

...ause YOU have a nice, soft job doesn't mean that you should lie down on it!

...A home city, a delightful place which to live; oil fields, rich agricultural lands, cattle, sheep, goats, hogs, turkeys, egg producing hens, feed crops, grain, truck farming and fruits.

THE CISCO DAILY PRESS

Combined With Cisco Daily News and Cisco American and Round-Up, November 1, 1937

In an area of benevolent climate, blessed with an abundance of the purest lake water, possessing the best in recreational facilities, situated on the Bankhead, all-weather route, with three railroads and many highways, Cisco is the best place in Texas to live and to work.

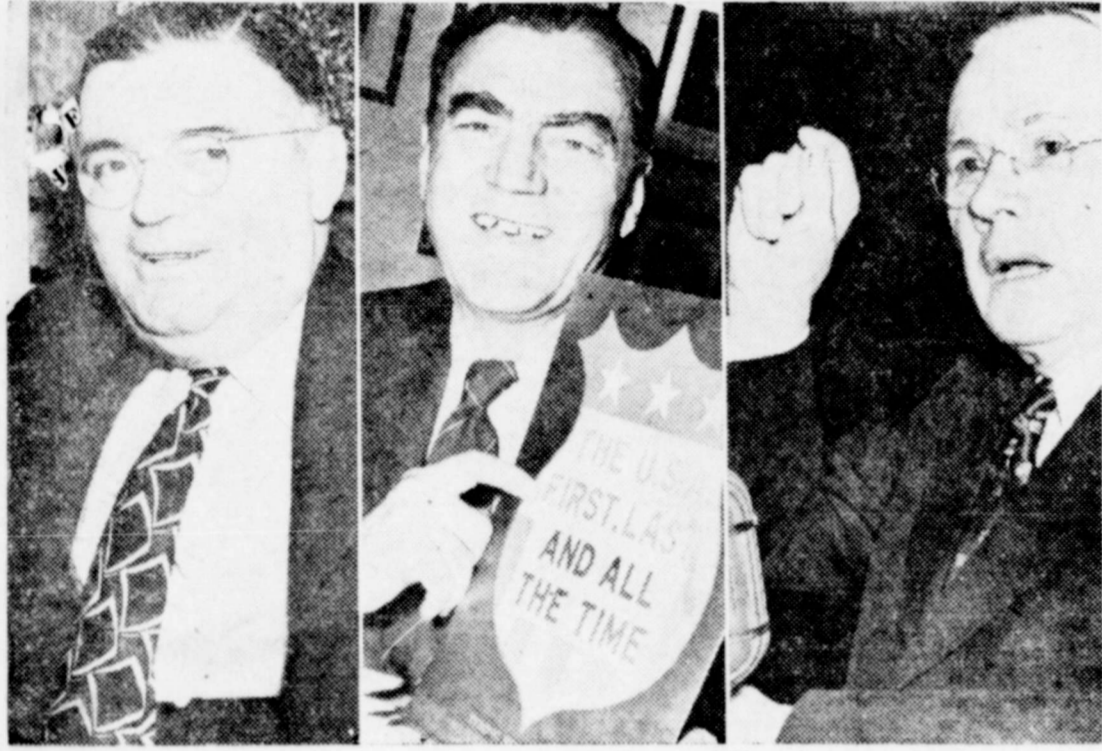

VOLUME XXI

CISCO, TEXAS, SUNDAY, JUNE 1, 1941

NUMBER 250

CONG. DIES SPEAKER FOR COMMENCEMENT

Faces In the Nation's News Headlines

George E. Brown, left, president of the International Alliance of Theatrical Stage Employees, enters federal court in Chicago to post bond on New York federal indictment charging extortion of \$550,000 from four movie producers. In center, Rep. Hamilton Fish (R-N.Y.) who holds Specialists' Reserve Colneley, will report to Ft. Bragg, N. C., for one month's training "with his consent." At right, AFL president, William Green, tells special senate committee investigating national defense, that the strike of 1,700 machinists in San Francisco Bay area is a violation of the "pledged word" of the International Association of Machinists.

GRADUATES OF CISCO HIGH GET DIPLOMAS

"You are not going out into the world from your graduation, finding the path rosy and easy," said Dr. W. R. White, president of Hardin-Simmons university, Abilene, Friday night, in speaking to the senior class at the Cisco high school. "But you are going to find the greatest problems ever to confront men and women of any democracy," he continued.

Dr. White's address was short, but filled with wisdom, every word fraught with meaning easily discerned by class and audience that taxed the capacity of the large auditorium.

The long line of graduates forming the procession, marched down the aisle to the strains of the march from Mendelssohn, played by Miss Elizabeth Daniel, invocation was by Dr. Roy A. Langston.

The first number of the seniors' program was a trio by Kathryn Langston, Marilyn Shertzer and Lillian Spears.

The salutatory, by Ruby Kent, followed; solo by LaRue Ely Lloyd, graduate of 1936, accompanied by Hjalmar Bergh; valedictory, by Fern Hart, highest honor graduate, and the commencement address, by Dr. White.

Principal O. E. Stamey presented the awards of honor; Mr. Cluck presented the class in a well chosen talk, the tenor of which was that he was glad Dr. White had not painted the usual rosy path to the seniors.

He said it was coincident that he began supervising the schools of Cisco the same time, 11 years ago, that these graduates began their work. Mr. Cluck then announced the graduates to President L. A. Warren of the school board, who awarded the diplomas, in an unusually pleasing manner.

Western Supply Moves Into Own Modern Building

Shobal Houston, of the Western Supply company, has recently purchased and remodeled a building at 216 West Broadway, to which he has moved his business, that includes many items and services needed by the motor-using public.

Mr. Houston gave as the primary cause of this expansion the fact that he needed more room for his rapidly-growing business, which includes rebuilding generators and starters, rewinding armatures and valve services.

He now has the only brake drum lathe in the county, he said. He has installed re-boring bars for cylinders and a new summer pin grinder. This place now carries a complete line of automotive replacement parts, tires, batteries and springs.

In his half-page advertisement, found on another page of this issue, Mr. Houston thanks all his friends and patrons for their part in enabling him to move into such a roomy, commodious building, that allows for a better service to his patrons.

Rev. Lance Webb Baccalaureate Speaker Tonight

Rev. Lance Webb, pastor of the First Methodist church of Eastland, will preach the baccalaureate sermon for Cisco Junior college graduates Sunday evening, 8 o'clock, at the First Baptist church.

Reverend Webb is an eloquent speaker and an orator of ability. He will bring a message worth while to college graduates and to those others who attend the service.

Working With One Hand

23 STUDENTS TO GRADUATE FROM COLLEGE

Exercises Held in Open Air at Chesley Field, Monday Night

Martin Dies, the crusading congressman from Orange, Texas, whose investigation of un-American activities has made him a national figure, will be the speaker for the commencement exercises of Cisco Junior college on Monday evening, June 2, at 8 o'clock, President R. N. Cluck announced.

Congressman Dies is recognized as one of the most forceful and able speakers that Texas has sent to Washington. For the past several years he has headed the congressional probe of subversive influences in the United States, and has based startling evidence of the anti-American plots of pro-Nazi, pro-communist and other foreign elements in this country.

His subject for the commencement address in all likelihood will deal with Americanism. Unquestionably he is in a better position to speak with authority on that subject and the influence and elements which threaten it than any other man in America today, said President Cluck. He comes to Cisco fresh from that battlefield which runs up and down the broad domain of this democratic country, and his knowledge of the hidden forces which are engaged in that struggle is acute and first-hand. What he will say about it remains to be seen, but it is certain that whatever he will say will be interesting and out of the moment.

The Cisco Junior college will graduate its first class Monday evening. The class will number 23 students, certainly a record for a first year school. The entire student body numbers 120 in actual attendance. Enrollment for the year reached 140.

The college has been fully accredited and is recognized by all Texas institutions of higher learning as a junior college of the first rank.

The commencement exercises will be held at the Chesley football stadium, which will be well lighted, and the exercises will be held over a good public address system. A platform will be erected before one of the stands.

Lockheed Aircraft Without Strikes

Eugene Lankford, Jr., with the Lockheed Aircraft Co. at Burbank, Calif., who has been visiting his parents, Judge and Mrs. Eugene Lankford, left Friday for Austin, where he will visit his brother, Livius Lankford, a senior at the University of Texas.

From Austin, he will proceed to Galveston for a visit with his elder brother, Charles Ely Lankford, attached to the university's medical school at Galveston. On his return he will conclude his visit to his parents before returning to his duties with the aircraft company at Burbank.

Lankford, who is a graduate of the Cisco schools, stated that his company is speeding up the production of war planes, which are "rolling off the works like automobiles."

"Our company has had no strike troubles with its workmen," Lankford said. "Other manufacturers on the west coast have not been so fortunate, however, as the Consolidated and other factories have been slowed down by strikes and labor troubles."

CISCO GETS MORE BUSES

Additional bus service through Cisco was begun Saturday when arrangements were made to route the Waco to Abilene bus service known as Waco-Abilene coaches, with Gus Fowler, Abilene, and Johnny Aaron, Waco, co-owners. The route will be by way of Gatesville, Hamilton, Comanche, Rising Star, Cisco and Baird.

About Our Friends

By STEP A. LONG

Back in 1919, Jack Anderson had a car wreck in which he got some glass in the upper bridge of his nose. He thought it was all out, and the scar healed and seemed to be perfectly well. Now, a short time ago, his glasses seemed to hurt his nose and investigation found other minute pieces of glass that those foreign substances would remain there 21 years and then begin to give trouble at this late day.

Supt. R. N. Cluck was telling a group of friends Saturday morning about his swallowing a big bug while presenting the seniors at the graduating class. Friday night, when P. R. Warwick, that prince of reparte, asked: "Why don't you chew a few moth balls?"

Lil, curly-haired Robert Edgar McQuaren and his mother, Mrs. W. McQuaren, going along the street. Luther Ponsler back from A & M college, a year makes a lot of changes in young men and women.

Which reminds us of the theme of Dr. White's talk to the seniors Friday night. Grave questions and responsibilities must be shouldered by the young men and women who are coming out of schools and colleges this year.

If dictators should overrun the country, it will take all the brains and training these young people have acquired to solve the problems that will confront them. If democracies are to win, and they must, it will be a long, long struggle, and then when the victory is won, manifold problems will confront them in the effort to restore the world to a real and peaceful condition, for men and women may live and work at the jobs allotted to them by a democratically organized community government.

Miss Dollie Wilson of Fort Worth attended the Cisco high school graduation of her nephew, Gerald Jensen.

Weather

EAST TEXAS: Partly cloudy Sunday; gentle to moderate southeasterly winds on the coast.
WEST TEXAS: Partly cloudy, with scattered showers and thunder showers; little change in temperature Sunday.

ICKES MADE 'DICTATOR' OF OIL INDUSTRY

Following up his proclamation of unlimited national emergency, President Roosevelt named secretary of Interior Harold Ickes virtual dictator of the \$10,000,000,000 American oil industry.

Designating Ickes as petroleum co-ordinator for national defense, Mr. Roosevelt ordered him to formulate a program to insure "that the supply of petroleum and its products will be accommodated to the needs of the nation and the national defense program."

The move followed Mr. Roosevelt's warning in a letter to Speaker Sam Rayburn that oil rationing in the East is a "distinct possibility" in the next few months and Ickes' own prediction that gasoline shortages in Eastern states may suddenly become an actuality.

Ickes already is federal oil administrator, having administered the Connally Act, which prohibits the transport in interstate commerce of oil produced in excess of quotas set under state laws, since it was enacted in 1935. As head of the Interior department, he is the head of the department's Petroleum Conservation Division and Bureau of Mines.

Mr. Roosevelt recognized four (Turn to Page THREE)

Cisco Spanish Classes Make Short Pilgrimage To Old Mexico Cities

Members of the Spanish classes of both high school and Cisco Junior college, together with Miss Ella Andres, teacher, and sponsors, Miss Elizabeth Daniel and C. C. Duff, of the faculty, making a total of 30, including the driver, begin a pilgrimage to points in Old Mexico Tuesday morning at 6 o'clock, returning home Saturday, June 7.

The trip will be made in a school bus, with gasoline and oil furnished by the Gulf Oil corporation, through the courtesy of M. L. Kessler, local agent.

The first night is to be spent in San Antonio, where many sights will be seen of old Spanish missions and accomplishments by the early Spanish settlers.

The second night is to be spent in Monterrey, Mexico, which will be headquarters for many side

Boy Scouts to Spend Vacation At Lake Cisco

From 300 to 600 boy scouts from the Chisholm Trail, embracing six counties adjacent to Abilene as headquarters, will arrive in Cisco today to spend three weeks' vacation and scout activities at Lake Cisco, under the leadership of Scoutmaster Haugness and Assistant Scoutmaster Postma.

The group have arranged to use the Presbyterian encampment grounds and the dining room during the time. The group wanted to make the event for six weeks, with about 100 scouts arriving each week, but the Presbyterians will want the grounds for their own activities by June 23, and could not lease them for a longer time, according to Dr. Gary L. Smith, pastor of the First Presbyterian church of Cisco.

The encampment for the Chisholm Trail scouts was scheduled to begin Friday at Buffalo Gap, but an examination of the waters showed that lake to be contaminated, and they had to seek elsewhere for a suitable place for the scout camp.

Dr. Gary Smith said there were supposed to be 600 boys in the group for the Buffalo Gap camp, but owing to the change of place, it might be possible some boys would not come. Dr. Smith also said it might be possible the boys would return later for an extension of the time for the scout encampment.

Fire Department Sponsors Dance To Raise Funds

The Cisco volunteer fire department announce they will give a benefit dance at the Lake Cisco pavilion Saturday night, June 7, at \$1.00 per couple.

The "Ramblers," an orchestra composed of musicians from Cisco, Eastland and Ranger, will play. The fire department has planned a program to carry on. They must send a few members to the fire fighters training school at A & M college, and there are other projects that require funds in order to carry on.

The public has always cooperated with this organization and fire department officials are sure they will continue to have this loyal cooperation. They are urging that every loyal citizen cooperate in this effort to raise these funds. If you do not dance, then buy a ticket for patriotic reasons, they urge.

Dinner For Dies Monday On Laguna Roof

A 6 o'clock dinner is to be given Congressman Martin L. Dies, of Orange, Monday on the Laguna roof, preceding his address to Cisco Junior college graduates at 8 o'clock at Chesley football field, where a stage has been erected for the event.

Every citizen of Cisco is invited to attend this dinner, for which 75 cents per plate will be charged. The local chamber of commerce is acting as a vehicle for sale of tickets.

John Q. Clark came down Friday evening from Albany. Saturday he was joined here by Mr. and Mrs. Evans Hamor and their two sons for a fishing outing at Buchanan Lake. Mrs. Hamor is a daughter of Mr. Clark.

Commencement Speaker

CONG. MARTIN DIES
Cong. Martin Dies who speaks at Chesley Field Monday evening 8 o'clock at the Cisco Junior college graduation exercises.

Dan J. Smith's Funeral Rites Held Here Today

A military funeral will be accorded the body of Dan J. Smith, recently recovered from Clear Creek dam, Winslow, Ariz., where he was drowned several weeks ago. The body arrived in Cisco Saturday morning and has laid in state at the home of his mother, Mrs. Dan J. Smith.

The military service will be held at the First Baptist church this afternoon at 3 o'clock, with Chaplain J. R. Wright as speaker for the American Legion and Veterans of Foreign Wars, who are to be in charge. Interment will be in Oakwood cemetery. Green Funeral home is in charge of the body.

Deceased is survived by his mother, Mrs. Dan J. Smith, Cisco, and two sisters, Mrs. W. E. Spencer, Cisco, and Mrs. Audrey Carey, El Carrita, Calif., and a brother, Carl Smith, of Yucca, Ariz.

Sutton Crofts was a business visitor in Waco Saturday.

Nursery School Worth While Project, Says Charles Kleiner, Who Heads It

Charles J. Kleiner, chairman of the advisory board of the Cisco Nursery school, announces the regular monthly meeting of the board at the chamber of commerce at 10 o'clock Thursday morning.

"This is the regular monthly meeting," Chairman Kleiner stated, "and the regular routine business of the school will be discussed."

"Unlike the several public schools of Cisco, which are open only nine months in the year, the nursery school is in continuous session all of the 12 months of the year to all children between the ages of two and five years, and those interested in the children of Cisco are invited to attend the meeting Thursday that they may

understand how the school is managed.

"The management extends a cordial invitation to everyone to attend this meeting, then visit the school and see what progress is being made, and how the children are disciplined, that the public generally may understand what is being done to prepare the children to enter the public schools. There is no mystery about the school, but the progress we are making with the little ones appears almost miraculous," Mr. Kleiner said.

In South Ward Building
The school is located in the old South ward school building,

BEGINNING AT HOME

No form of government is stronger than the honesty and ability with which it is run. People who are addicted to systems are always holding out the hope that once "the system" is changed and another system adopted, everything is going to be just dandy.

It is an illusion. Democracy is the best system in the world, but it cannot stand unless it is administered with vigor, ability and honesty, any more than any system.

Honesty like charity begins at home. Honest local administration lies at the very heart of democracy. It is with the local administration that the citizen comes most often in contact. If he is content and imposed upon by his own municipal or county government, his impression of democracy is bad to begin with. He cannot give to the national or international aspect of democracy the respect it deserves.

The beauty of democracy is that thieves and corruptors of officials can be thrown out. There are certain "all-out" radicals who sneer at a mere throwing out of rascals, but it is a precious privilege none the less.

Detroit has just given a demonstration. During the past year it has staged a sensational campaign in its municipal affairs—and done the job itself, without external help. A handful of honest judges and grand jurors saw all of the former prosecuting attorneys, sheriffs, even a mayor, were found guilty of dishonesty, and jailed or fined. City controllers have accepted his letters for voting for concrete rather than steel construction on city jobs. They are on their way to jail.

Result: confidence in the ability of the city to run its own affairs has become so great that Detroit just successfully floated the largest bond issue in its history, \$25,000,000.

Don't say that this has nothing to do with democracy in those larger aspects in which the word is being bandied about these days. Every city, every county, that eliminates dishonest officials and gives them their due is serving democracy.

Every democratic organization of every kind, be it a labor union, a bar association, or a trade association, which can unmask their dirty, dishonest, incompetent in its midst is also doing its bit for democracy.

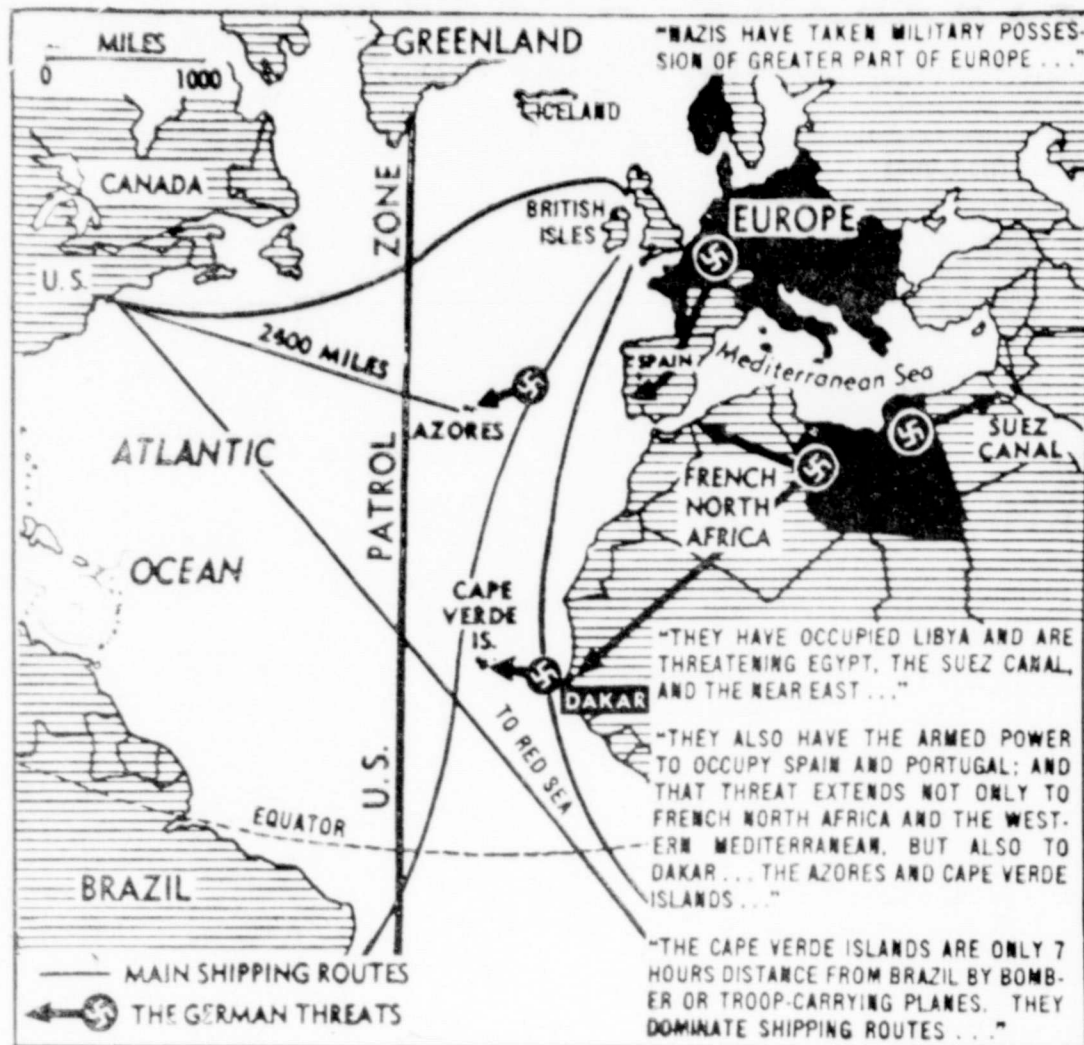

By clock time, the earth completes a turn on its axis in four minutes less than a day.

Every bespeckled man needs a dog to criticize.

Geographical Highlights Of President's Speech

This map clearly illustrates portions of the text of President Roosevelt's speech in which he enumerated Nazi moves that could develop into direct threats to the safety of the Western Hemisphere.

Do You Remember?

(From Files of the Cisco Daily News, July, 1927.)

With today's issue, the Cisco Round Up, now merged with the Thursday American, celebrates its 40th birthday and begins its 40th consecutive year of publication. Established way back in 1882, the Round Up has served its community without a break, almost ever since the town of Cisco was established. Founded by Frank Vernon, an enterprising young publisher, who had previously operated a newspaper at Sipe Springs, the Round Up was popular from the first. Mr. Vernon was killed by the cyclone that struck Cisco some 30 years ago, and management of the paper passed to G. Fisk, now of Abilene. In 1919, when the Cisco Printing and Publishing company was established for the purpose of printing a daily paper, the Round Up was merged with the Cisco Daily News. It later became a part of the Sunday issue. When the Cisco Daily News and the weekly American were consolidated, the Round Up was merged with the American, and its publication date set up to Thursday, as it now continues. The American and Round Up is now delivered to all daily subscribers, as well as weekly readers.

Weddings are out announcing the wedding of Miss Frances King and Paul McCarty, which will take place July 12 at the Oak Cliff Methodist church, Dallas. Miss King is the daughter of Mrs. Dell King, a former Ciscoan. Mr. McCarty is the son of Mr. and Mrs. J. T. McCarty, also formerly of Cisco, but now of Abilene. The young people will make their home in Abilene.

Cisco Saturday obtained the annual encampment of the Christian denomination when directors of the chamber of commerce met and approved plans for carrying out Cisco's part in arranging for the encampment. This year's gathering will take place from August 20 to September 3, and those in charge say preparations will be made for caring for a crowd of 2,000 persons. Not all of these will spend the entire two weeks here, but many of them will spend several days at a time.

"A funny thing has happened in regard to building of the Cisco and Northeastern railroad to Throckmorton," declared R. Q. Lee. "About 30 years ago a railroad was projected from Fort Worth to Throckmorton, and hoping to profit by this fact, I went in with some others and bought a block of property in Throckmorton. The railroad was never built, and I have paid taxes on the property all these years. Now, since engineers have made their surveys for the C. & N. E. extension, and without my knowledge, the right of way of the extension passes right through that block of land, and part of it will be used as the depot site. I told the folks at Throckmorton that I wouldn't ask them to do anything I wouldn't do myself, and so I'm going to have to give all or most of that block to the railroad I projected."

Committees to be in charge of various departments of the Cisco Flower show, to be given here in the fall, have been named by the

City Federation of Women's Clubs, as follows: General Committee—Mesdames W. W. Wallace, G. M. Simpson, L. A. Warren and O. E. Young. Flower Committee—Mesdames Frank Blankenbecker, Leonard Semon, J. V. Heyser and Bill Hittson. Prize Committee—Mesdames C. H. Fleming and Bob Key.

Entertainment Committee—Mesdames G. M. Stephenson, Homer Slicker and S. D. Parks. Baby Show Committee—Mesdames Lory Boyd, A. D. Anderson, H. G. Bailey, Homer McDonald and Everett Davis.

Home Canning Committee—Mesdames C. H. Van Eman, E. R. Armstrong, Roy Morrison and E. E. Langford. Food Display Committee—Mesdames H. H. Davis, O. W. Shepherd, George Swartz and Ted Mullins.

Fancy Work Committee—Mesdames P. R. Warwick, E. J. Poe and F. M. Kyle. Art Committee—Mesdames John Sloan, Acker Miller, Harry Price and Clarence Tate.

Antiques Committee—Mesdames J. E. Spencer, Crigger Paschall, C. O. Pass and Bob Herron.

Mrs. L. A. Harrison was hostess to the Thursday 52 club Thursday afternoon at her home, West Fifth street. The house was decorated with cut flowers. There were four tables set for 42. At the conclusion of several games, the hostess served a two-course luncheon to the following guests and members: Mmes. J. J. Butts, R. Q. Lee, J. B. Cate, Baugh, W. J. Murray, Meucham, John Shterzer, Connie Davis, G. B. Kelly, J. T. Anderson, Ben McClinton, Edgar Butts, T. J. Dean, Miss McAllister of Olden, and Mrs. Bob Murray of Eastland.

The necessity of regular annual vacations for the man active in business was stressed at the weekly luncheon of the Rotary club Thursday noon in an address by Leon Maner. Mr. Maner emphasized the value of a brief rest of body and mind at least once a year in increasing one's efficiency. "You might say you can't afford a vacation," Mr. Maner said. "But I say you can't afford to miss one."

The following card has been received from Mr. and Mrs. K. N. Greer from Los Angeles, Calif., where they are spending their vacation: "We are having some time out here. The fish sure do bite and we are getting our share." Mr. Greer is manager of the Palace and Ideal theatres here.

A. L. Stalling, until recently manager of the Gulf Refining company agency in Cisco, has been transferred to Breckenridge as manager there. He has been succeeded by J. B. Pratt, who was his assistant while he was here. Mrs. Stallings and children, Edgar and Jack, will leave within a few days to join Mr. Stallings in Breckenridge.

A series of jokes told by P. C. Sanders of Strawn kept the Cisco Lions' club in an uproar of laughter for 20 minutes Wednesday noon at their weekly luncheon. Other features of the program included two solos by Mrs. Ben McClintock and a violin solo by Harry Schaefer, accompanied at the piano by Mrs. S. E. Hittson. An unusually large attendance was present and among the guests was

J. J. Youngblood, new superintendent of the Cisco public schools, who has moved here to take up his duties.

Mrs. Asa Skiles received word Tuesday from her husband that his father, L. W. Skiles, is improving nicely following an accident at Memphis, Tenn., early last Friday morning. The elder Mr. Skiles was on his way home from Trenton, Tenn., and was changing trains at Memphis when the accident occurred. He was picked up near the railroad tracks, suffering from a fractured skull, apparently suffered in a fall.

Dr. F. E. Clark brought to the Daily News office Tuesday a cluster of California seedless grapes grown at his home here. The cluster weighed more than one pound, and the doctor said he had gathered about 20 pounds from the one vine this year. The vine is only two years old, but Dr. Clark said it showed just how Cisco soil and climate can produce grapes rivaling those of the noted grape-producing sections of California.

J. W. Triplett, A. A. Hutton and J. L. Cearley have returned from a business trip to Fort Worth.

Malcom St. John of Abilene is spending a few days in Cisco as the guest of Arthur Johnson.

Mrs. F. C. LeVeaux returned Monday from El Paso, where she was called recently on account of the serious illness of her sister. Mrs. LeVeaux left this morning for Graham, where she will visit her daughter, Mrs. F. F. Parrish.

Mr. and Mrs. J. V. Heyser and children spent Sunday on the ranch with Mr. Heyser's mother, Mrs. J. A. Heyser.

Mrs. Henry Benham, West Fifth street, had as her guests for din-

ner Sunday, Mr. and Mrs. Jack Bowman, Mrs. Powell of Moran and Claud Flores.

Misses Louise Smith, Emma Miller, Catherine Cunningham and Mary Elizabeth O'Flaherty, and Messrs. Arlington McGinnis, Arthur Cunningham, Walter Tegejer of Ranger and Jimmy Gardner enjoyed a picnic supper at Lake Strickland Sunday evening.

Miss Lucilla McCall is expected home Sunday from a visit in Dallas and Ferris. She will be accompanied home by her cousin, Miss Louise McCall, of Ferris.

Mrs. R. Q. Lee, Mrs. J. J. Butts and Mrs. Philip Pettit attended a dinner party in Eastland Tuesday night given by Mrs. C. U. Connelley.

Messrs. Rice Foreman and Jimmy Gardner spent Sunday afternoon in Hawley.

Mrs. G. E. Berry of Brownwood has returned home after a short visit in Cisco with Mr. and Mrs. Frank Harrell.

"There will be a special communion service at the Lutheran church Sunday morning," said H. F. Peiman, pastor of the church. "The pastor will speak on the subject: 'Why Do the Lutherans Believe That the Body and Blood Are Truly Present in the Lord's Supper.' He will also answer the oft-asked question: 'Why do Lutherans practice close communion, or why do Lutherans not permit Christians of other denominations to partake of the Lord's Supper with Lutherans, even though they admit that these are Christians?'"

Mr. and Mrs. J. T. Berry and son, Phil, left Saturday for a 10-day visit in Ruidosa, N. M., and other points in that section.

Word reaches relatives in Cisco that Miss Ellen Bacon, Billie Bacon and Mr. and Mrs. George Atkins, who were en route for a

vacation trip to Colorado, were caught by a torrent of water from a water spout in a canyon near Channing, Texas, and their car swept from the highway and demolished. No one of the party was injured. Tom Bacon Tuesday received a telegram from the party stating that all were uninjured. The message stated they were going to Lubbock to spend a few days and would return to Cisco the latter part of the week. The water swept down on the Ciscoans about seven miles east of Channing which is about 69 miles northwest of Amarillo. A huge wall of water came down a canyon following a cloudburst near the Henry Lyman ranch on the Colorado-to-Gulf highway. The car, a sedan, was turned across the road and all in it escaped, but it was reported to be a total wreck. The party was picked up by an Abilene man and taken to Channing, a small village, and there spent the night.

Mrs. A. D. Anderson and small son have been removed to their home from the sanitarium, and both are getting along nicely.

Mrs. G. B. Kelly entertained Mr. and Mrs. Edgar Butts and daughter, Virginia, with a luncheon at her home on West Fifth street Wednesday.

Mesdames W. W. Moore and Vivian Donovan left yesterday for Dallas to attend the funeral of Mrs. Malcolm Leech.

Mr. and Mrs. George D. Fee and daughters, Misses Addie and Mary, are expected home today from a motor trip to California.

Mrs. Joe Wilson, Miss Eileen Wilson and Miss Laura Fay Wilson have returned from Fort Worth.

Judge and Mrs. J. D. Barker left this morning for a 10-day visit with relatives in Belton.

Mr. and Mrs. J. J. Youngblood

and son, Bill, have arrived to make Cisco their home. Mr. Youngblood is superintendent of the Cisco public schools.

Mrs. William Reagan and daughter, Miss Gladys, have returned from a short visit in Fort Worth.

E. G. Norvell and Miss Cornelia Norvell of New York City are visiting Dr. and Mrs. Charles Hale.

Mrs. W. C. Mayhew left Monday for a visit of 10 days at Burnett with her sister, Mrs. M. E. Brooks.

Mr. and Mrs. J. E. Elkins have returned from a short stay in San Angelo.

Mr. and Mrs. Connie Davis spent Sunday and the Fourth with friends in San Angelo.

According to a report by Officer Tab Wilson, the Ford delivery car of the Cisco Poultry Co., driven by H. S. Hopgood, was in a triple collision late Wednesday. According to Wilson, the car collided with an automobile driven by Edgar Butts at Sixth street and E avenue, hit a telephone pole, and then collided with a Buick sedan driven by a Mr. Groce.

Best Texas Utilities Reports First Safety Meeting Of Year, Held Thursday

The first safety meeting in 1941 of employees of District "B," Texas Utilities company, was held on the roof garden of the Hotel Cisco, on Thursday, May 29, 1941. After a delicious and very interesting dinner and demonstration of "Safety Education" by Dean Jay Keeler, the meeting was called order at 8:30 o'clock by Chairman Horace Kittrell.

This Came And Saw . . . And These Conquered

It was an American-built Consolidated bomber like the one above (they're called Catalinas by the British) that spotted the German battleship Bismarck, conqueror of the Hood, and passed the word along to the British fleet. Then the big guns above, carried by the new British warship Prince of Wales, went into action and, with the help of torpedoes, finished off Germany's Bismarck only 72 hours after the Hood went down.

Investigation of a recent fatal accident should impress the need for using safety devices. Service pins were presented to the following employees: C. W. Graves, Cross Plains, 15 years; N. C. Huston, Cisco, 15 years.

Mr. Monk gave instructions for the checking of fire extinguishers and also for the checking of sub-station lighting. The meeting was then adjourned, with the appointment of Sam Ledford, Cisco, as safety chairman, and Lou Marion Grace, Baird, as secretary, for the year of 1941.

The following attended: Carl Lamb, Baird; Jack Norman, Cisco; A. B. Byrd, Cisco; E. M. Dugan, Cisco; Betty Howell, Cisco; L. L. Walker, Moran; B. G. Watson, Baird; Gordon Sherman, Cisco; Fern Smart, Cross Plains; J. T. Waddell, Cisco; R. L. Grippie, Abilene; Oscar Youngblood, Abilene; Paul A. Corley, Albany; J. M. Hazlewood, Cisco; B. B. Hurst, Cisco; Roland Dunwoody, Baird; A. D. Everett, Putnam; A. W. Dawson, Cisco; Ray Marshall, Abilene; Sam Ledford, Cisco; E. L. Gaines, Ruing Star; L. F. Foster, Cross Plains; Laura Jackson, Moran; Lou Marion Grace, Baird; H. O. Anderson, Cisco; Bert Melton, Abilene; Marvyn Guber, Albany; V. M. Howsley, Cisco; R. S. Cope, Cisco; W. C. Newman, Cisco; M. F. Underwood, Cisco; G. H. War-

field, Cisco; E. L. Jackson, Cisco; N. C. Huston, Cisco; J. W. Beam, Abilene; Leo Wilshire, Abilene; O. L. Dixon, Throckmorton; J. E. Proctor, Cisco; Horace Kittrell, Albany; W. J. Crewe, Abilene; Arthur Wright, Abilene; H. H. Monk, Cisco.

The following visitors attended: J. E. Proctor, Jr., Cisco; Mrs. T. M. Smart, Cross Plains; W. W. Sledge, Cisco; Dean Jay Keeler, New York.

problems in his letter to Ickes. He specified the problems as follows: 1. "The proper development, production and utilization of those reserves of crude oils and natural gas that are of strategic importance both in quality and location. 2. Elimination or reduction of cross hauling of petroleum and its products and the development of transportation facilities and of methods by which more efficient use can be made of existing transportation and storage facilities. 3. "Balancing refining opera-

Famous Woman Is Dead at Age 89

SAN ANTONIO, May 31.—The Alamo was closed Friday out of respect for Mrs. Fannie Applewhite, former custodian of the Texas shrine, who died at her home here Thursday. Mrs. Applewhite, 89, was a member of the Daughters of the Republic of Texas, having been the daughter of Capt. Thomas Wigg Grayson, who came to Texas in 1824 from South Carolina and settled in Fort Bend county. Mrs. Applewhite was a native of San Antonio. She was the

widow of James Applewhite, who died in 1914. Custodian of the Alamo for the Daughters of the Republic of Texas from 1915 to 1922, she was succeeded in that capacity by her daughter, Mrs. Letta Small, who is still custodian. Mrs. Applewhite was a charter member of the Pioneers Association of Texas and was past president of the American Legion auxiliary. She was a member of the Daughters of the American Revolution, Daughters of the Confederacy, Gold Star Mothers, and other groups. Her father owned and was commander of the boat Yellowstone, which plied the Brazos river and

Buffalo bayou. The boat was tied up in the bayou at the time of the battle of San Jacinto, relatives said, and Santa Anna was held prisoner on the craft after the Mexican general's defeat. Subsequently the Yellowstone took Gen. San Houston and his aides, along with the captive Santa Anna, to Velasco.

ANNOUNCING NEW LOCATION

We wish to take this opportunity to say "Thank You" to the people of Cisco, for making possible our growth and expansion. Especially do we want to thank the Auto-Motive repair shops and service stations in this trade territory for the part they have had and the splendid cooperation they have given us.

By moving to larger quarters we will be able to carry a more complete stock of the highest quality replacement parts such as Thompson Products, Perfect Circles, and Hastings Piston Rings, Mammoth Motor Bearings, Champion Springs and leaves, Gates Belts, Radiator Hose and Car Mats, Goerlich Life-Time Mufflers, Victor Gaskets and Wagner Comax Brake Lining, made and recommended by Wagner Electric Corp., the manufacturers of the brakes on 75 per cent of all cars that have hydraulic brakes today.

We have added a Van Norman Cylinder reboring bar, complete valve shop --- summer pan fitting machine, brake drum lathe to our shop. Will continue to rewind armatures and give complete starter and generator service; electric motors repaired and rewound.

Again we say "Thank You" and invite you to visit us in our new location. You are always welcome.
