NAZARENES OF ABILENE DIST. HERE JULY 7-13

Officials of Church in Cisco Today to Make Arrangements for Encampment at Lake Cisco

Members of the Church of the Nazarenes, Abilene district, will gather at the Presbyterian camp grounds, Lake Cisco, on July 7 and will remain there through July 13.

This will be the first encampment of the Nazarenes to be held in Cisco, but it was selected for its convenience and because of the excellent camp grounds tendered there, as well as the wonderful nature setting at Lake Cisco, says Rev. Luther Pryor, pastor of the Cisco church.

In Cisco today to confer with Mr. Pryor and arrange the general encampment details are Rev. John L. Knight, district superintendent, of Mineral Wells; Rev. James P. McGraw, chairman of church schools, of Fort Worth; Rev. J. Walter Hall, pastor of Northside church, Fort Worth; Rev. M. Matthews, pastor of First church, Mineral Wells.

Church officials in charge of the encampment will stress worship, evangelism, inspiration, information and recreation. There will be a daily course in Christian training service and special features to assist young Christians. Old-fashioned camp meeting services daily, with Rev. Ward B. Chandler in charge of the music.

Liquor Board Head Finally Passes the Senate; 5th Effort

AUSTIN, June 19.—The Senate Wednesday finally accorded confirmation to an O'Daniel appointee to the chairman-member of the State Liquor Control Board when it approved former State Senator W. J. Townsend, Lufkin, for that position, the term to end Nov. 15, 1945.

A record for Texas was set when the governor named Townsend, his fifth effort to fill the place. Previously the senate had rejected Dr. W. D. Bradford and Jeff Davis of Dallas and Mrs. Claude de Van Watts of Austin, while Tom Love of Dallas declined the post after being appointed.

Townsend is an uncompromising dry, but he held a number of official positions and gave assurances that he knew better than to try to use a public office for calling for regulation and duties of the liquor business, supervision of the liquor business, and his suppression, and that would be his best efforts on his board. The other two members are E. W. Crouch, McGregor, and D. J. Decherd, Flatonia.

Cawley Improving His Pecan Orchard

L. M. Cawley of Eastland, who owns more than a mile of native pecan timber on Sabano creek, two miles south of Long Branch, was in Cisco today and stated he is improving his pecan grove by thinning the trees, getting rid of worthless trees and underbrush and budding small pecan trees to improved varieties.

Since Mr. Cawley was assisted in his first budding work on April 30 by the county agent he reports that he has set 850 pecan buds. He estimates at least 75 per cent of these are already making growth. He is budding small trees about 30 feet apart and will thin them out as soon as necessary to prevent overcrowding.

Last fall Mr. Cawley marked his best large pecan trees and is taking out the non-bearers. He is controlling sprouts from oaks, elms and other worthless trees with goats. He plans to use arsenical poison next fall to kill large pecan trees that should be taken out to make sufficient room for the best trees.

Student Plane Builders Pledge Loyalty

"No strikes for us," say these 160 students, shown with their six instructors, of the Wichita Engineering company aviation school, as they prepare to go to work in defense industries. Wednesday the group sent the president the following message, pledging support in preserving the government:

"We, the students of the Wichita Engineering company aviation school, who will be working in the aviation industry in a few weeks, take this opportunity to pledge you our full and loyal support. When we are engaged in work in the aviation industry, we will see that work is not stopped and that the United States will emerge from the crisis that now confronts us without losing any of the liberties given us under the bill of rights and the constitution of the United States of America."

Fifty-two area youth graduates of the school are now at work in the North American Aviation plant at Grand Prairie, and 16 at Consolidated Aircraft corporation plant at San Diego, California.

NINE PERSONS U. S. ENTRANCE SHOULD WPA BADLY BRUISED BE HARDER NOW BE ACCEPTED IN CAR WRECK FOR DOUBTFULS AS A CAREER?

Two cars, a Ford and a Hudson Terraplane, met head-on just west of Dathan on Highway 80 at about 6 o'clock this morning and nine persons were seriously injured. The driver of the Ford car, Arthur Yates, Lamesa, was the most seriously injured. Ambulances from the two Cisco funeral homes—A. C. Green and Neil Lane—rushed the injured to Graham Sanatorium, where they were resting easier at noon today.

Occupants of the Ford car included Mr. and Mrs. Arthur Yates and two sons, aged 9 and 17 years, of Lamesa. They were Waco-bound.

The Hudson was driven by W. S. Harmon, of Hayden, Ariz. He had as passengers R. A. Thackston, of Dallas, en route to El Paso; Mrs. Alice Spadachine and two children, aged five months and two years, of Plantersville, Tex., who were en route to Silver City, N. M.

Cause of the accident is said to have been a front-tire blow-out on the Yates car.

The Hudson car was picked up by the A-G Motor Co. and brought to Cisco. It was a complete wreck. The Ford car was brought in by an Eastland wrecking car.

Highway Patrolman Pat Ross and Bill Angus and Constable Jake Honea checked the accident.

Trust Buster Will Talk to Lawyers

AUSTIN, June 19.—United States Attorney General Thurman Arnold, who has been characterized as "America's No. 1 trust buster," will speak to Texas lawyers on "bottlenecks of business" at the State Bar of Texas convention in Dallas July 3-5. Secretary Carrows announced Wednesday.

SEES DANGER AHEAD

WASHINGTON, June 19.—Senator Downey of California protested Wednesday that "property seizure" powers asked by the war department would "create a military dictatorship under which tens of thousands of small businesses will be ruined."

"If this is absolutely necessary, then let's face the facts," Downey, a member of the senate military committee, told Undersecretary of War Robert P. Patterson.

WASHINGTON, June 19.—In another move to tighten immigration restrictions, the state department has acted to bar from this country Germans or persons from German-controlled countries who might have "an obligation to act" as foreign agents here.

The department announced instructions had been given to diplomatic and consular officers in certain countries to withhold visas from aliens having close relatives still residing in countries occupied or controlled by another nation.

Although no specific nation was named, it was learned that the action was taken with Germany in mind.

The announcement said that although each individual application for a visa is to be determined on its own merits it was deemed advisable to withhold visas in all cases in which the visa applicant has "children, parents, spouse, or sisters still remaining in such territory."

In addition to exercising more strict control over immigration into the United States, informed quarters said, the closer scrutiny of visa applications and refusal to grant visas to persons whose relatives would be virtual " hostages" is expected to prevent "fifth columnists" from coming to this country in the guise of immigrants.

U. S. Naval Reserves Told to "Stand By"

WASHINGTON, June 19.—The navy yesterday disclosed that "stand by" orders have been given all reserves not yet called to active duty, and simultaneously announced that recruiting goals have been stepped up from 50 to 100 per cent.

Capt. A. T. Bidwell, assistant chief of the Bureau of Navigation, revealed that the standby order had been issued by Secretary of the Navy Knox a week ago and that it also covered Merchant Marine Reserves. Both Naval and Merchant Marine Reserves affected total 6,564 commissioned officers and 14,312 enlisted men.

The present rate of recruiting is resulting in about 8,000 enlistments per month, according to the navy. Under the speed-up order, recruiting agencies have been asked to raise this figure to 12,000 to 15,000 per month.

WASHINGTON, June 19.—Should WPA be considered a career? That is the question argued in the house June 16 before it approved a \$800,000,000 WPA appropriation for the new fiscal year beginning July 1.

Center of the discussion was the provision in the present WPA law requiring that all workers be dropped from the rolls for 30 days after 18 months of continuous employment. The severance plan was invented by congress as a means of encouraging WPA employees to make some effort to find private employment.

At the request of President Roosevelt and Howard O. Hunter, WPA commissioner, the house voted to drop the enforced vacation plan, though the appropriations committee had recommended it be kept.

President Roosevelt had said in his relief message to congress that the 18 month clause was working "a great hardship on many people."

Hardest hit, Representative Arthur D. Healey (D) of Massachusetts told the house, are workers past 50 who have been unable to find jobs in private industry.

Without the restriction, Representative John Taber (R) of New York warned the WPA would be weighted down with a "group perpetuating themselves on the WPA rolls and refusing to accept private employment."

The provision was finally stricken from the bill by a close vote of 169 to 165. Since the measure has not yet come up in the senate, there is some chance that it will be stricken out there.

ROTARY INTERNATIONAL

DENVER, June 19.—Twelve new directors were elected at the Rotary International convention on Wednesday. They are: Daniel C. Pearson, Roswell, N. M.; Richard E. Vernon, Chicago; J. Parthell Robbins, Stuttgart, Ark.; Percy Hodgson, Pawtucket, R. I.; Arthur S. Fitzgerald, Windsor, Ont.; Lawrence Akers, Memphis, Tenn.; Julio Gerlein Coleman, Barranquilla, Colombia; Francis A. Kettaneh, Beirut, Lebanon; Joaquin Serratos Cilibi, Montevideo, Uruguay; C. J. Steinger, Zurich, Switzerland; Yen Te-Ching, Nanking, China; and T. A. Warren, Wolverhampton, England.

41 VISITING LADY GOLFERS HERE WED'DAY

In the 18-hole Match Mrs. McInrow of Brownwood Was Tops; Mrs. Schooley of Ranger Led in Putting

Cisco members of the Ladies' Oil Belt Golf association entertained association members at the Lakeview club Wednesday, June 18. There were 72 reservations for luncheon. Fourteen women from Breckenridge, nine from Ranger, seven from Phippeco and eleven from Brownwood were here.

Winners of the 18-hole match, held in the morning, were:

Medalist—Mrs. McInrow, Brownwood.

Lowest number of putts on nine holes—Mrs. H. I. Schooley, Ranger.

Approaching Contest—Mrs. I. A. Brunkenhoefer, Cisco.

Blind Bogey—Mrs. McInrow, Brownwood.

The winners of each foursome were Mrs. Woodruff, Brownwood; Mrs. K. N. Greer, Cisco; Mrs. Vonkers, Ranger; Miss Jean Hardin, Brownwood; Mrs. Charles Sandler, Cisco; Mrs. Lucy Hammett, Phippeco; Mrs. Gladys Hensley, Cisco; Mrs. Lavena Nance, Cisco; Mrs. Franke, Brownwood; Mrs. Crowner, Phippeco; Mrs. Powell, Ranger; Mrs. Edith Davis, Cisco; Mrs. Punk Thornton, Cisco.

Cisco members of the association want to thank all local women who helped make the occasion a success. They extend special thanks to Messrs. K. N. Greer and W. R. Miller for their help.

The next one-day monthly meeting will be held at Phippeco July 17.

Cisco Charity Welfare Board Have Meeting

A most interesting session of the Cisco Charity and Welfare Board was held in the chamber of commerce Tuesday morning with President A. I. Skiles in charge, and Mrs. W. W. Wallace secretary. Eleven officers and members were present. Routine business matters were looked after, and reports made by the various committees. It was decided to keep the welfare office open through July to get the benefit of the surplus fruits and vegetables. There is a need for food on account of the WPA work shortage. Families among the under-privileged will be glad to make use of any surplus foods given them, it was stated.

Household articles, shoes and clothing are also needed. It is a privilege to inspire people to beautify their homes. Gifts of vases, pictures, mirrors and household effects are greatly appreciated.

The executive secretary, Mrs. B. S. Huey, is sponsoring a reading club among the patrons of the welfare office. An incentive is offered to those who read the greatest number of worthwhile books. During the past month 417 people passed through the office.

The board members feel the need of cooperation from the citizens and are also in need of money to carry on this worthy enterprise, they stated.

Women's Federated Clubs Name Ft. Worth

AUSTIN, June 19.—Fort Worth has been chosen as the site for the 1942 convention of the general federation of women's clubs. The selection was by the executive committee of the state federation, which also designated the week beginning April 12 as the tentative date for the meeting.

Berlin Has Little To Say About U. S. Closing Consulates

BERLIN, June 19.—Berlin in recent hours has carefully avoided hasty act which would cause further deterioration of German-American relations.

As always is the case before final decisions are made in important matters official quarters were wholly silent, and that silence seemed to cover a disposition to go slowly.

At the same time it was indicated that in the actions closing German consulates in the United States, the freezing of German assets and the requirement that German nationals get special permits before leaving the United States, the Reich would insist on preserving dignity.

Nothing authoritative respecting German-American relations had been said Wednesday night since it was announced that President Roosevelt's order closing the consulates had been vigorously protested.

The German attitude still seemed to be that the next move was up to the United States. Even the German press, which usually is violently articulate when someone touches the national dignity, was restrained. The sharpest headline was "Nachtausgabe's 'Capricious Closing of German Consulates in U. S. A.'"

The matter, however, will not end with the mere delivery of the German protest, it was intimated by the authoritative commentary Dienst aus Deutschland.

"In the matter of closing the consulates Germany obviously didn't care to resort to the cheap reprisals customary in such cases," said Dienst—and into this utterance some read an indication that American consulates here will not be closed as a retaliatory measure.

But the commentary went on: "It is no secret that other measures (in addition to the protest) may be taken to protect German interests."

There was no authoritative indication as to what counter-measures would be taken in answer to American freezing of German funds. It was officially stated that there would be such measures, but Americans here still did not know what they might be.

Oats 25 Bu. Acre, Wheat About Seven

"That bumper wheat crop we have been expecting is hardly being realized," was the comment of Roy Pippen while in Cisco this morning.

"No one can say for sure what wheat or any other grain will yield until the crop is threshed, hence my guess of the yield may vary one way or the other. I am estimating the yield of my wheat at an average of seven bushels to the acre. I expect to start the combine in my fields tomorrow. But it is a safe bet the crop will fall short of earlier estimates. Wheat is now ready for harvesting and suffered very little from the last rains. Rust has been the most harmful agent, due to earlier rains."

"I am now running the combine in harvesting my oats crop, which I estimate is producing about 25 bushels per acre. Have 55 acres of oats and it is nicely cured, and 115 acres in wheat, and you can figure my yield at about 800 bushels."

TEXAS LAW DEFENDED

AUSTIN, June 19.—The House Wednesday asked Texas members of the National Congress to oppose a measure pending there which would nullify the community property laws of Texas. The House unanimously adopted Dorsey Hardeman's resolution which said the measure would deprive Texas citizens of their rights, under the community property laws of this state as applied to their income tax returns and payments.

ODESSA, June 19.—The governor of Texas will speak to thousands of oil leaders of Texas and the Southwest Saturday afternoon at 2 o'clock on the grounds of the Little International Oil Show in Odessa. Governor O'Daniel and his party will arrive in Odessa shortly after 1 o'clock and will be taken through downtown Odessa and then directly to the show grounds.

The governor's bill billy band will be on hand to entertain the big crowd that is expected from all West Texas and New Mexico.

The second annual Little International Oil Show opens Friday, June 20, at 6 p. m. and will run through Sunday night. Many leaders in the oil industry are now in Odessa making preparations for their exhibits in what is expected to be the largest showing of oil field equipment to be held in the United States this year.

F. M. Law, Houston banker, will speak in the Oil Show auditorium Saturday afternoon immediately following the O'Daniel address.

Attorney General Gerald C. Mann will speak in the auditorium at 8 o'clock Saturday night, preceding three dances for oil show visitors.

The Little International Oil Show, sponsored by oil and oil equipment leaders of the nation, has enlarged its show grounds this year to more than three times what it was for the first show last year.

The exhibits are being set by more than 130 firms representing all sections of the United States. One of the principal features of the show will be a safety team contest in which the leading competitive teams of Texas, New Mexico and Louisiana will enter.

The United States Bureau of Mines and the Texas department of public safety have assembled major exhibits for the occasion.

Fatter June Checks To Texas Pensioners

AUSTIN, June 19.—More than 130,000 old age pensioners in Texas had the assurance of Director J. S. Murchison of the state public welfare department today that they would soon receive June checks almost twice as big as were first anticipated.

The director asserted only formal notification from the social security board in Washington was needed to make absolutely certain payments averaging \$18.50 a month instead of \$9.50.

The legislature recently appropriated \$1,750,000 additional for the months of June, July and August for pensioners.

EASTLAND, June 19.—Montie Rowe was elected president of the Eastland junior chamber of commerce at the semi-annual election of officers Monday night.

Wade Thomas was named first vice president and T. A. Jones second vice president.

James Harkrider, retiring president, was named state director.

Looking up with Al.

Last winter falling ice broke a window in the Empire State building, 1256 feet up; that's about a quarter of a mile above the streets of little old New York. So the other day to one Al Cohen went the job of replacing the glass. The pictures show Al going at the task. He's working in a small wooden cage suspended by ropes from the top.

C. A. Morris, father of W. E. Morris, of the Dan Horn corner city, mingled with the crowd at the auction. He and Mrs. Morris moved to the Dan Horn section last January from Littlefield on account of ill health.

Frank Sparks and T. L. Cooper were here from Eastland. Other spectators contacted were J. D.

Browning, formerly of Desdemona, but now living near Cisco; Alvin Parks of DeLeon; S. E. Parkinson of Romney; J. W. Gibbs and J. H. Duke of Salinas.

Emancipation Party Is Given By Mrs. Smith

An emancipation party, held at 3 p. m. in the home of Mrs. John A. Smith Wednesday afternoon, entertained members of the Needle and Thread club. As the guests arrived they were greeted by "Aunt Jemima." In the background southern melodies, played softly, were heard.

House decorations were seasonal of flowers and the lace-laid dining table was centered with a fishing post near which little "pickaninnies" were busily engaged in fishing. A small table nearby represented a cotton patch, where negroes were laboring at the task of picking cotton.

Refreshments of chocolate ice cream and negro cookies were served, and miniature negro dolls were given as plate favors.

Those present were: Mmes. Clifford Turinett, T. R. Prickett, E. C. McClelland, R. D. Jones, Sim Ledford, Burton Abbott, S. B. Parks, Miss Stina Fields and the hostess, Mrs. John Smith. Mrs. M. W. Robbins will be hostess at the next meeting.

Germans Are Busy Burning Documents

CHICAGO, June 19.—Files of correspondence and confidential records were being systematically burned Wednesday as officials of the German consular service in Chicago prepared to leave for their homeland, the Chicago Herald-American stated.

Dr. Emil L. Baer, consul general for seven middle west states, immediately made arrangements to close the North Michigan boulevard consulate offices and the German travel bureau located in the same building.

Economic reports, analysis of the American attitude and even the key to the code by which messages were sent to the home office in Berlin were being systematically destroyed, Dr. Baer admitted, the story stated.

"The originals are already in Berlin. We have only duplicates. They are all being destroyed," Dr. Baer said.

The action was being taken in accordance with the State Department's order that all German consulates be closed by July 10.
