WEEKLY RECEIPTS VARY LITTLE AT CISCO LIVESTOCK EXCHANGE; \$5,616 REPORTED FOR TUESDAY

There is a persistent consistency in the amount of receipts at the weekly auction sales of the Cisco Livestock Exchange. This consistency is manifest in the receipts remaining around the \$5,000 mark, and those of this week are no exception, as Secretary Claude Booth announced that bidders in the auction ring had boosted the receipts to \$5,616. The largest sale was that of Trigg & Montgomery, 83 cattle, \$2,109.

41 YEARS AGO

(Cisco Roundup—July, 1900)

Cisco Trade Day.

Last Monday was the regular Cisco Trade and Stock Show day. The people were here—they were entertained as best a throng that is variously estimated at from 3,000 to 5,000 souls could be on short notice.

In the early morning the fire boys turned out and wet the streets to keep down the dust—then the people began to arrive on horseback, in buggies and in wagon loads.

The Cisco Silver Cornet band rendered some fine music at 10:30 on the streets, and at 11:15 they went to the big compress platform and there rendered more of the choice selections, after which S. A. Bryant of Eastland addressed the great crowd present in his usual happy style, free from politics.

After the address dinner was announced and served.

At 3 o'clock the procession was formed for the exhibition of fine stock and the trades display. The advance guard of the procession was Judge's Bicycle orchestra on their wheels; then came Grand Guide Joe Lovelady, and following him was as fine a lot of thoroughbred jacks and stallions as is usually gotten together in a western city.

There was a fine Red Durham male following, then came J. Anderson's six thoroughbred registered Hereford heifers, as pretty as ever trod Cisco soil; next was the Davis Jersey cow, and she's a beauty. Geo. Huestis showed a fine red pig. Following this came the princesses of the Orient, about twenty strong, leading their world famous animal, then the art gallery of Mr. Judia and his orchestra, followed by other sightseers on foot, as well as horsemen by the score.

It was with much difficulty that the people were kept out of the procession so large was the crowd.

After the parade, the Silver Cornet band boys, mounted on a well decorated float, led the way to the ball grounds, where a team of ballplayers from the little town of Gorman measured strength with the second nine of Cisco. The home team won the game and the Gorman boys got the refreshments.

The side attractions of the day were "bronch riding," flying swing Willard's shows, lemonade stands etc.

The day as a whole passed off nicely — very nicely, considering the great number present.

The next trade day is on August 13, and the boys who made bad trades last Monday are invited to come back and even up on the other fellow.

R. E. L. Henry and wife are visiting in the home of W. D. Chandler.

Don't everybody speak at once, but there is now a chance for Cisco to get electric lights by the time the rush is on this fall—who is the first that desires this service?

Invitations are out for the "Golden Wedding" of Mr. and Mrs. W. D. Chandler on July 25, at the family residence. The names of the sons and daughters present and their addresses are as follows: J. H. Chandler, pastor of the First Baptist church, Bowie, Mo.; W. R. Chandler, Cisco, Texas; Mrs. Mattie N. Daniel, Cisco; Mrs. Marie E. Slusher, Lexington, Mo.; Mrs. Emma E. Martin, Cisco; Mrs. Della E. Richards, Waco, Texas; Mrs. E. Mae Henry, Taylor, Texas. Mr. Chandler and wife have been members of the Baptist church since 1863, and he has been a Mason for 43 years. A general invitation was extended to everybody to be present at the church last night.

Will Mancill and wife now occupy their new home south of the Baptist church.

O. T. Maxwell left Monday for Kansas City to attend the convention.

Mrs. Ben Brown of Van Buren, Ark., is visiting her brother, Uncle Joe, near Scranton.

Will Walker now gets his mail at Weatherford.

John Gude has materially improved his home.

Mrs. J. T. Berry has returned from a visit to Abilene.

Wheat continues to roll in, and Chas. Bacon says he had 18 acres from which he threshed 466 bushels on his farm, two miles from town.

The city board of equalizers are L. E. Brannin, Geo. Daniels and A. R. Carnes.

The appointees included a sheriff who resigned his office to join the oldest state police organization on this continent—a former sheriff, two deputy sheriffs, a highway patrolman and an inspector for the Texas Southwestern Cattle Raisers' association.

The additions were provided for by the last legislature and were made necessary by increases in regular criminal work, internal security investigations and cattle theft.

Colonel Garrison said most of the new personnel will be assigned to cattle theft investigations. With livestock prices soaring, cattle thefts have increased enormously in recent months.

After a period of experimentation in the Austin district, the Rangers are adopting throughout the state a new system of combating cattle rustlers. It includes enforcement of the law requiring bills of sale on livestock, inspection of livestock in transit through blockades, night patrols on county and private roads, and systematic checks of livestock auction rings and other sales outlets.

The new investigators are: E. H. Marshall of San Augustine, for five years sheriff of San Augustine county. A former student of Stephen F. Austin State Teachers College at Nacogoches, he served four years as deputy sheriff in San Augustine county prior to becoming sheriff. He is a graduate of the Peace Officers Training school conducted by the department of public safety and

of the National Police academy conducted by the Federal Bureau of Investigation. He has been assigned to the Houston district.

Raymond Waters of Lubbock, who resigned last October as sheriff of Wheeler county and since then has been employed by the Texas Game, Fish and Oyster commission as game warden. He has been assigned to the Lubbock district.

Chief Deputy T. J. (Jim) Flournoy, for thirteen years a member of the Fayette county sheriff's department. He has been assigned to the Austin district.

John Klevenhagen of San Antonio, for nine years a deputy constable and deputy sheriff of Bexar county. He has been assigned to the Houston district.

Norvell Redwin of Lubbock, a highway patrolman since October, 1937. He served one year as deputy sheriff of Taboka prior to entering the Texas highway patrol. He has been assigned to the Lubbock district.

Leon T. Vivian of George West, a former cattle man who had been employed as a cattle inspector since 1929 by the Texas Southwestern Cattle Raisers' association. He has been assigned to the Del Rio district and is stationed at Mission.

The oyster industry forms the United States' most valuable fishery from the standpoint of employment.

Canada produced 625,000 tons of pig iron in the first half of 1941, as against 530,000 tons in the first six months of 1940.

PALOMINOS TO BE FEATURE ABILENE FAIR

ABILENE, Sept. 17.—The Palomino horse show, popular feature of the West Texas fair here for the past two years, will be even more colorful and spectacular at this year's fair, September 28 to October 4, Dr. M. T. Ramsey, show chairman, says.

Entries, restricted to registered Palominos, passed the 200 mark last year, and are running well ahead of 1940 figures, Ramsey said. Inquiries, or reservations,

and bred their Palominos to point where types are more perfect, and colors are more varied," he said. The Palominos will participate in the big annual parade on Monday, opening day.

CHANGED HIS MIND ABOUT MR. LINDBERGH

OKLAHOMA CITY, Sept. 17.—Herbert K. Hyde, state chairman of the America First committee, charges that Charles A. Lindbergh's Des Moines, Iowa, speech was "un-American."

The Oklahoma City attorney made the accusation in a voluntary statement to the press and on questioning indicated that he might "get out of the America First Committee."

Lindbergh's "raising the ugly form of racial and religious intolerance is not in harmony with our American ideals and aspirations," Hyde declared.

"Lindbergh's attempt to divide America into racial or religious groups by making charges against the Jews of America is un-American and should be subjected to the most vicious criticism. I am unalterably opposed to his views in that respect."

Hyde, who promoted a speech here Aug. 29 by Lindbergh and Senator Wheeler of Montana, in favor of peace, pointed out, however, that "I'm still against embroiling this nation in a foreign war."

"It's my opinion, Hyde said, "that he (Lindbergh) did not reflect the views of the America First Committee in his Des Moines speech. If he did, then I'm going to get out of the America First Committee."

YOUNG WORLD FDR UNAWARE TRAVELER TO PROPAGANDA SPEAK AT CHS IN THE MOVIES

Delbert Harter of Los Angeles, Calif., will appear in Cisco high school Friday morning at 10 o'clock, according to O. L. Stames, principal.

Harter, graduate of the University of California at Los Angeles, spent two years traveling in fifty-eight countries. He worked his way through U. C. L. A. by singing on the radio, "slinging hash," dusting farm crops by

WASHINGTON, Sept. 17. — President Roosevelt told a press conference Tuesday he had not been aware of war propaganda in the movies.

To a question as to whether the government had encouraged pressure for inclusion of propaganda in the output of the film industry, Roosevelt replied that government was a broad word. But he said he had done nothing of the kind and had no knowledge that any of his subordinates had.

One reporter asked for comment on the warm discussion in congress over the issue of propaganda films and the Chief Executive remarked that he had seen a cartoon in an afternoon paper (Washington Star) which he thought was rather good.

Picking up the paper from his desk, he said the cartoon showed Charlie Chaplin holding a subpoena from the Senate committee investigating the propaganda issue and saying "Now what could I possibly tell those past masters about comedy?"

WINSTON SAYS GIANT PLANT BE PERMANENT

TEXARKANA, Sept. 17.—Lieut. Col. Harlow Winston, construction quartermaster of the Lone Star Ordnance Bomb and Shell Loading Plant near here, says the war department will spend an additional \$3,500,000 on construction of the project to make it a permanent structure instead of merely for the duration of the present emergency.

This latest amount hikes total construction costs to \$49,000,000 and raises the combined construction and operating costs to a twelve-month period to \$82,440,000.

Colonel Winston said he could not estimate how much it would cost to operate the giant plant in peacetime, but added that the United States Army uses plenty

unique articles from a large collection he made on the trip. For the past two years Harter has appeared in the largest high schools of the north and west, and he has been enthusiastically received everywhere.

of artillery shells and bombs to train its forces the year round. The Red River Ordnance Depot, an ammunition storage plant now under construction west of Texarkana, adjacent to the Lone Star plant, has already been made a permanent structure.

Total contemplated cost of construction of both plants is estimated by the War Department at \$92,614,891. No figures have been given out on operation costs for the Red River Ordnance Plant.

Colonel Winston said the decision was made during his recent visit to Washington. Major John J. Breen of the ordnance department, will be the commanding officer of the plant after it is completed.

The announcement means, Colonel Winston said, that the plant will be constructed of structural steel, being changed from five-year to permanent construction.

The Lone Star Defense Corporation, which has the prime contract for the construction and operation of the plant, will be the operators for the duration of the emergency, after which a new contract will be negotiated.
