# THE CISCO DAILY PRESS

Combined With Cisco Daily News and Cisco American and Round-Up November 1, 1937

In an area of benevolent climate, blessed with an abundance of the purest lake water, possessing the best in recreational facilities, situated on the Bankhead, all-weather route, with three railroads and many highways, Cisco is the best place in Texas to live and to work.

VOLUME XXI.

CISCO, TEXAS, TUESDAY, APRIL 15, 1941

NUMBER 214

## OIL OPERATORS HERE FACE MARKET LOSS

### Greek Prisoners of War

Greek prisoners, most of them wounded, shown as Germans removed them from the scene of fighting "somewhere in the Balkans" according to the caption approved by German censor. This photo was radioed from Berlin to New York then telephoned to The Daily Press. (NEA Radio Telephoto)

### 100 Thousand Steel Workers Get Increase

PITTSBURGH, Pa., April 15 (AP)—Four hundred and six thousand steel workers, approximately two thirds of the steel industry's total, were granted 10c an hour wage increase Monday by the United States Steel corporation and three other large producers. Similar increases previously had been extended to 20,000 employees of the National Steel corporation and about 5,000 workers in small plants, bringing the \$5.80 a day wage to a total of \$6.80 a day.

### U. S. REFUSES TO RECOGNIZE ENVOY RECALL

WASHINGTON, April 15 (AP)—In an unprecedented diplomatic tangle growing out of the acquisition of American defense bases in Greenland, the United States has upheld the Danish minister here in a break with the government of German-occupied Denmark and refused to recognize an order recalling him. Henrik de Kauffmann, who signed the Greenland agreement last week and was ordered home as a result, was informed by Secretary of State Hull that he would continue to be recognized as "the duly authorized minister of Denmark in Washington."

### Barbecue To Mark Opening Of Tournament

A barbecue at 7:30, followed by a Calcutta pool at the club house, will mark the opening of the Cisco Country club's annual tournament Thursday night. Match play will begin Friday.

### WIDE SECTION IS DRENCHED BY DOWNPOURS

#### Hailstorm Accompanies Near Cloudburst South of Cisco

Spring rainstorms, accompanied by hail in the section south of Cisco, swept over this area last night with scattered intensities. In the city of Cisco the precipitation was slight, measuring only three-tenths of an inch at the city hall this morning.

But south of Cisco, particularly in the Cook community and southwestward, a terrific hailstorm sheeted the earth with stones as large as hen-eggs, while farms were flooded with rain of near cloud-burst proportions. Fortunately, in the Cook community few crops have been planted and little, if any, damage was reported to the fields, although fruit trees, newly blossomed, suffered. There was some damage to houses, cars and poultry. In many instances farmers fought choking rain and sudden high water to save their chickens and other fowls.

### Here They Come: Uncle Sam's Parachutists in Action

Filling the soft spring air over Georgia are these parachutists of the 501st battalion at Fort Benning.

### OHIO TO STOP PURCHASING ON MAY 10TH

100,000 Barrels Month Would Be Cut Off From Connections

The independent oil industry of Eastland, Stephens, Palo Pinto and Erath counties today faced the loss of a market for more than 100,000 barrels of oil per month, representing the bulk of the production in these four counties.

The crisis was caused by the announcement that, effective on May 10, 1941, the Ohio Oil company would discontinue purchases in those counties. The oil is gathered by the Illinois Pipe Line company, which subsequently notified its connections that effective on that date it would be necessary for them to secure other purchasers if they desire the Illinois to accept their oil for transportation through its pipe lines. The Illinois system operates approximately 300 miles of gathering and main lines in the area serving 64 producers, whose aggregate production is between 3,500 and 4,000 barrels of crude daily. Loss of a market for this crude, operators declared, would be disastrous. Not only oil wells, but gasoline plants such as those operated by the Lone Star companies, and the Hickok companies would be affected.

Operators surveying the prospect of a shutdown enforced by failure to find another market, and that hundreds of employees would be thrown out of work, with wages aggregating at least \$5,000 per day—possibly \$10,000—being lost to the circulating revenues of the four counties. It was estimated that more than 2,000 persons—workers and members of their families—depend upon the oil industry in the affected district for support. This figure does not include gasoline plant workers who are likewise faced with loss of work.

The railroad commission, in a special hearing with representatives of the affected producers in Austin yesterday, bestirred itself to assist the district out of its threatened plight. "We will do everything we can," declared Comm'r Jerry Sadler, who was vigorously supported by Comm'r Olin Culberson. Sadler read into the record the notices of both the Oil company

(Continued on Page Four)

### Funeral for Ranger Woman at 4 P. M.

RANGER, April 15 (Sp.)—Funeral services for Mrs. Sarah Isabella Atkins, 67, of Ranger, who died Monday, will be held at the Ranger Church of God this afternoon at 4 o'clock, with Rev. M. E. Drake in charge of the services. Interment will be in Evergreen cemetery.

### Eastland County Scouts in Meeting

Eastland county Boy Scouts will hold court of honor at the local high school gymnasium tonight at 7:30, it was announced today. Scout Director Guy N. Quirl of Brownwood will be in charge.

### Methodist Ministers To Meet In Cisco

Ministers of the Cisco district of the Methodist church will meet at the First Methodist church at 1:30 next Tuesday afternoon with District Supt. Roy E. Langston presiding. Reports from the various churches will be heard.

### SENATE RACE COMPLICATES AUSTIN SCENE

AUSTIN, April 15 (Sp.)—It is difficult here in Austin to think about anything else than the extraordinary political crisis precipitated by the untimely death of United States Senator Morris Sheppard. The cagey conduct of Governor O'Daniel in handling his Sunday morning radio program without making mention of the senate vacancy while a million persons hung on his every word has intensified the interest that already was high.

### Workers Council in Meeting Tonight

This evening at 7:30 the Workers council of the First Methodist church, composed of officers and members of the Sunday school, will meet at the church with Garland Nance, superintendent of the Sunday school, presiding.

### Cisco Christian Church Members to Convention

A large delegation of members of the First Christian church today went to Breckenridge to attend sessions of the second day of the state convention of Christian churches. The program of the four-day convention began last night with services at 7:45 at the First Christian church at Breckenridge. Address of Lewis Ackers, Abilene, convention president, featured the opening session.

### East Baptist Gives Program Monday Night

The East Cisco Baptist Y. W. A. met at the church Monday evening at 6:30. Routine business was transacted, after which the group went to the home of Mr. and Mrs. C. R. Murphy and presented an Easter program directed by Miss Edna Hightower.

J. H. REYNOLDS, Vice President,  
B. A. BUTLER, Vice Pres. and Sec.-Treas.,  
F. D. WRIGHT, Counsel.

**B. A. BUTLER**, Editor and Publisher  
**STANLEY WEBB**, Advertising Manager  
**W. D. BRECHEN**, Superintendent  
**CATHRYNE RUSSELL**, Society Editor

A home-owned and home-controlled newspaper devoted to the building of Cisco and Eastland county, independently democratic in politics.

**SUBSCRIPTION RATES:** Within First and Second Postal Zones, Per Year, \$3.50. Rates Higher Within Other Zones. Weekly Rural Edition, per year, \$1.50 in Eastland County.

National advertising representatives, Texas Daily Press League, Dallas, Texas.

Any erroneous statement reflecting upon the character or reputation of any person will be gladly corrected if brought to the attention of the publishers. The Cisco Daily Press assumes no responsibility for errors in advertising insertions beyond the price of the advertisement.

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under the Act of March 3, 1879.

## We Meant What We Said

"We owe it, therefore, to candor . . . to declare that we should consider any attempt on their part to extend their system to any portion of this hemisphere as dangerous to our peace and safety."

No, that is not President F. D. Roosevelt speaking of Greenland in 1941. That is President James Monroe speaking of the whole Western Hemisphere in 1823.

But the passing of 118 years has not changed the essential wisdom of Monroe's Doctrine. In fact, it has heightened it. With rapid transportation and the bombing plane, it is more than ever necessary that no European or Asiatic nation be allowed to get a new foothold on Western Hemisphere territory.

It is a simple fact that Canada and the United States would not feel safe if a German air base were to be set up in southern Greenland. It is less than a thousand miles to the North American seaboard from that point—just a hop-skip-and-jump for a modern long-range bomber.

EXPERIENCE of the past two years has amply proved that the only way to assure safety in these matters is to move first.

The British hesitated to violate the neutrality of Belgium and Holland and Scandinavia. And while they hesitated, meditating on niceties of international law, the nazis acted. Seizing the initiative in each case, they were "there fustest with the mostest." And they won.

President Roosevelt would seem to have learned the lesson. Germany might well want Greenland because of its value as a base to attack British shipping, as a weather observation station, as a source of cryolite. Her planes have soared over it. The president obviously determined that this time the Germans should not be first. Greenland, almost all of it, is clearly in the Western Hemisphere. Its occupation by Germany would be a danger to the United States. We act, therefore, in our own interest, determined for once to "be there first."

EUROPE and all the lands in it may be merely a set of prizes to be raked in by the strongest, like chips in a poker game. But the lands of the Western Hemisphere are not prizes to be fought over in this way.

The United States so determined 118 years ago. The American republics, all of them, are like-minded today.

This we have said—and we meant what we said.

British, Greeks, Germans, and Yugoslavs all report advances—but we still don't think the world is moving forward.

It would be nice if love was as easy to keep as it is to make.

Advance tip—it soon will be time for you to keep your fingers out of the electric fan.

A trade journal says "Your honey will be worth more this year." Thanks, we'll stick to her.

U. S. prefers that newspapers keep mum about where British vessels in American waters are going. The idea being to keep them from going down.

The horse has already passed and the autos are passing—constantly.

The president designates Sunday, May 18, as "I am an American" Day. The expression sounds good enough to us for everyday use.

## Pictures Show Growth of Penney Organization

Views from the album of history of the great J. C. Penney company make up an arresting window at the Penney store here as it prepares to observe its 39th anniversary event.

Shown in the series of pictures is an old wooden store of the brother store, opened at Kemmerer, Wyo., a mining town, in April 1902. The living quarters of Mr. Penney and his family were in the second story. An inset in the larger picture shows the first counter that Mr. Penney owned.

Other old pictures show the

12th store at Price, Utah, and the store at Las Vegas, N. M., opened in 1916. From its humble beginnings in the west, the Penney organization has grown into 1,586 stores which did an annual business last year of \$304,536,737, as compared with \$28,898 which the original store did in 1902.

Pictures of two modern, streamlined stores of the great Penney company warehouses are also shown grouped around a recent photograph of Mr. Penney, who is still active head of his organization.

Interesting in the collection is an advertisement taken from the Kemmerer, Wyo., paper in 1904 which announces a removal sale. The advertisement features the store's motto, "Golden Rule" store, prominently. Among the items it offers for sale are coats at 25 cents, men's suits at

\$2.49 and boys suits at 49 cents. It is somewhat a coincidence that A. G. Tuttle, manager of the Cisco store, and John Penn, assistant manager, entered the Penney organization on April 1. Mr. Tuttle 13 years ago and Mr. Penn in 1934.

Oregon has the best record of any of the states in infant death rates, according to the census. Deaths of babies under one year in Oregon amount to only 35.3 per 1,000 live births, compared to a national average of 48.

Motor vehicle sales taxes combined with motor vehicle and drivers' licenses yielded all states \$1,233,000,000, or 30 per cent of gross state collections in 1940, according to the census. This was more than total tax collections of all the states 13 years ago.

## OUT OUR WAY . . . . . By Williams

OH-OH-OH! GROAN! THERE'S A HOUSE FER RENT ALMOST NEW! DOOR, AN' IF SISTER SEES IT... OH-OH! SHE LIVES SO FAR NOW THAT SHE CAN'T USE ALL TH' STUFF IN OUR HOME AN' USE ME FER A BUTLER ER YOU FER A MAID! BUT IF SHE SEES THAT FER RENT SIGN... OH-HOOH-OH!

## Music Composers Of Texas Will Be Honored

One of the highlights of the state convention of the Texas Federation of Music Clubs will be the Texas composer's program under

## 'All Out' Defense

After Paul C. Boyes passed his physical examination for the draft he went to his own dentist in Albany, N. Y. Dentist, says Paul, advised yanking all Paul's teeth, did so. While state selective service officials investigate, Paul tries to chew a sandwich.

## Music Composers Of Texas Will Be Honored

the direction of William J. Marsh, Fort Worth. Mr. Marsh announces that the compositions by state musicians show more talent than have any in the past. The program will be given on Thursday evening following the massed choir festival under the direction of Dr. H. Augustine Smith.

Friday morning a memorial service will be presented by Miss Irvy Bode, a former state president. The digest of sectional meetings will follow under the chairman of departments. Mrs. Byron Lewis, Stamford, will lead the discussion for the educational department; Mrs. Tom Faulk, Athens, of the American music and Mrs. L. D. Cole, Amarillo, will conduct a church music forum introducing Dr. Smith, an authority of international fame in church music. A symposium of newspaper men and women will be held in discussion by Mrs. T. J. Wonnack, San Antonio. The report of the finance will be given by Mrs. Grace Gofard, Houston.

Mrs. Talbot Williams, Tyler, will lead a round table discussion on the student musician's department and she will be assisted by Dr. Wilford C. Bain, Denton; Dr. E. W. Dety, Austin; Clyde Garrett, Arlington; Dr. Wm. Van de Wall, Louisiana.

Junior day will occupy the last day of the convention, and Mrs. J. H. Cavender, Jr., Dallas, will be in charge.

If there were as many people per square mile throughout the whole U. S. as there are in Rhode Island—663—the nation's population would equal the present population of the whole world, according to the census bureau.

Railroad rails are measured in pounds per yard in length.

## Stop Is Correct

Capt. Herve Le Huede of French liner Normandie, docked in New York, points his ship's telegraph at right word as Treasury Department indicates United States may seize French vessels.

## TCU Mixed Chorus to Be Here May 4th

FORT WORTH, April 15 (Sp.)—Concerts in 13 west Texas cities will be given by the mixed chorus of Texas Christian university in its annual spring tour, scheduled for April 24 to May 4, inclusive.

The singers—20 girls and 20 boys—are directed by Prof. W. J. Marsh, composer of the official state song, "Texas, Our Texas."

Jimmy Moody, sophomore from Washington, D. C., will be presented as trumpet soloist with the organization.

"Music to please everybody" is the motto of the T. C. U. mixed chorus. The program to be given on the tour includes religious, classical and semi-classical compositions, together with a group of popular tunes and school songs.

Miss Rosemary Willford, Fort Worth sophomore, is accompanist. The itinerary for the tour: Wichita Falls, April 24; Vernon, April 25; Pampa, April 26; Amarillo, April 27; Tulsa, afternoon, and Lubbock, night, April 28; Big Spring, April 29; Midland, April 30; Pecos, May 1; Ft. Stockton, May 2; San Angelo, May 3; Abilene, afternoon, and CISCO, night, May 4.

Variety stores have increased 44 per cent in number and 25 per cent in sales since 1935. Census reports that there are nearly 17,000 variety stores whose sales amount to only slightly less than one billion dollars.

## BRUCE CATTON'S AMERICAN ROUNDUP

### CONGRESS OUTDOES HOLLYWOOD WITH INQUIRY BY COMPETING COMMITTEES INTO DEFENSE

By PETER EDSON  
NEA Service Staff Correspondent

WASHINGTON.—And now comes the inquiry. What started out as one congressional investigation of the defense effort has now blossomed into a magnificent triple bill.

It won't be just Senator Truman's committee investigating the \$40 billion earmarked for national defense and aid to Britain. On the other side of the capital will be two more probes.

The House of Representatives, not to be outdone by the Senate, has doubled the bid and authorized both its Military and the Naval Affairs Committees to dig into their respective fields of construction for destruction and the dirt will fly.

The job was just too stupendous to get going on April 7, as had been announced, so the Senate show will not hold its premiere until April 15.

Wiry, baldish Andrew Jackson May of Prestonburg, Ky., chairman of the House Committee on Military Affairs, has let no grass grow on his parade ground, so the first review of what's wrong with defense will be marched past his reviewing stand at the double quick in short, as well as close order. The House Naval Affairs Committee, under chairman Carl Vinson of Milledgeville, Ga., will not weigh anchor on its forced draft cruise of exploration until the end of the month.

## STORIES IN STAMPS

## Haiti's Famed Citadel Built by Slave-King

THE Citadel of Haiti is the Fan American postage stamp above, is one of the western hemisphere's most famous. Haiti's postage stamps of a 1933 airmail.

The Citadel is a stronghold, located on a peak, now accessible to it has walls 16 feet thick, high, barracks for 10,000 storerooms, cannon emplacements. The massive fort built by Henri Christophe, ruler of Haiti, as a refuge for people in case France sought to regain possession of the island of St. Kitts, 17 years old w slave uprising against the in 1804. He became p Northern Haiti in 1811, crowned five years later.

Haiti prospered under reph's rule. He built churches, roads, magnificent palace of the and the Citadel. Legend that he killed himself with bullet when the people

## LOVE POWER BY OREN ARNOLD

Illustrated by Ed Gunder

Dr. Hale backed away slowly, as if hypnotized by the miracle of science that had occurred here. He knew the world's greatest secret. Miss Sormi knew. This was the discovery of centuries!

(Science admits the possibility that atomic power may be harnessed to run man's machines. When this is accomplished, by splitting atoms of U-235, found in the element Uranium, a vast source of energy will be released. This serial, "Love Power," anticipates that scientific feat, and while the background is based upon fact, all characters and incidents are entirely fictional. Any resemblance to actual persons, places or events is entirely coincidental.)

### CHAPTER I

A WED by what he knew now to be true, Dr. Robert Hale backed slowly away from his observation chair, moving as if under a hypnotic spell. The sheer potency of what had occurred here seemed to have numbed him even though it was expected and planned. He glanced once at Miss Sormi. She knew! She looked ghostly, her eyes wide as she waited there by the door, gazing back spell-bound at the great unit in full realization of what it contained. Neither spoke until they were outside.

"Robert!" She whispered it tremulously, and repeated, "Robert!"

Faces strained, they were still staring back in. "Wait here," said he. "I'll go back and—"

"No! No! No!" "Just to throw the switch, Leana. You know that must be done!"

The switch was a massive bar. Miss Sormi stood transfixed while he put both hands to it and pulled. The weird hum that had dominated their laboratory stopped instantly, as if genuinely glad of its own release, but the silence that followed was almost a tangible thing. Robert glanced at the windows, verifying for the hundredth time that they were both high and barred. The steel door across the room he knew to be doubly locked. Back near Leana Sormi, he paused only to push a button that controlled the lights, then moved outside and locked the door. They walked a hundred yards toward the offices before either spoke again.

"Don't be uneasy," he labored to say it easily himself. "Go about your personal routine." "Yes, Robert." "Say nothing, of course. I—I shall take the precaution of setting an armed guard. A man, several men, with rifles." "Rifles!" She spoke contemptuously. Dr. Hale nodded, looking afar off. "I know. Impotent now

anything of that sort. Just a man. A youngish man at that, like somebody's brother. Ever so good-looking in spite of tired eyes and tousled hair. Sensitive mouth. Slender but oddly powerful hands. And ill at ease with girls!

He didn't invite her in. He just stared and talked there in the hall. "The pay—any price, any salary you need. I—I rather like you. Very much, in fact. Credentials were sound. And you had initiative enough to get here ahead of the others. But—Miss Tyler, you don't realize—you—what of secrecy—and danger? Danger, Miss Tyler! This is not—I—"

She sought to calm him. "You make me curious. I keep secrets and I am not afraid of many bugaboos, Dr. Hale."

"But this isn't scary things! Not

—not snakes or ghosts or childish doings. I—I can't even phrase it! This is something that will revolutionize civilization itself!"

Carolyn began to sense the intensity of his feelings. Curiosity became tinged with a vague sense of alarm. Her lower lip tucked in and she gazed intently at him, trying to understand.

(To Be Continued)

### Legal Notice

#### Return From Visit In Gatesville

Dr. and Mrs. Roy A. Langston and daughter, Kathryn, have returned from a few days spent with another daughter, Mrs. E. E. Lowrey, and Dr. Lowrey in Gatesville. On Sunday Dr. Langston performed christening ceremonies for little Betty Lynn Lowrey, infant daughter of Dr. and Mrs. Lowrey.

#### Personals

Mr. and Mrs. A. G. Hunt of Lubbock spent the week-end with Mrs. Hunt's mother, Mrs. J. C. Gude, and other relatives here.

Mr. and Mrs. Albert Strother have returned to their home in Dallas after a few days spent here.

Howard Tableman, Vance Bowman and Richard Donovan returned Monday to College Station after spending the week-end here.

Sergeant Forrest Mobley of Camp Winters, Mineral Wells, spent the week-end here with his parents, Mr. and Mrs. James Mobley.

Miss Elizabeth Waters of Sweetwater has been visiting in the W. J. Armstrong home.

Mr. and Mrs. Richard H. Fechner of San Antonio and Miss Katherine Loftin of Baylor University, Waco, have returned after a visit here with Mrs. J. B. Loftin and Mrs. B. M. Hubbard.

Mr. and Mrs. Frank Bond and daughters, Wynema and Wanda June, and Miss Marie Hatterman spent Sunday in Strawn.

Mrs. W. W. Wallace has gone to Fort Worth for a two-day visit.

Mr. and Mrs. L. G. Bell, Mr. and Mrs. Cecil Huffman and Mrs. Charles Roberts spent Sunday in Abilene.

Mrs. Anne Buckley visited here last Sunday night on her way from her home in Fort Worth to Tinsimmon, where she is employed.

Miss Louise Stallom, Glenn Boyd, Ben Anderson and Gerald Mockett left Monday for Texas Tech after spending the Easter holidays here.

Mr. and Mrs. R. L. Shaw and son, Robert, have returned from a visit with Mr. and Mrs. Jack Shaw in Beaumont.

Mrs. Dan Dillingham is the guest of relatives and friends in Fort Worth this week.

John D. Ward has returned to his home in Sweetwater after spending the Easter holidays here.

L. A. Warren traveled business in Austin Monday. He was accompanied by his son, Coy, and Miss Alice Slicker, students in Texas university.

Miss Grand Daniels is seriously ill at her home, 168 West 16th street.

Staff Sergeants Howell Moore and Howard Grizzle of the U. S. Air Corps, Kelly Field, have returned after spending the holidays here with Sgt. Moore's uncle and aunt, Mr. and Mrs. John Kloman.

#### The Notebook

Wednesday  
The Alpha Delphi Study club will meet at the clubhouse at 8:30 a. m.

The Grammar school Parent-Teacher association will meet at the school at 8:30.

Thursday  
The First Industrial Arts club will meet at the clubhouse at 8.

Mrs. E. P. Crawford has gone to Fort Worth to attend Proseminary.

#### Casual Coat

A smart tweed coat in rose, brown, and tan drape lined with a flaring hemline, perfectly fitted waisting and full comfortable sleeves. This is the type of casual coat that has a place in every wardrobe, and it is priced to suit modest budgets.

### Federation in Monthly Session Monday Afternoon

The City Federation of Women's clubs of Cisco met in regular session at the clubhouse Monday at 3 o'clock. All federated clubs of the city were represented, the Delphian and Industrial Arts clubs leading in numbers present.

During the business session reports were given on the current federation-sponsored clean-up campaign. Mrs. William Reagan reported for the Twentieth Century club Mrs. Baby Miller for the Industrial Arts club Mrs. Elizabeth McCracken for the Delphian; Mrs. W. W. Fessel for the Garden club, and Mrs. J. J. Tableman for the American Legion auxiliary. Reports were also given on the work done by the men's organizations.

The president, Mrs. A. J. Olson, expressed appreciation in behalf of the city federation for the splendid cooperation of clubs, city officials, newspapers, and every individual who in any way contributed to the success of the campaign.

Mrs. Ann Skiles read an article from This Week magazine, telling of the clean-up campaign in Lubbock, which has the name of being the cleanest city in Texas, having won the award for 11 consecutive times in national competition.

Simpson Kelly of California, brother of the late G. B. Kelly, presented the federation with a beautiful pastel to be hung in the clubhouse in memory of Mrs. G. B. Kelly, former president of the organization.

Mrs. E. Hooks was leader of the program on fine arts. After a reciting introductory talk on this subject, she called attention to several paintings by local artists which she had on display: a portrait by Harry Schaefer; two paintings, one in oils and one in water colors by Mrs. A. C. Green; a bluebonnet picture in oils by Mrs. William Reagan; a pastel by Willie Pettit Hooks, and also scenes from St. Helena canyon by Dick Jennings of Eastland, in water color. An original print of George Washington by Stuart was also shown.

Mrs. William Reagan made a talk on "Art in Everyday Life," and Mrs. Lee Clark spoke on the subject of "Old American Glass." She illustrated her talk by showing many rare old pieces from her glass collection. Mrs. Ora Parker also gave the reading, "Woman's Duty," written in 1914 by Mrs. Percy Pennybaker.

Mrs. Hooks, delegate from the city federation to the district convention which recently met in Ballinger, made an interesting report of the meeting, emphasizing talks made by Dr. Tom Taylor, of Brownwood and by the Rev. Leslie Boone.

All the states collected taxes in 1940 amounting to \$4,171,000,000, according to the census. Of this amount, \$1,647,000,000 was raised from sales taxes, employed by 25 states; \$844,000,000 was unemployment compensation taxes; \$444,000,000 represented taxes on specific business; \$368,000,000 consisted of motor vehicle and drivers' licenses taxes; \$385,000,000 from state income taxes; \$265,000,000 from property taxes; \$118,000,000 from inheritance, estate and gift taxes, and \$108,000,000 from miscellaneous taxes.

Twenty thousand names of prospecting gold miners were turned in to the census bureau when all prospectors were requested to submit names of gold miners who had turned in "pay dirt" in 1939. The census bureau, investigating these for the census of the gold mining industry, found that many of them averaged less than \$10 per week from their discoveries.

A situation which has in effect existed between the two countries for some time past.

### Truck Growers at Gorman Organize

GORMAN, April 15. (Sp.)—Farmers and truck growers of the Gorman section of Eastland county have organized themselves into an association and have elected the following officers:

J. E. Smith, president; Dallas Jobe, vice president; Glen Kirk, secretary - treasurer. A board of directors composed of ten farmers and truck raisers from the various communities adjacent to Gorman, was named.

Farmers interested in the organization are urged to contact the officials of the organization. Members will be under no obligation to sell their produce through the association.

Two large warehouses of the Southwestern Peanut Growers' association at Gorman will be used as a market center, it is stated.

### Oil Operators---

(Continued from Page One)

and the Illinois Pipe Line company announcing the discontinuance of purchases.

Peculiar, Says Sadler.

"It is a peculiar situation," Sadler remarked, "that while large producers are asking increased purchases, such a situation should develop in this area." He appealed to major companies to provide a new market and give the necessary relief.

The notices which precipitated the crisis, and which were read into the commission record yesterday were:

To Producers and Royalty Owners.

You are respectfully advised that on May 10, 1941, the Ohio Oil company will be obliged to discontinue the purchase of crude oil in Eastland, Stephens, Palo Pinto and Erath counties, Texas. Therefore this is to notify you that the division order executed by you to this company for the sale and purchase of crude oil produced from any lease or leases in any of the counties above named is hereby cancelled, effective on and after May 10, 1941.

We regret that circumstances have forced the company to take this action.

Very truly yours,  
O. D. Donnell, president.  
The notice was dated April 4.

To Producers and Royalty Owners.

The Illinois Pipe Line company has been notified by the Ohio Oil company that effective May 10, 1941, it will discontinue the purchase of crude oil in the counties of Stephens, Eastland, Palo Pinto and Erath in the state of Texas.

We are therefore obliged to advise you that if you desire the Illinois Pipe Line company to accept your oil for transportation through its pipe line on and after May 10, 1941, it will be necessary for you to procure another purchaser who will take delivery of such oil at any established delivery point on our line.

Yours very truly,  
Illinois Pipe Line company,  
Charles Bunge, Jr., president.

Among the producers affected by these notices are the Lone Star Gasoline company, Lone Star Gas company, the Hickok companies, Keawane, Oil and Gas company, T. P. Coal and Oil company, States Oil corporation, Arab Gasoline corporation, C. W. Hoffman, Sinclair-Prairie, Phillips Petroleum company, and numerous others.

The total monthly runs which would be shut off unless another market is obtained are 101,972 barrels.

"The effect on this area if another market is not obtained would certainly be disastrous," the representative of one of the larger producers said today.

Faced with such a prospect, the operators, were making strenuous efforts to secure another market before May 10. So far, however, their efforts have not been successful.

### Another Home Run for Cupid

19-year-old movie star, Deanna Durbin, glances coyly at young associate movie producer, Vaughn Paul, as they filled intention-to-wed papers in Hollywood. The two have been sweethearts since Miss Durbin was a youngster in flat-heeled shoes.

### Germans Claim---

(Continued from Page One)

ing 30,000 tons were said by this same source to have been sunk by dive bombers in the Athenian harbor of Piræus, and other transports and supply ships, totaling 50,000 additional tons were claimed to have been damaged.

The British made no immediate official answer to this—they had warned the Greeks against German propaganda designed to split the allies—but the British radio announced that "new contingents" of empire forces were understood to have arrived in Greece.

Without specific mention of the German agency's report of an evacuation, the London radio subsequently stated that "strong British reinforcements are now moving up to the frontlines in Greece." The available informed sources refused comment.

The British faced on the far away African front a strong and growing axis challenge which soon may overshadow even the vital Balkan test.

It was this second and older Egyptian front which appeared actually at most concern to London for Germans, having captured a big area of Italian Libya, claimed advances to the east beyond Salum, on Egyptian soil, and seemed determined with Italian help to challenge the very gates of empire at Alexandria and the Suez canal. The British garrison in Tobruk—which apparently had been by-passed originally in the German march—was declared by the nazis to be entrapped and trying to escape by sea and land under the constant attack of German dive bombers.

### Student Officers Elected at TCU

FORT WORTH, April 15 (Sp.)—R. L. "Ronnie" Brumbaugh of Fort Worth, first-string end on the Horned Frog football team, has been elected president of the student body of Texas Christian university for 1941-42.

Wilson Baugh, Tampa, Fla., was named vice president in the student election; Miss Lois Jeanne Cayce, Fort Worth, secretary-treasurer, and Miss Margaret Ramage, editor of The Skiff, student newspaper.

### 400 Thousand---

(Continued from Page One)

tract signed by the CIO's steel workers' organizing committee and the corporation after three weeks of negotiations.

### Senate Race---

(Continued from Page One)

levy on gas gathering lines. It was considered likely also that the levy on automobile financing will be stricken out.

Probably the greatest interest in the bill has to do with the proposal to repeal the present chain store tax as a part of the franchise tax section of the bill. Proponents of repeal of the tax that levies imposts as high as \$750 a store for more than 50 stores have waged a strong campaign backed by producers of agricultural products and representatives of young industries. The defensive campaign has been handled by independent retailers with food wholesalers as the spearhead. The campaign for repeal also has had the backing of a majority of the newspapers in the larger cities.

### Chain Store Tax Fight

There has been unexpected strength among members of the legislature for the repeal movement with some of the members reluctant to repeal any tax in a year when new revenues are needed. Senator Olan Van Zandt, chief advocate of repeal, has answered that contention with a declaration that the tax is not only punitive but that chain stores are being subjected to double taxation by the assessment of two franchise taxes or privilege taxes. The chain store tax yielded a little more than \$700,000 last year. Proponents declare that a ten-cent raise of the franchise tax would yield a far greater sum of money and be spread over 18,000,000 tax

### For First Lady's Easter Afternoon

Mrs. Franklin D. Roosevelt went shopping on Fifth avenue, New York, for her Easter wear this year and selected this new "dropped shoulder" cape ensemble for afternoon. It is of aqua wool, with pleated skirt and aqua baku straw hat.

### STORIES IN STAMPS

### Crater Lake Was Formed When Volcano Collapsed

THOUSANDS of years ago there were many active volcanoes in America. One of these was Mount Mazama, in the Cascade range of southern Oregon, which built itself up by repeated eruptions to a height of 10,000 feet. During a period of quiet, glaciers covered the volcano. Then the mountain collapsed under its weight of lava and ice, fell into its own hollowed-out core.

A huge crater, 3000 feet deep and six miles in diameter was created. Gradually rain and melting snow filled it.

Today this is Crater Lake, pictured on the U. S. 6-cent stamp above, of the U. S. National Parks series. Here is one of nature's marvels—a clear blue lake, 2000 feet deep, surrounded by precipitous walls a thousand feet high. Crater Lake has no known inlet nor outlet, yet it remains at an almost constant level. Although a mile above sea level, the lake never freezes.

Crater Lake was created a National Park in 1902, includes an area of 249 square miles. It was discovered in 1853 by a party hunting a lost mine.
