IN DOGHOUSE? NAZIS, REDS IN GIGANTIC POWER TEST

Advice for Troops in Texas

PREPARE TO GIVE 'EM HELL CITY IN VIEW IF & WHEN & IF THE TIME COMES

Go to it boys! was salutation on this banner offering potent advice to truck convoy of 45th division troops rolling through Longview, Tex., en route to maneuvers along Texas-Louisiana border.

The German and Russian armies, using air-borne tanks, are grappling in a gigantic test of strength on three sectors of the Eastern front.

The Nazis threw increasing power into their offensive and are hammering at the outer defenses of Leningrad, where are located the main Ukraine war industries. The Nazis claim Russian southern forces are facing disaster after falling back across the Dnieper river.

Moscow reports that local offensives pushed the Germans back on the Moscow front.

Berlin said Nazi forces have sunk 30 Russian vessels as the latter attempted a "Dunkirk" evacuation of encircled Odessa. They claim also that the Russians suffered huge losses in similar evacuations of Tallinn and Lake Ladoga areas in the north.

Rev. H. N. Balderree will begin a series of five messages on stewardship at the E. Cisco Baptist church tonight at 8 o'clock. The meetings will continue through Sunday night.

Tonight—Fifteen-minute devotional by the Juniors; thirty-minute message on "Stewardship of Time"; fifteen minutes for testimony and prayer.

Thursday night—Fifteen-minute devotional by Intermediates; thirty-minute message on "Stewardship of Talents"; fifteen minutes for questions and prayer.

Friday night—Fifteen-minute devotional by the Seniors; thirty minutes on "Stewardship of Money"; Brotherhood meeting following.

Mr. Balderree says he is anxious for all to attend these services; that the Bible will be his text book.

FISH BITING LIKE HUNGRY SEAL AT LAKE

RED CROSS WORK BEGINS 9 A. M. FRIDAY

The building on Sixth street across from the fire station is now in readiness for the volunteer workers who will begin operations next Friday morning, at 9 o'clock," said Mrs. W. W. Wallace, co-chairman of the Red Cross work in Cisco and vicinity. Mrs. Curtis Kimball is county chairman, with headquarters in Eastland.

Mrs. Wallace is grateful for the co-operation she has received from the city and Joe Clements in having the building cleaned and put in readiness and placing the sewing machines for the workers; also to J. J. Collins, who is donating the use of the building.

The building has been equipped so the workers may remain and work there, or they may take the work to their homes if they prefer. It is hoped the ladies will respond and offer their services in this worthy undertaking.

While all materials are furnished, there is still need for thread number 50 and buttons for the boys' shirts and a larger button for the convalescent robes. Either dark or light buttons will be received, as the color of material is gray. Knitting yarns are also on hand and will be furnished those who will make the knitted garments, men's wool sweaters, etc.

The workers needed at first are those who are capable of cutting; boys' shirts are the first garments to be made, and those who can cut well are requested to come Friday morning.

Immediate survivors include the husband; a son, Claude Johnson, and a daughter, Mrs. R. B. Reeder.

400,000 HAVE NO WAY REACH THEIR HOMES

DETROIT, August 20. — Street car and bus operators of Detroit's municipal transportation system struck suddenly this morning, leaving some 400,000 factory and office workers to find unusual means of getting to their jobs.

Thousands were delayed and the Hudson Motor Car company has suspended production at two of its plants, 9,000 workers being unable to get to and from their work.

The strike brought from Mayor Edward J. Jeffries, youthful head of the city administration, a threat to "call upon the might of government" to end the tieup.

"You can't run the city of Detroit," he warned leaders of the American Federation of Labor here at a conference.

A spokesman for the striking union, Division 26 of the Amalgamated Association of Street Electric Railway and Motor Coach Operators of America (AFL), said the walkout was intended to enforce the union's demand for recognition as sole bargaining agent for the operators.

"A Little Off Base."

Mayor Jeffries retorted that this was in effect a demand for a closed shop, and that "we can't grant that."

"When are you going back to work?" was the mayor's opening remark at Wednesday morning's meeting with union leaders. "We've got some state laws and some city laws, and you fellows are a little off base this time."

There was no immediate answer from the unionists.

One thousand street cars and 1,650 buses stood idle in terminals as a result of the 4 a. m. strike action, and the proud nickname of "The Motor City" took on a new and stern significance.

Taxi drivers extended their cruising radius and reaped a rich harvest. Companies placed additional cabs in service as fast as other drivers could be found to man them.

Rides Are "Bummed."

Neighbors begged rides from neighbors as citizens became aware of the overnight tieup.

And still there were hitch-hikers on nearly every corner at 7 a. m., at start of the rush to work. Motorists generally proved obliging and there were few automobiles that were not carrying at least double their customary load.

A survey of automobile factories indicated many employees were from five minutes to an hour late arriving at their posts but in most cases production lines began on schedule without waiting for the stragglers.

The mayor said he was "dumb-founded" at the action of unionists.

State labor laws require a five-day "cooling off period" after notice of intent to strike, and a 30-day wait in disputes involving public utilities.

"I had thought that in this day and age responsible unionists gave proper notice of intent to strike," Mayor Jeffries declared.

A jurisdictional dispute between the AFL union and a rival CIO organization resulted in the strike, unexpected in view of recent wage concessions which stilled previous rumblings of discontent. A three-man board of arbitration increased the hourly wage of street car motormen and conductors from 83 to 87 cents, and the wage of bus drivers, who collect their own fares from 86 to 92 cents.

EASTLAND CO. REGISTRANTS TOTAL 3,437

The Eastland county selective service board says the total number of registrants as of August 14—for both registration days—is 3,437.

In the first registration it was necessary to cancel six cards. The board had one duplication (same registrant registered twice), two registrants were under age and three were over age.

Three of the original registrants have died and 2,014 of the total number have been classified.

The board has sent 135 selectees to the induction station, 112 were accepted and 23 were rejected for physical defects; 61 of the 112 were volunteers; 10 of the 23 rejected were volunteers; 10 of the volunteers were under 21 years of age; of these seven were accepted and three rejected. A checking of the records discloses that 19 of the above 135 indicated were over 28 years of age and can probably be released under the age bill just passed.

The board reports its first I-A negro registrant—Edward Durall, an employee of the Connelley hotel, Eastland. This negro volunteered for army service on April 4, but was rejected by a local doctor for physical reasons. He received treatment to correct his disability and on August 5 asked that he be examined again. On the last examination Durall was found to be OK and he again volunteered for service.

Miss Dorothy Jean Anderson returned Sunday from a visit with friends in Odessa.

WOLVES, CATS DESTROY MANY KIDS, LAMBS

J. S. Hill of Hill Bros. ranch, situated about six miles north of Cisco on the Breckenridge highway, called at the Daily Press office this morning.

Mr. Hill stated they are having considerable trouble with wolves and wildcats killing young sheep and goats. They have lost from 125 to 150 head of kids and lambs.

A government trapper now promises relief and has caught four wolves recently. This trapper, H. B. Baker, of 602 E. Sixteenth street, Cisco, has been placed over Eastland county and will give all possible aid in destroying the destructive animals.

Roy Phippen has also reported wolves in his pastures and the cattlemen, says Mr. Hill, want to keep the trapper until he can free this county from the marauders.

J. S. Hill and his brother, Walter Hill, have a lovely place, the house and big barn being constructed of native stone. The barn is one of the largest and best constructed in this part of the country.

They have about 2,000 acres of ranch land on which they run Rambouillet sheep, Angora goats and Hereford cattle.

They usually carry from 1,000 to 1,500 head in their pastures.

STUDENTS HERE FROM PIEDMONT COLLEGE, GA.

Here for their second annual visit to Lake Cisco, came six bus loads of college students, school officials and their wives from Piedmont college, near Atlanta, Ga. While here the party, 115 strong, occupied the Presbyterian camp cabins and other buildings of the camp site.

The party was on the return trip of a vacation of seven weeks spent in the western section of the United States, where they visited the natural attractions that section affords, including Grand Canyon, Boulder Dam, Yosemite National Park, and other places of interest there and en route.

The visitors are traveling with their own equipment, with buses for the cooking and other accommodations. There were six buses and two cars in the caravan.

REEDS CAME TO EASTLAND COUNTY IN '76

A reunion of the Reed family, pioneers of Eastland county, was held at Lake Cisco Tuesday in an all-day visit and with picnic lunch served at noon.

Watson Reed and wife brought their family to Eastland county in 1876, before the railroads were built; descendants of the family have lived in this section since that time.

The youngest son, J. H. Reed, who is 89, lives in Breckenridge and both he and his wife were present at the reunion. They have a large family but only three of their daughters were present on this occasion. They were Mrs. H. C. Peffer of Breckenridge, Mrs. W. D. Hazel of Cisco and Mrs. W. G. Frazier of Levelland.

J. H. Reed was married to Miss Sallie Greer, December, 1883; she was the only assistant teacher in the first session of the Cisco public schools, of which Frank Kynette was the superintendent.

Others present Tuesday were Mrs. C. D. Moseley and son, Ralph Moseley, of Lubbock; Mrs. D. G. Hunt, Eastland; Mr. and Mrs. W. D. Jenkins, Linford Manuel, Gwen Manuel, Dolores Kilgore, Mr. and Mrs. Edgar Strickland, Sylvia Hazel, Cisco; Mrs. Watt Smith and son, Roland Smith, Abernathy; Miss Beatrice Smith, Ford Smith and Peggy Smith, Peacock; W. G. Frazier, Mary Frazier and Francis Mead of Levelland.

BIG YIELD OF PEANUTS INDICATED

Indications point to a bumper peanut crop this year, especially in the sandy land section of Eastland county, if sample bunches brought to the Daily Press office Tuesday by Mrs. J. W. Brawley and son Lewis, of the Curtis community can be taken as an average.

Mrs. Brawley said they have 130 acres in peanuts and the bunches exhibited indicated the crop is still putting on fruit. These nuts were firm and well-filled with meat, showing no empty or faulty shells, and as there is yet two months in which the nuts will make and mature, an increased yield may be expected. It is hardly possible that even an extended dry season could deter a continuation of added nuts, as there is sufficient moisture to mature the crop.

The average yield in the past has been around 15 bushels to the acre, but the nuts have been light and some faulty, and as the crop is sold by weight instead of measuring, the full maturity expected will be in favor of the grower. It is estimated that the yield this year will be not less than 20 bushels to the acre.

Come on back, winter! We didn't mean what we said about you!

DEFENSE BOND QUIZ

How many Defense Savings Stamps does it take to fill an album?

Seventy-five 25-cent stamps; seventy-five 50-cent stamps; seventy-five \$1 stamps; or fifteen \$5 stamps. The completed albums are immediately exchangeable for Defense Bonds (Series E) at your post office, or through your bank.

Where are the Bonds registered?

The Bonds are registered at the Treasury in Washington.

NOTE — To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C., for a mail-order form.

Navy Recruiting Office at Cisco

A part-time navy recruiting station will be established at the postoffice in Cisco. C. L. Wylie, officer in charge of the recruiting station at Abilene, has announced. Mr. Wylie says the office will be open on Monday of each week.

Enlistments will be accepted for the naval reserve as well as the regular navy. Those enlisting in the reserve have their choice of assignments to the following schools: machinist, electrical, metalsmith, carpenter, storekeeper, radio, yeoman, and signal.

Period of enlistment in the reserve is for four years (to serve on active duty during the national emergency).

Do You Remember?

(From Files of the Cisco Daily News, November, 1925.)

"Cisco excelled all previous attempts in staging its Armistice day parade," said Judge E. W. Patterson, who by special invitation of the judges, occupied a seat on the judges' stand Wednesday. Judge Patterson took no part in rendering the decisions, as he, being a Cisco man, was merely called in that he might help designate the owners names to the judges. "This parade, which was led by Col. Mark Riley of Austin, astride a white horse, was the most creditable ever pulled off by Cisco," said Judge Patterson.

The Parade.

The formation of the parade was as follows:

V. G. Locke, carrying Old Glory.
Col. Mark Riley of Austin, horseback.
Members American Legion on foot—H. A. Biele, Bob Herrin, A. E. Herring, J. T. Madoux, Buford Nunley, Zed Erwin, Cal Hatton, W. C. Brooks, B. V. Frost, H. G. Bailey.

One of the largest funerals ever held in this section was that of the pioneer Texan, J. M. Coffman, at Cross Plains Sunday. Mr. Coffman was 80 years of age and was termed the "founder of Cross Plains." He was one of Morgan's men and served throughout the Civil War. Nearly every town surrounding Cross Plains was represented and some of the other pioneers of this section served as pallbearers. A large number of Masons and former friends of deceased Coffman attended, as Mr. Coffman was a charter member of the Cross Plains Masonic lodge.

Among those attending from Cisco were R. A. St. John, Mr. and Mrs. Jno. E. Patterson, Ernest Patterson, Dan J. Smith, J. J. Butts, W. P. Caldwell, Sidney Smith, J. W. Ridgeway, Joe Wilson, Burt Brittain, W. J. Britain, W. M. Reagan and Mrs. Bertus Langston, niece of deceased the pallbearers were R. A. St. John, Cisco, Dr. J. J. Paul, T. E. Paul, Sam Strahan, Cross Plains; Judge B. L. Russell and W. E. Gilliland, Baird.

Charles G. Gray presided at the meeting of the Rotary club Thursday, Twenty-six members and two guests were present, the latter being Bob Herrin and Ernest Lennon. Both of these gentlemen made interesting talks on the Boy Scout movement in Cisco, as did Forrest Wright, Minter Womack, J. M. Williamson, P. W. Campbell and President E. P. Crawford. It was the opinion of all the speakers

The Vichy Fleet Still a Threat to Britain

The Vichy navy remains a potent threat to the Allies, despite its crippling by British and Free French attacks, as Premier Petain and Admiral Darlan commit France to new collaboration with the Nazis. These exclusive pictures show one of the fleet's modern battleships (note big guns), as seen from five control tower of another vessel; Admiral Darlan, new Vichy war chief, scanning the sea from the bridge of a warship; and a line of swift destroyers cruising off the west coast of France.

that something should be done at once to revive the local Boy Scout organization and make it function to the fullest. The problem was referred to the Boy Scout committee of the club, and that committee will endeavor to secure a permanent and active scoutmaster at once. Resolutions were adopted thanking Mrs. A. C. Green for her energy and artistic ability in decorating the beautiful Rotary float for the Armistice day parade. Rotarian J. C. McAfee, who expended many hours of labor and thought in securing and placing the Armistice day decorations throughout the business district, was also commended for his excellent work. Cisco Rotarians will participate in the big inter-city Rotary meeting to be held in Ranger next Wednesday night, at which District Governor Cline will be present. It has been made a Rotary-Attn affair and Cisco Rotarians will take their wives.

Synthetic Hit Chile's Large Nitrate Trade

BETWEEN 1880 and 1910, Chile derived an annual income of \$10,000,000 gold from a \$1000 (per ton) export tax on nitrate. In 1913, the country supplied 90 per cent of the total nitrogenous fertilizers in the world. Today, with synthetic processes of manufacture in Europe and the United States, that trade has fallen to 8 per cent. Although the nitrate industry has slumped, the mining industry as a whole is still important. The government recognized its mines philately in 1936 with the stamp above. Over a million metric tons of iron ore are shipped for export annually. About two million tons of soft coal are mined. Silver mining has dwindled, but currency devaluation has given gold production an impetus. Manganese, molybdenum, sulphur and common salt are other minerals which are found in Chile.

EDSON'S WASHINGTON COLUMN

Those Are Loud Rumbblings in the Far East—But Don't Bet on War With Japan Tomorrow

BY PETER EDSON
NEA Service Washington Correspondent

WASHINGTON—The more you read the less you know, and the more you follow the dope of the experts the more you believe that Big Bill Knudsen was right—"An expert is a mechanic away from home."

That general negation can be applied to military experts, political experts, all economists, experts on foreign affairs and particularly experts on the Far East. In the opinion of people who should know, there ain't any such animal as that last.

An examination of the record of most so-called experts on the Far Eastern situation will prove this easily. A year ago they began predicting that the U. S. fleet would go to Singapore, that war between the U. S. and Japan was inevitable, and that the Japanese were ready to seize the Dutch East Indies any 15 minutes. On the general theory that if you predict a thing long enough and hard enough it will come true under the law of averages, all these things may happen. But don't do without eating until they do, for there are any number of reasons, military as well as economic, that they aren't going to come off instant.

MILITARILY Japan is rated the third most war-weary country in the world, Spain and Italy alone being ahead of her in that kind of despair. Furthermore, Japan is in the position of the big fish which swallowed the hook and can't spit it out.

She has an army of less than two million—1,600,000 under arms and another 200,000 or so called up. She has the manpower for an army of four million, but can't get the arms or equipment for them. That is, she has 57 divisions under arms and the most she can raise is 66, instead of the potential 200.

Information is perhaps none too accurate, but the best dope is that 10 divisions are in Manchukuo against the two red banner armies of the Soviet made up of 26 infantry, 10 cavalry and four mechanized divisions. Thirty-seven Japanese divisions are occupied in China, one is in Korea, one on Sakhalin Island, three or four in Hainan and French Indo-China, and four or five at home. That's what the military experts call extreme dispersion.

Japanese mechanized forces are as bad if not worse than even the American. Japanese air forces of approximately 3600 planes are mostly 1939 models, copies of German originals now obsolete, and 750 miles is still the effective range for bombers carrying bombs. From Saigon, French Indo-China, to Singapore is 840 miles and from Formosa or Canton to Manila is about the same. From Vladivostok to Tokio is 680 miles.

That would seem to leave it up to Japan's navy—and a right good navy, too—if Japan it to go places. She can, of course, ride off in all four directions. If she goes north and runs into the Soviet, there is plenty of trouble ahead. She can go farther into China at about the same rate she has gone in the last four years.

She can go south, against the Malay peninsula and Singapore and encounter a great many worries. The occupation of Indo-China can be considered as accomplished, and Japan might even penetrate Siam, but Singapore is something else again. Before Japan can tackle the Dutch East Indies, she must reduce Singapore, and it would take years.

To the east lie the Philippines. They are within range, and if Japan did not have her hands full in three other directions, they would be pie any time she wanted to help herself. Engaged as the Japanese are on three other fronts, a full shooting war, requiring complete coordination of sea, air and land forces, would keep the Japanese gentlemen very busy indeed for quite some time, sank you, please.

So don't bet on war with Japan tomorrow.

Starting fires with care is a fine theory but in just a few months you'll find out you need coal. Although hogs never sunburn easily and are perspire. Lots of home gardeners have lost faith in the sow, so shall you reap. Japan annexed Korea.

Slumber Party Monday Night In Bond Home

A delightful slumber party was given by Miss Wanda June Bond in her home on the Eastland highway Monday night. After meeting in the Bond home, the girls went to Eastland, chaperoned by Mrs. Bond, where they attended the picture show in a body.

Upon their return to the home they found a number of their boy friends. The entire party enjoyed dancing and other games on the well-lighted lawn until a late hour.

The girls then partook of a midnight snack, played a number of pranks and told ghost stories until they decided the time had come to go to sleep.

Those attending the party were Misses Rose Ann Woods, Dorothy Jean Anderson, Betty Slicker, Peggy Jean Galtner, Jacqueline Huppert and Wanda June Bond.

Y. W. A. Group Has Splendid Meeting Tues.

When the Young Women's Auxiliary of the First Baptist Church met in the church Tuesday evening at 7:30, an interesting program was given and social hour held afterward. The meeting was opened with the Y. W. A. hymn "Oh, Zion Haste" sung by the group; Miss Freda Grist led in the prayer following. Miss Billye Cole, presided during the business period when discussion was made about the coming Young People's Conclave of the Association which will be held in Cisco. The program on the subject of "Missions" was then given with Misses Willie Frank Walker, June Halbert, Freda Grist and Eugenia Jackson taking parts. The session was closed with prayer led by Miss Loree Clifton.

Refreshments were served after the meeting by the hostesses, Misses June Dennis and Jeanne Snowden. Those attending were Misses Billye Cole, Bobby Grace Shirley, Miriam Ghormley, Freda Grist, Loree Clifton, June Halbert, Willie Frank Walker, Eugenia Jackson, Geneva Isenbower, Eula Mae Jackson, Jeanne Snowden, June Dennis and Misses Lucy Abel and M. B. Osburn.

Council Group Two with Mrs. Flournoy

Mrs. James Flournoy was hostess to First Christian Council Group Two in her home Tuesday afternoon. Mrs. H. H. Tompkins, group chairman, presided during the business period.

The study topic, "Democracy and the Church," was directed by Mrs. Flournoy, ending with a round-table discussion.

A social hour followed during which refreshments were served to Misses H. H. Tompkins, Lucretia Irbey, C. E. Hickey, J. A. Tune, L. C. Moore, Lida Bills, Rex W. Moore and Mrs. Flournoy.

Mrs. B. S. Huey Is Hostess to Circle

Presbyterian Auxiliary Circle One met in the home of Mrs. B. S. Huey Tuesday afternoon at 3:30 with Mrs. W. W. Wallace presiding. After the brief business session a splendid devotional was brought by Mrs. W. F. Watson.

The program, taken from the Presbyterian "Survey," was then given, which was on the subject, "The Sins of the Saints." Mrs. W. W. Wallace, Mrs. Abbie Daniel, Mrs. B. S. Huey, Mrs. Pearl L.

Halifax Aide

Sir Ronald Ian Campbell, British minister at Washington, would take over duties of Lord Halifax in Washington if the British ambassador returns to England.

Ward and Mrs. Guy Brogdon discussed the various sub-topics.

Celebrating the birthday of Mrs. Abbie C. Daniel, Mrs. W. W. Wallace brought a lovely birthday cake which was served with punch to the following guests: Misses Abbie C. Daniel, W. F. Watson, W. W. Wallace, E. R. Watson, A. E. Jamison, J. E. Coleman, J. G. Rude, G. R. Brogdon, Pearl L. Ward, F. J. Borman, Miss Willie Ward and Mrs. Huey.

Mrs. O. J. Russell Is Circle Hostess

The Ann Margaret Circle of the First Baptist Women's Missionary society met with Mrs. O. J. Russell Tuesday afternoon.

Mrs. A. C. Skiles, circle chairman, presided over the business session, where routine matters were transacted and collection made for the 100,000 club pledge.

Mrs. E. L. Jackson led the closing prayer. The chairman directed the Bible study from the Book of Isaiah in the absence of the teacher, Mrs. J. E. Burman. Refreshments were served at the conclusion to Misses R. F. Blackstock, A. C. Skiles, Fred Grist, E. L. Jackson, W. C. Clements and Mrs. Russell.

DESDEMONA

G. V. Brazell and family, J. J. Alvis and family and Thomas Browning and family attended an all-day Fellowship meeting at the Church of God, at Ranger, Sunday.

Mrs. I. N. Williams drove down to Comanche on business, Friday. Mr. and Mrs. Tom Nabors went with her and visited some of their relatives.

Mr. and Mrs. Raymond Anderson, of Stephenville, were weekend guests of his mother, Mrs. Sallie Huffman, and of her mother, Mrs. J. R. Buchan on Sunday. Mrs. J. R. Buchan and Miss Lillie Buchan, drove up to Breckenridge and visited F. E. Walker and family. Mrs. Walker is Mrs. Buchan's daughter.

Scotty Lemaster who is attending a school for welders, at Arlington, came home for the weekend.

Mrs. George Patterson is visiting relatives at Fort Worth and Freer.

Miss Captola Browning went up to Ranger Monday to resume work where she had worked several months last winter and where she had the misfortune of falling and breaking one of her legs.

Mrs. C. A. Skipping and two small sons and Mrs. Mollie Ernde, drove up to Eastland on business Monday morning.

Rev. Arvill Richardson enjoyed a visit last week from his sister, Mrs. Kirkland and children of Cisco.

Mrs. T. I. Long of Plainview, is visiting her daughter, Mrs. Howard Williams, and family.

Mr. and Mrs. Hugo Poe attended the picture show at Gorman, Friday night.

Hoyt Lee Browning is expected to reach home in a day or two from Elkhart, Indiana, where he has been working all summer in a veneer factory. He got the job through a classmate at Daniel Baker college at Brownwood. That classmate had relatives working in the factory and they secured the jobs for the two boys. Hoyt Lee's friends are glad to know of his success.

C. A. Skipping went to Ranger today (Tuesday) to take a load of fruit and vegetables to the cannery. The products were donated by people of Desdemona and will be used in supplying the food for the Desdemona school lunch room which proved very successful the past year.

Mrs. I. N. Williams drove up to Ranger, Saturday afternoon to meet Mrs. W. C. Bedford who arrived by train at 4:10. Mrs. Bedford had been on a three months vacation trip to Arkansas. It had been 12 years since she had visited her sisters at Helena and Augusta and other relatives at Little Rock and Searcy (her native town) and friends at Lexa and Cabot. She reports that the vacation was delightful.

Miss Ruth Alvis, one of the graduates of our high school last May, left several days ago for Pampa where she had been offered a good job.

C. P. Farmer of Cisco has been here the past ten days looking at-

ter the Texas Company's lease while B. F. Kincaid and family were on their vacation.

The Women's Society of Christian Service met Monday afternoon at the Methodist church at Victor. The meeting was called to order by the president, Mrs. Charles Lee who conducted a short business session. The devotional was led by Mrs. Alice Harrison. Opening prayer was offered by Rev. Galloway, a visitor, who is holding a revival meeting at the Baptist church at Victor. The regular program was led by Miss Olga Smith. The subject was "Investing Our Heritage of Denominational co-operation."

The several topics brought out facts as to committees and projects in which many denominations unite for missionary and welfare work both in home and foreign fields. On next Monday the society will again meet at Victor in an all day meeting at the home of Mrs. Belle Smith.

Those members from Desdemona who attended were: Mrs. Charles Lee, Mrs. H. B. Clark, Mrs. W. C. Bedford and Miss Mollie O'Rear and those from Victor were: Miss Alice Harrison, Mrs. Belle Smith, Miss Olga Smith and a visitor, Mrs. Worth Smith. Other visitors were Rev. H. B. Clark, pastor of the Desdemona and victor churches, Rev. Galloway—a Baptist evangelist and Mr. White, of Victor.

On Tuesday of last week, Mr. and Mrs. I. N. Williams returned from their vacation trip during which they visited relatives at Charlotte, North Carolina, and Robinson, Illinois, and a number of other places. They stopped for a short time at Lawrenceville, Illinois, and visited Mr. and Mrs. John Mendenhall and their daughter, Mrs. Mattie Henry and her son, Walker Henry who formally lived in Desdemona and whose many friends are always glad to hear from them.

Mr. and Mrs. C. W. Maltby and son, Neil, and daughter, Varda drove out to Abilene Sunday and Neil remained and on Monday he entered Draughon's Business College.

Miss Ava Grindstaff, of Haskell,

who has taught Home Economics in our high school the past two years, returned Saturday and began her work of supervising the home projects of the pupils in her department. Her many friends are delighted to welcome her back to our town.

Mrs. Travis Wilcoxson and little son left Saturday for Penwell where her husband is working for the Phillips Petroleum company. R. A. Brown and family accompanied by Miss Mollie O'Rear, drove out to Salem in their new sedan Sunday night and heard Rev. H. B. Clark preach the closing sermon of the revival meeting.

Mrs. S. E. Snodgrass is visiting her sister, Mrs. Zack Ratliff at Fort Worth.

Whit Richards and family visited his parents at Stephenville, Sunday.

Sympathy of the community is being extended to "Doc" Revels on account of the death of his brother, Bob Revels who passed away Wednesday at his home a few miles from town.

Our entire town was shocked and grieved to hear early Monday

morning of the sudden death of Mrs. Tom Friday. She had started to cook breakfast and Mr. Friday had gone to milk the cows and she evidently had a heart attack and fell to the floor where he found her just as she breathed her last time. A longer notice will appear next week. Sympathy is being extended to the family.

FARM CROPS FIGURE BIG WITH FORD

DETROIT, Aug. 26.—The automobile industry is one of the farmer's best customers, according to a report based on the extensive use of farm products by the Ford Motor company in building cars and trucks.

It is estimated that each 1,000,000 units it manufactures, Ford needs from the American farmer the following agricultural items:

Cotton—69,300,000 pounds or the annual output of 433,125 acres.

Wool—3,204,000 pounds or the wool from approximately 801,000 sheep.

Wool—112,000,000 board feet or 20,500 acres of forestlands.

Cattle—30,000 head to provide 1,500,000 square feet of leather.

Soybeans—600,000 bushels.

Flax—118,000 bushels, equivalent to 17,500 acres.

Tung oil—195,000 gallons.

Hogs—20,000 head, to provide 1,000,000 pounds of lard oil lubricant.

Corn—451,500 bushels, equivalent to 11,280 acres.

Wheat—120,000 pounds as flour used in foundry.

Goats—87,500 head to provide 350,000 pounds of mohair material.

Jute—5,000,000 pounds.

Pine pitch—2,060,000 pounds.

Sugar cane—enough to provide 2,500,000 gallons of molasses.

Honey bees—83,000,000 bees, to produce 6,000 pounds of beeswax.

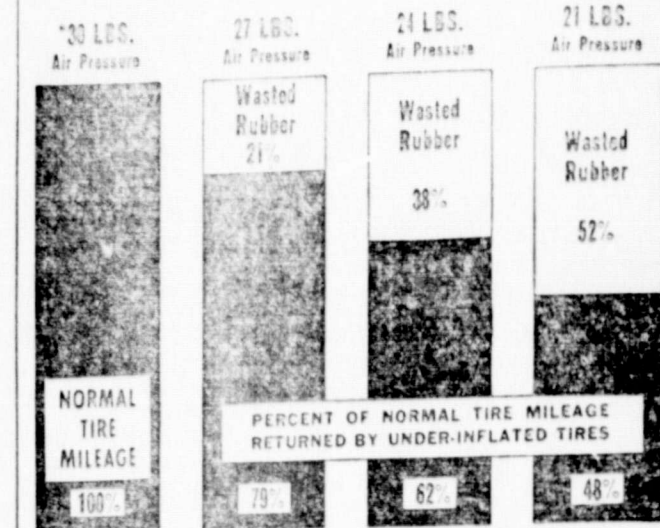

Castor oil—150,000 gallons.

Most of the cotton brought to the Ford Rouge plant is used in the form of upholstery cloth and in tire fabric. Wool is used in upholstery and for certain gaskets. The cow plays its part by providing leather upholstery, gasket material and glycerine.

Soybeans have many uses in the Ford industries, due to the pioneering efforts of Henry Ford in trying to find more and better uses for farm products in his plants. Chief among them are in the body finishes, moulded electrical parts and as core oil and bond in the foundry. Flax is utilized in paints, core oil, soft soaps and glycerine. Two chief uses for tung oil are in enamels and varnishes and in brake linings.

The hog contributes lard oil for rear axle lubricant and also provides bristles for brushes. Jute goes into carpet backing, and pine pitch is used for foundry resin, turpentine, adhesives, paints and lacquers. Sugar cane provides alcohol for anti-freeze, shock absorber fluid and various solvents.

EFFECT OF UNDER-INFLATION ON MILEAGE LIFE OF TIRES

*Recommended Air Pressures vary according to the size of tire and weight of car. 30 lbs. is used for illustrative purposes.

Underinflated tires are responsible for more wasted tread rubber than is any other single cause. To assist motorists in conservation of rubber for national defense needs, tire development engineers of The Firestone Tire & Rubber Company have compiled the above data to show that maximum wear can only be assured when tires are kept properly inflated at all times. If a normal tread mileage is run at 27 pounds of pressure (19 per cent underinflation), almost one-fourth of normal tread mileage is sacrificed. A tire that is 9 pounds underinflated wastes one-half of the tread rubber.
