VOLUME XXII

CISCO, TEXAS, TUESDAY, SEPTEMBER 9, 1941

NUMBER 6

## AXIS FLAUNTS U.S. IDEA OF FREEDOM OF SEAS

### LARGE NUMBER OF BASS FINGERLINGS BE PLACED IN LAKE CISCO WATERS

With the beginning of distribution season last week a large number of fingerlings, principally bass, will be turned into Lake Cisco during the coming month, Walton Baum, state fish hatchery superintendent, disclosed Tuesday.

During 1940 the hatchery put 5,300 bass and 5,000 channel catfish into the lake. Thus far this season no fish have been turned into Lake Cisco from the local hatchery, because of the demand of the new Possum Kingdom lake, recently completed.

"These fish were sent to the new lake because Lake Cisco probably has 10 times as many adult fish as the hatchery here and here would therefore be enough spawning without the aid of the hatchery, while the new Possum Kingdom lake had no fish and supposed to be stocked," Mr. Baum said.

But with the beginning of the distribution season, and Possum Kingdom lake already fairly well stocked, a large number of fish, principally bass, will be turned into Lake Cisco during the coming month.

The State Game, Fish and Oyster commission is now enlarging several of its hatcheries over the state, and has been contemplating doubling the size of the Lake Cisco hatchery, but has held back for want of encouragement from Cisco citizens, according to Frank E. Harrell of the Rockwell Lumber Co.

The state has only ten hatcheries, of which the Cisco hatchery, covering slightly more than eleven acres, is one of the smallest. It is, however, one of the best, producing more fish per acre than any of the other nine.

Mr. Harrell believes now would be an ideal time for doubling the size of the Cisco hatchery, for the reason that the lake is now higher than it has been in its history, and there is no danger of the hatchery using too much of Lake Cisco's water. Depth of the water at the dam was 84 feet before Monday night's heavy downpours.

### CISCO RAINFALL LAST EVENING WAS 1.7 INCHES, RAISING TOTAL FOR THIS YEAR TO 39.2 INCHES

Cisco received a total of 1.7 inches of rain in downpours which began late Monday afternoon and occurred intermittently until about 11 last night, after which time heavy rain fell occurred during the night.

The rain brought with it the biggest relief from heat that Cisco has had this summer. Tuesday morning a brisk wind, cooled by the rain and heavy, low-hanging clouds, pushed the mercury down to 58 degrees at 9 o'clock, the gauge at the Cisco Gas Corp. showed.

Last night's heavy rains pushed the total rainfall for Cisco to 39.2 inches thus far this year, making it one of the wettest years in Cisco in many years.

### WRIGHT WILL HEAD PASTORS FOR THE YEAR

Rev. J. R. Wright, pastor of First Christian church, was elected president of the Cisco Pastors' association in a called meeting Monday morning at First Baptist church.

Mr. Wright succeeds Dr. Gary Smith as chairman of the organization.

Other officers elected were Rev. L. H. Clegg, pastor of the Nazarene church, vice president; Rev. Leslie Seymour, pastor of First Methodist church, secretary-treasurer.

Regular meetings of the ministers will be held every first Monday in each month at 9 o'clock in the morning, at the pastor's study in the First Baptist church.

Plans were made for the pastors, in turn, to appear in the various schools of Cisco for chapel services, cooperating with the schedules of these schools.

### LOBO OPENER IS SHIFTED TO BURKBURNETT

The Cisco Lobos' season opener with Burk Burnett, originally scheduled for Chesley Field Friday afternoon, has been changed to Burk Burnett, Cisco school officials said Tuesday.

It is believed a decidedly larger crowd will attend the contest at Burk Burnett than would if it were played in Cisco.

The game has been set for 8 o'clock Friday night.

Meanwhile, Head Coach Mike Murphy has been working hard in an effort to get his small squad in game condition before Friday. Opening of high school yesterday brought several more boys out for practice, boosting the squad to about 30. Until yesterday's practice, the Lobo coaches had not had out eleven men who could be counted upon as starters.

The return of Garland Lasater, letterman passer, punter and runner and one of the best backs on the squad, and Bruce Sanders, letterman center, whom the coaches were running at the right end position in Monday's workout, brightened up Cisco's hopes some, but even with them, there will be only four lettermen.

The other two lettermen are John Potter, husky guard of last season whom Murphy has shifted to a wingback post, and Cleveland Dunaway, powerful blocker who will probably play the blocking back position this year.

The squad was sent through a long workout Monday and will probably see another long session this afternoon. Only two more workouts remain before the Burk Burnett tilt Friday and there is much work to be done before the Lobos will be ready to take the field. They were given several plays yesterday.

"We will look pretty bad for the opening contest Friday, because several had to report late and miss several workouts, and we have only four lettermen and very few squadmen from last year," Coach Murphy said Tuesday afternoon.

"I think we will look much better for the second game," he said.

### CISCOAN JOINS TEXAS STATE HIGHWAY PATROL

W. W. "Sheeney" Eddleman, former football star for the Cisco Lobos in the days when they were leading grid terrors of the state, has been accepted as a Texas highway patrolman.

Eddleman applied earlier in the year, passed his examination a few weeks ago, and entered a six-weeks' training period Sept. 1 at Camp Mayberry, Austin.

He was a member of the Cisco police force before joining the patrol. He captained the Cisco Lobos in 1927.

### NEIL LANE IS ELECTED HEAD WELFARE BODY

Neil Lane was elected chairman of the Cisco Welfare Board at a meeting this morning at the chamber of commerce offices.

Other officers elected were: Rev. Leslie Seymour, vice-chairman; L. D. Wilson, treasurer; Mrs. H. B. Hensley, recording secretary; Mrs. B. S. Huey, executive secretary.

Eighteen members of the local board were present.

Election of new officers constituted the principal business of the meeting. The drive for funds was discussed, and it was decided that the new officers would meet and make plans for the drive. There was also some routine business of hearing reports.

L. Y. Siddall made a business trip to Abilene Monday.

HERE FROM VENEZUELA—Elizabeth Park, of El Paso, Tex., (left) and Betty Cunningham, of Tulsa, Okla., arrive in New York from Venezuela trip. They're University of Texas co-eds.

### 269 TEACHERS EMPLOYED IN EASTLAND COUNTY THIS YEAR; S. SHIP SESSA CISCO IS LEADING WITH FIFTY INVITES ACTION

The total number of teachers employed in Eastland county, subject to slight changes because the names of all new teachers have not been turned in, was given as 269 Monday by T. C. Williams, county school superintendent.

Of this total Cisco is leading in the number of teachers with fifty employed in the Cisco public school system.

Mr. Williams said all schools not opening Monday, Sept. 1, were in full operation yesterday, with practically full enrollment and were beginning the fall semester in good condition and with bright prospects.

The superintendent gave a list of the schools, the number of teachers and superintendents of the independent school districts, and supplied the names of the common schools, the principals and the number of teachers. In this he stated that he was unable to give the number of teachers positively since some had not turned in the names of new teachers.

The common schools not listed below are schools that have transferred to other and independent schools.

**Independent Districts.**  
In the list of teachers the Cisco schools lead with 50 teachers; R. N. Cluck, superintendent.  
Ranger is second, with 45 teachers; G. C. Boswell, superintendent.  
Eastland, 38 teachers; W. G. Womack, superintendent.  
Gorman, 20 teachers; B. B. Brummett, superintendent.  
Rising Star, 20 teachers; H. B. Self, superintendent.  
Carbon, 15 teachers; J. V. Baird, superintendent.  
Desdemona, 12 teachers; C. A. Skipping, superintendent.  
Oden, 12 teachers; C. O. Bragg, superintendent.  
Pioneer, 11 teachers; L. C. Cash, superintendent.

**Common Schools.**  
Morton Valley, 8 teachers; Sam Jones, principal.  
Colony, 7 teachers; Guy T. Smith, principal; Flatwood, 2 teachers; Charley Garrett, principal.  
Okra, 4 teachers; Wilbur Scott, principal.  
Kokomo, 2 teachers; Alvis Rogers, principal.  
Lone Cedar, 2 teachers; C. B. Brinson, principal.  
Alameda, 7 teachers; L. C. Cooksey, principal.  
Center Point, 1 teacher; C. S. Eldridge, principal.  
Crocker, 3 teachers; Ivan Sherrill, principal.  
Bullock, 2 teachers; Henry Wilton, principal.  
Scranton, rural high school, 8 teachers; C. C. Harris, principal.

PROVING IT—Al Bennett, test pilot and aviation technician, shoulders new light-weight plane engine at Hightstown, N. J., where it's being tried out. It weighs a mere 167 pounds and develops 130 horsepower.

### EASTLAND FILES TRUST DEED TO REDEEM REFUNDING BOND ISSUE OF \$307,775; PLEDGE REVENUES

Filed for record in the county clerk's office Monday was a deed of trust executed by the constituted authorities of the City of Eastland, conveying the revenues and physical properties of the Eastland water works and sewerage systems of that city to a trustee for the benefit of its creditors.

The American National Bank of Austin is named trustee.

Under the terms of this trust deed, the city of Eastland will issue a series of refunding bonds amounting to \$307,775 in lieu of that city's outstanding water works and sewerage system bonds and warrants of \$357,500.

This action is in accordance with an interlocutory decree of the United States district court for the northern district of Texas, Abilene division, in the cause styled "In the matter of the city of Eastland, Texas, No. 1904, bankruptcy," which said decree confirms a plan of composition adopted by the board of commissioners of the city of Eastland on April 15, 1941, which authorized the city of Eastland to issue refunding bonds on the basis of 85 cents on the dollar on the original tax-supported bonds and warrants, aggregating \$331,500, and on the basis of par of said original bonds aggregating \$26,000.

In taking this step the authorities of the city of Eastland are proceeding under provisions of H. B. No. 399, enacted by the regular session of the 47th legislature under which the city commissioners are authorized to issue refunding bonds for the purpose of retiring all bonds and warrants described in the deed of trust and the ordinance empowering and authorizing the city commission to issue said refunding bonds, and made effective as to the holders of all bonds and warrants eligible for refunding.

In the event of failure of the city of Eastland to pay these bonds as they may become due, for which they are a first lien on the property described, as well as the net revenues of the water and sewer system and to grant the purchaser a franchise to operate said water

### CISCO LEGION POST PLEDGES USO SUPPORT

At the regular meeting of the American Legion held Monday night, the Cisco Post pledged its support to the United Service Organization in every way possible.

It was brought out during the meeting that the USO quota set for Eastland county was \$2,400, of which a very small amount has been contributed.

The post voted to contact all American Legion posts in Eastland county in an endeavor to secure their aid in this worthy cause.

County Chairman Charles J. Kleiner will be asked to attend the various meetings in Eastland county with a delegation from the Cisco post to acquaint the Legionnaires with details of the campaign.

A committee composed of Paul Poe, W. R. Huestis and D. L. Langston, was also appointed to go before the city commission to see if city property is available near the Legion Hut for a suitable place for camping purposes to be established for the convenience of army convoys passing through Cisco. If proper facilities can be obtained all camp commanders of army camps will be notified in order that they may take advantage of the camp in planning the movement of troops through Cisco.

### Bostonian Stops Here Today With Plea for Safety on Highways

Henry D. Minot stopped at the office of the Cisco Press today enroute to his home in Boston, Mass., requesting that a plea be made through the Press for greater safety on the highways.

Cause for the visit was an incident which occurred as he came east on Highway 80 from Abilene shortly after noon today. Traveling behind a bus, he saw a large metal grating at the rear left side of the bus, swinging out some three feet from the vehicle, creating a hazard for passing cars.

The Boston man stopped at Baird to get the sheriff there to phone authorities in the nearby towns on the bus route to stop the bus and have the driver fix the grating.

Unable to find an officer of any kind at Baird, he followed the bus on into Cisco, where he came to the office of the Press with his plea for more precaution for all highway travelers, and more observant and competent work by traffic enforcement and other officials.

Mrs. Howard Binyan of Steubenville, O., arrived Monday for a visit with her parents, Mr. and Mrs. H. C. Henderson.

### NEW RED CHAIN FEED STORE TO BE OPEN TODAY

Cisco's newest business establishment is the Red Chain Feed store, which will open Wednesday morning at 308 D avenue, across the alley from the Daily Press.

The store, established jointly by W. D. Key and E. E. Rhodes, will handle Red Chain feed, seeds and garden seeds, from Universal Mills of Ft. Worth.

The building has been put in good condition and the front will be repainted within the next few days.

The owners said they planned to add several products to their line of feed and seed soon.

**DRUNK DRIVING.**  
One criminal case was disposed of in the county court when T. S. Holden, charged with drunk driving, was given a fine of \$50 and had his driving license suspended for six months.

Hitler appeared to have launched an "all-out" war against American aid to Britain and Russia in the torpedoing and sinking of the American-owned steamship Sessa, with the loss of 24 men, one an American.

The Sessa was sunk in United States naval patrol waters south-west of Iceland.

The news was disclosed in Washington shortly after Winston Churchill had said Hitler might carry the naval warfare into American zones.

The Sessa, of Panamanian registry, was the third ship incident between the United States and Germany within five days. One steamer, the Steel Seafarer, was sunk apparently by a Nazi plane in the Red Sea; the other incident was that of the Greer, which clashed with a U-boat near Iceland.

The sinking of the Sessa makes a show-down certain with the Axis on the U. S. interpretation of freedom of the seas, and it is predicted that President Roosevelt will use his address to the nation Thursday night for a strong declaration of American policy.

Some go so far as to predict that Mr. Roosevelt will announce that from now on this country will meet force with force every time it is encountered on the oceans.

The Churchill speech coincided with the great Russian counter-attack on the Central front, where Moscow says eight Nazi divisions have been smashed and forced to retreat.

The German luftwaffe has launched an all-out attack on Leningrad.

### AGREEMENT ON ROAD BOND LEGISLATION

AUSTIN, Sept. 9.—The Texas legislature met in a special session at noon today with formerly-opposing factions agreed on road bond legislation transferring state highway right-of-way costs from counties to the state.

Per week, by carrier buy... Per year, in advance...

PRAYER

By ROGER W. BABSON

Editor Cisco Daily Press: Letters come to me from your readers asking why I am so certain that Hitler will lose World War II. Of course there are many reasons, including Great Britain's control of the seas, the latent manpower of the British Empire, China and Russia totaling a billion souls who can be trained and united, the tremendous industrial producing power of the United States when really awakened, and finally the great superiority of these nations in natural resources compared with Germany, Italy and Japan.

Far more important, however, is the spirit of those who are fighting for freedom and justice. The "still small voice" in the human soul is more powerful than horses and chariots, or than tanks and bombers. As a sick man turns to God for help, so will the people of the innocent nations which the Germans today hold in brutal subjugation. I oppose and defy the popular belief that these subjugated people are "helpless" because their arms and ammunitions have been taken from them and because they are watched by German police. Hundreds of millions of people in these subjugated countries can and will pray.

The Gestapo can take the arms away from these millions; they can confiscate their writings and imprison those of them who speak for freedom and justice. The German military machine, even if multiplied a hundred fold, cannot prevent the Dutch, Greeks, Danes, Norwegians, Belgians, Balkans, and other innocent peoples from praying. Ultimately, these millions will unite in doing this—silently and unbeknown to their brutal enemies. These prayers added to the material sacrifices and efforts which all of us must make will bring victory. The two combined have never been known to fail.

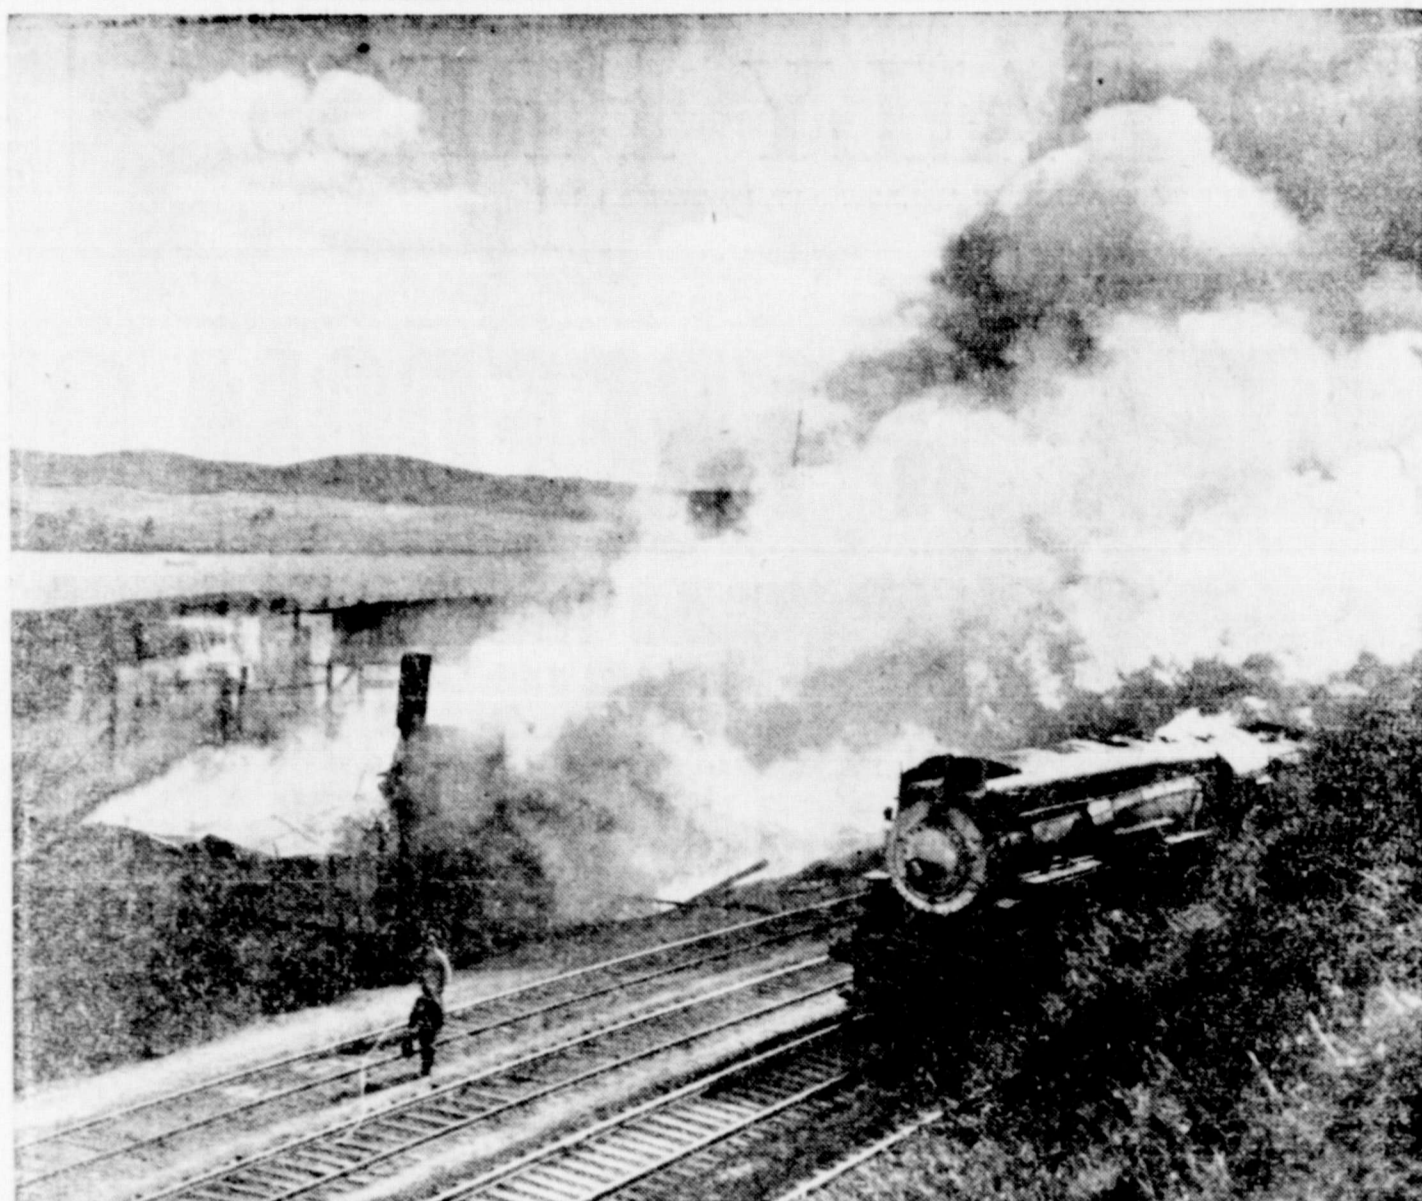

All nations are now praying that their armies may be victorious; but such prayers may be selfish and, if so, are of no avail. Both sides in every war ask God to give them victory! This has not amounted to much.

Today, however, a great third group of victimized neutrals are involved whose prayers will count.

The great spiritual awakening which I have long been forecasting is coming. It may be born, however—not in the American and English churches as I had hoped—but in the souls of the downtrodden millions of Europe, Asia and Africa.

Yes, I am a radiant optimist as to the ultimate outcome of this war and the better world which surely is to follow.

Classes in TAP DANCING and EXPRESSION Mrs. Troy Powell Studio 806 W. 12th St.

WHEAT STORES DESTROYED—A passenger locomotive which destroyed 800,000 pounds of government wheat awaiting shipment to China at Port Costa, Cal. Total damage was \$1,500,000, and property damage included two fish plants, a barge, two ships and the warehouse. Agents of the Federal Bureau of Investigation are probing cause.

DO YOU REMEMBER?

(From Files of Cisco Daily News, January, 1928.)

"George Carmichael died at 6 o'clock" was the sad message telephoned to the Daily News office from the Graham Sanitarium Saturday evening, a few minutes after the passing of this brave police officer, who lost his life in defense of the lives and property of the home city. Shot down, mortally wounded with a bullet through his head, by one of the bandits who raided the First National bank here, December 23, George Carmichael, well-known police officer and Cisco citizen, fought as valiantly for his life while lying on his hospital bed since December 23, as that fight staved in an effort to fight back those desperate criminals seeking to despoil one of Cisco's financial institutions and to murder our people. But he fought a losing battle with the grim reaper. Many have marveled that his wonderful constitution sustained him for so long a time, for it was realized at first that his recovery would have been marvellous had he survived. But the shock to all Cisco was no less for the fact that all realized from the start that his condition was most serious. George Carmichael was universally beloved by all who knew him, and besides his immediate family hundreds will mourn his untimely and tragic death. The body was prepared for burial Saturday night at the Green funeral home, and the funeral services will be held at the First Baptist church this afternoon at 2 o'clock, conducted by Rev. Acker C. Miller, who will be assisted by Rev. J. S. Stockard. Burial will be in Oakwood cemetery at the conclusion of the funeral services. George Washington Carmichael was born in Jefferson county, Tenn., August 7, 1867, and was 69 years of age last August. He came to Cisco in 1890, but had lived near Cisco, where he engaged in farming for several years previous to his residence in this city. He is survived by his widow, Mrs. Bertie Carmichael; a stepson, J. E. Wyatt, three brothers, Sam Carmichael of Cisco, H. H. Carmichael of Springfield, Mo., and A. W. Carmichael of Morristown, Tenn., and a niece, Mrs. Ed Aycock of Cisco.

Joe Sikes Price is the name of the first Cisco baby born in 1928, according to the best information the Daily News has been able to obtain. This first arrival of the new year was born to Mr. and Mrs. T. N. Price of W. Ninth street, January 3. Some communities have offered special prizes for first baby, but the only prize offered in Cisco was a month's supply of milk for the first arrival, offered by the Cisco Creamery, which was announced in the Daily News last Sunday. But the girls are always more precocious than the boys, and while Joe Sikes holds the honor of being the first-born in 1928 inside the city limits, he was three days behind his female competitor for the Cisco section, as Maudie Rose, the little

daughter of Mr. and Mrs. John Perry Rutter living about four miles out of Cisco, made her arrival January 1, and is the first baby born in 1928 in the vicinity of Cisco. Other January babies include a boy born to Mr. and Mrs. Donald W. Rouse, E. Eighth street, January 6. Also to Mr. and Mrs. Charles Harold Kennedy, born January 6, a boy, at the Broadway hotel. The father of this little fellow, who has been christened Charles Harold, Jr., is a son of Mr. and Mrs. A. L. Kennedy, and the mother was visiting her husband's parents at the time of the birth. The young fellow will reside with his parents at Cleburne just a soon as his grandmother is sufficiently recovered for him to leave her.

The Lutheran Young People's society was entertained at the home of Misses Hattie Meta and Lydia Wende Thursday night. With the exception of a few members, all were present with several guests. Several hours were spent in playing different games, and some very interesting contests were enjoyed. The hostesses served sandwiches, hot chocolate and cake.

Cisco has just closed a very important water contract with the Texas and Pacific Railroad company, whereby this city agrees to furnish the railroad with a maximum of ten million gallons of water per month, or so much thereof as may be required by the road for use at various points on the Rio Grande or western division of the line in Texas. Among the points where the water will be used by the railroad company are Abilene, Merkel, Sweetwater, Colorado City, Big Spring and Midland.

The marriage of Mrs. Sarah O. Winchell, formerly of Cisco, to Paul McGehean, in Kansas City, Mo., on January 5, will be of much interest to friends of the bride here. Mrs. McGehean is well known here to scores of Cisco people and will doubtless be the recipient of many congratulations upon her marriage.

Mrs. Bill Mulroy, Miss Vera Keys and Miss Louise Smith entertained Friday night with a dinner party honoring Miss Mintora Mayhew, who left Sunday for Beaumont, where she will be for several months taking a business course. The tables were most attractively decorated with vases of cut flowers carrying out the color scheme of pink and white. After a most delightful feast, several farewell speeches were made to the honoree. The party then repaired to the picture show. Those present were Misses Hazel Preston, Mintora Mayhew, Ione Lamb, Emma Muller, Catherine Cunningham, Louise Smith, Vera Keys and Mrs. Bill Mulroy.

Wednesday—Kappa Bridge club meets with Mrs. L. H. Blackstock at her home on W. Fourth street, at 2:30 o'clock.

Friends of Miss Bessie Olson, who is a student at the State university at Austin, will be interested to know that she will broadcast from Station KUP tonight at 8 o'clock. This is the university station.

Another good well has been

brought in in wildcat territory in Young county, according to a report of Chas. J. Kleiner, part owner of this new producer. This well is located on the EEL survey No. 1480, and on the farm of C. W. Langston, about 18 miles northeast of Graham. It is 589 feet deep, and the drill penetrated the pay sand for about 15 feet. Mr. Kleiner says. The production is variously estimated at from 60 to 150 barrels per day, there being no gas as yet showing up. This new well opens up a field that is purely wildcat, in that it is six miles from the nearest producer. Mr. Kleiner and associates, Messrs. J. H. West and J. R. Hill, have 214 acres in the immediate vicinity, and expect to get several other producers as soon as the wells can be drilled.

The contract for the construction of Eastland county's new court house was let at 2 o'clock this afternoon to the Christy-Dolph Construction company, as general contractors, for \$259,900, covering the building proper. W. K. Grace got the electrical contract at \$5,433, and the heating and plumbing work went to C. E. Wallace for \$21,000. Contract for the elevators was not let, the commissioners desiring to look into the bids further, Commissioner Birt Britain told the Daily News by telephone.

The Alathean class of the First Baptist church met in a business session at the church Monday afternoon at 2 o'clock. The election of officers for the ensuing year was held, and their duties and other business matters were discussed at length. There were fourteen class members and the teacher, Mrs. Kate Richardson, present.

The members and guests of the S. O. S. Bridge club were entertained at the home of Miss Madeline Shepherd on W. Ninth street, Monday night. The favors in the game went to Miss Catherine Cunningham, high, and the consolation to Miss Theresa Lee. A two-course salad plate with salted nuts was served to the following guests: Misses Catherine Cunningham, Mary Gresham, Theresa Lee, Addie Fee, Mary Fee, Mary Elizabeth O'Flaherty, Ester Hale, Ruth Endicott, Katherine Pettit, Aline Walker, Mary Jane Butts, Helen Williamson, Mesdames Cecil McCord, Martin Minton, Ford Hubbard and the hostess.

The last meeting of the board of directors of the Cisco chamber of commerce was held at the home of Eugene Lankford, lawyer, at 3:30 p. m. Monday, Sept. 8. The first hatch off Sept. 29. Come in and place your orders now. First come, first served.

Don't Fail to Order Your Dressed Poultry From Dunn's Hatchery Phone 637

of commerce for 1927, held Wednesday evening, was a most enthusiastic and profitable session. The retiring board wound up the business for last year and heard the annual reports of the heads of the various committees, showing the accomplishments achieved in 1927. These reports were written in detail, and will prove of interest to Cisco people, and will be published from day to day in the Cisco Daily News. Organization of the new board of directors was completed with the introduction of the newly elected members, to succeed the five members and to fill one vacancy. The new directors are R. Q. Lee, H. S. Drumwright, Dr. Charles Hale, Guy Dabney, L. J. Preston, reelected for a term of three years; Wade K. Johnston and L. J. Preston, for a term of two years. In addition to these, the 1928 board consists of A. D. Anderson, P. W. Campbell, J. T. Elliott, C. C. Gray, A. B. O'Flaherty, R. L. Poe, W. W. Wallace, L. A. Warren and F. D. Wright. The new officers elected for 1928 are Guy Dabney, president; F. D. Wright, first vice president; H. S. Drumwright, second vice president; H. S. Drumwright, financial director; J. E. T. Peters, secretary; Miss Letha Eager, assistant secretary; E. H. Varnell, agricultural vocational instructor. All of the above were re-elected except the first vice president, F. D. Wright, who was elected to this place which was held by F. E. Harrell, the retiring director.

"Cisco Commandery No. 47, Knights Templar, recently presented all living past commanders who are still members of the commandery with a jewel of their offices," said John F. Patterson, Masonic secretary, this morning. There are twelve living past commanders who still retain their membership here. Mr. Patterson said, one of whom is W. S. Michael, county auditor of Eastland. Mr. Patterson took his jewel to Eastland Monday and personally presented it to Mr. Michael. Those who formerly occupied the past commander's station are John F. Patterson, who was the first commander; Dallas K. Scott, R. A. St. John, E. E. Kean, Dr. W. P. Lee, W. Frank Walker, B. W. Patterson, Wm. Reagan, L. D. Wilson, J. M. Witten, W. B. Statham, Cisco; W. S. Michael, Eastland. The

THE 2-PRONGED FORK

By GEORGE PECK

When the name of Henry VIII of England is mentioned, the first thought that comes to mind, is a king of many marriages—a man who gave royal impetus to the divorce industry, and launched the so-called civilized world on an orgy of multiple marriages.

But Henry VIII had something more than just a lot of wives. He had a prime minister by the name of Cardinal Wolsey. This fellow also was a smart one at that. Henry needed a lot of money (due to his many wives and foreign intrigues), and Wolsey somehow always managed to get it for him.

Wolsey invented a simple but very ingenious money-raising scheme which the world has come to know as the Two-Pronged Fork System. It was an infallible plan, never failing to bring home the bacon.

Briefly the plan was as follows: Wolsey would go to one of the peers of the realm who was living on a lavish scale and say to him in effect: "You must have a lot of money to be able to live and entertain as you do; therefore you can well afford to give the King so many thousand pounds."

To the fellows who lived parsimoniously, he would say: "Judging from the niggardly manner in which you live, you must have saved a great deal of money; therefore you can well afford to give your King so many thousand pounds." So with one or the other prong of his two-pronged fork, he raked in the shekels for his King; his victims had no choice but to come across. As aforesaid, his scheme was a perfect one.

Cardinal Wolsey has long since passed on to the Great Beyond, and from there he must be looking toward America and smiling to himself, for here today, we have in operation another two-pronged fork, not so bare-faced, not one that is being forced upon us, for we have a choice in the matter.

The United States government is asking us to buy Defense Bonds. It is the patriotic thing for us to do—it is the sensible thing to do. Uncle Sam needs a certain amount of money—a whole lot of money—for defense. One way or another he is going to get it.

If we loan it to the government, as we are being asked to do—mind you, asked, not demanded—we will have valuable assets in the form of negotiable bonds. That is one prong of the fork—the nice one.

If we do not buy bonds, Uncle Sam will have no other recourse than to send the tax collector around to take the money from us. In this unhappy event, we will have nothing but a tax receipt to show for our money. That would be the other prong of the fork—the nasty one.

Let's do the job the easy way, the sensible way, the practical way. Let's buy bonds, buy them now and keep on buying them too.

S. S. Class In Benedict Home Monday Night

The Willing Workers class of the First Christian Sunday school met in the home of the teacher, Mrs. J. F. Benedict, Monday evening in the regular monthly social and business meeting.

During the social hour following the hostess served refreshments to the guests. Those attending were Mrs. James Mobley, Mrs. Guy J. Ward, Mrs. Lonnie Shuckley, Mrs. I. A. Brunkenhoefer, Mrs. Troy Powell, Mrs. Chas. Greenhaw, Mrs. Geo. Grosclose, and a visitor, Mrs. Arthur Gutierrez of Portland, Ore.

Eastside W. M. S. Meets at Church

Members of the Eastside Baptist Women's Missionary society met at the church Monday afternoon in regular session with Mrs. Herman Barron presiding. Routine business matters were transacted and a splendid devotional given, after which an interesting Bible lesson was taught.

Approximately 15 members were in attendance.

FIELDERS LIKE CISCO CAMP, SO VOTE A RETURN

About 50 members of the Fielder family enjoyed their annual reunion at Lake Cisco Sunday and liked the location and picnic facilities so well they unanimously voted to bring the gathering back to Cisco in 1942.

The original home of this reunion was Comanche, where the family settled in 1884 and where most of the older members were born.

Rev. Wilson Fielder and his family, who are scheduled to return soon to China where Mr. Fielder has spent many years, were not able to be present. The family has been spending the summer in North Carolina, where the minister and his daughter, Miss Golda Jean, were teaching in a Baptist summer camp. They were scheduled to leave in time to reach Cisco for the reunion, but a reported car wreck in which only the car was damaged, delayed them and they did not arrive.

Rev. J. T. Fielder, superintendent of the Acadia Baptist academy at Church Point, La., could not attend on account of school beginning. Some of the young men away in flying fields, army camps and other employment were unable to attend the reunion.

“Cisco will be unusually well

The Notebook

Tuesday. First Methodist Circles of the Women's Division for Christian Service meet as follows:

Circle One with Mrs. Ed Huestis hostess in her home at 3 o'clock.

Corlene Fields spent Sunday in Graham with relatives.

Mrs. Davis Fields and little daughter, Sandra Corlene Fields, are spending the week in Brownwood.

Mrs. Ben C. Metcalf, Mrs. N. C. Huston and Miss Sara Siddall visited in Stamford last week.

Outing Held Monday By Wesleyan Class

Members of the Wesleyan class of the Church of the Nazarene and their guests met Monday at the home of Miss Charnelle Boggs and went to Lake Cisco for supper.

Ice cold watermelons were served to the following members and guests: Misses Oleta Huestis, Octavia Jones, Winell Jones, Jo Nell Rains, Lavada Pence, Ruth Hibbert, Mona Jean Boggs, Frances Johnson, Geraldine Lindsey, Billie Ruth Aiken, Ann Heaven, La Unia Cook, Nellie Fay Cook, Erdine Clegg, Ruby Jones and Charnelle Boggs.

A wedding of interest to Cisco friends of the groom took place at St. John's Evangelical and Reformed church, Sunday August 31, when Miss Anne Pauline Stump, daughter of Mr. and Mrs. Frank Stump of Danville, Ill., was married to J. V. Pilcher, son of Mrs. Camilla Pilcher of Cisco, and instructor at Chanute Field, Ill.

Stump-Pilcher Nuptials Held in Danville, Ill.

A wedding of interest to Cisco friends of the groom took place at St. John's Evangelical and Reformed church, Sunday August 31, when Miss Anne Pauline Stump, daughter of Mr. and Mrs. Frank Stump of Danville, Ill., was married to J. V. Pilcher, son of Mrs. Camilla Pilcher of Cisco, and instructor at Chanute Field, Ill.

The double ring ceremony was performed by the Rev. G. J. Boettcher.

Attending the couple were Miss Irma Faulk of Danville and Don E. Squier, Chanute Field. Ushers were Robert Weaver and Carol Woods.

Preceding the service, Mrs. C. J. Boettcher, organist, played a 15-minute medley of bridal airs. Miss Myrtle A. Cambridge of Chicago sang "Because" before the services, and during the ceremony Mrs. C. F. Jones sang "I Love You Truly." As the bridal party entered, Mrs. Boettcher played the Bridal Chorus from Wagner's "Lohengrin" and for the recessional played Mendelssohn's Wedding March.

Give in marriage by her father, the bride wore soldier blue crepe, street length, with blue-and-white accessories and had a corsage of Belmont gardenias. Her maid of honor was attired in beige silk jersey. Her corsage was of Talianum roses and asters.

Following the ceremony a reception was held in the home of the brides' parents. The couple left later on a short wedding trip and will soon leave for Texas, where the bridegroom is being transferred to Sheppard Field at Wichita Falls.

Mrs. Pilcher is a graduate of Danville high school. Mr. Pilcher, who grew to young manhood in Cisco, was graduated from Cisco high school with the class of 1936. He enlisted in the army in 1939 and was stationed at Kelly Field. He was transferred to Chanute Field in 1940, where he has since remained.

New March of Time

The film shows and analyzes Hitler's long list of broken promises, doubledealings and treacheries since his rise to power as the German Fuehrer.

I AM OLD GLORY

For more than eight years I have been the banner of hope and freedom for generation after generation of Americans. Born amid the first flames of America's fight for freedom, I am the symbol of a country that has grown from a little group of thirteen colonies to a united nation of forty-eight sovereign states. Planted firmly on the high pinnacle of American Faith, my gently fluttering folds have proved an inspiration to untold millions. Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity. They have proved that they and their fellow citizens might continue to enjoy life, liberty and pursuit of happiness, which have been granted to every American as the heritage of free men. So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers; so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of America. I am Old Glory.

Attend Church Meet Today in Carbon

Among those attending the workers' conference of the Cisco Baptist association, held today in Carbon, are Rev. and Mrs. Judson Prince, Mrs. H. L. Kunkel, Mrs. W. H. LaRoque, Mr. and Mrs. C. A. Williams, Mr. and Mrs. J. R. Burnett from the First Baptist church; Rev. Russell Dennis, Mrs. Dennis, Mrs. V. H. Bosworth and Mrs. H. Barron from the eastside church. Following is the program scheduled for the meeting: 10 a. m., devotional, Rev. I. J. Lloyd; 10:25, Christian Stewardship, Rev. Phil McGahay; 10:45, Christian Assurance, Rev. Judson Prince; 11:05, report from churches; 11:30, business; greeting of visitors; 11:40, special music, arranged by Carbon church; 11:45, sermon, Rev. Arnett, of Caddo. Lunch, 1:30 p. m., board meeting. W. M. U. program—devotional; business.

MOTOR CLINIC

As a car owner, we feel sure that you will be interested to know that we are holding a two-day motor clinic on Thursday and Friday, September 11-12. During these two days an ignition and carburetion engineer will be here with modern testing equipment to assist our regular shop personnel. If your automobile is hard to start—is sluggish from loss of power and pep—runs rough—uses too much gas and oil—then we cordially invite you to bring your car in for a complete Motor and Safety test on either of the above dates. We urge that you stay and we are confident that you will find them both instructive and interesting. These tests will afford you a most interesting picture of the various phases of operation of the power plant that runs your car. There is absolutely no charge for the tests, and you are not obligated to buy a thing!

DEFENSE BOND QUIZ

Q. Do the retail stores receive any fee or percentage for the sale of Stamps?

A. No. The retail stores are offering their facilities as a patriotic service, just as banks, savings and loan associations and others are giving their help in the sale of Defense Bonds.

Q. How can I form the thrift habit necessary for me to buy many Defense Bonds now, to help the Government?

A. The easiest way is to instruct your employer or banker to hold back a small fraction of your salary or other income. Even 10 cents a day and a dollar on your birthday will amount up in one year to \$37.50, the purchase price of a \$50 Defense Bond. Bigger savings buy bigger bonds.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at retail stores.

Mr. and Mrs. L. E. Edwards Monday afternoon.

Mrs. Jeff Pippen spent Tuesday with her parents, Mr. and Mrs. L. R. Neims of Cisco.

Mr. and Mrs. R. T. Donham of Moran and Mrs. Lee Donham of Moran and Mrs. J. C. Carr of Cisco were Sunday dinner guests of Mr. and Mrs. W. G. Donham.

Mr. and Mrs. Clarence Pippen and sons visited Enrich McCollum of Pueblo Sunday.

Aubrey Coats visited Jeff Pippen Wednesday.

Mrs. Clifton McClelland called at the home of Mrs. W. L. Yeager Thursday.

Mr. and Mrs. J. M. Pence and daughter, Eunice, spent Sunday

afternoon with Mr. and Mrs. Henry Farmer.

Mr. and Mrs. B. B. Harwell and children were in Breckenridge Wednesday.

Mrs. L. E. Edwards and sons spent Tuesday night with Mrs. Walter Yeager.

Mrs. R. T. Donham and daughter, Lois, spent Sunday night with Mr. and Mrs. William Donham.

Charlie McClelland visited his sister, Mrs. J. A. Yeager Monday.

Mrs. Neal Pippen spent Tuesday with Mrs. L. R. Neims.

Roy Adams called at the home of W. L. Yeager Wednesday.

Mr. and Mrs. Jeff Pippen made a business trip to Putnam Wednesday afternoon.

The quilting club met with Mrs. Pete Dean Thursday. Next meeting will be with Mrs. W. L. Yeager.

Mr. and Mrs. L. E. Edwards and sons were Sunday dinner guests of Mr. and Mrs. Sam Hart and children of Bedford. In the afternoon Mrs. Hart and daughters and Mrs. Edwards called at the beautiful ranch home of Mr. and Mrs. Bill Childers.

Saturday evening at 6 o'clock in the home of Rev. J. R. Wright, pastor of the First Christian church, Miss Marie Litchfield and Robert D. Russell were united in marriage. Mr. Wright officiated in the presence of a few close friends. The young couple left immediately after the wedding on a brief trip to San Antonio.

Mr. and Mrs. Russell are well known in Cisco, where they have

many friends. Both are graduates of Cisco high school. He took his residence in Abilene; where Mr. Russell, instructor at Randolph Field.

Enroute to San Antonio 8:30 that night, an accident occurred eight miles beyond field which completely disabled Mr. and Mrs. Russell's car. Russell received injuries to face and chest, but Mrs. was unhurt. The couple to Cisco and are guests of parents, Mr. and Mrs. L. E. Edwards and Mr. and Mrs. J. J. L.

Keeping busy? Yes Sir! We've got a bigger job these days. We're building telephone systems at army cantonments, navy bases, munitions plants—wherever they can use us to speed the job. And building new lines to these bases... sometimes stringing them hundreds of miles to places that used to need only one or two circuits. Between jobs for the government... we're adding whatever equipment we can get to our network of lines and central offices in the Southwest... While this emergency lasts... on the biggest job we've ever tackled... we're doing our level best to serve the nation, and serve you. SOUTHWESTERN BELL TELEPHONE CO.

MOTOR CLINIC. As a car owner, we feel sure that you will be interested to know that we are holding a two-day motor clinic on Thursday and Friday, September 11-12. During these two days an ignition and carburetion engineer will be here with modern testing equipment to assist our regular shop personnel. If your automobile is hard to start—is sluggish from loss of power and pep—runs rough—uses too much gas and oil—then we cordially invite you to bring your car in for a complete Motor and Safety test on either of the above dates. We urge that you stay and we are confident that you will find them both instructive and interesting. These tests will afford you a most interesting picture of the various phases of operation of the power plant that runs your car. There is absolutely no charge for the tests, and you are not obligated to buy a thing! A. G. MOTOR CO.
