## NAZI LOSSES CAUSE REPERCUSSIONS IN REICH

### RETAIL GROCERS' CONVENTION AUGUST 17 TO 20 IMPORANT TO RETAILERS AND CONSUMERS

DALLAS, Aug. 7.—Price control, licensing retailers, regimentation of consumers, and control of producers' goods seem to be questions uppermost in the minds of those who distribute foods to millions of consumers.

Of such concern are these questions to producers, consumers and distributor, the federal government is sending an official representative to Dallas to appear before the convention of the National Grocers association.

No action on vital questions involving the retailer and his position in the war emergency program has been taken by members of the association, said Roger Flournoy, of Dallas, secretary of the association.

For information of grocers, the office of Production Management is sending one of its expert consultants, Gerrit Vander Hooping, to Washington to discuss war emergency regulations and proposed legislation, before the convention. Mr. Vander Hooping is in authority and he comes to Texas for the convention as a representative of the federal government.

The entire business and speaking program of the three-day convention, led by some of the state and nation's ablest men in the food industry, will center around the grocer's part in conservation and distribution of food, price control and allied questions, the theme being the preservation of democratic ideals and ideals for the civilized world.

War emergency measures being adopted in Washington affecting their business and other proposed regulations in the shaping of which they may exert an influence, are expected to bring several thousand retail grocers to the meeting in Dallas, August 17 to 20, inclusive.

### O'DANIEL GIVES PLEDGE TO STAY WITH TEXICANS

WASHINGTON, Aug. 7.—Sen. Lee O'Daniel is said to have received members of the Texas congressional delegation at a luncheon he would cooperate with them, and they returned the pledge.

Among those present at the Texans' luncheon honoring the new junior senator were two of his recent opponents in the bitter-contested special election, Rep. Peyton Johnson of Johnson City and Martin Dies of Orange. Both took hands with O'Daniel.

Newspapermen and other outsiders were not invited to attend. The affair was interrupted when O'Daniel and Sen. Tom Connally dashed out at a page's call to vote over-ride the president's veto of the defense road bill.

### Red Attacker?

General Grigori M. Stern, above, Soviet hero of the Finnish war, is reported reading a Russian army of 500,000 for a big attack on the Karelian Isthmus near the Russian-Finnish frontier.

### CIO STRIKES IN EAST HALT DEFENSE WORK

NEW YORK, Aug. 7.—Big shipyards at Kearny, N. Y., and Brooklyn, N. Y., working on national defense contracts, were hit today by CIO walkouts which, according to union statements, involved 22,000 men.

The Kearny Federal Shipbuilding and Dry Dock Company yard alone was working on \$493,000,000 worth of naval and merchant ship construction. A CIO-called strike there became effective at midnight.

At Brooklyn, Chris Matheson, business agent of Local 13 of the CIO Industrial Union of Marine and Shipbuilding Workers of America, said that 6,000 workers in the two Brooklyn yards of Bethlehem Steel Company went on a work holiday early this morning.

The men are preparing shipbuilding material in the defense program. "Stalling Protested." Matheson said the union declared the holiday "to protest the stalling of the negotiations with the union by Bethlehem Steel." He added that "stoppage was 100 per cent effective." Manhattan and Brooklyn offices of Bethlehem Steel declined to discuss the matter.

Matheson said the local had no contract with the company but that Bethlehem Steel had agreed to negotiate a contract and that the stoppage was ordered because of disagreement over wages.

Also of high importance to the nation's defense program was a wage dispute involving 38,000 California aircraft workers, referred Wednesday night to the National Defense Mediation Board after a two-month stalemate.

Picket Line Established. Members of the Marine and Shipbuilding Workers threw a picket line in front of the Kearny yards, where a cruiser, six destroyers, three tankers and two cargo boats rest on the ways.

The union, which claims 16,000 of the company's 17,000 employees as members turned back 1,000 night shift men at the gates. There were no disorders. Police armed with riot guns and tear gas bombs stood by but they confined their efforts to observation and traffic duties. The pickets admitted maintenance men and union guards to the plant.

### SENATE CLEARS WAY FOR VOTE ON SELECTEES

(By United Press) WASHINGTON, Aug. 7.—The senate voted tentatively to authorize the army to extend the service of selectees, guardsmen and reservists to two and one-half years.

The vote was on an amendment clearing the way for early action on the bill itself.

### BROTHERS WED TWIN SISTERS; TO LIVE HERE

Mrs. R. L. Murphy, who resides on the Eastland highway, announces the marriage of her twin daughters—Misses Verna Fae and Erna Lea.

Verna Fae Murphy was married to J. Paul Jones on July 28, while Erna Lea and David B. Jones were joined in wedlock on August 1. The husbands are brothers and reside in Cisco.

The two ceremonies were performed by Rev. J. R. Wright, pastor of the First Christian church of Cisco, at his home.

### TALKING MOVIE CISCO CHURCH FRIDAY NIGHT

A talking movie of special interest to Christians and Bible students will be presented at the E. Cisco Baptist church Friday night at 8 o'clock, says Rev. Russell Dennis, the pastor.

The life of Paul will be depicted in story form, as well as the stoning of Stephen on the road to Damascus, a thrilling earthquake, Paul before Felix and King Agrippa.

A modern scientific temperance talk will precede the above.

There will be no admission charge, but a silver offering will be taken.

### CISCO STREETS WERE FLOODED ON WEDNESDAY

With precipitation of one and three-tenths inches, Cisco was flooded Wednesday afternoon with water flowing down the streets like a mill stream. As the water rushed from West Cisco, striking D avenue, several of the store buildings on the east side of Cisco's principal business street were flooded. Efforts to sweep the water back to the sidewalks were unavailing, as all the attendants could do was to protect the merchandise. The rain began about 3:20 and continued about an hour.

The clouds gathered in the north and with a stiff wind from the northeast, the slow sprinkle soon became a downpour—then the flood was on, with water flowing over the ridge of D avenue from Seventh to Third streets.

However, the precipitation was largely local, as outside communities report light showers only. About three-tenths of an inch is reported to have fallen at Abilene Wednesday, and about one-half of an inch this morning.

A nice shower fell at Baird, none at Albany and Moran, but a light shower was reported in the outlying section around Moran. No other towns reported.

### A. F. of L. Target

National Labor Relations Board member of Edwin S. Smith, above, expires Aug. 27 and the American Federation of Labor is vigorously opposing his reappointment, charging favoritism toward the C. I. O.

### WAGES MUST BE KEPT IN SANE BOUNDS

(By United Press) WASHINGTON, Aug. 7.—Price Administrator Leon Henderson declared today that wages "must be kept within bounds" to prevent inflation.

### ICKES WARNS OF SHORTAGE AVIATION GAS

(By United Press) WASHINGTON, Aug. 7.—Defense Petroleum Coordinator Harold Ickes today predicted a shortage of aviation gasoline in the United States unless the refining capacity is expanded.

Ickes said aviation gas will be shipped to Russia in four American tankers in addition to shipments in Russian vessels.

### ROSS REVIVAL IS GROWING IN INTEREST

The revival meeting at the Church of Christ is increasing in attendance each night, says Grover C. Ross, evangelist, who is doing the preaching.

Mr. Ross, formerly pastor of this church, but now pastor of the church at Winters, is an entertaining speaker and his sermons are of special interest to the spiritual minded.

He is of course anxious that his many former Cisco friends attend the meetings, but extends a cordial invitation to the general public.

Tonight's subject: "Can the Church Succeed, and How?"

### Only Light Rain Dan Horn Section

J. J. Livingston was a caller at the Cisco Daily Press office this afternoon, and stated that the Dan Horn community had only a light rain Wednesday, probably quarter or half inch. However, he said it was of benefit to feed and garden truck.

He told of a tomato vine at his place that is nine feet tall and loaded with fruit. Thought it would grow at least another foot before frost.

### WOMEN OF OIL BELT PLAYING GREAT GOLF

An interesting feature of the district golf tournament now under way at Cisco Country club, and which will continue through Saturday, was the driving contest of Wednesday afternoon.

This was hotly contested, despite the rainfall. Mrs. Jessie West of Ranger was winner in the first division, with Mrs. Ted Huestis of Abilene, second. In the second division, Mrs. Lillie Usery of Philpeco was winner and Mrs. W. W. Milner of Cisco, second.

Mrs. C. C. Dillon of Odessa, a stout six handicap swinger, soared to a flat 100 Wednesday after being caught in a savage windblown thunderstorm. However, she's capable of going around in the low 80s and was favored over Mrs. K. N. Greer of Cisco, who did a good 92.

Mrs. George Shows of Odessa, who took second place in the test round with an 87, was playing Mrs. Pauline Ater of Brownwood, who fired 104.

Mrs. Jesse West of Ranger, who has a fine wood game and did a 95 Wednesday, was engaged with Mrs. Earl Bradley of Abilene. Skies were clear Thursday morning and the course showed little signs of Wednesday's wetting. Some of the tees were a bit damp but uphill and down-dell fairways were dry and firm. Flinging started shortly after 9 a. m. and will continue until mid-afternoon. Besides the 16-player championship flight, two eight-player flights were in competition.

Scores 38 On First Nine. The day's program included the approaching and putting contests and a tournament tea during the afternoon.

Mrs. Huestis won the medal Wednesday on the impulse of a great front-nine 38, two over men's par. She was three over through five but bagged birdie threes on six and seven. On the latter hole she chipped a short approach into the cup. She was over at eight but parred the long and tough ninth.

On her second trip around, the defending champion slipped to a 46 but her 84 was good enough. Mrs. Shows had 42-45 for her second-place card.

The tournament will last through Saturday. The first-round pairings and qualifying scores:

Championship Flight—Mrs. Ted Huestis, Abilene, 84, vs. Mrs. H. T. Schooley, Ranger, 97; Mrs. Myrtle Weatherly, Brownwood, 96, vs. Mrs. Tillie Smith, Breckenridge, 107; Mrs. Dean Yonkers, Ranger, 95, vs. Mrs. Evelyn Statham, Cisco, 105; Mrs. K. N. Greer, Cisco, 92, vs. Mrs. C. C. Dillon, Odessa, 100; Mrs. George Shows, Odessa, 87, vs. Mrs. Pauline Ater, Brownwood, 104; Mrs. Hubert Ingram, Abilene, 97, vs. Mrs. Imo Carey, Breckenridge, 107; Mrs. Jesse West, Ranger, 95, vs. Mrs. Earl Bradley, Abilene, 107; Mrs. Ruby Lee Edminston, Brownwood, 95, vs. Mrs. Gertrude Whitman, Breckenridge, 106.

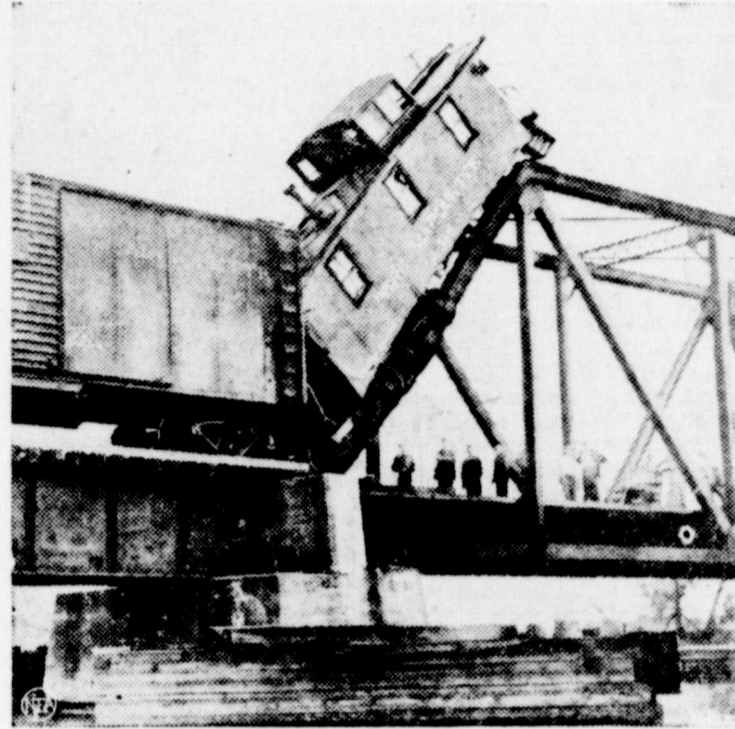

First Flight—Mrs. Lucille Huffer, Cisco, 108, vs. Mrs. Evelyn Shaw, Cisco, 108; Mrs. Clarice Black, Cisco, 108, vs. Mrs. Lillie Usery, Philpeco, 109; Mrs. Oma Milner, Cisco, 108, vs. Mrs. Margie Lairen, Abilene, 109; Mrs. Anna-Lee Brunkenhoefer, Cisco, 108, vs. Mrs. Allene Quinn, Odessa, 110.

Second Flight—Mrs. Gladys Hensley, Cisco, 111, vs. Mrs. Catherine Jackson, Cisco, 124; Mrs. Lucy Hammett, Philpeco, 112, vs. Mrs. R. A. Bearman, Cisco, 132; Mrs. Vivian Koonce, Philpeco, 112, vs. Mrs. Jeffie Jean Robinson, Cisco, 123; Mrs. Johnnie Miller, Abilene, 122, vs. Mrs. Lilah Lee, Cisco, 139.

### Trilling Tour

Grace Moore, Metropolitan soprano, waves goodbye as she boards clipper plane for singing tour of Latin America.

### RAF LOST TEN PLANES BUT HURT ENEMY

LONDON, Aug. 7.—The RAF Thursday reported successful raids on industrial centers of Western Germany and shipping off the coast of Holland but admitted that from its wide-ranging operations Wednesday and Wednesday night 10 planes are missing.

It was indicated that the assault was renewed on Northern France Thursday.

Again the night attacks were centered on Frankfurt, Mannheim and Karlsruhe in a continuation of the methodical pounding of German targets, and the communique reported "huge fires were started and a considerable weight of bombs was dropped on each city." These raids, however, cost eight planes.

The air ministry said that Blenheim bombers "searching for enemy shipping in daylight Wednesday" attacked a destroyer Wednesday off the Dutch coast, and "after the attack one ship was seen to be down by the stern with smoke pouring from it."

One British plane was missing after a night attack by fighter planes on bomber airfields in Northern France, the air ministry said. The tenth plane failed to return from a patrol flight.

During the night an airdrome in German-held Norway was attacked and "an enemy vessel" torpedoed off the Norwegian coast by a British plane.

The British said six German planes had been destroyed in the last 24 hours, five fighters by RAF fighters in a series of sweeps Wednesday, and a sixth fighter by a British bomber which it attacked over Germany.

### JAPS LIKELY MOVE INTO THAILAND

(By United Press) A special communication issued by the German high command has raised the possibility that the Nazis suffered heavy casualties in their Russian offensive, and that rumors of these losses are causing repercussions within the reich.

The statement gave specific figures of Russian losses, but made no statement of the German losses except to report them "moderate" in the big Smolensk battle.

In Italy, Capt. Bruno Mussolini, 23, son of Il Duce, was killed in the crash of a long range bomber he was testing. The Italian press termed it "a glorious death."

In the Far East indications mounted that Japan intends to move into Thailand and Siberia.

Shanghai reported Japanese demands on Russia included the demilitarization of the Siberian frontier and assurances that the United States would not be given bases there.

### GERMANS ON TENTERHOOKS IN NORWAY

(By United Press) LONDON, Aug. 7.—A high Norwegian source said today that Germany is constructing new airbases and other defense works throughout Norway, apparently in fear of possible invasion.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous wastes out of the blood. They help most people pass about 2 pints a day.

If the 12 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, redness under the eyes, headache and dizziness. Frequent or scanty passages with stinging and burning sensations are there something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Kidney Pills, the successful kidney pills for over 40 years. They give happy relief and will help the 12 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Miss Antilee Notgrass is visiting at Cross Plains.

BLACKS START RIOT AND TWO DEATHS RESULT

FAYETTEVILLE, N. C., Aug. 7.

Two soldiers were killed and six others wounded, one seriously, in an outburst of gunfire inside a private bus carrying 25 to 30 negro soldiers from Fayetteville to near-by Fort Bragg Wednesday.

The dead: Sgt. Edwin L. Hargraves, 20, of Corsicana, Texas, a military policeman, and Pvt. Ned Turman, 27, of Ashton, S. C., negro member of the 76th coast artillery.

The most seriously injured was Pvt. Allen E. Katzman, 22, of Sheridan, Pa., also a military policeman, who was shot through the neck.

Col. C. B. Elliott, commanding Fort Bragg, announced a board of inquiry would make a prompt investigation, pending which he ordered the military police to refrain from discussing the affair.

Detective Roy Godwin of Fayetteville said he was told Hargraves intervened when a dispute arose concerning the bus fare, and was kicked in the face by one of the negroes.

A scuffle ensued between the sergeant and Turman, he said, in which Hargraves was killed with his own pistol, and several shots rang out.

Then, the detective related, Sgt. Russell Owens, 25, of Hartley, Ky., another M. P., entered the bus and shot Turman.

Fort Bragg authorities announced that all leaves to Fayetteville for negro soldiers had been cancelled.
