Wise Uncle Sam Makes Ready For Emergencies

WASHINGTON, June 26.—To insure the secrecy of communication with United States representatives in Latin America, the state department plans to inaugurate a diplomatic courier service between Washington and the capitals of the other 20 American republics.

FIFTH SUNDAY CONVENTION

The District Fifth Sunday convention will meet with the East Cisco Baptist church next Sunday, June 29, at 1:30 p. m.

News came to Cisco relatives

Today that a son, David Gaston Alford II, was born to Lieut. and Mrs. Gaston Alford in the Methodist hospital in Fort Worth, this morning. Report stated that mother and son are doing well.

IS THAT THE TEXAS WE ARE GOING TO LIVE IN?

Some of us came here—that is, our lines were placed here—before Texas was a republic. I'm ashamed of my fighting great grandfather that he did not arrive from Tennessee until 1837.

TEXAS' FIRST CONGRESSMAN

A man named Oram M. Roberts and my grandfather were candidates before a convention. There was a deadlock and a man named Smith was elected to the office.

As a news writer who loves Texas

As a news writer who loves Texas and believes in Texas, I wish some persons with ideas about the salvation of Texas would write me those ideas and address me in care of the Texas Daily Press League, Inc., Dallas, Texas.

NOTABLES TO ATTEND TEXAS BAR MEETING

DALLAS, June 26.—National defense will be brought closer to Texas July 4 when Robert P. Patterson, county secretary of war, addresses the state bar convention in Dallas.

Other members of the three-day meeting July 4, 5 and 6 will include Thomas Arnold, assistant attorney general at the United States in charge of the anti-trust division, Carl A. Wessendorf, chief justice of the Ohio supreme court, Joseph M. Lantry, president of the American Bar association, and Harvey T. Harrison, past president of the Arkansas bar.

Judge Patterson selected only two days to be a lunch private on

Mexican border patrol in 1916 and came out of the World war with a major's commission. A lawyer in profession, he served 10 years on the federal bench, and was a member of the second circuit court of appeals at the time of his Washington appointment. His duty of procuring all military supplies for the army.

ROBERT P. PATTERSON

He will fly to Dallas for the convention, accompanied by Lieut. Col. A. Robert Gresham and an air corps pilot, a commissioned pilot and two enlisted men.

Entertainment for the delegates and their wives by the bar association of Dallas and the Lawyers' wives club, as well as addresses by widely-known Texas lawyers, will contribute to a well-rounded program.

Ray Lambeth is president of

the Dallas bar, and James L. Lapscomb of Dallas is general chairman for the convention.

Mr. Arnold, said to be in line for appointment as attorney general of the United States, will speak at luncheon July 4 and 5 for the district and county attorneys section and the University of Texas Law School association. His subject July 4 will be "Bottle-necks of Business."

One of the most popular after-dinner speakers in southwestern legal circles is Mr. Harrison of Arkansas. His wit has been compared with that of Will Rogers or Bob Burns.

Addressing two meetings July 5, he will talk on "What Price Liberty" at the judicial section luncheon and "Giffith's Adventures in Blunderland" at the in-advance law section banquet.

Other sessions are mineral law, junior bar and the president's club.

Judge Wessendorf, who will be the only speaker at the annual banquet July 5, will have as his subject "Our Professions' Challenge." The convention will close with the introduction of Gordon Simpson of Tyler, new head of the state bar of Texas, by Judge Fess Dwyer of Temple, outgoing president.

Committee chairmen who will report July 4 and 5 are as follows: G. O. Touchstone of Dallas, administrative law; John H. Bickett, Jr. of Dallas, bill of rights; Bert H. Thompson of San Antonio, commercial law; J. C. Hutchison, Jr. of Houston, cooperation with the American Law Institute; Travis Lister of Colorado City, criminal law and procedure.

Also Dean C. T. McCormick of the University of Texas, legal education; Paul H. Brown of Harlingen, groceries; J. Cleo Thompson of Dallas, multiplicity of law reports and legal publications; W. S. Buge of Amarillo, national defense.

Also Harley C. Keen of Beaumont, real estate, probate and trust law; Angus G. Wynne of Longview, remedial procedure; Dean McCormick, student loan fund; Ralph W. Yachborough of Austin, substantive law reform; W. A. Keeling of Austin, supreme court reorganization.

Also Will E. Brown of Temple, taxation; Howell Ward of Corpus Christi, uniform state laws; and Frank Hartgraves of Menard, American Bar association special committee for Texas on improvement of administration of justice.

Defense Money Rolling in Booms Wichita Falls

WICHITA FALLS, June 26.—Ghosts of KMA and the Burk Burnett oil booms are being challenged by a new conveyor of prosperity in this northwest Texas oil capital — \$18,000,000 Sheppard field.

The World War gave Wichita Falls Call field, crack training center that turned out hundreds of skilled army plane pilots. Only a marble tablet now marks that once famous site, buildings that failed to rot and collapse with age long ago have been converted into farm houses.

More than a score of years later, the war department is giving the city an air corps essential that dwarfs everything Call even hoped to be in magnitude — one of the nation's five huge airplane mechanics' schools for training of ground crews.

Construction barely a week old, already has Wichita Falls and Burk Burnett teeming with workers and has moved rents into "push" figures with some landlords already reading the "doubt-

Young Ford To Army

Benson Ford, grandson of Henry Ford, as he was fingerprinted at the Detroit induction center after appearing to be inducted into the army.

ling act." The initial business jolt is Wichita Falls' best since the 1938 KMA peak. Burk Burnett hasn't seen

anything like it since the wild "crude" days of the early twenties. Machinery and material-laden

PRAYER WON'S BURN
DALLAS, June 26.—7000 senting members of the Baptist church for Negroes 2918 Eakin, seeking to out pastor, District Judge Clark Callum gave the following vice Wednesday:
"Go home and pray, who already are going to will go anyway. Those who can pray. A little prayer hurt."

RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR

MY MAGIC CHEF GAS RANGE IS A REAL VITAMIN SAVER
More healthful, better flavored meals with MAGIC CHEF Cookery
WHY pour vitamin food values down the sink or in the garbage can, and then pay for extra drug-store vitamins?
With a modern Magic Chef CP Gas Range you can do "waterless" cooking of vegetables on a tiny simmer flame. You can enjoy more healthful roasted and broiled meats. And save actual dollars on your food bills.
CP means Certified Performance. The CP Seal covers automatic lighting of all burners... 22 requirements for savings of time, food and money.
Join the crowd to get for modern automatic cooking.

Cisco Gas Corporation
"HOME OF HI-HEAT GAS"
713 Avenue D.

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.
