

## Bumper crop!

**PEACH OF A PEACH**—Tawnee Matthews, 2, shows a softball-size freestone peach that came off one of the trees in the orchard of her grandparents, Mr. and Mrs. J. R. Matthews. In background is another tree in the Matthews orchard heavily laden with smaller peaches. Tawnee is the daughter of Mr. and Mrs. Jerry Matthews.

**ONE APPLE PER PIE**—It's still a little tree, but it's producing some gigantic red apples. Edd McLeroy shows his Stork Giants, one of several varieties he grows in his back yard. The apple he's holding has a circumference of 12 inches so far, and is expected to weigh 1½ to two pounds by the time it drops.

**PEARS, SQUASH AND CUCUMBERS** all seem to be growing to giant proportions this year in the garden of Mrs. Ethel Fry. Her Keiffer pears measure up to 10¼ inches in girth, the cucumber is 12½ inches long and 1½ inches in diameter, and the Kuta squash is 14 inches long and 17½ inches around.

**GREAT GRAPES**—The summer of 1981 has been perfect for grapes, and Swain Burkett's well-tended arbor is straining under the weight of big clusters. Here, Burkett displays his bronze-green Muscat grapes, one of two varieties he grows. Burkett also has a big crop of Golden Delicious apples and watermelons.

## King, Harp take protest to USDA's inner sanctum

"We wanted them to realize what a serious threat this grain-dumping is to our High Plains markets, and that we're serious in our opposition to it," Texas Corn Growers Association President Carl King said after meeting with Secretary of Agriculture John Block in Washington last Thursday.

"I think we made our point, but the results of the meeting remain to be seen," King added. King was part of a delegation representing High Plains grain producers who met with Block and other USDA officials. Also in the delegation were Elbert Harp of Abernathy and Mabry Forman of Felt, Okla., representing the Grain Sorghum Producers Association; Claude Freeman, who was a deputy

secretary of agriculture and head of the Commodity Credit Corp. in the Carter Administration; and five attorneys from Lubbock and Washington, D.C., representing both the GSPA and the TCGA.

The commodity groups both oppose the CCC's transporting of surplus grain into this area for sale on the market before the 1981 harvest begins.

The two-year-old grain was contracted to the Soviet Union but withheld on former President Carter's orders after the USSR invaded Afghanistan. The CCC ordered a large percentage of the embargoed corn and milo to be shipped by the CCC from the Midwest to the High Plains area this summer, for sale by bids. Sale of the grain started the last week of July and the first week of August.

But while the grain was still being shipped, the GSPA threatened a lawsuit against the US Dept. of Agriculture — the CCC's parent agency — and started raising a legal fund.

Hoping to avoid legal action if possible by "reasoning together" with the Secretary [See KING, HARP, Page 15]

## Parade planners name Ramey grand marshal

Edwin "Goose" Ramey will be the grand marshal of the 1981 Harvest Days Parade.

The Dimmitt Rotary Club, which is in charge of organizing the parade, voted Friday to designate the long-time historian and naturalist to the lead position in this year's parade.

The Harvest Days Parade will be held Saturday morning, Sept. 12, in conjunction with the county fair and other Harvest Days festivities.

Meanwhile, school band members and others are already preparing for the parade and Rotary President

Keith Mussett urged all organizations, clubs, groups, families, riders and individuals who want to take part to start working on their entries.

Youngsters in the first, second and third grades can compete for awards for best-decorated bikes in the parade. Awards will be presented in each grade division.

Competition will also be open in several divisions of floats, riders and other entries.

Anyone wishing to enter the parade may contact any Rotarian or Chamber of Commerce Manager Delores Heller at 647-2524.

## County fair will include 'bed race'

"Get your beds built now," advises Dimmitt Chamber of Commerce Manager Delores Heller to those who are planning to enter the bed racing event in the County Fair.

The Lions Club of Castro County are sponsoring the event.

The race is a new feature this year and will be held at 5 p.m. on Sept. 12 at the County Exposition Building.

"Groups wanting to enter the race may build their bed out of iron, wrought iron, wood or just about anything else," Mrs. Heller said. "A mattress or mat must be placed on the bed, and wheels of some sort attached to the bed frame, but no motors are allowed."

She added that each bed must be pushed by four men, and must have a woman passenger in the bed.

The beds will also be entered in the parade and judged on the merits of design and the costumes of the pushers and rider.

year's fair will be the special programs presented throughout the day at the Expo Building on Sept. 11. The programs will cover: "Micro-wave Cooking and Food Processors," presented at 10 a.m. by Castro County Extension [See COUNTY FAIR, Page 7]

## Old Settlers' reunion plans are announced

As part of the annual Harvest Days Celebration, the Old Settlers' Reunion will kickoff with a basket lunch Saturday, Sept. 12, at 11:30 a.m. at the Castro County Senior Citizens' Center.

Those attending the lunch are asked to bring enough food for themselves and their guests.

The lunch will be followed by a business meeting at 1:30 p.m.

## First-week enrollment hits 2,462

Total school enrollment for the three districts in Castro County the first week is 2,462, just one below last year's total.

A gain of eight by the Hart schools and three by the Dimmitt schools was offset by a drop of 12 in the Nazareth schools.

In Dimmitt, Richardson Elementary registered 1,632 students the first week of school, with the middle school following with 602, and the high school with 389.

The high school number is down 16 from last year's 405, while the elementary enrollment is up 18 and the middle school total is up one.

Hart's 554 this year followed 546 last year, which had been a drop from the previous year. Kindergarten through sixth grade is at 317, and grades seven through 12 is at 237.

Nazareth reported a total of 285 enrolled, with 138 in kindergarten through sixth grade, and 147 in grades seven through 12. This is the second year in a row that Nazareth has shown a drop in enrollment.

## UW progress 'discouraging'

Donations to the Dimmitt United Way so far have totaled \$3,269.50, an amount that Campaign Chairman Cheryl Pybus termed as "discouraging."

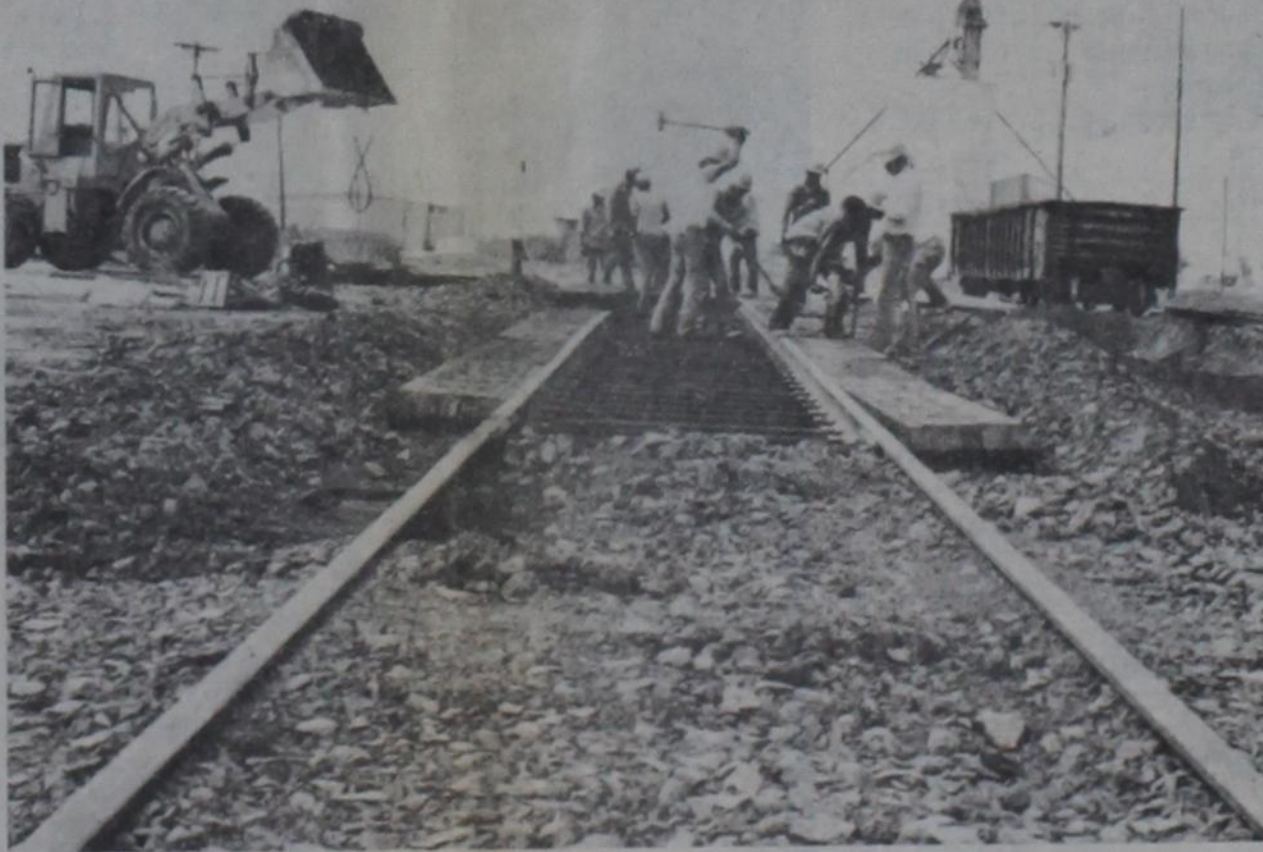

The 1981 drive kicked off July 30 with a goal of \$12,025. "It's very slow coming in," Mrs. Pybus said.

She urged workers to collect their campaign packets as soon as possible and turn them in to Campaign Treasurer Gene King at the

Dimmitt School Administration Building. Many packets are still out, she reported.

United Way workers were hoping the fund drive could be completed in August after a one-month push. However, after almost four weeks the campaign has only passed the 25% mark.

Scheduled to benefit from the UW drive this year are Dimmitt Kids, Inc., the Girl Scouts, Boy Scouts, Meals on Wheels and American Field Service.

**STEEL DRIVIN' MEN**—Traffic on East Bedford Street is being detoured while Fort Worth & Denver Railroad construction crews completely rebuild this main-line crossing and

two others. New railbeds, rails, crossties and crossing boards are being installed. The project is scheduled to be completed by the end of next week, a railroad spokesman said.

## AFS student has surgery

Anne Marie "Mia" Berg of Norway was scheduled to undergo surgery in St. Anthony's Hospital in Amarillo at 1 p.m. Wednesday to repair severe bone damage to her right leg, the result of a motorcycle-pickup crash here Aug. 18.

The 16-year-old girl, an American Field Service exchange student, was critically injured in the 9:50 p.m. accident on North Broadway in Dimmitt. She has not regained consciousness since the crash, and was still listed in critical but stable condition going into Wednesday's surgery.

She was a passenger on a motorcycle driven by Sid Sageser, 16, when it collided with a 1978 Ford pickup that was exiting from the Taylor &

Sons Food Store parking lot across North Broadway, crossing into the path of the northbound motorcycle.

Sageser was also seriously injured, and is now listed in satisfactory condition in Lubbock Methodist Hospital, where he is being treated for a broken ankle, a leg contusion and other injuries.

The driver of the pickup, Marie Hernandez, 20, was not injured.

City police have cited Sageser for driving without a motorcycle endorsement and for having no cycle helmets, which minors are required to wear. Hernandez was charged with failure to yield right-of-way.

Police said Sageser was thrown 93 feet and Miss Berg 81 feet from the point of impact. Both received emergency treatment at Plains Memorial Hospital, then were transferred to the emergency receiving centers in Amarillo and Lubbock.

Physicians planned to surgically set the broken femur (thigh bone) in Miss Berg's right leg, and hoped also to start repair work on her lower right leg, where one to two inches of the large bone is missing. She also suffered a fracture below the left knee, a fractured arm and a severe concussion.

## 63% of 1981 grads are college-bound

Sixty-three percent of Castro County's 1981 high school graduates are enrolled this fall in 26 institutions of higher learning — 84 out of 133 graduates for the three school systems.

Fifty-four percent of Hart's 35 grads, or 19 students, opted for higher learning.

Nazareth showed 41% of its 27 graduates — 11 students — going to colleges and universities.

Here's the list of colleges or schools and the local students enrolling as freshmen, based on students' transcript requests:

WTSU — Hilda Arce, Debbie Hrabal, Jaquita Hughes, Dawn McRee Cluck, Kim Parks, Paula Porter, Maria Salinas, Norma Trigo, Jeff Isaacs, Tim Lay, Joe Nino, Chevo Ortiz, Leroy Ramirez and Jim Smith of Dimmitt; Emma Castillo, Dana Cobb, Chad Black, Augustine Perez, Benny [See 1981 GRAD, Page 11]

Sheffy's Chatter

Late vacationers head all directions

By MYRTLE SHEFFY

Mr. and Mrs. Billy Derryberry have had company this past week, their nephew Billy Bolander, who is first petty officer in the field ordinance of the navy and his wife Patricia and son Billy. Mrs. Bolander is a native of Spain and she and husband can speak several languages, besides English and Spanish. Their recent home was San Francisco at Moffett Field Navy Base. The Bolanders go on to Paris, Texas to visit his mother Mrs. Joe Harden and grandmother Ada McCool. Billy Sr. will go on to Japan for a six-month mission before going on someplace else. His wife stays in California.

Barry and Stephanie Love are home from a week's trip to Des Moines, Iowa, where they attended the International Hi-Bred Seed Summer Sale. While there, they went to the state fair and heard Mack Davis sing. He is a country and western singer. Mack's home town is Lubbock. 40 or 50 people went along from the Plainview area. The Loves' son Harold now works in Iowa Park. Son Michael, a high schooler, stayed home to tend things here.

Frank and Shirley Wise, and son Kyle and Shirley's mother Ruth Coleman are home from a good trip to Colorado, a stop at Dillon, on over to Aspen where they visited Ruth's sister Viola Anderson. Frank says they did a little fishing. The weather was fine but it did rain a little, a fun trip.

Richard and Tommie Bills made a meandering trip to Corpus Christi last week, stopped wherever a place looked interesting, a rest from farming.

Cliff and Naomi Brown of Sunnyside were at the Earth banquet Saturday evening.

Naomi says keep the Muscular Dystrophy meeting in mind Labor Day weekend of Sept. 7, at the Expo Building. Mrs. Brown's "Uppitts" will do a show. Other interesting things will be doing, ask Sam Killough about this.

Ozetta Hembree and sister Thelma are here from Sunnydale, Calif., for a visit with brother Leonard Dempsey and all the families. Also will see friend Lena Crum. Eli Willis, a brother-in-law of Mildred Crum is very ill. He lives at Dumas. His wife Beatrice is Mildred's sister.

Opal Bearden and I (Myrtle) went to Plainview Thursday to attend the business meeting of the Co-op Cotton Compress, Inc. John McQuien gave a report on the big cotton crop of the plains for 1980 and predicts a much larger harvest this fall. They report cotton fields are large and beautiful. Dolan Fennel recognized the dignitaries from Houston, Lubbock and all the area. I talked with young farmer Glen Schur who lives three miles east of Plainview. He sends greetings to friends Robert Jones and Scott Bagwell. Robert Jones is working with Production Credit at Olton. They know Earnest and Marie Sammann. Also talked with N. T. Copeland. He and wife Gladys, former residents of Tulia, were friends of Mable and Earl Brock. Probably 250 people were at the good barbecue dinner. Jean DuLaney and two sisters were at the dinner.

Oleida Schumacher was hostess to the Thursday bridge at the Senior Citizens Center. Guests were Emily Clingingsmith, who won high score, Opha Burks, won second high, Betty Cartwright, Elizabeth Huckabay, Jeannie Miller, Rosalie Hawkins, Susie Reeves, and Cleo Forson.

Mrs. Doris Jenkins of Amarillo was a weekend guest of her mother Nell Kitchens Newton and daughter Karen and Jerry Walker. They were having dinner at Colonial Restaurant with Rev. and Mrs. Monte Wike and family. Doris is still working for the Amarillo Globe News. Her husband Seger is in real estate. She left him at home holding open house for First Equity.

Beral Hance and Ivey Jackson went to Lamesa last week. Beral visited her sisters Junia Green and Blanche and Arthur Smith. Ivey visited a cousin Irene Nichols. And a cousin Jane of Andrews came to Lamesa to see both girls. I will be out of town next weekend, so please call your news in to Beral Hance or the News office for Sheffy's Chatter. We need the chatter by 10:30 a.m. each Monday. Jewell and Elmer Scott went to Plainview to visit friends Mr. and Mrs. Joe Sanders. They are former Dimmitt residents.

Elzie and Serena Teague attended the family reunion of the Medlocks, Elzie's

mother's family. Probably 65 people came to the home of Winfred Medlock north of Lubbock. This was on a recent Sunday. Laura Jones came home with the Teagues for a few days visit. Her home is at Childress.

Don Gladman of Plainview was in town last week helping out at Garland's pill place. He says June went visiting in Dallas for a few days. Mrs. Barbara Keel and Mrs. A'lan Bradley invite you to the Methodist Church for the graduation exercises for this year's student nurses. The time is Sunday, Aug. 30 at 3 p.m., with a reception later in Fellowship Hall. Plains Memorial Hospital has given Dimmitt some fine nurses.

Odie Moore has been to Maybank, a town southeast of Dallas, to visit his daughter Beth and husband Mr. Vinson. They have a new baby girl. Odie also went to Big Spring to visit his mother who is in a nursing home there.

Margaret and Harold Murph of Henderson and Louise and Les Tye of Fort Worth were guests of the Joe Cowens last week. They are Alice's sisters and their husbands. They all attended "Texas" in the canyon while they were here.

Brittney Lowe and friend Shawna Cook of Idalou are visiting Brittney's grandmother Betty Cartwright this week.

M. A. and Christene

Pennington had a good trip by mobile home to east Texas. The first stop was at Lubbock to see and get sister Mrs. John Mobley and Mary Lou Dial. Went on to Mallowoff near Athens, visited a sister Mrs. Stover who is in a nursing home. They had a big family reunion in that area, went on to a park near Big Timber, then home again, where they look after the Senior Citizens house. Do remember to go to Game Night each Tuesday at 6:30.

Kristi, Karla and Cari Sheffy of Canyon are here staying with grandmothers Polly Bell, and Myrtle Sheffy. Their parents Don and Karen made a business trip to Atlanta, Ga. The Don Sheffys plan to put in a western wear shop in the building east of the courthouse. He will tell you about that later on.

Jack Summers is home from a recent stay at St. Anthony's Hospital in Amarillo. Eloise, his daughter, says the family are staying with him for a while till he is better. Jack is 88 years old.

Opal Bearden was hostess at a party Friday at the Senior Citizens house with dinner there. Her guests were Josie Bradford, high score winner, Opha Burks second high score, Emily Clingingsmith, Cleo Forson, Retta Cluck, Betty Renfro and Myrtle.

Andy and Oleda Schumacher piloted the Senior's van to Palo Duro, Thursday evening for a group of people

to see "Texas." I believe "Texas" is through for the summer now. Cleo Forson tells me there were 1,786 people there that night, and 13 foreign countries represented. Others going from here were Elizabeth Huckabay, Alice Anthony, Wilda Hawkins, Cora West, Blanche Ginn, Oneida Hutto, Frank Latimer and daughter Ann and Anna Hargrove.

Rev. Monte Wike, pastor of First Assembly of God, his wife, Noma, and daughter, Sarah Ann, have recently returned from another "Genealogy Bugging" vacation. They always mix family visits in with the research, making it doubly enjoyable.

This trip led them by Mineral Wells, where their son, Bruce, is minister of Youth at First Assembly of God. Noma's ancestral home is Garner, named from Ab Bumgarner, who donated land for the Post Office and Church. Garner is about seven miles from Mineral

Wells. While in this vicinity they researched the Federal Records Center at Fort Worth.

Their next stop was Joplin, Mo., and the next day on to Monte's ancestral home in Miller, County Missouri where they researched records at the courthouse at Tuscumbia, and then on to

ESSENTIAL TOO! The boys on the field are carrying the bulk of the game, but all the boys on the bench are eagerly awaiting their opportunity to get in the game. Some will get to play, others won't, yet each is essential to the team. During practice each week their efforts help build a better team. To function properly, a church must work as a team. The Pastor and his associates carry most of the load. Many others are needed to help train and teach, or do many other tasks. However whether or not you can serve the Lord in some capacity, your presence in the worship services does help you and others too. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. ## Liz Murphy receives UT Student Honor Award

Liz Murphy, formerly of Dimmitt, was named the winner of the 1981 Student Honor Award at the University of Texas School of Allied Health Sciences at Galveston.

The award was announced at commencement exercises Friday. Miss Murphy received a bachelor of science degree in health care sciences, with a certificate of proficiency as a physician's assistant.

She was chosen for the top student award by a faculty committee, on the basis of school and community participation, professional involvement and positive attitudes toward responsibility and individuals.

The Student Honor Award is signified by a silver bowl, engraved with each recipient's name and graduation year, which is kept on permanent display at the School of Allied Health Sciences. Each year's winner receives a replica of the bowl.

Miss Murphy, daughter of Dr. B. D. Murphy of Dimmitt and Charlene Murphy of Abilene, is the seventh recipient of the school's Student Honor Award. She also has been named to Who's Who Among Students in American Universities and Colleges.

Speaker at Friday's commencement exercises was Dr. Edward N. Brandt Jr., former vice-chancellor for health affairs for the University of Texas System, who now is assistant secretary for health in the US Public Health Service.

Degrees were conferred by Janey Briscoe, former First Lady of Texas, who is a member of the University of Texas System Board of Regents.

## Kiwanis hears Osmond speech

"We salute you and your organization," said George Osmond, father of the famed Osmond Family in a thank-you address to the International Kiwanis Convention held in New Orleans recently.

The Kiwanis organization had awarded its annual Decency Award to the Osmonds for their "decency, wholesomeness, and commitment to family solidarity."

A tape of the Osmonds' acceptance speech was played by Charles Richard at Monday's meeting of the Dimmitt Kiwanis Club, with 16 members and the club sweetheart present.

Richard added that further highlights of the convention may be given at future meetings.

Bethalto, Ill., home of their daughter, Laura (Mrs. Bruce Flack.) Bethalto is just across the river from St. Louis, where they researched the very fine public library, and visited other kin. Laura has two lovely children that they enjoyed visiting very much!

The main "push" of this particular trip was to research courthouses in three northern Missouri counties for Noma's ancestors; Plamyra, of Marion County; Shelbyville of Shelby County and Edina of Knox County. If you intend to do serious genealogical research, this is a must. For they were able to go, to uncover records and related names that had not been available to them by mail.

Coming home they were able to put in most of a day at the very extensive Missouri Historical Society library on the campus of Missouri University, Columbia, and a few hours in the Public Library in Kansas City. Other family visits were made in nearby Raytown, and also in Wichita, Kansas.

Both Monte and Noma are authors of books about their family lines, and members of the local Genealogical society.

The Earth Co-op cotton business were hosts a good meal of fried chicken and fish with all the trimmings Saturday evening. This was served by the South Seas from Lubbock. I went, also Blanche Ginn did as my guest. We saw Richard and Tommie Bills, Jerry and Elaine Brown and the Phillip Habers, also Sunny and Don Randolph. Many people were there. David Britton presided and welcomed the guests, also gave the business report. J. A. Gover, chairman of the board, gave a report, Don Squires told about "on call cotton contraction."

By BRICK AUTRY

On "A Life In Our Times" by John Kenneth Galbraith: Actually, this book should be titled "Whatever You Ever Wanted to Know About John Kenneth Galbraith" because this sizeable volume of 600 papers is all about John Kenneth Galbraith and what he has thought for the past 50 years.

It sounds like a long-winded, boring affair, which is one reason it never moved from the table when it was a best seller not long ago.

The reader who picks "A Life In Our Times," however, will be rewarded with some very good reading.

John Kenneth Galbraith grew up on a farm in southern Canada. His interest in how to make a living on a farm during the Depression led him to study economics and eventually to develop liberal theories which became popular during the years of the presidency of Franklin Roosevelt.

In one way or another, he has been an economics advisor in Washington most of his career. Now retired, Galbraith is content to fill a book with his memoirs. His memoirs are fresh, well described and, as one might expect from an economist, succinctly written.

Galbraith is not above patting himself on the back when he is proud of his exploits. He never hides his mistakes, either, though, and through his career, he made many.

Galbraith also likes to name-drop. The names he mentions could fill the Webster's Biographical Dictionary. He writes so well about them, though, the reader forgives him.

Although one never knows which book will be well regarded 50 years from now, "A Life In Our Times" could be a future classic in the genre of candid views of the American government process. Some of the remarks Galbraith makes when describing Washington, D.C., during the Second World War are candid indeed and haven't been widely circulated. They are not exactly complimentary, as you might guess.

Through the book, some of Galbraith's descriptions of events and of politicians he didn't like are not complimentary either. Some of these include his association

with Lyndon Johnson, the Kennedys, and his work in the government during the Vietnam War.

John Galbraith admits freely that his liberalism makes him unpopular with many. He doesn't apologize. He merely asks to be recognized in his turn.

Not only has John Kenneth Galbraith written economic books of great importance, but he has written other books as well, besides these memoirs. The latest one which readers may remember is "The Age Of Uncertainty."

THIS SET OF parallel terraces was constructed under the Great Plains Conservation Program on the Jim Elder farm north of Dimmitt. Elder is an active member of the Running Water Soil and Water Conservation District.

## Terracing now simpler; will increase profits

Have you ever wondered how much soil is carried away by erosion on your farm every year? Have you ever considered how much this soil is worth? Soil erosion which is hardly noticeable can amount to more than five tons of soil loss per acre every year. Research has shown that the nitrogen and phosphorus in one ton of average topsoil is worth about three dollars. Multiplied by 640 acres, this loss amounts to almost \$10,000 on a section of land each year. This loss is in fertility alone, not to mention the valuable topsoil which is gone forever.

With the current depression in farm product prices, how many farmers can withstand this much loss year after year and still stay in business? Probably not very many. Take a closer look at your investment - your land. Proper care for the soil will turn losses into profits, will increase the value of your land, and will preserve this valuable natural resource for generations to come, according to Barney G. Lee, district conservationist at Dimmitt. Implementation of any needed conservation

measures is the best way to care for the soil and protect your investment.

On the High Plains of the Castro County area, one of the most needed conservation measure is parallel terracing. Twenty years ago, terraces were staked on a design grade with no consideration given to making them parallel. Point rows were common. Making cuts and fills for better terrace alignment was an expensive, time-consuming process using the equipment available at that time.

Today, however, advances in construction equipment design have made parallel terrace construction much simpler. Motorgraders, dozers, scrapers, and even laser-guided equipment are now being used for building high-quality terrace systems at reasonable costs. Point rows can be completely eliminated in most systems. Terraces can be spaced to accommodate four-row, six-row, and even eight-row farm equipment. Side slopes are constructed flat enough to make the terrace itself more "farmable," even when using this wide equipment.

A parallel terrace system has several advantages. Loss of valuable topsoil from water erosion is reduced. The amount of rainfall runoff is reduced, returning more water to the soil for use by plants. As a result, crop production and profit are increased. Sedimentation, one of the major sources of pollution of streams and reservoirs in the Castro County area, is also drastically reduced. Soil Conservation Service personnel are ready to assist you in designing and installing your parallel terrace system, as well as other conservation measures for your farm. For more information contact the local SCS office at Third and Bedford in Dimmitt.

## Chamber eyes new committee to help sales

The Dimmitt Chamber of Commerce is presently trying to establish a retail committee to help in organizing community-wide promotions "to give the people of Dimmitt the opportunity to benefit from bargains and close-outs here at home on the same day."

Jim Killingsworth, spokesman for the fledgling group trying to establish the committee, urged anyone who is interested in joining the committee or who has ideas for promotions to call him or Chamber Manager Delores Heller.

The group is tentatively planning to meet again within the next two weeks.

Meetings would be limited to possibly once each quarter after the committee is established, Killingsworth added.

The Chamber of Commerce is also planning a ribbon cutting for another new business soon.

## Grapes to be featured

# Experiment station sets 1981 field day

Results of 10 years of research near Lubbock on grapes, a crop receiving increasing interest from commercial growers and homeowners on the High Plains, will be exhibited during the 72nd annual field day of the Texas Agricultural Experiment Station.

This year's program will be from 1 to 5 p.m. Tuesday, Sept. 8 at the Texas A&M University Agricultural Research and Extension Center, just north of the Lubbock International Airport. The center is on FM 1294 just east of I-27 at the Shallowater exit.

The report on grapes will be one of five major stops during tours of the research plots and facilities at the center. Dr. Tom Archer, research entomologist at the station and field day chairman, said.

At the center's research vineyard, Dr. William Lipe, TAES associate professor of horticulture and a specialist in viticulture, will discuss research on more than 300 varieties of grapes. The decade of research activities has resulted in recommendations for 10 varieties best suited to the High Plains, Lipe said.

"These varieties include both wine and table grapes and have been selected because of good production and excellent juice quality, in addition to their adaptability to the area," Lipe said. Cold hardiness is a primary concern in adaptability, he noted.

The grape research being conducted by scientists at the Lubbock station includes studies of root stocks for resistance to root rot and to nematodes, and studies of irrigation requirements and water use efficiency.

TAES, a unit of the Texas A&M University System, also is cooperating with the University of Arkansas in a study of table grape varieties.

Research on cotton, efforts to combat drought conditions, weed control and bollworm control also will be featured during the field day, Archer said.

Guests also will see studies

### Insects of interest It's time to treat for peach-tree borer

By ALLEN KNUTSON  
Extension Agent —  
Entomology

A new insecticide has recently been approved for homeowner use in the battle against the peach tree borer. A single late August application of chlorpyrifos (Lorsban®) has provided good control of this destructive peach pest.

The peach tree borer is a small black moth with a 1 to 1½-inch wing span. Orange or yellow stripes on the body distinguish males from females. Adults are active in August and September, when eggs are laid on peach tree bark near the soil. Newly hatched larvae migrate from the tree out into the soil, where the borer transforms into the adult moth stage.

Borer feeding reduces tree vigor and can kill a tree if allowed to continue for several years.

A single application of Lorsban® in late August will kill hatching larvae before or soon after they tunnel into the tree. Apply at a rate of five teaspoons of Lorsban® 4E per gallon of water. Thoroughly wet the base of each tree, but do not spray fruit.

The Green Light Co. also markets a 12.9% chlorpyrifos product for peach tree borer control.

Always read and follow label directions when using any pesticide.

BY all means, marry. If you get a good wife, you'll become happy. If you get a bad one, you'll become a philosopher.

Some from out of state were Mr. and Mrs. Alphons Albracht of Fremont, Neb., Mr. and Mrs. Wayne Albracht of Numan Grove, Neb., Mr. and Mrs. Alfred Pohlmeier and Mr. and Mrs. Joe Ed Pohlmeier of California. Others attended from Dumas, Amarillo, Claude, Tulia, Dimmitt and Nazareth.

Twelve girls from Girlstown at Whiteface spent last week-end visiting the families of Cyril Brockman, Jerry Wilhelm, James Wilhelm and Dan

Schmucker. On Saturday evening they all enjoyed a cookout at the Brockman home, after which they went skating in Canyon. On Sunday evening the Sam Albrachts, Vincent Gerbers and Cyril Brockmans took the girls back to Whiteface.

Alvin Schulte, son Tim and daughter Jan of Ottawa, Ohio, are visiting the families of Frances Schacher, Lucy Leinen and Lucille Drerup. Saturday evening Alvin, Tim and Jan, along with Dan and Ethel Schmucker, attended the "Texas" pageant at Palo Duro Canyon.

The Lavern Wilhelm family, David Huseman, Rose Warren, Anne and Kris Kern went to

Santa Fe to attend the wedding of Wade Wilhelm, son of the Bert Wilhelms of Dalhart, and Virginia Gonzales of Santa Fe. The wedding was held in St. John the Baptist Catholic Church in Santa Fe.

Congratulations to Jerry and Judy Lange on the birth of a daughter, Susan Dee, Aug. 10. Grandparents are Mr. and Mrs. Joe Lange of Nazareth and Mr. and Mrs. F. A. Fetsch of Hereford.

with the Albert Gerber families. They are on their way to Colorado for a 2 1/2-week backpacking trip.

Adeline Pohlmeier is still a patient at St. Anthony's Hospital, where she had surgery. She is reported doing fine.

Congratulations to Randy and Monette Schilling on the birth of a daughter, Heather, Saturday in the Hereford hospital. Grandparents are the LeRoy Pohlmeiers and Walter Schillings of Dimmitt.

Greg and Tinie Hoelting attended the Catholic Life Insurance meeting held Saturday in San Antonio. While there, they enjoyed visiting

their daughter Anna Beth. Jim, Cory and Wade Hoelting, Roger and Kyle Schilling spent the weekend at Lake MacKenzie.

Mrs. Alta Mae Hartman and children of Happy spent Monday afternoon visiting her sister, Mrs. Winifred Wagner. She suffered a serious hand injury in a lawn mower accident.

Visitors with the Dora Albracht families the past two weeks were Dom and Dottie Doherty and son David from Chicago, Ill., Joe and Elaine Sullivan and sons Kevin and Kieran of Dallas, and Gerard and Sheila Hodkinson and

children, Christine and William, of Yorkshire, England.

## Stung by a hot check? Report it immediately

Sheriff Lonny Rhynes warned Friday that hot checks are becoming a sign of the times, and urged business people to report hot checks as soon as they're discovered.

Speaking at the noon meeting of the Dimmitt Rotary Club Friday, Rhynes reported, "We've had 160 hot-check cases filed in the last three weeks, most of them in the Dimmitt area. It's even worse in larger towns and counties. It's really getting to be a problem."

Rhynes explained that "more and more people are writing hot checks now, and a lot of them go outside their own towns to do it."

To combat the problem of inter-city check artists, he said, "We're trying to get a system started between law enforcement departments to get physical descriptions and positive identifications of those writing bad checks."

Merchants and store clerks

can help by getting some kind of identification from every stranger paying by check — a driver's license number, social security number or car-tag number.

And if you find you've been "stung" by a worthless check, he urged, notify the city police or county sheriff's office immediately.

"We want you to notify us right away, so we may have a chance to catch them before they move out of the county," he explained. "For one thing, it's costly to have to send an officer somewhere else later to bring them back."

Many merchants, Rhynes said, have been waiting "sometimes until the statute of limitations has almost run out" before notifying the authorities of bad checks.

The sheriff also re-emphasized the need for people to mark their personal property or record their serial numbers in case of burglary, so ownership can be proven on stolen property.

Under a new state law, he explained, the owner of stolen property must be able to prove ownership before he or she can recover it.

"You can no longer just say, 'That's mine, I recognize it, and I didn't give it or sell it to the suspect.' That just won't work anymore. Now, you have to have positive proof of ownership."

He suggested keeping an updated list of all valuables and personal property — especially the serial numbers — and engraving your name and driver's license number on all other personal property.

## Bobcat coaches pleased after first scrimmage

By JOHN BROOKS  
"It was a good learning experience for both the players and the coaches." That's how Coach Mike Major of the Dimmitt Bobcats summed up his team's first scrimmage game of the year against the Abernathy Antelopes Friday at Abernathy.

The Antelopes scored five times against the Bobcats, but Coach Major explained, "Under normal game conditions, three of those scores would not have counted. They were called for holding, but not penalized."

Coaches Lyman Schroeder (defensive coordinator) and George Rasor (offensive head coach) were pleased with the play of their respective units.

Schroeder said, "Abernathy ran the option, and we hadn't even worked against the option in our workouts. And, we didn't even mention Abernathy in our workouts until Thursday. But we played an excellent inside game on defense."

Coach Rasor had praise for his linemen, too.

"The offensive line work was the highlight," he said.

Rasor added the Bobcats only ran four different plays rushing against Abernathy.

"We will, of course, run much more than that during the season, but we went down there (to Abernathy) to see who could play. We just wanted to run our basic offense."

"All of our linemen - Rodney Hunter, Scott Nelson, Mario Moreno, Shan Powell, Kent Kirby, Ty Koch - everyone we had in there did a good job," praised Rasor. "Those Abernathy kids were much larger; some of them were animals. They have a

lot more experience, too."

The Bobcat offense gained 295 yards on the night, with 18 yards passing. Rasor said the offense, and especially quarterback Phil King, gained confidence as the practice game wore on.

"You've got to understand," explained the offensive coordinator, "Phil sat out last year, and didn't get to play all that much at quarterback his sophomore year. But he has come a long, long way in the last two weeks. Phil gained confidence as we went along Friday, and ran the offense, took charge, the way he is supposed to."

After being erratic in the early going, King completed two passes during the latter part of the scrimmage, when the Bobcats began to dominate a tiring Abernathy defense. Coach Major said, "We out-worked them, and showed we were in good shape."

The coaches also praised tailbacks Richard Guzman and Mark Bruegel, who carried the ball almost every play Friday.

Rasor said, "Guzman and Bruegel ran hard, hit the holes hard, and cut well." "You also have to credit their blockers. The fullbacks, especially Jeff Watts, lead-blocked very well."

Coach Major re-emphasized what defensive head man Schroeder had said earlier: "We played well, especially

## Social Security

in Castro County

By JANICE B. ULMER

The year is half over! A lot of social security beneficiaries furnished estimates of 1981 earnings early in the year; and by now, perhaps some of those estimates need to be revised. An increase in wage rate, extra hours worked, a better than expected farm crop, are some of the reasons a person may want to change an estimate of earnings in order to avoid a large overpayment.

There are two different earnings limits, depending upon a person's age. Beneficiaries who are age 65 or over anytime this year can earn \$5,500; and, for those under age 65, the limit is \$4,800. If earnings exceed the limit, \$1 of social security benefits is normally forfeited for every \$2 above the limit. There is no earnings limit beginning with the month a beneficiary is age 72. There are different rules regarding disability beneficiaries.

Anyone receiving social security retirement or survivor benefits who wants to revise an earnings estimate should phone or visit the social security office. Our toll-free number is 1-800-392-1603.

## More about

# AFS student has surgery ...

[Continued from Page 1] and Mrs. Knut Berg, arrived in Amarillo Friday afternoon from Troadheim, Norway, to be with their daughter. Dr. Berg reportedly plans to stay three weeks, and his wife, Aase, will stay longer if necessary.

Meanwhile, the sympathy and concern of people here, in Amarillo and across the nation have been "overwhelming," according to Miss Berg's American "mother," Bettye Huckabay.

Mrs. Huckabay, who has maintained a near-constant vigil in the Amarillo hospital, commented, "I just wish everyone could know how much I appreciate their generosity and concern."

She said that Miss Berg's parents also "are just overwhelmed with the people of Dimmitt, and how they have been treated. They think our area is really a nice place. Dr. Berg wanted to be sure the people of Dimmitt knew how much he appreciates them."

The intensive care unit of St. Anthony's Hospital has been a beehive of activity as family friends, strangers, Dimmitt teenagers, fellow AFS students and Norwegian-Americans in the area have streamed through the hospital with offers of help.

American Field Service representatives in Amarillo and New York have been in constant contact, Mrs. Huckabay said, and the area AFS representatives — Don and Donna Moore of Amarillo — "have been just great."

"Mrs. Moore was waiting at the hospital when we first got there," Mrs. Huckabay said. "She's been a constant help, and she went to the airport with me Friday to meet Dr. and Mrs. Berg."

The Bergs, incidentally, arrived in Amarillo several hours earlier than scheduled,

after being "ushered" from London by Braniff International Airlines personnel.

"A Braniff stewardess learned why they were coming to the United States, and she had the pilot radio ahead to make sure the fastest possible connections would be made. When they got to Dallas they were ushered directly from their plane to another waiting plane, and their luggage was hand-carried across," Mrs. Huckabay said.

The personal treatment by the airlines avoided a three-hour layover for the Bergs in Dallas. Still, AFS representatives were waiting in Dallas to help the Bergs through the scheduled layover, if needed.

In Amarillo, the hospital chaplain arranged for the Bergs to stay in the St. Anthony's nurses' dormitory at no charge, so they could be near their daughter. Physicians there were in telephone contact with Dr. Berg before he and his wife left Norway.

"You just cannot believe how nice that hospital staff has been to us," Mrs. Huckabay said. "And our hospital here has been calling every day to see if there's anything they can do."

Mrs. Fred Bruegel Jr., another AFS host parent here, said that a Norwegian-American man in Amarillo — Kjetil Mjølhus, president of Panhandle Steel Erectors, Inc. — read of Miss Berg's accident and her parents' arrival in the Amarillo newspaper, "and he tracked them down, paper in hand, and implored them to make his home their home while they were here."

She added, "That's the kind of offers of help the Bergs have been getting ever since they got here. One woman even came up to Dr. Berg in the hospital and said, 'I don't know you, but I want to help,' and put two dollars

in his shirt pocket to use in the coin-operated machines."

Have there been too many visitors?

"No, not as far as I'm concerned," Mrs. Huckabay said. "Sometimes it gets tiring, of course, but people need the support. I don't like 'No Visitors' signs. It might bug some people to have a lot of visitors, but not me. I'm just very glad so many people have shown the concern — so many people, in so many ways, right from the start."

Two brain scans performed on the unconscious girl reportedly have turned up no evidence of damaged tissue or blood clots, and her blood pressure and heartbeat remain normal, Mrs. Huckabay reported.

"There is some swelling on the right side of her brain, which they said is to be expected," she added. "She has reacted to pain and light, and I feel like she's responding to me and to her parents, although I've got nothing scientific to base it on."

Long-term unconsciousness is a common condition following a severe concussion such as the one Miss Berg received.

Mrs. Huckabay said she and Miss Berg's parents are awaiting developments in her condition before making any decisions about her convalescence or her future as an exchange student here.

HE was good-natured, obliging, immensely ignorant, and endowed with a stupidity which, by the least little stretch, would go around the globe four times.

The bride is the former Jeri Lynn Small, daughter of Mr. and Mrs. Randall Small of Dimmitt. Lunsford is the son of Mr. and Mrs. C. B. Lunsford, also of Dimmitt.

Rev. Ronnie Travis officiated at the wedding ceremony.

Suzan Collins was the bride's honor attendant. Bridesmaids were Brenda Parker, Carrie Sadler of Sunnyside, and Kelli Small, sister of the bride.

Bridal attendants wore long baby blue silk dresses laced in

baby blue. They carried long-stemmed carnations tied with blue bows.

Kyle Wise served as the best man. Johnny Merritt, Steve Lunsford, brother of the groom, and Terry Mixson were the groomsmen and ushers.

Male attendants wore ice-blue tuxedos and candlelight shirts.

Tim Sims was the candlelighter, Matt Sims was the ring bearer, Toni Small was the flower girl, and Kristi Sims gave rice bags to the wedding guests.

An arched candelabra flanked by two spiral candelabra trimmed with greenery and white bows decked the altar area. Baby-blue carna-

tions completed the sanctuary decor.

Rhonda Wise was the organist.

Shelly Frye was the soloist, accompanied by pianist Pam Haney. Wedding selections were "We've Only Just Begun," "If," "The Young and the Restless," "The Wedding March," and "The Wedding Song."

The bride, given in marriage by her father, wore a formal-length gown of bridal satin under sheer organza. The Empire bodice featured a lace scalloped V-neckline, and daisy lace marked the waistline. Sleeves of sheer floral lace tapered to long sheer organza cuffs. Her chapel-length veil of illusion, which was edged with daisy lace and accented with lace appliques, was attached to a lace caplet. The skirt featured a deep organza flounce accented at the top with a single row of daisy lace.

She carried a bouquet of white carnations, blue carnations and baby's breath with blue and white lace-edged ribbon streamers.

A reception following the ceremony was held in the reception hall of the church. A white three-tiered wedding cake decorated with blue flowers was served from the bride's table with pineapple punch.

Serving at the bride's table were Tammy Robb and Jan Robb.

Denise Dobbs and Lisa Davis served chocolate cake and coffee at the groom's table.

Registering the guests were Jackie Anthony, Jay Reeves, Cindy Hollums and Bill Johnson.

The bride was honored before the wedding with a bridal shower in the home of Darlene Collins.

The couple took a wedding trip to Conchas Lake and Red River, N.M.

MRS. JAMES ROSS MURPHREE  
... The former Rhonda Lynn Parsons

## Parsons-Murphree vows are recited

Rhonda Lynn Parsons, daughter of Mr. and Mrs. Percy Parsons of Dimmitt, and James Ross Murphree, son of Mr. and Mrs. Curtis Murphree of Friona, were joined as husband and wife in a double-ring ceremony Saturday in the Friona United Methodist Church.

Rev. Carrol Green and Rev. Archie Echols presided at the 7 p.m. ceremony before an altar that was centered with a kneeling bench brass candelabra holding a memory candle and burgundy satin bow, and backed with a palm and brass candelabra.

Maid of honor Renae Monroe, matron of honor Linda Welch and bridesmatron Sylvia Ingram, all of Friona, were dressed in formal-length burgundy dresses with Empire waists and slit caplet sleeves trimmed with Alencon lace. The bodices were cut full to drape in the front and back. Each attendant carried white silk roses.

The bride was given in marriage by her father, and the parents of the couple lit a taper to represent each family.

For something old, the bride wore a pin that had been given to her paternal great-grandmother by her husband on their wedding day in 1874.

Something new included a diamond necklace from the groom, and her wedding gown of white organza over taffeta, featuring an Empire waist with a high neck and sheer illusion, detailed in re-embroidered lace. An English lace flounce formed a cape effect over the sleeveless bodice, and was repeated around the hemline, trailing to a chapel-length train, detailed with re-embroidered lace.

The bride's headpiece was an English cap covered in re-embroidered lace and seed pearls with French illusion fingertip veil accented in the same lace.

She carried a bouquet of white silk roses with a lift-out corsage of burgundy roses, all atop a white Bible that had been a wedding gift to her mother. For something borrowed, the bride wore diamond earrings belonging to Sherice Price, and her garter was "something blue."

Best man David Barnett of Friona and groomsmen Kevin Welch of Friona and George Rasor of Dimmitt all wore charcoal tuxedos, while the groom's tux was white. Fathers of the couple wore black tuxes.

Ushers were Mike and Dale Parsons of Dallas, brothers of the bride and Joe Murphree

of Friona, brother of the groom, all of whom wore charcoal gray tuxedos.

Ringbearers were David and Trent Murphree, nephews of the groom, and the flower girl was Sheila Wiseman of Muleshoe, niece of the groom. Jill Roberts of Levelland and Sherice Price of Turkey were the candlelighters.

Soloists were Danny and Linda Murphree of Friona, brother and sister-in-law of the groom; Kevin and Carolyn Wiseman of Muleshoe, sister and brother-in-law of the groom; and Geary Brogden. Their songs included "One Hand, One Heart," "Whither Thou Goest," "Walk Hand in Hand," "Til There Was You," "Song for a Christian Wedding," "Alleluia," and "Christian Edelweiss."

They were accompanied at the piano by Eva Miller of Friona, and at the organ by Mary Cary of Olton.

J. Carol Parsons and Almal Parsons, both of Dallas, sisters-in-law of the bride, sat at the registry tables.

Kathy Carthel of Friona, Kathy Davis of Hale Center and Judy Parsons, cousin of the bride, all served at the bride's table at the reception in the church fellowship hall.

The table was covered with a lace-trimmed white cloth. The four-tiered cake was decorated with burgundy and white flowers and topped with two angels given by the bride to her parents. The centerpiece featured a silver four-branch candelabra surrounded by burgundy flowers and baby's breath. Punch was served from a crystal bowl.

Burgundy rosebuds were featured along with brass and copper appointments at the groom's table, covered with a floor-length burgundy cloth and an ecru lace overlay. Cindy Cleveland of Friona served iced tea.

The bride is a 1978 graduate of Friona High School, and attended Texas Tech for three years. She is currently enrolled at West Texas State University as a senior business education major.

The groom, a 1976 graduate of Friona High School and a 1980 graduate of Wayland Baptist College, is currently engaged in farming west of Friona.

Following a wedding trip to Pecos, N.M., the couple are now at home at their new residence on Rt. 2, Friona.

The nuptial arch was centered with an archway of three brass flair candelabras flanked by two brass candelabras hung with greenery, highlighted with baby's breath, and bows of shades of pink and white ribbon. Twin spiral brass candelabras completed the arch. Pots of fern on stands accented the area. The railing was banked with swags of greenery, baby's breath and bows of pink. The pews were marked with shades of pink and white bows.

Music was presented by Shirley Peggram, organist; Zelda Ellison, pianist; and Kathy Peor of Plano, aunt of the groom, soloist. Selections included Tara's Theme, "My Own True Love," and "One Hand, One Heart" from West Side Story.

Maid of honor was Sheryl McKay of Lubbock. Bridesmaids were Amy Ross, sister of the bride, Laura Bennett of Marshall, and Tricia Touchstone, the groom's sister. Flower girl was Jenny Dollar of Lamesa, cousin of the bride. Each wore a floor-length gown of Daphne Rose Quiana designed with a fitted bodice and spaghetti straps. A jacket of chiffon covered the shoulders and formed a short peplum at the waist. Each carried a bouquet of long-stemmed roses in shades of pink with baby's breath and greenery, tied with long pink streamers. The flower girl wore a long dress of pink pique and carried a white wicker basket filled with pink roses and greenery, tied with pink ribbons matching her hair ribbons.

Given in marriage by her father, the bride wore a formal gown of candlelight organza designed with a Queen Anne neckline edged in re-embroidered lace. Her long sheer sleeves were caught up at the wrists in deep lace cuffs. The softly gathered skirt fell into a lace-edged hemline which swept to hard fullness and extended into a chapel-length train. She wore a matching lace coat. The lace-edged veiling fell to fingertip length. The bride wore the traditional penny in her shoe, blue garter, her wedding dress as something new, diamond earrings as something old. The bridal bouquet was made of pink sweetheart roses, white burgundy-tipped minuet roses, baby's breath and greenery, tied with white ribbons.

Best man was Kyle Touchstone of Lubbock, brother of the groom. Groomsmen were Jim Bradford, Todd Touchstone, the groom's brother, and Karl Langford of Dallas. Ushers were Kyle Wise, Ron Rankin of Amarillo, the groom's cousin, Jeff Lindsey, Greg Kelly, and Richard Cranford of Lubbock. They wore formal black tuxedos.

As wedding guests entered the church foyer, their names

MRS. TOBIN ESTON TOUCHSTONE  
... The former Angela Ross

were secured in the bridal book by Flo Touchstone of Lubbock, sister-in-law of the groom, and Beth West.

A reception was held at the Hereford Country Club. Greeting the guests were Walt and Virginia Hansen, Gail and Carl Bruegel, and John and Dorothy Gilbreath. Servers were Jean Bradford, Sue Rita Myatt, JoBeth Bates, Jackie Bennett of Lubbock and Jane Ann Butler of Lubbock. They served from tables forming a semi-circle, with the bride's cake table, covered with white-on-white dotted swiss cloth, forming the center. A white three-tiered wedding cake decorated with candied roses in shades of the bride's chosen colors of pink was the focal point.

An almond covered chocolate cake and silver samavor highlighted the decorations on the groom's table, which was covered with a beige satin cloth. To the left of the bride's cake table were food tables covered with white cloths. A formal floral arrangement and silver candelabra of pink and white formed the background for trays of fresh fruit and cheese. Dips for fresh garden vegetables and chips and trays of finger sandwiches were featured. A crystal punch bowl held pink punch, and glasses of champagne were passed among the guests.

White satin bags tied with tiny pink ribbons were handed out by rice girls Tori Baker of Dimmitt and Shelly Sutphen

from Amarillo. Special out-of-town guests included aunts and uncles of the bride, Mrs. Geri Wolfe from Gathersburg, Md., Mr. and Mrs. Monty Dollar, Josh and Jenny of Lamesa, Mr. and Mrs. R. R. Brown of Gonzales, and Rob Brown, a cousin, from San Marcos. Guests also attended from Amarillo, Lubbock, Avery, Luling, Yoakum, San Antonio, Dallas, Clarendon and Marshall.

GREEN POTATOES? — DO NOT EAT. They could poison you, warns Dr. Cass Ryan-Crowe, a food and nutrition specialist with the Texas Agricultural Extension Service. Don't eat the green spots on potatoes, either, she cautions. Be sure to trim them away. These spot areas, usually found around the sprout-formation sections of potatoes, contain solanine — which, even in small amounts, is poisonous.

## County sets hearing on federal RS funds

The first public hearing on the proposed use of county Revenue Sharing funds for the coming year will be Monday, Sept. 14 at 1:30 p.m.

County commissioners set the hearing date at their regular meeting Monday.

People are asked to appear who have questions or suggestions concerning how the Revenue Sharing funds will be spent for the coming fiscal year — October 1981 through September 1982.

Items already designated to come out of the \$132,000 fund include retiring \$40,000 in warrants; \$13,500 for fire protection (including firemen's retirement benefits, the county's portion of the fire marshal's pay, and payments of \$1,000 to the Dimmitt Volunteer Fire Dept. and \$750 each to the departments of Hart and Nazareth); \$10,000 for ambulance service; \$16,930 to Rhoads Memorial Library; \$7,500 for Mental Health-Mental Retardation programs; \$2,000 for the Dimmitt's Senior Citizens Center; \$2,000 for the Nazareth Senior Citizens; \$2,310 for county health officer; \$2,500

for the county museum board; \$1,000 for the County Child Welfare Board; and \$1,500 for the Nazareth dump.

The commissioners moved to amend the budget approved at their last meeting to increase the allowance for the library from \$15,000 to \$16,930, and to include the Child Welfare Board and Nazareth Senior Citizens. They also shifted \$25,000 for attorneys' fees in the recent judgment against the county

to be paid from Revenue Sharing instead of the general fund.

In other action, the commission passed a resolution defining benefits for employees paid on an hourly basis, rather than on a flat salary.

The resolution provided sick-leave benefits for hourly employees who have worked for at least one year with the county, based on the number of hours worked in a standard work week. Vacation benefits for the same employees will also be determined on the same basis.

Energas Manager Bob Caddell appeared before the commissioners' court to explain his company's recent request to the Texas Railroad Commission for an 18.5% average increase in the residential rate.

Caddell stressed that the increase would not affect irrigation gas prices.

In closing, the commissioners discussed a problem with alleged misuse of the courthouse's copying machine, but declined any action on it for now.

## Police calls

Sheriff's officers arrested three juvenile boys Saturday on charges of taking approximately \$2,000 worth of cash and personal property from the S. L. Garrison home in Easter.

Sheriff Lonny Rhynes said the burglary occurred while the Garrisons were on vacation, and that Garrison reported it Saturday morning.

Officers made the arrests later that morning. Two of the boys arrested are 13 years old, and one is 14, Rhynes said. They have been turned over to juvenile authorities.

Taken in the burglary were \$800 in cash and approximately \$1,200 worth of jewelry, jewelry boxes, coins, silverware, figurines and other household items, Garrison reported.

Rhynes said officers recovered \$60 in cash and all the property reported stolen except one necklace. The missing necklace was described as being white and gold, with a heart-shaped pendant and approximately 15 diamond chips.

Dallas authorities arrested a 49-year-old truck driver Saturday on a felony warrant from Castro County charging him with unauthorized use of a vehicle.

The driver, Steve Fellows, is charged with taking a load of potatoes from the Dimco plant here to Dallas, instead of to their scheduled destination in Ohio.

Sheriff Lonny Rhynes said Dallas officers impounded the empty semi-trailer in Dallas and the tractor in Mesquite. Fellows is in Castro County Jail.

Carla Carpenter of Dimmitt reported to city police last Wednesday afternoon that her purse had been stolen from

her car while it was parked on the Dimmitt Super Market parking lot. The case is under investigation.

A 30-year-old Dimmitt man posted \$2,000 bond last Wednesday after being arrested and jailed on a criminal mischief charge. He is accused of breaking out several car windows in Dimmitt.

Local law officers arrested six persons on DWI charges, six for public intoxication and one on a traffic charge that was not alcohol-related.

## King, Harp take protest ...

[Continued from Page 1]

of Agriculture and his staff, the grain delegation and their attorneys went to Washington last week.

"The purpose of our meeting was to give the USDA one more chance to do something about the dumping of this grain on our local markets," King said.

He reported that the USDA officials seemed to be in a dilemma over the problems caused by the grain embargo, and that they didn't seem to know how to dispose of it — which, King said, meant that they hadn't been listening to the commodity groups in this area.

"Block told me, 'I wish someone would tell me what to do with that grain,'" King said. "I replied that I had contacted his aides and officials in the USDA, and so had Mr. Harp, about foreign buyers wanting to buy this grain for export, but that we had received negative replies."

"In fact, I had one call from an exporter to ship a large portion of this grain to Korea for alcohol purposes, since some of it was out of condition and below grade, but would still make good alcohol," King said.

"They (the USDA officials) had told us the shipping costs were too high to ship it to ports," King said. "We told him (last Thursday) that we

## Nurse school will graduate three Sunday

Michele Acker, Sharon Kaye Hasalby and Betty Lynn Webb will graduate from the Plains Memorial Hospital School of Vocational Nursing at ceremonies Sunday at 3 p.m. in the First United Methodist Church of Dimmitt.

Marshall Cook, Plains Memorial Hospital administrator, will address the group prior to the presentation of caps, diplomas and pins to honor the three women, who have successfully completed an intensive year of study.

Barbara Keel, R.N., director of the vocational school, said of its 13th class of graduates, "They have done a very fine job, and I'm proud of them."

Friends and family of the graduate are invited to the ceremony, as well as the general public.

## Kids' revival starts Friday

A children's revival at the Dimmitt Church of God of Prophecy is set to begin Friday at 7:30 p.m., and will continue Saturday and Sunday at the same time.

Leading the services will be Karen Jones of Lubbock, a director for junior camps in West Texas.

"Puppet presentations and refreshments will be featured each night," said local pastor Wayne Mullin, adding that everyone is welcome to attend.

## agri-facts

The electronic age isn't just coming to the farm — it's here in a big way. Computers in agriculture have become a reality. Individual producers — farmers and ranchers — are reaping the benefits of home computers programmed for such applications as farm records, budgeting, yield records comparison, test plot records and continuous market information. Also, many are using separate electronic information sources connected directly to their home computer. Individually-owned satellite receiving installations are bringing to the farm and ranch not only a universe of entertainment and information, but also are a direct tie-in for continual market and weather updates, special USDA reports and conferences, etc., via satellite and recorded on the home computer terminal. At least on the farm and ranch, in matters of technological and electronic matters, the phrase "the sky's the limit" is as antiquated as a horse drawn plow.
