NUMBER 3

AMERICAN WAR AID ARRIVES IN RUSSIA

JAPAN MUST QUIT AXIS, STOP AGGRESSION IF SHE BETTERS U. S. RELATIONS

WASHINGTON, Sept. 4.—The United States government, reliable sources in Washington disclosed Thursday, has told Japan, in effect, that it must quit the Axis alliance and alter its present policy of aggressive expansion in Asia if it wants a general understanding with this country in the Pacific.

This represents the American government's answer to Japan's move for an improvement in relations with the United States. The ball is now considered to be in Japan's hands. It is being left up to Tokyo to decide whether it wants to stake its future on better relations with the United States or risk a major conflict in the Pacific by continuing to play on the Axis team in the hope of sharing in the spoils.

If the Nippon Empire should decide that the Axis alliance is the wrong side to back in the present world struggle, and providing the Japanese give concrete evidence of good faith, there is reason to believe President Roosevelt would welcome the opportunity to attend a Pacific conference to discuss a general settlement of Far Eastern problems.

However, official sources make it plain there is no likelihood whatever of the president's going to the Pacific to appease Japan at the expense of China or anyone else.

High official quarters in Washington emphasize that American appeasement of Japan is definitely at an end. That policy, it is pointed out, was followed by this country for some time with results that are considered far from satisfactory.

Japan now has been told that while there is no more appeasement, there still is no need for trouble between the two countries if the Nippon Empire behaves itself.

This government feels there are many things Japan could do to behave itself, and to show evidence of its good faith in wishing to improve relations with the United States.

For example, the view prevails in Washington that Japan can not behave itself as long as it remains a member of the Axis alliance, which the government regards as a movement of world conquest.

PETE NANCE LEAD ROTARY MEET TODAY

President Edward Lee opened the Rotary meeting at noon today by calling on Rev. Gary Smith for the invocation. Rotarian Smith has just returned from his vacation and was warmly greeted by his fellows.

Rotarians joined in singing a number of inspirational songs, led by Ernest Hittson. While several of the membership seem unable to carry a note very far without becoming red in the face, nevertheless a majority of the members are good singers and this weekly feature is really a most enjoyable one.

Pete Nance, program chairman for September, reviewed the current issue of Rotary magazine in an interesting manner. He recommended that Rotarians form the habit of devoting an hour to the publication each month, expressing the opinion they would ultimately find such practice of value and interest.

Visitors present were Dixie White of Lubbock and John Defebach and Joe Johns of Abilene.

STATE POLICE MAKING ROADS MUCH SAFER

AUSTIN, September 4.—Reflecting the increase in drunken driving convictions under the new misdemeanor law, a report by State Police Director Homer Garrison says 333 persons were deprived of their driving privilege between June 6 and August 20.

Of this number, 245 drivers' licenses were suspended or revoked for driving while intoxicated. Others lost licenses for reckless driving, negligent homicide, assault with a motor vehicle and other traffic violations.

Following are the names, addresses, suspension expiration dates and offenses of those losing their licenses in the Abilene highway patrol district:

- Abilene District.
- Walter Pickens Harper, Brownwood, 2-11-42, drunken driving.
- C. C. McCurdy, Brownwood, 2-9-42, drunken driving.
- G. R. Wynn, Santa Anna, 2-12-42, drunken driving.
- J. C. Miller, Brownwood, 1-28-42, drunken driving.
- Alfred Joseph Pousson, Breckenridge, 1-28-42, drunken driving.
- Robert Strasser, Brownwood, 1-14-42, reckless driving.
- E. R. Bagby, Coleman, 1-14-42, drunken driving.
- M. H. Horton, Brownwood, 1-21-42, habitual reckless driving.
- Joe Hudson, Hamlin, 1-11-42, drunken driving.
- Curt Jones, Brownwood, 1-21-42, drunken driving.
- Aaron Julius Kennedy, Breckenridge, 11-12-41, drunken driving.
- Onnel Lewis, Ranter, 1-8-42, drunken driving.
- Jesse Munos, Hamlin, 1-21-42, drunken driving.
- Lee Ragens, Comanche, 10-9-41, drunken driving.
- Wilford Stapleton, Albany, 1-9-42, drunken driving.
- K. E. Summerrall, Brownwood, 1-15-42, drunken driving.
- Hollie Howell Thompson, Breckenridge, drunken driving.
- Charles G. Taylor, Winters, 1-7-42, drunken driving.
- Will Foster, Eastland, 12-9-41, drunken driving.
- T. B. Holliday, Abilene, 11-26-41, drunken driving.
- Ted Nadeau, Abilene, 11-26-41, drunken driving.
- Mrs. Otto Welch, Abilene, 6-7-42, drunken driving.

NAZI, RUSSIAN LOSSES OVER FOUR MILLION

LONDON, Sept. 4.—British sources said Thursday that German losses in the war with Russia thus far are believed to total about 1,750,000 and that Russian losses have been "from 2,000,000 to 3,000,000," in the bloodiest fighting in history.

This source, in the highest quarters, said: "None can overpraise the Russians' conduct of the war. They are magnificent and proved the sincerity of their scorched earth promises by blowing up the Lenin (Dnieper River) dam."

REV. MR. CLEGG AND FAMILY NEW CITIZENS

The new Nazarene pastor, Rev. Lewis H. Clegg, and family have arrived in Cisco. Mr. Clegg has been called as the pastor of the Cisco church to fill the vacancy created by the resignation of Rev. Luther Pryor.

Mr. Clegg comes to Cisco well recommended, having served a successful pastorate at the Wesley Nazarene church in Ft. Worth, and has just closed his pastorate at First church in Borger.

Besides Mr. and Mrs. Clegg are three children—two boys and one girl—who will enter the Cisco schools.

ABILENE SQUAD TO SCRIMMAGE LUBBOCK T'DAY

What may be two of the state's most powerful high school football aggregations are due to be seen in action against each other at Chesley Field this afternoon.

Abilene, former great grid foe of the Cisco Lobos, is to meet the Lubbock Westerners, ever-potent West Texas squad, here at 3:45 p. m. today in a scrimmage.

NEW BOY BABY ARRIVES.

Mr. and Mrs. James Deal, Foy apartments, announce the arrival of a new boy baby, their second, born Monday night. He has been named Jerry Roland.

JAPS OBJECT BUT DO NOT TRY FORCE

(By United Press)
An American-maned tanker carrying aviation fuel from California steamed into the Siberian port of Vladivostok today, it was announced by the U. S. state department. Other U. S. vessels carrying supplies of a general nature are said to be nearing the same port.

Oriental tension is reported to be high. Japan had been refused aviation fuel by the United States and its shipment across the world to Russia is a hard blow to the worried yellow men.

British leaders today urged the United States to go the limit in the world battle against Hitlerism.

Speeches by Winston Churchill and Prime Minister King of Canada coincided with an invitation to members of the American congress to visit England and investigate how American war materials are being used.

Moscow reported that the Red army is driving back the Germans in ceaseless counter-attacks, but the Nazis claim they have ousted the Russians from two strongly-fortified positions near Leningrad and destroyed two Red army divisions counter-attacking on the Central front.

Callahan Wildcat Staked Near Baird

F. E. McCreedy of Abilene has staked location for a Callahan County shallow semiwildcat, No. 1 N. M. George, eight miles northeast of Baird. Located 1,290 feet from the east and 870 feet from the north lines of section 71, BOA survey, it is scheduled to drill 800 feet.

CLAIM 13,088,283 TONS.

BERLIN, Sept. 4.—DNB declared Thursday that 13,088,283 tons of British shipping and shipping in British service were lost during the first two years of the war. The news agency's review credited the German navy with sinking 9,532,700 tons and the air force 3,555,583 tons.

THE TOPS IN HATS—Madeline Shannon, Arlette Martine and Jayne Keith (left to right) display new fall hats at the second annual Fall Fashion Futurity at Washington Park Racetrack in Chicago. Despite a shortage of materials, tiny hats are passing out of fashion.

H. S. ENROLLS OVER EIGHTY SOPHOMORES

Between 80 and 85 high school sophomores were registered today, Principal O. L. Stamey said this afternoon.

High school will complete its registration tomorrow from 8:30 to 12, when incoming freshmen will be enrolled. Parents of the freshmen have been invited to come with their children to help them in planning their courses.

CISCO SCHOOLS WILL OPEN AT NINE MONDAY

Cisco Junior College and Cisco public schools will officially open at 9 a. m. Monday. All students below high school level will register at that time.

Supt. R. N. Cluck emphasized that new students entering the ward schools this year are expected to bring book cards and report cards from the school which they attended last year.

Registration for the college will also begin Monday morning at 9 o'clock, although a few students have enrolled this week.

"The outlook is most promising for a banner year both from the standpoint of enrollment and scholarship," the superintendent said.

Mortgages Recorded In July Number 5,548

WASHINGTON, Sept. 4.—Mortgages recorded by all types of lenders in Texas during July numbered 5,548 and amounted to \$14,901,000 compared with 4,393 totaling \$12,351,000 in that month last year, the Federal Home Loan Bank Board reported Wednesday.

By types of lenders the mortgages recorded in Texas during July, 1941, were: savings and loan associations, 1,967, totaling \$4,780,000; insurance companies 597 amounting to \$2,788,000, banks and trust companies, 404 totaling \$1,378,000; individuals, 1,295 aggregating \$2,383,000; and all others, 1,085 totaling \$3,572,000.

E. E. KEAN, 83, HAS LIVED IN CISCO SINCE '88

One of Cisco's oldest and best-known citizens is E. E. Kean, retired dry goods merchant, who has lived in this city for 51 years. He will be 84 years of age in November. Mr. Kean (Scotch-Irish) was born Nov. 20, 1857, at Rosemeath, Va.

Mr. Kean, still in fairly good health at the ripe age of 84, was the fourth child and first son of

E. E. KEAN.

James Leitch and Katherine Graves Kean. His childhood was spent on a tobacco plantation, in an area that was "no man's land" during the Civil war. He heard the guns of the Battle of Bull Run, the Wilderness and Appomattox. The family estate was frequently raided by Union soldiers.

At his own fireside, after the war, he heard the story of that epic struggle from the lips of such leaders as Gen. Joseph E. Johnston and others.

Mr. Kean was an applicant to General Johnston for an appointment to West Point after finishing in the preparatory academy. He missed the appointment, because it had previously been filled.

After receiving his education in private schools, he taught school for one year, was a traveling salesman, then a retail salesman and soon afterward he decided to go west.

MEETING OF TEACHERS TO BE SATURDAY

There will be a meeting of all teachers of the Cisco public schools at 10 o'clock Saturday morning, R. N. Cluck, superintendent, announced Thursday afternoon.

The meeting will be an important one, he said. General instructions concerning the 1941-42 school year which opens Monday will be given.

TRAVEL INTO MEXICO HITS NEW RECORD

LAREDO, Sept. 4.—A new high record for travel into Mexico through Laredo was established in August with a total of more than 24,000 American tourists from all parts of the country and Canada entering.

Approximately 20,163 tourists entered by motor vehicle and 4,000 by railway. This was even heavier than the record-breaking tourist travel during July, due to the heavy increase in railway travel.

dead-head to Galveston on the first train over the newly built Santa Fe road to Galveston and Galveston over that road.

While in Kansas City he became associated with Mr. Shelley, then mayor of that city and a large dry goods wholesaler, who gave Mr. Kean a job and sent him to Cisco to dispose of a stock of goods in 1888.

Liking Cisco, Kean decided to stay here, entering the dry goods business here in 1890. He sold out in 1919 and has since occupied his time with financial reporting for Dun & Bradstreet, Inc.

In November 1890, Mr. Kean married Miss Eva Winston, sister of J. J. Winston. Two daughters and two sons were born of this union. His wife died in June, 1907. He married his present wife, Miss Anne Hughes of Brenham, on July 15, 1912.

Soon after coming to Cisco Mr. Kean joined the Christian church, and for many years he was superintendent of the Sunday school and a deacon.

FIGHT TO DEATH RAGES

(By United Press)
MOSCOW, Sept. 4.—An official statement says the Red Army has stalled the Germans at the approaches to Leningrad and forced them to bring up reinforcements in an "immense sanguinary battle which is going on day and night."

RED FRONT IS CELEBRATING ITS 60TH YEAR

Probably Cisco's oldest business establishment and one of the oldest drug concerns in the state is the Red Front Drug Co. which this year is celebrating its sixtieth anniversary.

The drug store was founded in 1881 by Martin & Tarbrough, when Cisco was little more than a pioneer trading settlement. The building which houses the present concern was erected in 1883 and was one of the few buildings to survive the great Cisco cyclone disaster of 1893.

The late W. W. Moore, father of W. L. Joe Lea and Carl Tom, present owners of the store, joined the business in 1898 and was connected with it continuously until his death, March 21 of this year. The present modern front was added in 1928.

W. W. Moore and his three sons became owners and managers of the store in 1936, making many improvements.

Red Front Drug store offers complete soda fountain service, and has a modern, well-equipped prescription department. It carries all well-known brands of cosmetics and perfumes, school supplies, and gifts.

The building is air-conditioned and is equipped with a fluorescent lighting system.

In celebration of its sixtieth anniversary the firm is beginning its Cherry Voucher plan, a new plan of buying. Also in celebration of the anniversary the establishment will hold open house Friday morning from 10 to 11 o'clock, at which time children will be served ice cream cones and given souvenirs.

Refreshments for adults will be served that afternoon from 2 to 4 o'clock.

Employees of the firm are Thelma Halstead, Wilburn Ghormley and Buddy Foote.

Condition of Fort Worth Officer Grave

Patrolman John Nash, wounded Sunday night by G. D. Driskill, who shot three women to death before he was killed by officers, was reported in grave condition Thursday at Harris Memorial hospital.

A physician said the officer's condition became worse Wednesday night.

Funeral services for Mrs. Leah Jordan, niece of Mrs. Driskill, who with the latter and another aunt, Mrs. Fannie Moore of Dallas, was slain by Driskill, were held Wednesday in Arlington.

TEXAS COTTON CROP OPENING RAPIDLY NOW

AUSTIN, Sept. 4.—Since most crops were mature or approaching that stage, last week's survey by the United States Agricultural Marketing Service showed growers working at the harvest, service officials said Wednesday.

far as crop growth was concerned, but rather so far as it affected farming operations.

Cotton was opening rapidly as far north as the central counties and picking was general in southern areas. Prospects were reported good to excellent in the north-west and extreme west; poor to fair in the south and east, and fair to good in the central and north-central areas.

Boll weevils, boll worms and leaf worms were still more numerous than in recent years and the situation was further aggravated in areas receiving showers during the week. Second generations of leaf worms were reported in a number of counties in the north-west.

Dry weather and high temperatures, while favoring insect control, have resulted in some premature opening of bolls in south-central counties.

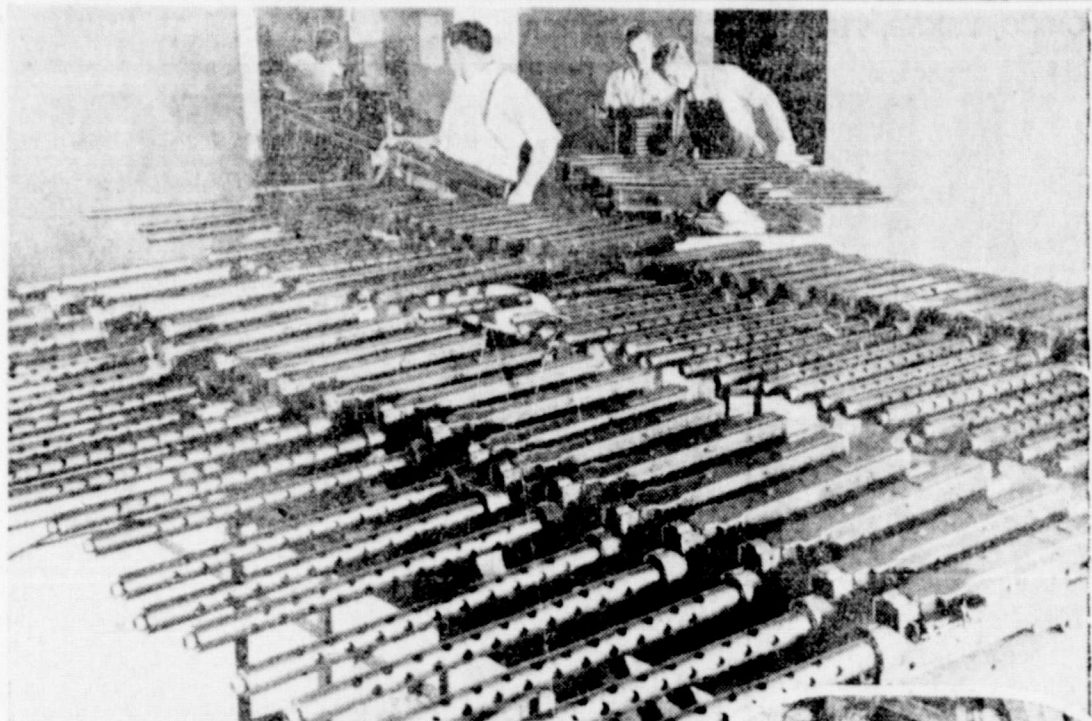

Seeding of wheat has been started under favorable conditions in the northern panhandle. Preparation of seed beds for fall seeding has been delayed by rank weed growth and by rains in some parts of the northwest, but conditions were mostly favorable elsewhere, ranging from too dry in central and southern areas.

Harvesting of a fair to good corn crop, very good in the north-west, and an excellent grain sorghum crop continued over the state.

Late planted soybeans were seedling in the southern districts. Peanuts were mostly harvested in the south, were maturing in the north, with yields rather uniformly fair to good, limited in some sections to thin stands.

Hay harvest, including wild hay in the coastal section, went for-

DEFENSE PRODUCTION GOING INTO HIGH GEAR

Typical of the speeding up of defense production and deliveries is the activity in these General Motors plants, from which machine guns, Allison liquid-cooled aircraft engines, and shells are being delivered in large quantities. These are only three of a myriad of important defense products being turned out in G.M. plants throughout the country.

WITH every manufacturing division of General Motors now engaged in supplying one or more defense materials, production and delivery of defense goods are being stepped up sharply week by week, according to a recent statement by Alfred P. Sloan, Jr., Chairman of the Corporation.

Sixty G.M. operating units are actually in production on defense goods, Mr. Sloan revealed, and already defense products totaling

considerably in excess of \$200,000,000 have been delivered on government contracts.

It was just about a year ago that General Motors received its first emergency defense contract from the Government. Within the year 14 new plants have been erected for defense production, or are in the process of being completed.

Thirteen plant enlargements have been made and in 25 instances existing buildings have been re-equipped

with machinery. Many thousands of men have been trained or are now in training in the special skills of defense production.

As a sidelight on General Motors fulfillment of defense orders, a study of only 11 operating units reveals that parts and materials are being purchased from 299 committees in 21 states. One G.M. division alone gets defense parts from 83 outside suppliers and raw materials from 27 others.

ward rapidly with weather mostly favorable.

Fruit harvest was practically over, including about half of the commercial figs.

Commercial vegetable harvest was confined mainly to the relatively short cantaloupe crops in the Pecos area. Watermelon harvest in the late sections was rapidly coming to a close.

Approximately half of the panhandle potato crop was harvested, with yields averaging below those of last year.

Early fall crops such as egg-

plant, peppers, potatoes, tomatoes and squash were being planted a little earlier than usual, but progress was being retarded somewhat by hot weather.

Prices held good for all classes of livestock and marketings were about normal. Stock water and range feeds were ample. Prospects for winter supplies of stored feed and range and pasture feed were excellent.

Generally cattle were fat but sheep were still held back by paratuberculosis and coarse feed. Cattle and sheep herds were being culled

closely but practically all good, young the stock was being held or sold locally for restocking.

San Angelo Woman Held in Slaying

ABILENE, Sept. 4.—Mrs. Gene Walker, 38, of San Angelo, is charged with the fatal shooting of Miss Elizabeth A. Parsons, 36, co-owner of two drug stores and proprietor of a taxi company here.

The charge filed by County Attorney Theo. Ash, recited that Mrs. Walker "did shoot and kill" Miss Parsons with an automatic pistol. Ash said the case probably would be submitted at once

SEAGOING "WRENS"—A group of "Wrens," members of Women's Royal Naval Service, learn the ropes afloat in primitive type sailing craft. At left, British sailor lads go through boat drill.

to the grand jury, now in session here.

The shooting occurred within a block of one of the Parsons drug stores and in the presence of R. E. Walker, Mrs. Walker's husband, who came to Abilene early this year to operate Miss Parsons' taxi line.

MASONIC SEAL FOUND AFTER MANY YEARS

FT. WORTH, Sept. 4.—The old brass seal of Spring Hill Masonic Lodge No. 155, which was granted a dispensation in 1954 and chartered in 1855, was found recently, buried in a Navarro county cotton field, and is being preserved in the Masonic Grand Lodge Museum at Waco.

About 1847 the original Spring Hill Lodge was changed to Dawson Lodge No. 155, at Dawson, Navarro county, but how or when the old seal got into the cotton patch remains a mystery.

It was found by Mrs. G. D. Long, wife of the tiler of the Dawson lodge, who turned it over to H. N. Hale of Fort Worth, Hale sent it to W. S. Cooke of Fort Worth, a past grand master, who presented it to Sam B. Cantey, Jr., of Fort Worth, present grand master of the Grand Lodge of Texas.

Ceylon has about 1,100,000 acres, or 14 per cent of the world coconut-palm acreage, the department of commerce reports.

Erwin, a Presbyterian minister, is an uncle of Miss Lorena Erwin of Cisco.

Nearly 40 per cent of San Antonio's population is Mexican.

SOCIETY and CLUBS

By MRS. KATE RICHARDSON

The Notebook

Thursday.
N. & T. club will meet with Mrs. Sim Ledford in her home on Ninth street at 3 o'clock.

The initial meeting of the First Industrial Arts club this season will be in the home of Mrs. R. E. Grantham, 700 H avenue, with a luncheon held at 1 o'clock.

The Friendly Twelve Sewing club will meet in the home of Mrs. Paul M. Culp at 3 o'clock, in regular meeting.

Mrs. Maner Hostess To Minnie Landrums

Minnie Landrum Circle of the First Baptist Missionary Society met with Mrs. Leon Maner hostess Tuesday afternoon. Mrs. W. H. LaRoque, circle chairman, was in charge of the business period after the opening prayer was led by Mrs. C. A. Williams. Plans were made for entertaining the Youth Conclave of Cisco association, which meets here September 16.

Mrs. M. P. Farnsworth read the minutes of the previous meeting, which were adopted.

In the absence of Mrs. O. L. Mison, who is out of the city, Mrs. W. F. Walker taught the Bible lesson.

A social hour followed during which the hostess served refreshments. Those attending were: Miss Florence Fielder of Comanche, a sister of Mrs. LaRoque; Mrs. M. P. Farnsworth, Mrs. W. F. Walker, Mrs. C. A. Williams, Mrs. W. H. LaRoque and Mrs. Maner.

Y. W. A. Group In Interesting Meet at Church

The Young Women's auxiliary of the First Baptist church met at the church Tuesday night in an inspirational meeting. In the absence of the sponsor, Mrs. M. B. Osborn, the meeting was supervised by Mrs. H. B. Hensley.

The session was opened by singing the hymn, "Oh, Zion Haste"; Miss Eugenia Jackson then led the group in prayer.

The evening program was in charge of Mrs. Lucy Abel, who directed very efficiently. The meeting was closed with prayer.

A social hour was enjoyed, during which Misses Willie Frank Walker and Jeffie Jean Robertson served lovely refreshments to the guests.

Those present were two visitors, Miss Virginia Bates of Thornton, and Miss Henrietta Moss; Misses Billy Cole, Willie Frank Walker, June Halbert, Bobby Grace Shirley, Rivers Greenhaw, Miriam Ghormley, Jeffie Jean Robertson, Eugenia Jackson, Louise Flaherty, Ray Nell Laws, Mrs. Lucy Abel and Mrs. H. B. Hensley.

Mrs. Algie Skiles Is Circle Hostess

Circle One of the First Baptist Missionary Society met in the home of Mrs. Algie Skiles Tuesday afternoon. The hostess, who is chairman, presided over the business session where offering was given to the 100,000 club and plans made for entertaining the Young Peoples' Conclave which meets in Cisco Sept. 16.

The Bible lesson was then taught by Mrs. J. E. Burnam from the book of Isaiah. The meeting was closed with prayer.

Mrs. Skiles was assisted by her niece, Ladonna Skiles, in serving refreshments of ice cream and cake to Misses J. E. Burnam, Roy Morrison, Fred Grist, I. W. Robinson, E. L. Jackson, A. V. Clark, W. C. Clements, M. W. Robins, O. J. Russell, W. D. Brecheen, and visitors, Mrs. W. D. Hazel, Mrs. Otis Skiles and Mrs. R. M. Brummett.

Mrs. M. F. Underwood Entertains Circle

The B. L. Lockett circle of the First Baptist Missionary Society met Tuesday afternoon in the home of Mrs. M. F. Underwood, at which time plans were made to entertain the Young Peoples' Conclave which meets at the Cisco church on September 16. Routine business matters were then transacted after which a Bible lesson was taught by Mrs. W. I. Ghormley.

Refreshments were served at the close of the meeting to Misses E. J. Poe, J. A. McClain, M. C. Stivers, S. B. Parks, Joe Brittain, W. I. Ghormley, E. L. Pugh, C. K. Padgett, Leon McPherson, a visitor, Mrs. E. U. Fogle of Shreveport, La., a guest of Mrs. Pugh, Miss Willie Frank Walker and Mrs. Underwood.

STORIES IN STAMPS

Guerrillas, Terrorists Active in Yugoslavia

YUGOSLAVIA was a creation of the Treaty of Versailles consisting of the kingdom of Serbia with certain Croatian, Slovenian and other Slav provinces from the former Austro-Hungarian empire. Adolf Hitler's move into Yugoslavia in March, 1941, was partly to avenge his native Austria.

It was also the final blow against the Little Entente, the series of agreements between Czechoslovakia, Yugoslavia, Rumania and Poland, which served to support the interests of France against those of Germany. The 1937 stamp above, showing the Memorial Church at Oplenac, was issued in commemoration of the 16th anniversary of this pact.

Hitler's attack was the signal for Balkan people, experts at underground terrorism, to launch their campaign of sabotage. The terrain of the occupied territories, mountainous and often primitive, favors this type of war. Yugoslavia's army has been destroyed but irregulars and women shoot or stab the German and Italian invaders every chance they get.

Guerrilla warfare is being waged in the south Serbian and Bulgarian mountains by Serbian "Black Hand" komitadjis and Bulgarian Macedonian irredentists.

Presbyterian Aux. Circle Two Meets Tuesday

Presbyterian Auxiliary Circle Two met Tuesday afternoon in the church parlor, with Mrs. E. P. Crawford presiding. Plans were made for the "Mulligan Stew" party which will be held on the Presbyterian encampment grounds Friday night. Other business pertaining to the work of the circle was then transacted.

Mrs. J. E. Caffrey directed the afternoon program which was taken from the "Presbyterian Survey." Mrs. H. H. Monk led a splendid devotional following which Mrs. A. E. Jamison, Mrs. H. L. Jackson, Mrs. E. P. Crawford and Mrs. John Kleiner discussed lesson topics.

Mrs. T. E. House Is Hostess to Circle

Mrs. T. E. House was hostess Tuesday afternoon to members of Elizabeth Truly Circle of the First Baptist Missionary Society which met in her home, 302 W. Fourth, at 3 o'clock.

Circle chairman, Mrs. L. A. White, presided during the business session and reminded the members that a special effort is to be put forth for the help of the poor during this month. Plans were made for assisting in entertainment of young people of the association during the coming convalescence.

The Bible lesson from the Book of Isaiah was taught by Mrs. J. R. Burnett, after which the meeting was closed with prayer.

Refreshments were served after the meeting to Misses L. A. White, W. H. Hayes, Grady Laws, J. R. Burnett, L. A. Harrison, O. G. Lawson, Barton Abbott, R. D. Jones and Mrs. House.

The highest skyline automobile road in the world is the Rocky Mountain National park.

Council Convened In Church Tuesday

First Christian groups met in a general council meeting in the church Tuesday afternoon. The meeting was opened with a song, "Work for the Night is Coming" which was followed by prayer, led by Mrs. J. R. Wright.

Mrs. Jack Elkins, president, was in charge of the business session in which reports were made by members of the various groups. Other routine business followed. Gifts to the Juliet Fowler Orphanage were assembled and will be forwarded this week.

Group Two was in charge of the afternoon program which was on the subject "Christianity and Democracy." A devotional was given by Mrs. J. R. Wright. The meeting was closed by repeating the Missionary benediction in unison.

Red Cross Rooms To Be Open Friday

The Red Cross rooms will be open Friday morning from 8 to 11:30 o'clock, and in the afternoon from 1 until 5 o'clock. Mrs. W. W. Wallace, co-chairman of Cisco and vicinity, said Thursday.

Women who can knit socks and sweaters are needed, and are urged to assume their share of the work.

Mrs. Wallace will go to Rising to address a group of Red Cross Star in the late afternoon today workers.

ATTEND MEETING.

Rev. and Mrs. Leslie W. Seymour and daughter Lillian, Rev. J. D. Hendrickson, Mrs. Jimmy Allen, Mrs. F. A. McMillian and Mrs. John Shertzer attended a Methodist district all-day meeting in Gorman Wednesday.

TEXAS DEFENSE SHARE REACHES \$773,919,000

DALLAS, Sept. 4.—The Southwestern regional office for emergency management Thursday announced Texas' share in the national defense production campaign, increasing rapidly in the last few weeks, amounted to more than \$773,919,000 on August 1.

This figure was based on the latest compilations from the bureau of research and statistics, Office of Production Management.

The total represents distribution of major defense contracts and allocations from June, 1940. In the total, procurement prime contracts and facilities projects for the war and navy departments, including defense plant corporation commitments, amounted to \$669,426,000. Awards for the emergency ship program in Texas included in the total amounted to \$66,199,000. This, it was pointed out, excludes any share that Texas may have in building 38 emergency vessels for which contracts were awarded May 29, 1941, and for which the costs are not yet available.

Airport expansion contracts in Texas, awarded by the Civil Aeronautics Authority, amounted to \$1,916,000. Awards for defense housing made by the Farm Security Administration, the Federal Works Administrator, the United States Housing Authority and the Public Buildings Administration, accounted for \$7,694,000 of the total.

WPA expenditures on defense projects, from July 1, 1940, to June 30, 1941, totaled \$10,182,000. Allotments made in Texas by the Federal Survey Agency, represented by the Office of Education

and the NYA for defense training projects, amounted to \$5,554,000. RFC defense loans totaled \$12,948,000.

In the war and navy department program, a major part of the total is for airplanes, engines, parts and equipment. Expenditures compiled under this aviation industrial program in Texas amount to \$260,032,000. Close behind in the procurement program comes the total of \$101,871,000 for ship construction and equipment.

War and navy department facility allotments total \$291,098,000. Research at the natural bureau of standards, department of commerce, has more than doubled the life of currency paper.

It is not for dust particles in the air the color of the sky would be pitch black.

DENVER SELECTED.

LOS ANGELES, Sept. 4.—Denver having been selected as its next meeting place in 1943, the National Association of Letter Carriers turned to the election of officers. For president, William C. Doherty of Cincinnati was unopposed, and Mrs. Margaret McDonald of Chicago was without opposition to head the women's auxiliary. Other nominees without opposition included W. F. McHale, New York City, for vice president; William J. Gorman, Brooklyn, N. Y., retiring vice president; for secretary, Daniel R. Sullivan, San Francisco, for treasurer.

The 1940 census of agriculture for New York indicated that 46.6 per cent of the farms operated by their owners were under mortgage.

32 YEARS AGO

(December, 1908.)

The Eastland County Medical Society met in Cisco Tuesday night, December 14, in the offices of Dr. Nelson. The members were Dr. B. F. Jones, C. S. Vance, W. M. Pickett, A. J. Parks, W. F. Lee, J. M. Britton, all of Cisco, and Dr. G. T. Blackwell of Rogers. It was a very interesting meeting. This was the time to elect officers for the coming year. The officers elected were as follows: B. F. Jones, Cisco, president; Dr. L. L. Griffin, Searcy, secretary; Dr. A. J. Parks, Cisco, secretary and treasurer; Dr. C. S. Vance, Cisco, delegate to state medical association; Dr. W. F. Lee, alternate delegate to state association. The board of censors consisted of Dr. J. L. Johnson, Eastland, for three years; Dr. B. F. Jones, Cisco, for two years; and Dr. A. J. Parks, Cisco, for one year. The society meets monthly and is a great help to the man who is ailed.

When less than a month of her third birthday, Mrs. Anne M. Reynolds, mother of W. D. and George T. Reynolds, and Mrs. J. A. Matthews of Ft. Worth and P. W. Reynolds of Albany and Ben Reynolds of Throckmorton, passed away Sunday afternoon at the residence of her daughter, Mrs. N. L. Harbush of Albany. The deceased had been a resident of Texas for more than an average lifetime—more than years—and the larger part of her family was raised here. She was a native of Alabama, but with her husband came to Texas when young and remained here for the remainder of her life.

The Bonney fire burned last Friday night. The loss amounted to \$4,000 with insurance of \$2,600. The cause of the fire is unknown. Some used was destroyed, but most of the ballet cotton was saved.

Miss Laine Mae Calhoun and Steve Grady made a trip to Bangor, Texas.

Lee has brought in a fine lot of diamond jewelry this week that brought him ninety odd dollars.

The Winston family visited relatives in Bangor last Saturday.

Miss B. H. Turner of Wills Field is visiting her daughter, Miss Tom Brown.

A number of our citizens went to Houston this week to meet with the Eastern Star. We were unable to secure all their names, but among the members were R. A. St. John and his daughter, Miss Ethel; Mrs. J. J. Winston and Miss Mable Brown.

Clerk Judge No. 283, I. O. O. F., elected the following officers for the coming term: Noble grand, E. M. Pughal, vice grand, H. C. Overby, secretary, A. M. Patterson, business manager, Frank Meadows, representative to the grand lodge, Charles Daniels. A joint supper with the Rebekahs will be given on the night of the installation, the first meeting night in January.

Married — At the residence of the bride's parents, Mr. and Mrs. Ryan, Thursday, in the presence of a host of friends, Shelby H. McCann and Miss Josie L. Bryson, Rev. B. B. Vaughan officiating.

Jim Blair and bride arrived in the city last Saturday, and will make Cisco their home.

Miss Marie Karkalis entertained a few of her friends Friday night with a charming party in honor of her brother Charles, of R. Worth.

John Dill accompanied his wife

BABSON'S AUTHENTIC STATEMENT

Copyright—1941—Publishers Financial Bureau, Inc.

TRUTH ABOUT LABOR.

Babson Says, "Situation Bad, But Don't Worry."

Labor Conditions Now Compared With Before World War II.

How many persons are employed, compared with August, 1939? Civil-non-agricultural employment was estimated at 30,500,000 for August, 1939; is now 37,645,000—thus showing a gain of 23 per cent.

How are wages compared with August, 1939? Average weekly earnings in manufacturing industries were \$27.30 for August, 1939; are now \$33.12—thus showing a 21 per cent advance.

How are strikes compared with August, 1939? The Babson strike record showed 190 for August, 1939; are now averaging 240 per month—thus showing a 29 per cent increase. Most of these have been of only two or three days' duration.

How are working hours compared with August, 1939? Wage workers were averaging only 37 hours per week in August, 1939. Currently, wage earners are averaging 41.3—thus showing a 9 per cent gain.

How many are out on strike, today compared with August, 1939? In August, 1939, there were 100,000 persons out on strike. It is estimated that only 35,000 persons are out on strike today, 14,300 of whom are striking in defense lines. Thus, there has been a 65 per cent decline since that time, although the number of strikes has increased.

BABSON PARK, Mass., Sept. 4.—The labor situation in certain sections of the United States and Canada is very provoking. I do not say "serious" because only 15 per cent of all United States workers are engaged in defense production; while at the worst only a very, very small percentage of the total is on strike at any time. Strikes make good feed for newspapers. They always increase circulation, and hence, naturally are played up for all they will stand. The workers' argument is that their sons who have been earning \$100 to \$150 per month have suddenly been pulled out of their jobs and given \$31 per month in the army. "Hence," they say, "the remaining members of the family must have more to balance the family budget." This sounds reasonable, but is "striking" the way to bring it about? I say, "No." Anything gained today by holding a pistol at your neighbor's head will surely be lost tomorrow.

C. I. O. Vs. A. F. of L. The truth is that the labor unions have split into two hostile groups—the C. I. O. and the A. F. of L. The leaders of both are desperately competing to see who can get the most for their members—without any regard for the nation's welfare. Unfortunately, the more radical group—the C. I. O.—has the sounder program; while the more conservative group—the A. F. of L.—has an out-of-date set-up.

The C. I. O. organizes one industry independently of what the workers do. For instance, under the C. I. O., the Detroit electricians who work in the auto industry are in the same union with the auto machinists, auto painters, etc. But under the A. F. of L., all the Detroit electricians are in the Electrical Workers' union, while all the Detroit painters are in the Painters' union—irrespective of whether they work on autos or houses.

Government Interference. Another unfortunate situation is the anti-employer attitude assumed by Madam Perkins. Having served the nation as director general of information of the labor administration during World War I, I know the great importance of

as far as Cisco last Monday on her way for a visit in Arizona. Clayton Rockwell is home from Michigan and talks like he is ready to stay in Texas.

Mrs. Cates entertained with "42" Thursday afternoon.

Mrs. W. E. Lowe returned to De Leon last Saturday after a visit with Mrs. G. W. Troxwell.

Bob Gray and Miss Connie Griffin were married last Saturday at the residence of the bride's sister, Mrs. Stanton.

The Radford lots on Broadway and the Central railroad are being cleared for that big wholesale house. A. J. Olson has the contract.

Over 300 turkeys have been shipped out of Cisco in the last three days by Bob Ramsey.

Mrs. S. E. Spencer of Rotan, B. W. Patterson and Miss Norma visited in Eastland last week.

Misses Winnie Mae Kilburn and Mary Bennett of Cisco were two of the teachers who passed for second grade certificates.

Messrs. Dwight and Irvin Crawford left for Gainesville Sunday.

Mrs. J. T. Anderson entertained the teachers of the Britton Training school Monday at dinner.

Miss Emma leVaux, who has been teaching in Hamlin, came Thursday to spend the holidays with her mother.

Mrs. Kate Berry of Dallas is visiting her mother, Mrs. W. L. Harrell.

Miss Fannie Lovelady is here visiting her sister, Mrs. J. M. Williamson.

the nation's good. The other road is paved with co-operation, conservation, and truly representative government. I have faith to believe that employers, wage workers, and congressmen are going to be wise enough to choose the latter road.

And these same principles apply to the international situation. The small independent European nations must forget their old traditions. They must combine. The peoples of these nations must quit wasting either human or material resources for exploitation or profit. Both collective bargaining and representative government are sound; but "mob rule," whether in labor unions or the halls of congress, must stop in order to save democracy.

Right or Left? We hear too much about personal liberties and the "right" to strike rather than to arbitrate; but arbitration is right. Both employers and labor leaders give too much thought for themselves and too little to the 130,000,000 consumers in this country. Only as more is produced, is there more to divide. Wage workers need more employers and hence should encourage them.

Why do we need to look either to the Right or to the Left? Why need we be either pro-labor or anti-labor? Why can't we look straight ahead? Let us follow the English system of negotiating as an entire industry, with all the employers and employees of that industry being represented. It is wrong for labor leaders to sandbag only those corporations which have had efficient management?

Two Facts to Remember? 1. A pendulum must swing as long as the clock runs. This applies to profits, commodities, and politics. Today, labor is in the saddle and holds the whip; but labor leaders will soon overreach and the public will then react against them as it has reacted against Wall Street. Then the employers—yes, and Wall Street—will again get in the saddle and hold the whip until they abuse their trust. And so it will go!

2. There is but one solution. This will come only as all of us get more true religion. No one group in industry or politics will indefinitely take orders from some other group; but all groups should be willing to "take orders" from God. The same principle applies to nations. Peace will never come by any one race ruling the world. Peace will come only as all nations gradually acknowledge God as their leader, savior and friend.

EDSON'S WASHINGTON COLUMN

It's Business as Usual—But for Defense, With Cut in Civilian Production Soon

BY PETER EDSON NEA Service Washington Correspondent

WASHINGTON—Big Bill Knudsen himself has thus far given the best definition of what the Office of Production Management which he heads really is and what it really does. Knudsen calls OPM the government's "sales engineers."

In applying that label, Knudsen characterizes perfectly the shortcomings and limitations under which his organization must work. It makes no contracts itself, leaving that to the Army and Navy. It can only consult, advise and recommend. As such, it has admittedly done the best it could.

When the first money was appropriated just a year ago, OPM was told the goal was to have arms and supplies for 1,500,000 men by June of 1942, but here it is only the end of August, 1941, the Army has 1,500,000 men already, and the lend-lease program has been thrown on top of that. More than \$48 billion worth of defense expenditures have been authorized, \$8 billion have been actually spent, 2,000 plants have been expanded, and 2,500,000 men are employed in defense industries. While that's only about 6 or 7 per cent of the total non-agricultural employment, another 1,500,000 workers are undergoing defense labor training, so the force is really 4,000,000.

There is talk about reorganizing OPM by presidential order, giving it more authority. That may come any day now, but when Knudsen was asked if OPM could do a better job if he had some real authority his answer was "God only knows."

REGARDLESS of reorganization, the pinch of defense is going to start squeezing hard on civilian production within the next 30 days. It has been feared before, it can be predicted with a certainty now.

At least 10 industries are going the way of the aluminum utensil industry—which is to the scrap heap—for duration of the emergency. There just doesn't seem to be any other way out.

Listing the temporarily doomed industries brings you these common everyday things you'll have to learn to do without if you need new equipment, or get by on what you have.

Washing machines, electrical household appliances, refrigerators, commercial laundry equipment, air conditioning equipment, heaters and ranges, light fixtures and appliances, metal furniture, kitchen equipment, dry cleaners' equipment.

You have to go into only a few of those to see how continuation of their production on a normal basis cuts across the defense effort. A 30 per cent cut has already been levied against the washing machine industry. Steel sheet aprons and shields have been eliminated. Plastics have been substituted where possible, but there's a shortage of plastics. All electric appliances shine resplendently with chrome and nickel, but all the chrome and nickel that can be produced is earmarked for defense. Steel furniture is now using 1,200,000 tons of steel a year, and that is needed for defense. And so it goes, right down the list.

LEND-LEASE BILL HAS KEPT THE UNITED STATES OUT OF WAR IN EUROPE, RUSSELL THINKS

The lend-lease bill, America's defense preparedness and Russia's resistance to German invasion are credited by Congressman Sam Russell of Stephensville with greatly enhancing the nation's chances of staying out of the shooting portion of the present world conflict.

Russell, home while congress is in 20-day recess, was a visitor in Abilene Tuesday and Wednesday, going there from Cisco where he was the principal Labor Day Speaker Monday. From Abilene he will visit Jones, Fisher and Nolan counties in an effort to visit the various sections of the district before returning to Washington, Sept. 15.

In his opinion, Russell said, if it weren't for the lend-lease bill, the United States would already be in the war. Britain would be No. 11 among the countries crushed and overrun by Hitler, and Hitler would be dominating the world.

Under present conditions, however, he expects Britain to win the war through an invasion of

A FRIEND IN NEED.

LEXINGTON, Ky., Sept. 4.—This story is making the rounds here: A Lexington matron lacking 25c to pay the handyman for mowing the lawn was scurrying around the house looking for odd pennies. The family cocker spaniel came in at that moment and dropped a quarter on the floor at his mistress' feet. (Since then he has coughed up three pennies and a nickel, 'tis said.)

BROWN'S SANITORIUM

Where People Get Well — Home of Magnetic Masseur Treatments

THE CISCO PUBLIC SCHOOL SYSTEM is one of the outstanding public school organizations in the southwest. It enjoys the highest scholastic rating possible, and it makes Cisco an educational center worthy of the best traditions of a democratic society.

The Cisco Junior College has completed a successful year, thus proving itself as a completion of Cisco's educational structure.

We congratulate the people of Cisco and surrounding districts and communities on the splendid educational school system available for their use.

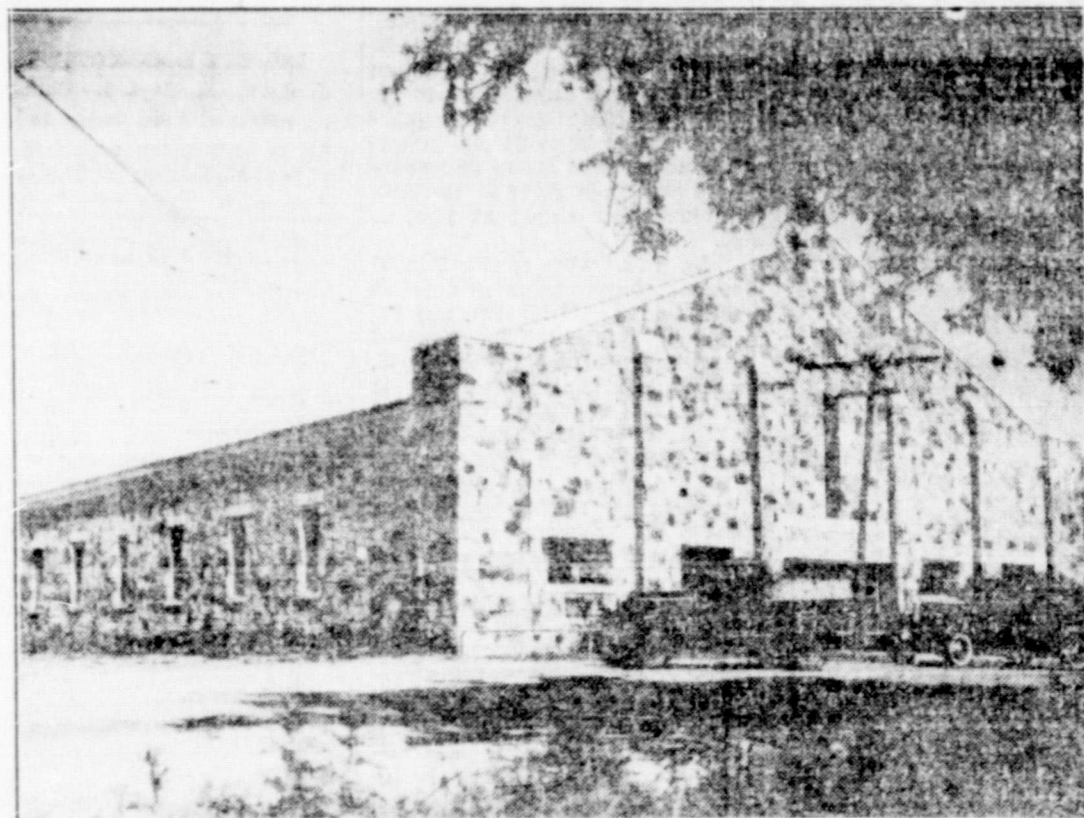

Come to Cisco to Get well --- To Go to School --- To Live.

BROWN'S SANITORIUM

Phone 298. 800 West 6th Street. Cisco.

RISING STAR FAIR TO BE HOUSED IN NEW BLDG.

New Rising Star Public Market

Above is Rising Star's \$18,000 public market, completed this summer, which will house the city's annual Free Fall Fair which will open Sept. 18 for a three-day run.

RISING STAR, Sept. 4.—When Rising Star's annual Free Fall Fair opens for its three-day run, September 18, 19 and 20, it will be housed for the first time in a home of its own.

Completed this summer was Rising Star's \$18,000 public market building which serves as headquarters for marketing the area's produce in the summer months, as home of the fair during its season, and as community headquarters for the rest of the year.

Fair officials this year are looking for one of the most successful fairs in history. Attendance figures for the last several years have passed the 10,000 mark, and even more residents of Eastland, Callahan, Brown and Comanche counties are expected to attend the fair this year.

With good rains through the year, fair exhibits are expected to be the best in several years, and the premium list in the Free Fall Fair catalogue, just issued, will offer more incentive than ever for agricultural and livestock exhibitors to compete.

J. F. Robertson, secretary of the Rising Star chamber of commerce, heads the committee for general arrangements of the fair, and he is assisted by Jack Gray, teacher of vocational agriculture in Rising Star high school.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just toss them aside and hope they will go away. Nerve pain may be warning you that your kidneys are doing a poor job of filtering waste from your blood. The kidneys are Nature's chief way of taking waste from the blood. They help keep your blood clean and pure. If the 15 miles of kidney tubes and filters don't work well, poisonous waste builds up in the blood. These poisons may start nagging headaches, rheumatic pain, leg pain, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, indigestion and dizziness. Frequent or recent passage of stones, itching and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Dean's pills, and immediately for relief for over 40 years. They give longer, freer and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Dean's Pills.

PUEBLO

The Pueblo people are busy this week repairing the roof of the church house and painting the church and papering the inside.

Mrs. L. R. Cole and Mr. and Mrs. Lewis Cole, Jr., spent the week-end here visiting friends.

J. M. Pence is improving after several weeks of illness.

Mr. and Mrs. Odus Richardson and children of Breckenridge visited her parents, Mr. and Mrs. Bill Booth, this week-end.

Mrs. J. D. Allen is slowly improving after several months of illness.

Mr. and Mrs. W. T. Donham and children spent Tuesday night with her parents, Mr. and Mrs. J. M. Pence.

Mr. and Mrs. W. A. Pence are visiting her uncle and aunt Mr. and Mrs. Albert Linam of Morgan, this week.

Mrs. Lance Miller has returned to her home in Alabama after a two-weeks' stay with her parents, Mr. and Mrs. G. R. Pence.

Mr. and Mrs. Harris Coats and

Mrs. J. M. Pence and son Henry have been attending the revival at Cisco this week.

Mrs. Ruppert and daughter and family of Ft. Worth are visiting her son-in-law and daughter, Mr. and Mrs. Pete Dean, this week.

Wilbur Booth visited his father, E. E. Booth, Sunday.

John Andre and Tom Bowden of Memphis, Tenn., are visiting their sister, Mrs. G. W. Pence.

88th Grand Jury Convenes Wednesday

Judge B. W. Patterson of the 88th district court convened the grand jury for the September term of his court Wednesday morning. The grand jury personnel is as follows:

Law Doctery, Ranger, foreman; Ira L. Swift, Rising Star; H. H. Harrison, Nimrod; James F. McCracken, Cisco; H. C. Abernathy, Gorman; Carl Johnson, Cisco; M. R. Snoddy, Seranton; W. M. Medford, Carbon; W. L. Yeager, Cisco, Route 1, and R. A. Brown, Demonon.

NEW ATTY. GENERAL

WASHINGTON, Sept. 4.—President Roosevelt's nomination of Francis Biddle of Philadelphia, to be attorney general was approved unanimously by the senate judiciary committee Wednesday.

FOR DELICIOUS WELL-COOKED FOODS

Whether it's breakfast, luncheon or dinner... EDWARDS CAFE serves it perfectly every time. Fine Foods, tastefully prepared is enhanced by the friendly atmosphere in which it is served. Make it a point to eat regularly at EDWARDS CAFE.

Congratulations on Cisco's fine school system.

EDWARDS CAFE

QUARTERLY SS TAX RETURN IS DUE SEPT. 30

ABILENE, Sept. 4.—The next quarterly social security tax return is due in the office of the collector of internal revenue on Sept. 30, according to W. O. King, manager of the Abilene office of the Social Security board. Each employer was cautioned to include the name and social security account number of each employe to whom wages were paid during the previous calendar year.

"In making this tax return, every employer of one or more individuals in work covered by the social security law is required to list each employe's account number, his name, and amount of wages paid. This wage report, with the tax money paid by the employer and the employe, is sent direct to the collector of internal revenue. After the tax return is checked by the treasury department, the wage report is then sent to the Social Security board in order that each employe's earnings may be credited to his old-age and survivors' insurance account. Wages of an employe are thus credited to his account after the employer's record is received by the Social Security board," King said.

"In nearly all instances," King continued, "the employe's wages are reported under the name and social security account number shown on his account number card, and the wage earnings are added to his own individual ledger account. However, if some discrepancy turns up in the name or account number, there is difficulty in posting wages. This necessitates asking the employer to check back his records, and frequently the worker himself has to be contacted in order that his account may be properly adjusted."

Prisoners in New York prisons are allowed 51 ounces of meal weekly—while German citizens are rationed only 21 ounces a week.

PISGAH

Many from this community attended the funeral of Cecil McCorkle which was held at Nimrod Monday. We extend to the family our heartfelt sympathy.

Mrs. L. A. Parks and daughters, Billie Ruth, Mrs. R. M. Johnson and children, Mayone and Ronnie, spent last week with relatives in Millsap. While there they visited Camp Walters, and pronounced it one of the best equipped in the state.

Mr. and Mrs. L. A. Luttrell spent Sunday with their children at Cottonwood.

Miss George Anna Westfalls has returned home from her vacation spent at San Angelo.

The Bradshaw family reunion was held at the home of a sister, Mrs. Bob Snoddy, last week.

Mary Cloma Martin visited her

ROAD BONDS ISSUE FACES A NEW TURN

AUSTIN, Sept. 4.— Governor Stevenson indicated yesterday a new program of action on the road bond issue would be submitted to the legislature convening in a special 30-day maximum session on Sept. 9.

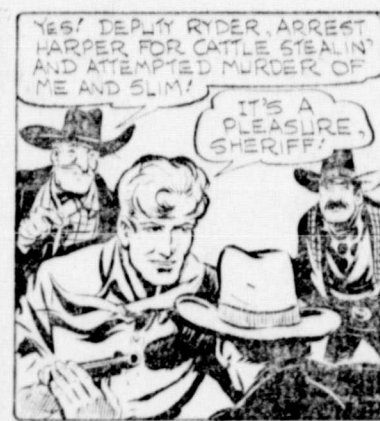

FLAYS U. S. SPENDING. PRINCETON, N. J., Sept. 4.— Albert W. Hawkes, president of the Chamber of Commerce of the United States, asserted Thursday that "failure of the national government to reduce non-defense expenditures in the 1942 fiscal budget shows a disregard of its obligation to the American people."

D RYDER

By Fred Harman

DANIEL IN JUBT AS TO IS PIPELINE

ASHINGTON, Sept. 4.—Senators today asked whether its of a gasoline shortage on east coast could not have been

manufactured to obtain construction of a Texas-East coast pipe line. Answering O'Daniel, Ralph Budd, defense transportation expert, said: "I cannot think anybody would do that." The senate today voted 43 to 23 to lower personal income tax exemptions in the \$3,679,800,000 revenue bill. Present \$800 exemption for single persons would be reduced to \$750; \$2,000 exemption for married persons to \$1,500. Contrary to popular belief, rusty nails do not cause lockjaw.

GIRL JUMPED 265 FEET FROM BRIDGE

SAN FRANCISCO, Sept. 4.—Cornelia Van Ireland, 22, was able to smile today at her almost incredible fortune in surviving a 265-foot plunge from the Golden Gate bridge, a distance the height of a 29-story building.

and something just came over me. I couldn't help it." How did she feel as she plummeted through space? "I felt numb. I guess I did not think about anything." The girl, tiny and dark-haired, smiled when doctors told her she not only would live, but would not be a cripple. She has two broken arms, a fractured rib, a compression fracture of the spine almost between the shoulder blades and severely bruised legs. Painters at work on the bridge saw the girl scramble over the rail. They reported her plunge, and a coast guard speed boat rescued her. Coast Guardsman Sidney L. Jackson said she had drifted about 600 yards when they caught up with her. "She was floating, her arms and legs in the water and her head out, as though she were treading water," he said. "She gave us a placid smile. As we started hauling her in, she said quietly: 'I can't help you much. I believe my legs are broken.'"

STATE HALTS PUPPING OF OIL ALLOWABLE

AUSTIN, Sept. 4.—The state's plea for a writ of prohibition Thursday had temporarily halted the effectiveness of a court injunction which would have jumped the allowable of the Gulf-Me-Eloy oil production area in West Texas from 7,572 to 35,000 barrels daily. The writ application was filed in the Court of Civil Appeals, based upon the contention that the suit in which the injunction was issued is identical with a previous suit now on appeal in the Civil Appeals Court.

Mrs. J. S. Stockard arrived Wednesday from Dallas for a visit in the home of Mr. and Mrs. Edward Lee.

Mrs. Ray Kettleson has returned to her home in Houston, ending a pleasant visit to her mother, Mrs. George D. Fee.

P. H. Kelly arrived Wednesday from Corpus Christi for a brief visit to Mrs. Kelly at the home of her parents, Mr. and Mrs.

TO TELL OF WAR—John Jones, novelist, who represents the Miners' Federation of Great Britain, arrives in New York from Lisbon via clipper plane. He will tell America how British workers are standing the strain of war.

PACKERS SUE TO PREVENT CIO PICKETING

CHICAGO, Sept. 4.—Asserting that \$1,000,000 worth of meat, part of it for the army, may be spoiled, three packing companies used in the circuit court Thursday for an injunction restraining striking members of the CIO packing house workers organizing committee from picketing their plants. The companies were the Agar Packing and Provision corporation, the P. Brennan company and the Illinois Meat company. Approximately 1,400 employees of the three firms and one other company are on strike. Cause of the strike was not disclosed.

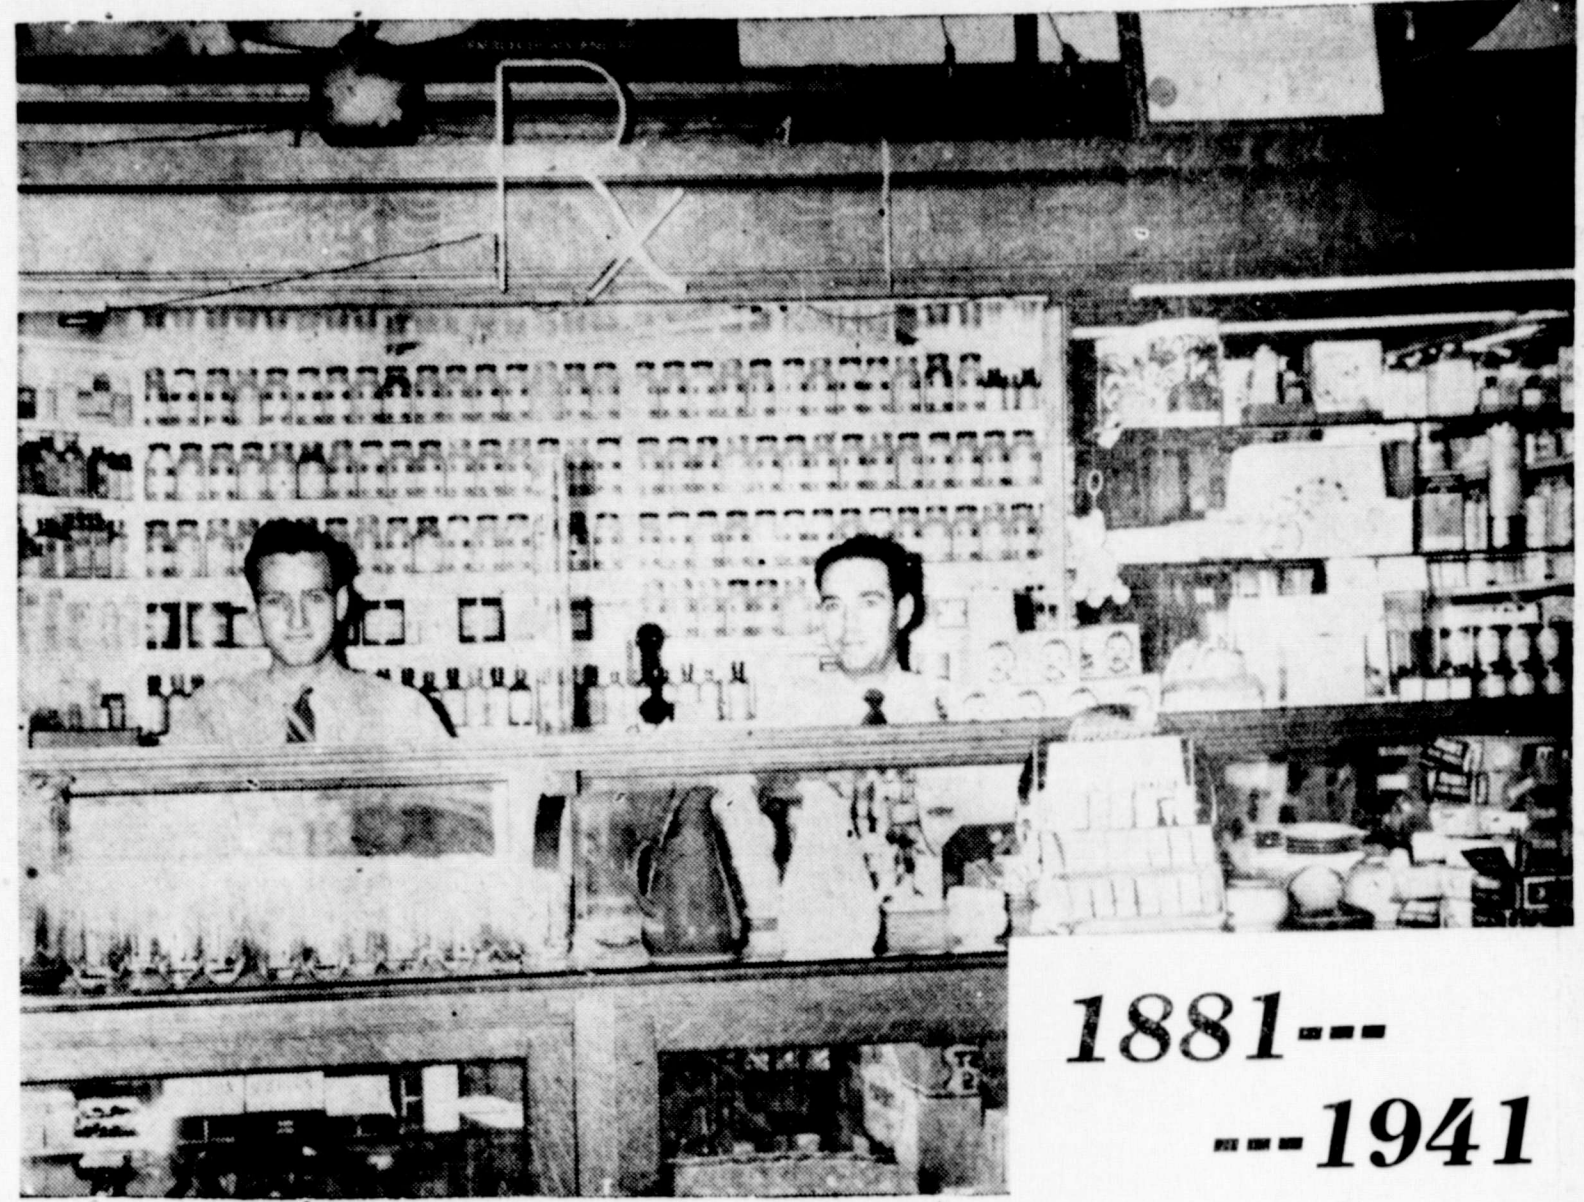

Expenditures this year on new construction will total about two billion dollars, the department of commerce reports.

The cause of warts on children's hands is not well understood.

Philip Pettit, 21, will accompany his mother on his return this weekend.

Mrs. George P. Fee has returned from a short visit to her childhood home in Fort Scott, Kan.
