principles of fire prevention to their daily routine.

Sixty-seven persons lost their lives by getting trapped in burning dwellings. Fifty-seven deaths were caused by standing too close to open fires. Automobile wrecks caused 38 fire deaths to rank as the third leading cause.

Records on other fatalities were: Burns, various causes, three; burns from electricity, three; acetylene torch burns, four; butane gas explosions, one; explosions from improper installation of local camp's baseball team, defeated the Effie and Side Lake camps for the sub-district championship. He fanned 33 men.

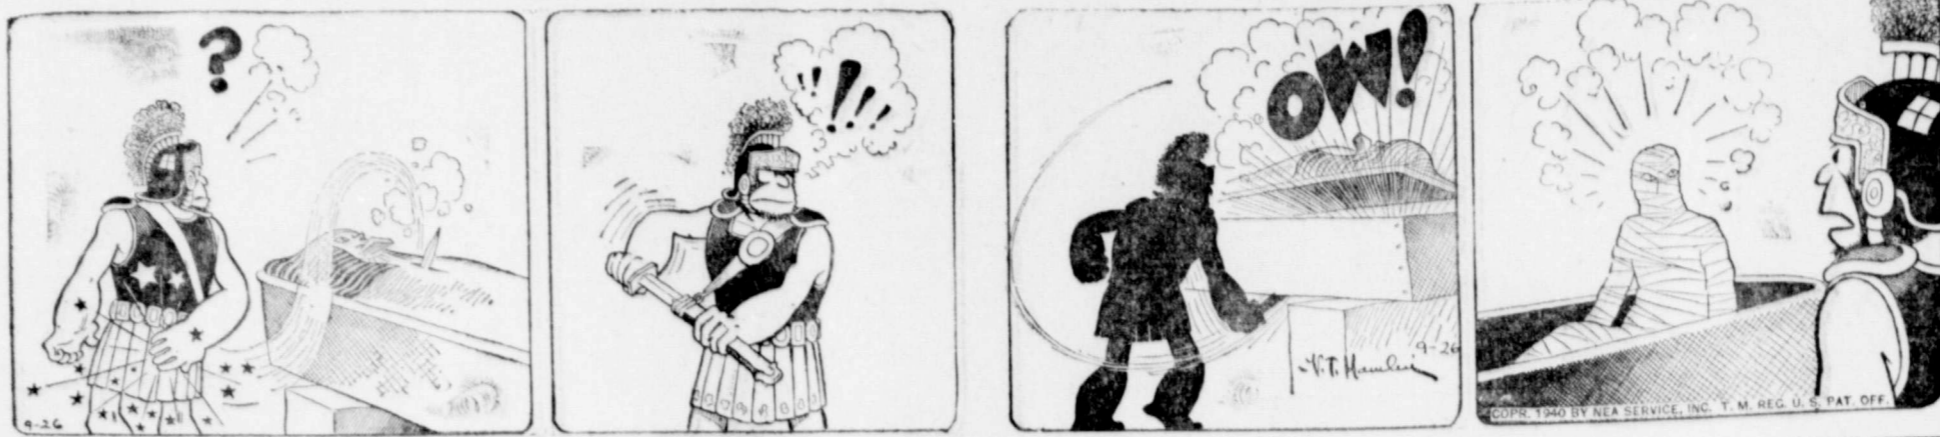

Deaths: nine; asphyxiated by gas, seven; cleaning cloths and floors with gasoline, five; improper use and care of gasoline, twenty-seven; explosion of gasoline washing machine, one; starting fires with kerosene, fourteen; children playing with matches, three; murder (arson), three; falling into open fires, five; oil well fire explosions, four; scalds from escaping steam, one; coffee, tea and grease scalds, two; scalds from falling hot water, fifteen; smoking in bed, four; gasoline and kerosene stove explosions, eight; suicides, three; undetermined, two.

Judge Scowls: Attorney Howls

OKLAHOMA CITY, Sept. 26 (AP)—Whether a judge got red in the face is going to be the subject for discussion in a judicial hearing.

J. D. Lydick, attorney for a defendant sentenced to five years, contended in an appeal that the judge's face and demeanor indicated he "did not believe" a witness.

Cows and Oil Backlog of Culture

AUSTIN, Sept. 26 (AP)—Thousands of cows and millions of barrels of oil have done their bit for the University of Texas.

The school owns about 2,000,000 acres of oil and cattle land.

Cisco Masons Attend Annual Caddo Fish Fry

The Masonic fraternity of Cisco was well represented at the annual fish fry Friday night when the Caddo lodge, No. 542, A. F. & A. M., was host to the members of the Masonic lodges of the oil belt and neighboring towns. This fish fry is a yearly feature by the Caddo Masons.

At each of these occasions the honor guest is some Masonic celebrity, and Friday night the guest speaker was Hon. Jewell P. Lightfoot of Fort Worth, past grand master of Texas Masons, present grand high priest of the Royal Arch Masons.

The lodges represented included

Cisco, Breckenridge, Eastland, Ranger, Carbon, Mineral Wells, Gorman, Woodson, Albany, Desdemona and other towns within this radius. L. D. Wilson, Cisco Masonic secretary, said there were approximately 150 in attendance, and the school auditorium was crowded to capacity, as this gathering was held there, and open to

Group Three Meets With Mrs. Hogue

Group Three of the First Christian Women's council met with Mrs. W. C. Hogue, Humbletown, Tuesday at 3 o'clock. In the absence of the circle chairman, Mrs. George Atkins presided over the business session.

The program was devoted to a mission study with the following topics: "Shifting of the Population," by Mrs. L. C. Moore; "Sharecroppers and Students," by Mrs. Jack Elkins, and "Stewardship of the Land," by Mrs. Sam Kimmell.

Junior G. A. Has Picnic Wednesday

The First Baptist Junior G. A. met at the church Wednesday and went from there to the West Texas Utilities park for a picnic. Interesting games were played. The group was accompanied by Mrs. W. D. Brecheen.

Those present were Louise Norris, Dave, Jimmy and Claudia Cheshire, Mary Nell and Bessie Lafayette Butler, Dolores McCormick and Mrs. Brecheen.

Mrs. George Christie and Mrs. Joe Mapes spent Wednesday in Abilene.

partment with its part on the program.

In the church auditorium the general superintendent, Garland B. Nance, will preside. Well-bound and attractive Bibles will be given to the graduates from the primary department. These graduates will begin a special study of the Bible in their new (junior) department.

Special recognition will be given to all officers and teachers and members of the church school who have a perfect attendance record for the year or who have the first, second, and third best records for the year, in their department or adult class.

Promotion certificates will be awarded to all graduates from one department to another. And a brief report on each class and of each adult class will be given.

This is an annual event which is very important for all the children and their parents to attend.

It will be noted that this program will take the place of the regular Sunday morning worship service. Members are asked to come to the church at 9:30. The program will end at 11:30. The pastor's sermon Sunday morning will be in the form of a brief story and will be a part of the whole promotion day program.

Eggs "Cheep" But Aren't Cheap

PUEBLO, Colo., Sept. 26 (AP)—The kitchen staff at Colorado State hospital drew the logical conclusion when some lusty cheeping began to come from a crate of eggs.

But, hastily unpacking the crate, they found a cricket.

Legionnaires Advocate Aid For Britain

BOSTON, Sept. 26 (AP)—The American Legion voted overwhelmingly Wednesday in favor of giving "all practicable aid to Great Britain" in conjunction with a defense program designed to make America "strong enough to meet and turn back any possible invasion before it arrives."

Warren Atherton of California, chairman of the 22nd convention's committee on national defense, termed the pro-British resolution "a new step in the direction of closer support" for that country. The legion advocated strict neutrality at its convention last year. The veteran's recommendations for strengthening the United States armed forces went far beyond the nation's present expansion program, greatest in its history, and at the same time called for legislation to provide for strict supervision over aliens and for elimination of "subversive" activities.

The 1,400-odd delegates, representing more than a million former service men, urged creation of a permanent system of military training, and increases in the personnel of the army, navy, air corps and merchant marine, the national guard and the ROTC.

In a long range program growing out of the war abroad and preparedness plans at home, the soldiers of two decades ago urged acquisition of additional bases for naval expansion, and endorsed "the principle of exchanging obsolete equipment for needed air and naval bases."

The soil should be well aerated when growing blueberries, growing.

Blue Glass Bulbs Of The Pacific May Stop Strange Trip to America

AP Feature Service
PORTLAND, Ore., Sept. 26.—The blue bubbles that ride the ocean currents from Japan to the breakers of Oregon and Washington may soon pay out.

The "bubbles" are glass, not buoys, from 3 to 15 inches in diameter. They have been washing ashore on the American north Pacific for 15 years, to the delight of vacationists and collectors.

Source of the bubbles long was a mystery. Finally the family of Mrs. Elizabeth Olsen of Portland, which collected hundreds of them, wrote the U. S. consul at Tokyo. Mrs. Olsen suspected the bulbs were buoys of some sort and guessed that they washed across the Pacific.

Information came from Consul General Arthur Garreis, who said that Japanese fishermen began using glass net buoys about 20 years ago, but that cost prevented their general use until about 1925. Since that time fishermen along the islands of Hokkaido and Sakhalin, the Kamchatka peninsula and the Okhotsk sea have purchased about 2,000,000 of them annually. When nets are lost, net buoys break free.

For several years Japanese glassblowers blew the trade characters of the fishing companies into hot glass.

Fishermen use the glass buoys mainly on drag nets. A "necklace" of glass is affixed to the upper edge of the net heavy weights to the lower. Thus the nets move through the water submerged several feet, a wall of mesh to trap the fish. Larger glass buoys mark the net position.

But soon, wrote Garreis, the buoys may float across the Pacific no more for the Japanese have developed a paper type of net float, more durable, cheaper and easier to reclaim than the blue bubbles.

Improbable Ali Involved in Case

SAN FRANCISCO, Sept. 26.—The FBI clearly indicated today it did not believe Muhlendorff, German kidnaper involved in the 1936 kidnap of Charles Mattson, the confessed kidnaper of Tristan.

But Earl J. Connelly, director of the FBI, committed himself absolutely "that investigation is still going."

French Bomb--

(Continued from Page One)
in the streets, others near ships and the docks. As the planes were made for home, others at 3:50 p. m. they were over in waves of ten low over the rock. By several buildings were destroyed. By 4:15 p. m. the attack was numerous and moving so that observers could not see them. The bombardment on p. m. and the last plane sped across the African bases.

NEW MANAGER

Mrs. C. B. Dunn has recently been made manager of the Foy apartments, 209 West Third street, and is giving the interior a renovating, papering and other improvements. The property is owned by W. L. Foy of Sweetwater.

ANNOUNCING THE Magic Chef

"ALL-AMERICAN" GAS RANGE

- 1 THE BIGGEST TURKEY you'll ever buy will fit comfortably in the big, roomy oven of the new "All-American" Magic Chef. It's 15 inches wide and 29 inches deep!
- 2 FAMOUS SWING-OUT BROILER is larger and better than ever! Now you'll enjoy broiling! Extra height provides warming compartment below pan.
- 3 HERE'S A TOUCH OF GENIUS! Burners are spaced wide enough so you can use your largest pots and pans without crowding. Convenient divided top.

Magic Chef "All-American" Gas Range, with automatic lighting, famous Red Wheel Oven Regulator, Swing-Out Broiler, Lifetime-Guaranteed Burners, adjustable to high-speed or slow-simmer... PLUS 12 new request features.

Designed by WOMEN for WOMEN

It takes a woman to know what she wants... and tell about it! That's how this new All-American Gas Range was built with the help of 615 experts. They were asked what they wanted in a modern range... home economists in schools and in gas companies, experienced homemakers and consumer group leaders.

The wishes of the majority ruled. They wanted a bigger, more roomy range with more oven and broiler space... extra shelf, warming compartment and widely-spaced top burners. And here they are, all wrapped up in the most beautiful, practical and efficient gas range you could ever imagine.

12 REQUEST FEATURES

- 1 Practical size for all cooking needs.
- 2 Super-size oven — 18 inches wide, 20 inches deep, 14 inches high.
- 3 Bigger swing-out broiler, deeper and wider.
- 4 Big warming space under broiler pan.
- 5 Burners spaced wide enough for four 12-inch utensils.
- 6 Two disappearing, plate-warming shelves.
- 7 Burner grates level with working surface.
- 8 Coveralls fit flush with cooking top.
- 9 Single streamlined drawer for utensils.
- 10 Chrome plated lamp. New Minute Minder.
- 11 Easy-to-clean-under open front base.
- 12 Extra high back-guard, to protect wall.

JOIN THE SWING TO GAS. More than 16,000,000 women cook with gas, the Magic Flame. Now CP (Certified Performance) Magic Chefs save time, save food, save money.

As advertised in leading national magazines.
