CISCO TO HONOR JUNIOR COLLEGE STUDENTS

About Our Friends

By STEP A. LONG

W. McCauley of the Good Service store says business is good. . . Thinks moving to a new store recently purchased his place and goods on lots of more people . . .

What does help . . . not the especially, but the result of the enthusiasm and energy of every member of the when activity starts as a remodeling . . . And then advertising in different ways the newspaper publicity at getting settled in the new . . .

Have often wondered if merchandise realized how valuable the publicity was to them . . . The calls attention to the new remodeling going on . . . Perhaps the readers had thought of the place in the past but the fact of the little place in their minds and they decide they will make that purchase . . .

When we have always been glad to see the little mention to business that are doing some "cleaning up" . . . We have thought it help and, being of an optimistic nature, we believed that helped the customer would the newspaper which cooper-

reminds us that Mrs. Evans, at Moor-Drug, and the porter, has built a fence at the front door and the flowers are coming in millions . . . Oh, we beg your pardon . . . always giving advice . . . Please forgive our rudeness . . .

Farmer J. H. Hyatt says having trouble getting water from all the country seems to visit in Hyatt's fields . . . that's one of the makes good crops ordinary . . . when it's dry in other areas just waves and smiles . . . the sunshine and puts on a inch or two of height . . .

Worried, Mr. Hyatt, it all gets more or less dry and during the summer, and this will possibly be no exception that excess moisture will come any then . . .

regret that Mr. Hyatt get to test out those sugar beets he purchased to try out if perhaps a new kind of crop might be developed in that part of the country . . .

Hyatt noticed that ordinary beets well here . . . he thought beets might do the same, there seems to be plenty of chemical in the soil, as attested by the sweetness of melon grown here . . . So he got to try out, being a man likes to do things in a big way, something that will help his community . . .

Watch that test . . .

Weather

TEXAS: Partly cloudy Tuesday and Thursday, with scattered thunderstorms along the coast, and over the extreme western portion today.

TEXAS: Partly cloudy Tuesday and Thursday, with scattered afternoon and evening showers in southwest portion Wednesday. Little change in weather.

DEANS PAY \$135,000 FOR LOCAL LEASES

Dean Brothers of Fort Worth, composed of Paul and David Dean, independent operators, have closed one of the largest stripper production deals in West Central Texas in recent years.

Dean Brothers paid approximately \$135,000 cash, together with a small overriding interest for 419 stripper oil producers, 3,016 acres of oil leases and 293 barrels of daily oil production in Shackelford and Callahan counties.

From the Putnam Oil company and Seagwick Oil company of Houston, both headed by Winston P. Henry of Houston, Dean Brothers purchased 121 wells in the North Seagwick pool of Shackelford county; 114 wells in the Lechower pool, two miles southeast of Putnam, in Callahan county; 73 wells in the Colony pool, Callahan county, four miles north of Putnam, and 80 wells in the Williams pool, Callahan, five miles north of Putnam.

Purchase from the two companies makes a total of 288 wells, 2,901 acres of leases and 183 barrels of production which comprised the total holdings of the two companies in Callahan and Shackelford counties.

From the Texas company, Dean Brothers purchased 31 wells, 115 acres of leases and 10 barrels of production.

Ciscoans Attend Baptist Workers Conference Tues.

A number of Ciscoans attended the Workers' Conference of the First Baptist church held at Gorman Tuesday of this week. The theme was, "Jesus, the Christ."

Those attending from Cisco were Rev. and Mrs. Judson Prince, Rev. and Mrs. J. R. Burnett, Mrs. H. L. Kunkle, Mrs. W. D. Hazel, Mrs. W. H. LaRoque, Mrs. Floyd Shepard, Mrs. W. F. Walker, Mrs. Ida Shelton, Mrs. Algie Skiles, Rev. and Mrs. Russell Dennis, Rev. Dennis was on the program.

The program follows: 10:00 a. m.—Devotional, Rev. L. A. Thompson. 10:20—Pre-existence of Christ, Rev. Arvil Richardson. 10:40—Purposeness of Christ, Rev. A. A. Palmer. 11:20—Business; greeting of visitors. 11:30—Duet, H. D. Blair, Mrs. Levi Price. 11:40—Sermon, Rev. Henry Weldon. Lunch. 1:30 p. m.—Board meeting. WMU program, Mrs. Crawford in charge. High Lights of the Convention—Mrs. Phil McGahey and others.

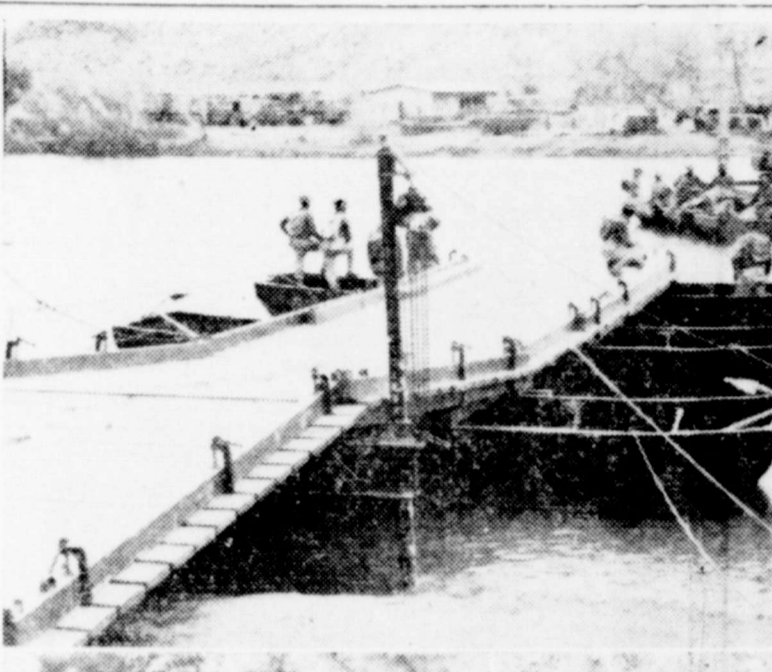

Turkeys Save Crops While Getting Their Own Feed From Hopper Ravagers

"Turkeys are my best paying crop," said L. G. Rankin who lives northwest of Cisco on a small farm with about 60 acres grass pasture which being fenced sheep pasture makes an ideal pasture for turkeys, since it is also a natural breeding place for grasshoppers and other insects.

Mr. Rankin said he got the idea of turkeys a few years ago when he noticed that for the past several years, grasshoppers multiplied by the thousands in his pasture. He said they completely destroyed his crops on more than one occasion during that time.

"My pasture rather bends around my farm and hoppers would completely destroy crops along the edge. I remembered hearing my mother say often times that if it were not for the feed bill, turkeys would be a wonderful crop, and then I remembered that she would rejoice when it was that a good grasshopper year. So that

River Crossing Maneuvers At Fort Bliss

In a demonstration of speed and efficiency an 8th Engineers squadron strings pontoon bridge across swollen Rio Grande river near Radium Springs, Texas, above, for a river crossing exercise in which the 12th cavalry, bottom left and right, was able to start crossing the river within 10 minutes of their arrival and the start of operations. In the top photo an armored car is already aboard the section of bridge being floated into place.

Lions Enjoy Memory Stunt From Guest

Dean Jay Keeler, in Cisco in the interest of Visual Education, was a guest of the Lions club today, and gave a phenomenal illustration of retentive memory by announcing the name of every member present, together with his business, after he had talked to the club 20 or more minutes, following his being told those things by President Jackson, previous to his talk.

President Jackson appointed a Flag day committee to cooperate with Mayor Mitcham in Cisco's commemoration of Flag week.

Mrs. Glenn Hurt In Automobile Wreck Tuesday

Mrs. Ollie Glenn of Abilene, aunt of Mr. and Mrs. Ralph Glenn of Cisco, received a dislocated shoulder Tuesday afternoon when the automobile in which she was riding with her brother-in-law, C. R. Glenn, Mrs. Glenn and their three children, turned over about one and one-half miles east of Stamford.

The accident was caused by a tire blowout. The overturned automobile caught fire. Ambulance and fire engines were called from Stamford. Mrs. Ollie Glenn was the only member of the party to receive hospital treatment.

The party was en route from Cisco, where Mrs. C. B. Glenn had been for treatment in a hospital the past several weeks. Mr. and Mrs. C. B. Glenn live at Roaring Springs.

Marriage License Issued 3 Couples

Marriage license have been granted from the office of County Clerk R. V. (Rip) Galloway in Eastland to the following couples: John W. Holland, Cisco, and Thelma L. Cogburn, Gorman. Ken L. Banes, Tulsa, and Jessie Mae Maca, Palo Pinto. Earl F. Sims, Olden, and Miss Erlene Munn, Olden.

COMMISSION MEETING BUSY FOR CITY DADS

Details of clearing the airport property from all obligations, some tax adjustments, and a report from the local game warden, Roy Judia, on fishing conditions at both Lake Bernie and Lake Cisco, occupied the mayor and city commission at their regular meeting Tuesday night.

It was decided not to lend Cisco's canning equipment to a Rising Star project. It was voted to allow the new executive worker for the nursery school office space at the city hall, if room could be arranged.

Mr. Judia, at the request of Mayor G. P. Mitcham, gave a report on fishing conditions. Among other things considered was the abundance of crappie which are destroyed by buffalo and gar fish in Lake Bernie. Measures have been suggested by the state authorities and this advice will be studied.

Shortage of black bass in Lake Cisco was mentioned, and some reasons for, and remedies, were discussed by Mr. Judia and the commission. Shortage of channel cat was also mentioned; this owing to the great number of fish caught each night by the 3,000 to 4,000 hooks put in the lake each night, which make a catch of some 500 pounds of fish daily.

"There is no protection for channel cat," Mr. Judia said. Their spawning period is during June and July, when no law protection is afforded.

The lack of cabins at Lake Cisco, where cabins were built for the purpose of affording homes for visiting tourists, and to thus encourage the use of Lake Cisco as a playground for West Central Texas, is hindering the growth of the idea, it was suggested at the commission meeting. A number of persons want to come to Lake Cisco for summer outings, but there are no cabins available on account of the fact that they are occupied by local people.

Local people rent them, it was brought out, because they can rent them with everything furnished cheaper than they can rent in Cisco.

George Boyd was appointed to report on the matter, when some action can be taken to either raise the rent for summer months, or else build more cabins.

Following the reading of the minutes of the previous meeting, the taxes of Charles Kilborn and Claude Strickland were adjusted subject to immediate payment.

The meeting recessed. Those present were: Mayor G. P. Mitcham, Commissioners George Boyd, A. V. Clark, Charles J. Kleiner, Neil Lane and Edward Lee, and Secretary Lonnie Shockley. Others present at the meeting were: City Attorneys Clark Roberts and F. D. Wright; A. B. O'Flaherty, W. H. LaRoque and Ray Judia.

Wheat Marketing Quotas Voted On Saturday; Necessary For Govt. Loans

Wheat marketing quotas will be voted on Saturday, May 31. If the marketing quotas are not voted, there will be no government loan, which is an important factor in keeping the price of wheat up.

Under the marketing quota, each producer, who is planned within his allotment, will be allowed to sell all the wheat harvested on the farm, or he may put his wheat in a government loan. This also includes carry-over wheat from previous years.

If a producer is overplanted, there will be a penalty on the excess wheat produced on the excess acreage. The number of bushels on which the penalty will be paid will be the excess acreage times the ACP yield or the actual yield, whichever ever is smaller. Payment of penalty may be postponed by storing the excess wheat under government seal, or placing it in

Danced for Nazis

Miss Birdie Dean, dancer whose home town is Little Rock, Ark., waves rally on her arrival via Lisbon and Bermuda in New York after 2 1/2 years in Europe where she performed for Goering, Goebbels and Dr. Ley, Nazi leaders. She's headed for Florida to visit parents.

Ladies Golf Club to Qualify Saturday

Qualifying scores for the Cisco Ladies' Golf tournament must be in by Saturday afternoon for play to begin Monday, June 2, the contest to continue through Tuesday and Wednesday of next week.

There will be two 18-hole flights and one 9-hole flight. The entrance fee is 50 cents. Ladies of surrounding golf clubs are cordially invited to participate in the three days' play.

Choir Leader Asks All Churches Join

W. Frank Walker, who is to have charge of the music at the First Baptist church next Sunday evening, 8 o'clock, on the occasion of the baccalaureate sermon for the Cisco Junior college, has requested that all singers from other churches in the city join the Baptist choir in the singing at the service. Music will be simple.

F. O. CLOSED FRIDAY

The U. S. postoffice will be closed all day Friday on account of Memorial day. Postmaster Luther McCrea announced this morning.

Mrs. Willie Bogan Dunne returned Tuesday from a business trip to Ft. Worth.

STUDENTS TO ENTERTAIN IN OWN PROGRAM

Banquet at First Christian Church Tonight at 7:30

About 140 persons are expected at the chamber of commerce banquet honoring the Cisco Junior college student body, to be held at the First Christian church tonight, 7:30, participated in by Cisco businessmen, their wives, and many private citizens who want to have a part in showing their appreciation for the first student body of Cisco Junior college.

A committee composed of Sutton Crofts, Jack Elkins and A. D. Anderson, say the response was hearty, nobody contacted refused to buy a ticket, which are 50 cents per plate.

The program is almost entirely from the college body, said H. R. Garrett, who was given charge of getting the program entertainment for the event. The single exception is the short talk by B. A. Butler, president of the Cisco chamber of commerce, along the line of "Organization and Future of Cisco Junior College."

It is announced that the banquet is open for any who want to attend. Tickets may be had at the door.

The program by the college student body is as follows: Piano Solo—Miss Annette Erwin. Reading—Miss Melba Wood. Piano Solo—Melvin Sandler. Reading—Miss Billie Ruth Alkin. Mixed Quartet—Miss Billye Cole, Miss Betty Lou Powell, Troy Carraway and Glenn Burnam.

W. P. Yarbrough, Jr. In Regular Navy

W. P. Yarbrough, Jr., 18, of Route 1, Cisco, was enlisted at the navy recruiting station, Dallas, Tuesday, May 27, as an apprentice seaman in the regular navy, and transferred to the U. S. naval training station at San Diego, Calif., where he will receive recruit training before further transfer to a navy trade school or ship of the fleet.

Burkett and Crossley Get Cisco Thanks

President R. N. Cluck of the Cisco Junior college says he voices the expression of all Cisco when he speaks appreciation for the untiring efforts of Representatives Omar Burkett and Lewis Crossley for their tattering of the Junior college public support bill now before the house of representatives for action, perhaps today.

These men, said Mr. Cluck, have been working for the bill since it was first brought to notice, and through the efforts of Representative Burkett, and others, the active support of Representative Hardeman of San Angelo has been enlisted.

Mr. Hardeman is a fluent speaker and a powerful influence in the house of representatives. Crossley and Burkett say they have a dependable ally in the person of Hardeman, who has promised to speak from the floor of the house when the bill is called.

Through the earnest efforts of Sen. John Lee Smith of this district, the bill passed the senate in double quick time and was passed on to the house for consideration this week.

Both Cisco Junior college and Ranger Junior college are in Eastland county, and both will profit by passage of the bill. It will mean something like \$10,000 yearly for Cisco college, Mr. Cluck estimated.

Do You Remember? (From Files of Cisco Daily News, June, 1937)

Presentation of a past president's pin to Frank Harrell, retiring as president and presiding over the last meeting of his term of office, marked the luncheon of the Rotary club Thursday. The pin, a handsome creation of the Rotary wheel with a diamond in the center, was presented on behalf of the club by Warren Wright, who praised Mr. Harrell's administration as being one of the most successful in the club's history. He pointed out that there had been a large increase in the club during the last year, and that the programs have been much better on an average, than ever before. Mr. Harrell, in responding, said the club's progress was due to cooperation of its members, rather than to himself. Miss W. E. Spence, in charge of Tom Reid and Miss Irene White and Miss Margaret Spence, daughter of Mr. and Mrs. W. E. Spence, gave a reading.

A chicken and fish fry was given at Lake Cisco Sunday. Mrs. T. A. Hicks of Wichita Falls gave several readings after the dinner was served. Those present were: Mrs. M. L. Gilliland of Midland, J. Y. Gilliland of El Paso, J. A. Hayes of Putnam, Lake Galley of Putnam, T. A. Hicks of Wichita Falls, Mr. and Mrs. J. V. Hayes and daughter, Myrtle, J. V. Hayes, Jr., May Beth Hayes, Mr. and Mrs. H. Gilliland and daughter, Charity, Jack Gilliland, Mr. and Mrs. Charlie Cooley and daughter, Lila Bell Cooley, Levey and Ruth Sam, Miss Agatha Moss of Board, and Mr. and Mrs. V. T. Hayes of Breckenridge.

Dr. Charles Hixon has had unusual luck in building green trees at his home here this year, according to E. H. Varrell, Cisco seasonal agricultural expert, who did the budding for the doctor. About 15 trees were budded last year, a month ago, and an inspection Tuesday showed that practically all the buds lived. Some of them have grown 15 to 12 inches long. The trees had been well watered and cared for both before and after budding, which accounts for the good showing in spite of the late season.

The Men's Bible class had charge of the devotional period of the Sunday school of the First Christian church yesterday morning, and succeeded in arousing considerable enthusiasm. After a program of songs, C. B. West, president of the class, introduced Tom Reid, who he said, had prepared the "only and best" of the day. Mr. Reid, taken by surprise, introduced W. E. Spence.

Protect Your Home with a YARD LIGHT. Easily installed on house or garage. Floods premises with light. Makes night-time play-time. \$3.95 up. (95c down-\$1 monthly). West Texas Utilities Company.

One Crisis Out of the Way

BACK TO ye Olde-fashioned Thanksgiving IN 1942

who, in turn, "passed the buck" to Tom Whitehead, who made a short talk. The Women's club will be in charge of the program next Sunday morning in an effort to outdo the men.

Bob Mansell and Dick Tomlinson, acting as special officers, arrested a man giving his name as Jesse Garrett and lodged him in the city jail Monday night, after they had caught him in an apparent effort to steal an automobile near the chautauqua. A companion, who had gotten into the car and started it off, abandoned the car and got away. Search of Garrett revealed he had 10 Ford keys and a Chevrolet key, the special officers said. Garrett, giving his home as Llano, was being investigated Tuesday.

Mr. and Mrs. Vincent McCrea have been named to represent Texas in a Fourth of July parade at Wolfersburg, N. H., where they are on a vacation visit, according to a telegram received from them by Mrs. McCrea's mother, Mrs. J. E. Cooley, Monday. The telegram asked that cowboy costumes be sent them. Mrs. Cooley asked the chamber of commerce to assist in obtaining cowboy costumes for them, and as a result, Bob Weddington will loan one of his cowboy suits, but another is yet to be obtained.

Declaring that activities of moonshiners and bootleggers threaten the morals and future of their children, residents of the Dan Horn community Monday called a mass meeting to be held tonight at Mitchell church for the purpose

of free discussion of the evil, with the intention of taking steps to eliminate manufacture and sale of liquor in that section of the county. Sheriff John Hart, who recently captured a still in that community, and County Attorney Frank Sparks have been invited to address the gathering.

The first shipment of fish from the state fish hatchery here was made Tuesday afternoon (June 28, 1942) under direction of Joe Dixon, superintendent. The shipment consisted of 25,000 bass, which were sent to Breckenridge and Ranger.

Grand jury of the 91st district court, June term, 1942: J. Frank Dean, foreman; F. Day, W. C. Emek, Garrett W. Bohning, W. J. Ormsby, Frank Morrow, P. W. Campbell, R. F. Cox, W. W. Gilbert, J. A. Beard, H. Q. Lee, B. S. Haery.

L. E. Norvell and family left Wednesday for Colorado, to spend the summer.

Miss Helen Keough and Lawrence Keough expect to leave Friday for an extended trip to California and points on the Pacific coast.

Ed Keough left for Dallas this morning, where he goes to consult an eye specialist. Mr. Keough's many friends trust an operation will not be necessary.

N. F. Payne arrived home Saturday from Dallas, where he visited with Roy Chandler at Baylor hospital. Mr. Chandler is expected to be discharged today.

Miss Bernice Key was able to be back at work at the West Texas Utilities company Wednesday morning, after having been confined to her home several days on account of illness.

Dillard Elliott, who has been confined to his bed for five days, has returned to work.

Mrs. Joe Wilson, Misses Elaine and Laura Fay Wilson and Bertha Triplett are attending the Epworth league convention at Fort Worth.

Rev. T. P. Stanford is in Fort Worth conducting a class of the Epworth league—a class of 30 members. Mr. Stanford returned home to conduct the funeral services of Mrs. Walter Clements, who died Monday afternoon.

Mrs. A. J. Olson and sons, Marion and Carl, and daughter, Miss Bessie, have returned from a trip to the mountains, and Carlbad Cave, N. M.

Mrs. G. M. Stephenson will

leave the last of the week for Kansas City, where she will spend two months studying music and voice.

Arthur Cunningham has returned to Dallas after spending Sunday in Cisco with his sister, Miss Catherine Cunningham.

Word from the George D. Fee family states they are thoroughly enjoying their stay in California.

Dr. Ernest White, Dallas specialist, will be in Cisco Thursday and Friday as the guest of Dr. E. L. Graham. While here the visitor expects to spend some time fishing at Lake Cisco.

Thursday, Mrs. Harold Pardee and Mrs. George Simpson entertained with bridge and 42 at 3 o'clock at the recreation hall at Humboldt.

Turner Garner of Dallas was a week-end visitor in Cisco.

J. B. Morrison has returned from Missouri, where he visited relatives.

Mrs. Dewey Moore was called

to Tulsa on account of the death of her brother.

Dr. F. M. Oldham was in Dallas Monday on business.

Miss Ester Hale departed Friday night for a visit with friends in Abilene.

Girl Drowns in Ranch Cistern

ALBANY, May 28.—The body of Cora Lee Green, 22-year-old daughter of Mr. and Mrs. K. B. Green, was found at 10 o'clock this morning in the cistern of the family's ranch home, seven miles east of here.

The body was found by members of the family after her continued absence aroused their fears. Physicians said death was due to drowning. No inquest had been held late this afternoon.

Miss Green was born at Albany, November 26, 1919. She was a graduate of Albany high school.

Funeral is to be held at 3 o'clock Wednesday afternoon at the First Baptist church, of which she was

EDSON IN WASHINGTON

War Costs Are Hard to Figure, but Germany's Spending Most Thus Far

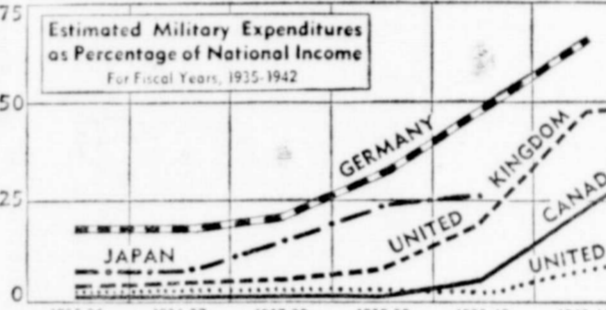

BY PETER EDSON NEA Service Staff Correspondent

WASHINGTON.—Congress is so much in the habit of spending \$100 million here and a few billions there that no one has taken time out to figure what this defense effort might cost if it keeps going.

But the Securities and Exchange Commission boys concocted a little chart the other day which has some interesting implications. This chart, shown herewith, makes the closest possible estimate of the percentage of national income spent for national defense by Germany, Japan, the United Kingdom, Canada and the United States.

The obvious question, after taking one look at this chart, is well, why not convert it into dollars? The equally obvious answer is that it can't be done. German exchange rates vary so much that they can't be translated into dollars. Living standards in Japan are so much lower than in any of the other countries that dollar comparisons are out of the question. Wages in the United Kingdom as well as Germany are lower than in the United States so, while \$100 might buy 100 hours of labor in the U. S., it might buy 150 in the U. K. or 200 in Germany.

THE United States is probably the only one of the countries that has anything at all resembling accurate statistics on national income. Canada has just recently begun to compute national income, but three different sources give three different estimates, the middle and ap-

parently most accurate being that of the Bank of Nova Scotia, which was used for this chart. Great Britain three months ago issued a White Paper with its first estimates of national income, putting the figure under eight billion pounds sterling. Japan's figures are so inaccurate they can't be plotted beyond 1939, and for Germany, which hasn't put out beyond 1940, these figures cover only the old Germany, without Austria and the 13 other occupied countries, their tribute and productive capacity. The figures on which the United States percentage is calculated are interesting. In April, the nation spent about \$760 million on defense. For May it will run about \$850 million. By July 1 we will be spending about a billion dollars a month, or \$12 billion a year. By July 1942 we may be spending \$2 billion a month. The average for the fiscal year, July 1, 1941 to June 30, 1942, will be \$1.5 billion a month, or \$18 billion for the fiscal year. With U. S. national income at \$90 billion for the year, this \$18 billion figures at exactly 20 per cent of national income going for war expenses. The dollar figures on U. S. defense effort are of course familiar—\$13 billion under contract, \$7 billion more authorized, \$20 billion more being planned—a total of \$40 billion unless the program is again expanded. That \$40 billion of course compares favorably with the 90 billion marks Germany is supposed to have spent on preparedness before she began war. Using the international exchange rate of 2.4 gold marks to the dollar, that makes Germany's expenditure approximately \$37.5 billion, but that covers only the pre-war, preparedness effort and not the upkeep.

Mrs. G. M. Stephenson will

Our Inquiring Reporter

THE QUESTION: What did you think of President Roosevelt's speech? THE ANSWERS: H. C. HENDERSON—A wonderful speech. Hitler can hardly understand it. F. D. WRIGHT—I think the president expressed the sentiment of every patriotic American and if he is able to carry out his plans I am convinced it will be the best possible thing that could be done. M. D. PASCHAL—It was a fine speech. I think the president is taking the only course he can take. W. B. STATHAM—I was well pleased with Mr. Roosevelt's talk. GEORGE BOYD—I believe the president struck a popular chord. Anyhow, it suits me. DR. PAUL WOODS—A splendid speech but in many ways a repetition of former speeches. Not quite definite enough as to the way the labor situation is to be handled. CLAUDE WEBSTER, Katy conductor—I heartily agree with Senator Pepper's summary of president's speech in which he said: "F. D.'s talk points the only way to safety." A. L. CLARK—It was a wonderful talk—just what the average American wanted to hear. S. H. NANCE—I approve everything he said and am convinced the time has come for decisive ac-

Today's Questions and Answers Given By Cisco Citizens

tion along defense lines. He might have been a little clearer as regards labor on defense projects. Deans Pay-- (From Page ONE) acres of leases and 40 barrels of production in the Isenhower pool southeast of Putnam, being the company's Davis, Isenhower and Weddington leases. John Moriarity of Cisco, superintendent of the Putnam and Sedwick companies, and in the employ of Henry for 28 years, will continue as district superintendent for Deans Brothers for these leases. All of the wells are shallow, ranging in depth from 350 to 500 feet. Deans Brothers purchased the properties for repressuring projects. The firm has been a leader in secondary recovery in West Central Texas and at present has such a project underway in Throckmorton county. Paul Dean is president of the Fort Worth Geological Survey. QUINN DEFEATS MAVERICK Former Mayor C. K. Quinn was elected mayor of San Antonio today by about 1,100 majority over the present incumbent, Maury Maverick. There were around 20,000 votes cast. member. Burial will be in the Albany cemetery. She is survived by her parents, a brother, Neal Green, of Odessa, and a sister, Mrs. Ruth Bailey, of Big Lake.

Dr. G. C. Boswell Made President Ranger College

Dr. Grover C. Boswell, B. A., M. A., LL. D., former president of Weatherford Junior college, and for 17 years a public school super-

tendent, was elected as president of Ranger public and president of Ranger college at a meeting of the board Friday night. Dr. Boswell will assume his new duties as president shortly after his new duties with Simmons university at Abilene.

Dr. Boswell has been a school superintendent for 17 years in that capacity at schools. He also spent three as dean of McMurtry college, and was president of Weatherford Junior college for the past five years.

• STORIES IN STAMPS Cuba Adds Two Items To Poetry Collections THERE'S poetry in stamps and finding it provides one of philately's most interesting specialties.

Nicholsons Believe In Punctuality

COLEMAN, May 28.—Mr. and Mrs. Neal Nicholson of Novice evidently insist on promptness on the part of their children.

Wesley Neal Nicholson last Friday received his fourth attendance certificate when he received promotion from the sixth to the seventh grade; Mary Lynn Nicholson and Leonard Reed Nicholson have...

Brekenridge Host to Negro Congress

Many Cisco negroes will attend the 38th annual session of the Sunday school and Baptist Training Union congress to be held at Breckenridge June 3 to 6, inclusive.

About 300 negroes are expected to attend. White friends are invited to attend the meetings, especially the night meetings, when the choir will sing special numbers.

"ISMS" ARE BARRED AUSTIN, May 28.—The Texas house passed today without discussion a bill barring Nazi, fascist and communist party columns from election ballots.

Baptist Teachers and Officers Meet

The bi-monthly teachers' and officers' meeting of the Sunday school of the First Baptist church will be held immediately after the prayer service this evening. All officers and teachers are expected to be present.

This is also the time for the monthly deacons' meeting, and it is important that all deacons and finance committee members be present at this meeting where a great many business items are to be considered.

A visitor is expected this evening at the deacons' meeting, and will bring a timely word. The prayer service begins at 8 o'clock. Rev. Judson Prince, Pastor.

Turkeys Save Crops--

turkeys, all doing nicely on feed and the insects flying about on that pasture land. He has the crop sold already. It is now just a question of how many he can deliver.

Turkeys and sheep do well. They do not harm each other. Sheep are naturally timid creatures and will not step on the young poultry that swarm about the sheep in early mornings or at night when the animals come in to bed down.

This is a good sheep and cattle country, "Mr. Rankin says. "Turkeys seem to fit in with either of them nicely, because turkeys need a wide range. The stock keep the grass and weeds from getting too rank and thus wetting the turks with heavy dew. The fenced pasture will allow them plenty of range and yet keep them from straying too far away from home and perhaps taking up at some distance for a roosting place, and not come home at all. The turkey is not yet far removed from the wild fowl and needs little encouragement to revert to the wild state again.
