## TAFT SAYS U.S. BUILDING AIR BASE IN IRELAND

### CHARGED, TOO, THAT U.S. SHOT AT NAZI SUBS

WASHINGTON, July 10. — Senator Robert Taft of Ohio, quoting "reliable authority," charged in the United States senate today that the United States is constructing a naval air base for Great Britain in Northern Ireland.

The Republican senator made the charges a few minutes after the senate naval affairs committee had voted to call before it Navy Secretary Knox and Admiral Harold Stark, chief of naval operations, for a discussion of reports that American naval boats had shot at German submarines.

### TEXAS U. S. SENATE VOTE TO CONGRESS

WASHINGTON, July 10. — Charges of various irregularities in the recent Texas senatorial election — including the alleged "shakedown" of contractors eager for defense projects, and violation of the Hatch "pure politics" law — have now been brought formally before congress.

A request for a senate investigation has come from E. B. Germany, chairman of the State Democratic Executive Committee.

The Texas contest attracted wide interest because of the personalities involved and because of the Roosevelt administration's herculean and almost successful efforts to put over the young New Deal congressman, Rep. Lyndon Johnson.

He lost by 1095 votes to Gov. W. Lee O'Daniel.

Congressional interest in the election is intensified because the charges and rumors circulating in Texas and through lobbies and cloakrooms here include not only excessive expenditures but also violation of the Hatch Act — that law which congress passed to stop such political exploitation of Federal agencies and workers as was discovered in the 1938 elections.

Alarming also were the charges of duress in connection with defense available in the 1938 elections.

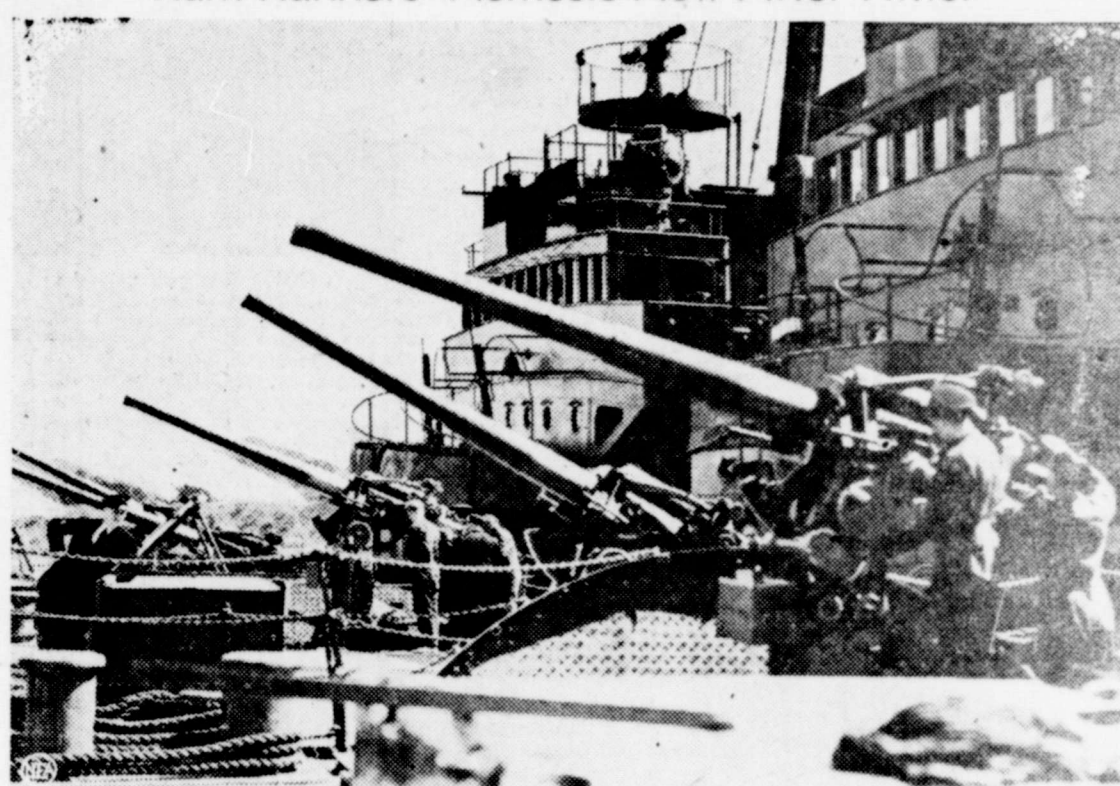

Charges involving the O'Daniel forces also have been made in the post-election recriminations.

Mr. and Mrs. J. D. Yarbrough have returned from a pleasant visit with relatives in Winters.

### Weather

CISCO and Vicinity — Partly cloudy Thursday and Friday. WEST TEXAS — Partly cloudy Thursday and Friday; scattered afternoon and evening showers and thunderstorms; warmer in the Big Bend country Friday.

### Rum Runners' Nemesis Now After Hitler

Two U. S. revenue cutters, once detailed to blast bootlegging boats during prohibition days, arrive at a British port with newly mounted guns bristling to operate with the Royal Navy under the lend-lease program.

### NAZI CHECKED; REDS COLLECT FEARFUL TOLL

(United Press) Germany has hurled powerful reinforcements against Russia's main defense line, but the great Red Army, now actually fighting for its very life, is said to be turning back the invading horde, or counter-attacking, on all the main fronts defending Moscow, Leningrad and Kiev. Losses on both sides are said to be mounting high as the intensity of the struggle increases.

Berlin asserts that her eastern front advance is continuing without interruption, although withholding all details.

The British royal air force is maintaining its relentless offensive on Reich war industries.

The British advance in Syria, pending probable acceptance of the proposed armistice by the collapsed Vichy French defenders.

### Anchors of '77

Dr. Carroll H. Francis, naval historian, displays two anchors brought up from Delaware river at Philadelphia believed to be from British frigate, Merline, sunk in Revolutionary War battle in 1777. Ship reputedly carried a million dollars in gold.

### ALL SOLDIERS MAY BE KEPT INDEFINITELY

(United Press) WASHINGTON, July 10. — Chairman Robert Reynolds of the senate military affairs committee today introduced legislation authorizing the president of the United States to prolong "for duration" service any member of the army, including selectees A and the national guard.

### PEANUT MEN MEET GORMAN ON JULY 22

T. C. Wylie, editor of the Southwestern Peanut Growers' News, of Gorman, issues the following communication which will be of interest to the many peanut growers of Eastland county:

"The officers and directors of the Southwestern Peanut Growers' association would be pleased to have you attend their annual membership meeting to be held in Gorman on Tuesday, July 22.

"They have planned a very nice program for this day and the noon hour will feature a big barbecue, featuring bread made from peanut flour.

"A fine, cool, air-conditioned building has been secured to hold our program in and we know that you will be comfortable. We are anxious to have you and we know you will enjoy it."

### STOCK PRICES

NEW YORK, July 10. — Trading quiet today on the stock market following two sessions of more than a million shares. Prices were narrowly mixed in stocks and in bonds while cotton futures opened unchanged to 5 points lower.

Many of the leading issues had gains, which ranged to 5-8 point in Du Pont.

U. S. Rubber opened 2,000 shares at 24 7/8, up 1-8, and Standard Oil of California 1,200 at 23 5/8, up 3-8. Blocks of 1,000 shares each appeared in International Paper, Tri-Continental Corp., Commonwealth and Southern and Curtiss-Wright.

### OBSERVATION SCHOOL FOR CHRISTIANS

An observation school is being set up for Cisco's First Christian church to begin July 14. The name observation school has been chosen to distinguish it from the Laboratory school where the same methods will be used but with less time given to practice, on account of the shorter time allowed for the adult conferences.

The fourth-hour period will be open for student-teachers to take courses in the Adult conference. Advanced leadership courses will be offered for second and third-year students.

Student-teachers should arrive by noon Monday, July 14. The conference will close Friday evening, July 18.

One of the highlights of each evening will be the vespers service to which the public is cordially invited. The time will be announced later.

### MIGHT MISLEAD SOME

In the article in Wednesday's Daily Press relative to action of the city commission in assessing a 2 per cent tax against local utilities for use of streets and alleys, it was stated that "this rate was previously suggested by a representative of the telephone company."

That is the fact, in a sense, but some might interpret it as meaning the telephone company suggested 2 per cent for the other utilities. Of course, the telephone company's representative had in mind only the thought that his company was agreeable to the 2 per cent tax.

### SOLDIERS CAN BE GENTLEMEN \$50 PER MONTH THINKS LEAR FOR EXPENSES

FT. WORTH, July 10. — Sorry soldier, if you want to yoo-hoo the girls you'll do so without approval — even from home.

Tuesday morning an irate army general had \$50 soldiers march 15 miles extra because they carried girls in shorts on a golf course.

Yesterday two congressmen pounced on the general for his stern discipline but in Fort Worth more than half the persons quizzed by the Daily Press think Lieut. Gen. Ben Lear was right.

In Fort Worth even the father of a selectee thought the members of the 10th Quartermaster Regiment "should be punished."

The breach of discipline was committed in Memphis, Tenn.

### ANGUS SERIOUSLY ILL

Reports from the home state that Angus, one of Cisco's best citizens, is seriously ill. He has been in failing health for some time, but his condition was not considered of a serious nature until this week.

### W. L. FOY DIED SWEETWATER HOME WED'DAY

W. L. Foy, well known and highly respected former Cisco man, but a resident of Sweetwater for several years, died at his home in that city July 9. The body was interred in the Sweetwater cemetery today, with Masonic honors.

Mr. Foy was born in Hunt county, Texas, April 2, 1879. He was raised as a Mason January 24, 1910, by the Rotan Masonic lodge, and became affiliated with the Cisco Masonic lodge on March 23, 1922. He served as worshipful master here from June 24, 1926, until June 24, 1927.

Mr. Foy was exalted to the August Degree of Royal Arch Mason on April 5, 1918, by Roby Chapter No. 380, E. A. M., at Roby, and became affiliated with Cisco Chapter No. 190, R. A. M., on June 1, 1922. He served as high priest from June 24, 1923, to June 24, 1924.

### MORE EGGS NEEDED FOR U. S. DEFENSE

COLLEGE STATION, July 10. — National defense needs more eggs and cannot wait until more hens have been raised to produce them.

Consequently, farm and home workers were advised today, their duty to Uncle Sam requires the adoption of better feeding practices, and controls for poultry diseases and parasites.

The object, according to L. A. Machemehl, district Farm Security Administration supervisor, of Lufkin, is "more eggs per hen," or, in a larger sense, "increased egg production without increasing the size of number of flocks."

Machemehl, addressing a statewide FSA meeting, did not describe how the nation intends to defend itself with eggs, but admitted that the "need is acute."

J. F. Roseborough, extension horticulturist, led a discussion on developing orchards on tenant farms.

Roger Davis, FSA farm management specialist, said it was hard to get tenants to plant orchards because they do not know from year to year whether they will remain on the land.

As a remedy, Davis advocated long-term lease agreements between tenants and owners.

A home city, a delightful place to live; oil fields, rich agricultural lands, cattle, sheep, goats, hogs, egg producing hens, feed crops, truck farming and fruits.

### CADDY GOLF TOURNAMENT JULY 15-16

Preparations are under way for the annual caddy golf tournament to be staged on the Cisco Country club golf links, beginning next Tuesday and running through Wednesday, according to Erwin Prange, links keeper at grounds. Officials and members of the Country club established the caddy tournament as a compliment to the caddies, who served them during the year, and this has become an annual event. The required funds have already been presented to the youngsters to purchase prizes for the winners. However, should others wish to supplement this fund the caddies will appreciate any donations that would enable them to increase the prize list. Jim Whitehead will account for any donations that may be forthcoming.

About 20 entries are expected, Prange said.

Cisco caddies were recently complimented by the caddy master of the Abilene tournament for their efficiency and deportment, and those having the tournament in hand are anticipating a successful meet here next Tuesday and Wednesday.

Mrs. S. B. Parks has been spending the week in Albany attending the week in Albany attending her mother, Mrs. Jack Duncan of Cisco, who is ill in the home of her daughter, there.

## Fifth Avenue Goes To The Country

"Cherry," a local lamb, is tethered on the lawn in front under a huge apple tree. . . . John Robert Powers, arbiter of hundreds of pretty girls' dreams says, "A natural girl is always in style" . . . habby-habbes proudly toss their colorful heads and endlessly gallop along with their beautiful burdens.

A NEW version of an old experiment is the branch store established by Lord & Taylor, of New York, in nearby Manassas, Long Island. The recently opened building was designed and decorated with the idea of merging into its suburban surroundings and at the same time preserving the completely modern note of Fifth Avenue. Catering exclusively to women and children, the shop has introduced such novelties to the

average department store as hampers for hat stands; dress racks in the shape of huge pictures hanging from ribbon bows; mannequins, exquisitely dressed, side-saddle on merry-go-round holiday horses in the windows; and luxuriously upholstered park benches instead of conventional lounges.

In one corner of the boys' department is the Champ Shop; pictures of local athletic heroes hang on the wall and admirers sign a guest book. In the tiny youngsters' section, racks are low enough for the tots to thumb their way through and make their own choices; the beauty shop, long a problem for decorators, wavering between a laboratory and overdone boudoir, emerges as a gay atmosphere enlivened by the colloquies of famous men-about-town on the subject of women, their immortal comments on the subject are inlaid in white on the tiled floor.

## OPEN FORUM

Not a Menace  
Editor Daily Press:

The article appearing in a recent issue of the Press, in reference to a vacant lot on Avenue C written presumably by Judge R. W. H. Kennon, does the sanitary department an injustice.

The condition of the lot referred to has been known to the department for years.

The owner is not able to, and the city does not feel inclined to spend the money necessary to fill in the lot.

The city is endeavoring to place its funds to the best possible advantage.

The lot is not a health menace and has been properly used to prevent mosquitoes.

## NAZI'S TIME TABLE MAY BE BADLY UPSET

WASHINGTON, July 10. — A high congressional source said today that the German High Command has set a "time table" to six weeks for the smashing of all Russian resistance and successful conclusion of the invasion.

His information, based on reports reaching American military and diplomatic officials, was that the Nazis hope that the six-week campaign will place them in a position to dictate peace terms.

The contemplated peace terms probably would include total Soviet disarmament.

"At least the Germans plan to place the Soviet Union in a position where it cannot again be a serious factor in this war," a senator, who has excellent contacts in the administration, said.

Although American military officials have been unable to obtain a clear picture of the Russian campaign, they have expressed the opinion that Nazi operations are lagging behind the "time table," the senator said.

"The German losses have been material in this campaign," he said.

## STORIES IN STAMPS

## Pan-American Unity Symbolized by Stamp

SYMBOLIC of Good Neighborliness and the attitude of most South American republics toward American democracy is this 1939 Paraguay issue, displaying the flag and eagle of the United States along with the Paraguayan standard.

Although physical battle has been kept from the shores of South America, with a few notable exceptions, the war of propaganda has been carried on intensely by the Nazis virtually from the day of Hitler's ascension to power. Aware of this Fascist infiltration into the Western Hemisphere, the United States has been pursuing a policy of counter-propaganda.

Paraguay territory was first explored by Sebastian Cabot in 1526 and 10 years later a fort was built on the site of what is now Asuncion, the capital.

Spanish rule was overthrown in 1811. For a number of years, a policy of isolation was followed, but Paraguay eventually became involved in a catastrophic war with Argentina, Brazil and Uruguay which ended in 1870 with large losses for Paraguay.

Until recently, revolutions frequently flared and disturbed the smooth path of progress.

## Light Bearers Have Nice Picnic Outing

The Light Bearers Junior department of the First Baptist Sunday school class met at the church this morning and went to Lake Cisco for an outing and picnic dinner. Each one took a nice lunch which they later spread together.

The morning was spent visiting the fish hatchery and in playing games. When the lunch was spread under the shade trees in the park, "thanks" was spoken in unison by the little girls.

While sitting around the picnic table, the teacher, Mrs. J. A. Smith, told a mission story which had its setting in Africa.

The class then elected new officers as follows: President, Betty Jean Turkinett; vice president, Billy Faye Robinson; group captain number one, Helen Dennis; group captain number two, Nancy Dean Cross; Sunshine committee, Alma Lois Moore, Mary Philpott and Patricia Grist. The nice food remaining over was taken to a needy family.

Attending were Helen Dennis, Billy Faye Robinson, Betty Jean Turkinett, Nancy Dean Cross, Carlene Moots, Dorothy Marie

**Recipe for SUMMER COOLNESS**

Serve REFRESHING Admiration ICED COFFEE and TEA

The summer season's beverage treat is... ADMIRATION Coffee or Tea iced. A grand, refreshing flavor makes either of these drinks the unanimous choice wherever iced beverages are served.

ADMIRATION Coffee is pure, richly flavored coffee at its tastiest best—the way it is roasted brings out its cinnamon-rich flavor.

ADMIRATION Tea is carefully blended from only top quality, tender tea leaves—full-flavored refreshment in every sip.

And if the Texas cotton crop could read the market report and see how its price is advancing it might make some effort to hang itself out of the grass.

**Tired Kidneys Often Bring Sleepless Nights**

Doctors say your kidneys contain 10 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning, sometimes showing there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pain, loss of pep and energy, swelling and finess under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## SOCIETY and CLUBS

By MRS. KATE RICHARDSON

### Wende At Club

Wende, daughter of J. W. Prange, route 1, was the bride of Ed. W. Prange, son of Mr. and Mrs. W. B. Prange, at the Cisco County Courthouse.

The ceremony was performed by Rev. Mr. J. W. Prange, pastor of the Lutheran church. The bride wore a simple dress of powder blue with a large picture of a girl on the bodice.

She carried a small white bouquet and a white ribbon. Her bridesmaids were her cousins, Mrs. J. W. Prange, who was in a dark blue dress, and Mrs. J. W. Prange, who was in a dark blue dress.

The ceremony was held at the Cisco County Courthouse. The bride and groom were accompanied by their parents and other relatives.

### Mrs. M. A. Northup Is Honored on 91st Birthday

A neighborhood party celebrated the birthday of Mrs. M. A. Northup, mother of Mrs. W. B. Northup, Wednesday evening.

The party was held at the home of Mrs. Northup, 1003 West Sixth Street, Cisco, for the past 21 years. She was born in Ohio, July 9, 1850, and is the mother of nine children, seven of whom are living.

Her husband preceded her in death many years ago. Mrs. Northup is a consistent member of the First Methodist church and attends the services regularly.

Her bright eyes, active mind and reasonably good health are very remarkable.

Two other daughters, Mrs. C. Adams of Wichita, Kansas, and Mrs. C. A. Melton, of Stillwater, Okla., are visiting her mother this week and were present at the birthday party in the station home last night.

### Cisco Young Lady Has Western Trip

Miss Juanita Wooten, daughter of Mr. and Mrs. J. L. Wooten, 910 West Fifth street, has just returned from a month's vacation tour of California and Old Mexico, which she made with her friends, Mrs. C. A. Watson and daughters, Connie and Leatrice

Watson, of the marine corps and Miss Wooten's cousin, Troy Anderson, who is training at the U. S. Naval air station on North Island.

### Luncheon Held By N&T Club in Robbins Home

The Needle and Thread club met in the home of Mrs. M. W. Robbins Wednesday with Mrs. C. E. Turknett as co-hostess and held a covered-dish luncheon. The luncheon was served buffet style with guests seated at small tables in the dining room and living room. The invocation was given by Mrs. Sim Ledford.

After luncheon the new president, Mrs. E. C. McClelland, called the meeting to order. Minutes of previous meeting were read by Mrs. Truman Prickett. Plans were made to take a sunshine box to little Larry Joe Prickett, who is convalescing in his home from a recent operation. Report of mailing birthday card to Mrs. Reese, a former member, was given. Plans for a picnic to be held on the lawn of the home of Mrs. Barton Abbott, next week, were made and members asked to watch the Daily Press for further announcement.

Roll call responses were favorable scripture verses or current events. The club was glad to have present Mrs. Ledford, who has been sick, and Mrs. E. R. Dunaway, who has been visiting on the South Texas border. Lunch was taken to Mrs. Ira Robinson, who is ill.

Following the business session, the remainder of the period was

spent in quilting and conversation. Those in attendance were Mrs. T. R. Prickett, R. D. Jones, E. C. McClelland, E. R. Dunaway, Sim Ledford, J. A. Smith, a visitor, Mrs. W. S. Eddleman, co-hostess Mrs. Robbins and Mrs.

Turknett and Howard Robbins, son of the house hostess.

# WE'RE GIVING AWAY 2 CAKES OF LAVA SOAP

Yours ... with the purchase of one package of OXYDOL

This offer will not appear again. Hurry! Supply Limited!

WE want to make sure you try today's OXYDOL. For today's High-Test Oxydol is a great improvement. And make no mistake—there's only one Oxydol. It contains an added, extra ingredient that most package soaps just don't have.

And wait till you see how Oxydol soaks out dirt! Just 10 minutes' soaking... a good dose or two... and clothes come clean without scrubbing at all. Even grimy spots take only a few quick rubs between your fingers.

And whether you wash by hand or use a washing machine, you'll get a beautiful wash... so white it will do your heart good to see it. In fact, one leading washing machine maker after another—a

whole group of them—now recommend Oxydol as the one soap to use in their washers!

Amazingly "Sneeze-proof" too—with No Loss in Washing Performance.

We particularly want you to notice how amazingly free today's Oxydol is from irritating "sneezy" soap dust! No granulated soap is more "sneeze-proof" than today's Oxydol. More important, we guarantee there's been no coarsening of product, no loss of washing speed, no sacrifice of washing efficiency or mildness.

Whatever package soap you may be using now... don't miss this generous offer to try today's improved OXYDOL! Procter & Gamble.
