Byrd: Strikes Must Stop!

WASHINGTON, May 30.—Senator F. Byrd of Virginia delivered the following address in the U. S. senate condemning the defense strikes and calling for firm action against them. In part, Senator Byrd said:

"Time has come to call a spade a spade. Since the very beginning of the European war, our own essential national defense industries too numerous to mention in my observation to the senate today. I want to see done to labor but it remains that new and continuing strikes are dangerously undermining our national defense preparations. No effective action has been taken nor is any recommended by the president of the United States and administration to curb this menace. Neither the efforts of senators and congressmen to enact such legislation has been as yet successful.

"I am astonished to know that, according to information furnished me by Secretary Seward of the National Defense Mediation board, you have failed to certify the West Coast Ship Yard strikes for mediation by this board. What is the cause of your delay? The character of the defense contracts on which these yards are working makes it imperative that settlement of these strikes be effected at once. Shall appreciate advice as to when you expect to certify these strikes for mediation.

"Day by day, strikes in defense industries become more serious and ominous to the security of our country. I am advised by Col. W. H. Sadler of the labor section of the War department that on May 25, 36 strikes were in existence, affecting important supplies under War department contracts. This number does not include strikes in navy yards, strikes in shipyards, in numerous contracts for the navy department, the maritime commission, and other agencies of the government engaged in defense work. Of the 36 strikes existing on May 21, only two have so far been certified by Miss Perkins to the National Mediation board.

"Colonel Sadler also reported under the head of 'most immediate danger' that 18 other strikes were threatened, some of most vital consequence.

"Of the strikes regarded by the War department as the most immediate danger includes the possibility of such serious interruptions as threatened strikes at the Bendix Aviation corporation, South Bend, Ind., manufacturer of aviation carburetors and parts for air corps.

"That the strike situation has assumed ominous proportions and has seriously retarded aid to England as well as our own defense efforts, no fair-minded person can deny.

"It is disturbing, also, to me to receive a letter from a patriotic citizen of my state who writes me that these strikes are having an undesirable reaction in the purchase of defense bonds. This letter, which I shall read to the senate, without the name of my sender, is as follows:

"It has come to my attention that the attitude of the administration toward the strikes which are affecting national defense is having a very undesirable reaction toward the unity of our American people, and I firmly believe it has retarded the purchase of defense bonds.

"It is indeed humiliating that our country should be conspiring some of our finest fellows from important positions and excellent salaries for army duty at \$1 per day, and at the same time be tolerating strikes on the part of union men who are already receiving \$1 to \$1.50 per hour. I feel that it is the duty of every citizen to express his or her views to our government representatives, and I sincerely trust you will accept my criticisms in the spirit in which they are intended. May those who are in authority move hastily to

Dan Smith Body Be Laid to Rest Here Sunday

The body of Dan J. Smith, drowned in Clear creek dam near Winslow, Ariz., several weeks ago, and found about one-half mile up stream on May 26, will arrive on the T & P passenger train at 4:15 tomorrow (Saturday) morning.

The body will lie in state at the home of his mother, Mrs. Dan J. Smith, at 409 West Fourth street, until Sunday, 3 p. m., when funeral service will be conducted at the First Baptist church by Rev. J. R. Wright, local American Legion chaplain.

The arrangements for a full military funeral will be in charge of American Legion and Veterans of Foreign Wars groups.

He was born in Cisco, September 24, 1896, and was well liked and thoroughly respected here as a boy and young man. Many warm friends mourn his untimely death.

Deceased is survived by his mother, Mrs. Dan J. Smith, Cisco, and two sisters, Mrs. W. E. Spencer, Cisco, and Mrs. Audrey Carey, El Cerrita, Calif., and a brother, Carl Smith, of Yucca, Ariz.

Exercises of Grammar School Unusually Good

The graduating exercises of the Cisco Grammar school were held last night at the high school auditorium where an audience that completely taxed the capacity to seat them, applauded the more than usual talent of the performance of the 102 pupils who are bidding farewell to the Grammar school and entering the high school next year as freshmen.

C. J. Turner, principal, thanked James Haynie for the decorations and R. I. Collier for the band music.

The auditorium was decorated with flags and bunting, as was the stage, in the center of which, just behind the seated class, was a blue coat of arms with the word, "Victory."

To the right of the audience stood Floyd Alaup, as Uncle Sam; to the left was Martha Helen Brecheen, as the "Statue of Liberty," and on each side of those characters were two boy scouts with flags.

The whole program was built around a patriotic theme, with all students dressed in white. Every number of the program was good. The introduction, by Vivian Jean Grantham, one of the honor students, was unusually good, as was the "Origin of the Flag," by Martha Helen Brecheen.

Bobbie Lee Miller was the other honor student.

The performance continued with darky and police numbers for comedy, and the diplomas were distributed from Uncle Sam and the Statue of Liberty as favors, closing with the "Prayer for Peace" by Rev. Leslie W. Seymour, pastor of the First Methodist church.

DR. W. R. WHITE, PRESIDENT OF H-SU, SPEAKER

L. A. Warren to Award Diplomas for School Board

The graduating exercises of the Cisco high school will be held at the high school auditorium tonight 8 o'clock, with Dr. W. R. White, president of Hardin-Simmons university, Abilene, as commencement speaker.

Invocation will be given by Dr. Roy A. Langston, Cisco Methodist district superintendent, and L. A. Warren, of the school board, awarding the diplomas. Highest honors go to Fern Hart as valedictorian, and to Ruby Kent as salutatorian.

Principal O. L. Stamey will award honors, while Supt. R. N. Cluck will present the class for graduation.

The whole program promises high class entertainment, and the address by Dr. White will be a strong one, since he is a nationally known speaker, and orator of ability.

This senior class, which is a strong one, leaves a 50 foot flag pole erected on the campus, and an electric clock for the hall as remembrances for those who follow after them.

The 78 who graduate at this time, and the 12 who finished at mid-term, make a total of 90 who will receive honors of graduation.

Junior College Public Support Bill Passed

The Junior college public support bill passed the house Thursday afternoon, 5:17, by a vote of 85 to 40 over the filibuster which was trying to keep the bill from the floor. Supt. R. N. Cluck said today on receipt of a wire from Representatives Burkett and Crossley, who have sponsored the bill all through the house.

The bill, which originated in the senate, sponsored by Sen. John Lee Smith, was passed by the house with very few changes, and was sent to a free conference between the two houses to adjust minor differences. If there is no upset, which is unlikely, it will go to Governor O'Daniel for his signature or veto.

Little trouble is contemplated for the bill now, and if okayed by the governor, it will be effective for the school terms 1941-42 and 1942-43, and should mean around \$10,000, yearly, for Cisco Junior college from state supporting funds.

Ranger Junior college will be likewise affected. Eastland county should be congratulated on the faithful work of her representatives, Omar Burkett and Lewis Crossley, and Sen. John Lee Smith.

Rebekah Head Guest of Oil Belt Lodges

Representatives of Cisco Goodwill Rebekah lodge went in a body to Breckenridge Thursday night where they were joined by representatives of the Ranger lodges of Odd Fellows and Rebekahs, in a joint meeting of the three oil belt towns. The occasion being the visit of the president of the Texas assembly of Rebekahs who called the meeting to facilitate contact with as many of the fraternity as possible, as it is impossible to visit all the lodges of the state.

The address of the president was of an instructive nature, following which the Breckenridge Rebekahs served refreshments to their guests.

Those attending from Cisco were Mmes. Rhoda Burkett, Ben Krauskopf, W. C. Clements, R. M. Bates, M. P. Farnsworth and Mr. Farnsworth. Mrs. Edith Rainbolt and Miss Joyce Rainbolt, Mmes. Annie De Rossett, Effie Mayhew and Miss Maxine Burkett.

15 Honor Students On Graduate Roll

Fern Hart and Ruby Kent are highest honor students for Cisco high school.

Others making the required 90 per cent or above, are: Jack Chambliss, Clyde Cleveland, Francis Comer, Gene Duncan, Bill Huffman, Winnell Jones, Kathryn Langston, Christine France, Lillian Speers, Walter Spradling, Juitta Tucker, Brenda Warwick and Allen Wood.

Dr. B. C. Boney Made Dist. Rotary Head

Friends of Dr. B. C. Boney, former pastor of the First Presbyterian church in Cisco, will be pleased to learn that Dr. Boney has just been elected district Rotary governor of the 138th district at the annual conference at Hot Springs, Ark.

This information was through the courtesy of Mrs. W. F. Watson, who brought from the Eagle Democrat of Warren, Ark.

Friends here, feel sure Dr. Boney will fill his high office in Rotary International with great honor, since he is a fluent speaker and a loyal member of this organization.

300 Seniors To Receive SMU Degrees

Approximately 300 seniors will receive degrees at the 26th annual commencement convocation of Southern Methodist university in McFarlin Memorial auditorium, Dallas, on June 3.

Dr. Earl Bowman Marlatt, dean of the school of theology of Boston university, will deliver the baccalaureate sermon Sunday, June 1, and Dr. Humphrey Lee, president of SMU, will address the graduates on June 3.

Activities for ex-students include a reunion for the class of 1931 on May 31 in Virginia hall. Dr. Mayne Longnecker, 1931 class sponsor, will speak Monday, June 2, the first reunion of the Kidd-Key ex-students who, in 1939, were taken into the SMU ex-student association, will be held on the campus. They will witness the traditional Shapewear play on the steps of Dallas hall Monday evening.

The baccalaureate service Sunday morning will be held in McFarlin Memorial auditorium and will be followed in the afternoon by an organ recital. The twilight vesper service on the steps of Dallas hall will feature an address by Frank L. McNeny, chairman of the executive committee of the university. President Lee will confer degrees at 7:30 p. m. June 3, upon students from the college of arts and sciences, the graduate school, and the schools of music, commerce, law, engineering, and theology.

Union Services to Be Planned Sunday

Pastors and lay members of the Cisco churches that are to cooperate in the Sunday evening union services in the open air are to meet at the First Methodist church Sunday afternoon at 2 o'clock to make plans for the summer. At this meeting the opening date for the lawn services will be agreed upon as well as the order in which the various ministers will preach.

A steering committee will be chosen to take care of general arrangements.

"Mister Dodge" Salute to IOOF Over KRLD, 8:30

"Mister Dodge" will broadcast a salute to the Odd Fellows and Rebekahs of Texas this evening at 8:30 o'clock. The broadcast will be made from the Odd Fellows home in Corsicana and will be heard over KRLD.

The children of the home will be on the "Mister Dodge" program and will be heard on the broadcast.

This is according to the information sent the Cisco Goodwill Rebekah lodge from Paine L. Bush, circuit supervisor of the Grand Lodge I. O. O. F. of Texas.

Cisco Ladies Golf Tournament Monday

All ladies of the city are invited to attend the city golf tournament for ladies, to begin play Monday and to continue three days.

Qualifying scores must be in by Saturday afternoon, Mrs. W. W. Milner, secretary of the league, said today.

Since this is a city league, ladies from other towns will not participate, Mrs. Milner corrected.

Congressman Winter Warns Against Excessive Taxes On Transportation

WASHINGTON, May 30.—Any increase in gasoline taxes, which now amount to nearly 50 per cent of the retail price of motor fuel, will impose a serious burden upon transportation. Congressman Thomas D. Winter of Kansas said in a statement here regarding the proposal to add another cent to the federal tax rate.

"Today for every seven families in America there is a truck at work transporting food, clothing and other commodities vital to their welfare," said Mr. Winter. "Increasingly these trucks are being utilized to speed up the national defense effort.

"Further increases in the tax rates on the motor fuel consumed in motor vehicles, which are so fundamental not only to normal livelihood, but also to our national effort to prepare for an emergency, would not best serve our national welfare," continued Mr. Winter. "A higher tax, he added, will add substantially to operating costs of motor vehicles and will tend to increase the costs of living in all parts of the country, passenger automobiles are bringing men and jobs together in defense production, continued Mr. Winter, saying that "with the initiation of the national defense effort, the worker has become more dependent upon the passenger car to get back and forth to work. At one airplane plant 9,000 workers daily arrive at their jobs in 3,000 private automobiles, many coming from localities 40 miles away.

"Increase in motor fuel tax rates unnecessarily would increase the cost of motor fuel, which is such an important factor in motor vehicle operating costs, and thereby discourage the fullest possible utilization of motor transportation. Yet the fullest utilization of motor transportation is most necessary if the job on hand is to be done, and to be done in the shortest possible time."

Bill Dill Was 82 Years Old Thursday

Mr. and Mrs. Bill Dill entertained at dinner Thursday on the occasion of Mr. Dill's 82nd birthday. The large crowd was made up of children, grandchildren, great-grandchildren and friends, and all enjoyed themselves thoroughly. Both Mr. and Mrs. Dill are in good health and a host of friends trust these yearly celebrations will continue for a long time. Those present:

Do You Remember?

(From Files of Cisco Daily News, May, 1937)

Tuesday, May 17, marks the 46th anniversary of the city of Cisco, according to old timers who have lived here ever since the city was founded. It was on May 17, 1884, that the Texas Central railroad laid an auction at this place, disposing of some 200 lots to prospective citizens, and thus laid the foundation for the present city of more than 12,000 persons.

At that time this was an open stretch of country, sparsely inhabited. It had been known that the Texas Central would cross the Texas & Pacific railroad at some point near what is now Cisco, but none outside the railroad officials knew just where the junction would be. A number of settlers, hoping to establish a town at the point of crossing, came to the section by wagon and established a camp west of the present city of Cisco, and called the tented city "Red Gap."

"Drowning" will probably be popular among the male swimmers at the Lake Cisco bathing beach. The reason a young woman has been employed as life guard and swimming instructor at the beach, beginning her services June 15. The position has been awarded Miss Estelle Galt of Brady, teacher in Brownwood high school. Miss Galt is a graduate of the College of Industrial Arts, where she took a special course in swimming and life saving. And later, here, Manager E. G. Henry of the Lake Cisco Amusement company, who employed her, says she's "pretty as a peach."

One of the prettiest affairs of the season was the reception held Saturday afternoon at the Wallace home in Humboldt, with Mrs. Warren W. Wallace and Mrs. Walter Hayden as joint hostesses, honoring Mrs. Clarence C. Clifton, a recent bride. Mrs. W. K. Egan met the guests at the door of the reception room. In this room the receiving line was formed, consisting of Mesdames Wallace, Hayden, Clifton and F. D. McMahon. In this room the Elise Bonnet trio played throughout the afternoon. Large baskets of roses were used in profusion. The dining room was especially pretty with the tall pink tapers in silver holders. A silver bowl graced the center of the table and this, too, was filled with pink roses. The table was laid with lace cloth over a green satin lining. This room was in charge of Mrs. G. M. Simpson and Miss Mayne Davis. They were assisted by the following children in serving an ice course: Dorothy Almond, Myrtle Augusta Simpson, Jourdine Armstrong and Freda Hight of Ranger. In the sun room, Mesdames Will St. John, O. E. Young, Lena Hight and Miss Junonia St. John assisted in the entertaining. Dorothy Mullins and Billy Wallace received the cards. During the afternoon about 225 guests called.

Despite Defense Boom, Youth of U. S. Still Needs Help, NYA Tells Congress

BY PETER EDSON NEA Service Staff Correspondent

WASHINGTON—After, or maybe before WPA gets taken care of for next fiscal year, the Congress will have a chance to work on National Youth Administration, and if there is anything more controversial than WPA, it is certainly NYA.

Edson

A good part of the argument will probably revolve around the real usefulness of NYA's training for industry in the defense effort and the further need of coddling the young folks in these defense boom times. If NYA can show that it is a necessary part of the defense program, the chances are that it will stick. As President Roosevelt has indicated that this training is necessary, the tipoff is that the administration will give full support to continuation of NYA and the yelling of the economy-minded will go unheeded.

NYA has been called everything, even Communist, which is easy to say but hard to prove. The real bone of contention over its effectiveness is whether its "work experience" instruction is worth the time.

THE theory behind this work experience idea is that there are thousands, yes millions of young people who never worked. Literally. All you have to do is remember back to the depression days when youngsters just out of school couldn't even give their services away, let alone get paid for them. Hence the alleged need for work experience, teaching the simple but still commendable habit of going to work.

Theoretically, this pre-determines which youngsters can work and by analyzing their aptitudes, helps place them in the right kind of job, thus reducing the time of training within industry. That this part-time training in lean years may have kept the kids from starvation or going nuts is usually kissed off too easily.

In the first three months of this year, some 70,000 NYAers got jobs in industry, 17,000 in manufacturing, 23,000 in non-manufacturing, and 30,000 just got jobs, unspecified. On May 1, there were over 400,000 boys and girls on the NYA out-of-school rolls, with another 390,000 certified as eligible for NYA, but for whom there was no money and no jobs. There were also close to 900,000 students in 30,000 schools getting NYA help, \$3 to \$6 a month in high school, \$10 to \$30 in college.

To be eligible for an NYA job, a youngster must be from 16 to 24 and it must be proved he needs work. He can be in secondary school or college and need the money to finish his education or he can be out of school and just need the money. It is all part-time work. Average wage runs about \$15 a 40-hour month.

Every NYA project must, by law, be socially useful. That is, they can't just whistle or pound nails in telephone poles. They must be making furniture that can be set on, or vocational school buildings with roofs that will keep out rain. On the white collar projects, special help, library research, public health work, helping handle social lunches, and so on. Girl workers make or repair clothing, or can food, or something like that.

As to what it would take to solve the youth problem, NYA Director Aubrey Williams is on record that \$600 a year per youngster, giving 120 hours employment a month, and applied to 1,500,000 youngsters every six months, would do the trick nicely. That would cost only \$960 million and it would take care of the young folks on WPA and CCC, too.

O'Flaherty, Louise Smith and Catherine Cunningham motored to De Leon Sunday and enjoyed a delicious chicken dinner at the home of Mr. and Mrs. S. S. Smith.

The Class Mother's club met in their last regular meeting of the year at the recreation hall in Humboldt Thursday afternoon at 3 o'clock. Mrs. P. R. Warwick had charge of a very interesting program, followed by a short business session.

Miss Beulah Olson, daughter of Mr. and Mrs. A. J. Olson, is honor graduate of Cisco high school and as such will be valedictorian for the class of 1937. It was announced Monday by Principal H. V. Nicks, following tabulation of grades. Her average was 94.95, while Miss Edith Tombs was only a fraction behind with an average of 94.42, and as such will be salutatorian. Eugene Shockley, with 93.95, had the highest average for the boys of the class, and was third in standing. Members of the class heard the commencement sermon delivered at the high school Sunday morning by Rev. B. C. Boney, pastor of the First Presbyterian church. The large audience was filled beyond capacity.

Mr. and Mrs. C. H. Fee and Mr. and Mrs. Robert Fee of Colorado City returned Sunday from attending the Lions club meeting in McAllen. They also visited in other places in the Rio Grande valley while away.

The Baptist WMS will have charge of the prayer meeting service at the First Baptist church tonight at 8 o'clock. The program follows: S. E. Hittson, denominational; Mrs. Ann Skiles, "God's Kingdom in America"; song "Somebody"; Mrs. C. H. Fleming; "The Genesis of Christ's Church"; Frank Walker.

General Chairman Walter L. Hayden announced Monday that preparations are now under way for holding the seventh annual "Humble day" for employees of the Humble company in this section of the state. May 28 has been set aside as "Humble day" here, and employees would be here for the event. In addition to the local members, it is expected that a number of high officials of the company will be present. The employees will come from a radius of 50 to 60 miles of Cisco from Stephens, Throckmorton, Shackelford, Comanche, Callahan, Brown, Eastland, Coleman, Jones and Taylor counties.

A two-gun bandit, who flourished a pistol in each hand, wore a mask, and ordered the night clerk to open up the cash drawer and hand him the contents, held up the office of the Daniels hotel at 230 o'clock Friday morning, and escaped. Due to the fact that the bandit depended on the clerk to hand him the money while he held a gun on both the clerk and the negro porter, he obtained only

Mesdames T. J. Dean, S. E. Hittson, G. B. Kelly, W. J. Murray, R. Pontecot, P. R. Warwick, D. C. Suddler, W. P. Lee and R. H. Reese.

Dr. T. T. Roberts, president of Randolph college, is preparing to leave Thursday or Friday of this week for the Rotary International convention to be held in Ostend, Belgium, early in June. He will go as an alternate from the Cisco Rotary club and as official delegate from the Eastland and Ranger clubs. Rev. B. C. Boney, delegate from Cisco, left Monday for New York and other points before sailing on the European trip.

Mrs. Nick Miller is visiting her parents, Mr. and Mrs. R. J. Brown, at Gatesville.

L. C. Moore, of the Moore-Shepard Drug Co., left today for Dublin, where he will join a crowd and go on to the Nueces river on a fishing trip.

C. H. Fleming, Frank Huey and J. O. Sue left today for Houston to attend the Elks convention, which meets in that city this week.

Mrs. Edgar Harris is spending a few days with her daughter, Mrs. W. A. Pence and family.

Mr. and Mrs. Marshall Thomas and son, Rex, and grandmother Thomas, spent a while in the Edgar Harris home Saturday night. Mr. and Mrs. G. R. Pence spent a while Tuesday night in the W. A. Pence home.

Mrs. G. P. Mitcham, Jr., spent a short while with Mrs. W. A. Pence Tuesday morning.

Edgar Harris and daughter, Maxine, spent a while with Mrs. W. A. Pence and Mrs. Edgar Harris Wednesday morning.

NYA Flying Course For Eligible Men

The National Youth Administration is making arrangements for eligible young men to live at the NYA Ranger Resident Center and take C. A. A. flying course this summer. Those young men accepted will have an opportunity to complete 35 hours of flying and obtain their private flying license. The course starts between June 15th and July 1st.

The young men will live at the Ranger Resident Center where they will work on the project four hours a day. They will fly during the afternoons and attend ground school at night.

Eligible men must meet the following regulations: 19 to 24 years of age, 24 hours college credits, be able to pass a thorough physical examination, and a high school graduate.

Applications may be made at the NYA office, room 203, Eastland National Bank building, Eastland, Texas, at any time, according to John W. Webb, county councillor.

STORIES IN STAMPS

Capital of Inca Empire Was Located in Ecuador

QUITO, capital of the republic of Ecuador, pictured on the map stamp above, has been one of the most important cities of South America for centuries. Before the Spanish conquest, Quito was the capital of the vast Inca empire. Under Spanish dominion, it became a cultural and art center of the New World.

The equator, from which Ecuador derives its name, crosses the republic near the capital, but the altitude of the city makes its climate temperate. Most of the cultivated area of the country lies in a high plateau between two ranges of the Andes.

Construction of the railroad between Quito and Guayaquil, the principal seaport, was one of the world's greatest feats of engineering. At one point, trains ascend 2500 feet in five minutes, along a zig-zag road cut in the mountainside.

Ecuador lies between Colombia, of which it was once a part, and Peru. Eastern boundaries are still in dispute. The country is rich in undeveloped mineral resources. Agricultural products include cereals, fruits, cocoa and coffee.

Criminal Cases Continued That Jury May Farm

EASTLAND, May 30.—The case of the State of Texas vs. T. J. Barron, charged with theft, was called by Judge B. W. Patterson of the 88th district court Tuesday morning. The case was continued and rest for June 16, however, when it was found that the prosecuting witness for the state was absent.

In discharging the jury and witnesses in the case, Judge Patterson stated that it was possible that he could send the sheriff after the missing witness and bring him in, but that he was sure that men on the jury needed to be at home and at their work, and for this reason he was discharging the jury and resetting the case.

CALLAHAN SINGING

CROSS PLAINS, May 30.—The Callahan county monthly singing convention will meet at Cross Plains on Sunday, June 1. Everyone is invited to attend. There will be a number of good singers from surrounding counties present.

From a stock of 6 males and 47 females placed on an area in Goliad county, has come a crop of 250 birds, an increase of nearly 400 per cent. An original stock of 5 males and 46 females released on the Lorraine turkey restoration project in Jackson county produced more than 150 birds, a count of eight months later disclosed. All the areas are new projects of the Texas game department, and are now little more than a year old. Birds to be used for restocking areas are trapped by department employees and transported all over the state to see-

Outboard Racing at Brownwood Sunday

BROWNWOOD, May 30.—Some of the swiftest outboard racing boats in the nation will be seen in races on Lake Brownwood Sunday, June 1, under sponsorship of the Lake Brownwood Regatta association, according to Henry Wilson, Jr., president. They will compete for prizes aggregating \$500 cash, plus special awards, in six big events.

The races will start at 2 p. m. near the Lake Brownwood dam, and will continue for four hours. Events include hydroplane races for class A, B and C hydroplanes; stock boat race, free-for-all class C runabouts, and surfboard relay.

Entries are expected from all over the United States, and blanks have been mailed out to all southwestern racers. The annual regatta, eclipsing anything held on Lake Brownwood to date, will be conducted with sanction of the National Outboard association and the Texas Racing circuit. Judges, from Austin, Waco and San Antonio, have been approved by NOA. They include Jack Reed, Austin, commodore of the Texas Racing circuit; Mrs. Marjorie Snyder, San Antonio, secretary-treasurer of the Texas Racing circuit; and America's ninth ranking woman outboard racer when she retired, will assist in staging the races.

Preceding the regatta on Saturday night, May 31, will be a big regatta dance at Lake Brownwood state park.

Brownwood Considers New Water Plant

The Brownwood city council, at a special meeting Tuesday afternoon, discussed a proposed agreement with the Brown County Water Improvement District No. One.

The agreement, relating to Camp Bowie water revenues, is being sought by the water board in connection with the proposed issuance of \$100,000 in water revenue bonds to finance a duplication of the Round Mountain filtration and pumping plant to double the potential output for Camp Bowie and Brownwood.

The city council took no action and reached no vote on the proposal, it was stated today.

The legislature has re-enacted a measure to permit issuance of the revenue bonds by the water district.

Four Men Arrested in Dynamite Theft

Maybe this soldier at Fort Benning, Ga., can't read, maybe he doesn't believe in signs, or maybe he took literally command of his top sergeant, "at ease."

Texas rangers and sheriff's deputies, striking in two counties, Wednesday arrested four men in connection with the theft of a large quantity of dynamite from a Camp Bowie contractor.

Six hundred pounds of dynamite and 1,000 explosive caps were recovered at Burnet, where they had been offered for sale.

Officers said A. F. (Dutch) Garms, A. J. Redmon and Herschel Prince, all of Bangs, Texas, had been charged at Burnet with possession of stolen property. A charge of theft was filed at Brownwood against Harry Thompson, 20, also of Bangs.

The dynamite was stolen from a tool box of the Uvalde Construction company. The theft was discovered after Sheriff Wallace Riddell, Burnet, learned that an unusual quantity of explosives was being offered for sale there.

Steele Hill Back at Sheriff Office

EASTLAND, May 30.—Steele Hill of Abilene is again with the sheriff's department as office deputy sheriff under Sheriff Los Woods. Hill, who is a native of Eastland, has had 12 or more years of experience as a peace officer, having served for better than seven years under Virge Foster in Eastland county. He also served in a like capacity for a long time at Odessa.

W. E. (Tug) Underwood, who has been the office deputy under Sheriff Wood, stated that he was not sure just what he was going to do and that for the present at least he would continue as a member of the sheriff's force.

Howard Jones Brings Bride Back to Cisco

Howard Jones, enterprising Star-Telegram agent in Cisco, was married in Weatherford Sunday night to Miss Raba Wood of that city.

The Weatherford Daily Herald has this to say about the young couple: 'Howard Jones and Miss Raba Wood, both of this city, were united in marriage Sunday night at 9:45 o'clock at the Central Christian church, with the pastor, Rev. Paul Campbell officiating.'

The bride is the daughter of Mr. and Mrs. M. M. Wood, 506 West Josephine street. She was graduated from Weatherford high school in the class of 1938. She is also a graduate of Isbell's School of Beauty, Fort Worth. She has been employed with Long's Beauty shop here for several months, and prior to that was secretary to County Atty. Jack Borden for a year.

The bridegroom is the son of Mr. and Mrs. Sam Jones, and was graduated from Weatherford high school in 1931. He was employed with C. B. Jones until the latter's death, and afterwards with the D. Rockwell Trucking company. Since March, 1940, he has lived in Cisco, where he is agent for the Star-Telegram.

Immediately following the wedding, Mr. and Mrs. Jones left for Cisco, where they will make their home.

Strikes Must-- (From Page ONE)

correct these un-American conditions." Again, Mr. President, I want to renew my suggestion that the resignation of Miss Perkins, as secretary of labor, be requested by the president of the United States.

I am convinced that an overwhelming proportion of our citizens believe that the best interests of our national defense would be promoted by her resignation. Numerous patriotic organizations, headed by the American Legion, have adopted resolutions urging that she resign. Nearly without exception, the newspaper comment throughout the country has been that her resignation would remove a serious obstacle that now exists in the defense program.

Her failure for more than two weeks to certify the serious strikes in the West Coast evidences her inefficiency and ineptness in the position she holds.

The coal strike was bungled by Miss Perkins, after 23 days of effort, before certification was made to the mediation board, and this unwarranted delay was due, it was said, to the desire of Miss Perkins not to offend the powerful John L. Lewis.

It is imminent again, as John L. Lewis, with his characteristic arrogance, has just announced that he would refuse to arbitrate any further coal disputes.

If our nation is to be united in this crisis in our history, we must first be united at home, and united to control by whatever strong measures as may be necessary those who would wilfully obstruct our program of preparedness to preserve our security.
